

## Life Changing 511

### Chapter 511 Another General

After killing Ran Tan Xin, the old man Xu Sien Yi did not leave immediately.

This was because this was the biggest military camp in China. There was another man he had to kill. It was none other than general Deng Nai Hu.

This Deng Nai Hu was at the same level as Ran Tan Xin because he was also one of the ten most influential generals in China, and he'd also picked a fight with the Xu family because of his brother-in-law.

His brother-in-law was Wang Hong the Red Dragon. Deng Nai Hu most likely thought like Ran Tan Xin.

He must have thought that as long as he had the Jing Cha Secret Organisation and Jing Cha the Legendary to back him up, the Xu family would not be able to do anything to him. If they did, they would be destroyed for sure.

The old man Xu Sien Yi looked at the minced flesh that was Ran Tan Xin's corpse before turning to Yan Zhe's body. Then, he waved his hand carelessly and burnt those two to ashes!

Being killed was bad enough. Now it was worse because everything was burnt, and there was not anything left to bury for both of them. The word 'pitiful' would be considered an understatement!

Looking at both piles of ashes, the old man sighed. He had not wanted to do it but Ran Tan Xin had forced him to.

He shook his head before vanishing. However, before that, he did not forget to destroy Ran Tan Xin's unattached arms and to get rid of all the bloodstains.

Shortly after he left, a man rushed into the room. "General, what happened?"

It was a middle-aged man with the uniform of a colonel. He rushed in here because he heard the scream.

However, he did not see the general. He only saw two piles of charred ashes. These made him stand there confused, his eyes wide.

.....

On the other side was a secret room in the biggest military camp in China that was almost similar to Ran Tan Xin's room.

Deng Nai Hu was standing in front of his work desk. His face was quite cold. "You think as you're a big family I have to be scared of you? Dream on!"

Deng Nai Hu was a well-built middle-aged man. He had been through wars when he was younger where he had barely been able to survive. It had shaped him into a cold and cruel man. He did not fear anything.

"General, the sixth division is ready!" Behind him, a young man was there. He was his closest subordinate, whose position was a major.

He was a young man. It was not easy to be in this position at a young age.

However, he'd also used his father as a stepping stone. His father was none other than Deng Nai Hu.

For his son, Deng Zhun, Deng Nai Hu did not hesitate to use his power to push him into the position of major and made him his right-hand man.

"Good!" Deng Nai Hu talked to Deng Zhun in a serious tone. "Zhun Er, I'll write history by destroying the number one family of Beijing, the Xu family. Your name and mine will be imprinted in the historical records!"

"Yes, father!" Deng Zhun's eyes glowed. He hesitated a little before continuing. "Father, I have a favour to ask."

He did not call Deng Nai Hu 'general' anymore when he heard his father talk casually.

"Go on." Deng Nai Hu allowed him the opportunity to talk.

Deng Zhun inhaled deeply. His heart pounded. "I heard Xu Xue Ning, the eldest daughter of that family is the most beautiful woman in Beijing. It'd be a shame to kill her. I'd like to ask you to give her to me, father!"

"Is that it? Of course, I can do that. It's an easy task." Deng Nai Hu smiled. He could manage that very easily.

"Thank you, father!" Deng Zhun was very happy. He beamed excitedly. However, then, his smile froze.

"You want my great-granddaughter? Isn't that too high a price?!?" A cold voice pierced through Deng Zhun's ears.

He felt a flashing pain before everything went numb. His body was cut in two. His flesh and blood splattered about!

The thing that had done that was the hand of an old man!

Deng Zhun died without having a chance to scream. Who would have known that the happy man just now would already be dead a second later?

Deng Zhun's blood splattered onto Deng Nai Hu's face and torso. His eyes almost popped out of their sockets. He was frozen in place.

Shortly after that, he screamed at the top of his lungs. "Zhun Er!"

While he was screaming, Deng Zhun's body dropped onto the pool of blood.

"You're Deng Nai Hu, correct? I'm curious how you'd write history with our flesh and blood!" The old man Xu Sien Yi was standing behind him where Deng Zhun had been.

“You killed my son!” Deng Nai Hu’s eyes turned red. He was furious to the point that his lungs almost burst. He pointed his finger at the old man.

“Yes, I did. You’re about to destroy my family to create a new history so I killed your son for my own satisfaction!” The old man’s face was emotionless.

“You’re from the Xu family!” Hearing that, Deng Nai Hu was alarmed. His rage seemed to be stunted for a little while.

It was probably because his son had been killed pitifully. That was why he had not caught those words the first time.

Hearing it now surprised him. He did not expect the old man Xu Sien Yi to come here. Moreover, he’d even killed his son!

Then, Deng Nai Hu changed his surprise back to rage.

“I don’t care if you’re from the Xu family or whatever other family. You killed my son and now I’ll kill you!”

“Open your eyes!” The old man Xu Sien Yi reached out his hand and slapped the air.

Suddenly, Deng Nai Hu’s cheek caved in in the shape of a hand. He bounced away and hit the wall hard!

Blood and some teeth flew out of his mouth while his body dropped to the ground with a loud ‘thud’.

The pain that he felt right now resulted in a twisted face, but he did not let out any sound. Clearly, he was a person with great endurance.

Chapter 512 Threatened With A Legend

“Rather good endurance,” the old man Xu Sien Yi praised him coldly. He was about to attack again.

This time, he aimed for Deng Nai Hu’s life. He wanted to kill him, so that he could go back home and continue with his practice.

Killing two generals was a big deal, but he did not care. Both of them had asked for it.

If they did not think ill of the Xu family, it would be fine. However, they wanted to destroy the family to write a new history. That was why the old man Xu Sien Yi, the family’s heart and soul, could not stand still and wait until the family was wiped out.

Even if Jing Cha the Legendary was still around, he would not hesitate to kill both generals if his family was in danger.

Even though it would kill him along with the family in the end, it was enough for him that the masterminds were dragged to hell with him!

It was obvious how decisive this old man was.

Suddenly, Deng Nai Hu shouted, “Stop!...Stop what you’re doing!”

His face was pale. He could only taste his own blood. He was in a great deal of pain and his heart was full of fear. It seemed like the old man's words and attack had really opened his eyes.

He was awakened from his rage. He now knew that he could say: 'I don't care if you're from the Xu family or whatever other family. You killed my son and now I'll kill you!' as many times as he wanted—it would never come true.

This was because the old man Xu Sien Yi was stronger than him. He was only a mere human being. Though he had a great deal of authority in the military, this authority would not work when facing a strong cultivator alone.

What Deng Nai Hu thought he could do now was threaten the old man with Jing Cha the Legendary. Once the old man left, he would report to the Jing Cha Secret Organisation and Jing Cha the Legendary would come out and deal with the old man later.

Then, it would be time to decimate the Xu family!

If he did not do that, he would not be able to suppress his vengeance that his son was killed pitifully right in front of him.

"You...Jing Cha the Legendary won't forgive you. Just you wait!" Deng Nai Hu inhaled deeply. He tried to suppress the pain on his face and stood up.

It was obvious that he was using the name of the legendary realm cultivator as a threat.

"However, if you leave now, I won't tell on you. Jing Cha the Legendary won't know!" Of course, he lied. He only wanted the old man to leave him alone.

Hearing that, the old man could not help but laugh very coldly because Deng Nai Hu was no different than Ran Tan Xin. Did he just threaten him with that name? What was the use of it?

Eventually, the old man Xu Sien Yi shook his head. He raised his hand and flicked it. A thread of his spirit qi pierced through Deng Nai Hu's body. The body was cut in two. Blood and flesh splattered everywhere!

"This is...impossible!" Deng Nai Hu did not want to believe that the old man Xu Sien Yi would dare to kill him.

Even so, he was already dead. He died along with regrets. If he had known that this would happen, he would have killed Wang Hong the Red Dragon who'd brought this disaster upon him. Even though he was his wife's younger brother, he would still kill him!

Deng Nai Hu died with all these thoughts. He died in the same state as his son!

The old man Xu Sien Yi did not care about the bodies. He waved his hand carelessly and burnt them to ashes.

After that, the old man Xu Sien Yi immediately left the place. He vanished without anyone even realising that he had even been here.

This was how scary a sky soaring realm cultivator was. A mere human could not beat him!

It was at noon when the whole military camp was in turmoil because of the two vanished generals. It was not only them, but also their two closest subordinates.

No matter how hard they searched, they could not find any of them. This became a major issue.

The generals who were stationed at the camp right now immediately called for an urgent meeting.

They finally concluded that General Ran and General Deng had crossed the line with a cultivator who was at the sky soaring realm or above. That was why that cultivator had finished them off and left only their ashes!

Judging from their experiences, they thought that this was the most possible situation.

Otherwise, there would be no explanation as to why those two generals and their closest subordinates had vanished without a trace. Only piles of ashes were left in their room.

With this, the generals sent out their men to report the situation to the Jing Cha Secret Organisation.

However, what they found out was a bigger surprise. the Jing Cha Secret Organisation was no more.

One of the generals was close to Lu Yi, a former authority of the Jing Cha Secret Organisation. He contacted Lu Yi and was told that the organisation disbanded and Jing Cha the Legendary was not in this world anymore.

The general broke out into a cold sweat. Lu Yi did not forget to warn him that they should not dare to exercise their power with strong cultivators, otherwise, the result would be terrifying!

Once they heard about all this, the generals began a serious meeting to discuss this matter right away.

.....

Inside the room of a luxurious hotel, Zhao Hei and Wang Hong had just received the news about Bai Chen from their men. They smirked maliciously. They stood up and took out their flying swords, ready to head to Bai Chen.

“Wang Hong, let’s go. I’ll entertain you,” Zhao Hei said coldly.

“Of course.” Wang Hong smiled coldly. Then, they opened the window and flew out.

Their destination was where Bai Chen was. Bai Chen was now at the biggest department store in Beijing, so that was where they were headed.

When they were flying in the sky with their swords, Wang Hong and Zhao Hei did not forget to use the talisman to make themselves invisible. They had to make sure that no mere humans saw them flying in this vast blue sky on their flying swords.

Chapter 513 Crush The Red And Black Dragon (1)

At half past noon, Bai Chen and Xu Xue Ning walked out of the department store after lunch.

They decided to drive around town. Inside a Mercedes-Benz, Bai Chen sat in the passenger's seat and Xu Xue Ning was the driver. There was a smile of happiness on her face.

She was very happy to be able to spend time with Bai Chen like this.

"The movie was very good. Don't you think so?" She asked with her smooth voice.

Bai Chen nodded. "Yeah, it was fun."

Right after that, he frowned. Both of them did.

The reason was that they could sense the existence of two earth solid realm cultivators behind the car.

Xu Xue Ning looked at the side mirror and saw two smirking men on a flying sword.

Even though they had used a talisman to conceal themselves to ordinary people, that did not work with cultivators.

"Zhao Hei the Black Dragon and Wang Hong the Red Dragon?" Xu Xue Ning recognised them.

"Do you know them?" Bai Chen asked. He unknitted his furrowed brow.

Xu Xue Ning nodded. "I do. They're both earth solid realm cultivators. Also, they're the bosses of the Red and Black Dragon gang."

"The Red and Black Dragon gang." Suddenly, Bai Chen was reminded of Zhao Pua, who seemed to have been the young master of this gang.

"They came to avenge the son?" Bai Chen muttered. Of course, Xu Xue Ning heard it. "I think so."

"Let's get them to a quiet place." Bai Chen shook his head and smiled a little.

Xu Xue Ning did not say anything. She nodded and drove to where it was not crowded.

She knew how strong Bai Chen was. Only two earth solid realm cultivators were not of any consequence.

For her, Wang Hong and Zhao Hei were only here to die!

Less than half an hour later, Xu Xue Ning finally parked the car at a deserted building that was waiting to be demolished. There were no people around. It was very quiet.

Bai Chen and Xu Xue Ning were still in the car when two middle-aged men jumped in front of the car. They carried a flying sword in their hands. Of course, they were Wang Hong the Red Dragon and Zhao Hei the Black Dragon.

"Get out of the car!" Then, Zhao Hei growled loudly.

Wang Hong, who was next to him, did not say anything. His eyes showed malice.

Bai Chen got out of the car. Xu Xue Ning stayed inside.

She wanted to come out too, but Bai Chen told her not to because it would only take him a short time to deal with it.

“It was you who hurt my son!” When he saw Bai Chen, Zhao Hei’s rage flared up again.

Even though Xu Xue Ning did not get out of the car, it did not concern him as he did not plan to do anything to her anyway.

It was not like they did not want to do anything. They simply did not want to anger the Xu family.

Even though they’d asked the generals to pressure the Xu family, there was still no guarantee that the Xu family would not be angered if they did anything to Xu Xue Ning—especially the sky soaring realm cultivator, Xu Sien Yi.

If the old man struck, they would definitely be killed. Thus, they were just going to deal with Bai Chen.

“It was me,” Bai Chen admitted calmly.

“How dare you!” Zhao Hei did not expect that Bai Chen would admit it so easily. He was even more angered. “Don’t you know who I am?”

“I don’t care who you are. Go back to where you came from before I strike,” Bai Chen said. He was not that merciless this time. He gave them time to flee.

“Strike?” Wang Hong, who was standing beside Zhao Hei, could not help but laugh. “That’s ridiculous. It seems you really want to die, huh?!?”

Bai Chen quickly turned his gaze onto Wang Hong.

Suddenly, Wang Hong heard an explosion inside his head. His body trembled harshly. His face turned pale.

‘W... What is this?!?’ Wang Hong started to be scared under Bai Chen’s gaze.

At that moment, a terrifying idea popped up inside in head. ‘A s... Sky soaring realm cultivator!’

He thought that he was correct, otherwise he would not have felt anything like this only because of Bai Chen’s stare.

The reason why he did not think that Bai Chen was above the sky soaring realm because there were only 3 legendary ones in China, and he knew all of them.

With that, Wang Hong thought he was a sky soaring realm cultivator.

‘Damn it! Zhao Hei, your son is giving me trouble!’

Wang Hong thought this. He broke into a sweat. He was about to warn Zhao Hei.

Also, after that, he would apologise and told Bai Chen that it was only a misunderstanding.

However, he could not do any of that because he could not move an inch. He could not even move his lips.

‘This is bad!’ Wang Hong’s heart almost stopped beating due to fear. He knew right away that it was certainly Bai Chen’s doing.

It was obvious that Bai Chen did not plan to let them live!

Wang Hong was terrified. Yet, he could not do anything since he was only an earth solid realm cultivator!

Wang Hong regretted that he had come here with Zhao Hei!

“What happened? Stomachache?” Seeing Wang Hong like that, Zhao Hei thought that Wang Hong was having a bad stomachache.

“Just a little more. I’ll deal with this quickly!” He turned to Bai Chen and looked at him coldly.

“Just now, you said I should leave before you struck, right? I’m sorry, but I’m not going anywhere before I get to see you writhe in pain and I get to kill you. You deserve as much for hurting my son!” Zhao Hei said to Bai Chen.

He struck immediately after that. His spirit qi was gathered on one of his hands.

He quickly flicked his hand and the spirit qi leapt towards Bai Chen!

Chapter 514 Crush The Red And Black Dragon (2)

After sending his spirit qi out, Zhao Hei stood still. He thought that his power just now was enough to make Bai Chen suffer agonisingly.

He was quite confident because he thought that Bai Chen was a normal person.

As for him, he was an earth solid realm cultivator. He was not as strong as a sky soaring or a legendary one, but he was definitely stronger than a normal human being.

Wang Hong could not move or talk, but he could still see everything. His eyes widened when he saw Zhao Hei’s attack. He screamed internally, ‘Zhao Hei, you’re dead!’

Bai Chen blinked looking at the spirit qi that was leaping towards him.

It might have seemed fast for Zhao Hei, but it was very slow for Bai Chen.

Bai Chen did not want to waste his precious time with Xu Xue Ning anymore. He raised his hand and flicked it. A wave of his faint silver spirit qi leapt out.

In the blink of an eye, Zhao Hei’s spirit qi was crushed and vanished.

Bai Chen’s spirit qi did not fade away. It slowly floated towards Zhao Hei.

Yes, it was really slow. However, that was only for Bai Chen’s eyes. It was very fast for Wang Hong, Zhao Hei, and Xu Xue Ning.

“What is this?!?” Zhao Hei screamed. His face showed a great deal of fear.

His eyes widened at seeing that his power had been smashed. His body started to tremble uncontrollably when he finally realised something.

“A s...Sky soaring realm cultivator!” He screamed terrifyingly. It was at the same time when an endless fear crept into his heart.

Zhao Hei wanted to cry, but he could not. He never expected himself to have sought out a fight with a sky soaring realm cultivator!

Bai Chen did not have to say anything, but Zhao Hei knew that he was definitely a sky soaring realm cultivator. Only a sky soaring one could crush his power like this.

It was impossible that Bai Chen would be a legendary one, as there were only 3 legendary realm cultivators in China, and he knew all of three of them. That was why he thought it was impossible for Bai Chen to be one.

Zhao Hei thought exactly the same as Wang Hong.

“N...No!” Zhao Hei screamed. He was quite terrified. His face was very pale.

At that moment when the wave of spirit qi smashed through his heart, but there was not even a drop of blood to be seen. That was because he did not want Xu Xue Ning to see such a gruesome scene. He did not want to kill anyone in cold blood in front of her.

“Ah...” Once his heart was crushed, the pain rose up. Zhao Hei was in a great deal of pain. It was indescribable.

He wanted to scream at the top of his lungs, but he could not. He could only let out a single choked word. He dropped onto the ground with his wide-open eyes. His breath started to fade away!

However, before his last breath, he cursed his own son.

The reason why he’d died today was because of that animal called Zhao Pua!

Zhao Hei did not realise that he was also one of the reasons why he’d died today.

If he was not so angry and thought that he would avenge Zhao Pua, he would not have died!

After that, Bai Chen turned to Wang Hong.

Seeing Zhao Hei killed in the blink of an eye, Wang Hong’s fear was at its peak. He peed himself and cried so hard.

His facial expression clearly showed so much fear. He’d even begged for his life.

This was not his business in the first place. He had only thought that it was entertaining.

Who would have known that it would turn out like this? The entertainment had gone wrong!

Bai Chen only looked at Wang Hong for a short while. He sent out a thread of spirit qi. A moment later, Wang Hong was dragged down to hell with Zhao Hei in the same wide-eyed state!

It was unexpected that the bosses of the Red and Black Dragon gang, the most influential group of people in Beijing's underground, would be killed here at the same time!

Bai Chen ignored the bodies. He flicked his hand and turned away.

At that moment, Zhao Hei and Wang Hong's bodies were pressured and crushed to ashes—back to nothingness!

Shortly after that, Xu Xue Ning's car was driven out of the area.

For her, seeing Bai Chen killing someone was not a big deal. She was also a cultivator herself. She had experienced fights. She had also killed bad people before.

It was already nighttime. Bai Chen had spent the whole day with Xu Xue Ning.

Without the bosses of the gang, today would have been the happiest day for them.

Bai Chen was in front of the Xu family's mansion, holding Xu Xue Ning's hands.

"I have to go. Xue Ning, please take good care of yourself and keep practicing..." Bai Chen was saying good-bye to Xu Xue Ning.

However, he did not even finish it when his lips were stolen by Xu Xue Ning's soft lips. Her kiss caught him by surprise. It was her first kiss, and she was giving it to the first man she had ever loved!

The taste of her kiss drowned Bai Chen in happiness.

A while later, Xu Xue Ning's face turned quite red. She was very embarrassed. However, of course, she felt happy.

"Please take good care of yourself too. I'll do as you told me!" Xu Xue Ning's voice was kind.

Bai Chen could not help but pull her into his embrace. His heart pounded very fast.

"Xue Ning, wait for me. I'll come back to get you."

Hearing that, Xu Xue Ning's beautiful figure trembled. She was very comfortable in his arms. Her heart drummed very hard. The happiness was quite overwhelming. She answered softly, "I'll wait for you..."

Bai Chen did not say anything more. He hugged Xu Xue Ning even tighter. He wanted this moment to last forever...

## Chapter 515 The Tang Family

At around 8 p.m. in the living room of the Tang family's mansion, 5 people were sitting there discussing something.

The Tang family was one of the biggest three families in Beijing right now.

The mansion was every bit as luxurious as the Xu family's.

The people in the room were none other than Tang Zi Cheng, Tang Yien, Li Cong Tian, Li Yu, and Li Lin.

It was obvious that Li Lin's family was there for a visit to the Tang family.

Li Lin's family was in Beijing for some business. It would have been rude of them not to pay the Tang family a visit.

"Cong Tian, thank you for visiting me today." Tang Zi Cheng laughed happily.

"What are you talking about, Zi Cheng? We've known each other this long." Li Cong Tian also laughed.

Tang Yien and Li Yu each had smiling faces.

Only Li Lin was quiet. Her cute little doll-like face swept over the room before asking, "Is Le not here?"

Tang Yien looked at Li Lin. She was completely cured of her terminal disease now. "Le Le is coming. I've sent someone to call her."

The one Li Lin was asking after was the daughter of Tang Zi Cheng and Tang Yien. She was the daughter that they were most proud of and had a special status in the Tang family. Even though Li Lin and Tang Le were not close, they had a good relationship.

At that moment, a girl walked into the room. She was in her work attire. Her beauty was equal to Long Xu In's. She was at around the same age as Long Xu In.

"Uncle Cong Tian and auntie Yu, good evening." Tang Le was graceful. Her face was full of confidence. She greeted Li Lin's parents and then turned to Li Lin.

"Lin, how are you? Haven't seen you for so long."

"Good evening, Le." Li Lin smiled.

"Have a seat first, Le Le," Tang Le's mother said to her.

Tang Le smiled and sat down beside Tang Yien on the sofa. "I'm sorry I'm late."

"Don't worry about it, Le Er." Tang Zi Cheng said to her. His voice was kind.

Then, he turned to Li Cong Tian and Li Yu. He looked at them with eyes that concealed something. "Where did we leave of?"

Li Cong Tian was about to answer when a man around 20 years old walked into the room quite rudely.

Everyone turned to him because of the sound of his footsteps.

"Tang Nan, why are you here? Don't you see we're with guests?!?" Tang Le glared at the young man, Tang Nan.

Tang Nan did not pay attention to Tang Le. He looked at Li Lin. His eyes glowed.

"Who's this girl?" Tang Nan pointed his finger at Li Lin.

However, no one answered him. Everyone frowned. Li Lin's eyebrows furrowed very tightly.

Her parents did the same. They did not like this one bit.

How could they when a random man had just pointed his finger at their daughter without greeting them first?

"Tang Nan!" Seeing that Li Cong Tian was irritated, Tang Le stood up and shouted at Tang Nan.

"What?" Tang Nan turned to meet Tang Le's eyes. He was also irritated. "Tang Le, you're only above me because you were authorised by grandfather to take care of the company!"

Hearing that, Tang Le was angry. She was about to scold him when Tang Zi Cheng stopped her. "Le Er, stop!"

"Father..." Tang Le was speechless. She did not expect to be stopped by her father.

"Say no more." Tang Zi Cheng shook his head and smiled a little. He turned to Tang Nan. "Her name is Li Lin."

"As easy as that." Tang Nan laughed. He made a face to make fun of Tang Le.

Tang Le was irritated, but she could not do anything because her father's gaze was deterring her.

Tang Yien was quiet.

"Zi Cheng, you!" Li Cong Tian was angry. He normally talked politely to Tang Zi Cheng.

How could he do that now when Tang Zi Cheng had told that young rude man his daughter's name.

Tang Zi Cheng was quiet. He knew that their relationship would come to an end tonight.

However, he did not care. Tang Nan was different now that his grandfather was now a legendary realm cultivator!

He'd just heard the news this morning. Tang Nan's grandfather had gone to Tibet to practice and had just come back after achieving the legendary level.

Moreover, he was back with his sworn brother, a divine realm cultivator!

This news shook the high-ranking members of the Tang family.

Even the sky soaring realm cultivator of the Tang family got out of his practice lockdown and ordered everyone not to anger Tang Nan's family, otherwise that man would be disowned, and now, Tang Nan's grandfather resided in this mansion!

Tang Le had just gotten back from her office, so she did not know about this, otherwise she would agree with Tang Zi Cheng.

Actually, Tang Zi Cheng did not forget what Xu Xue Ning had told him and Bai Chen could wipe out the whole Tang family. However, he thought that Bai Chen was still not as strong as a legendary or divine one!

Even though he knew that Li Lin was Bai Chen's girlfriend, he did not hesitate to ignore Bai Chen and Li Lin's family.

He did not even care about general Huang Qian, a sworn brother of Li Cong Tian and Li Yu's biological brother.

"Good!" Hearing nothing from Tang Zi Cheng, a vein popped up angrily on Li Cong Tian's face. He stood up. "I shouldn't have asked Bai Chen to treat your wife. She deserves to die! Lu Er, Lin Er, we're leaving!"

He led them out of the room.

Li Yu's face was gloomy. Of course, Li Yu and Li Lin followed him out. They were just as angry.

"Where are you going? Did I give you permission to leave?" Tang Nan stepped in front of Li Cong Tian. His face showed arrogance. He was not scared of anything since he had become the most powerful one in the Tang family.

"Out of the way!" Li Cong Tian threw a punch at Tang Nan's face.

Not only was he not scared, but Tang Nan also smirked.

Li Cong Tian's punch was about to hit Tang Nan's face when a very faint spirit qi pushed his arm away...until it broke!

"You dared to hurt my grandson. I, Ban Mo, want to know where you got that courage from?!?"

Chapter 516 The Fourth Legendary Cultivator

"You dared to hurt my grandson. I, Ban Mo, want to know where you got that courage from?!?"

A cold voice filled the room. No one knew where it had come from. Everyone's facial expression changed, especially Li Cong Tian's.

**'A cultivator!'**

He knew right away that he was a cultivator. Even though his arm was broken without knowing the reason why, Li Cong Tian did not cry out. He only grabbed the broken arm with his other hand.

Not a single sign of pain showed on his face. He'd only broken into sweat.

"Darling!"

"Father!"

Li Yu and Li Lin screamed out in alarm.

Their faces turned pale at seeing Li Cong Tian's arm was deformed.

“Don’t worry.” Li Cong Tian inhaled deeply to suppress his pain. He turned to talk to Li Yu and Li Lin who rushed towards him.

Tang Zi Cheng, Tang Yien, and Tang Le were all alarmed. Shortly after that, they seemed to have calmed down.

Tang Zi Cheng sat there quietly. He did not think about asking how Li Cong Tian was because he had already decided to cut ties with Li Cong Tian.

He had chosen his family over him. His family was now associated with a legendary realm cultivator. That made his family above the Xu family.

Tang Yien agreed with her husband. She did not even think about how Li Cong Tian had helped her when she was ill.

This was their true selves!

Only Tang Le cared about what happened to Li Cong Tian.

“Uncle Cong Tian!” She screamed and stood up. She was about to rush towards him.

Before she could do that, Tang Zi Cheng interfered. “Tang Le, if you do that, you’re not my daughter anymore!”

Hearing that, Tang Le halted. She looked at her father as if she was looking at a stranger. Then, she turned to her mother—only to see that her mother was also sending her a signal to stop.

“Why... Why, father? Mother?” Tang Le could not help but ask.

“No asking why. Sit down if you still want to be our daughter!” Tang Zi Cheng spoke decisively.

Tang Le hesitated. Eventually, she gritted her teeth and decided to sit back down. She did not want to help Li Cong Tian anymore.

She had made her choice. She had decided to choose her parents. Of course, that was not wrong, but it was not right either.

“You want to punch me?” Suddenly, Tang Nan burst into laughter. He looked at Li Cong Tian as if he was a foolish man. “You’re such a fool. Don’t you know that my grandfather’s a legendary realm cultivator?!?”

“L...Legendary?!?” Li Cong Tian was so alarmed, his face changed colour.

Not only him, but Li Yu and Tang Le also felt the same.

Only Li Lin was confused. She did not know anything about a ‘legendary realm cultivator’.

She knew that it was a major issue when she saw her father’s face. Her cute face was now pale.

‘This is the reason then...’ Tang Le knew now what made her parent change so much.

Even though she knew, she could not do anything but sigh. She could not fight a legendary one.

‘Uncle Cong Tian, Li Lin, I want to help you, but I have no choice.’ She sighed again.

“How is it then?” Tang Nan seemed to be satisfied at seeing the facial expressions of the Li family. “So, now you’re scared?”

Li Cong Tian inhaled deeply. He ignored Tang Nan’s words and turned to his wife and daughter. “Let’s leave.”

Then, he was about to take Li Yu and Li Lin out.

However, Tang Nan did not let them go. “What’s the rush? You’re lucky I’m in a good mood today, so I’ll let you go. However, only two of you can go. As for the girl, she’ll serve me in bed tonight!”

“You!” Li Cong Tian and Li Yu exclaimed almost at the same time. They were definitely enraged, but they could not vent their anger out on Tang Nan, because a legendary realm cultivator was backing him up.

When faced with the fourth legendary realm cultivator in China, what could they do?

Not a lot of people in China knew about the existence of cultivators. Even fewer of them knew that cultivators were at the top of the hierarchy in China. There were only three of them, and now that number had become four.

Li Cong Tian and Li Yu were one of the few people who knew about this. Thus, they knew that they were powerless before a man whose backup was a legendary realm cultivator.

Li Lin’s face was so pale right now. However, she was so angry with Tang Nan’s words. This was probably the angriest she had been in her life. She pointed her finger at Tang Nan.

“Y...You villain! I’ll never be in your bed! I have a boyfriend! If you mess with me, you’ll be sorry!”

She thought about Bai Chen. She really wished Bai Chen appeared here right now as her knight in a shining armour and helped save her from this evil bastard.

Li Lin remembered that Bai Chen took her flying several days ago. That was why she was confident that he would be able to deal with this legendary realm cultivator!

“Your boyfriend?” Tang Nan pretended to be scared and laughed out loud. “How very scary! I’m terribly scared! Hahaha!”

Li Lin was about to say something more when she suddenly collapsed onto the ground along with her parents.

At the same time, a voice sounded from somewhere. “Grandson, stop wasting time. Take this girl to your room and finish the job. I want a great-grandson!”

“Yes, grandfather!” Hearing that, Tang Nan quickly ordered 2 to 3 maids to take Li Lin to his room. As for Li Cong Tian and Li Yu, he did not even care.

“Lock them up,” Ban Mo ordered.

“Yes.”

“Yes.”

Tang Zi Cheng and Tang Yien acknowledged this.

Seeing the situation had gone in a horrible direction, Tang Le’s face turned very pale. She walked lifelessly back to her room. She did not want to know any more. The situation this day had truly traumatised her!

#### Chapter 517 Kill In Cold Blood!

On the fifth floor, the top floor of the Tang family’s mansion, 5 people were sitting inside the best and most luxurious room and having a discussion.

There were 2 old men, 2 middle-aged men, and a fat, potbellied middle-aged woman.

“I hope Nan Er will give me a grandchild soon,” one of the old men said. He was a bald old man with a little bit of white hair behind his ears.

He was none other than Tang Nan’s grandfather, Ban Mo. He was a legendary realm cultivator who’d just gotten back from Tibet. He talked normally since he had gotten bored of the cultivators’ way of talking.

“Of course, father.” The fat middle-aged woman smiled. She was Tang Nan’s mother, Ban Man. Now that she had married into the Tang family, she was Tang Man.

“Yes, Nan Er’s just like me. His sperm is strong.” The middle-aged man who sat beside Tang Man laughed. He was Tang Man’s husband and Tang Nan’s father, Tang Nong.

“I agree with Tang Nong.” The other old man spoke. He was a sky soaring realm cultivator of the Tang family, Tang Tan Seng.

The last man who had not spoken started to speak as well. “Yes. It will most definitely be that way.”

Then, he smiled at Tang Nong while thinking that he was a lucky man to have Tang Man as his wife because her father was a legendary realm cultivator. This middle-aged man was actually Tang Chong Ren, the current head of the Tang family.

He and Tang Nong were at the same age. He was the son of the past head of the family, and Tang Nong was the son of a member of the family, which was not the direct bloodline.

Now, however, being of the direct bloodline or not was not important anymore because Tang Nong might become the next head instead of him if he asked Ban Mo for it.

Hearing that, Ban Mo laughed 'Haha' with satisfaction. He did not even fret about how bad his actions looked.

Not only him, but Tang Tan Seng, Tang Chong Ren, Tang Nong, Tang Man, as well as Tang Zi Cheng and Tang Yien, were also the same.

They did not even try to stop what Tang Nan was doing and even agreed with it!

'Now that we have a legendary realm cultivator on our side, our family will be the most glorious one!'

Tang Tan Seng looked Tang Chong Ren in the eye and thought exactly the same thing. Their eyes sparkled.

After that, all of them engaged in a fun conversation without realising that a certain young man had arrived at their mansion.

Moreover, his face was quite frightening. It was not his face from birth, but the frightfulness was because of how furious he was!

It was a nearly unlimited anger!

This young man was obviously Bai Chen. After saying good-bye to Xu Xue Ning, he'd spread out his psychic power all over Beijing to search for Li Lin.

After he found her, he'd rushed to the location and found that she was at the Tang family's mansion. Even worse, she was lying on a bed unconscious, and a young man was standing beside her, taking off his clothes.

This was what Bai Chen found out by sweeping his psychic power over the Tang family mansion.

That was why Bai Chen was very angry right now.

"Son of a bitch!" Bai Chen's anger was at its peak. In the blink of an eye, he vanished and appeared again inside Tang Nan's room.

Tang Nan was completely naked, revealing his tiny male organ. He was a thin man, yet his belly was bloated to the point that it looked quite ugly.

"Haha, I must thank Tang Zi Cheng for this. If he didn't tell me that this girl was inside the mansion, I would've missed this chance!" Tang Nan licked his lips. He was ready to jump onto Li Lin, who was lying in his bed.

However, before he did that, a hand grabbed his hair and yanked him back hard!

Tang Nan was in pain. It was as if the skin on his head was about to be pulled off.

Once he came to his senses, he saw a bloated woman in front of him, and she came closer very quickly.

Thud!

Finally, he directly struck the fat woman. She screamed shrilly at the top of her lungs. She was Tang Man, his mother.

“What happened?!?” The scream alarmed everyone in the room.

“You did very well, choosing to hurt my woman!” An ice-cold voice loudly reverberated around the room. One of his hands reached out from the emptiness and slapped Tang Nong’s head!

Slap!

Tang Nong’s head broke open like a watermelon. His flesh and blood splattered about!

There was blood gushing out of the wound on his neck. His headless body twitched several times and came to a stop. He was dead!

“Ahhh!” Seeing that, everyone screamed.

Tang Man was the loudest because it was her husband who died in such a pitiful manner in front of her. Then, her eyes rolled upwards. She suddenly fell unconscious.

“Who’s there?” Ban Mo’s heart was squeezed. He knew that it was a cultivator’s doing.

Moreover, he must have been a strong one, because even a legendary one like him could not sense his existence at all.

Otherwise, he would not have stood still when Tang Nong was killed in cold blood.

At the moment, it was not only him whose heart was squeezed, but Tang Tan Seng’s as well. He broke into a great deal of sweat because of fear.

Bai Chen’s words still rang in his ears. He knew that disaster had come to them because of Tang Nan’s bad deed that he’d sanctioned.

However, he was not the most scared one in this room. Tang Chong Ren seemed to be that man. His face was very pale. The image of Tang Nong being killed still played in his head. He was so scared that he almost wet himself!

How could he not be when Bai Chen could kill someone in this room even with the presence of a sky soaring and legendary realm cultivator? He did not want to think that if he were Tang Nong... Only the thought chilled his spine!

“F...Father!” Tang Nan was confused and his head was still in pain. He screamed out loud. Of course, he saw that gruesome scene too.

“Which animal dared to do this?!?” Tang Nan growled loudly with anger.

He was not scared at all because his grandfather was a legendary realm cultivator. He had nothing to fear.

Also, his grandfather was also a sworn brother of a divine realm cultivator!

“Animal? How very brave of you.” Bai Chen appeared in front of everyone. His face was still just as scary as before—maybe it was even scarier now!

## Chapter 518 Punishment!

"It's you!" Seeing Bai Chen appear from thin air, Tang Nan screeched and pointed his trembling finger at Bai Chen.

He did not even care that he was still naked. He turned to Ban Mo. "Grandfather, you have to kill him for me. Avenge my father!"

It was as if Ban Mo did not pay attention to what Tang Nong said. He narrowed his eyes and looked at Bai Chen cautiously. Honestly, he could not identify Bai Chen's level.

"Who are you?" Ban Mo asked calmly while Tang Tan Seng and Tang Chong Ren did not dare to say a single word.

"Grandfather! Why are you wasting your time talking to him? Kill him! He interfered in my good time with that girl, too!"

Tang Nan had truly fallen deep into anger. He only wanted to see Bai Chen dead.

"Shut up!" Ban Mo shouted at Tang Nan. He still could not figure out Bai Chen's level, so he could not just do anything blindly. He had to learn about Bai Chen first.

"Grandfather..." Tang Nan's face went blank. He did not expect that Ban Mo, who had been spoiling him all this time, would shout at him.

'Tang Nan, don't think too much. Your grandfather's still does not know the enemy's level. That's why he yelled at you.'

Tang Tan Seng's voice sounded inside Tang Nan's head. He was scared of Bai Chen, but when he thought about the divine sworn brother of Ban Mo, who was a divine realm cultivator, his fear vanished.

Hearing that, Tang Nan cooled down. His facial expression was not empty anymore; it had turned angry again.

He looked at Bai Chen, but he did not say anything. He was waiting for his grandfather to deal with it.

"It's not important who I am. What's important is that you dared to mess with my woman. You all have to pay!"

Bai Chen spoke coldly before flicking his hand. His silver spirit qi shone brightly and dashed towards Ban Mo's body.

Ban Mo was a little alarmed when he saw the qi. Then, he smirked.

He'd thought that Bai Chen was strong. It turned out that he was only a sky soaring realm cultivator. He thought that Bai Chen must have used some special item to conceal his existence earlier.

Otherwise, it would have been impossible for him not to sense it.

Seeing the silver spirit qi, Ban Mo merely reached out his hand and pushed it aside a bit.

His faint spirit qi leapt out of his hand, aiming to crush Bai Chen's spirit qi.

Slash!

Who would have known that Ban Mo's spirit qi would be cut in two and vanish the moment it touched Bai Chen's spirit qi? Ban Mo, Tang Tan Seng, and Tan Chong Ren were surprised.

As for Tang Nan, he did not know much about cultivators. Thus, he only stood there with his angry face.

"This is bad!" Then, Ban Mo shrieked. He flicked his hand again and sent out a thread of spirit qi. It was obvious that he put more power into it because the air around him was trembling.

Even so, the result was the same. His power was cut into shreds!

"Impossible!" Seeing it for the second time, Ban Mo's face changed colour. He did not want to believe it.

Tang Tan Seng and Tan Chong Ren were the same. At the same time, Bai Chen's silver spirit qi reached Ban Mo.

Stab!

It pierced through his torso mercilessly. It was also where his Tan Tien was. Blood gushed out like a fountain. An elderly person's voice cried out as if he was a pig being slaughtered!

"Aghhh! My Tan Tien!"

The faces of everyone in the room changed colour, except for Bai Chen. They were all very alarmed—especially Tang Tan Seng, whose facial expression changed dramatically.

The fear had returned to him. It was clear to him that Ban Mo's Tan Tien had been destroyed. The spirit qi that he had been collecting all his life started to flow out of him very quickly.

Ban Mo, the legendary realm cultivator, would eventually become a mere human being within less than an hour!

"Grandfather!" Tang Nan's fearful voice sounded when he saw Ban Mo.

At that moment, no matter how stupid he was, he knew right away that something really bad had happened to Ban Mo.

"You... You dared to destroy my Tan Tien. Yong Lieng, my sworn brother, won't forgive you. He's a divine realm cultivator!" Ban Mo had gone mad. He screamed at the top of his lungs with his endless rage.

"Yong Lieng, the divine realm cultivator?" Bai Chen halted a little. He did not expect that this old man would be Zhan Yong Lieng's sworn brother.

‘No wonder why they think alike,’ Bai Chen thought. His face turned even colder. “If so, try to call him here. If Zhan Yong Lieng is still alive, that is!”

“What?!?” Ban Mo’s facial expression changed drastically when he heard Bai Chen’s words. It caught him by surprise. However, shortly after that, he growled. “Wait here. I’ll call him now!”

He clearly did not believe Bai Chen. He used his leftover spirit qi to call Zhan Yong Lieng... but silence was all he got!

“I...Impossible! This is not true. Yong Lieng was a divine realm cultivator. Nothing would have happened to him that easily!”

Ban Mo’s face turned very pale, as if there was no more blood under his skin.

The pure silence that he received after trying to contact Zhan Yong Lieng proved that something must have happened to him!

“True or not, you’ll find out soon enough when you join him in hell. Right now, take the punishment you deserve first!” Bai Chen did not care if Ban Mo believed him or not. He waved his hand and smiled coldly.

Suddenly, Ban Mo, Tang Tan Seng, and Tang Chong Ren’s clothes were shredded. They were now naked.

Paying no mind to their screams, Bai Chen flicked his hand and made Tang Nan’s and Tang Chong Ren’s male organs grow hard. Then, he put all of them in position, ready to take action.

Suddenly, Tang Nan’s and Tang Chong Ren’s male organs leapt into the holes of Ban Mo’s and Tang Tan Seng’s derrières!

Pitiful and painful shrieks sounded throughout the room only a few seconds after that!

Chapter 519 Humiliated

“Aghhh!” The pained and humiliated cries filled the room, even though it had already been half an hour.

Thrust!

The sound of the skin striking against skin was loud.

Bai Chen’s eyes were looking at a disgusting scene. Tang Nan was thrusting his manhood into the behind of Ban Mo, his grandfather.

Ban Mo’s facial expression right now was empty. His eyes were dead. The only thing that he wanted to do was to die. This was more humiliation than he could bear.

His heart seemed to have shattered and died. He was full of vengeance towards Bai Chen, who’d dared to do this to him.

However, most importantly, he regretted everything. If he had known that he would end up like this, he would not have supported Tang Nan. He would not have broken Li Cong Tian’s arm, and he would not have messed with Li Lin.

Ban Mo knew that Bai Chen had done this to them because of what they had done to Li Lin.

If he'd stopped Tang Nan from bothering Li Lin, this would not have happened. He would definitely have been able to enjoy his legendary power longer!

However, what shook him the most was that his sworn brother was dead. A divine realm cultivator had been killed. How could he not feel shaken?

He was deeply scared of Bai Chen!

"Ah...ah..." A heavy panting sound stood out among the sound of the thrusts. It was Tang Nan. His face had twisted to the point of ugliness. It was covered with tears and mucus.

He felt so scared, it was driving him mad. He never thought that there would be a day that he did this with a man. Moreover, that man was his own grandfather!

Even though he felt very satisfied down there, his heart was screaming. His spirit was about to break!

Tang Tan Seng and Tang Chong Ren felt the same.

Tang Tan Seng, who was being thrust into, had the same thought as Ban Mo. He repeatedly begged for mercy with: 'Elder, please have mercy.'

However, of course, Bai Chen would not grant him that wish. If he had not come in time, Li Lin would have been raped.

For Tang Tan Seng, a person who supported Tang Nan all the way was no different. Bai Chen did not plan to go easy on him.

If he wanted a \*\*\*\*, he would get one—with Ban Mo and Tang Tan Seng!

"Stop...please! Please stop!" Tang Chong Ren screamed madly while his hips were still moving nonstop. Of course, he felt the same as Tang Nan. He never expected to be having sex with his grandfather.

Bai Chen only shook his head coldly before glancing at Tang Man who was regaining consciousness. He pointed his finger at her and the faint silver ray dashed through her forehead.

The fat woman's eyes widened and closed. She was still alive. However, she would now become a woman with a mental disorder. That was the punishment she deserved!

Bai Chen did not kill her. That was already a great mercy!

After turning Tang Man mad, Bai Chen left the room. He did not care about what was going on in the room anymore. It was good that it was on the top floor so that no one was allowed to come.

Otherwise, that someone would have been surprised by such a hot and steamy scene!

"Tang Zi Cheng!" Bai Chen said the name aloud. His face turned malicious.

He heard what Tang Nan said that Tang Zi Cheng was the one who told him about Li Lin. That was why Bai Chen was very angry at him.

Due to that, Bai Chen would now make him pay.

Tang Zi Cheng was alone in the living room right now. He smiled while thinking about how glorious the family would be after this.

Tang Zi Cheng did not think that he had done anything wrong. He had done all of this for his family.

Then, his smile froze when he heard a cold voice talking to him.

“You’ve done well, Tang Zi Cheng!”

Tang Zi Cheng turned to the source and his heart sank. A familiar face was standing there.

“B... Bai Chen!” Tang Zi Cheng exclaimed loudly. He never forgot Bai Chen’s face, even though it had been a while.

After that, Tang Zi Cheng’s face turned pale. He stood up and pointed his trembling finger at Bai Chen.

“H...How did you get here?!?”

“How did I get here?” Bai Chen repeated the question. His voice and face were as wicked. “You should’ve asked yourself that because you are the reason!”

Then, Bai Chen reached out his hand. In the blink of an eye, Tang Zi Cheng floated without resistance towards him.

Grab!

Bai Chen grabbed Tang Zi Cheng’s neck and squeezed it a little to make him feel pain.

“It’s a shame that Li Lin was kind enough to talk me into helping your wife. You paid her back with this. Are you still a sane human being?” Bai Chen squeezed his neck harder.

“Aghhh!” Tang Zi Cheng’s pain-filled cry sounded. His face was very pale as if he was already dead.

He knew right away that Bai Chen was a cultivator since when his body had leapt towards Bai Chen by itself. Fear crept into his heart.

The fear multiplied when he thought about Xu Xue Ning’s words about how Bai Chen could destroy the Tang family by himself alone!

Tang Zi Cheng tried so hard to suppress his fear. It eventually subsided.

As he thought of Ban Mo, the legendary realm cultivator, and Zhan Yong Lieng, his sworn brother, who was a divine realm cultivator.

“Bai... Bai Chen, release me now, otherwise you're dead. If I call for help, you wouldn't make it past a legendary and divine realm cultivator?!?”

Tang Zi Cheng inhaled deeply before speaking coldly. His intention was obvious. He was trying to threaten Bai Chen.

However, Bai Chen did not fret. If Tang Zi Cheng knew what that legendary realm cultivator was doing right now, he might die from surprise!

As for the divine one, he had probably been throughout hell to the point of being bored of it by now!

Chapter 520 Console

“Why don't you let me go?” Seeing Bai Chen go quiet, Tang Zi Cheng thought that Bai Chen was scared of both the legendary and divine realm cultivators.

“Release you?” Bai Chen could not help but laugh. His laughter sounded a little off, but it was ice-cold.

“What? Release me now!” Tang Zi Cheng was alarmed. “Are you not afraid of a legendary and divine realm cultivator?!?”

“What is there to be scared of?” he said. Bai Chen's eyes showed cruelty.

“You... What are you going to do?!?” Fear came back to him when he looked Bai Chen in the eye. His heart pounded madly. His instinct told me that Bai Chen was about to do something bad to him.

He was an ordinary person and Bai Chen was a cultivator. How could he not be scared?

“I'll do this!” Bai Chen did not waste his time talking anymore. He slammed his hand on Tang Zi Cheng's head.

Slam!

A heavy noise sounded. Tang Zi Cheng's head sank slightly. His eyes widened to the point that they almost popped out of their sockets. A lot of blood slowly flowed out of his nose and mouth.

The instant pain was driving Tang Zi Cheng crazy. He swore that he had never been in this much pain!

His heart was full of vengeance. He wanted Ban Mo to finish Bai Chen off quickly.

However, it was unfortunate that Ban Mo would not be doing anything. He would die very soon, and it might turn out to be a suicide!

That level of humiliation was too much for him to live on.

What was happening on the top floor right now, which was controlled by Bai Chen, was about to be finished in half an hour.

After slamming his hand against Tang Zi Cheng's head, Bai Chen threw him on the floor. He did not care about him anymore since Tang Zi Cheng had already become mentally deranged. He was the same as Tang Man.

He did this because he did not want this bastard to die that fast. He needed to be punished. He deserved as much for doing this to Li Lin!

Shortly after that, Bai Chen vanished from there to go see Li Lin.

Even though Bai Chen was not here anymore, Tang Zi Cheng still lacked the energy to move. His sanity was fading away. He could not even speak.

Tang Zi Cheng was so scared he started to pray to God.

However, no gods would help a wicked man like him. Then, his sanity was finally gone—forever!

When he came to, he was only an insane man. It was no different from being dead!

Bai Chen arrived at where Li Lin was. She was awake and crying in the corner of the room. She was shaking with fear.

Bai Chen's heart ached when he saw her like this. He tightened his fists and thought about killing Tang Zi Cheng off for good. However, he quickly shook his idea off because Tang Zi Cheng had already received what he deserved.

"Li Lin," Bai Chen said softly.

His voice shook her. She raised her teary face up. Seeing that it was Bai Chen in front of her, she stood up without a care in the world and cried out, "Bai Chen!"

She ran towards him and put him in her tight embrace. She cried so hard.

Bai Chen's face showed grief. He hugged her very tightly and stroked her back softly. He would simply let her cry until her fear faded away.

"It's okay, Li Lin. It's over now," Bai Chen consoled her with his kind voice.

However, it did not stop Li Lin from crying until a while after that. She slowly pulled herself off from his embrace before asking anxiously. "My parents? What about my parents?!?"

It seemed like she'd just realised the most important thing in her life.

"They're fine. Don't worry." Bai Chen said while taking her hands. "Let's go. I'll take you to your parents."

He knew where they were locked up at since he had searched everywhere with his psychic power.

"Mmm." Li Lin quickly followed Bai Chen to see her parents. She was a lot calmer now after hearing Bai Chen's previous words.

While Bai Chen and Li Lin were about to go see Li Cong Tian and Li Yu, the hot and steamy sounds that were audible on top of the mansion finally ended. They were replaced with pleading screams.

Inside the room, Ban Mo was squeezing Tang Nan's neck. His eyes turned very red, as if he had completely gone mad. No matter how much Tang Nan begged for his life, it was in vain. Ban Mo ended up killing Tang Nan!

Then, he laughed hoarsely and cursed Bai Chen for a while before committing suicide!

With this level of humiliation, he did not dare to live on. Moreover, he was now a mere human being. Being dead was a lot better!

Ban Mo was determined. He gulped down the poison that he had been keeping in his nail.

However, before the poison did him good, his head was suddenly cut off. Blood splattered everywhere!

"You..." Ban Mo looked at his killer with widened eyes. It was Tang Tan Seng.

"Everything was because of you. You led me to this humiliation!"

Tang Tan Seng looked at the lifeless body of Ban Mo with fury. He looked at Ban Mo's head that dropped onto the ground and flicked his hand. Both the head and the body were burnt to ashes!

Once he killed and destroyed Ban Mo's corpse, Tang Tan Seng also murdered his grandson, Tang Chong Ren, even though he begged very hard for his life.

Shortly after that, a lifeless Tang Chong Ren laid down at Tang Tan Seng's feet.

Tang Tan Seng laughed like a madman. Then, his eyes fell on Tang Man, who was now an insane, drooling woman. He flicked his hand once and her fat body exploded into dust!

"I'll be waiting to take my revenge in the next life!" Tang Tan Seng growled loudly before piercing his hand through his heart. Blood splattered all over the area. His breath started to fade away. Then, he fell onto his back!

It was obvious that Tang Tan Seng could not live on with this much humiliation!
