

Life Changing 491

Chapter 491 Supreme Vs. Supreme

“T...The supreme technique!” The brown hammer, that called itself a god, exclaimed loudly.

It knew right away that the technique that Bai Chen was using was a supreme one.

“What? A supreme technique?!?” Hearing that, Wu Fan was so surprised, his eyes almost popped out of their sockets.

He looked at Bai Chen and the giant silver sword behind him with disbelief.

“This is indeed a supreme technique.” Bai Chen spoke calmly. He did not feel anything towards the surprise of the hammer and Wu Fan.

The weapon assembling technique was one of the scariest techniques. It could combine weapons to make one that was stronger. The more weapons, the terrifying the result!

The big silver sword behind Bai Chen was the result of his medium-grade, semi-high-grade, high-grade, and semi-supreme-grade weapons combined. The combination created a supreme weapon!

It proved how terrifying this weapon assembling technique was.

However, the technique did not have only benefits. It had drawbacks, too.

The cost was that the combined weapons could not be separated anymore. They would also vanish after use.

The giant silver sword, a supreme weapon, could only be used once.

This was the great cost he had to pay for this technique!

“Hmph! What about it? I’m going to crush it!”

After suppressing its alarming emotion, the hammer growled with utmost confidence.

“Even though the power is equal, it’s still a mindless weapon!”

Bai Chen did not care about what the hammer was saying. He looked at Wu Fan and spoke coldly to Wu Fan. “Wu Fan, you’ll die today!”

“Arrogant!” Wu Fan gritted his teeth. His face was sullen. “Let’s see whose death day it is!”

“Hammer god, please crush him!” Wu Fan spoke loudly to the hammer.

“No problem!” The brown hammer quickly agreed while emitting dark brown entirety qi.

The air around it trembled, and the sky looked like it was about to tumble down. The sight was terrifying.

“Little boy, accept your death!” The brown hammer growled. The sound wave swayed and echoed around them.

Suddenly, it leapt towards Bai Chen. His crushing power that was more than enough to destroy a tertiary sky soaring cultivator dashed out.

“Vanquish!” Bai Chen’s growl was full of his intent to kill.

The giant silver sword floated out of his back and leapt towards the brown hammer. Its silver aggregate qi spread out and changed a part of the night sky into day!

After that, Bai Chen jumped back far away because he could not withstand the collision between supreme weapons.

It was not only him. Wu Fan also did the same. He watched the situation anxiously.

“You’re asking for it!” The brown hammer growled with anger. It used all of its power.

Its entirety qi got stronger until the sky on its part also changed into daytime!

It was obvious that the brown hammer was very confident in its power. It was certain that it could crush Bai Chen’s giant silver sword very easily with its full power.

Even without a mind of its own, the big silver sword’s power was also terrifying. It emitted its entirety qi out and made the sky shake madly. The river went dry, and the air broke apart!

Boom!

Boom!

Boom!

Finally, both supreme weapons collided. The explosion was very loud. The sky could not withstand the force. The dimension was ripped apart!

The whole place was destroyed. It might take days until the celestial qi formed and fixed everything.

The giant silver sword shook madly. Its entirety qi shone brightly. Suddenly, it sent out a silver net to encase the brown hammer.

The hammer did not notice it, so it was enveloped by the silver net. It suddenly screamed. “This is bad!”

Its voice showed fear. It tried to squeeze all of its power out.

However, it was too late. At that moment, the giant silver sword cried out and raised up. It was ready to slash at the brown hammer that was covered with the silver net.

“Don’t mess with me, a hammer god!” The brown hammer shouted with rage and fear.

“No one is messing with you. Go to hell!” Bai Chen’s cold voice echoed in the hammer’s mind.

Then, the giant silver sword slashed down at it!

The brown hammer screamed loudly before being cleaved into two pieces in only a single slash. Its spirit vanished almost immediately!

A supreme weapon was destroyed!

Once the hammer was destroyed, the giant silver sword also crumbled. Its glistening parts floated in the air and vanished. It was such a beautiful sight.

“I...Impossible!” Seeing that, Wu Fan’s eyes widened so widely that they almost popped.

Moreover, his body also trembled violently.

He did not want to believe it. He was so shocked that he almost went crazy!

Wu Fan did not expect that a supreme weapon that he’d spent as many as 5000 magical bonuses in order to get via a randomisation chance would be destroyed like this!

“This is ridiculous. How is this even possible?” Wu Fan inhaled deeply. He did not want to admit it.

Then, Bai Chen’s words acted like cold water being flung onto his head. “Nothing is impossible. I gave up all of my weapons to destroy a supreme weapon with a mind of its own. It was all worth it!”

“Animal!” Wu Fan was enraged. His surprise and disbelief had vanished. They had been replaced with the utmost rage!

Chapter 492 The End Of The Wicked Man

“You dared to destroy my supreme weapon that I spent so many years of hard work to get a hold of. I’ll take your life. Give your animal life to me!”

Wu Fan was so angry he did not care about anything anymore. His brown will gushed out of his body and formed an enormous mountain that blocked the whole sky. It emitted a sky-crumbling wave.

Even though Wu Fan had only been here in this celestial world for a little over 4 years, he had walked on the earth path and had become an earth master.

He was considered a strong earth master as he could form this gigantic mountain.

His strength was much more than the fellow primary legendary cultivators.

Zhien Chang Chee, who was also a primary legendary cultivator, would only have been able to stay alive for less than 10 minutes if he were to fight Wu Fan!

This was Wu Fan’s power!

Once the massive mountain was formed, Wu Fan did not hesitate to raise both of his hands. He opened his hands and started to control the large frightening mountain.

“Go!” Wu Fan growled aggressively.

Suddenly, the mountain leapt towards Bai Chen. It was big, yet very fast.

Bai Chen’s face changed colour slightly. He frowned as he sensed danger.

However, he was not scared. He did not plan to use the eternal truth of time. He knew that he still had more power left to kill Wu Fan.

He was actually quite confident in his power.

Looking at the terrifying mountain that was about to reach him, Bai Chen raised both of his hands and sent out his silver spirit qi.

He fully released all of his silver spirit qi since he really wanted to settle the fight and kill Wu Fan. He decided to gamble on whether he would be able to kill Wu Fan with his own power or not.

After that, Bai Chen focused his mind on the gigantic qi vapour in front of him.

Suddenly, that enormous silver qi vapour formed an enormous hand.

Once the hand appeared, everything around there trembled. It spread its strong aura out as far as 1000 metres around them.

“Take this!” Bai Chen growled softly. He raised his hand and slammed at the enormous qi vapour hand in front of him.

The big hand’s growl echoed around the area before colliding with Wu Fan’s mountain.

At that moment when the two crashed, the sound was so loud that it spread out for ten thousand metres!

The air around them was crushed to shreds. The wave from the collision was so strong and spread out before the wall of white smoke was formed.

It covered the whole area, making everything difficult to be seen.

Bai Chen was pushed further away by the collision wave. He gushed out blood and was injured. It was good that it was not a severe injury.

Wu Fan was in the same situation. He was pushed back, gushed out blood, and was injured.

Bai Chen tried to steady his footing mid-air. He used his sleeve to wipe off blood at his mouth. He looked at the wall of thick smoke.

Inside the smoke, he could still see his qi vapour hand and Wu Fan’s mountain.

“The chance to kill Wu Fan’s here!” Bai Chen talked to himself. His voice was so cold. He did not say anything more and started to use the last gush of power to jump over the smoke.

He did not expect Wu Fan to do the same.

Bai Chen looked Wu Fan in the eye. His eyes were aggressive. His killing aura was intense.

Wu Fan was the same. They each wanted to kill one another!

It was obvious that there would be one casualty today!

“You animal, accept your death!” Wu Fan growled. His hand turned into a claw that rushed towards Bai Chen.

As Wu Fan had already used up all of his power, his attack would not be as powerful anymore. He could only deal normal blows.

Even so, he was certain that he would be able to kill Bai Chen because he thought that Bai Chen must have already spent all of his power as well—and he was right.

Seeing the claw, Bai Chen’s eyes grew cold. He tightened his fist. He gritted his teeth before throwing his punch at him.

Wu Fan smirked like a winner when he saw that. He spun around quickly and slammed his claw down, aiming at Bai Chen’s head.

Bai Chen sensed the danger, but he did not dodge. Instead, he raised his arm up in a defense move.

Chop!

Wu Fan’s claw dug into Bai Chen’s arm. Blood splattered out of the arm. The pungent smell lingered in the air.

“Hahaha! How’s that, you trash!?” Wu Fan laughed madly.

In the blink of an eye, his laughter halted as he was about to be punched in the face.

Wu Fan’s face showed utmost surprise. He thought about dodging it.

However, he was too late!

Thud!

Bai Chen’s fist hit Wu Fan’s face so hard that it broke into lumps of disgusting flesh!

Wu Fan’s headless body twitched several times and went still—and it would be still forever!

Wu Fan was now dead. The life of the wicked man who took Bai Chen’s two beloved women had ended!

Wu Fan did not even get to know that Bai Chen was also one of the Life Changing System owners. If he knew, he would be even more torturing before he died. He was very confident that he was stronger than other owners, yet he had been killed by one of them.

Bai Chen pulled the claw out of his arm and sighed.

Actually, he wanted to torture Wu Fan until he begged for his life before killing him, but the situation did not allow him to. That was why he had to kill him just like this.

Bai Chen shook his head before throwing Wu Fan’s lifeless body into the river below.

Splash!

The water in the river splattered out. Wu Fan's corpse vanished into the cold river.

It was a shame that Bai Chen did not have any more power left, otherwise he would have ripped the corpse to absolute shreds!

Chapter 493 Return To The Present World

Time passed quietly. In the blink of an eye, a month had already passed. Bai Chen's injuries that he received from the fight with Wu Fan were completely healed.

He was teaching the little Zhien Wu Shuang his techniques in their room inside a tavern.

Zhien Wu Shuang was a diligent girl. She would likely be able to become a nascent cultivator within days.

Seeing that, Bai Che smiled kindly at her, while thinking about what to do next.

Wu Fan, the man who'd killed his beloved women was dead. Bai Chen was relieved.

However, he could not stay still. Even though Wu Fan was a bad man who planned to kill every system owner in the present world, he was not the strongest among 12 of them.

The strongest one was the owner of Sigray, the ninth system. His name was Lua Jin Ming.

Lua Jin Ming's strength was incomparable. He was Bai Chen's arch enemy in the future.

His future self had had a hard time dealing with Lua Jin Ming himself before he had been able to kill him.

One could say that his future self had almost lost to Lua Jin Ming in the last fight of the war!

'My next target is Lua Jin Ming!' Bai Chen decided. He thought that getting rid of Lua Jin Ming the earlier the better.

"It's a shame that Lua Jin Ming isn't in Wu Zhou territory." Bai Chen could not help but shake his head. "Maybe I should reach the legendary realm faster and go see Lua Jin Ming in Ping Zhou territory!"

It was obvious from Bai Chen's words that Lua Jin Ming was not in Wu Zhou, but Ping Zhou territory.

Going there was not easy. It was a very long way to travel.

There was only one way to go there: taking the Wu dynasty's qi ferry.

Among the seven authorities, only the Wu dynasty owned the qi ferry.

However, to be on it was not easy. For the past hundred years, they had never let anyone on it.

"It sounds difficult, but there's still a way," Bai Chen muttered to himself. His mysterious-looking eyes looked outside the window, seeing pedestrians everywhere.

“I haven’t seen the notification saying that there’re only 6 system owners left. That means there’re still more than 6 of them.” Bai Chen blinked several times.

There would be a notification if 6 owners had died.

“However, it shouldn’t be long since I already killed 3 of them.”

Bai Chen was very confident that he would receive the notification soon. The 3 owners whom he had killed were Tien Wen, Han De, and Wu Fan.

“Big bro Bai, what are you mumbling about?” While Bai Chen was thinking about things, Zhien Wu Shuang’s cute voice asked this question.

She was focusing on absorbing the celestial qi when he heard Bai Chen’s voice. That was why she opened her cute round eyes to look at him.

Bai Chen laughed softly. “Nothing. I’m just rambling. I’m sorry I distracted you.”

“Not at all.” Zhien Wu Shuang laughed happily. Talking with Bai Chen always made her happy.

Bai Chen stood up from his wooden chair. He’d decided on something and looked at Zhien Wu Shuang.

“Wu Shuang, I won’t be around for five days. There’s some important business I have to take care of. Please don’t leave this room, understood?”

“Where are you going, big bro Bai?!?” Zhien Wu Shuang’s cute little face was alarmed. She was afraid that Bai Chen would leave her.

It was only normal for her to experience this fear because she had experienced a lot of hardships before. Meeting a kind man who actually took care of her and gave her a comfortable place to stay like Bai Chen was a blessing. That was why she was afraid that she would lose Bai Chen.

Bai Chen saw through her and smiled. He walked towards her and patted her head gently. “Don’t worry. I’ll be back for sure.”

“You promise?” Zhien Wu Shuang was hesitated. Then, she nodded with a serious face. This girl looked so adorable when she does a serious face.

“Of course.” Bai Chen smiled tenderly and made a pinky swear with Zhien Wu Shuang.

Once he did that, he said goodbye and gave her a high-grade defensive item. He insisted that she must not leave this room. He even put a spell on her so that she would not feel hungry for the next 5 days.

Then, he put up a barrier for the room. Once everything was complete, Bai Chen left immediately.

He reappeared again up in the sky not so far from Wu Zhou city.

“I didn’t plan to go back before I win the war. However, now that Wu Fan is dead, I feel like going back.” Bai Chen stared into the night sky.

The moon was there in the middle of the sky. It was truly brilliantly beautiful. He inhaled deeply.

“I’ll be back there only for 5 days. Just 5 days. That shouldn’t be enough time for other owners to surpass me!” Bai Chen murmured softly. “I want to go back to the present world!”

Suddenly, a translucent window popped up in front of him.

[Would you like to go back to the present world?]

(Yes) (No)

Bai Chen’s finger pushed the yes button.

In the next second, a beautiful silver dimension rift appeared in front of him. It was big enough for a lot of people to go in at the same time. The middle of it was like an aggressive whirlpool.

It was obvious that it was a dimensional rift that led Bai Chen back to the present world. It was the same one that Namiana had used to bring him here.

Bai Chen looked at the rift for a short while before walking in without hesitation.

In the blink of an eye, he vanished into the silver dimensional rift.

The place went back to normal as if there was never a dimensional rift there before.

However, a few people knew about it.

The other system owners received a notification that popped up in front of them informing that one of them was going back to the present world!

Chapter 494 Four Divine Realm Cultivators!

About a month ago, shortly after killing Wu Fan, Bai Chen had already left this place and back to Wu Zhou city.

However, less than 2 hours after that, a man appeared above the river where the fight happened.

He was a middle-aged man with a nice skin. He looked glorious and emitted an auspicious aura. He wore a golden robe with a pattern of dragons and the word ‘Wu’ on it. There was a faint shadow of a crown on his head.

It was obvious that he was from the Wu dynasty.

“Wu Fan is dead...” The middle-aged man muttered softly. He looked into the river and waved his hand slowly to call Wu Fan’s headless body up from the cold.

“Such cruelty.” A voice sounded. It was not from the middle-aged man of the Wu dynasty. It was another middle-aged man who had just appeared.

This middle-aged man was a little plump. He dressed in luxurious clothing. Both of his hands were full of golden jewelry.

“Tien Chiu Yi.” The middle-aged man from the Wu dynasty looked at the other man and recognised him right away.

It was Tien Chiu Yi, the current head of the Tien family, one of the two strongest families in Wu Zhou city. It was the family that had established the Tien Nan trade association.

“You’re right. It was cruel.” After Tien Chiu Yi showed up, another man appeared.

He was a strong man with a tanned skin. He dressed in an old sleeveless shirt.

“Sen Bai Zhee.” Tien Chiu Yi looked at him and called the name coldly.

Sen Bai Zhee looked Tien Chiu Yi in the eye and smirked. “Tien Chiu Yi, long time no see. My deepest condolences for the loss of your second elder, Tien Zhun!”

Tien Chiu Yi’s lips twitched. He felt angry. This Sen Pai Zhee was the lord of the Deity Warfare sect.

The Deity Warfare sect and the Tien family did not get along. However, they were not at the point of killing each other.

However, the recent situation actually broke them apart.

During the Xin Ye coup, Tien Zhun, the second elder of the Tien family, had been killed by Sen Ban Qeng, the first elder of the Deity Warfare sect.

Their fight shook the whole Xin Ye city. It was true that Tien Zhun was killed, but Sen Ban Qeng also had a lot to pay. He lost both of his eyes and arms.

However, his cultivator power was still there. He still needed more than 10 years to be completely healed.

With that, the Deity Warfare sect and the Tien family broke apart.

Tien Shang Hai’s coup was a failure, and Tien Shang Hai also died during the coup.

Lei Bi Dang and Song Hua also died.

It was obvious that the Deity Warfare sect lost a lot less.

However, what they had lost was Zhang Wei, the sixth elder, and Po Hang, the ninth elder.

“Tien Chiu Yi, Sen Bai Zhee, is this the time to argue?” A cold voice sounded, and a thin and tall man in white appeared.

“I, Fan Tan Fong, greeted the Wu emperor with respect.” Once he appeared, he did not care to look at Tien Chiu Yi and Sen Bai Zhee. He looked at the middle-aged man from the Wu dynasty and clasped his hands together in the manner of cultivators to greet him.

The first man who came from the Wu dynasty was the emperor, Wu Wang Tien!

Wu Wang Tien nodded at Fan Tan Fong. Fan Tan Fong was also at a high position like others here. He was the head of the Fan family, one of the two strongest families in Wu Zhou city.

It was alarming to see 4 heads of the authorities here at the same time!

Also, they were all divine realm cultivators!

There were only a few divine ones in Wu Zhou city!

“Who am I to be so rude? I, Sen Bai Zhee, greet the emperor with respect.”

Seeing that, Sen Bai Zhee quickly did the same. Tien Chiu Yi also followed him.

Wu Wang Tien nodded at both of them. He did not say anything. He only looked at Wu Fan’s body to see if he could figure out who this cruel murderer was.

Fan Tan Fong stole a glance at Wu Fan’s corpse, and his eyebrows furrowed tightly. “The reason why the emperor’s here was because you sensed the collision of supreme weapons, am I correct?”

“Yes.” Wu Wang Tien nodded. “However, I didn’t expect to find Wu Fan’s corpse. He was the great master from my place.”

“So, that was the great master of the Wu dynasty!” Tien Chiu Yi was alarmed. He did not expect anyone to dare to kill the great master of the Wu dynasty.

The reason why he was here was the same with Wu Wang Tien’s. He sensed the power of supreme weapons.

“No one knows who he is. However, he dared to kill the great master of the Wu dynasty.” Sen Bai Zhee murmured. His face was full of disbelief.

Wu Wang Tien looked at the men and spoke with his coldest voice.

“Whoever he is, I’ll make him pay!”

Once he finished speaking, Wu Wang Tien vanished along with Wu Fan’s body.

Fan Tan Fong ignored Sen Bai Zhee and Tien Chiu Yi. He left this place immediately. The reason why he was here was because he was attracted by the supreme weapons as there were only a few here in Wu Zhou city.

Tien Chiu Yi spoke coldly through his teeth to see that. “Fan Tan Fong, you think you’re so high and mighty that you tend to ignore others at your level.”

Even though Sen Bai Zhee did not like a pig like Tien Chiu Yi, he could not help but agree with him. That was also his opinion on Fan Tan Fong.

“Tien Chiu Yi, next time we meet, don’t forget to greet me with respect, or else!” Sen Bai Zhee left with these parting words.

“Sen Bai Zhee, you animal!” Tien Chiu Yi was angry. However, no one saw or heard it because he was already all alone.

Chapter 495 Warmth

Bai Chen did not know how much time had passed after he'd walked through that silver dimensional rift.

However, when he came to, he was standing inside the room where he was at when Namiana took him to the celestial world.

As soon as Bai Chen was back here, time started to flow again.

Bai Chen inhaled deeply, taking in the air of the present world after 4 years.

However, being in the hotel room, he only got the air from the air conditioner. Therefore, Bai Chen vanished and reappeared again at the park that had fresh natural air.

The moon in the night sky was breathtaking. It shone with a beautiful yellowish light.

An inhaling sound could be heard. Bai Chen sat down on the marble bench with his calm face.

There were only a few people in the park. No one could see him because he had already made himself invisible to everyone.

That reason why Bai Chen had to do that was because he was wearing traditional Chinese clothes. Others would definitely think that he was shooting a movie or something since not a lot of people wore these kinds of clothes anymore.

After inhaling a great deal of fresh air, Bai Chen decided to go see his parents first. Then he would be visiting Long Xu In, Xu Xue Ning, and Li Lin.

Bai Chen quickly stood up and went up into the sky. He headed to Xing Zhou city.

Less than an hour later, he arrived at Xing Zhou city. Distance was not a problem for him.

With his tertiary sky soaring level of speed, he could have arrived here in minutes!

Bai Chen used the disguise technique to make himself looked like his 18-year-old self. His face and body went back to before he went to the celestial world with Namiana.

Bai Chen was standing in front of his home, dressed casually. It was obvious that his parents were still up since the lights were still on.

Bai Chen knocked softly on the door. His heart was packed full of the feeling of missing them.

Shortly after that, Bai Chen's father, Bai Chang, opened the door.

"Little Chen?" Seeing his son, Bai Chang was a little confused. He still remembered that Bai Chen told him that he would go to Beijing with his friends. He did not expect Bai Chen to come back so soon. It had only been a day.

"Come in." Even though he was curious, Bai Chang did not ask anything. He invited his son inside and planned to ask about it afterwards.

Bai Chen walked inside the house. Seeing his mother watching television, he beamed happily.

Bai Yu, as if sensing that someone was looking at her, turned towards Bai Chen. She froze for a second when she saw him. Then, she smiled happily and kindly. She was full of warmth. "Little Chen, you're home already?"

"I'm back." Bai Chen spoke with a smile.

"Sit here, little Chen. Tell me, why are you back so soon?" Bai Chang asked while patting Bai Chen's shoulder and leading him to the wooden chair.

.....

A new day had come. It was a very bright and beautiful day. Bai Chen left home very early.

He lied to his parents last night that he forgot something and that was why he had come back home. Even though he felt guilty about it, he had no choice.

After telling them that he would go back to Beijing in the morning, his parents only told him to take good care of himself.

It was obvious that both of his parents really loved and worried about him.

After he left the house, Bai Chen visited Long Xu In.

She was out for work very early, so she was already at work. Bai Chen walked into her room without telling her in advance.

He looked at Long Xu In and smiled. It was a happy smile. It had been 4 years since he had not seen her. Now that he got to meet her again, his heart pounded so uncontrollably.

Long Xu In was in a white business attire. It was the same one that she had worn on the first day that they met at Xing Xiang park.

"Xu In," Bai Chen called her softly.

Long Xu In, who was intently focused on work, started. She immediately raised her head up and looked around.

Suddenly, her beautiful eyes widened. She covered her mouth to prevent the scream.

She was very alarmed. She did not expect that Bai Chen would come in here so quietly.

If he had not called her name, she would not have realised his presence.

"Bai Chen, how did you get in here?" After suppressing her emotions, Long Xu In asked with a rather angry voice. However, it was definitely mostly happiness.

Bai Chen smiled. He walked towards her. "I miss you, that's why I'm here. You're not happy?"

Long Xu In's cheeks flushed red. She pushed her glasses up slightly before saying, "Of course, I am."

"Then, can I have a hug?" Bai Chen opened his arms.

“.....”

Long Xu In went quiet for a while. She did not expect Bai Chen to be like this. Shortly after that, she laughed a little. Her cheeks went even more red.

“You’re really acting like a child.” She stood up and gave Bai Chen a gentle hug.

Long Xu In’s beautiful fragrance calmed Bai Chen. His heart was full of happiness.

Her hug warmed his heart. He squeezed her tightly. He wanted to stay like this forever.

Long Xu In’s heart was as warm as Bai Chen’s, as she was in the love of her life’s arms.

Even though she knew that Bai Chen had two other women whom he loved, she accepted it since day one. She strongly believed from the bottom of her heart that Bai Chen would never treat her poorly.

It was as if the time in this room had stopped. Both of them were in their own world.

Happiness and warmth lingered in the air.

While they were hugging each other, the door was suddenly opened with a shout. “Xu In, my beloved sister, let’s go eat...”

The shout was cut short even before it was finished. The man’s eyes and mouth widened. Then, he quickly said, “Oh! Sorry for disturbing!”

He quickly shut the door. The man was Long Shen, Long Xu In’s older brother. He smiled quite happily at seeing his sister and his brother-in-law standing there happily hugging each other in the room.

Chapter 496 Zhan Yuan

“That idiot!” Long Xu In’s cheeks glowed to red. However, she did not push herself away from Bai Chen’s embrace because everyone in her family knew that she already had a boyfriend, and that boyfriend was also a great one. He was a legendary realm cultivator.

However, she would not have realised that it was all a misunderstanding. Bai Chen was a legendary realm cultivator was because of the mysterious cultivator-impersonating pill.

It was only normal that she would think so because Bai Chen had not told her the truth.

Bai Chen only smiled calmly. He liked Long Shen because he was a straightforward man.

When Long Xu In was forced to marry Chiu Jiu, Ming Kong the Legendary’s beloved student, Long Shen had strongly opposed it to the point that he’d left the family and showed no care towards his position as head of the family.

After a long while, Bai Chen and Long Xu In finally let go of each other. Bai Chen asked with a kind voice. “Have you eaten?”

“Not yet.” Long Xu In shook her head and took Bai Chen’s hand. “Want to go find something to eat?”

“Of course.” Bai Chen smiled. He was a tertiary sky soaring cultivator, so he could stay alive and healthy without food for months. However, eating was of course a better choice.

Shortly after that, Bai Chen and Long Xu In took one another’s hand and walked to a luxurious restaurant nearby.

They ordered some food. They ate and talked about things happily.

Once they were finished eating, Bai Chen invited Long Xu In for a walk in Xing Xiang park with him, the place where they’d first met.

Of course, she had no problem about it. Even though she still had work to do, she would rather spend time with Bai Chen. She could just work later.

Less than half an hour later, Long Xu In’s blue BMW was driven into Xing Xiang park. Both of them stepped out of the car and walked hand-in-hand along the path.

It was such a beautiful day, with fresh air and warm sunlight. It was suitable for a picnic with a family.

There were only a few people at the park. They were mostly elderly who came for a walk and exercise.

“Those two... Li Lin and Xue Ning. Do they know about us?” Shortly after that, Long Xu In asked softly.

Bai Chen quickly nodded. “Li Lin does. However, Xue Ning...”

He decided to tell her about Xu Xue Ning.

Hearing that, Long Xu In’s eyes turned red. Her body trembled. She stopped walking. ‘That image in my head at that time actually happened.’

“Xue Ning would always sacrifice her life for you. You should love her a lot and take good care of her, do you understand that?” Long Xu In told him in a gentle voice.

What Bai Chen just told her was about how Xu Xue Ning protected him from Jing Cha the Legendary and died. He told her that he saved her life with a drop of life, but the cost of her memories of the past year.

“I understand.” Bai Chen nodded at Long Xu In as an assurance.

Even though Long Xu In did not say it, he would love and take good care of Xu Xue Ning with his life. He would never make her sad and cry.

“I’m happy to hear that.” Long Xu In smiled. She respected Xu Xue Ning’s courage a great deal. She would not hesitate to give up her life for the one she loved.

However, she did not think that her love for Bai Chen was any less than Xu Xue Ning's. She strongly believed that she would not hesitate to do the same either if she were to be in Xu Xue Ning's situation. She would definitely give up her life for Bai Chen!

"The drop of life that you were talking about can really revive a dead person?" Long Xu In asked.

She might not have shown it, but she was actually rather alarmed. She had never thought that there would be an item that could actually revive the dead.

Bai Chen did not hesitate to answer. "Yes, but I don't have it anymore. It's very rare."

"I see." Long Xu In nodded. She knew that an item like a 'drop of life' would definitely be rare. She felt like Bai Chen, the man whom she was in love with, was very skillful have been able to get a hold of it.

"Let's rest on that bench." Bai Chen said when they reached a beautiful big tree which was close to the tree with a marble bench under it.

"Mmm," Long Xu In agreed.

While Bai Chen and Long Xu In was about to walk to the bench, a young man at around 25 to 26 years of age walked past them.

He was a handsome man in a neat black suit. His name was Zhan Yuan. He was a rather famous actor. He was in town to shoot an advertisement, so he was taking his break here in the park.

However, only a few people knew who he was. Even though he dressed normally and did not cover his face, only 2 to 3 people at the park asked for his autograph and photos.

Zhan Yuan was honestly annoyed by this. However, he could not do anything since he knew that he was not yet a well-known celebrity.

At that moment, while Zhan Yuan was walking around in anger, his eyes suddenly shone brightly to see such a beautiful girl walking hand-in-hand with Bai Chen. She was even more gorgeous than any actress he knew. That girl was Long Xu In.

Without hesitation, Zhan Yuan decided to hit on her. There was a need in his eyes. He did not even care about Bai Chen. He believed that Long Xu In would definitely choose his handsome face over Bai Chen's for sure!

No one knew where Zhan Yuan had gotten this much confidence from. However, before he could do anything, his phone, which was in the suit pocket, rang.

Zhan Yuan quickly and angrily picked up the phone. He wanted to know who dared to disturb him.

Seconds after that, Zhan Yuan's facial expression showed surprise and switched to utmost happiness. He'd just heard the best news from the other end!

"I understand, father. I'll go back to Beijing right away." Zhan Yuan was very excited. He hung up the phone.

He inhaled deeply and tightened his grip on his phone. 'The Zhan family will become one of the big families in Beijing. And we'll be number one!'

The man who'd called him just now was his father, Zhan Han. He told his son that Zhan Yong Lieng, the great grandfather, who had been out for his training since Zhan Han was still young, had returned.

He had returned with a great power. It was the power of a divine realm cultivator!

He had reached the divine level in Tibet!

Zhan Yuan did not want to believe it, but it was definitely true since his father was the one who had called to tell him about it!

Chapter 497 The Zhan Family Rises

As Zhan Yuan was standing still in the same place, Bai Chen and Long Xu In already walked past him.

Both of them did not care about Zhan Yuan. They sat down on the marble bench under a big tree.

They looked up at the sky. The cool breeze blew past them. They smiled happily.

At that moment, Zhan Yuan suddenly walked towards them.

"What is your business?" Bai Chen frowned and looked at Zhan Yuan.

Zhan Yuan ignored Bai Chen's question. He looked passionately at Long Xu In and beamed at her. "Hello, beautiful. My name's Zhan Yuan, a renowned actor."

Long Xu In's face immediately turned cold. "I don't know you. Please don't disturb us."

"What?!" Zhan Yuan could not believe that Long Xu In would dare to say that. He felt angry.

"Do you know who I am?" Zhan Yuan's face turned cold.

If it was before, he would only smile and walk away, but now it was different. The Zhan family was about to become the number one family in Beijing!

His great-grandfather, Zhan Yong Lieng, was a divine realm cultivator, the only one in China!

Due to this, whatever he wanted, he had to have. Whatever he wanted to do, he would do. No one could get in his way!

Anyone who dared to defy him, that meant death. The divine level was the highest one in China right now!

Even though Zhan Yuan did not know much about cultivators, he knew which level was the strongest.

This was because his father, Zhan Han, had told him about it.

"I don't care about who you are. Go away before I get angry!" Bai Chen said with a cold voice.

He had come back from the celestial world just to spend some quality time with the ones he loved like his parents, Long Xu In, Li Lin, and Xu Xue Ning.

He did not expect that he would meet a stupid man who wanted to disturb his happy time. It would be strange if he did not get angry because of this.

“You dare to talk to me like this?” Zhan Yuan was so furious, his face turned red. No one had ever said anything like this to him before.

“I’m Zhan Yuan from the Zhan family, the family that’s going to become the biggest one in Beijing!”

“My great-grandfather is Zhan Yong Lieng, a divine realm cultivator. Do you know him? No? You don’t even know what cultivators are!”

Zhan Yuan’s words surprised Long Xu In. She knew about cultivator levels from her grandfather.

However, Bai Chen did not fret. He only frowned.

Digging deep into his memories, there was nothing like this in it. He had never known any divine realm cultivator named Zhan Yong Lieng.

‘If he spoke the truth, this is another change to history.’ This was the only logical thought that Bai Chen could think of.

“Go away.” Bai Chen stood up and slapped Zhan Yuan in the face. Zhan Yuan was sent flying farther away. He hit a tree before dropping onto the ground. He lost several teeth and gushed out blood.

Zhan Yuan lost consciousness, so there was no pain-filled sound coming from him at all.

It was good that no one was around, otherwise this would definitely have caused a ruckus.

“.....”

Long Xu In was speechless at seeing what Bai Chen had just done.

Bai Chen turned to Long Xu In and smiled. “Just ignore what he said. It was nonsense. Even though that Zhan Yong Lieng was a divine one, I would be able to deal with him anyway.”

Bai Chen was not being overconfident. He just knew that the divine power in the present world was different from the celestial world’s.

The divine ones here were at only around a primary legendary level of the celestial world.

Bai Chen could fight across levels. He had killed even Wu Fan, a primary legendary cultivator. That was why he could easily kill Zhan Yong Lieng.

“Mmm...” Long Xu In smiled brightly. She believed Bai Chen with all her heart.

“Let’s go somewhere else. This place is not that pleasant anymore.” Bai Chen shook his head.

Long Xu In glared at him. "Isn't that because of you?"

Bai Chen laughed nervously. Then, they walked to another part of the park.

Half an hour later, Zhan Yuan finally came to. He immediately screamed. The pain that he felt almost knock him out cold again.

"Aghhhhh! Why is it so painful!?"

Then, he recalled that he had been slapped by Bai Chen.

"That kid! I'll kill you!" His growl was full of anger. He had lost several teeth. His face was soaked in blood. He looked really bad.

Of course, he did not have time to care about this. He called his father immediately.

When his father picked up the phone, he did not hesitate to furiously tell him everything.

If thoughts could kill, Bai Chen would already have died countless times!

"That trash!" Zhan Han was mad. He was as angry as Zhan Yuan. Of course, he would not stay still. He would quickly search for Bai Chen's whereabouts and would kill him on the spot.

The Zhan family was on the rise. It was not the same as before anymore. Everyone in China had to bow to them.

Even the rest of the big families, the military government, everyone was under the Zhan family!

"Yuan, my son, don't worry about it. I'll deal with this. I'll make sure that that kid does not die peacefully!" Zhan Han said and hung up the phone.

Zhan Yuan knew that he could not do anything now. He merely stood up and rushed to the hospital, his heart filled with rage.

He could only think about Bai Chen being tortured with several methods. Bai Chen was screaming like a dog being burnt by a boiling water. Finally, he was killed cruelly!

Once he was killed, Bai Chen's body would be fed to a tiger!

With those images, it was obvious that Zhan Yuan was a man with a vivid imagination.

While Zhan Yuan was rushing towards the hospital, a lot of people walking around in the park saw him.

Everyone was alarmed since Zhan Yuan's face was soaked with blood!

Chapter 498 Forced Into Marriage

At noon, inside the Xu family's guest hall, Xu Sin Xiao and Xu Jing Xie, Xu Xue Ning's parents, were sitting on the sofa. Their faces were gloomy. The atmosphere around them was as gloomy as their faces.

“Zhan Han, I don’t know where you got this courage from, but I won’t take it personally since we’ve known each other since college. Leave!” Xu Sin Xiao stared coldly at a middle-aged man in a suit.

This middle-aged man was none other than Zhan Han, Zhan Yuan’s father. He had come to the Xu family today to ask for the hand of Xu Xue Ning, the most beautiful girl in Beijing, for his only son.

However, he was actually forcing the issue. He’d even dared to say that ‘if Xu Xue Ning doesn’t marry Zhan Yuan, the Xu family will be wiped out!’

“As my husband said, Zhan Han, please leave. The Xu family doesn’t welcome you!” Even the kind Xu Jing Xie talked to him coldly.

She was angry. She did not expect Zhan Han to dare to threaten them and force her eldest daughter to marry his son!

Zhan Han ignored every word the Xus said. He laughed out loud. “Xu Sing Xiao and Xu Jing Xie, the reason why I was polite with you before was because I was trying to protect our long-term relationship.”

“Zhan Han, you don’t know manners!” Xu Sin Xiao was furious. He was ready to summon the guards to drag Zhan Han away.

However, before he did that, he was stopped by Zhan Han’s words. “I’ll tell you this. My grandfather, Zhan Yong Lieng, who had been training in Tibet, has become a divine realm cultivator!”

“Impossible!” Xu Sin Xiao and Xu Jing Xie exclaimed at almost the same time. Both of them were alarmed.

“Impossible?” Zhan Han laughed even louder. “If it’s not true, do you think I’d be stupid enough to threaten you like this?”

Hearing that, the Xus went silent. Their facial expressions changed drastically. Everything was as Zhan Han said.

They thought that Zhan Han would not have done anything this stupid without a strong backup.

“I’ll leave you to it until this evening. Consider it well.” Seeing the Xu couple so quiet, Zhan Han smirked in an ugly manner and spoke calmly.

Honestly, he was very happy right now that he finally had the upper hand.

He was very mad before about what his son had told him. However, that was already taken care of as he sent out his people to investigate.

Once he found the man who hurt his son, he would torture him and kill!

“There’s nothing to consider. If Zhan Yong Lieng thinks that he can lay a hand on my family, let him come!”

Suddenly, a cold voice echoed around the hall. It was none other than Xu Sien Yi, the Xu family's sky soaring realm cultivator. He had been listening to the conversation from the beginning.

"Grandfather!" Xu Sin Xiao immediately stood up. His eyes glowed brightly. He felt relieved at seeing that Xu Sien Yi was there to protect them.

"Which dog just barked?" Zhan Han frowned and growled coldly.

He had a divine realm cultivator to back him up. He was not afraid of anyone!

"Such arrogance!" The old man Xu Sien Yi appeared in front of Zhan Han in the blink of an eye.

Once he did that, the old man did not waste his breath. He raised his hand and slapped Zhan Han across the face once before throwing him out.

Then, he used his spirit qi to control Zhan Han's body and move him out of the house. Finally, his body was thrown into a large trash bin.

The old man Xu Sien Yi thought that Zhan Han deserved more than this since he dared to threaten the Xu family. Therefore, he used his spirit qi to crush both of Zhan Han's legs!

"Aghhhh!" Zhan Han's scream was loud. The pain was too much to handle. His face was swollen. He'd lost more than six teeth. The inside of his mouth was full of blood

Both of his legs were crushed to shreds. He would not be able to walk again anymore. He had become crippled.

Once he finished, the old man Xu Sien Yi sent the two bodyguards, who was waiting for Zhan Han in front of the hall, out of the house too.

"Grandfather." Xu Sin Xiao and Xu Jing Xie rushed over to Xu Sien Yi and greeted him. It was a rare sight to see him out of his room.

Xu Sien Yi nodded and smiled. "Ignore them. If the elder...errr...Xu Xue Ning's lover is still around, no one can lay a hand on us."

That elder that he was talking about was none other than Bai Chen. He thought that by having Bai Chen as support, Zhan Han's threat would be nothing—even if the story about Zhan Yong Lieng, the divine realm cultivator, was real.

The reason why he dared to hurt Zhan Han this much was not because he thought that Bai Chen was a divine realm cultivator, but he had already been aware of Bai Chen's bottomless power!

Lu Zhun Gu the Legendary told him about it. He was here yesterday to express his condolences for Xu Xue Ning's pass.

However, when he knew that Xu Xue Ning was still alive with only the loss of her past year's memories, Lu Zhun Gu the Legendary was surprised. He realised that he had not seen the best of Bai Chen since Bai Chen could even revive the dead.

If he did not see that Xu Xue Ning was dead with his own eyes, he would not believe this one bit.

Seeing Lu Zhun Gu the Legendary so alarmed his face had changed colour, Xu Sien Yi asked about it.

After listening to the whole story, he almost stopped breathing. He was so alarmed.

However, then, he was struck with an immense happiness. He could not help but think that the Xu family was extremely lucky that Xu Xue Ning was Bai Chen's lover, and Bai Chen was so strong beyond the divine!

He would not be only a level, but there surely was a huge gap between them!

He could rip apart a dimension and revive the dead. He was no different from an almighty god!

That was why Xu Sien Yi was not afraid of Zhan Yong Lieng and had decided to immediately hurt Zhan Han very badly.

This was still showing some consideration for Zhan Yong Lieng's face—otherwise he would have killed Zhan Han on the spot!

Chapter 499 Claiming To Be The Divine King

It was already in the evening, at the biggest hospital in Beijing.

In the best VIP room, Zhan Han was leaning against the headboard. His face was pale and twisted. It was lifeless. His legs were splinted with metal poles.

The doctor told him that he had already become a disabled person. Both of his legs... could not be healed. He would not be able to walk again!

That was why Zhan Han's face was like this.

'How did it turn out this way?' Zhan Han did not want to believe it.

He did not want to believe that the Xu family would hurt him this bad, even knowing that his grandfather was a divine realm cultivator, the strongest one in China.

He did not understand it. He could not figure out why the Xu family's sky soaring realm cultivator had dared to do this.

How could they not be scared that Zhan Yong Lieng would destroy their family after this?

"The Xu family's crazy!" Zhan Han pulled his hair madly. His face was still swollen from the slap. He still could not speak properly and he was in pain because of his lost teeth.

"Yes, father. The Xu and the Long family are all mad. They don't realise how great the great-grandfather is!" Zhan Yuan was sitting at the side of Zhan Han's bed. He had returned from Xing Zhou city since in the afternoon.

He did not expect to hear that his father had been severely hurt!

He was very alarmed and rushed to the hospital right away. When he arrived at the VIP room and saw his father, Zhan Yuan was speechless. His father's face was as swollen as his.

However, Zhan Yuan still thought that he was lucky that he was still able to walk.

It was obvious that he knew already that that girl he was trying to hit on was Long Xu In from the Long family, one of the five... no... three big families in Beijing since the Wang and the Xi family were wiped out and would never grow back again.

However, he had not figured Bai Chen out yet. His father's men had not come up with any result.

“Big brother, Yuan, you have to be calm. Grandfather will definitely take care of this. He won't let the Xu and the Long family go!”

The voice was from a plump middle-aged man. He was Zhan Han's younger brother and was named Zhan Huan.

They were only a year apart. That was why they looked a great deal alike.

“Huan, you don't understand. You're not me!” Zhan Han shouted angrily at Zhan Huan.

Zhan Yuan nodded immediately. “That's right. You're not us. You don't understand!”

Hearing that, Zhan Huan fell silent.

Shortly after that, he spoke again. “Okay. I won't say anything.”

Then, the door to the room was opened. An old man with white hair walked in. His skin was wrinkled.

The old man was in a yellow traditional Chinese outfit. He was Zhan Yong Lieng, who had gone to Tibet to train since he was a young man until he reached the divine realm. He was the one and only divine realm cultivator in China!

He looked very ordinary. Who would have known that he was a divine realm cultivator?!?

“Grandfather!”

“Great-grandfather!”

Seeing that, Zhan Han, Zhan Huan, and Zhan Yuan screamed out loud.

Zhan Yong Lieng frowned. He stared at Zhan Han and Zhan Yuan. “The Xu and the Long family dared to do this knowing that I, the divine king, is back?”

It was obvious that Zhan Yong Lieng claimed himself to be a divine king!

“Yes, grandfather, great-grandfather!” Zhan Han and Zhan Yuan shouted almost at the same time.

Zhan Yong Lieng's facial expression grew dim for a short while and back to normal.

"It seems like both of the families want to test me so much that they dared to ignore the divine king like me!" Zhan Yong Lieng's voice was cold.

"Grandfather, please make the cultivator of the Xu family suffer. I'm crippled because of him!" Zhan Han said with his voice full of anger. He really wanted to see Xu Sien Yi dead!

"Don't worry. Let the Xu family be destroyed by me, the divine king, and the Long family will be dragged down with it!" Zhan Yong Lieng spoke coldly. He glanced at Zhan Huan "Huan, you come with me to the Xu family."

"Yes." Zhan Huan was delighted that his grandfather wanted him instead of Zhan Yuan.

"Great grandfather, let me go, too." Zhan Yuan quickly interrupted. Of course, he wanted to go because he heard that Xu Xue Ning, the eldest daughter of the family, was the most beautiful girl in Beijing.

If he went with his great-grandfather, he knew that he would be able to have her very easily.

He did not forget about his vengeance towards Bai Chen and Long Xu In. He just decided to leave it for now. He would wait until his great-grandfather took care of the Xu family and he would deal with it then.

"All right." Zhan Yong Lieng did not hesitate. He nodded.

Hearing that, Zhan Yuan was very happy.

"Then, let us get going. Han, just wait here for good news." Zhan Yong Lieng did not wait for Zhan Han's reply. He vanished along with Zhan Huan and Zhan Yuan.

"This is the power of a divine realm cultivator!" Zhan Han's eyes widened. He had never seen anything like this since the day he'd been born. His heart pounded. He had a strong desire to become one himself.

However, he knew that it was not easy. He even realised that it was impossible for him.

He eventually stopped thinking about this and started to think about how the Xu family would be destroyed. They would be completely decimated by his grandfather.

Thinking about this, he smirked wickedly. His eyes showed malice.

"Xu Sin Xiao, Xu Jing Xie, and that cultivator of the Xu family, you're about to face disaster. You'll be destroyed very soon because you dared to hurt me!"

Chapter 500 A Disaster For The Xu Family?

It was almost 9 p.m. when three people arrived in front of the Xu family's mansion.

They were definitely uninvited. They were none other than Zhan Yong Lieng, Zhan Huan, and Zhan Yuan.

They had already arrived at the home of the Xu family, one of the three big families of Beijing.

“Is this the family that disregarded me, the divine king?” Zhan Yong Lieng bit out icily through his teeth. He swept his eyes around the area.

While he was doing that, he also sent his psychic power out to thoroughly investigate.

In the blink of an eye, Zhan Yong Lieng knew right away how many people were in the mansion. He also knew that there was a sky soaring realm cultivator here.

“Heh, only one sky soaring realm cultivator and you dared to defy the divine king!”

Zhan Yong Lieng shook his head coldly. He waved his hand once and almost everyone in the mansion fell unconscious.

Only the old man Xu Sien Yi and Xu Xue Ning were still conscious.

Zhan Yong Lieng had intentionally excluded Xu Sien Yi. However, for Xu Xue Ning, the white jade bracelet had protected her.

It shone warmly, rendering a divine cultivator’s power ineffective.

“Didn’t expect anyone to be able to stay up.” Zhan Yong Lieng’s white brows furrowed quite tightly. He looked into the mansion.

Suddenly, he saw Xu Xue Ning, whose beauty was like that of a goddess. She was beautiful beyond description.

She was sitting in her room and confused to see auntie Yi suddenly fell asleep.

Then, he quickly let go of the confusion and rushed to see if auntie Yi was all right.

Once she knew that auntie Yi was only unconscious. She sighed with relief.

Outside the mansion, Zhan Yong Lieng was stupefied because of Xu Xue Ning’s beauty. His eyes and mouth widened. He stood like that for a long while.

“Beautiful...So beautiful!” Zhan Yong Lieng spoke softly.

It was obvious that he had never seen anyone this beautiful before.

Then, his old heart pounded with excitement!

Zhan Yong Lieng thought that he had already cut himself off all the worldly matters.

It was unexpected that his sexual needs would be awakened right when he had seen Xu Xue Ning. He could feel his manhood rising again in 50 years!

Zhan Yong Lieng did not care anymore about why this goddess Xu Xue Ning did not fall unconscious under his spell.

He only focused on Xu Xue Ning. His heart screamed that he wanted to make her his!

Without hesitation, Zhan Yong Lieng let out his strong aura.

Xu Xue Ning could sense it, but she did not fret. She only raised her brows.

Normally, an aura from a divine realm cultivator would make an earth solid one like Xu Xue Ning anxious.

However, because of the bracelet that the future Bai Chen had given to her, the divine aura appeared to her as an ordinary one.

The reason why Xu Xue Ning was now an earth solid cultivator was because she had already taken the pill from the tricoloured jade bottle that the future Bai Chen also gave to her.

She only took it yesterday, but the result was immediate.

It would also quickened her training results beyond imaginable!

Then, Xu Xue Ning decided to walk out to investigate.

Meanwhile, the old man Xu Sien Yi frowned very tightly. He felt quite pressured because he could sense Zhan Yong Lieng's strong aura.

It was easy for him to realise that the Zhan family's divine realm cultivator had arrived!

'I hope elder Chen Bai turns up,' Xu Sien Yi thought.

If Bai Chen did not show up, this would be a disaster for the Xu family. Then, he vanished from his room.

He reappeared again in front of the entrance, about 10 steps away from the 3 men.

"You're the Xu family's sky soaring realm cultivator who'd dared to hurt Zhan Han, this divine king's nephew, to the point that he became crippled?"

Seeing the old man Xu Sien Yi, Zhan Yong Lieng glared at him right away. He had gone to Tibet since he was a young man, so he had not heard about the old man Xu Sien Yi before.

"So, it was this old fart!" Zhan Yuan, standing behind his great-grandfather, shouted angrily.

As for Zhan Huan, he did not say anything. Yet, his face was cold.

The old man Xu Sien Yi felt even more pressured when he had to face a divine realm cultivator like this.

However, he was not scared because Bai Chen was on his side. He would only have to handle it well until Bai Chen arrived.

The old man Xu Sien Yi inhaled deeply and was about to speak when he heard the voice of his beautiful great granddaughter.

"Great-grandfather." Xu Xue Ning was at the entrance.

“Xue Ning!” The old man Xu Sien Yi was alarmed. He did not expect her to come here.

He started to panic. If anything happened to her, the Xu family would definitely be crushed under Bai Chen’s hand!

He still remembered Bai Chen’s words from days ago!

He got goosebumps when he thought about it and felt very scared. It was because of his anxiety that he had forgotten about the bracelet that could protect his great granddaughter from harm.

“Such beauty!” Zhan Huan and Zhan Yuan exclaimed at the same time. They were stunned by Xu Xue Ning’s beauty.

“Great-grandfather! I want her to be my wife!” After that, Zhan Yuan shouted with his face still swollen. His lust was at its peak.

“Grandfather! I want her too!” Unexpectedly, Zhan Huan also shouted out. His face turned red, and it was full of lust.

Zhan Yong Lieng halted a little before shouting angrily, “Shut up! She’ll be mine!”

“.....”

“.....”

“.....”

They were all speechless. They did not expect an old man like him to still be capable of being sexually attracted to someone.

Their faces all showed that they were thinking: ‘A wrinkly old man like you? Does your manhood still work?’
