

Life Changing 461

Chapter 461 Taking Revenge

“D...Don't tell me the person who killed Jin Huang Tien also killed Lao Jin?!?”

The rest of the elders' facial expressions changed. They were alarmed. Their faces had been changing a great many times in such a short period.

“Huang Tien is dead?” The face of the lord of the sect, Huang Jin Fen, was quite unpleasant. He looked at Zhang Xong in disbelief.

Zhang Xong inhaled deeply to suppress his emotions. His hands could not stop shaking. He nodded once. “Please allow me to report this frankly. Several days ago, Lao Jin sensed Jin Huang Tien's death.”

“Somebody must have gotten to him. Lao Jin was in rage because he was his proud grandson. So, he went out to avenge his grandson.” Zhang Xong looked at Huang Jin Fen.

“Before he left, Lao Jin told me to report to you. However, because you had been in a practice lockdown and did not wish to be disturbed, I never had a chance to do it.”

Hearing that, Huang Jin Fen went quiet. His facial expression seemed blank and empty.

Not only him, but the first elder, Zhen Kong, and the rest of them were also the same.

They all had the same look as the lord of the Gold sect, Huang Jin Fen.

Zhang Xong sighed when he saw everyone's reaction.

Suddenly, rage started to creep into his heart. Losing the number one genius of the sect was already more than enough.

However, Jin Hu, one of the two deputy sect lords, had also died. This was a great loss for the Gold sect!

This would make the Gold sect much weaker!

Zhang Xong's face suddenly turned malicious and full of vengeance. He let out his killing aura. Everyone in the hall was stimulated by the change and turned to him.

Zhang Xong looked around the hall and spoke coldly.

“Both of them were important to us. Will we just let the murderer go without doing anything?”

“No way!” Once he finished, a great many cold voices intertwined in agreement.

Huang Jin Fen and all eleven elders in the room suddenly looked vicious. They emitted their killing aura. Their faces showed a great deal of rage.

There were people who were at sky soaring to divine realm in this room. Their killing aura was not ordinary. The air was suddenly chilled.

It was as if this room was located in a field of ice.

“Revenge must be taken!”

“Blood for blood!”

“No matter who he is, he will die!”

“Kill him! And kill all of his family member!”

Their voices sounded loudly. They were all full of vengeance.

Then, Zhang Xong interrupted. His words were like cold water being splashed onto everyone’s heart.

“He could kill Lao Jin—that means he’s strong. He may be a divine realm cultivator!”

Zhang Xong could not help but feel intimidated by his own thought. The rest of the elders went silent. Their faces changed colour.

“W...What should we do? Just let it go?” One of the elders asked. He was an old man with a square face. His name was Zhen Lue. He was also the younger brother of Zhen Kong, the highest elder of the sect.

He was the only legendary realm cultivator among the ten elders.

The highest elder Zhen Kong was not included in that number. Zhen Lue was lower in ranking to only the lord, the deputy sect lord, and the highest elder.

“Let it go?” Huang Jin Fen’s face showed the utmost anger. He laughed coldly. “I won’t let him go. Even if he’s a divine realm cultivator, I’ll kill him with my own hands!”

At the moment, it seemed like Huang Jin Fen had returned to his normal self. That was why he could be this icily calm and cruel.

“Our almighty sect lord!” The highest elder spoke with a serious tone.

Hearing that, the rest of them quickly followed with the same phrase: ‘Our almighty sect lord!’

Zhang Xong was the only one who did not say it. He was quiet. He frowned as if he was thinking about something. His face looked quite serious.

“Zhang Xong, what are you thinking? Are you doubting me?”

Seeing that, Huang Jin Fen could not help but ask this.

Zhang Xong quickly raised his head and shook it. "It's not as though I am doubting you, my lord. I just think that the man could kill even Lao Jin. We should not underestimate him. I think it's time for us to summon the golden sky-crushing axe!"

"What?!?" The elders were surprised at Zhang Xong's idea.

What they were surprised about was the last part. The 'golden sky-crushing axe' was none other than a guardian weapon that had been with the Gold sect for a long time. It was a supreme-grade weapon with a mind of its own!

Comparing its strength with that of a divine realm cultivator, the axe was a level stronger. The axe's power was at the same level as the salvation level!

However, it was only at a primary salvation level and not even close to the secondary stage. However, a supreme-grade weapon with a mind of its own was very rare.

They were a lot stronger than those without a mind.

It was obvious that not every supreme-grade weapon had its own mind.

Due to the axe, the Gold sect had become one of the three strongest sects until now.

Huang Jin Fen, the lord of the Gold sect, thought about it for a bit before he opened his mouth and replied, "Good!"

Chapter 462 Three Years Later

"Zhang Xong's idea is correct. I'll summon the golden sky-crushing axe and invite him to slay the man who kill Jin Hu!" Huang Jin Fen concluded. His words were quite heavy, like a big mountain.

Zhang Xong nodded with satisfaction. Even though he was angry with the man who'd killed Jin Hu, he did not rush it. This showed how calm he could be.

Being calm and collected at all times was a lot better than those who always rushed things.

The highest elder Zhen Kong, elder Zhen Lue, and the others also nodded.

Even though they all felt angry towards the man who killed Jin Hu that they wanted to kill him with their own hands, they knew full well that they did not have the power to do that. It could not be helped that they could only feel rage.

"The meeting is adjourned. Go back to your place. I'll be back before you know it." Huang Jin Fen said and stood up.

He put Jin Hu's shattered life jade into his dimension ring. It could tell him where Jin Hu's last location was.

Once he was done, Huang Jin Fen walked out of the hall. However, before that, he did not forget to tell his men.

"I hope you knew that Jin Hu's death should be kept secret to the outsiders."

“We’ll never let it slip. You can rest assured of that.” Zhang Xong was the representative of the elders. He confirmed this with a serious voice.

All of the eleven elders nodded. They would not be telling outsiders about this.

It would be no different than announcing their own weakness. Only a fool would do that.

Hearing that, Huang Jin Fen walked out the door. The room went silent before Zhang Xong started the conversation with the others again.

.....

In the centre of the ancient graveyard where Zhi Hua Tien’s coffin lied, a young man with long hair were sitting there not so far from the coffin. He dressed in white. His clothes were quite old and torn in some places.

The young man was meditating. A faint silver spirit qi surrounded him.

Suddenly, the young man slowly opened his eyes. A string of silver light shone in his eyes. It was such a beautiful sight.

“Three years have passed very quickly,” the young man muttered to himself.

He was none other than Bai Chen. It was obvious that he had been meditating here after getting rid of Zhi Hua Tien’s spirit shadow for three years!

For Bai Chen, he had gotten much stronger within this period of time. He was now a secondary sky soaring cultivator who was almost at the tertiary stage!

Bai Chen’s strength had been upgraded by leaps and bounds. Only geniuses could be at his level within three years.

It was not only Bai Chen’s level that had increased, but he had also completed the third level of the eternal truth of time!

With that, he could stop time for as much as one minute!

Bai Chen could change a great many things in a minute, in case he had to face stronger cultivators in the future.

The eternal truth of time was Bai Chen’s trump card now until forever!

“It’s been over four years that I lived in the celestial world and participated in the war of the system owners,” Bai Chen muttered and stood up.

His long hair annoyed him, yet it could not be helped. He had been meditating for three years and had never been anywhere anyway.

Moreover, he was still in the same clothes. The outfit was old and dirty. Some parts were also torn.

Of course, Bai Chen would never let himself look so bad. He planned to clean himself up once he had gotten out of the ancient graveyard.

‘Wu Fan, it’s time for me to take your life!’ Bai Chen had this terrifying idea. His eyes let out a moment of his killing aura.

He already had a plan. He would first leave here and then go to Xin Ye city.

He wanted to kill Hua Yien Guang first!

Hua Yien Guang had tried to hunt him down before. He wanted to take his revenge now that he had this much power.

When he finished the job, Bai Chen would go to Wu Zhou city next, since Wu Fan was there!

Bai Chen stood still for a short while before taking a single step forward. With only that single step, his body became a silver ray and vanished.

Minutes later, Bai Chen appeared in front of the ancient graveyard. He swept his eyes around the area to see if there was any change from three years ago.

Then, Bai Chen halted. His eyes narrowed.

“Who did this? Why is he so cruel?!?” He could not help but exclaim. He saw skeletons of those who were cut into pieces. There were a great many of them scattering around.

He thought that these people should have been dead for 2 to 3 years because there was nothing left but bones.

Bai Chen sighed and shook his head. The cultivator world was surely a cruel one.

He stopped thinking about this because it did not concern him anyway. He did not care who had done it.

Bai Chen stepped up into the sky. He stopped for a second to see which direction Xin Ye city was before leaping towards it.

His destination was the Blazing Flames sect, the one and only large sect in Xin Ye city!

Chapter 463 The Coup Plan (1)

p Hundreds of metres above the ground, a silver light that blinked continuously. The silver light was moving fast towards one direction.

A lot of cultivators saw the light. Their faces immediately showed both respect and fear. They all knew that the light in the sky was actually a strong cultivator.

They thought that he would be at least at a sky soaring level.

It would be too hard for them not to be respectful and scared at the same time.

That silver light that was leaping across the sky was none other than Bai Chen.

Bai Chen’s face was calm. He had already cleaned up his appearance.

He did not look down. He was looking forward. His destination was Xin Ye city. He would be there to kill Hua Yien Guang.

Among those from the authorities in Xin Ye city, only Hua Yien Guang from the Blazing Flames sect who tried to hunt him down for the seal of the ancient graveyard.

At that moment, Bai Chen did not have enough power to kill Hua Yien Guang. It was different now. He was already a secondary sky soaring cultivator. He could kill Hua Yien Guang easily!

It was obvious how much Bai Chen wanted to take his revenge since he had chosen to come here for Hua Yien Guang first.

If he owed someone, he would definitely repay the debt. If it was vengeance, of course, he would also repay it!

.....

There were many big changes to Xin Ye city, one of the four biggest cities in Wu Zhou territory, during this span of time.

There used to be six authorities, but now there were only four left: the Tien Nan trade association, the Song family, the Lei family, and the Blazing Flames sect.

As for Violet Stars trade association and the governor's official residence were finished. Without the lords, the rest of the authorities joined hands and took them down!

That was actually a major civil war. There were a lot of casualties.

It was a shame that the four authorities did not receive anything from the raid.

This was because the Deity Warfare sect, one of the three strongest sects in Wu Zhou territory, sent its legendary realm cultivator to rule Xin Ye city.

The four authorities did not like what the Deity Warfare sect was doing. However, they could not do anything since they did not dare to mess with the Deity Warfare sect that was led by a divine realm cultivator. That civil war eventually ended well.

Inside the luxurious tea shop, which was regarded as the number one tea shop in town, the heads of the four authorities were unexpectedly gathered here.

They were Tien Shang Hai, Song Hua, Lei Bi Dang, and Hua Yien Guang. All of them were sitting at the tea table in the best private room in the shop.

“My fellow Taoist Tien Shang Hai, why did you call us here?” Song Hua sipped his tea and asked.

Lei Bi Dang, sitting beside Song Hua, also asked, “Yes, what is this about?”

It was obvious that Song Hua and Lei Bi Dang had already talked things out and reconciled. That was why they did not initiate the fight. They decided to leave their vengeance for their dead sons behind.

The reason why they finally reconciled was because they did not want to die yet.

They were both sky soaring realm cultivators. Their fight would be hard to settle.

Eventually, one of them would perish, while the other, if he did not die, would be severely injured. It would be hard to heal.

Finally, both of them decided to reconcile and return to the city.

They had not known about the fight between Jin Hu and Wang Wu Yun, but they knew about it eventually.

Once they knew about it, both of them felt very lucky that they did not go back to the graveyard and decided to return to the city as soon as they talked it out.

Otherwise, they would have been dead like Xu Bao, Zi Chieng Kong, and Foo Shang Kun.

Hearing Lei Bi Dang and Song Hua's question, Tien Shang Hai did not answer immediately. He looked at Hua Yien Guang who had not spoken anything. He was only sitting there with his eyes closed. "My fellow Taoist Hua Yien Guang, thank you for coming here."

Hua Yien Guang opened his eyes. He looked Tien Shang Hai in the eye and nodded. "My fellow Taoist Tien Shang Hai, who am I to decline your invitation?"

Hua Yien Guang was back to his normal self. His arm that was cut off by Bai Chen had been attached again. Thanks to the golden body connecting pill.

Otherwise, the arm would not have been able to be reattached ever again.

"Hahaha." Tien Shang Hai laughed with satisfaction. He smiled happily. "I'm happy to hear that."

However, a second later, his face turned serious.

"The reason why I called for this gathering is because I have something important to report."

Seeing Tien Shang Hai's serious face and words, Song Hua, Lei Bi Dang, and Hua Yien Guang's facial expressions changed. Their eyebrows furrowed tightly.

They thought: 'It seems to be a very important issue indeed.'

Tien Shang Hai swept his eyes around the room and spoke.

"Several days from now, elder Tien Zhun from the Tien Nan trade association headquarters will have arrived from Wu Zhou city."

"He'd like to deal with that man from the Deity Warfare sect!"

"I'm a member of the Tien Nan trade association, so I'm naturally in this. I'd like to ask all of you fellow Taoists if you also want to join us."

Hearing that, the rest of them were alarmed.

"T... This is...?!?"

All three of them were speechless. He looked at Tien Shang Hai with wide eyes. Their facial expressions changed from alarm to disbelief. They did not want to believe everything that Tien Shang Hai had just said.

Chapter 464 The Coup Plan (2)

“Everything I said was the truth. I have no reason to lie to you all. It’s up to you to believe me.”

Seeing their alarmed facial expressions, Tien Shang Hai could not help but say it.

He invited them here to offer them this opportunity. He wanted them to be a part of his coup plan and retake their authority to rule the city.

Right now, the city was being ruled by the Deity Warfare sect since they had sent their legendary realm cultivator here to seize control over the city when the city was caught up in a power struggle.

If they had not sent their legendary realm cultivator here, the four authorities would have held a meeting and decided on who would have become the next ruler of the city three years ago.

Tien Shang Hai did not like what the Deity Warfare sect was doing. That was why he had reported to the Tien Nan trade association headquarters.

It was unfortunate that his attempt was in vain. The headquarters did not reply until recently. They told him that they would send one elder to deal with that legendary cultivator from the Deity Warfare sect.

That elder was Tien Zhun, the man Tien Shang Hai had mentioned.

Tien Shang Hai was very excited. That was why he’d called for this meeting and invited everyone to join forces.

The Tien Nan trade association had decided to finally deal with the Deity Warfare sect head-on because they believed that they had enough power to do it, as the Tien Nan trade association had been established by the Tien family.

The Tien family was one of the two major families that was as powerful as the Deity Warfare sect.

Thus, it was only normal that the Tien Nan trade association would dare to brave the Deity Warfare sect.

Actually, the seven authorities of Wu Zhou city had always been competing with each other. This time was also considered normal.

A short while later, Song Hua, Lei Bi Dang, and Hua Yien Guang started to calm down. They inhaled deeply. Their faces were serious.

They looked at each other and nodded.

“My fellow Taoist Tien Shang Hai, what will we get if we join?” Song Hua asked.

Tien Shang Hai thought about it for a second and spoke. “Of course, four parts of the city would be mine and each of you gets two. This is just!”

“It actually is.” Lei Bi Dang could not help but said it. His eyes glowed. “My fellow Taoist Tien Shang Hai, if what you said was true, this Lei Bi Dang is ready to join!”

Hua Yien Guang thought about it for a second and nodded. “I think so, too.”

Song Hua was the only one who had not said anything yet, even though he was the one asking as to the benefits.

Shortly after that, he asked, “If everyone is in, how can I not be?”

“Hahaha. Good, good.” Tien Shang Hai was truly satisfied. With their help, the plan would easily succeed.

There were only a legendary realm cultivator, two sky soaring realm cultivators, and a few earth solid realm cultivators from the Deity Warfare sect who resided in the city.

Also, they had a legendary realm cultivator, four sky soaring realm cultivators, and over ten earth solid ones. Why would it not be easy?

“When will elder Tien Zhun arrive?” Hua Yien Guang asked.

His voice was full of respect when he talked about elder Tien Zhun.

Even though Hua Yien Guang had been to Wu Zhou city only a few times, he had heard a lot about Tien Zhun’s fame and strength.

Tien Zhun used to be a superior genius among the geniuses. His power was beyond comparison. If he had not been injured during his practice lockdown, he would have likely become the head of the Tien family.

However, even so, no one dared to underestimate him because he was still one of the strongest among the primary legendary cultivators.

Tien Zhun was considered the king of all primary legendary cultivators!

“Like I said, elder Tien Zhun will be here in several days. At the quickest, it will be five days. Ten days at most.”

The rest of them nodded.

Then, they started to ask about the plan. Tien Shang Hai beamed happily and answered them systematically.

.....

While Tien Shang Hai and the rest were still in a meeting, inside the governor’s official residence, there was a middle-aged man with a square face. He was dressed in light grey. He was sitting on the stone bench with his arms crossed. He was looking in one direction.

“Tien Zhun is at a primary legendary level and he’s already a king? Ridiculous!”

He spoke coldly through his teeth.

He was none other than that legendary realm cultivator from the Deity Warfare sect that Tien Shang Hai had been talking about.

This middle-aged man's name was Sen Ban Qeng. He was also at the primary legendary level like Tien Zhun.

Even though Tien Zhun was famous, and people considered him the king of all primary legendary cultivators, Sen Ban Qeng did not agree.

He did not think that Tien Zhun was any better than him. He did not even see Tien Zhun as his equal.

That was because Tien Zhun could not proceed to higher levels anymore. He was to be stuck at the primary legendary one for the rest of his life!

It was the result of when he had gotten injured during his practice lockdown.

If they really had a chance to fight, Sen Ban Qeng strongly believed that he would be able to kill Tien Zhun very easily since he was very close to the secondary stage!

Chapter 465 Do You Still Remember Me?

“First elder.” While Sen Ban Qeng was thinking about Tien Zhun, an old man walked towards him.

The old man was dressed in the same clothes as Sen Ban Qeng. He was a secondary sky soaring cultivator.

“Sixth elder, what is it?” Sen Ban Qeng turned to him.

The old man who was called the sixth elder was the sixth elder of the Deity Warfare sect. His name was Zhang Wei.

Zhang Wei stopped not very far from the stone bench that Sen Ban Qeng was sitting on.

“First elder, our spy has reported that the second elder of the Tien family, Tien Zhun, will depart Wu Zhou and arrive Xin Ye city in several days.”

Zhang Wei started to report right away without asking about how Sen Ban Qeng was. He knew Sen Ban Qeng very well and that he did not like to stall for time with what was unnecessary.

“Is that so?” Sen Ban Qeng smirked. “Let him come. I really want to know if ‘The King of the Primary Legendary Cultivators’ is real or just a hoax!”

Zhang Wei nodded. “I think the first elder like you should be able to deal with Tien Zhun very easily.”

Sen Ban Qeng seemed to like what Zhang Wei had just said. He laughed happily.

“Wei, my brother, you don't have to call me elder. You are like my blood brother anyway.”

Hearing that, Zhang Wei smiled. "If you say so, Ban Qeng."

It was obvious that Sen Ban Qeng was older than Zhang Wei, even though Zhang Wei was an old man whose hair was all white; not a single hair was black.

It was because Sen Ban Qeng had reached the legendary realm. Thus, he did not age much.

"What are you talking about? Can this Po Hang join, too?"

At that moment, there was an old man walking towards them. He was a primary sky soaring cultivator and one of the elders of the Deity Warfare sect just like Sen Ban Qeng and Zhang Wei. His rank was the ninth elder.

That was correct...He was Po Hang, the ninth elder of the Deity Warfare sect.

His arrival made Sen Ban Qeng and Zhang Wei smile. They talked happily without any worry about the arrival of Tien Zhun in a few days.

.....

Inside the hundred-beast forest, a man in crimson red was standing under a big tree. He was a handsome man in his early thirties. He was a primary earth solid cultivator.

With his young age, others in Xin Ye city saw him as a genius. No, he was actually one of the geniuses in the city. He was none other than Hua Lieng, one of the six geniuses of Xin Ye city.

Actually, there had been no more six geniuses since four of them had already died. Only Hua Lieng and Tien Choo Yien left.

When he knew about Wang Yu's death, Zi Chien, Lei Ban, Song Hao, and Hua Lieng all thought that they were lucky to not be at the ancient graveyard at the time.

Otherwise, there would be as much as an eighty percent chance to die in there, too.

For this, he had to give thanks to his grandfather, Hua Yien Guang. If he had not closed the sect for five years, Hua Lieng would have gone to the graveyard as well.

However, he did not actually close it for five years. Three years later, Hua Yien Guang opened the sect again.

"When will grandfather arrive?" Hua Lieng was a little annoyed. He was waiting for his grandfather to come.

That morning, Hua Yien Guang, his grandfather, had promised to take him to the thousand-beast forest. It was unexpected that Tien Shang Hai from the Tien Nan association would call him out. That was why Hua Yien Guang had dropped him here before he'd left.

It had been a long while. It was only normal for Hua Lieng to be annoyed.

"Lieng Er, I'm back." At that moment, Hua Yien Guang was finally back. He came down from the sky in front of Hua Lieng.

"Have you waited long?" The old man asked.

Hua Lieng suppressed his emotions. He smiled. "Not at all, grandfather."

“Good.” Hua Yien Guang nodded with satisfaction. “Then, let us go.”

He did not wait for Hua Lieng’s reply. Hua Yien Guang grabbed Hua Lieng’s arm and took him into the sky.

He took Hua Lieng in the direction of the thousand-beast forest.

Hua Yien Guang wanted his grandson to have more experience and gain more strength.

Hua Lieng opened his mouth wide in surprise.

Then, he inhaled deeply and asked excitedly. “Do you mean that, grandfather?”

In Xin Ye city, Tien Choo Yien was the most beautiful and the number one genius. A lot of men wanted to marry her, but she’d never had her eye on anyone.

Hua Lieng was also one of them. He really wanted to have her by his side. It was a shame that she had never shown interest in him.

Hearing that, of course, he was excited.

“I’m serious. Why would I lie to you?” Hua Yien Guang laughed at Hua Lieng’s exciting facial expression.

However, at that moment, his face suddenly changed colour a little and halted his landing. He swept his eyes cautiously in every direction. He frowned.

“What’s wrong, grandfather?” Hua Lieng asked. He did not understand why his grandfather would stop.

Hua Yien Guang did not answer. His face turned even more serious. The, he spoke.

“Whoever you are, why don’t you show yourself, my fellow Taoist?”

Hua Yien Guang’s voice filled the area. It was cold.

‘Someone’s here?!?’ Hua Lieng was alarmed. His facial expression started to change. He did not dare to ask more.

“As expected of a secondary sky soaring cultivator.” A calm voice sounded. Then, a man appeared. “Do you still remember me?”

Chapter 466 Clearly Stronger

“Do you still remember me?”

Hearing that, Hua Yien Guang and his grandson looked at him.

Once everything came clearly into view, their eyes opened wide in alarm. They did not expect that the man would be this young. He looked like he was less than twenty years old.

However, the most alarmed of all was Hua Yien Guang. He remembered the man very well.

“Y... You!” Hua Yien Guang’s lips shook. His trembling finger pointed at the young man who was standing on thin air. The young man’s face was emotionless.

“Hua Yien Guang, don’t tell me you’ve forgotten me?” The young man’s voice was cold. He was none other than Bai Chen.

He had finally arrived here to take his revenge on Hua Yien Guang, who had tried to hunt him down. Of course, revenge had to be taken!

“I...Impossible...Impossible...Impossible!”

Hua Yien Guang had gone mad. He said the word ‘impossible’ three times with his heavily trembling voice.

However, this was only normal for him since he remembered Bai Chen very well.

That day, Bai Chen had only been a minor tertiary formation cultivator. He was worthless to him.

If he had not been severely injured by Bai Chen’s supporter, whom he thought was surely a legendary one, until he’d almost lost his arm, Bai Chen would have been killed.

However, today was completely different. Hua Yien Guang detected that Bai Chen was no longer a tertiary formation, but a sky soaring one!

Moreover, he was a secondary one just like him. Also, he’d just reached this stage only recently.

“A dream! This must be a dream!” Hua Yien Guang shouted. He did not want to believe that this was true.

“G...Grandfather, what happened?” Hua Lieng was alarmed when he saw his grandfather’s actions.

Bai Chen looked coldly at Hua Yien Guang. “A dream? Feel free to think so. The reason why I’m here is to send you to hell. You’ll be completely emerged in your dream, as you want it!”

“Young man, you dare to talk like this to my grandfather. Do you know who he is?” Hua Lieng was angry at Bai Chen. He growled and pointed at him. “If you keep this up, believe it or not, but I’ll rip that mouth of yours apart!”

No one knew where Hua Lieng got his courage from to talk this big in front of a secondary sky soaring cultivator.

Bai Chen glanced at Hua Lieng. Then, Hua Lieng’s body trembled crazily. He had goosebumps all over his body. His face changed colour and showed fear. He really wanted to say: ‘This isn’t real.’

What wasn’t real was that merely Bai Chen’s glance had frightened him in the extreme!

It was a shame that Hua Lieng could not let any word out. His body exploded and became a bloody fog!

Hua Yien Guang was enveloped in that fog.

His body was now full of his grandson's blood. He started to come to his senses again. His eyes opened so widely they almost popped out of their sockets. His body froze in place. His face was very pale.

Suddenly, Hua Yien Guang shouted in pain. "Aghhhh!"

His eyes turned red. "You dared to kill my grandson. Lieng Er... Lieng Er!"

Hua Yien Guang's heart almost broke apart. He looked more like a mad man than earlier. His anger was like a raging storm. "Give me your life!"

Hua Yien Guang let out all of his spirit qi at once. The air around him trembled frantically and tossed around unstoppably.

Many trees below could not withstand the sudden energy explosion of a secondary sky soaring cultivator. They exploded into dust.

Suddenly, Hua Yien Guang's body wavered and vanished from Bai Chen's sight.

Bai Chen narrowed his eyes. He did not show anxiety at all, even though he was at the same level as Hua Yien Guang.

"Come out!" Bai Chen said calmly.

A second later, Hua Yien Guang appeared. His hand rushed towards Bai Chen's body.

It was going to be a strong blow since the hand was covered with blazing flames. Even the air was distorted.

Hua Yien Guang was from the Blazing Flames sect. Of course, he'd walked a path of flames. He was one of the most fearsome master of flames. There were only a few people at the same level who dared to pick a fight with him.

Bai Chen looked at the hand emotionlessly. He raised his hand. His silver qi shone brightly like stars in the sky.

Suddenly, his hand was like a comet that swept through the air and hit Hua Yien Guang's

Boom!

Once they made contact, the strong explosion shook the whole sky. It was as if the atmosphere was about to be destroyed. The air fluctuated crazily. The dimensional tide trembled as if it was going to break.

Everything was covered with a wall of white smoke.

Hua Yien Guang's hand was in pain he almost cried out. He looked at his hand and saw that it was soaked in blood. The flames from the earlier collision had completely vanished.

'H... He's stronger than me?!?' Hua Yien Guang cried internally with disbelief. It was alarming enough to see Bai Chen reach this level in only a few years, let alone being stronger than him. How could Hua Yien Guang believe that?

The blow just now was his full power. Thus, it was easy to see who was stronger.

Then, a hand broke through the wall of smoke and grabbed his neck before a cracking sound rang out.

Hua Yien Guang's eyes rolled upward. He only had fear in his heart. He did not expect to die right here on this day!

Chapter 467 To The Thousand-Beast Forest

Bai Chen threw the corpse away carelessly, since this was what the other party deserved.

The dead body fell from the sky with its eyes open. It dropped onto the ground with a loud thud and dust.

Bai Chen's gaze followed it before he waved his hand once. The dimension ring on the corpse's finger floated up to him.

Bai Chen snatched the ring and used his psychic power to see what was inside it. He nodded with utmost satisfaction. There was one high-grade weapon inside. It was a long sword.

There were also gold coins and low-grade and medium-grade pills.

After that, Bai Chen leapt away from the scene. He did not have to be there anymore because he could finally kill the man he had been wanting to kill.

It was obvious that Bai Chen was stronger than the other party.

.....

Several days later, Bai Chen was standing on thin air with his calm face. He looked forward.

He was looking at where the vast forest with a gloomy atmosphere was. It emitted a mysterious pressure. It was also covered with faint grey waves of energy.

"The thousand-beast forest..." Bai Chen muttered.

In front of him was the thousand-beast forest where the tertiary sky soaring king of the beast was!

The reason why he was here was because he had taken a look at his next sub-mission several days ago and it required him here.

The details of the sub-mission were the following:

[Sub-mission: Collect 3 cores of secondary sky soaring beasts]

Description: You have to collect 3 cores of secondary sky soaring beasts

Reward for success: Win 600 points + 600 magical bonuses

It had been years since Bai Chen had last completed a sub-mission. Thus, he'd decided to come to the forest first.

Bai Chen wanted to go to Wu Zhou city right away to get rid of Wu Fan.

However, after he saw the sub-mission, he chose to do it first since he had to travel past the forest anyway.

Collecting three cores of tertiary sky soaring beasts seemed difficult. However, the reward was very promising.

If Bai Chen completed it, he would receive as many as 600 magical bonuses and 6 more levels.

For all these reasons, how could Bai Chen not decide to come here?

“How nostalgic!” Bai Chen’s eyes flickered as if he was reliving the memories from his future self.

His future self had been to the thousand-beast forest before. A great many things had happened there.

Bai Chen shook his head and smiled. Then, he headed towards the forest.

When he arrived at the forest’s entrance, Bai Chen frowned and glided down to the ground. He stopped in front of a big tree. The breeze was cooling. Some leaves floated down from the tree onto the ground.

“I didn’t think I would forget this.”

Bai Chen blinked several times. He stared at the entrance and saw no more than twenty people standing there.

Some of them wanted to go inside the forest, while some were just here to collect entry fees.

“The Deadly Needle sect.” Bai Chen recognised them.

They were from Gong Chieng city, which was close by. There were even a secondary sky soaring cultivator among them. He was a dark-skinned old man. He sat inside the tavern located inside the forest, not so far from the entrance.

“Ten thousand gold coins each!” A middle-aged man with a mustache shouted. “And you’ll be allowed to go inside. Otherwise, I won’t let you!”

Fifteen to sixteen cultivators there did not like what the middle-aged man was doing, but they could not do anything since the strongest among them was only at a tertiary earth solid level.

They were not stupid enough to pick a fight with the sky soaring realm cultivator who was standing behind the middle-aged man. In the end, they paid the fee and walked inside.

Eventually, there were only four people left, including the middle-aged man.

The middle-aged man was Tai Hang Sha. He was a tertiary earth solid cultivator. In only a few years, if he did not die, he would definitely become a sky soaring realm cultivator.

“Elder Tai, we’re rich!” An old man laughed after seeing a large sum of money.

“Yes.” Another man also laughed. They were loyal minions of Tai Hang Sha. You could say they were his right- and left-hand man.

They were both secondary earth solid cultivators.

“We’ll be even richer in the future.” Tai Hang Sha spoke proudly, even though he was the highest elder of the Deadly Needle sect and should not have any financial issues.

However, the more they had, the better. Thus, he’d suggested this method and it was approved by the sect. The sect lord was also in this. That was why no one dared to refuse and pay.

Actually, some of them did refuse it. There were two to three secondary sky soaring cultivators who refused to pay.

As the sect lord was also at the secondary sky soaring level, he did not want to bother with others at the same level as him. It was actually the right decision to avoid them.

Otherwise, the result would be hard to settle!

“Hmm?” At that moment, Bai Chen walked towards them. Tai Hang Sha’s eyebrows rose up and the corners of his mouth to lift into a smile. “See that? Someone is bringing us more money.”

Hearing that, the right-hand and the left-hand people of Tai Hang Sha turned to look at him.

Smiles suddenly showed on their faces. They thought that Bai Chen would definitely give them more money in exchange for getting inside!

Chapter 468 Interfere With Death?

Bai Chen stopped in front of them. He was several steps away from them. His face was very calm and emotionless.

“Primary earth solid level!” Tai Hang Sha could not help but exclaimed when he detected Bai Chen’s level.

‘A genius!’ Tai Hang Sha thought. Bai Chen looked very young to him, someone in his early twenties.

Being at a primary earth solid level at this age was considered a genius.

Tai Hang Sha thought that Bai Chen should be from an authority not from Gong Chieng city. He had not seen Bai Chen anywhere in the city before. That was why it was impossible for him to be a genius from Gong Chieng city.

“Young man, your level is not bad at all.” Tai Hang Sha’s right-hand man spoke. His voice was clearly full of disdain.

Even though Bai Chen was a genius, he was nothing to him because Bai Chen was still a level below him.

“Yeah. Your level isn’t bad.” This time it was Tai Hang Sha’s left-hand man who spoke. He did not try to hide his disdain either. Bai Chen was also nothing to him.

“Hai, Qao, that is enough.” Tai Hang Sha told his minions to stop talking. He smirked and asked, “You want to go inside the forest?”

Bai Chen did not reply immediately. He looked past the men in front of him to the dark-skinned old man inside the tavern.

Bai Chen did not look at him for long before he turned his gaze back to answer Tai Hang Sha’s question. “Yes, I’d like to go inside the forest.”

Of course, he understood why Tai Hang Sha would ask him that question. He knew that he would tell him to pay ten thousand gold coins as an entry fee.

However, Bai Chen would not pay no matter what because the forest had been here for a long time and it did not belong to the Deadly Needle sect.

With his secondary sky soaring level, getting rid of the dark-skinned old man did not seem difficult. If these people did not let him in, he would have no choice but to attack!

“Little brother, pay me ten thousand gold coins and you’re free to go in!” Tai Hang Sha smirked and held out his hand, waiting for Bai Chen to pay him.

Tai Hang Sha had not realised that he was robbing a secondary sky soaring cultivator!

If he had known that Bai Chen was a sky soaring realm cultivator, he would have let Bai Chen go in without any problem. He would surely not have dared to do this.

However, now, Tai Hang Sha and his men only saw Bai Chen as a primary earth solid cultivator. It was obvious that Bai Chen was concealing his real level from them.

The reason why he did this was because he did not want to attract attention. If he did not do this, a lot of people would be alarmed and thought that he was a genius above everything.

To avoid that, he could not help but conceal his real level.

“I do think the forest is not yours. You have no right to ask for an entry fee.” Bai Chen talked calmly and looked Tai Hang Sha in the eye.

“What?!?”

Hearing that, the right-hand and the left-hand men called ‘Hai’ and ‘Qao’ shouted in alarm. They did not expect anyone to dare to talk like that to them.

“How dare you!” Tai Hang Sha’s face grew dim. He looked at Bai Chen as if he wanted to devour him alive.

“Kneel and apologise. Otherwise, don’t you dare to call me a cruel, vicious villain!” Tai Hang Sha looked at Bai Chen. His eyes were full of rage.

“Don’t interfere if you don’t want to die!” Bai Chen said with a calm voice.

Bai Chen did not want to waste his time. If Tai Hang Sha did not stop threatening him, he would definitely initiate the fight first!

As for the dark-skinned old man who was the lord of the Deadly Needle sect, if he were to fight Bai Chen, Bai Chen could not help but meet him in combat.

“You!” Tai Hang Sha was so angry, he was speechless. He did not expect that Bai Chen would dare to talk like that.

“Do not interfere if I do not want to die? Ridiculous!” Qao, who was standing behind Tai Hang Sha, shouted with rage. He was also an arrogant man, but he was not as brave as Bai Chen when he faced anyone stronger than him.

“Heh! Big bro Tai, Qao, I think he should be tortured and killed. Stop letting him talk,” Hai growled with his cold voice. His eyes glowed with malice.

“Good!” Tai Hang Sha agreed. “Hai, I’ll let you deal with this!”

Qao looked at Bai Chen angrily. He slightly regretted that he would not have a chance to deal with Bai Chen himself.

“Worry not, big bro!” Hai slapped his chest with determination. His face looked evil. He looked at Bai Chen as if Bai Chen was a mere ant. “Young man, you asked for your death!”

Hai laughed coldly before walking slowly towards Bai Chen. It was obvious that he was not rushing things at all since he was very confident that Bai Chen would be tortured and killed by him here.

He thought that Bai Chen had nowhere to run from his death!

Hai was so confident because, for him, Bai Chen was only at a primary earth solid level.

Due to that, Bai Chen would not be able to run away from a secondary earth solid cultivator like him.

As there were a great many people who were stronger than Bai Chen, how would Bai Chen be able to run away?

Bai Chen’s face grew even colder. It seemed like he really had to waste his time on this.

To be honest, the three people in front of him was nothing to him. However, the dark-skinned old man, who was also a secondary sky soaring cultivator, sitting inside the tavern in the forest, would definitely complicate things.

However, it should not be too difficult for Bai Chen to kill him!

“If you ask for it, in the name of the Bai family, I will grant you your wish!” Bai Chen spoke coldly through his teeth.

Chapter 469 Seeing That The Other Is Weaker

“If you ask for it, in the name of the Bai family, I will grant you your wish!” Bai Chen spoke coldly through his teeth. His tone was colder than anything.

Hearing that, Hai halted a little before smirking. An aggressive gush of spirit qi appeared on one of his hands.

A thread of spirit qi leapt towards Bai Chen under Hai’s control.

Tai Hang Sha and Qao watched what was happening happily. Their rage was completely gone. Bai Chen was about to die—why would they be angry anyway?

It was obvious that they all thought that Bai Chen would die from this blow!

“Be tortured before you die!”

Before the spirit qi reached Bai Chen, Hai shouted with his cold and vicious-sounding voice.

Bai Chen blinked. He looked at the thread of spirit qi with great indifference before pushing it away with only a wave of his hand.

Suddenly, the situation shifted. The thread twisted around and leapt towards Hai instead!

“What is this?!?” Hai looked at what was happening in alarm. He opened his mouth and eyes widely.

Shortly after that, he started to panic. He wanted to dodge it, but he could not move an inch. It was as if his body was not his anymore.

Boom!

As soon as the spirit qi touched Hai, his body became a beautiful sight. A fountain of crimson blood splattered everywhere.

It was a sight to see, but at the same time, it was also terrifying.

“Ahh!” Screams sounded.

They were from Tai Hang Sha and Qao.

They were screaming in fear.

Both of them were soaked with fresh blood. Of course, it was not theirs but Hai’s.

They saw how Hai had died. That was why it was impossible for them to not feel scared.

Even though they were stupid, they knew right away that Bai Chen was not at the primary earth solid level. He must be at least at the sky soaring realm!

Even so, Tai Hang Sha and Qao could not help but be surprised because Bai Chen was the youngest sky soaring realm cultivator that they had ever met, and they knew what they should be doing.

“M...My lord, please help us!” Both of them shouted almost at the same time with their trembling voice.

They only needed the dark-skinned old man to help them now.

Bai Chen did not care about them. He flicked his hand slowly and send both of them to hell like he had just done with Hai.

Their bodies exploded. Blood splattered in the air. They did not even realise that they had been killed!

“Hang Sha!” At that moment, an alarmed voice sounded.

The dark-skinned old man, a secondary sky soaring cultivator and the lord of the Deadly Needle sect, rushed out of his tavern.

In the blink of an eye, he appeared in front of Bai Chen. His face twisted at seeing his men dead.

Moreover, they had been killed in such a cruel manner. There was not even a lump of flesh left to bury!

“You dared to kill my people, Tai Hei Sha!” The dark-skinned old man raised his head and stared at Bai Chen. Rage suddenly crept into his heart.

Actually, Tai Hang Sha was his distant nephew. It was impossible for Tai Hei Sha not to be furious.

“Why are you blaming me? They asked for it themselves,” Bai Chen said coldly.

Suddenly, a dark purple spirit qi gushed out of him. The air around him started to crumble. Even leaves on the ground were blown up.

“Die!” Tai Hei Sha suddenly landed his blow on Bai Chen. He pointed his finger at Bai Chen and shot a terrifying purple ray from it at him.

It was such a fast attack. Even though he did not use all of his power—only half of it because he thought that Bai Chen was weaker than him—his attack was still very scary.

He thought that Bai Chen was weaker than him. That was why he did not use all of his power with this blow.

However, Bai Chen was one of the sky soaring realm cultivators. Which sky soaring realm cultivators were actually weak?

The answer was of course there were none. All of sky soaring realm cultivators were strong, since reaching this realm was not easy. Otherwise, there would be a lot of them in this world.

Bai Chen looked at the purple ray that was leaping towards him before turning to Tai Hei Sha. He knew right away that Tai Hei Sha was only using half of his power with it.

From this, Bai Chen now realised that Tai Hei Sha thought that he was weaker.

Even though he was angry, he did not want to use all of his might to attack those who were weaker than him.

It would be regarded as shameful for him to do that.

That was why it was only normal that Tai Hei Sha was only using half of his power to attack Bai Chen.

Tai Hei Sha knew that Bai Chen was weaker than him because he had been watching the way Bai Chen had killed Tai Hang Sha and his men.

He only glanced at Bai Chen, and he knew right away that Bai Chen was only a primary sky soaring cultivator.

Due to that, Bai Chen was not worthy of the totality of his power.

However, Tai Hei Sha had not realised that the reason why he only saw Bai Chen as a primary sky soaring cultivator was because Bai Chen only used a little bit of his power to deal with Tai Hang Sha and his minions.

That was why Tai Hei Sha could only detect a bit of it and thought that Bai Chen was only a primary one.

If he knew that Bai Chen was at the same level as him...he would not have attacked Bai Chen with only half of his power. He would have attacked with all of his might!

Chapter 470 Tai Hei Sha Thinks Of Running Away

In the moment that the purple ray was about to reach Bai Chen, he swept his hand to the side. A flash of his silver qi vapour appeared and leapt towards it.

Boom!

Both of them hit each other and exploded in front of Bai Chen. A wall of white smoke was formed.

Tai Hei Sha was alarmed. He did not expect Bai Chen to be able to deal with his purple ray very easily.

‘He’s not a primary but a secondary sky soaring cultivator!’ Tai Hei Sha finally realised it. His body trembled harshly.

His facial expression also changed. His eyes could not help but widen. ‘H...How is this even possible?!?’

Tai Hei Sha was alarmed and did not want to believe it. He did not want to believe that Bai Chen was at the same level as him. Bai Chen was quite young, but he was already at this level.

It was impossible for Tai Hei Sha to believe this right away since he had not met anyone like Bai Chen before in his life.

To be accurate, Tai Hei Sha had not met the great genius before.

While Tai Hei Sha was still alarmed, Bai Chen did not stand still. He took a single step forward and used the flash footwork technique. He reappeared in front of Tai Hei Sha and threw out his hand.

His silver qi vapour spun all around his palm. He hit Tai Hei Sha’s back with it.

“This is bad!” It was as if Tai Hei Sha had been awakened from his reverie. He detected danger right away. He screamed before quickly enabling his full power, aiming to dodge Bai Chen’s terrifying hand.

However, it was a shame that Tai Hei Sha was too late. Before he could do that, Bai Chen’s hand had already hit him in the middle of the back violently.

“AGHHHH!” Tai Hei Sha screamed in pain.

His back was now imprinted with Bai Chen’s hand shape. There was blood around it. The wound was so deep, his broken spine could be seen!

It was obvious that Tai Hei Sha had been severely injured.

Thud!

It did not only inflict a deep wound, but Bai Chen’s blow also sent Tai Hei Sha flying.

The thud that had sounded just now was when he dropped onto the ground.

Agh!

A great deal of blood gushed out of Tai Hei Sha’s mouth. The pain was about to drive him insane.

Tai Hei Sha did not expect that he would ever be this badly wounded.

“AGHHH! Bastard! I’ll kill you!”

The scream, the growl, and his rage were all mixed up in his words.

Suddenly, Tai Hei Sha ignited his power from within him. The air around him trembled madly!

Tai Hei Sha’s body suddenly sprang up from the ground without hesitation. He turned around and moved with all his speed towards Bai Chen.

It was obvious that Tai Hei Sha did not care about anything anymore. He wanted to kill Bai Chen by putting in his all power!

Seeing that, Bai Chen also did the same. He had no fear of a fight anyway.

His bright silver qi vapour made his body glow. He pointed his finger forward and the image of seven stars appeared in front of him.

“The seven stars technique!” Bai Chen said softly.

Suddenly, the seven stars exploded and emitted the aura of the vast sky. The ground started to tremble. The mountains crumbled. The clouds scattered away. The rivers were all dried up. Everything happened all at once in the surrounding area!

“A high-grade technique!” Tai Hei Sha, who was full of a killing intent, suddenly halted. His facial expression changed drastically. He did not expect Bai Chen to use a high-grade technique.

“Hmph! You think I don’t have one?” Tai Hei Sha spoke coldly and spread open both of his palms.

The maroon shadows of needles appeared in thin air. There were more than twenty of them. They emitted a poisonous aura.

“The twenty deadly needles technique!” Tai Hei Sha growled and waved both of his hands.

Once he did that, the shadows leapt forward.

They hit Bai Chen’s seven stars!

In the blink of an eye, there was a big explosion. The air around them trembled, distorted, and was torn apart into black dimensional rifts.

The reverberation was so violent, it spread out widely. Both Bai Chen and Tai Hei Sha had to jump and dodge, otherwise they would be injured by it!

Bai Chen looked forward and saw a big hole with white smoke coming out of it.

The hole was formed because of the earlier explosion.

“Fuck!” Tai Hei Sha spit out his blood. He was in such a great deal of pain that he wanted to cry.

Even though he dodged the reverberation, the severe wound in his back was too much to endure since he moved too much.

‘This is bad. I can’t fight like this. I have to take my revenge later!’

Tai Hei Sha thought this. He knew that it was useless to continue the fight in this state. Only death would await him.

From what he had experienced thus far, the difference in power was obvious.

Tai Hei Sha did not care about anything else. He turned around and used all of his speed.

His purple vapour qi exploded out of his body and flashed quickly. This was the fastest he could go.

Bai Chen watched as Tai Hei Sha was running away. He stamped his foot onto the ground once, and the ground in front of Tai Hei Sha broke apart. The silver qi vapour rushed out from under the ground and towards Tai Hei Sha who was still running.

“Damn it!” Tai Hei Sha’s eyes widened. His heart was full of fear. The fear intensified as he was being split by the silver qi vapour. Crimson blood gushed out!
