### Chapter 441 The Fight For Treasures

Bai Chen quickly learned what the fight was about in no time with his psychic power.

He saw that there was a group of ten people...no, there was only a group of seven fighting, since three were already dead.

As for those seven, they were from two different groups. Both groups had lost people as one had only four people and the other three.

“Zi Chien, you dared to hurt my people. You’re not going to die peacefully!” An angry voice sounded.

The source was a young woman in her early thirties. She was a primary earth solid cultivator. She had a well-proportioned body. Her face was beautiful. She must have been very pretty when she was in around 18 to 20.

She slashed her long sword at the thorn pendulum that was rushing towards her.

“Hahaha! You evil wench! Be mine and I’ll let you live!”

His mouth spewed filthy words as he threw his thorn pendulum at her cruelly. He was none other than Zi Chien.

Zi Chien was like a gigantic pig. His fat face had a disgusting smile. He looked at the lady’s body quite greedily. He wanted her to be between his thighs!

Clang!

The long sword continued to collide with the thorn pendulum. The sound of clashing metal filled the area.

Sparks flashed in the air with each clash.

Their weapons were medium-grade ones. That was why it was hard to settle the fight. They were also at the same level, and that was what made it even harder.

However, this fight would not be settled by them, but the two tertiary earth solid cultivators. There was a tertiary earth solid cultivator on each team.

“Not bad, Lu Zheng. You’re quite tough,” a serious voice sounded.

The source was a tertiary earth solid cultivator of the Violet Stars Trade Association named Zi Kang. He was one of the two tertiary earth solid cultivators in the association.

“Heh!” A cold exclamation sounded from an old man in cotton clothing. He was definitely Lu Zheng.

Lu Zheng did not look very well since the two men who had been killed were important people of his family.

Lu Zheng was from a medium-class city that was not far away from the graveyard. The pillars of the city were himself, a secondary earth solid cultivator, and a primary earth solid cultivator.

The other two were already dead. There was no way he would not get so angry that he wanted to kill Zi Kang right here and now.

Even so, it was not easy for him. He was actually a little bit weaker than Zi Kang.

“You better give up now, Lu Zheng. Even though you’re quite strong, you’re not fit to be my opponent.” Zi Kang slammed his palm against Lu Zheng’s. His voice was still stern.

Lu Zheng exclaimed ‘heh’ through his teeth before raising his hand up high. A gush of spirit qi appeared in the form of a beast with sharp horns.

As soon as it appeared, it immediately leapt towards Zi Kang.

Zi Kang’s face changed colour slightly. He quickly took a sword out and swung it.

A gush of spirit qi leapt out of his sword and formed into the shape of a sword. It collided with the beast.

Boom!

The sound of the collision filled in the air. The air trembled a little. Both of them backed at least ten steps away from each other.

Both of their faces were serious. They knew full well that this fight would be hard to settle. It was hard to predict who was going to be the victor.

“AGHHHH!”

At that moment, a pain-filled cry sounded.

“Zhuan!” Hearing that, Lu Zheng’s facial expression drastically changed.

He quickly turned towards the source. Not so far from him, a middle-aged man, who was a secondary earth solid cultivator, was in pain as his arm had been cut off by secondary and primary earth solid cultivators.

“Damn it!” Lu Zheng exclaimed. He was about to kill those men from the Violet Stars trade association who’d just cut his son’s arm off.

It was obvious that Lu Zhuan was his son.

Even so, Lu Zheng could not do that. Once he made a move, Zi Kang moved and blocked him.

“Your opponent is me!” Zi Kang laughed devilishly. Even though he knew that this would not be settled quickly, Lu Zheng’s men would all eventually be killed while they were fighting to stall for time anyway.

“You!” Lu Zheng felt so angry his eyes turned red. “You’re trash. We found it first and you’re fighting us to steal it!”

“What of it?” Zi Kang did not seem to care. “There’s a semi-high-grade weapon under here. Only those who are stronger will be worthy of it!”

As soon as Zi Kang’s words ended, the fight between him and Lu Zheng started again.

At that moment, there was a muttered, “I see. There’s a semi-high-grade weapon here...”

Bai Chen stepped out of a particular path in the cave and stopped in front of it.

His arrival put a halt to everything. Every pair of eyes quickly turned towards him.

“A tertiary formation cultivator?” Lu Zheng and Zi Kang’s faces were the same. They did not expect someone to come out. Even worse, he was merely a tertiary formation cultivator.

Actually, everyone looked the same. Their faces grew dim.

How could they not be that way since the reason why they’d stopped everything was just because of this formation realm cultivator?

“Trash! You dare to come here, even though you’re just a formation realm cultivator?!”

The tertiary earth solid cultivator of the Violet Stars trade association shouted and stamped his feet on the ground.

He suddenly leapt towards Bai Chen. He was holding onto his low-grade spear. He aimed for Bai Chen’s heart, hoping to kill Bai Chen in a single blow!

#### Chapter 442 You Ask For Your Death

Bai Chen narrowed his eyes a little. He did not expect that his muttering and arrival would prompt an attack like this.

Moreover, it was a cold-blooded attack. He was about to be pierced in the heart and die after a single blow!

“Such a cruel heart you have there.” Bai Chen spoke softly. He raised his finger and carelessly flicked it.

Suddenly, qi vapour that was lighter than a thread rushed towards the forehead of the attacker who was about to pierce Bai Chen’s heart with his spear.

The vapour went through his brain. In the blink of an eye, his eyes rolled back until the whites could be seen. Thick blood flowed out.

His body stopped leaping mid-air before exploding. His flesh and bones were completely crushed to the point that not even a fragment of bone could be seen!

His death was instant. It was truly pitiful!

What just happened was as if a lightning bolt had struck on a cloudless day, striking the hearts of everyone who'd witnessed the terrifying scene, including Zi Kang and Lu Zheng.

The two tertiary earth solid cultivators' faces changed colour. They were completely pale. Their bodies shook very hard. Their eyes widened until they almost popped out.

Their hearts thudded fiercely. Their lips trembled as if they wanted to say something, yet there were no words coming out of them.

It was not only Zi Kang and Lu Zheng—the rest of them were also the same.

Zi Chien, Lu Zhuan, the young woman from the Lu family, and the secondary earth solid cultivator of the Violet Stars trade association felt the same way.

Seeing flesh and blood slowly dropping onto the ground, Bai Chen sighed. "You asked for it yourself."

He looked at the rest of them and spoke calmly. "I heard that there is a semi-high-grade weapon here?"

He stopped and thought whether he should seize it from them.

Eventually, he decided not to because his goal was the semi-supreme-grade one. He could let this one go and he would not regret it. There were plenty of semi-high-grade ones in the graveyard anyway.

"Bastard! You killed my man!" Zi Chien shouted. He was furious. He could not believe that his man had been killed by a mere tertiary formation cultivator like this.

He did not think that it was Bai Chen's doing. He thought that Bai Chen must have used some defensive item and it likely was at the semi-high-grade level; otherwise, he would not have been able to kill his man like that.

Hearing Zi Chien, the rest of them were awakened from their stupors. Zi Kang's face turned green. His thought was the same as Zi Chien's.

What had happened just now had been too fast to the point that he was alarmed by it.

However, he was calm now. Yet, his face was still green.

"Lu Zheng, I'll let you go this time. Quickly run away from here before I change my mind!" Zi Kang coldly shouted at Lu Zheng.

He did this because he wanted to kill Bai Chen, who likely possessed a semi-high-grade defensive item. He knew that Bai Chen would be tough to deal with. That was why he decided to let Lu Zheng and his men go.

If Lu Zheng attacked him when he was attacking Bai Chen, it could be a problem.

Lu Zheng's face turned back to normal. He did not look at Zi Kang but rather Bai Chen before turning back and pushing himself forward. He shouted, "Zhuan, Lan Ni, let's go."

Lu Zhuan and the young woman with the long sword did not say anything. They looked at each other, then quickly followed Lu Zheng.

Lu Zheng's decision was not the right one, since Zi Kang and his men had killed two of his people and cut Lu Zhuan's arm off. He had even given up the high-grade weapon that he found.

However, he had no choice. He knew full well that only death awaited him if he continued. Bai Chen's arrival had actually helped them.

His eyes were full of rage. He stared hard and nearly unblinkingly at Bai Chen.

Bai Chen blinked several times and stepped into the cave. His eyes were fixed on the men in front of him. There were about less than twenty steps away.

His sight fell onto Zi Chien. Zi Chien's words still rang in his ears. Of course, he remembered who he was.

Zi Chien was one of the six geniuses of Xin Ye city, who had been killed by his future self. Now, he had to be killed by the same man again.

"If I'm a bastard, what about you, pig?" He spoke calmly. He did not try to provoke him. He only stated facts.

That was the truth. If Bai Chen really was a wicked man, what would a pig like Zi Chien be? He was even more malicious than Bai Chen.

"You dare to call me a pig?!?" His plump face turned red with anger. He was about to make a move with his thorn pendulum.

However, he could not do it. Zi Kang stopped him.

"Don't be so hasty. Don't you remember how our man was killed earlier?"

Zi Chien stopped short. He inhaled deeply to suppress his anger. Zi Kang was right.

If he did not think before he acted, only death would await him, just like the man earlier.

After that, Zi Kang turned to look Bai Chen in the eye. He spoke slowly. "Young man, you dared to kill my man. Hand me your defensive item and I'll let you live!"

Bai Chen could not help but laugh softly. Zi Kang's words were ridiculous. He thought that it was a waste of time to be dealing with these people since he only had seven days in this graveyard.

He thought that killing all three of them now would be the best option!

Chapter 443 Zi Chien's Death

"What are you laughing about?" Zi Kang's face grew dimmer. He was highly displeased at Bai Chen's reaction.

"Why can't I? Your words are worthy of my laughter," Bai Chen answered neutrally. He did not laugh anymore. His eyes were cold.

Bai Chen thought about killing all of them in a moment. He did not want to waste any more time.

“How dare you!” Zi Kang was like an erupting volcano. What came out of him, however, was not lava, it was rage.

Initially, he did not want to use much of his power with Bai Chen, who possessed a semi-high-grade defensive item. That was why he said that he did not want to kill Bai Chen if Bai Chen simply handed over the item to him.

After that, of course, he would kill Bai Chen immediately. He did not plan to let Bai Chen go as he’d promised.

It was obvious that he was about to use his lie to be able to kill Bai Chen easily.

However, now, no matter how much energy he had to use, he would definitely kill Bai Chen because Bai Chen dared to challenge him verbally.

“If you want to die that much, I’ll grant you that wish!” Zi Kang cried out loudly. His body suddenly erupted with all of his spirit qi. It appeared furious. Zi Chein and Zi Kan, who were standing close to him, had to step away.

Zi Kang flipped his hand. He tightened his grip on the sword. The blade shone blindingly bright, as if it was ready to drink some blood.

Suddenly, Zi Kang’s body was as if it was an arrow that was released from the bow. He leapt towards Bai Chen as fast as one tertiary earth solid cultivator could do. He reached Bai Chen within less than 10 seconds.

He was not too far from Bai Chen, so it did not take him long. Zi Kang cruelly slashed his sword like a slithering snake, aiming for Bai Chen’s neck!

For Zi Kang right now, Bai Chen was already dead. Even if Bai Chen had a semi-high-grade defensive item in his possession, he still believed that Bai Chen would not be able to make it. It was an all-out attack from a tertiary earth solid cultivator after all.

It was a shame that what he thought was completely impossible.

If Bai Chen died because of Zi Kang’s attack, Zi Kang would be world-famous since a tertiary earth solid cultivator like him could take down a sky soaring realm cultivator like Bai Chen in a single blow.

Before Zi Kang’s sword reached Bai Chen’s neck, Bai Chen stared at Zi Kang.

Suddenly, Zi Kang’s movement stopped. His face slowly showed fear. His body trembled harshly. Seconds later, his body was slowly torn into pieces. Blood splattered along with lumps of flesh that dropped onto the ground!

It was obvious that Zi Kang died while he was feeling scared. It was a pitiful death!

“E... Elder Zi Kang!”

Alarming cries from Zi Chien and Zi Kan sounded loudly, echoing in the cave.

Their faces showed only surprise and disbelief.

Not so long after that, their faces slowly showed fear. They turned their backs on Bai Chen without saying anything. They were going to run away with all their might.

Before they got to do that, the spark of life in their eyes seemed to have grown dimmer.

“N... No way.” They let out the same words.

Their bodies dropped onto the group, devoid of life!

Actually, Zi Chien was still alive. Only Zi Kan was dead.

However, it was not like he was not going to die. He was about to die in a minute.

It was because the semi-high-grade defensive item that he possessed saved him.

Zi Chieng gave it to him. It was one of the most valuable items of Violet Stars trade association. It helped him from an instant death situation.

Due to Bai Chen's qi vapour, those two had to be in this sorry state.

While they were running, Bai Chen released two silver qi strings out of his hand.

These strings pierced through their backs and hearts.

Zi Kan died first. As for Zi Chien, the semi-high-grade defensive item that he had helped him survive. It was a soft armour.

However, how could it withstand the power of a sky soaring realm cultivator?

That was why Zi Chien was about to die in any minute.

Zi Chien's heart was full of fear. This was the scariest moment that had ever occurred in his life.

“P... Please... let... me go.” Zi Chien tried very hard to speak.

He did not want to die, but hell did not seem to let him do. Zi Chien's eyes widened for a second and his breath was cut short... He was dead.

Zi Chien, one of the six geniuses of Xin Ye city, the man who would be the next generation of Violet Stars trade association, died here in this very graveyard today!

Bai Chen looked at Zi Chien's corpse for only a second. He called valuables the Zi Chien possessed to float up. He only had a small bag of gold coins and a wound-healing pill.

Bai Chen used his psychic power to see the number of coins in the bag. There was only ten thousand coins. He put it all inside his dimension ring.

His sight fell onto Zi Kang's parts. There were also a bag of gold coins and a pill. Bai Chen put everything inside the dimension ring. As for the medium-grade sword that Zi Kang was using, it had already been shattered to pieces due to his attack.

Bai Chen almost did the same as Zi Kan. He retrieved all the valuables from these people!

Chapter 444 The Fight Between Two Authorities

Three days later, inside a cave in the ancient graveyard, there was a violent fight.

It was the fight between a governor's official residence and the Tien Nan trade association.

It was unexpected that Wang Yu and his men would accidentally meet Tien Choo Yien's group three days later and fight.

Tien Choo Yien had the upper hand in this fight as there were two tertiary and three secondary earth solid cultivators in the group, including herself.

As for Wang Yu's group, he only had two tertiary and two secondary ones. Wang Yu was only a primary earth solid cultivator.

Wang Yu's face was green as he was fighting with Tien Choo Yien, who was at a stage higher than him.

Actually, he should have been killed a long time ago. However, he had a high-grade defensive item that his father, Xin Ye city's governor, had given to him before he had come in here.

Even so, Wang Yu could only defend himself. He could not counter. He would be out of strength soon.

Also, Tien Choo Yien would be able to kill him very easily!

Thinking about this, Wang Yu started to be scared.

'Fools! Quickly get rid of them and come help me!' Wang Yu screamed internally.

He wanted his men to help him out of this.

It was unfortunate that they could not help him at the moment.

This was because they were also fighting with Tien Choo Yien's men. They could not leave their posts.

"Wang Yu, today's the day you die!" Tien Choo Yien's face twisted with anger. She never forgot her three years of suffering.

She had sworn to herself that she would kill Wang Yu. Also, the chance is finally here. Today was the day she had been waiting for.

Tien Choo Yien used a long spear as her weapon. It was the only high-grade weapon in the Tien Nan trade association in Xin Ye city.

Tien Shang Hai did not hesitate to let her have it before she had come in here.

"Die!" Tien Choo Yien quickly moved her spear. The tip of the spear shone brightly. A sharp will covered the tip of the spear as she aimed it at Wang Yu's heart!

Wang Yu's face changed colour. He felt very scared. He quickly took out his golden shield to defend himself. It was a high-grade defensive item that his father gave it to him.

Clang!

The sounds of the spear and shield clashing echoed in the air. A ray of light exploded from the collision. Both of them were affected by it.

They bounced away in different directions. Tien Choo Yien slid onto the ground. She could feel pain in that hand that she'd used to hold the spear. Her beautiful face twisted.

Wang Yu was no different. No, he was actually in a worse situation than Tien Choo Yien since he screamed quite loudly.

“AGHHHH!” It was a pain-filled cry.

Wang Yu landed on his face. His face was very pale. The hand that was holding a shield was bleeding. Some of his fingers were broken.

“Young master!” Four old men in Wang Yu's group screamed alarmingly. Their faces changed colour when they saw that Wang Yu was injured.

They all wanted to help Wang Yu right now, but they could not. They were still in the middle of their fights with those men in Tien Choo Yien's group.

“Tien Peng, tell Tien Choo Yien to stop right now!” One old man screamed.

The old man named Tien Peng laughed with disdain. “Wang Shieng, don't get your hopes up. Our young mistress will kill your young master today!”

“You!” Wang Shieng was furious. He wanted to finish Tien Peng and rush over to Wang Yu.

However, he could not. Also, he was at the same level as Tien Peng, a tertiary earth solid one.

Fighting with those at the same level was difficult to settle. How could Wang Shieng not be anxious about it?

“Shieng, let's finish this and go help the young master. Kill all these animals of the Tien family!”

Another old man with the same level as him was furious. He was fighting with another tertiary earth solid cultivator from the Tien Nan trade association.

“Hmph!” Wang Shieng's face twisted. He took out his medium-grade weapon and leapt towards Tien Peng fearlessly.

Tien Peng was not scared. He also did the same. He took out his iron sword and slashed it at Wang Shieng's medium-grade weapon.

The violent fight between them had begun!

It was not only them—everyone was also having a violent fight right now.

Tien Choo Yien jumped to her feet. Her beautiful pair of eyes shone with malice. She looked at Wang Yu, who was still crying in pain and writhing about on the ground.

“Wang Yu, go to hell!” Tien Choo Yien screamed.

She gathered all of her spirit qi into this blow. It formed a ferocious wave and covered her high-grade spear.

She threw it forward, intending to pierce Wang Yu’s heart!

Wang Yu suddenly felt the danger. His facial expression changed drastically.

Without hesitation, he disregarded the pain and raised his shield up to defend himself.

However, it was too late. At that moment, the spear pierced right through his heart!

The pain that Wang Yu felt right now was too great to describe. His face was full of fear. He did not want to die. Then, his body exploded. A bloody red fog was formed. He was dead!

Chapter 445 Self-Exploding

Clang!

The spear dropped onto the ground loudly after Wang Yu exploded into a blood-coloured fog.

Wang Yu exploded because he could not withstand the blow from a high-grade weapon. Not even a single lump of flesh was left to be buried!

No one knew how angry the governor of Xin Ye city would be since Wang Yu was his only son.

Clang!

Shortly after that, Wang Yu’s shield dropped onto the ground. Tien Choo Yien’s eyes glowed the brightest. She looked quite satisfied.

Wang Yu was the man that she had been intending to kill for three years. It was only normal for her to be happy.

Swoosh!

Suddenly, Tien Choo Yien leapt towards the items. She collected both the high-grade shield and spear. They were valuable and rare.

Now that she possessed both of them, Tien Choo Yien could not control her excitement. She showed a beautiful smile.

While she was smiling, four angry screams sounded.

“Young master!”

“You wench! You killed our young master!”

“Avenge the young master!”

These cries were from the rest of Wang Yu’s group.

They appeared to have gone mad!

How could they not be? Even if they had been able to survive the graveyard, they would definitely be killed by the governor anyway. They would not be able to withstand the anger of a legendary realm cultivator.

Their eyes turned red. All of them thought that they would drag the Tien Nan trade association to hell with them too since they had to die anyway!

Without hesitation, all four of them immediately used all of their spirit qi and burnt their cores.

They all knew that they could not escape death. That was why they did not care anymore. They only wanted to kill all five people from the Tien Nan trade association!

Tien Peng and the rest of group did not look so well. Their hearts were heavy, seeing the sudden change in Wang Chieng and his men.

However, they did not flee. They gave everything they had to the fight.

The fight grew even more violent than earlier. Everyone was injured. Blood splattered everywhere.

Tien Choo Yien watched the fight. Her happy face was now twisted. She let out a battle cry and helped her men to fight.

“AGHHHH!”

The fight continued for a long time. Eventually, a pain-filled cry sounded. The Tien Nan trade association’s secondary earth solid cultivator had been killed!

The rest of them were covered with wounds, including Tien Choo Yien. However, she was the less wounded one since she possessed a high-grade defensive item. It was the shield that she had just gotten from Wang Yu.

“Uncle Peng, I think we should leave. We’re wasting our time fighting with these madmen,” Tien Choo Yien shouted at Tien Peng. Her face did not look very well.

Even though she had a high-grade weapon and defensive item, it was hard for her to take down Wang Chieng and the rest of his men who were giving their cores away.

She could not use the items to their full potential. She sacrificed a great deal of spirit qi to them.

Her spirit qi had almost been used up since when she’d used the spear with Wang Yu.

“All right.” Tien Peng thought that Tien Choo Yien was right. He was about to inform the others.

However, before that, another one of his men was murdered. He was a secondary earth solid cultivator.

“Damn it!” Tien Peng and the old man from the Tien Nan trade association exclaimed almost at the same time.

After that, they let out their battle cry and leapt towards Wang Chieng. They wanted to kill him.

It was obvious that Tien Peng did not think about fleeing anymore. He could only feel rage!

“Uncle Peng!” Tien Choo Yien shouted agitatedly, but she could not stop him. She finally sighed and decided to help them fight again.

At that moment, her facial expression changed drastically. It was one of fear and her face was pale.

“Uncle Peng and Uncle Xong, retreat!” Tien Choo Yien screamed.

The faces of Tien Peng and the old man called ‘Uncle Xong’ changed colour.

Their angry faces turned very pale. Fear started to creep into their hearts.

“Wang Chieng, you’re crazy!” Tien Peng shouted. His spirit qi was frantic.

“Hahaha!” Wang Chieng let out crazed laughter.

All of them ran towards Tien Peng and Uncle Xong and exploded!

A spirit qi that was powerful enough to murder those within the range gushed out. It crushed both Tien Peng and the old man Xong until their bodies turned into lumps of blood!

Both of them died before they could not even let out a cry!

They were pitiful deaths. They died because of the people from the governor’s official residence blowing themselves up.

If Wang Chieng and the rest of them had not sacrificed themselves like that, it would have been hard for them to take down Tien Peng and the old man Xong. Burning their cores resulted in the draining of their lives.

That was why it was only normal for Wang Chieng and his men to explode himself to drag those two to hell with them.

“T... This can’t be real!”

Looking at what had just happened, Tien Choo Yien’s heart ached. Her body trembled harshly. She was full of grief.

She did not expect all the elders who came with her would give up their lives here. Moreover, they had been taken down by the disgusting Wangs.

“Wang Wu Yun!” Tien Choo Yien could not help but cry out with rage.

Wang Wu Yun was the name of none other than Xin Ye city’s governor, a legendary realm cultivator!

Chapter 446 Jin Huang Tien

“Is this a genius of the Dawn sect? Not worthy.” A voice that was calm though full of disdain sounded. It filled the cave.

It was one of the caves within the ancient graveyard.

A young man in gold was a handsome one. His eyebrows were as sharp as a sword. He was likely not more than twenty-five years old. He was the source of the voice.

He stood in the middle of the cave, looking poised and superior. He was holding a sharp blood-stained sword in his left hand. Blood dropped from the blade onto the ground, creating a soft dripping noise.

It was obvious that this sword had just drunk some fresh bleed. In his right hand, there was a man's head!

The face on the head revealed that it was Foo Shan Dao!

Foo Shan Dao was the son of Foo Shang Kun. It was unexpected that he would die by the hand of this young man. His face when he died was full of fear.

“So weak!” The young man in gold exclaimed through his teeth arrogantly. He threw the head away carelessly.

Thud!

Foo Shan Dao's head dropped onto the ground, making a slight noise.

Around where the young man was standing, there were nine other heads. There was a total of ten heads here.

Every single one of them had been cut off from the body. Their bodies were scattered around the area.

The owner of each head, including Foo Shan Dao, was actually at a rather high level. There were three tertiary, five secondary, and two primary earth solid cultivators!

It was enough to indicate how frightening this young man in gold was, to be able to kill all of them by himself.

“The ancient graveyard was actually a rather pathetic place. It was not even worthy enough for me, this Jin Huang Tien, to set foot in!” Jin Huang Tien shook his head and spoke very arrogantly. “It seems like I made the wrong decision. I shouldn't have been interested in this lowly graveyard.”

It was obvious that he was very disappointed.

Jin Huang Tien—this name was nothing to the four big cities. Yet, he was very well-known in Wu Zhou city.

p Jin Huang Tien was from Wu Zhou city. He was from a powerful sect named the Gold sect. It was one of the seven core authorities in Wu Zhou city.

The authorities in Wu Zhou city were divided into three sects, two families, one temple, and one royal family.

Jin Huang Tien had been practicing his techniques when he heard an interesting news.

The news was obviously of the ancient graveyard. He struggled a little to come here.

It was very far away from Wu Zhou city. Even though he had a high-grade weapon that he'd used to fly here, it had taken him three months.

Then, he looked for a man with a seal. He'd killed that man and stolen it.

When the graveyard opened, he got inside and met two groups of cultivators on his third day here, which was today. One of groups was Foo Shan Dao's

Jin Huang Tien did not hesitate to kill!

He did not want anything from them. He merely wanted to kill!

"I wonder how a sky soaring realm cultivator like Foo Shang Kun will react when he finds out that his son died because of me." Jin Huang Tien laughed arrogantly.

He believed that Foo Shang Kun would never dare to do anything to him anyway.

The reason was simple. That was because he was from the Gold sect, one of the authorities of Wu Zhou city.

Moreover, he was also a number one genius of the sect. He reached a tertiary earth solid level at the age of less than twenty-five years old!

Jin Huang Tien glanced at the corpses carelessly for the last time before putting the sword back inside the dimension ring on his finger.

Since he was from a powerful sect in Wu Zhou city, it was only normal for him to own a ring.

"I'll look around again. There are still 4 days left here." Jin Huang Tien decided to explore the graveyard again.

This was even though it was only a lowly place for him.

Jin Huang Tien chose a path that he thought was the right one and continued to walk.

At that moment, he sensed that a man was about to show up on one of the paths behind him.

Jin Huang Tien could not help but frown. He slowly turned back to find a man in a plain white outfit, aged not more than twenty years old. It was none other than Bai Chen.

"Tertiary formation level?" Jin Huang Tien muttered softly.

His eyes narrowed until they formed a straight line. He did not expect a tertiary formation cultivator to come into the ancient graveyard.

Bai Chen raised his brows. He stopped walking at the spot the corpses were. He could not help but mutter, "Such cruelty."

Every corpse was beheaded. It was truly cruel!

Bai Chen looked at the young man in gold who was also looking at him.

He recalled immediately who that was. His face grew dim. "Jin Huang Tien!"

He knew who Jin Huang Tien was. He was one of the cruelest men that he had ever met. From the memories of the future he'd received, Jin Huang Tien had chased after and tried to kill his future self just for fun.

Yes, this Jin Huang Tien was a truly malicious man. When he found someone weaker than him, he would not hesitate to kill for his own entertainment.

It was good that his future self had eventually been able to flee, otherwise he would have been dead!

Bai Chen always got his revenge. His future self had come back for Jin Huang Tien when he had become stronger.

He could still see Jin Huang Tien begging for his life in his memories. His future self had been merciless. He had taken Jin Huang Tien's life without hesitation.

Bai Chen did not expect that he would meet Jin Huang Tien here. It seemed like history had all been rewritten. Nothing was the same anymore!

#### Chapter 447 Vile And Cruel

"You know me?" Jin Huang Tien's face showed clear surprise. He did not expect that a small formation cultivator would know him.

He was not sure if he had mistaken things, but he was also certain that he'd heard Bai Chen called his name.

Bai Chen went quiet for a little while. He did not answer right away. Eventually, he nodded. "Jin Huang Tien, the number one genius of the Gold sect. One of the vilest and cruelest men."

"Why don't you say that again?" Jin Huang Tien's face grew dimmer. A vein popped up on his forehead.

Both of his eyes glowed with an intent to kill. He felt angry. He did not expect that anyone would dare to say to his face that he was vile.

The cruel part was acceptable to him, since he was actually cruel. He liked to attack those who were weaker than him, just like he was slaughtering livestock.

Also, the man who just said that to him was only a tertiary formation cultivator.

From the looks of him, Bai Chen could not be more than twenty years old. Reaching this level at this age was already considered a genius move.

However, he could only be a genius for the four big cities. He would not fit the word 'genius' if he lived in Wu Zhou city. He would only be average.

That was why Jin Huang Tien was so angry that he wanted to kill Bai Chen.

He had always been a cruel man. He would not hesitate to kill a tertiary formation cultivator who'd made him mad.

“Say that again?” Bai Chen’s face was back to normal. He looked Jin Huang Tien in the eye without twitching. “I said that you’re vile and cruel. What did I say wrong?”

“Good! Very good!” It seemed as if rage had exploded in his heart. Jin Huang Tien’s eyes shone. “You seem to be asking for death.”

His voice was cold. He let out a killing aura.

p Bai Chen was calm. It was hard for him not to kill when he had the chance to meet a vile man like Jin Huang Tien, even though he was from the Gold sect that was ruled by a divine realm cultivator!

“Why are you so quiet? Where did your smart mouth go?”

Seeing Bai Chen quiet, Jin Huang Tien shouted. He thought that perhaps Bai Chen was scared.

“The one with a smart mouth is you,” Bai Chen spoke coldly through his teeth.

He was a sky soaring realm cultivator, so of course, he did not see Jin Huang Tien as his equal.

If Bai Chen wanted Jin Huang Tien to die now, that would be what would happen. He would never survive, even with his high-grade defensive item.

“You’re asking for trouble!” It seemed like he could not take it anymore. Jin Huang Tien shouted loudly. His golden spirit qi gushed out of his body. The air around him vibrated slightly.

He stamped his foot on the ground, launching himself towards Bai Chen.

Even though he did not use all of his speed, he was still very fast. He thought that this was enough to be considered an honour for Bai Chen.

He only thought that Bai Chen was like a tiny ant.

“You’re just a tiny ant yet you dare to challenge me. Only death awaits you.” He spoke coldly.

His fist that was covered with his golden spirit qi was pulled back. He turned a little bit to the side before throwing the terrifying punch at Bai Chen’s face!

If Bai Chen was really a tertiary formation cultivator and had to face with this punch, his head would be crushed to liquid!

However, this was different. How could a punch from a tertiary earth solid cultivator hurt him?

He blinked several times to focus on Jin Huang Tien’s fist. The movement was very slow for him. It was surely the difference between an earth solid and a sky soaring level.

Bai Chen’s face started to get colder. He had decided to kill Jin Huang Tien. He slowly raised his hand up and tensed it as if it was a sharp blade. Then, he pushed it into Jin Hunag Tien’s heart.

His movement was very fast. The blow was enough to kill Jin Huang Tien!

However, there was an unexpected event. At the moment Bai Chen was tensing up his hand, a golden ray of light shone so brightly from his dimension ring.

Bai Chen narrowed his eyes. He did not pull his hand back.

Clang!

The noise of metal clashing sounded. A golden barrier appeared between Bai Chen and Jin Huang Tien.

As soon as it appeared, Jin Hunag Tien bounced back. He dropped back down onto the ground quite a far distance from where he was.

Bai Chen looked at Jin Hunag Tien through the barrier, then at his hand. He touched the barrier. He did not feel pain or anything else.

“A high-grade defensive item...” Bai Chen muttered softly. After that, the golden barrier faded away.

Once it was gone, a round, golden diamond appeared. It drifted over and stopped in front of Jin Huang Tien.

Jin Huang Tien’s face was pale and confused. He did not understand what was happening.

Suddenly, he realised something. He raised his head up not at Bai Chen, but at the diamond.

‘The gold diamond was activated. That means...’ Jin Huang Tien trembled violently. His face changed colour. His eyes seemed nervous and fearful.

“A... A sky soaring realm cultivator!” He struggled to say the words. He looked at Bai Chen.

The reason why he thought so was because the gold diamond would not be activated on its own to protect him like this if he was not dealing with a sky soaring realm cultivator!

#### Chapter 448 An Arrogant Threat

At this time, other than fear, Jin Huang Tien did not feel anything else. He inhaled deeply to suppress his fright. Then, he slowly stood up.

His body trembled a little. Of course, it was because of fear.

Jin Huang Tien was quite scared. He tried very hard to suppress it, yet he still felt it.

Fear shook his heart every time he looked at Bai Chen. He did not understand how Bai Chen could become a sky soaring realm cultivator in just a split second.

Shortly after that, Jin Huang Tien’s eyes widened. He’d finally realised something. He realised that Bai Chen was using a technique to conceal his true power. That was why he had only been able to sense that Bai Chen a mere formation cultivator.

It was exceedingly easy for a sky soaring realm cultivator to conceal his true power from an earth solid one.

It might seem like they were only a step apart, but truthfully, the earth solid and sky soaring realm were actually very far apart like heaven and hell!

If Jin Huang Tien did not possess that gold diamond, a high-grade defensive item, he would have already been killed by Bai Chen's blow just now.

‘This... This man. He is like those two men from the Wu dynasty and Dark Flames temple. He is more than a genius. He could reach the sky soaring realm at an age of less than twenty years old!’

Jin Huang Tien thought this. His facial expression changed back and forth.

It was obvious that Bai Chen was not the first man who'd reached the sky soaring realm at this age that he'd met. He had seen two of them. They were from the Dark Flames temple and the Wu family—the Wu family that was backed by a salvation realm cultivator!

Jin Huang Tien's eyes rolled back and forth. He could not figure out where Bai Chen had come from.

‘Maybe he's from another territory!’

That was the only thing that he could think of. Bai Chen had never appeared anywhere before, and now he was here. He could not help but think so.

‘Which territory is it, though?’

There were four territories in the celestial qi region: the Wu Zhou, Xuan Zhou, Ping Zhou, and Long Zhou territories.

To be honest, he had no clue which territory Bai Chen had come from.

However, he knew full well that this was not the time to think about this since he was facing death. From Bai Chen's movement just now, he knew that Bai Chen intended to kill.

Jin Huang Tien inhaled deeply. He tried hard not to be scared this time, unlike earlier.

No, he did not try to not be scared... He thought about it and there was no reason for him to be scared.

The reason was because he was the number one genius of the Gold sect.

With that reason, Jin Huang Tien believed that Bai Chen would not dare to kill him because it would mean a challenge to the sect as well.

Then, Bai Chen would be hunted by the legendary realm cultivator of the sect. He did not believe for one instant that Bai Chen was not afraid of dying.

‘I didn't expect you to be a sky soaring one.’ Jin Huang Tien was not scared of Bai Chen anymore. His face suddenly showed arrogance. ‘You were trying to kill me just now, right?’

Bai Chen did not fret. Judging from the look on the other party's face, he knew what he was thinking. He could not help but shake his head.

For him, even if Jin Huang Tien was from the Wu dynasty with a salvation realm cultivator backing him up, he would still kill him without hesitation!

“What if I was?” Bai Chen spoke coldly through his teeth. He was always merciless towards his enemies.

Jin Huang Tien looked Bai Chen in the eye, fearless.

“Do you know who I am?” He asked.

“Ah. Judging from how you called my name earlier, of course, you know me.” Jin Huang Tien laughed. “If so, and you still want to kill me, be prepared to be killed by the elder of the Gold sect yourself!”

“I think you’d better kneel and beg for my forgiveness, otherwise your life will be on the line, even if you’re a sky soaring realm cultivator!”

It was obvious that Jin Huang Tien was threatening him. He was arrogant. It was as if he did not see Bai Chen, a sky soaring realm cultivator, as his opponent at all.

Bai Chen was provoked. His eyes shone coldly. He did not say anything more. He merely wanted to kill Jin Huang Tien right now.

What Jin Huang Tien was doing was no different than demanding his death—and he would definitely grant that.

Other people would be scared of who Jin Huang Tien was. However, it was a shame that this was Bai Chen that he was dealing with.

Bai Chen flicked his hand once and his killing aura and silver qi vapour gushed out of his body. The vapour formed into a sword.

“Go!” Bai Chen said softly and the vapour sword leapt towards Jin Huang Tien.

Seeing that, Jin Huang Tien’s heart dropped. His face changed colour. The fear rushed back to him. Even in a dream, he did not expect Bai Chen to dare to attack him!

“How dare you!” He shouted.

“You asked for death yourself. Why would I not dare? Let me send you to your death!”

Bai Chen grabbed the air in front of him and the vapour sword was raised before it was slashed into the middle of Jin Huang Tien’s head!

“You... You won’t die peacefully!” Jin Huang Tien growled angrily. He was a fool and also quite scared.

At the very least, he was considered one of the geniuses. He did not stand still and wait for his death. He started to let all of his spirit qi flow into the gold diamond.

The golden barrier appeared once again. It was even larger than the last time.

Boom!

The vapour sword hit the golden barrier so hard that it created an explosion!

The explosion caused the air around them to shatter. The atmosphere was terrifyingly distorted!

#### Chapter 449 Kill Jin Huang Tien

White smoke covered everything inside the cave after the explosion. Nothing could be seen.

Crash!

Suddenly, a noise like that of shattering glass sounded.

Of course, it was not glass. It was the golden barrier!

The golden barrier was shattered. At the same time, Bai Chen's vapour sword vanished. It was obvious that they had mutually destroyed each other.

“Th... This is impossible! This is impossible! Absolutely impossible!”

As the white smoke faded enough until things could be made out in the cave, it was as if Jin Huang Tien had gone mad. He shouted the word ‘impossible’ repeatedly and backed away.

He did not want to believe even one bit that the golden barrier created by the gold diamond to protect him could be destroyed. It had been shattered. The sound still rang in his eyes.

‘T... The number one high-grade defensive item was destroyed in a single hit!’  
Jin Huang Tien was greatly alarmed right now.

The gold diamond, a high-grade defensive item that he'd brought with him, was gone along with the golden barrier.

Suddenly, urine ran down Jin Huang Tien's legs. He was so scared that he'd wet himself!

If other cultivators from Wu Zhou city saw this, no one knew how the Gold sect would maintain its fame.

“E... Elder, please don't be angry. I'm willing to be punished for what I've done. Please let me live!”

At the moment, Jin Huang Tien no longer had any of the poise and elegance of the Gold sect's genius. He only felt fear.

Jin Huang Tien knelt and banged his head against the ground so hard that his head was wounded and bled. It was as if he was hit by a blunt object.

Jin Huang Tien could only grit his teeth. He did not even care anymore about the pain. It was nothing compared to his life.

If he lived, he would report this pitiful event to the sect immediately.

Then, the sect would definitely send a great many sky soaring realm cultivators or only one legendary one to go hunt Bai Chen down.

The Gold sect was one of the two strongest sects in Wu Zhou city. How could it not take any action over this? Especially when someone dared to humiliate its number one genius.

Jin Huang Tien thought this.

Bai Chen did not move an inch. He looked at Jin Huang Tien coldly.

Even with Jin Huang Tien kneeling and begging for his life, he did not plan to grant him mercy since Jin Huang Tien had hunted his future self before.

Looking at Jin Huang Tien was like also seeing the image of Jin Huang Tien as his future self had seen him.

“Even though you’re doing this, I won’t let a vile person like you go anywhere!” Bai Chen spoke coldly. His voice was full of an intent to kill.

“W... What?!?” Jin Huang Tien’s heart trembled with fear that he had never felt before.

He thought that kneeling and begging would work.

However, it was not like that at all!

“D...Don’t anger me too much!”

Either because of fear or anger, Jin Huang Tien suddenly shouted out.

At the same time, he slapped his hands onto the ground and pushed himself up. His eyes turned red and stared at Bai Chen.

“You think you’re strong? Why don’t you wait for me to become a sky soaring realm cultivator and fight then? Do you dare to?!?”

“Even if you were a sky soaring realm cultivator, you wouldn’t be able to touch me.” Bai Chen’s face was calm. He was not confident, but he truly had that power.

He had already completed the eternal truth of time. Killing a sky soaring realm cultivator was not difficult at all. Hao Kuang was a great example of that. He could kill even a tertiary sky soaring cultivator.

There were only legendary realm cultivators and above that he could not kill right now. However, he should be able to hurt them.

“How can you be so sure?!?” Jin Huang Tien was furious. He shouted loudly. What Bai Chen had just said was no different than insulting him.

He was very confident that he could fight and gain victory over—or even kill—Bai Chen if he were at the same level as him.

Bai Chen could only shake his head. He did not want to talk with Jin Huang Tien anymore. He raised his hand, ready to kill.

Seeing that, Jin Huang Tien's eyes turned even redder.

He was in a complete state of madness. He did not even fret at seeing that Bai Chen was about to kill him. He had gone crazy.

"Is this really a sky soaring realm cultivator? So weak. You only kill those who are weaker than you!" Jin Huang Tien pointed at Bai Chen and shouted.

Bai Chen waved his hand slowly. He gave Jin Huang Tien a bored look. He really wanted Jin Huang Tien to look at himself, too.

After that, the air around Jin Huang Tien started to squeeze him. He was crushed violently by it!

"AGHHHH!" Jin Huang Tien cried out in pain. The fear crept into his heart again.

At the same time, his body has become a flat lump of meat. Then, it exploded into a vapour of crimson blood!

#### Chapter 450 Come At Any Time

Seeing the vapour of blood in the air and smelling the strong pungent scent of blood, Bai Chen could not help but shake his head before he continued walking to his destination, where the body of Zhi Hua Tien, the salvation realm cultivator, was.

It was only shortly after that that he stopped walking. His eyes narrowed and stared in a specific direction.

It was where Jin Huang Tien was before he'd exploded. The air that should have been empty suddenly erupted into a golden ray of light. It was so bright that Bai Chen had to raise his hand to cover his eyes against the glaring light.

Once the light faded, a translucent figure appeared. He was a bald old man with a rather ugly face. He was wearing golden clothes. He looked poised and powerful, unlike his slightly ugly face.

'Jin Hu!' Bai Chen secretly exclaimed. He knew who this figure was.

He was none other than Jin Huang Tien's grandfather, one of the two deputy sect lords of the Gold sect. He was a formidable cultivator, a tertiary legendary cultivator who was very close to the divine realm!

Then, Bai Chen realised that something like this had also happened when his future self had killed Jin Huang Tien.

The old man Jin Hu, the legendary realm cultivator, had implanted a part of his mind into Jin Huang Tien's body.

When Jin Huang Tien died, that part of his mind would form a translucent figure of himself.

Jin Hu did this in order to know how Jin Huang Tien died.

In case he was killed, he would know right away who had killed him. He would be able to avenge his grandson if he knew who had killed him.

“Huang Tien!” As soon as he appeared, the old man Jin Hu shouted loudly. His face was full of grief because Jin Huang Tien was his one and only grandson whom he was very proud of.

How could he not be proud? Jin Huang Tien was the number one genius of the Gold sect, even though it was him who’d secretly pushed Jin Huang Tien up to that position.

“Who killed my grandson?!?”

His loud shout was full of grief and madness. The air around him was distorted.

Bai Chen was not affected by the distortion. He only stared at Jin Hu’s translucent body and spoke in a neutral tone. “It was me.”

He was not scared of Jin Hu. He knew that Jin Hu was not really there. He was very far away.

“How dare you?” Jin Hu had gone mad. He turned his crimson eyes to look at Bai Chen. “You animal! I’ll crush you with my own hands and sacrifice you to my grandson’s spirit!”

“You can come at any time!” Bai Chen smiled coldly at Jin Hu.

Jin Hu growled very loudly, as if he was a vicious wild beast. His face showed utmost anger. He wanted to kill Bai Chen right now.

However, it was a shame that this was not his real body. It was only a part of his mind.

In a short while, Jin Hu’s translucent figure vanished. The air turned back to normal.

Bai Chen stood still. He thought to himself:

‘It seems like I have to be stronger, otherwise I wouldn’t be able to fight Jin Hu on equal footing.’

It was obvious that he did not think that he would have been able to fight Jin Hu on equal footing, even though he’d told him that he could ‘come at any time’.

“Whatever. I’ll think about that later. Right now, I should rush to the centre of this graveyard where the body of Zhi Hua Tien, the Salvationist, was.” Bai Chen shook his head before continuing forward. He chose the path in front of him.

.....

Boom!

A hand slammed onto a stone desk. The desk was crushed. Small rocks scattered about.

“AGHHHH!” A pain-filled cry sounded. It was not a physical pain, but a mental one.

“That bastard who killed my Huang Tien—I’ll never let you live!”

His angry cry echoed out in every direction. The source of the voice was none other than Jin Hu, one of the two deputy sect lords of the Gold sect and Jin Huang Tien's grandfather.

His breath was rapid with the rage that he could not possibly control. His face looked terrifying.

A thread of a golden will gushed out of his body. The air was distorted as it moved through it. Nothing could withstand the power of this will.

"Lao Jin, what's wrong?" At that moment, a middle-aged man appeared in the sky.

He was standing on thin air. He frowned and looked at Jin Hu on the ground.

The middle-aged man was named Zhang Xong; he was another deputy sect lord of the Gold sect. Compared to Jin Hu, he was a lot stronger. He had already set one foot into the divine realm!

Jin Hu was still in a rage. He raised his face to look at Zhang Xong and cried his lungs out as if he had gone mad. "Huang Tien's dead!"

"What?!?" Suddenly, Zhang Xong's facial expression changed drastically. His eyes almost popped out of their socket. Then, they glowed golden. "Is that true?"

"It's true!" Jin Hu growled angrily. His body wavered like a wind and rushed in front of Zhang Xong. "Lao Zhang, please report to the lord for me. I'll go there to fetch the head of the man who killed Huang Tien. Revenge must be achieved with blood!"

Zhang Xong nodded in agreement. "Go. Kill the man who took our number one genius!"

Jin Hu did not say anything more. His body faded into a golden light and rushed towards the ancient graveyard.

Zhang Xong's gaze followed him. His face turned ugly and terrifying. His eyes were extremely cold, like ice. He muttered coldly, "I never expected anyone to dare to kill the number one genius of the Gold sect!"
