

Life Changing 47

Chapter 47 Causing Trouble

With his stargazing walker skill, Bai Chen arrived at Li Lin's house in just 30 minutes.

He walked towards the ground where no one would notice. The boy was standing in a narrow alleyway next to a huge villa.

This villa was, of course, Li Lin's house.

“Let's see what her parents' faces are like.”

Bai Chen laughed softly before leaving the alley and marching towards the small gate of the villa, next to the security guard's booth.

Inside was a middle-aged man in a blue security guard uniform. He was watching a variety show on TV.

When the guard saw that someone was at the gate of the villa, he took his eyes off the television and pushed open the glass window to the side.

“Young brother, what business do you have here?” the middle-aged security guard asked.

Bai Chen's expression turned moody. “You don't know me?”

Having heard impolite words from Bai Chen, who was wearing cheap clothes, the security guard's eyebrows twitched. His face instantly showed unfriendliness.

“Hahaha, how could I know if you won't tell me?”

The middle-aged security guard said mockingly before letting out a threat, “I don't care who you are, brother. Just get the hell out of here. I don't want to hurt anyone!”

“You dare threaten me?” Bai Chen's face took on a cold smile. He walked towards the booth. “So, you don't know me?”

The face of the middle-aged security guard darkened. He had never thought that this young man in front of him would still be here after being threatened. And he still dared to behave in this manner.

“I'm going to count from one to three. If you don't leave, just don't say I'm brutal!” The middle-aged security guard spoke coldly. His patience had clearly run out, and so had his politeness.

“Ptooeey!” Bai Chen spat on the middle-aged security guard's face. “I'm Xi Dong, Li Lin's soon-to-be fiancé and the son-in-law of this house. If you don't want to get sacked, just quickly call out my in-laws to greet me right now!”

“What?!?” The middle-aged security guard's face changed when he heard what Bai Chen said.

His eyes narrowed. He tried to study Bai Chen's face closely, then he jumped out of his seat with surprise.

“Y... Young Master Xi Dong!” he shouted with fear. How could he dare to threaten Young Master Xi Dong, the heir of the Xi family, one of the five biggest families in Beijing? He felt like he was going crazy!

The middle-aged security guard could only blame the darkness for making Xi Dong's face unclear to him. Otherwise, there would be no way he could have mistreated Xi Dong, even though the guy was impolite to him in every way.

The security guard had clearly met Xi Dong before. He smiled apologetically, even forgetting to wipe off the saliva from Bai Chen's spit.

“Aiya! So, it was Young Master Xi Dong. I'm so sorry for treating you impolitely. Please don't take me seriously. I'll call Mr. Li right now.”

He said this and did not wait for Bai Chen to utter a word. The middle-aged security guard quickly pressed the telephone button to contact Li Cong Tian.

Barely two minutes later, the middle-aged security guard turned to Bai Chen and said, “Master wants you inside. He's waiting in the living room.”

“Open the door.” Bai Chen spat on the floor. His facial expression looked extremely gangster-like. He was acting upset and moody.

How could the middle-aged security guard wait around? He quickly pressed the remote button to open the small door in the gate for Bai Chen.

Bai Chen did not spare the middle-aged security guard a second glance. He marched inside as soon as the door was opened, leaving the guard there with a relieved expression.

At the same time, he was shaking his head helplessly and talked in a displeased voice.

“What a fake! So fake. He was acting all polite during the day, but at night he has changed his colours like a damn chameleon. Bastard Xi Dong, this big daddy hopes your life takes a turn for the worse. I hope you get bitten to death by a dog!”

Xi Dong had zero idea he was being cursed at. And Bai Chen, who was the cause of it, had now stepped inside the villa. It was as huge and beautiful as Long Xu In's house.

If he had not seen Long Xu In's house before, Bai Chen would have had his mouth agape staring at this luxurious place.

“Young Dong, you're visiting at night. That means there's an important matter?”

Li Cong Tian was sitting on a sofa in his pajamas. Next to him was his wife who was also in her pajamas.

The two of them stared at Bai Chen in surprise. What he was wearing right now was very different from the outfit he had on during the day, when he was here to meet their daughter, Li Lin, and discuss the engagement.

They firmly believed with the entirety of their hearts that this was the real Xi Dong.

“Cong Tian, I’m here to see you. Why aren’t you serving me tea yet?” Bai Chen said with a rather cold voice.

His words were enough to show that he was really here to cause trouble and stir up discontent for Li Cong Tian and his wife.

“.....” Li Cong Tian was speechless for a bit before leaping off the seat like he had a spring attached to his body. His face turned red with anger.

“Xi Dong, this bastard, what did you say?”

The form of address he used for Xi Dong changed completely. Needless to say, Li Cong Tian was now enraged.

His wife was shocked by Bai Chen’s words. She stared at him with wide eyes. Her face expressed astonishment that this person in front of her was the polite Xi Dong they had met during the day.

“Cong Tian, you’re an old man now. Actually, you should go seek medical help some time when you have nothing to do!”

Bai Chen smiled coldly. He walked over and sat himself on the sofa, not caring how enraged Li Cong Tian was at his words.
