

## Life Changing 531

Chapter 531 Can You Resist?

“Why are you shouting?” Bai Chen put his hand behind him and gently patted Zhien Wu Shuang’s head to console her. His eyebrows knitted tightly and he looked at those unwanted guests.

“How dare you talk like that to our deputy sect lord?!” The man next to Zhien Ding Choo was angry and pointed his finger at Bai Chen.

Bai Chen glared back at him. He recognised him right away from his future memories.

“Li Ren, the third elder of the Azure Sword sect.” Bai Chen’s voice was cold. “What about the way you’re speaking then?”

“You!” Li Ren was furious. He thought about killing Bai Chen, but he was stopped by the other middle-aged man. “Li, don’t rush into anything. He’s just a kid. Don’t let him get to you.”

Bai Chen turned to the man. He was also in his memories. He was the fourth elder of the Azure Sword sect, Kuan Xia. His and Li Ren’s levels were only a stage apart. He was a secondary sky soaring cultivator, while Li Ren was a tertiary sky soaring cultivator.

“Kid, what are you staring at?” Seeing Bai Chen looking at him, Kuan Xia smiled faintly.

However, Bai Chen could see through that smile. It was actually a malicious one.

“Kuan Xia, what are you looking at me for then?” Bai Chen asked with his cold voice.

Hearing that, Kuan Xia’s facial expression changed drastically. He was angry.

He was the fourth elder of the Azure Sword sect, one of the three strongest sects in Wu Zhou territory. It was unexpected that his name would be said by someone he saw as a mere child without any sort of respect.

Bai Chen did not seem to have any respect for him. How could Kuan Xia not be angry?

Even so, Kuan Xia was a rather cool, calm person. He suppressed his anger. Then, he realised that Bai Chen knew about him and Li Ren.

“Kid, you know me and Li Ren?” Kuan Xia frowned and asked coldly.

Bai Chen was about to answer when Zhien Ding Choo shouted again. “Li Ren and Kuan Xia, shut your mouths!”

Hearing that, Li Ren and Kuan Xia immediately fell silent.

Zhien Ding Choo did not pay attention to them. He glared at Bai Chen and emitted a killing aura. “Animal! Tell me who killed Zhien Chang Chee and Zhien Chang Chen, my sons?!?”

The reason why Zhien Ding Choo asked Bai Chen this was because there were people who had seen Zhien Chang Chee and his men when they took Zhien Wu Shuang out of the sect.

When he investigated to the point that he found Zhien Wu Shuang with Bai Chen and Sui Lien Er, Zhien Ding Choo was certain that both of them must be associated with the deaths of the sons in whom he took great pride. He did not care about the deaths of the others.

It was only normal for him to think so because Zhien Wu Shuang was still alive while the rest of the men had all been killed.

Especially now that Zhien Wu Shuang was with them without her black patterns anymore—everything fell into place.

Bai Chen looked Zhien Ding Choo in the eye without fear. He was not scared of a tertiary legendary cultivator like Zhien Ding Choo. If he wanted to kill, he could kill very easily.

It was a piece of cake for him!

It was true. Bai Chen only had to use the eternal of truth to stop time. Then, he would use the oceanquake spear, which even a salvation realm cultivator was scared of.

Zhien Ding Choo would certainly die from Bai Chen's single blow!

“Why are you quiet? Answer me!” Seeing Bai Chen being quiet, Zhien Ding Choo was furious. Anger was burning in his heart.

The loss of his two sons of whom he was proud had driven him mad to the point that he wanted to kill the murderer by himself.

When he found a clue, Zhien Ding Choo could not wait any longer. His sharp spirit qi was sent out to cover the whole area. The air trembled as if it was scared of the powerful energy.

Sui Lien Er did not want to interfere in this issue. She stood still and waited to see what Bai Chen could do. Unexpectedly, Bai Chen turned to look at her.

“Sui Lien Er, what are you standing there for? If you want to take Wu Shuang as your student, prove your sincerity and handle these three!”

“I...” Sui Lien Er's eyes widened. She was speechless.

Good heavens! She had not expected this. This man wanted to drag her into this too!

Then, she thought about Zhien Wu Shuang. She thought about her potentials and gifts. She could not do anything but grit her teeth and glare at Bai Chen. “Certainly!”

“Good!” Bai Chen smiled and turned to look at Zhien Ding Choo, Li Ren, and Kuan Xia. They were only here to die.

How could one legendary realm cultivator and two sky soaring realm cultivators stand up against a salvation one?

There was no way!

They would not be able to withstand nor resist the salvation power.

Even he himself, without the eternal truth of time, would not be able to withstand it.

Then, Bai Chen shook his head and turned around. He carried Zhien Wu Shuang, who was still scared, in his arms and flew away. He did not want her to see bloodshed from Sui Lien Er taking action.

“Damn it! How dare you run away from me like that without asking my opinion first?!” Zhien Ding Choo shouted. He reached out and aimed to crush both of Bai Chen’s legs.

“You too, old man. Why don’t you ask my opinion before doing something?” Sui Lien Er spoke coldly through her teeth. She flicked her hand once and a drop of water appeared on her index finger. She used her thumb to flick it once. It leapt towards Zhien Ding Choo.

Zhien Ding Choo stopped what he was doing and turned his ice-cold eyes onto Sui Lien Er.

Seeing that drop of water, his facial expression grew even more malicious. What Sui Lien Er was doing was no different from insulting him. That was why he was furious.

Even though Zhien Ding Choo did not know Bai Chen and Sui Lien Er’s levels, he did not seem to care much about them. He thought that maybe both of them used some kind of special item to conceal their levels. Therefore, he thought that the both of them were weaker than him.

Then, he reached out his hand to push that drop of water away without a care in the world!

#### Chapter 532 Too Angry To Suppress

It was unexpected that his hand was pierced through by that drop of water. His blood splattered. It was so painful that his face changed colour. He screamed, “Aghhhh!”

His scream was suddenly silenced because that drop of water did not vanish. It continued to go through his heart!

The pain stormed into him. He was in so much pain that he was speechless. He finally felt an immense fear.

Even though his heart was pierced through, he did not die right away because he was a tertiary legendary cultivator.

This made him very scared. He knew now that the woman did not use any item to conceal her level. Rather, it was because she was far above him!

“D... Di...Div...Divine.” Zhien Ding Choo struggled to speak before he fell silent.

Even though he did not finish his sentence, it was easy to guess that he was about to say “divine realm cultivator”.

It was obvious that, in his final moments, he’d thought that Sui Lien Er was a divine realm cultivator.

The reason why he thought so was because the strongest cultivator that he had ever met was at the divine level. He had never seen a salvation one.

That was why it was only normal that he thought that Sui Lien Er was a divine realm cultivator.

Zhien Ding Choo's face was now extremely pale. He caught his last breath and dropped down from the sky onto the ground in front of Sui Lien Er. He moved no more.

“The deputy sect lord!” Li Ren and Kuan Xia shouted in alarm when they saw Zhien Ding Choo die after a single attack!

What they just witnessed extremely terrified them!

Both of them thought ‘this is bad!’. Then, they wanted to run away as far as they could. They wanted to run away from death!

Without hesitation, they leapt out in a different direction with all their might.

Sky soaring level of speed was very fast.

However, it was very slow for a salvation realm cultivator like Sui Lien Er. They were like turtles.

She shook his head and turned to look at where Bai Chen took Zhien Wu Shuang before following them.

Meanwhile, two drops of water appeared and followed Li Ren and Kuan Xia.

In the blink of an eye, Li Ren and Kuan Xia died in fear. They died in the same manner as Zhien Ding Choo. Their bodies lay cold on the ground without anyone noticing.

Beasts would find them and devour them one day, and there would not be anything left, even skeletons!

It was undoubtedly a pitiful fate. However, they could not blame anyone but themselves. If Zhien Ding Choo and his men did not rush here, they still would have been alive.

It was a shame that they chose to walk the wrong path. They died without a place to bury by the hand of Sui Lien Er, a salvation realm cultivator.

From now on, the Azure Sword sect would be very weak since they'd lost 5 elders before and now 2 more along with their deputy sect lord!

It was such an unexpected event for the sect that they would experience something like this within a short period of time, and the cause of it was just a little girl, Zhien Wu Shuang.

If Zhien He Xou, the ancestor of the sect, knew about this, he would have been so sad he gushed out blood. He would regret it very much that he had not treated Zhien Wu Shuang well!

.....

Crash!

Crash!

Crash!

Inside the life jade storeroom of the Azure Sword sect, 3 crashes sounded. The first one sounded first and the other two followed later.

The face of Too Ming, the tenth elder of the sect, grew as pale as a corpse's when he saw whose life jades those were.

"Impossible!" He could only produce these few words after a long while had passed.

"The deputy sect lord, the third elder Li Ren, and the fourth elder Kuan Xia are dead? Good heavens! What have we done wrong?!?" Too Ming had gone crazy. He tore at his own hair. His face was twisted with anxiety. He was afraid that the next person to die might be him.

How could he not be scared when 7 elders and a deputy sect lord died almost at the same time!?

"This should be reported to the lord immediately!" Even though he was scared, he did not forget what he had to do. He rushed to Hua Foo Fo right away.

Before that, of course, he did not forget to grab the pieces of the 3 life jades with him as proof.

When Hua Foo Fo knew about this, his face turned ugly. He growled so loudly as if the sky was about to crumble down. He burst out his primary divine power. Everyone in the sect trembled in fear.

Hong Guan Gang, another deputy sect lord rushed over. After he received the report on everything, his face was no different than Hua Foo Fo's. His heart was chilled by the unknown cold.

Even Zhien Ding Choo, whose level was the same as his, had been murdered. How could he survive?

It was obvious that the killer was directly targeting the Azure Sword sect. If it was true, the next targets would be the rest of the elders and the lord!

"Lord Hua, what should we do about this? I have no idea what we've done to deserve this... sigh." Hong Guan Gang could not help but sigh.

Hua Foo Fo gritted his teeth. His anger was too great to suppress. "What should we do? What can we do except take revenge? I'll invite the ancestor out along with the azure heart sword!"

Hong Guan Gang's brain was all muddled. He did not expect that Hua Foo Fo would think about interfering with Zhien He Xou's practice lockdown. Moreover, he would invite the sect's protective weapon, the azure heart sword, out too.

However, when he thought about the situation, he could not help but agree and nod calmly.

### Chapter 533 The Troops Of The Azure Sword Sect March

The next morning had come. The sky was still dark. A sharp thread of divine qi appeared above the Azure Sword sect. Everyone in the sect, whether and elder or a pupil, was in a state of unrest, yet they respected it.

The owner of that sharp divine qi was an ordinary-looking old man in blue. He carried an elegant white sword. His eyes were mysterious.

“Ancestor!”

In front of him stood six people. There were 3 familiar ones among them. They were Hua Foo Fo, the lord of the Azure Sword sect, the deputy sect lord Hong Guan Gang, and the tenth elder Too Ming.

The rest of them were none other than the seventh, the eighth, and the ninth elders of the sect.

Dang Dao, the seventh elder, was a secondary sky soaring cultivator. The eighth elder was Hen Shing, the primary sky soaring cultivator, and the ninth elder was the primary sky soaring cultivator, Yan Sa.

It was obvious that the remaining strong members of the sect had all gathered here. There were only the eleventh and the twelfth elder who were not here.

They also wanted to come, but Hua Foo Fo ordered them to look after the sect.

The person whom they called ‘ancestor’ was the one and only Zhien He Xou.

Therefore, the ordinary-looking old man was definitely him.

Zhien He Xou was a tertiary divine cultivator. Half of him was actually in the salvation realm!

There were only a few people who could fight him on equal footing, and there was only one whom he did not dare to mess with. That man was the Wu dynasty’s ancestor, Wu Sao Feng, the only salvation realm cultivator in Wu Zhou territory!

“Are you ready?” Zhien He Xou nodded at everyone. His facial expression was cold. There was a killing aura in his eyes.

Zhien He Xou really wanted to kill right now. He wanted to kill the man who murdered his 7 elders and a deputy sect lord. They were also his next in line for three generations!

The generation of Zhien Ding Choo, Zhien Chang Chee, and Zhien Roo.

Zhien He Xou was their ancestor. How could he not be so angry?!?

“Ancestor, we’re ready!” Hua Foo Fo answered for everyone with a serious face.

The faces of the rest of them were the same.

“Wonderful!” Zhien He Xou nodded with satisfaction before flicking his hand. He used his telepathy to send his voice down to the core of the underground of the sect.

“I invite you, the great azure heart sword!”

Swoooooosh!

In the blink of an eye, a long blue sword leapt out from the earth. The sword itself was bright blue, almost the same colour as the sky. It emitted a terrifying power that shook the earth and sky!

The blue sword stopped in front of Zhien He Xou and his men.

“I accept your invitation. I shall not stand still when the sect is in need!” The azure heart sword spoke with its powerful voice. Its power was equal to a primary salvation cultivator!

They all looked at the sword with respect, including Zhien He Xou.

“If so, please guide the way.” Zhien He Xou made a respectful gesture.

The sword did not say anything more. He shook once and leapt out.

The azure heart sword had one special ability. It could sense anything from a very faraway place. Its psychic power covered the entire territory of Wu Zhou. With that, it was easy to find the murderer.

The killer of Zhien Ding Choo and his men was Sui Lien Er, a salvation realm cultivator. She did not wish to conceal her power from anyone, so the sword could sense her easily.

If Sui Lien Er concealed it, the sword would not be able to spot her.

Seeing that, Zhien He Xou and the rest of his team quickly followed it.

.....

At a place close to the river, Bai Chen stood still and thought about how to get to Ping Zhou territory.

When he got there, he would first meditate until he reached the legendary realm. Then, he would ask around about Lua Jin Ming’s whereabouts.

Once he could pinpoint him, he would definitely get rid of him right away. He would not let him get any stronger.

Otherwise, it would be hard for him to do that in the future, just like what his future self had done.

Zhien Wu Shuang was beside him. Her cute face showed excitement that she would be going to Ping Zhou territory soon.

Going to another territory for the first time was truly exciting for a little girl like her.

Even so, she still felt sad that she would have to be separated from Bai Chen.

Last night, he’d told her that she would have to respect Sui Lien Er as her teacher and follow her to the Glorious Water sect in Ping Zhou territory.

As for him, there was some business that he had to settle. It was very dangerous and he could not take her with him.

He did not know exactly when he would finish his job. It might take ten years.

However, he promised that he would come back to her after he was done.

It was the coming back part that Zhien Wu Shuang waited anxiously for. She wished that Bai Chen would come back to see her as soon as he could.

Bai Chen did not know what the girl was thinking. He only frowned. He did not understand why Sui Lien Er was not there yet.

After last night that Sui Lien Er got rid of Zhien Ding Choo and his men, she took Bai Chen and Zhien Wu Shuang here. She told them to wait here while she was calling the qi ferry.

However, it was already midday. Sui Lien Er still had not arrived.

‘Why isn’t she here yet?’ Bai Chen wondered. However, he did not think that she would run away.

He shook his head and stopped thinking about it.

Bai Chen closed his eyes and waited quietly.

Zhien Wu Shuang’s excitement had decreased. It had been a long while since she’d waited for Sui Lien Er, her teacher.

She wondered why Sui Lien Er was so slow. Or maybe that qi ferry dropped on top of her and killed her already?!?

If Sui Lien Er knew what the little one was thinking, she would have been speechless!

Chapter 534 The Fight Of Sui Lien Er!

Above a vast forest, a huge ferry was floating quietly.

It was not only big, but it was also covered with a strong spirit qi. It was a luxurious one too. It was none other than the qi ferry!

There were 5 people on it. One of them was Sui Lien Er, the woman whom Bai Chen and Zhien Wu Shuang had been waiting for.

The remainder of the group consisted of one old woman, one middle-aged woman, one middle-aged man, and one young man.

The young man was a handsome one. He looked young and intellectual at about 28 to 29 years of age. He was a primary legendary cultivator!

There was no one in Wu Zhou territory who could reach this level this young.

There might have been some in the past, but only a few.

That was why this young man was worthy of the great genius title!

“My lord, is the trade between Wu Sao Feng complete?” The old lady smiled slightly and asked this of Sui Lien Er with her respectful voice.

Sui Lien Er, who’d just gotten here, nodded. “Yes. The trade was worth it.”

It was obvious that Sui Lien Er had come to Wu Zhou territory to make a trade with Wu Sao Feng.

There was only one person whose name was Wu Sao Feng here in Wu Zhou territory. No one dared to name their children that since it was the name of the Wu dynasty’s ancestor, the strongest authority in Wu Zhou territory!

“You’ve done so much,” the middle-aged lady said softly.

Sui Lien Er turned to her and smiled. “Not at all, Ping Zhue.”

Ping Zhue, the middle-aged woman, smiled back at her before turning to look cautiously at the two men on board.

The middle-aged and the young man did not pay attention to the old lady. They made a respective gesture and smiled at Sui Lien Er.

“Lord Sui, it was an honour to be able to travel alongside you,” the young man said with his kind voice.

“Not at all. It was nothing.” Sui Lien Er waved her hand carelessly. “Gu Seng Xi, what about your business?”

The young man, Gu Seng Xi, nodded. “Yes. My uncle, Ku, and I only wanted some herbs that only grow here in Wu Zhou territory. They were not that hard to find, so it took us only a short time.”

“Then, you have my congratulations,” Sui Lien Er said carelessly.

It was obvious that the old lady and Ping Zhue were the members of the Glorious Water sect. That was why they called Sui Lien Er their lord. As for the middle-aged man and Gu Seng Xi, they called her ‘Lord Sui.’

Then, Sui Lien Er did not care about the two men anymore.

Gu Ku was obviously the middle-aged man’s name. The reason why Sui Lien Er let them onto her ferry was because Gu Seng Xi was a grandson of a high-ranking elder of the Earth Smashing pavilion.

The Earth Smashing pavilion was at the same level as the Glorious Water sect. That was why Sui Lien Er could not disregard a high-ranking elder of the Earth Smashing pavilion.

Sui Lien Er turned to the old lady and Ping Zhue. She was about to tell them that there would be two more people coming back with her.

Unexpectedly, before she could do that, a screeching sound cut through the air from far off. It was a powerful enormous blue sharp blade!

Every face on the ferry changed colour. Sui Lien Er’s body flashed and vanished. She appeared again hundred metres away from the ferry. She pointed her finger and sent out the blue salvation qi out.

Boom!

In the blink of an eye, her power clashed with the sharp blue blade and vanished.

The air where they clashed was distorted and formed a black dimensional rift because of the impact.

“This is too much!” Sui Lien Er was furious. She did not know who had dared to attack her ferry.

She raised her hands and started to chant. She did not even care if the other party appeared.

She created a whirlpool. Her salvation qi gushed out of her body, pressuring and crumbling the air around her!

“Majestic Whirlpool!” Sui Lien Er moved her hands and sent out the whirlpool that she had created.

The whirlpool leapt through the air farther away until it reached the blue sword that stood mid-air. It was the azure heart sword.

The azure heart sword had been there for a while. It did not waste its time and started to attack immediately.

Sui Lien Er killed its elders, so it did not see why it should stall anymore time. That was why it immediately attacked when it saw the ferry.

However, it was surprised to see that its opponent could shatter its power quite easily!

The azure sword regretted that it did not figure out the level of its opponent first before the attack. Now that it knew that the other was a salvation realm cultivator, it started to be stressed.

Seeing the whirlpool that almost reached it, the sword could sense a grave danger. Without hesitation, the sword gushed out its full power, which immediately shook the whole sky.

The sharp spirit qi flashed and cut the air in front of it into stripes. It leapt towards the whirlpool courageously.

Boom!

As soon as they hit, a huge explosion occurred. The sky trembled in a terrifying manner!

The air around the explosion could not withstand it and broke apart, creating black dimensional rifts!

A thick wall of white smoke covered everything. Everything went quiet after that. It was obvious that the explosion just now had vanished.

“You’re a supreme weapon!” The cold voice of a woman sounded from the inside of the wall of smoke. It was Sui Lien Er. She’d used her full speed and appeared here.

“If you dare to defy me, you must be ready to die!” She spoke again with an even colder voice. Her killing aura started to flow out of her!

Chapter 535 Shattered!

The white wall of smoke started to disintegrate. It was gone completely within less than a minute. Sui Lien Er stood there mid-air. She was as calm as the surface of a tranquil body of water.

However, the azure heart sword could tell that she was not as calm as she looked. It could see an apparent intent to kill in her eyes. Moreover, her faint killing aura was covering her whole body.

Added to her words just now—the azure heart sword was not a fool; it knew that Sui Lien Er wanted to shatter it!

“I, the azure heart sword, have prepared for death. However, can you really kill me?” The azure heart sword shouted aggressively. Even though it regretted everything, it was not scared of her.

It regretted its decision because fighting with Sui Lien Er, a salvation realm cultivator, and had an equal level of strength would definitely cost it a lot even if it could claim victory.

‘It’s good that Zhien He Xou and the rest of the team isn’t here yet, otherwise I have no time to protect them.’ The azure heart sword thought.

It was afraid that it would not be able to protect Zhien He Xou and his men while fighting with Sui Lien Er, if she secretly turned to attack them.

Zhien He Xou and his men, 7 people in total, were strong, but it was impossible for them to catch up with the azure heart sword in such a short period of time. However, they would definitely be here within 20 minutes or so.

“Such arrogant words!” Sui Lien Er spoke coldly through her teeth. She told those on the qi ferry through her telepathy not to come down and interfere with her fight.

Then, her salvation qi appeared around her. Her salvation qi was bright blue. She was the lord of the Glorious Water sect. That made her a water master.

On the water path, she was only second to Sui Mei Xia, her ancestor.

“Glorious Water Transformation Dance!” Sui Lien Er said softly while waving her hands as if she was dancing.

Her salvation qi danced around with her. It was a beautiful sight to see.

However, it was beautifully terrifying that even a tertiary divine cultivator could not have survived!

Seeing the Glorious Water Transformation Dance was almost complete, the azure heart sword started to stress out. It did not waste its time and gush out all its might.

As the opponent was a salvation realm cultivator, the sword could not afford to conceal its power if it wanted to win this fight.

Rumbling...

The sword’s full power was violent. It could flip the sky from day to night!

It also made the air around it twist and break apart!

“Die!” The azure heart sword growled loudly.

Its voice crumbled the whole sky. Then, it slashed through the air in front of it and created a huge, terrifying wave!

As soon as the wave appeared, the air in front of it was slashed to pieces!

Sui Lien Er finished her preparation for the Glorious Water Transformation Dance and saw what the azure heart sword had done.

“You want to kill me in a single blow? Then, I’ll just do the same to you!” Her full power exploded. Her long hair and dress fluttered violently.

She used all of her salvation qi. It was packed into the Glorious Water Transformation Dance. Its power shook the whole heavens!

Sui Lien Er’s eyes were sharp. Without wasting any time, she sent it out!

Boom!

In the blink of an eye, the huge wave hit the Glorious Water Transformation Dance!

This collision cause such a terrifying image. An explosion was so gigantic it crushed everything to nothingness!

Including the sky and earth. Everything was gone!

The sky in a 1000-metre radius became dimensional rifts. There was a vast hole on the ground whose depth was immeasurable. There was only eternal darkness in there!

The azure heart sword was affected. It was a fatal blow, too!

The once beautiful sword was now broken; only some of its handle was left. It was almost to the point of dying!

It was apparent that its spirit should not be able to stay alive for more than 5 minutes from now. It gravely regretted that it came here. If it did not, this fight would not have happened.

However, it was unexpected that only this explosion would shatter it to the point of dying!

‘At least...I won’t die alone!’ The azure heart sword stopped regretting. It thought that Sui Lien Er should not be any better. She should be dying too.

It was a shame that Sui Lien Er was completely fine. The soft blue shield around her protected her from the collision.

Otherwise, Sui Lien Er’s condition would have been as bad as the azure heart sword.

“I...Impossible!” It was greatly amazed as if it was crushed by the earth. It was quite clear that...Sui Lien Er was safe without any injury.

How could it not be amazed? However, when it saw the soft shield, it suddenly went mad. It was one of the supreme defensive items!

Sui Lien Er did not pay attention the azure heart sword. She thanked the soft shield. “Thank you, water origin shield. Without you, I wouldn’t have survived.”

The shield laughed softly. “Lien Er, why are you thanking me? My duty is to protect you.”

Then, the water origin shield sent out its spirit qi and crushed the azure heart sword!

“Stupid sword. You asked for it!”

Before it died, the sword was extremely terrified. It died with regret and fear!

#### Chapter 536 Execution

After the azure heart sword vanished into oblivion, Sui Lien Er shook her head wearily.

Actually, she'd wanted to destroy it by herself. She did not expect the water origin shield to do it.

The water origin shield had destroyed one of the supreme weapons. She felt happy. She laughed before leaping back inside Sui Lien Er's dimension ring.

Sui Lien Er stood still for just a short while. Then, she dashed forward and vanished.

She did not go back to the ferry right away because she sensed 7 other presences coming towards this location.

No one had to tell her who they were. She knew that they were the azure heart sword's allies.

Since they were on the same side, she did not plan to let them go!

The old lady and Ping Zhue, the middle-aged woman on the ferry looked at each other and could not help but breathe in deeply when they saw the fight.

Even though it was only a short moment, it was a fearsome clash.

Gu Seng Xi and Gu Ku felt the same. They looked at each other and saw one another's serious face.

'Never expected lord Sui to be this strong. She's almost at the same level as our lord.' Gu Seng Xi talked to Gu Ku through his telepathy.

Gu Ku completely agreed. 'It's better not to mess with her!'

Gu Seng Xi nodded quietly. He did not reply.

.....

Many thousands of metres away from the qi ferry, 7 people were leaping fast across the sky.

Their leader was none other than Zhien He Xou, the ancestor of the azure sword sect, a tertiary divine cultivator.

The remaining people were Hua Foo Fo, the sect lord, Hong Guan Gang, the deputy sect lord, the seventh elder Dang Dao, the eighth elder Hen Shing, the ninth elder Yan Sa, and the tenth elder Too Ming.

"Ancestor, just now I'm sure the azure heart sword already fought our opponent. Hence, the big explosion," Hua Foo Fo said.

Zhien He Xou narrowed his cold eyes. He looked far ahead to where the fight took place. He also thought that the azure heart sword must have initiated the fight, otherwise it was impossible for that massive explosion to have occurred.

"We think so too." The rest of them thought the same.

"If so, let's speed up, so we can support the sword," Zhien He Xou said while speeding up with footings.

The rest of them did the same and followed him.

“Huh?” Less than 5 minutes had passed when all of them stopped moving because they saw a flashing beautiful figure in front of them.

When they saw who it was, they took their time to admire her beauty for a short moment before frowning. They did not know why she was here in their way.

“What do you want? Why are you interfering with us?” Zhien He Xou frowned and asked while examining her thoroughly.

Suddenly, he was alarmed. Even though he examined every inch of her, he could not determine her level at all.

‘Maybe she has some kind of special item to conceal her level,’ Zhien He Xou thought.

The reason why he thought so was because he did not expect that the woman in front of him would be stronger than him that he could not figure her out.

The rest of them thought the same.

“Am I interfering?” The woman said in a neutral tone. She was none other than Sui Lien Er. “No, I’m not. I’m here to get rid of you!”

Then, Sui Lien Er initiated the fight right away. She reached out her palm and slapped the air in front of her. The air broke apart immediately. Seven threads of salvation qi leapt out.

The terrifying threads dashed towards the seven of them!

Seeing that, their eyes tensed. Their hearts were squeezed. They felt a great deal of fear from the bottoms of their hearts.

‘A salvation realm cultivator!’ they growled internally once they saw Sui Lien Er’s salvation qi. How could they not know which level Sui Lien Er was at now?

“Run away!” Zhien He Xou shouted loudly, even though he was scared. If he did not run away, it would only mean death. He did not hesitate to use up all of his divine qi to form a barrier around himself.

Then, he used his maximum speed to dash away. He did not care about the remainder of his men at all.

Hua Foo Fo reacted to Zhien He Xou’s order first because he was a divine realm cultivator. He quickly did the same thing and leapt out of there.

“Damn!” Hong Guan Gang could not help but swear when he saw Zhien He Xou and Hua Foo Fo run. He was about to do the same when, unfortunately, one of the 7 salvation qi threads pierced through his heart!

“No!” Hong Guan Gang opened his mouth wide and screamed loudly, unwilling to accept things.

He did not want to die just yet, but he had to accept it. Hong Guan Gang finally died and dropped onto the ground below.

Hong Guan Gang did not die alone. There were 4 people who died along with him. They were the elders of the Azure Sword sect, Dang Dao, Hen Shing, Yan Sa, and Too Ming. They all screamed before they died.

They all met the same end. Their hearts were pierced by the salvation thread!

Realising that, Zhien He Xou and Hua Foo Fo’s heart went cold. They could not help but scream at the same time. “Elder, please have merc...”

They had not even finished the sentence when the rest of the salvation qi threads pierced through their hearts!

Their eyes were very wide. They died with their eyes opened!

The reason why they finally begged for mercy was because they thought that even their full strength was not enough to run away.

However, they did not think that Sui Lien Er would be so cold-blooded that she would not even let them finish their plea!

#### Chapter 537 Setting Out (1)

Sui Lien Er looked indifferently at the 7 corpses. She waved her hand once and all seven of the corpses were burnt to ashes. They did not even have a chance to be buried.

The Azure Sword sect would surely be taken over if the rest of the authorities in Wu Zhou territory heard of the sect’s destruction and the deaths of these people.

At this moment, almost all of the strong people in the sect were gone. There were only 2 sky soaring realm cultivators left.

If one of the 6 other authorities wanted to take control of it, it would not be able to protect itself!

However, this time, only Zhien He Xou and his people were to blame. They’d thought that they were strong enough to take care of this matter and ended up dead.

Sui Lien Er appeared back at the qi ferry. She did not talk much about it and ordered the ferry to head where Bai Chen and Zhien Wu Shuang were.

While the ferry was moving towards its destination, Sui Lien Er told her companions that there would be 2 additional passengers coming along on their journey.

All 4 of them wondered who they were. Who could have made an agreement with Sui Lien Er and asked for a lift to Ping Zhou territory on her ferry?

Bai Chen and Zhien Wu Shuang were still at the same place, waiting for Sui Lien Er.

‘I wonder whose fight was it just now?’ Bai Chen frowned. Of course, he noticed the explosion that resulted from the fight.

‘That immense power. Maybe it was a fight between salvation realm cultivators!’ Bai Chen thought.

Suddenly, he thought of Sui Lien Er. Maybe it was her that had been in combat earlier because there was only one salvation realm cultivator here in Wu Zhou territory—two including her now.

He thought it was her instead of Wu Sao Feng, the ancestor of the Wu dynasty, because Wu Sao Feng was currently in practice lockdown. He should now be at the crucial stage for achieving the secondary stage of the salvation realm.

Bai Chen did not believe for a second that Wu Sao Feng would come out of his lockdown and put his life on the line like this.

“It was possible that she was fighting with a supreme weapon...” Bai Chen muttered. What he thought was absolutely correct!

“Big bro Bai, look, a big ferry!” While Bai Chen was muttering to himself, a cute little Zhien Wu Shuang exclaimed. Her round eyes widened. She pointed at the qi ferry that was floating in the air, coming towards this location.

Bai Chen looked up. He thought that it had finally came. Sui Lien Er was likely the one who’d won the fight, otherwise the qi ferry would not have been here a short time after the fight.

“That’s the qi ferry. The conveyance that will take us to Ping Zhou territory,” Bai Chen explained to Zhien Wu Shuang. Her eyes sparkled with excitement.

In less than a minute, the qi ferry floated down until it almost touched the ground.

Sui Lien Er spoke softly. Her voice was like a breeze in autumn. “Come aboard.”

Bai Chen nodded before taking Zhien Wu Shuang and jumping on board.

Once they set foot on the deck of the ferry, the eyes of 5 people were fixed on Bai Chen, who was carrying the girl in his arms.

One of them was Sui Lien Er. She looked at Bai Chen emotionlessly. Then, her face broke into a happy smile when she looked at Zhien Wu Shuang.

The old woman and Ping Zhue, the middle-aged lady, examined Bai Chen for a split second before looking at each other. They could not determine Bai Chen’s level. That was because Bai Chen had already concealed his power. Anyone below the salvation level would not be able to see through him.

Even though they did not know which level Bai Chen was at, the old and middle-aged women did not think that Bai Chen was stronger than them.

Judging from his looks, Bai Chen was in his early twenties, perhaps 21 or 22. It was impossible for him to be stronger than them if he was not a great genius.

However, they knew that Bai Chen was at least at the sky soaring level because he could jump on the qi ferry. They just did not know which stage Bai Chen was at.

Gu Seng Xi and Gu Ku thought exactly the same thing. As the grandson of a high-ranking elder of the Earth Smashing pavilion, Gu Seng Xi did not see the point in greeting him first.

Unexpectedly, however, he clasped his hands together and greeted Bai Chen. "May I know your name? I am Gu Seng Xi."

Gu Ku was surprised with what Gu Seng Xi just did. He was his uncle, so he knew how arrogant his nephew was. This was a rare sight for him.

That was why he started to examine Bai Chen thoroughly. He thought that his nephew must have found something worthy in Bai Chen.

Bai Chen narrowed his eyes and looked at Gu Seng Xi. He dug into his memories and found that Gu Seng Xi would become famous in the future. He was not originally the next in line for the position of leader of the Earth Smashing pavilion. However, because of his potential, he'd fought for it and succeeded.

At that time, everyone thought that Gu Seng Xi was going to lose. However, he had finally won and was crowned the head of the pavilion. He became a tertiary salvation cultivator and, later, the number one figure in Ping Zhou territory!

The legend of Gu Seng Xi was known to everyone in Ping Zhou territory!

Bai Chen put Zhien Wu Shuang down and greeted him back. "You may call me Bai Chen. I've heard somewhat of Gu Seng Xi's reputation. I heard that he's a great genius. Is it you whom I've heard about?"

Gu Seng Xi did not expect that Bai Chen would know him. He thought about it for a second and nodded.

"If it was Gu Seng Xi from Ping Zhou territory, that is definitely me."

Gu Seng Xi was arrogant enough to admit it directly.

"It's an honour to meet you," Bai Chen said and turned to Sui Lien Er. "When are we leaving?"

Sui Lien Er froze. The rest of them looked at Bai Chen with disbelief.

They did not think that Bai Chen would dare to rudely talk like that to Sui Lien Er, a salvation realm cultivator and the lord of the Glorious Water sect, one of the strongest authorities in Ping Zhou territory!

## Chapter 538 Setting Out (2)

Sui Lien Er answered calmly, despite the fact that the rest of her companions were still in shock. "Right now."

She did not seem to care whether or not Bai Chen was rude to her. She would allow this only of him. If it was someone else, she would have killed him already with a single blow.

Hearing that, Bai Chen nodded before taking Zhien Wu Shuang to one corner of the ferry. He did not care about all the eyes that were fixed on him.

“My lord, he...” The old lady whispered to Sui Lien Er after she had calmed herself down.

Sui Lien Er compressed her lips slightly. Of course, she did not plan to tell everyone that Bai Chen walked the path of time because it would only bring him chaos once he got to Ping Zhou territory.

“His name is Bai Chen. I met him coincidentally out there and we made a certain agreement. That’s why I allowed him and that girl to come back to Ping Zhou territory with me.”

“Is that so?” The old lady from the Man family still seemed to be confused. She understood what Sui Lien Er said, but she did not understand why Sui Lien Er did not get angry and kill Bai Chen when he was rude to her.

For the old lady, it was totally surprising, and she did not understand it at all.

“He’s not ordinary. Don’t cause him any problem.” Sui Lien Er knew how the old lady felt, so she whispered to her. The old woman was alarmed slightly and finally nodded.

Seeing that, Sui Lien Er walked away towards the bridge. She got inside.

Shortly after, the qi ferry started to float up and leapt quickly forward through the horizon.

Ping Zhue, the middle-aged woman, walked to the old lady.

After listening to the story, her reaction was just like the old woman’s.

“So, that’s why the lord did not do anything to him even when he acted so rudely.” Ping Zhue talked softly while stealing a glance at Bai Chen and Zhien Wu Shuang.

‘The lord even said that he was ‘not ordinary’. Our instinct may be right. This man is dangerous!’ Gu Seng Xi overheard the ladies’ conversation.

From what he thought, it was obvious that he chose to greet Bai Chen first because he could sense danger from him. It was a kind that even he feared.

Gu Ku, who had always been at his side, could not help but think, ‘This is the reason why Seng Xi greeted that man first.’

Bai Chen did not care about what those 4 people would think about him. He looked out to side, seeing everything down below passing by so fast.

Zhien Wu Shuang did the same. She looked down with curiosity.

Her excitement was still there because this was her first time on the ferry, and it was not just an ordinary one. It floated.

‘This still feels like what I have in my future memories,’ Bai Chen thought and closed his eyes for relaxation. However, shortly after that, he had to open up his eyes because the qi ferry had reached the border of Ping Zhou territory.

This border consisted of a strong force field. Anyone below the sunyata level would be crushed to dust and die!

Others would have to make it across with the qi ferry, otherwise it was definitely impossible to cross the border.

At this moment, the qi ferry let out a colourful light wall and covered itself with it. It was a barrier that shielded it from the force field.

Seeing that, Bai Chen only stood still. The rest of the passengers reacted the same. They had crossed the border a great many times. They were used to it.

There was only the little girl Zhien Wu Shuang who was every excited. She pointed her finger and asked questions non-stop of Bai Chen.

Bai Chen replied with a kind smile. The qi ferry shook violently as if it was about to fall when it went through the force field.

However, it did not fall. Shortly after that, everything went back to normal like nothing had happened.

The force field was all around the qi ferry. Outside of it, there were numerous colourful paths. The dimension was distorted all around.

Even with that, it was not a real dimension. It was only a small part of it.

Bai Chen swept his eyes around a little. Then, he looked ahead at the path that seemed endless.

“It may take several hours before we reach the Ping Zhou territory,” Bai Chen muttered.

It was a great distance from Wu Zhou to Ping Zhou territory. That was why it took a long time to travel there.

Sui Lien Er walked out of the bridge and towards Bai Chen. “I’d like to talk to you alone.”

Bai Chen looked at her and thought about it a little. He finally nodded. “All right.”

Bai Chen followed Sui Lien Er to one of the rooms on the ferry. However, before that, he did not forget to tell Zhien Wu Shuang to stay where she was and not cause any problem. She agreed to that very easily, as expected of a good girl.

Seeing Sui Lien Er and Bai Chen walk into the room together, the old lady and Ping Zhue looked at them with wide eyes. They had never seen anything like this before.

Sui Lien Er had never been in a room alone with a man before.

Even though Gu Seng Xi and Gu Ku were not members of the Glorious Water sect, they had heard that Sui Lien Er, the current lord of the sect, had never done such a thing. They were also surprised.

About half an hour later, Bai Chen walked out of the room with Sui Lien Er. He came back to Zhien Wu Shuang.

The topics he discussed with her were about Zhien Wu Shuang.

#### Chapter 539 To Ping Zhou Territory

Many hours passed. In a certain location, the sky was dyed with the pitch-blackness of night. It was good that at least moonlight was still there to illuminate the night.

A qi ferry leapt through the force field. It took minutes before it could get through.

When the ferry went through the force field, the colourful barrier was sucked back into the ferry.

There were 7 people on board. They were, of course, Bai Chen and his fellow passengers.

“We’re at Ping Zhou territory,” Sui Lien Er said while looking at Bai Chen.

Bai Chen knew that already, even without anyone telling him. He inhaled deeply, taking in fresh air. The air was filled with celestial qi that was thicker than that in Wu Zhou territory.

“We’re at Ping Zhou territory. I thank you lord Sui and the elders. Gu Seng Xi and I must excuse ourselves,” Gu Ku said. It was obvious that they were ready to leave.

“You may leave. Please do not worry.” Sui Lien Er did not care whether they stayed or went. She merely waved at them.

Gu Ku and Gu Seng Xi made a farewell gesture and were about to leave. It was unexpected that Gu Seng Xi would turn to Bai Chen and smile. “My fellow Taoist Bai, you’re always welcome to visit my Earth Smashing sect whenever you have time to spare.”

“Thank you for the invitation, my fellow Taoist Gu. I’ll definitely pay you a visit later,” Bai Chen said, accepting the invitation. He looked at the both of them leaving the ferry to head in one direction at a very good speed.

“Then, I should be going too.” After that, Bai Chen turned to little Zhien Wu Shuang.

She panicked so much, she cried. She did not want to be separated from Bai Chen at all.

“Big bro Bai, are you really leaving?” The girl sobbed.

Bai Chen stroked her head and smiled kindly. “I have to, but believe me, we’ll definitely meet again, and when that time comes, my little Wu Shuang will have already become a beautiful woman.”

“Mm-hmm. I...I’ll wait for that day.” Zhien Wu Shuang cried hard like a waterfall. Tears ran down her soft cheeks.

Bai Chen could not help but bend down and pull her into his embrace.

Sui Lien Er, the old lady, and Ping Zhue did not interfere.

The old lady and Ping Zhue knew already that Zhien Wu Shuang would become a member of the Glorious Water sect and Sui Lien Er's third student. Sui Lien Er had told them about this before they reached the destination.

"Wu Shuang, take good care of yourself. Don't forget to be diligent." Bai Chen patted her back kindly before releasing her. Even so, she was still hugging him tightly.

"You too, big bro Bai, please take good care of yourself and come back to me." The girl was still sobbing. Finally, she released him.

Bai Chen stood up and smiled at Zhien Wu Shuang one last time. Then, he slowly floated out of the ferry.

He left with these final words: "Sui Lien Er, please look after Zhien Wu Shuang."

Sui Lien Er shouted back, "Don't you worry. I'll take good care of her."

The moment she finished speaking, Bai Chen was nowhere to be seen anymore.

Zhien Wu Shuang wiped her tears off her cute face. Her round eyes turned serious and determined. Her gaze followed where Bai Chen had gone. She made a vow to herself.

'Big bro Bai, I swear I'll be stronger. I'll surprise you next time we meet!'

Bai Chen did not hear that because he was already far away from the ferry. He looked around him and below. He could only see a thick forest.

According to his future memories, this forest was called Hua San. It was a big forest where a great many beasts resided. Numbers of cultivators came here to hunt the beasts' cores to improve their potential and gain money.

This forest was like the hundred-beast and thousand-beast forests in Wu Zhou territory. The difference was that the king of the forest here was stronger. The one in Hua San forest was a divine beast!

It was strong and truly terrifying. Bai Chen remembered that it was an enormous white snake. It was good that it hibernated for a long time, so it did not have a great many chances to come out and scare people.

Bai Chen eventually slowed down before landing on a big rock on the ground. Then, he opened up the Life Changing System window.

Seeing that, Bai Chen frowned slightly. He could not believe that the next sub-mission wanted him to kill a legendary beast.

Even so, he still needed to kill a primary legendary beast to gain more bonuses. He would gain as many as 410 magical bonuses for this sub-mission.

He would have as many as 4,200 magical bonuses if he succeeded!

With this amount, he would get closer to the number needed to make a trade for a chance to randomly secure a supreme item!

Honestly, Bai Chen was a little excited to be able to gain close to 5,000 bonuses.

However, he kept his excitement inside of him when he sensed the presence of a tertiary sky soaring cultivator, who was leaping towards him at an incredible speed.

Chapter 540 People From The Two Authorities

Bai Chen spread out his psychic power. He found that that tertiary sky soaring cultivator was a woman aged around 25 to 26 years old. She was a beauty.

However, the woman was in trouble. She was being chased. Her face was very pale. It was obvious that the hunter was a strong one.

Bai Chen's psychic power was about to move away from her and search for the person who was chasing after her.

Then, he halted because he saw a round crest with many weapons on her chest.

“A member of the Ten Thousand Sabers clan!” he could not help but exclaim.

The Ten Thousand Sabers clan was one of the 4 strongest authorities in Ping Zhou territory, alongside the Glorious Water sect and the Earth Smashing pavilion.

Including the God’s Gate denomination, they were the four strongest authorities in Ping Zhou territory!

“I didn’t expect her to be a member of the Ten Thousand Sabers clan,” Bai Chen muttered before moving his psychic power to the person who was chasing the woman.

He was a young man with an aggressive face. His eyes sparkled with violence and lust. He stared at the running woman and licked his lips.

He seemed to be in his early twenties. Even so, he was a primary legendary cultivator, and that made him a great genius!

“A white outfit with golden stripes and that crest that includes a gate. He must be a member of the God’s Gate denomination!” Bai Chen knew right away where the chaser had come from because of the clothes he was wearing.

“There are only good people in the God’s Gate denomination. It’s the number one authority that’s ruled with justness and fairness...that’s all rubbish!”

Bai Chen could not help but shake his head. According to his memories, they were all wicked people. They did bad deeds everywhere in order to get what they wanted.

However, they did it without leaving behind any traces. That was why people still saw them as a good and fair denomination.

However, the rest of the authorities had started to doubt the God’s Gate denomination. Therefore, the denomination had become even more cautious. The moment the rest of the authorities knew about their secret, they would definitely join hands and take the denomination down!

It put the denomination in a stressful state. That was why they had to be more cautious.

However, Bai Chen did not expect to see one of the members chasing a member of the Ten Thousand Sabers clan like this. He did not seem to fear that she would tell everyone in her clan if she ran away.

“My fellow Taoist, please help!” Seeing Bai Chen, the beautiful woman could not help but be delighted. She shouted and hoped that Bai Chen would help her.

Behind her, the facial expression of the man from the God’s Gate denomination changed a little and went back to normal in a split second. He shouted, “My fellow Taoist, don’t interfere, otherwise I don’t think you’ll be able to handle what is to come!”

Bai Chen stood still as if he did not hear them.

Seeing that, the woman's face suddenly showed anxiety. She shouted again.

"My fellow Taoist, my name is Bai Zi Sien from the Ten Thousand Sabers clan. If you help me, the clan will definitely repay you!"

"The Bai clan?" Bai Chen looked Bai Zi Sien in the eye.

"Yes, I am of the Bai clan! I'm Bai Zi Sien!" Bai Zi Sien did not even care why Bai Chen talked about this. She shouted loudly because she knew full well that, with her power alone, she would not be able to shake Men Ta off. In the end, she would have to meet a horrid fate for sure!

The Men Ta that she spoke of was the man from the God's Gate denomination who was chasing her. Bai Chen smiled slightly and nodded. Actually, he wanted to help her anyway. He had just waited for her to come closer first.

Hearing that she was from the Bai family like him, that was more the reason why he should help.

Bai Chen looked at Men Ta and spoke calmly. "The God's Gate denomination is full of lowlifes. There's nothing to fear. I, a man from the Bai family, hate them. They hide like turtles in their shells. They don't even want to admit what they do wrong!"

"You!" Men Ta was so surprised, he stopped moving because he did not expect that Bai Chen would dare to say that. Moreover, everything Bai Chen said was correct.

The God's Gate denomination was exactly like that. They were turtles that only hid inside their shells. They dared to do bad things, but they were not brave enough to admit them. They only concealed them.

'H...How does he know?' Men Ta thought anxiously after suppressing his surprise. Even the rest of the authorities did not know about it.

If Bai Chen told them and they believed him, it would be chaos.

Thinking about this, an intent to kill clearly showed on Men Ta's face. 'I have to kill him along with Bai Zi Sien. I can't let him live!'

Bai Zi Sien was also surprised about what Bai Chen had just said, but she did not stop running. She leapt to Bai Chen's side and panted wearily. She looked at Bai Chen as if she wanted to ask if what he said was true.

Even so, she believed most of it. Men Ta was trying to \*\*\*\*\* and kill her. This was as good a proof as any.

"You asked for death. Don't blame me!" Men Ta let his will burst out.

His will was white and gold. These were the colours of the members of the God's Gate denomination.

As soon as it appeared, the air around him trembled and was distorted.

Bai Zi Sien's face immediately changed colour. She was stressed. She was worried and doubted if Bai Chen would be able to fight a legendary realm cultivator like Men Ta.

Seeing Bai Chen staying still with his face calm as if it was emotionless, her worry started to fade away. She began to believe that Bai Chen was likely one of the great cultivators.

Otherwise, he would not be this calm when a legendary realm cultivator was in front of him.

'He's a little too young,' Bai Zi Sien thought. Then, her eyes immediately widened. 'Or maybe he's a great genius like Men Ta?!?'
