Chapter 481 Kill Them All!

Even though he was surrounded by 2 legendary and 3 sky soaring realm cultivators, Bai Chen did not feel scared at all. It was the opposite. He emitted even more killing aura. His immense intent to kill was clearly shown on his face.

Zhien Chang Chee's words angered him even more. Which father would say that they would kill their own child like this?

Bai Chen thought that Zhien Chang Chee was not a human anymore. He was a wild animal. No, even wild animals loved their kids. He deserved to be called something even lower than that!

"I'll kill you all!" Bai Chen's killing aura exploded. The sky crumbled and the air seemed to get heavy and chilled to the bones.

"How dare you!" Zhien Chang Chee could not help but growl loudly. "You're only a tiny ant for me and you still dare to talk like that!"

"That's right. Keep running your mouth, even though it's already your time to die!" Gu Leng Woo laughed with disdain.

"I'll take revenge for my arm!" Zhien Chang Chen's face was scary. He started to emit his blue spirit qi from his whole body.

"Let's kill him!" Kong Xing Hoo said. He knew that Bai Chen would be big trouble to the Azure Sword sect, if he got away from here. The best way was to kill him here and now!

Li Ni Shang agreed with Kong Xing Hoo. He nodded several times. His face was very serious.

"We'll see who's the tiny ant!" Bai Chen laughed like a madman. Under his anger and an immense intent to kill, he started to go crazy.

Suddenly, he looked up at the pitch-black sky and muttered. "The eternal truth of time!"

Swoosh!

At the moment, silver light shone in Bai Chen's eyes. It leapt upward and covered the whole vast sky!

"T...This this bad!"

Seeing that, Gu Leng Woo and Zhien Chang Chee's faces changed colour. They screamed in alarm.

They were legendary realm cultivators, so they could sense the danger faster than sky soaring ones.

Right now, their hearts pounded. They wanted to run away from here. However, before that, they were surprised.

‘How is this possible?!?’ They screamed internally when they realised that they could not move an inch!

It was at the same time as when time stopped. Everything stopped moving, excluding Bai Chen!

Bai Chen stood there with his face as calm as ever. His face did not turn pale like before when he’d used the eternal truth of time anymore.

The reason why his face did not turn pale was because he had already completed the third level of the eternal truth of time. Therefore, his power would be slowly drained until one minute was reached.

It was obvious that he could now stop time for one minute.

Swoosh!

A spear appeared in Bai Chen’s hand. It was a short dark-red spear. Of course, it was a high-grade weapon, one of the items that he had gotten from the ancient graveyard.

Once he got it in his hand, Bai Chen’s eyes shone coldly and looked at Zhien Chang Chee.

Zhien Chang Chee was stopped. He could not move an inch. However, his eyes rolled around madly. He felt very scared.

Bai Chen intended to spare his senses from being stopped.

Zhien Chang Chee was terrified when he looked at Bai Chen’s cold, reddened eyes.

Once the time stopped, he knew right away that Bai Chen could actually ‘kill them all’ as he’d said!

It was impossible for him not to feel fear!

Zhien Chang Chee could feel like death was creeping up to him. He would be killed for sure. He regretted coming here so much.

It was because this was a path of death for him.

However, he could not understand how Bai Chen did it. How Bai Chen stopped time. Even a legendary realm cultivator like him could not move.

He had never heard of anything like this ever in his life!

“Zhien Chang Chee, I’ll kill you first!” Bai Chen said coldly.

‘N...No!’ Zhien Chang Chee was even more scared. His face was drained of blood. His eyes were begging for his life.

Of course, he did not want to die, and he would die because of Zhien Wu Shuang, his worthless daughter whom he hated the most in the world. He could not accept it.

“Begging for your life? Go do it in hell!”

Then, Bai Chen threw the short spear out. Its red will was emitted. It looked terrifying.

Seeing that, Zhien Chang Chee growled loudly with rage and fear.

‘No! I don’t want to die yet...’

Pop!

What a pity—he could not escape his death!

In the blink of an eye, Zhien Chang Chee’s head exploded because it had been pierced by the spear. It blew up into lumps of flesh, shredded skull, and blood. The sight was horrid!

Bai Chen looked at the legendary realm cultivator’s death carelessly. It was obvious that even a legendary realm cultivator could also be killed with a high-grade weapon. However, that legendary realm cultivator had to be completely defenseless.

After killing Zhien Chang Chee, Bai Chen directed the spear so that it pierced through Kong Xing Hoo and Li Ni Shang. Both of them ended up like Zhien Chang Chee.

Not only them, but Gu Yang and Zhien Roo also met the same end!

Bai Chen did not show any mercy. All of their heads exploded. The pungent smell of blood filled the air.

At that moment, only Gu Leng Woo and Zhien Chang Chen had not been killed by him. He decided to leave them for last, and the time was now.

Pop!

Pop!

Two explosions sounded. Gu Leng Woo and Zhien Chang Chen were now dead!

Truly, no one would have thought that...Gu Leng Woo, a secondary legendary cultivator, would die like this!

Chapter 482 Big News For The Azure Sword Sect

Once he was done killing everyone, Bai Chen put the short spear back inside the dimension ring. He waved and called every dimension ring there to him.

He did not examine any of them because he still had something more important to do. He had to call off the eternal truth of time.

Swoooooosh!

Suddenly, time started to move normally again. All seven beheaded corpses dropped onto the ground.

Bai Chen looked at them for a short while before picking up the wooden box and leaping deep into the forest.

It was obvious that he was indifferent towards the corpses. They were worthless to him.

Actually, if they had treated Zhien Wu Shuang better, he would have cared more. He would not have left any traces of the corpses in order to prevent wild beasts from eating them.

It was a shame that they had not treated her well at all. That was why they deserved to be eaten by the beasts!

.....
At the Azure Sword sect, in the life jade storeroom

Crash! Crash!....Crash!

The sound of things shattering rang out numerous times. It was from the life jades breaking.

Five life jades broke all at the same time!

Suddenly, the situation that had happened to the Gold sect occurred.

Bang!

The door of the storeroom was quickly opened. A middle-aged man rushed into the room.

“I... Impossible! The highest elder Gu Leng Woo, the first elder Zhien Chang Chee, the ‘owner of the heaven’s sword’ Zhien Chang Chen, the fifth elder Kong Xing Hoo, and the sixth elder Li Ni Shang are all d... dead?!?”

“How can this be?!?” He screamed in a crazed manner and tore his hair out.

He did not want to believe what he saw. However, the shattered 5 life jades proved it.

The middle-aged man was named Too Ming. He was the tenth elder of the Azure Sword sect and a primary sky soaring cultivator. His duty was to guard the life jade storeroom.

“Big news! I have to report this to the lord!” Too Ming screamed. His face was very pale. The death of those 5 elders would make the sect a lot weaker.

Without hesitation, he gathered all of the shattered jades and headed towards the lord’s residence.

He rushed there with his heavy heart. He had a great many questions in mind. How did they die?

Less than 10 minutes later, Too Ming was in front of the lord’s room. It was on the seventh floor of the main building.

“My lord, it is me, Too Ming. I have an important matter to report. Please allow me to disturb your practice lockdown!” Too Ming spoke to the door with his worried voice.

Shortly after that, a piercing voice as sharp as a blade sounded. “Too Ming, the tenth elder? What is this about?”

“My lord, 10 minutes ago, the life jades of the highest elder, the first elder, the second elder, the fifth elder, and the sixth elder shattered. I think they’re...they’re all dead!” Too Ming lowered his head and reported this with a trembling voice.

Meanwhile, he reached out his hands with all broken life jades on them. Then, they floated to where the lord of the sect was.

“What did you say?!?” Suddenly, his sharp voice changed to an alarmed one.

Less than a second later, a figure appeared in front of the door. He was in a blue robe with a pattern of swords. He looked alarmed when he saw the broken life jades.

“How is this even possible?!?” The man growled loudly. His face turned pale. His heart pounded fast and trembled. He was none other than the lord of the Azure Sword sect, Hua Foo Fo.

“I...It is true, my lord. The elders are dead!” Too Ming said in a hoarse voice.

“AGHHH!” Hua Foo Fo did not expect that such a terrifying thing would happen. He growled angrily. His rage was at its peak.

“Who did it? Who dared to kill the sect’s strong pillars and weaken us?!?”

Hua Foo Fo was like a mad man. His face twisted to the point that it was quite ugly.

“Too Ming, keep this a secret. Don’t tell anyone in the sect!”

Too Ming quickly nodded. “Rest assured, my lord. I’ll keep this matter a secret and will not tell a soul. I swear on my humble life!”

“Good!” Hua Foo Fo said and collected the five shattered life jades. Then, he vanished as if he was never there.

“I’ll be taking leave for a while. Tell Hong Guan Gang to take care of the sect for me.”

Even though his body was not there, his voice spoke to Too Ming.

“I’ll do as you ordered, sir!” Too Ming shouted.

Hong Guan Gang was one of the deputy sect lords. Another deputy sect lord was Zhien Ding Shoo...He was the father of Zhien Chang Chee and Zhien Chang Chen!

If Zhien Ding Shoo knew that both of his proud sons had been killed, he might have been insanely furious.

Once the lord was gone, Too Ming inhaled deeply to adjust his emotions. Then, he put his head down and went to Hong Guan Gang.

Hong Guan Gang resided on the sixth floor. He was a big old man with grey hair. He was a man from the previous generation who was a deputy sect lord. Even the lord himself was his junior.

“What is it?” Hong Guan Gang asked. He did not expect Too Ming to come to him.

He was sitting on a dragon-patterned bench; he looked at Too Ming.

Too Ming talked to him with respect. “My deputy sect lord, the lord had urgent business to attend and went out. He told me to ask you to look after the sect for him for the time being.”

“Ah.” Hong Guan Gang nodded as if he understood everything. Even so, he could not help but frown. “What is this urgent business about?”

“The business is...” Too Ming did not know how to start. He had already agreed to not tell anyone about it.

“It’s all right.” Seeing Too Ming’s awkwardness, Hong Guan Gang did not push him any further. He just waved as a sign for Too Ming to get out of his room.

Once Too Ming was gone, Hong Guan Gang muttered softly to himself, “I wonder what that urgent business is?”

Chapter 483 Collect Beast Cores

The new day had come. Bai Chen was sitting under a big tree. Its shade spread wide, and it was well able to block the early morning sunlight.

In front of Bai Chen was a body of a girl with strange black patterns all over it. She was sleeping on a pile of leaves that Bai Chen had prepared for her.

Bai Chen looked at Zhien Wu Shuang kindly. After a while, he stood up and walked towards her before sitting down. He reached out his thumb and push her forehead softly with it.

Suddenly, a silvery light shone brightly and flowed into Zhien Wu Shuang’s forehead.

Shortly after that, the strange patterns on the girl started to disappear. And they were all gone in the blink of an eye!

“These patterns are a kind of curse,” Bai Chen murmured.

His future self had done a lot of research on this and finally found out that it was a curse!

After knowing that, he searched for ways to destroy the curse. He spent over 10 years before he found it. That was the method that he was using right now.

Bai Chen slowly pulled his thumb back. The silver light was gone, revealing her face again.

Even though her face was dirty and her hair was a mess, they could not change the fact that she was a cute girl. Zhien Wu Shuang was actually a pretty young lady.

“Now, I just have to wait for her to wake up.” Bai Chen smiled a little. He waved his hand slightly and a silver light formed a shield over Zhien Wu Shuang.

If one was not at the legendary level or above, one could not hope to destroy this shield. Even though Bai Chen was only at a secondary sky soaring level, his true identity was the king of all tertiary sky soaring cultivators.

Without using the eternal truth of time, there were only legendary ones and above who could win against him.

The eternal truth of time was his trump card, but he could not use it against tertiary legendary ones and above.

However, in Bai Chen’s case, who was a secondary legendary cultivator, if his opponent was a tertiary legendary one, there were more possibilities that the opponent would be killed by the high-grade weapons!

Divine realm cultivators and above were the ones who really were invincible against the high-grade weapons. Not only would there be no injuries on their skin, but their hair would also not be cut by it.

The difference in power was obvious between the legendary and divine levels!

After creating the shield, Bai Chen made it invisible.

Then, he headed deeply into the forest.

He wanted to collect 3 beast cores from sky soaring beasts. He had not forgotten about it. He was here for them anyway.

Bai Chen pushed himself forward fast. Shortly after that, he sensed a strong aura.

“That way.” He looked around before leaping towards the source.

In the blink of an eye, he arrived at a small field. He did not expect that a gigantic lion lying in the middle of it.

This lion was huge and there were also green leaves all over him. It gave out a strong aura. Its fur was also green.

“A jungle lion!” Bai Chen was a little surprised to see it because it was such a rare sight.

It was fairly strong. It was at a secondary sky soaring level. In only a little bit, it would reach the tertiary stage!

“Grrrr!” The jungle lion suddenly opened its eyes and growled loudly.

It was obvious that it had noticed Bai Chen. It stood up and stared at the spot where Bai Chen was.

Bai Chen looked the jungle lion in the eye. He found that the lion’s intelligence was almost equal to that of a human being’s. If it finally reached the legendary realm, it would be able to talk and think like a human.

Bai Chen looked at it for only a short while before leaping towards it. His killing aura flowed out of his body along with his silver spirit qi.

Bai Chen very quickly initiated the fight because he did not want to waste his time collecting the cores.

Also, Bai Chen still had something important to do. He had to take care of Zhien Wu Shuang and kill Wu fan!

Why would he waste such a great deal of time with a secondary sky soaring beast?

Bai Chen raised his fist when he was about to reach the jungle lion. He gathered his spirit qi into his fist and threw it at the lion’s face.

Seeing that, the jungle lion was furious. It growled and emitted its aggressive green spirit qi.

It stomped all four of its paws so that the ground sank. Then, it leapt upward and slammed its paws with strong sharp claws at Bai Chen's fist without fear.

Beasts were usually stronger than cultivators on the same level. That was why the lion was not scared of Bai Chen at all.

Then, it suddenly changed its mind when its paws hit Bai Chen's fist.

Boom!

A loud explosion sounded. The air exploded. The ground sank and cracked, creating a spider web-like pattern.

"Grrrrr!" The jungle lion growled with both rage and fear. Its paws had become lumps of dead flesh because of Bai Chen's fist. Its green blood splattered in the air.

Bai Chen did not care about the lion's growl. He leapt towards the lion once again and threw his fist against the middle of its head.

Crack!

A cracking sound filled the area. The jungle lion felt like it had been hit by a heaven's hammer. It felt a great deal of pain on its head.

However, in the blink of an eye, the pain was gone along with its life!

The lion's lifeless body fell with a thud to the ground and did not move again!

Chapter 484 A Divine Realm Cultivator!

After killing the jungle lion, a secondary sky soaring cultivator, Bai Chen took a bright green crystal the size of a baby's fist out of its body.

The bright green crystal was the jungle lion's core—a secondary sky soaring beast's core.

Bai Chen looked at it for a little while before putting it inside his dimension ring. He still had to hunt for two more secondary sky soaring beasts to be able to collect all three cores.

Once he had all three, he would be done with his sub-mission.

Bai Chen looked at the lifeless jungle lion with hesitation. Actually, the flesh and blood of jungle lions were great medicines that could make his body stronger.

Bai Chen was hesitating if he should be collecting its body back for his next meal and gain more strength.

Shortly after that, he thought it was actually a good idea. He put the lion's body inside the dimension ring and was about to head for more secondary sky soaring beasts.

However, before he did that, a heavy pressure pushed him down. He was almost forced to kneel. Bai Chen's face changed drastically. His body shook.

"Divine... This is a pressure created by a divine realm cultivator!" Bai Chen muttered while struggling.

His future self used to be a divine realm cultivator. That was why he was familiar with this level.

“I can’t believe the lord of the Azure Sword sect is here. Hua Foo Fo, is this such a major matter that you had to come by yourself?”

Bai Chen looked in one direction and spoke to himself. It was the question that nobody would answer.

At that time, the thousand-beast forest was in turmoil. Beasts and cultivators were all pressured by the divine realm cultivator.

They all felt scared. They did not know what was happening to themselves.

It was not only the cultivators, but also the beasts that were fearful.

Even the king of the tertiary sky soaring beasts, the king of this forest. It was a gigantic blue turtle with red eyes.

At that time, its body trembled with fear. It was scared that the owner of this immense pressure was here for it.

Of course, it was a misunderstanding. A divine realm cultivator would not have anything to do with just a mere tertiary sky soaring beast.

Anything below the divine level were only tiny ants to divine realm cultivators!

Yes, Hua Foo Fo only saw everything in the thousand-beast forest as tiny ants!

“Where are you? The man who dared to kill my men!” Hua Foo Fo was standing in mid-air. He looked upon everyone in the forest.

His eyes showed great roiling fury. They were terrifying. He worked his psychic power immediately and spread it around the forest.

Bai Chen sensed Hua Foo Fo’s psychic power. He did not hesitate to use the eternal truth of time and leapt towards where Zhien Wu Shuang was.

On the way there, he did not expect to meet two secondary sky soaring beasts. He did not hesitate to kill them and quickly put their bodies inside his dimension ring. He continued to leap forward.

Once he got there, Bai Chen took Zhien Wu Shuang and left immediately. Of course, he was using his maximum speed. He did not even care about how much spirit qi he had lost.

He wanted to head to Wu Zhou city. He had to go there because Wu Fan was there. He had to kill Wu Fan, otherwise history would repeat itself!

Bai Chen finally got out of the forest when it had almost reached the time limit of the eternal truth of time. His face grew pale because he was almost out of spirit qi.

Once he got far from the forest, time started to proceed normally again.

“Why can’t I find him?!?”

After spreading his psychic power around the whole thousand-beast forest, Hua Foo Fo could not help but frown. He could not sense the man who took his five elders’ lives at all.

“It’s possible that he’d run away!” Hua Foo Fo considered this possibility. His face suddenly grew dim with vengeful fury.

“Damn this!” His growl was so loud, it shook the whole sky. He was very angry that he was too late.

“Whoever you are, I’ll find you and kill you!” Hua Foo Fo swore to himself and leapt towards where Zhien Chang Chen and the rest of the elders were killed.

Once he got there, Hua Foo Fo’s eyes widened a little when he saw a primary sky soaring beast feasting on Gu Leng Woo’s body.

“Animal! How dare you!” Hua Foo Fo was furious. He pointed at the beast.

The beast shook with fear. In the blink of an eye, the beast exploded into a bloody fog. Even its core was shattered along with the body!

Then, Hua Foo Fo looked down. His face turned a little paler.

“Not only Gu Leng Woo, Zhien Chang Chee, Zhien Chang Chen, Kong Xing Hoo, and Li Ni Shang, but also Gu Yang and Zhien Roo!”

He felt as if he’d just swallowed a turd. He did not expect that the number one genius of the sect would be killed too. Zhien Roo was also second to Gu Yang.

This meant that the future of the sect had also been killed!

“AGHHH!” Hua Foo Fo growled and gushed out blood. He tightened his fists. He did not know where he should be venting his anger.

Then, he realised where he was. His eyes started to turn red. He raised his hand and put his palm forward and slammed it against the ground.

Suddenly, the enormous shadow of a hand appeared and crushed the whole thousand-beast forest!

Everything was crushed. The land had turned into nothingness with a big handprint on the ground!

Not a single life survived. Everything was dead under that hand!

This was the power of a divine realm cultivator!

Everything below the divine level...were tiny ants!

Chapter 485 Wu Zhou City

Three days later, from the day Bai Chen brought Zhien Wu Shuang out of the thousand-beast forest. At this time, he had finally arrived in Wu Zhou city.

It was truly such a vast city. The city wall spread so far that eyes could not see the end of it.

The city was very crowded. Most of the people...no, everyone was a cultivator. None of them were normal people.

However, it was only normal since normal people could not survive here.

“Big bro Bai, there are a great many people here.”

Bai Chen was walking down the road within the city with all the pedestrians.

A 10-year-old girl was walking beside him. Her big round eyes widened with surprise. She had never seen anything like this before.

This girl was Zhien Wu Shuang. Bai Chen was holding her hand because he was afraid that she would get lost among all these people.

When Zhien Wu Shuang woke up, she was confused and very scared of what she saw. The man in front of her was not her wicked father who had always been beating her up, but it was a young man with a kind-looking face.

She could feel a wave of warmth inside her. This was the very first kindness that she received in her life.

At that time, Bai Chen did not wait until she'd realised what had happened. He told her about how he saved her from Zhien Chang Chee, her father, and lifted the curse on her body.

Zhien Wu Shuang screamed with surprise. She did not want to believe it that there would be a way to erase the loathsome patterns on her body.

Once she saw herself in the mirror that Bai Chen gave to her, tears ran down her cheeks. She cried a great deal. It was not a sad one, but it was an extremely happy one!

Zhien Wu Shuang was delighted. Even though she was only 10 years old, she was a clever girl. She knew that she would not be bullied anymore without those patterns on her body.

However, she did not plan to go back to the Zhien family, even though her mother was there. She did not want to go back to hell. There was no way she would do that!

She begged Bai Chen for his permission to let her tag along. Bai Chen, of course, could not say no. He quickly nodded and flashed her a kind smile. That warmed Zhien Wu Shuang's heart greatly. She had been calling him 'big bro Bai' after that.

Actually, this sounded a little strange to Bai Chen since she'd called his future self 'little bro Bai'.

Now that he was 'big bro Bai', it was normal for Bai Chen to feel strange.

“Of course, this is Wu Zhou city.” Bai Chen smiled kindly and led her into a restaurant where there were only a few people. He sat her down at the table and ordered a lot of food.

This was because she had been treated poorly, she stomach had never been fulfilled. That was why Bai Chen decided to take her here and treat her delicious food.

Knowing that, Zhien Wu Shuang was very happy. She thanked Bai Chen a great many times.

Bai Chen merely smiled kindly at her. After that, he called the Life Changing System window up.

Seeing all those details, it was obvious that he had completed the sub-mission of collecting 3 cores of secondary sky soaring beasts. That was why he'd gained 6 more levels and 600 more magical bonuses. There was also a new sub-mission for him.

It was completed right when time had started to proceed normally again after using the eternal truth of time 3 days ago.

The details of the completed sub-mission was...

[Mission Complete!]

Sub-mission: Collect 3 cores of secondary sky soaring beasts (Success)

Reward: You have received 600 points and 600 magical bonuses

"Go to the centre of Wu Zhou city?" Bai Chen muttered to himself.

He read the details of the next sub-mission.

[Sub-mission: Go to the centre of Wu Zhou city]

Description: You have to go to the centre of Wu Zhou city and plant this red flag

Reward for success: Win 190 points + 190 magical bonuses

After he finished reading the details, Bai Chen frowned a little.

Then, a red flag appeared in front of him and vanished into his dimension ring.

He thought that this red flag was the flag that he should plant at the city centre.

The centre of Wu Zhou city was where the Wu dynasty's residence was. It was also coincidentally where Bai Chen was heading since Wu Fan was there. He would go there and kill him!

Therefore, this sub-mission was nothing to Bai Chen.

Actually, it was very easy. He had to go there anyway, and the city centre was vast.

Thus, he could put the flag anywhere around there and the sub-mission would be done!

Chapter 486 Wu Fan

There was a palace established at the centre of Wu Zhou city. It was very beautiful and luxurious. It was enormous. It was surrounded by a beautiful golden wall. The entrance was huge.

This grand palace belonged to the Wu dynasty.

The Wu dynasty was the number one authority in Wu Zhou city because a salvation realm cultivator was supporting it.

He was the most well-known person in Wu Zhou city. He was the strongest one here.

However, he had not appeared for a long time. Only a few people knew his current state.

There was a rumour that he was already dead. People had started to forget about him.

However, of course, not all of them. Those bigwigs from authorities knew full well that the salvation realm cultivator of the Wu dynasty was still alive. If he was dead, the Wu dynasty would not be able to maintain its position.

Let alone being number one!

In one of the rooms inside the palace with small candles as sources of light, a middle-aged man was tapping his fingers on a table. He was deep in thought about something.

The middle-aged man had an oval face and small eyes. He dressed in a Wu dynasty uniform with the word 'Wu' in the middle.

If Bai Chen was here, he would have been able to tell who he was.

Even if he died, he would never forget the face of Wu Fan, the wicked man who'd killed Long Xu In and Li Lin. If he did not exist, they would not have died for him in the future!

"It's been a long time, yet I've never met other Life Changing System owners. I wonder where they're hiding." Wu Fan frowned.

It was obvious now that he had never met other system owners until now.

"Maybe it's because I've always been here. I should have gone out and searched for them in other big cities too." Wu Fan's eyes turned slightly cold.

He had now reached the legendary realm. Thus, he was not afraid of others.

He believed that among 12 system owners, he was the strongest one.

If he met one, he was certain that he would be able to kill him!

"In the war of the system owners this time, I'll be the winner!" Wu Fan spoke arrogantly as if the others were nothing to him.

At the same time, he dreamt about his one wish that would be granted after winning.

He would ask for eternal life!

He wanted to be immortal!

"Great master Wu Fan." At that time, a voice called out to him from the outside.

Wu Fan frowned a little with dissatisfaction. He responded, "What is it?"

It was obvious that Wu Fan's position in the Wu dynasty was very high.

A great master was a title for a prince and a princess' master of the Wu dynasty!

"Great master, elder Wu Heng calls for you," the voice answered Wu Fan.

Wu Fan halted for a little while. He did not expect that elder Wu Heng would want to see him. This elder Wu Heng was the younger brother of the emperor, Wu Wang Tien!

Of course, his level was not ordinary. He was a tertiary legendary cultivator who only needed to take a single step more to reach the divine realm.

"I'll be there in a second. You may leave." Wu Fan was a little annoyed. If the Wu dynasty was not of use to him, he would not be here as their underling.

"Yes," the voice responded. Footsteps sounded and faded away.

"What does he want me for?" Wu Fan wondered before standing up and leaving the room.

Shortly after that, he arrived at the stone court beside the palace.

The guards greeted him respectfully and let him through.

Wu Fan saw an old man standing there. He was in the same outfit as him.

The old man's hair had gone all white. He was Wu Heng, the younger brother of emperor Wu Wang Tien. He was only second to one and first to the rest of the people in the city!

"Old man, why did you call me?" Wu Fan did not show him any respect at all. He asked question immediately.

Hearing that, the old man Wu Heng laughed a little. "Wu Fan, you're still as ill-mannered as ever. However, I like you for it. You don't pretend to greet me with false respect like someone."

"You mean Wu Gua Nieng?" Wu Fan spoke through his teeth. "Just let her be. You know how annoying she is."

"You're right." The old man Wu Heng laughed. He did not like Wu Gua Nieng at all.

Wu Gua Nieng was at the same level as him. Her position here was a rank lower than him. She was the highest elder of the Wu dynasty.

Every time they met, Wu Gua Nieng would pretend to greet him with respect. She did not think that she should respect someone like Wu Heng.

This was because they were at the same level. Thus, there was no need for her to respect him.

Wu Heng being the younger brother of the emperor was what forced her to do it.

"And what business do you have with me here?" Wu Fan asked again.

"It is a very important matter." The old man Wu Heng's face turned serious.

"Our spy reported that 3 days ago, Hua Foo Fo, the lord of the Azure Sword sect, rushed out of Wu Zhou city to the thousand-beast forest close to Gong Chieng city's border. Shortly after that, no one knew why he slammed one of his palms down and utterly destroyed the whole forest!"

"Don't tell me he's gone mad!" Wu Fan was alarmed. He had been in town for years, so he knew who Hua Foo Fo was. "You called me for this?"

"Yes." The old man Wu Heng nodded. "I want you to help me think of the reason why Hua Foo Fo would go to the thousand-beast forest, even though it was not something a divine realm cultivator like him would be concerned about!"

"All right." Wu Fan agreed to help.

Chapter 487 An Encounter Above The River

Time passed until the night came. Bai Chen rented a room in a tavern and told Zhien Wu Shuang to rest.

Once she fell asleep, he put up a barrier around the room and rushed out of the tavern.

His destination was the city centre. He would be there for the next sub-mission.

However, the sub-mission was not his main goal. It was Wu Fan.

If he met him, he would kill Wu Fan immediately. He deserved as much for killing Long Xu In and Li Lin, both of his beloved women!

Bai Chen did not fly there since flying was forbidden here according to the law.

If one broke the law, he would be severely punished by the ruler, who was a member of the Wu dynasty.

Bai Chen walked towards the city centre. He did not rush things.

It took him a while because the centre was quite far away.

Bai Chen walked past a great many pedestrians in town. No one paid attention to him because he had already suppressed his power down to only a primary earth solid level.

His power suppression was quite something. Other than divine ones and above, no one would be able to tell that he was actually a secondary sky soaring cultivator and would reach the tertiary stage very soon.

Four hours passed quickly. Bai Chen almost reached the city centre.

The centre was totally different from the other parts of town. There were a great many luxurious buildings that surrounded the grand palace.

“Wu Zhou city was still the same...as what I see in my future memories,” Bai Chen murmured. He finally arrived at the centre of the city.

Meanwhile, he also looked for an empty alley. Once he found it, he headed there.

A red flag appeared on his hand. This flag was the one that he should be planting at the city centre according to the sub-mission’s detail.

Thud!

The red flag was planted on the ground.

Suddenly, it was absorbed into the ground. A mission-accomplishment notification sound rang inside Bai Chen’s head along with a pop-up window appearing in front of him.

Ding!

[Mission Complete!]

Sub-mission: Go to the centre of Wu Zhou city. (Success)

Reward: You received 190 points and 190 magical bonuses

Bai Chen nodded once before he closed the window with satisfaction. He had now reached level 60 and gained 3,790 magical bonuses.

He still needed a few more magical bonuses, and he would be able to do an exchange for a supreme randomisation chance!

Bai Chen was about to bring up the new sub-mission window. However, before he could do that, his body started to tremble violently. His facial expression changed. A vein popped up on his forehead.

His eyes turned reddish and cold.

“Wu...Fan!” Bai Chen said. It was definitely Wu Fan’s strong aura that made him like this.

Wu Fan’s aura was still vivid in his future memories. He would not have forgotten it even if he died. That was why Bai Chen recognised it right away.

Bai Chen tightened his fists. His killing aura was emitted from his body. The air around him was chilled. He looked at one direction, which was where Wu Fan was heading, and it was the way to the city exit.

Even though there was a law against flying, Wu Fan seemed to be granted a special privilege. He was flying around in town.

“Wu Fan, just you wait. I’ll go and kill you now!” Bai Chen suddenly neglected the law of the city and used his invisibility technique before flying into the sky. He quickly followed Wu Fan.

Only legendary ones and above would see through his invisibility technique.

Due to that, no one realised that he was breaking the law.

“The thousand-beast forest has already been destroyed. I wonder what that old fart Wu Heng was thinking, sending me out there to check why Hua Foo Fo, the lord of the Azure Sword sect, did that.”

While flying above the city, Wu Fan complained in displeasure. He was being used again.

After talking with the old man Wu Heng, he did not expect that he would be asked to go check about what happened with Hua Foo Fo. That was why he had to be out here.

Shortly after that, Wu Fan exited the city and headed towards the forest.

Wu Fan did not rush it. It was obvious that he did not want to do this errand.

Two hours later, Wu Fan was still flying in the sky above a long and beautiful river.

“Wu Fan, you son of a bitch!”

Suddenly, an aggressive voice sounded. Wu Fan quickly halted.

“Who is that?” Wu Fan turned to the source. He started to feel angry.

He wanted to know which son of a bitch had dared to challenge him—he who was a primary legendary cultivator.

“It’s me,” Bai Chen answered. He finally caught up with him.

At the moment, he was standing there in mid-air, only about 10 steps away.

Once he saw Bai Chen, Wu Fan narrowed his eyes. They shone with surprise. “A secondary sky soaring cultivator. You must be a great genius. However, you’re not those two from the Wu dynasty.”

“However, whoever you are, I don’t care. Whoever dares to call me like what you did, I’ll kill him!” Wu Fan’s voice was cold. His killing aura gushed out of his body.

Even though he did not know that Bai Chen was also a Life Changing System owner, he still had to kill Bai Chen.

The reason was easy. Bai Chen had dared to challenge him!

Chapter 488 Level Up While Fighting

“Kill me?” Bai Chen’s face was emotionless, even though his eyes were full of his intent to kill. “If you have the power, give it a try.”

Hearing that, Wu Fan’s face twisted. He shook with anger. Even more of a killing intent was emitted from his body. The air around them could not help but grow colder.

“Such arrogant words!” Wu Fan growled loudly.

Brown spirit qi threads gushed out of his body, making the air around him shake violently as if it could not withstand the power of his spirit qi.

“You think I, Wu Fan, don’t have the power to kill a trash like you?!?” Wu Fan’s voice gradually turned colder.

“Don’t overestimate yourself. Or do you think you’re a great genius and no one can kill you?”

“Ridiculous! This is too ridiculous!”

Bai Chen looked at Wu Fan coldly. “Stop with the nonsensical rambling. I’m here to kill, not to listen to your nonsense!”

“You!” Wu Fan was so angry that his face turned dark green. He swore that no one had ever made him this angry before. Bai Chen was the first. His facial expression turned even scarier.

“Good, good, good! Then, I’ll kill you right now!” Wu Fan growled again and leapt towards Bai Chen at an incredible speed.

His speed was very fast since he was a primary legendary cultivator, even though he had not used his maximum speed yet.

Shortly after that, Wu Fan was in front of Bai Chen, He raised his hand and slammed it forward. His brown spirit formed a shape of a hand. It was truly terrifying. It dashed at Bai Chen!

Bai Chen did not plan to mount an evasive move. He knew full well that Wu Fan had not used even half of his power with this.

Bai Chen could fight this hand in hand, even though he was only a secondary sky soaring cultivator.

Bai Chen suddenly raised his hand up and slammed it back. His silver spirit qi gathered. It shone a bright silver and hit Wu Fan's spirit hand.

Boom!

The collision was loud. The air trembled and the clouds around them vanished. The river below wavered violently.

“What?!?” Wu Fan was surprised. His face slightly changed colour. He did not expect Bai Chen to be able to counter him without any injury.

However, he did not have much time to think about it because Bai Chen was dashing towards him and slamming both of his hands at him.

The silver light exploded and covered the whole sky. It leapt towards Wu Fan as if it wanted to crush Wu Fan to shreds.

“How dare you!” Wu Fan was furious, seeing that. “How dare you do this?!?”

Swoosh!

Then, Wu Fan tightened his powerful fist and threw it out. A huge wave of brown spirit qi appeared and lunged out.

With anger, Wu Fan used 3 proportions of his power. He thought that this was enough to kill Bai Chen. He did not have to go all out or use even half of it.

Even though Bai Chen could withstand his first hit, Bai Chen was still only a secondary sky soaring cultivator. He was nothing to him.

If Bai Chen had not picked a fight with him and angered him to the point that he wanted to kill, he would not have wasted his time with him at all.

Boom!

A sound of the collision occurred a lot harsher than earlier. This time, the air broke apart and an aggressive whirlwind was formed.

Bai Chen's face changed colour. Both of his hand bled and they were in pain.

However, this little pain did not hurt him. His face was still emotionless. He still wore an intent to kill on his face and eyes. He made several steps back because of the blow.

Wu Fan was still at the same place. This was obviously the difference between their level.

“What about it? You're very skilled, aren't you?” Wu Fan laughed coldly. He had decided to kill Bai Chen because he did not want to waste his time with something quite worthless.

However, before Wu Fan did anything, the sky above the spot where Bai Chen was standing suddenly changed.

There was a fluctuation. The night sky grew even darker, and the clouds started to turn black. Hundreds of blue lightning struck down on Bai Chen!

It was obviously a celestial punishment!

He did not expect the celestial punishment to happen now. Bai Chen broke into a sweat. His clothes were soaked.

Bai Chen's eyes shone with a silver light. He looked up at the sky and lightning.

“Good timing!” Bai Chen growled loudly. His voice spread out so far away.

Bai Chen was not afraid of the celestial punishment. The silver light gushed out of his body and formed hundreds of knives. They let out a sharp sound and leapt towards the terrifying lightning from the celestial punishment!

If Bai Chen passed this test, of course, he would finally become a tertiary sky soaring level!

Boom!

The air broke apart. The sky crumbled violently. Hundreds of blue bolts of lightning and the blades collided and vanished, creating a white wall of smoke that covered everything.

“A tertiary sky soaring level!” Bai Chen murmured. He did not expect that he would level up while fighting with Wu Fan. This was actually extremely good for him.

At that moment, he felt very powerful. With this power, Bai Chen strongly believed that he could win this fight.

Even though Wu Fan was a primary legendary cultivator and he had only become a tertiary sky soaring cultivator just now.

Actually, he could just use the eternal truth of time and kill Wu Fan right away. However, he thought that it would be too easy. That was why he wanted to make Wu Fan suffer and then kill him later!

“What of it?” Wu Fan sneered at him. He actually wanted to interfere with Bai Chen's reaching another level.

However, he could not do that because he was afraid of the lightning from the celestial punishment!

Chapter 489 A Fight Across Levels!

The sky turned back to normal after Bai Chen won against the celestial punishment. He was now a full-fledged tertiary sky soaring cultivator.

Bai Chen's eyes were fixed coldly on Wu Fan. “You're asking if I've reached another level or not?”

“And what of it?” Wu Fan spoke coldly. “You just went from the secondary to the tertiary stage of the sky soaring realm. Do you think you can beat me with that?”

Wu Fan shook his head. The corners of his mouth rose into a smirk of disdain. “Ridiculous! This is truly ridiculous!”

“Stop rambling!” Bai Chen’s face was still cold and full of his intent to kill.

Their conversation looped.

“You’re asking for death!” Wu Fan growled angrily. His eyes shone coldly. His face showed his intent to kill. His killing aura gushed out from his body.

His brown will covered his body even more aggressively.

Suddenly, Wu Fan put one of his feet forward. He completely vanished.

“I’ll show you the difference in power between you and I, you animal!”

A cold voice echoed in the air from no specific direction. However, it was definitely Wu Fan’s.

Bai Chen raised his eyebrows, yet his face still remained emotionless. He was not alarmed when Wu Fan vanished because he knew that Wu Fan did that to find an opening and attack him from behind.

The silver light covered Bai Chen’s body. The air around him trembled slightly.

It was obvious that Bai Chen was certain that he would be able to fight Wu Fan.

He was confident in his ability. Even though Wu Fan was a primary legendary cultivator, he could still fight with the other person on equal footing. He knew that he was powerful enough to fight across levels, meaning that he could fight a man of a higher level!

He was not certain that he would be able to win the fight. However, even so, he still had a trump card called the eternal truth of time. Wu Fan would not be able to run away from that!

He would only use that when he thought he had no choice.

“Die!”

Suddenly, an aggressive growl sounded behind Bai Chen. Wu Fan appeared out of thin air and threw a fist through Bai Chen’s body.

His attack did not create any sound, and it was completely merciless!

“So weak!” Wu Fan laughed very loudly. His fist went through Bai Chen’s heart. Bai Chen would not be able to escape his death!

It was only normal for Wu Fan to say that Bai Chen was ‘so weak!’

However, it was unexpected that right after his laughter, Wu Fan’s facial expression changed a little. His eyes widened. Bai Chen’s body slowly wavered and vanished as if it was an illusion.

At the same time, a cold voice sounded in Wu Fan’s head. “Who exactly is going to die?”

Wu Fan trembled. He sensed danger that made his heart turn cold. Without hesitation, he pushed himself forward with his maximum speed.

However, Wu Fan met a silver punch thrown at his face.

“Damn it!” Wu Fan exclaimed. Yet, it was too late to dodge it. The only thing that he could do was to raise his arms up to guard it.

Boom!

Bai Chen’s powerful fist hit Wu Fan’s arms violently. Wu Fan was pushed back more than 10 steps. His arms trembled and were in pain.

The pain was not tremendous, but it was still painful.

Feeling the pain and being pushed back from Bai Chen’s one blow, Wu Fan’s face showed surprise.

He did not expect that a tertiary sky soaring cultivator would be able to push him back 10 steps like this with only a single punch.

However, his surprise was not there for long. Wu Fan’s face started to turn ugly with rage.

Since he had come to the celestial world, he had never been punched like this. Everyone respected. He always got what he wanted. Even though he was annoyed by the Wu dynasty that always send him out for errands, it did not happen very often.

How could he not be angry with this?

Wu Fan had become so furious that he’d blasted all of his brown spirit qi out. The air around him could not withstand it and broke apart, creating a black dimensional rift.

Wu Fan’s eyes were full with his intent to kill. His killing aura ran all over him.

It was obvious that Wu Fan had already gone all out. His anger towards Bai Chen was indescribable.

“Take this!” Wu Fan leapt towards Bai Chen. He was so fast that he appeared in front of Bai Chen in the blink of an eye.

Seeing that, Bai Chen’s face turned serious.

He did not hesitate to go all out. Such a great deal of his silver spirit qi gushed out, it covered the whole sky.

Bai Chen curled his hand into a fist and swung it at Wu Fan immediately.

“You’re asking for it!” Wu Fan was furious to see Bai Chen’s counterattack. His intent to kill in his eyes grew even more.

He threw his fist out and hit Bai Chen’s.

Boom!

The air broke apart because of the collision. Both of them were very powerful.

Boom!

After the first blow was landed, the second and the third followed. Then, more and more of them followed—the number was impossible to count.

Bai Chen and Wu Fan was in such a furious fight. Both of them went all out. No one was afraid of each other.

The sky crumbled. The river below parted until the ground under it could be seen. Some of the beasts in the river were so afraid they fell to their death!

“You... You can fight across levels!” Wu Fan’s face changed colour with utmost surprise to see that Bai Chen could fight with him on equal footing!

What would it be if it was not a fight across levels?!?

Chapter 490 A Supreme Technique

“You son of a bitch! Why don’t you die already?!?”

An aggressive growl echoed around the area. It was Wu Fan. His face was ugly with all the rage and pain.

There was blood at the corner of his mouth. Both of his hands were soaked with blood. His bones could be seen.

Boom!

After the last blow, Wu Fan stepped back. He realised that this fight would not be settled easily.

This was because their power was equal, even though he was a stage above him.

Honestly, Wu Fan did not want to accept this, but he had to. He had already seen it that Bai Chen could fight across levels!

“You ugly great genius!” Wu Fan growled loudly with dissatisfaction.

Bai Chen did not care about what Wu Fan had said. He also stepped back. They were now 20 to 30 steps apart.

Bai Chen’s state was not that different from Wu Fan. Both of his hands were also soaked with blood, and his finger bones were showing. His face was a little pale. Blood seeped from the corners of his mouth.

However, that did not decrease his intent to kill Wu Fan!

‘Xu In, Li Lin, I’ll avenge you!’ Bai Chen thought.

This was his original determination since the first time that he’d gotten the memories from his future self. He wanted to kill Wu Fan. This son of a bitch took the lives of his beloved girls in such a short time.

How could he let him live when there was a chance for him to kill!

“Wu Fan, a son of a bitch like you shouldn’t live on anymore!” Bai Chen’s face was cold. “I’ll kill you, you animal!”

“Arrogant!” Wu Fan growled. He was quite furious. “We’ll see who’s going to be killed!”

Then, Wu Fan waved his hand and a brown iron hammer appeared. Its powerful aura trembled the whole sky.

“Try dealing with my hammer first. If you can continue living, you can then say that you are going to take my life!”

Wu Fan smirked maliciously. His face showed so much confidence.

The brown hammer was not an ordinary one. It was actually a supreme weapon!

He had to spend 5000 magical bonuses for it.

“A supreme weapon!” Bai Chen’s face changed colour. He tightened his fists regardless of the pain he felt. His face was intense. He did not expect Wu Fan to get a hold of a supreme weapon this fast.

He thought that Wu Fan must have already collected 5,000 magical bonuses, otherwise he would not be able to have the weapon in his possession that scared even a salvation realm cultivator.

There were only seven supreme weapons in Wu Zhou city. Each of them was owned by seven authorities of Wu Zhou territory. Among them, none was a hammer.

“Little boy, is your opponent so strong you have to use me?” While Bai Chen was feeling mentally burdened, the brown hammer laughed out loud and danced in the air as if it was stretching.

“Hammer god, please kill him!” Wu Fan spoke to the hammer with utmost respect.

It was obvious that the hammer had a mind of its own.

It was only normal since all supreme weapons and higher were like this.

“Hehe. This is easy.” The hammer god laughed happily, while ‘scrutinising’ Bai Chen.

Suddenly, it exclaimed. ‘Whoa... isn’t this a great genius, being a tertiary sky soaring cultivator at this young age?’

“Outstanding. It looks like you can also fight across levels. Only a few can do this. No wonder why this Wu Fan boy had to call a hammer god like me out.”

Bai Chen looked at the hammer and narrowed his eyes. “Isn’t it too much to call yourself a god?!?”

The brown hammer suddenly halted.

Wu Fan’s eyes widened they almost popped out of their socket. His body trembled quite violently. His heart pounded very loudly. He looked at Bai Chen as if he was looking at a madman.

‘Has his brain been kicked by a donkey that he dared to defy a supreme weapon?!?’ Wu Fan thought Bai Chen had been kicked in the brain to the point

that he had turned stupid. No one in their right mind would be so daring as to enrage a supreme weapon. Even he himself did not dare to.

Despite the fact that Wu Fan was a Life Changing System owner, he was not that strong compared to a supreme weapon. He could actually be killed at any time by a supreme weapon!

Due to that, it was only normal for Wu Fan to think that Bai Chen must have gone crazy because he did not dare to do it.

“How dare you!” After a while, the hammer’s rage went to its peak. Its voice echoed and broke the air apart. The river was dried up. The pressure was strong.

How could a ‘hammer god’ like him not be angry when a mere human dared to defy him!

“And what of it?” Bai Chen did not feel anything. Both of his hands started to move. The silver light around him flickered.

Suddenly, the dimension ring on Bai Chen’s finger shone brightly and a large number of weapons appeared.

They were all of the weapons that he possessed. There were over 20 medium-grade, 15 to 16 semi-high-grade, and more than 10 high-grade weapons.

Moreover, he also had one semi-supreme-grade weapon, which was the nail that he had gotten from Zhi Hua Tien’s coffin.

Once every weapon gathered, Bai Chen’s eyes shone brightly. He muttered. “Assemble!”

After that, all of them trembled madly and gushed out their power. They leapt towards each other. It was so bright that it was blinding.

However, the silver light was only there for a short time. Once it vanished, there appeared a gigantic silver sword that emitted a magnificently aura that rivaled the heavens.

The sky and ground were in turmoil with this sword’s appearance!

“Weapon assembling technique!” Bai Chen moved his hand and the sword sailed through the air to get behind him.

This weapon assembling technique was a supreme technique!
