

Life Changing 561

Chapter 561 Sien Xiao Faces A Crisis

The golden-furred monkey, which had a mind of its own, naturally would not let its anger take over and attack without thinking. However, it still thought that killing these two men would not be a big problem for it. It only had to suffer severe injuries.

It was so confident because it had already stepped into the divine realm. Its power was equal to that of a primary divine cultivator!

How could it not be confident?

“What is it? Hand me the core, quickly!” Seeing the beast go quiet, Sien Xiao shouted this.

The core of the tertiary legendary beast was very crucial to him. It would help him reach the primary divine level.

That was why Sien Xiao was eager to have it in his possession.

Gu Meng Tai nodded and spoke calmly. “That’s right. Don’t make this hard. Hand me the core or you die!”

The golden-furred monkey was so angry, it could barely contain itself. Suddenly, it swept its enormous hand at Gu Meng Tai and Sien Xiao, creating a golden wave of destruction.

“How dare you!” Gu Meng Tai was full of rage. He did not hesitate to let out his divine qi. Everything around him quivered. The air grew distorted and broke apart. He slammed his hand forward.

Boom!

Once his divine hand hit the golden wave, a big explosion occurred. A white wall of smoke filled the air. The wind turned into an aggressive storm.

Gu Meng Tai’s face changed colour. The collision told him that the beast was almost at the divine level. That meant it would be a lot harder to deal with!

It was clear that what he feared was true. Sien Xiao also noticed it. His face tensed up. He started to be scared.

Even so, Sien Xiao did not plan to run away. The power was in front of him. How could he run away from it?

“Sien Xiao, be extra careful. This beast has one of his feet in the divine realm already. It’s not going to be easy,” Gu Meng Tai said.

Sien Xiao nodded. “Understood, fourth elder.”

“Good! Then, let’s get to killing it!”

“All right!”

No one spoke after that. Both of them gushed out all of their power, resulting in a crumbling sky. The smoke just now quickly vanished.

They had to use all of their power since the beast's power was equal to that of a primary divine one.

“Evil humans, die!” The golden-furred monkey growled loudly. It also let out all of its power.

It was as if the air was destroyed. The golden will spread out over a thousand metres. Then, the beast glowed blindingly bright and leapt towards Sien Xiao.

It was obvious that it aimed at Sien Xiao first because he was weaker.

However, it was wrong, because Sien Xiao possessed a supreme speed technique!

Seeing that, Sien Xiao's face showed panic for a second before he used the supreme technique. His feet caught on fire. He immediately vanished.

The beast was amazed at Sien Xiao's incredible speed. However, its speed was in way inferior. It immediately followed Sien Xiao.

Gu Meng Tai was also amazed at Sien Xiao's speed. Even though he knew that Sien Xiao was the fastest one in the pavilion, he did not expect him to be this fast.

He did not let that get to him for long. He, then, used his full speed and followed them.

Then, it was a chase scene. The beast was after Sien Xiao, and Gu Meng Tai was also chasing after the beast.

Meanwhile, a man in silver was watching the whole thing. He narrowed his eyes slightly and muttered, “This is quite entertaining, Sien Xiao.”

It was none other than Bai Chen. Bai Chen had been secretly following Sien Xiao since he'd left town.

He did not want to initiate the fight just yet. He wanted Sien Xiao to have fun for the last time with the golden-furred monkey first. After that, it would not be too late for Bai Chen to kill him.

“Bastard! You monkey bastard!” Sien Xiao went at his maximum speed and used his supreme speed technique.

He was scared. He did not expect the monkey to use all its strength to kill him. Sien Xiao continued to run away as if his life depended on it.

“You're not going anywhere!” The golden-furred monkey reached out its hand, creating a sucking power that pulled Sien Xiao to him.

Sien Xiao's movement was slowed. His face changed colour. His heart pounded with fear.

“Elder Gu, help me!” Sien Xiao could only scream for help now that he was at the brink of death.

Gu Meng Tai's face changed colour. He was stressed out since he could not catch up with them even with all-out speed.

He was about 50 steps away from them. It was impossible for him to reach Sien Xiao in time!

“Sien Xiao, stall for more time. I’m coming!” Gu Meng Tai could only shout while speeding up.

“Damn this!” Sien Xiao swore. He was so scared right now.

However, he would not let himself be killed without doing anything. Sien Xiao gushed out all of his power. His will formed an enormous hammer.

“Earth Smashing Hammer!” Sien Xiao growled and slammed the hammer against the golden-furred monkey!

Chapter 562 Die Together

Seeing the hammer, the monkey roared through its teeth without a care. It raised its hand and let out its golden will, creating a terrifying power.

The air around it grew distorted and broke into scary black dimensional rifts.

Boom!

That terrifying power collided head-on with the hammer. The hammer disintegrated immediately. The explosion was loud.

“Aghhhh!” A pain-filled cry echoed in the air. A figure was bounced off.

That was Sien Xiao. He’d been sucked in by the monkey, so he was close enough to be affected by the impact of the explosion.

His face was shockingly pale. Blood splattered from his mouth while he screamed.

Boom!

He hit a big tree. The tree could not withstand the force and toppled over.

“Sien Xiao!” Gu Meng Tai’s eyes widened. He shouted in alarm. He was about to reach the beast.

“You damn monkey! How dare you hurt my people?!” Gu Meng Tai waved his hand and a sword that was formed from his will appeared.

It erupted a destructive aura. A trembling noise continued to sound. The storm was quite aggressive and unstoppable.

“Die!” Gu Meng Tai’s hand was slammed forward. Suddenly, a giant sword leapt out through the air.

The golden-furred monkey immediately sensed the danger. It quickly turned around. Its red eyes widened in alarm when they saw an enormous sword that almost reached it

“Damn!” The monkey gritted its teeth. It was about to evade, but it was too late. The sword pierced through its heart. Black blood splattered everywhere!

It swayed and cried painfully.

“Aghhh!” Its shriek was enough to make the ground shake madly, as if there was a natural disaster happening.

Boom!

Its big body slammed onto the ground, creating a loud noise and a deep hole. There were cracks around its edge.

Inside, of course, was the huge body of the golden-furred monkey that was covered in its own black blood. It knew full well that it was going to die soon. It could not help but growl with rage.

“You animals! If I die, come die together with me!”

The furious scream was very loud. Then, a golden will was gathered and formed a huge fist of the monkey.

This fist was malicious and violent. The sky shook harshly as if to welcome the rage of the golden-furred monkey.

“This is not good!” Gu Meng Tai’s heart tensed. He screamed and thought about running away. Yet, he was too slow. He could not dodge the fist.

“N... No!” Gu Meng Tai screamed pitifully. His face was full of fear. He knew that he would not survive the fist!

Gu Meng Tai was full of regret. If he had known things would turn out this, he would not have accepted Sien Xiao’s request.

However, now it was too late.

Boom!

Gu Meng Tai was crushed by the fist to the point that his body became lumps of flesh. His blood and flesh splattered everywhere. It was a highly disgusting sight!

“Hahaha!” Seeing that, the golden-furred monkey laughed maniacally. It was highly satisfied.

Shortly after that, its laughter faded. Its eyes were closed. At the same time, its breath stopped as if it was a candle that had been out by the wind. It was dead.

The tertiary legendary king of the forest had met its unexpected end in its own forest. Before it died, it had even taken Gu Meng Tai, the divine realm cultivator, and its killer, with it!

Boom!

Suddenly, the fallen tree exploded. Dust filled the air. A pitiful-looking figure leapt out of it.

It was Sien Xiao. He was in a completely different state from when he’d gotten here. His hair was a mess. His pale face was bloody. His body was also full of wounds, big and small.

His clothes were badly torn. He was severely injured.

“Agh!” Sien Xiao gushed out a pool of blood before kneeling down by the fallen tree.

Then, his low cry could be heard quite loudly. He was suffering from the wounds. He could barely stand the pain.

“It hurts...it hurts horrendously. I don’t want this anymore. I don’t want it to happen to me again!”

He screamed. Then, he immediately realised something important.

It was about the golden-furred monkey and Gu Meng Tai. He did not know anything that had happened after he’d hit the tree.

He tried to suppress the pain and gathered what little spirit qi that he had left. He spread out his psychic power.

Suddenly, he halted. His eyes widened to the point that they almost popped out of their sockets. He knew now that Gu Meng Tai, the fourth elder of the Earth Smashing pavilion, was dead. The golden-furred monkey was also dead!

Shortly after that, Sien Xiao was back to normal. He smiled. “Whatever. I don’t care!”

Sien Xiao did not care even one bit about the death of Gu Meng Tai. He was not worth caring about since he was already dead. However, he was still thankful to Gu Meng Tai for helping him collect the core of a tertiary legendary beast!

Chapter 563 A Salvation Realm Cultivator Of The Earth Smashing Pavilion

Honestly, Sien Xiao felt very happy that he was about to reach the primary divine realm. He tried to gather his strength and stand up. Then, he leapt towards the dead golden-furred monkey.

He took the core out of the beast’s body as fast as he could.

Once he had it in his hand, he could not help but laugh like a madman until he could feel the pain on his open wounds. His blood seeped out of them.

“This is not the time to be happy. I need to find a place to recover my spirit qi to be able to go back to the pavilion.”

Sien Xiao did not waste any more time. He quickly spread his psychic power out. Then, he found an appropriate place. He immediately headed towards it.

Once he got to that place, he started to meditate under a big tree right away. He quickly absorbed the celestial qi into himself.

However, it was a shame that he was distracted by Bai Chen.

“Sien Xiao.”

A calm voice startled Sien Xiao and forced him out of the absorption process right away. His facial expression changed drastically. He was both nervous and scared.

“Who’s there?” Sien Xiao asked loudly.

Suddenly, he saw a young man standing not so far from him. His heart tensed up immediately.

“Who...Who are you?” His voice trembled slightly. He could sense some bad luck. He quickly got up onto his feet. He was ready to flee.

He was not in a condition to fight at all. He was at his weakest. Even a sky soaring realm cultivator could kill him very easily now.

“I’m here to take your life!” Bai Chen said. He was ready to land a blow, as he did not want to waste too much time here.

“What?!?” Hearing that, Sien Xiao was alarmed. He shook in fear.

“There’s no bad blood between you and I. Why are you taking my life?” Sien Xiao tried to be calm even in the face of a crisis. He did not run right away.

“You should know that by bothering me, the sixth elder of the Earth Smashing pavilion, the pavilion won’t let you live. You’ll die quite pitifully!”

It was obvious that he did not run because he wanted to threaten Bai Chen with the pavilion’s name.

The head of the pavilion, Gu Sien Fang, was a salvation realm cultivator that everyone in Ping Zhou territory knew!

“The Life Changing System.” Bai Chen said only this. He did not even care about the threat.

Hearing ‘the Life Changing System’ from Bai Chen, Sien Xiao trembled even more. His face had gone pale like that of a corpse.

He was not a fool. Of course, he understood right away that Bai Chen was one of the system owners like him. He knew that threats did not work with these people.

This was because their goal was only to win the war. If not, they died!

That was why threats did not work with them at all!

‘Run! I have to run!’ Sien Xiao wanted to run away. If not, he would surely die. He was scared of death. He would not let anyone kill him.

Without hesitation, Sien Xiao gathered every last bit of his power and leapt up high. However, of course, Bai Chen would not let him go.

Bai Chen only had to move once and he appeared in front of Sien Xiao. He flicked his hand and his divine silver qi pierced through Sien Xiao’s body.

“P...Please spare me!” Sien Xiao screamed, hoping that Bai Chen would have mercy on him. However, it was in vain. There was no mercy between the system owners since there was going to be only one winner.

If things were like this, they would not trade their lives for mercy, would they?

Boom!

As soon as the silver divine qi pierced through his body, Sien Xiao's body exploded into a bloody fog. There was nothing left of him!

Bai Chen looked at the sight carelessly. He flicked his hand softly and collected Sien Xiao's dimension ring. He looked inside the ring. His eyes seemed to glow.

"These things should be enough to help me reach the secondary stage," Bai Chen said to himself. Then, he put the ring away and was ready to go back to meditating.

Once he reached the secondary stage of the divine realm, he would travel to Xuan Zhou territory right away by Sui Lien Er's qi ferry.

There were only 4 system owners left, himself included. Ye Woo Dong, the owner of Aether, the eighth Life Changing System, and Ye Yan, the owner of Tifa, the twelfth Life Changing System, were there.

As for Ling Cing Han, the owner of Vincent, the first Life Changing System—he was in Long Zhou territory.

"I better reach the secondary stage quickly," Bai Chen said while looking for the place to meditate again.

However, before he left, a loud voice that crumbled the sky sounded. The air around there was madly distorted. A storm suddenly occurred.

"Animal, you dared to kill my men!" An enraged voice spoke.

Bai Chen's face changed colour. He was suddenly tense. He sensed a salvation realm cultivator, and the closest one here was Gu Sien Fang, the current pavilion lord!

He was the closest because the Earth Smashing pavilion was close to the forest.

Gu Sien Fang appeared in mid-air. The furious salvation qi that was emitted from him drove the beasts out.

Not only the beasts, but also the cultivators.

They thought the same thing. They wanted to know who was that stupid man who'd set off the salvation realm cultivator!

Chapter 564 Have To Run

"Gu Sien Fang!" Bai Chen recognised him from his future memories.

Even though he'd never fought him before, Gu Sien Fang was undoubtedly one of the scariest people out there.

Bai Chen looked at a specific direction. It was where the Earth Smashing pavilion was. He was not looking at the pavilion, but the man who stood in mid-air, Gu Sein Fang, the pavilion lord.

"Kid, you dared to kill my men!" Gu Sien Fang's eyes were full of his killing aura. His whole body was covered with his terrifying salvation qi.

He did not expect that there would be someone who was brave enough to kill members of the pavilion, even though the pavilion was quite close. Moreover, the dead man was the seventh elder of the pavilion!

The death of an elder meant a lot to the pavilion. Not only Sien Xiao, the seventh elder, but Gu Meng Tai, the fourth elder, also mattered. He had been killed by the golden-furred monkey, a tertiary legendary beast.

Losing 2 elders at the same time was a major loss for the Earth Smashing pavilion.

When he knew that Gu Meng Tai was killed, of course, Gu Sien Fang was furious. However, he stopped because the golden-furred monkey was also dead.

Shortly after that, Sien Xiao was killed. This also angered Gu Sien Fang. It was a vengeful one. How could he not be when his elders had been killed?

With that, Gu Sien Fang rushed here with his maximum speed to deal with the killer.

Bai Chen did not fret. He'd killed Sien Xiao anyway, even though he knew full well that Gu Sien Fang's consciousness was in him and that would expose him as the killer.

Originally, he'd thought that he would flee right after accomplishing the killing, but he was still too slow.

However, Bai Chen did not care much about it. As Gu Sien Fang was a salvation realm cultivator, he would not be able to stop him if he wanted to leave. Gu Sien Fang could not even kill him.

Bai Chen did not plan to flee because he was scared. If Gu Sien Fang wanted to fight, he would grant that wish.

He possessed supreme weapon and defensive item like the oceanquake spear and the Silver Moon necklace. Killing a salvation realm cultivator was no longer impossible, even though he was only a primary divine cultivator.

"And?" Bai Chen asked. His face was emotionless, even though it had been quite intense at first.

"How dare you!" Seeing that, Gu Sien Fang was even more furious. He let out a part of his salvation qi that broke the air to pieces.

He was ready to land a blow!

Bai Chen prepared to call the oceanquake spear. He would use everything he had to deal with Gu Sien Fang, even though the spear could have been shattered during the fight. It would be all worth it if he could take Gu Sien Fang's life.

While Bai Chen was about to call out the spear, a loud growl could be heard from afar.

"Animal! I finally found you. You dared to kill members of the God's Gate denomination. You have to pay with your life!"

Bai Chen's face changed colour. He looked at the source of the voice and saw Men Teng Yao leaping towards him.

“This is bad!” Bai Chen did not want to fight with Gu Sien Fang anymore because the current him could not deal with 2 salvation realm cultivators at the same time.

He could only flee. Of course, he did not want to, but he had to.

Without hesitation, Bai Chen exploded all of speed out and used the supreme speed technique. In the blink of an eye, he was already faraway.

“Running?” Gu Sien Fang was surprised by Men Teng Yao’s arrival. However, seeing Bai Chen run away, he spoke coldly through his teeth. His brown salvation qi embraced him. He eventually vanished.

“You can’t run away from me. Give me your life!” Men Teng Yao growled ragingly. He leapt even faster.

Bai Chen could sense the danger from behind. He did not hesitate to use the eternal truth of time!

In the blink of an eye, the whole celestial world stopped moving. Bai Chen turned back and saw Gu Sien Fang reaching his hand and was about to grab him.

Men Teng Yao was also about to reach him.

“It’s good to have the eternal truth of time, otherwise I’d be doomed. I’m too careless this time,” Bai Chen muttered. His facial expression was serious. Then, he turned back and leapt out.

In the blink of an eye, he was gone. He appeared again at a place faraway from there.

“I need to change the plan. I have to go there and take the sacred water!” Bai Chen talked to himself. He decided to change his plan.

He was planning to reach the secondary divine stage and head to Xuan Zhou territory. Now, he was about to go to a dangerous place that even his future self had barely survived when he had been there!

“Gu Sien Fang and Men Teng Yao, I’ll come back for you!” Bai Chen swore to himself. Of course, he did not have any grudge against them. However, now they wanted to kill him because he killed those men who deserved to die.

With this, Bai Chen now had the reason to kill them. He sped up. His face and eyes showed utmost determination.

If he got the sacred water, Bai Chen was certain that he would become a salvation realm cultivator in no time!

He strongly believed this since the properties of the sacred water were the same as the pills that helped with levelling up without any side effects. That was why it was a miraculous item. However, the pain caused by the sacred water that he’d had to endure would be nearly fatal!

“I must hurry.”

Bai Chen sped up while releasing the eternal truth of time. Time started to flow normally again.

Chapter 565 A Sacred Temple

As soon as the time started to flow again, Gu Sien Fang and Men Teng Yao's bodies shook violently. They were stupefied.

Gu Sien Fang's lips trembled. He muttered, "A time master..."

Men Teng Yao also spoke with his shaking voice. "H...He's a time master!"

"This is bad. I have to kill him, otherwise a disaster would befall us all!" Gu Sien Fang growled loudly before following Bai Chen with his maximum speed as if his life depended on it.

Men Teng Yao was back to being himself. He did not waste his time and followed Gu Sien Fang.

They were all afraid of time masters like Bai Chen.

It was obvious that the time had been stopped just now. Even though it was not a long time, it had still stopped. Those who could do these time tricks were dangerous!

Gu Sien Fang and Men Teng Yao believed that they would definitely be in danger if Bai Chen was stronger. Not only them, but their denomination and pavilion as well.

If Bai Chen could flee and improve himself, it would be scary.

Even though they were both salvation realm cultivators, they could not catch up with Bai Chen even using all of their speed. No, it was more like there was no trace of him left to track.

Yes, Bai Chen's trace was gone. They did not have any clue to follow.

"Damn! Where did he go?" Gu Sien Fang exclaimed while spreading his psychic power out as wide as possible.

Men Teng Yao did the same. He was extremely nervous. They thought that Bai Chen would come back for them when he got stronger for sure!

"He must be found!" They both decided the same thing. They had to find Bai Chen no matter what and kill him, so that they could be sure that no time masters would come after them later.

Meanwhile, at a place many thousands of kilometres away, Bai Chen continued to leap across the sky.

His destination was a temple. It was called a sacred temple. There were 2 things that he wanted there: the sacred water and the sacred weapon!

Yes, the sacred weapon was at the sacred temple!

Even so, it was only a broken one. Its spirit had been destroyed and vanished.

However, it was still a sacred weapon. According to his future memories, he remembered that it was a broken sword which only had enough power left for two blows. That meant only two attacks were possible.

However, with each blow, anyone below the sunyata realm would definitely meet their end!

The sword could be used to kill anyone below the sunyata realm!

“I have to get the sacred water and that broken sword no matter what.” At this moment, Bai Chen was extremely determined. He sped up.

Hours later, he finally arrived at a thick forest. It was terrifying and abandoned. There were no living things here.

Bai Chen walked inside. Shortly after that, he was deep into the forest.

It was a vast field. Bai Chen stood in the centre of it for a while before he flicked his hand. Suddenly, the ground broke apart and revealed a path that led into the bottomless underground!

Bai Chen looked in there and jumped in without hesitation. He vanished into the darkness.

Thud!

A sound could be heard in the dark. Silver flames appeared on Bai Chen’s hand.

Bai Chen stood in the dark. He was on the ground now. He could only see darkness when he looked up.

It was impossible to measure the depth of this place!

Bai Chen kept the silver flames on his hands while walking. There were human bones everywhere. It had been a long time, so they were all rotten and decayed.

“I should be close now,” Bai Chen muttered. He finally reached a big golden gate.

It had carved into it ancient patterns. It looked old and truly dignified.

He stopped in front of it and breathed in deeply. If he had never visited this place before, it would have been quite dangerous.

Even though he had not been here, with his future memories and his power, he believed that he would be able to pass and finally get the sacred water and the broken sword.

Bai Chen put his hand onto the gate.

Suddenly, his body was engulfed with the golden light that was emitted from the gate. In the blink of an eye, he vanished. There was no one left in this darkness.

The reason why no one had found this sacred temple was because it was deep under a deserted forest. The future Bai Chen had only found it coincidentally.

.....

Bai Chen did not know how much time had passed. He found himself at the golden whirlpool and surrounded by golden light waves.

There were 2 golden whirlpools. It was obvious that he had to choose the left or the right one.

Bai Chen did not know what he would encounter in the right whirlpool, but it did not seem to be a good choice because his future self had not chosen it. He walked into the left one without hesitation. In the blink of an eye, he vanished into it.

Chapter 566 A Dangerous Path

The golden light flashed brilliantly one time before it vanished, revealing an old path. There were fire crystals on both stone walls that illuminated the path.

Bai Chen was standing in the middle. A stone wall was behind him. He'd appeared here once he'd entered the left golden whirlpool.

"The dangerous path of the sacred temple," Bai Chen muttered to himself, while digging through his future memories about this path.

This path had no name, but his future self had called it the dangerous path because it was truly dangerous.

There were human bones scattered everywhere. Those who were here before him had left their lives here. No one had survived to reach the centre of the sacred temple!

"I have to be extra careful." Bai Chen stepped forward. However, as soon as his foot stepped on the ground, a screeching sound sliced through the air from afar.

Bai Chen's face changed colour slightly. He quickly crouched down in the instant.

Swoosh, swoosh!

Five iron arrows pierced the wall. It was them that had made the sounds.

"Close call..." Bai Chen breathed deeply before continuing. He proceeded as cautiously as possible according to his future memories. He did not dare to underestimate anything.

He did not leap because as soon as he did that, a heavy pressure would push down on him right away along with multiple arrows.

It was dangerous, so it was better to walk. He could not use his eternal truth of time either, because this temple seemed to be stronger than the third level of the eternal truth of time. That was why time could not be stopped.

Bai Chen continued on the dangerous path until he'd taken his twentieth step. Suddenly, a sword appeared on each wall and slashed at him. He did not dare to fight them and quickly dodged.

Even so, the end of his sleeve was cut off. It was a clean cut. It was not difficult to imagine what would have happened if that had been his arm!

Even though he had faced two dangerous events, Bai Chen did not quit. He quickly moved forward. At his fortieth step, a spear leapt towards him from the front. It was really fast and powerful. The whole path was shaken!

“This is bad!” Bai Chen knew that he would not be able to dodge this. He could only grit his teeth and gushed out his silver spirit qi to defend himself.

He did not use the Silver Moon necklace, the supreme defensive item, because it was useless here. Any supreme item was useless in this sacred temple.

Slash!

Despite controlling his silver spirit qi in order to protect himself, it was ineffective. Blood splattered from Bai Chen’s right arm.

He could only change the path of the arrow, but he had to suffer the pain in his right arm, which had been slashed by the spear. The spear vanished behind him.

Bai Chen’s face grew a little paler. Cold sweat dripped from his forehead. He breathed in deeply again before he continued. He used his spirit qi to suppress the pain and stop the blood.

Minutes later, it was his eightieth step. Multiple swords leapt terrifyingly towards him. Bai Chen’s face turned pale. He quickly exploded out his power to defend himself.

Boom!

An explosion occurred. Dust and smoke lingered in the air.

Thud!

A heavy sound was heard. It came from Bai Chen. He bounced off and dropped onto the ground. His face was even paler now and full of pain. He panted.

However, he did not give up. He gritted his teeth and stood up. He thought that it was only a flesh wound. His future self suffered even more than this. He almost left his life here!

Honestly, Bai Chen thanked his future self a great deal. Without him showing the way, he would have suffered more.

“Next...” Bai Chen suppressed his pain and proceeded. He continued to face a lot of traps and weapons for a long time.

Bai Chen was soaked with blood. His body was full of wounds. His clothes were quite torn as if they were rags.

“Not so far now!” Bai Chen was in pain. It was almost unbearable. He still bled a great deal, but he did not give up. No matter what happened, he still walked on.

Stab!

Suddenly, a small golden sword pierced through Bai Chen’s leg. Blood spattered everywhere. It was a rather depressing sight.

Clang!

Bai Chen gritted his teeth and took the sword out. He threw it away indifferently. His blood dyed the ground red.

Bai Chen's face was at its palest. Almost all of his face was covered in blood. He had to continue with only one leg and drag the other that had been temporarily disabled.

The sound of his leg dragging along sounded along with Bai Chen's heavy panting. The pungent smell of blood lingered in the air, but no one would be able to smell it since Bai Chen was alone here.

"Almost...Almost there. I have to endure this!" Bai Chen muttered. His tolerance was almost at its peak now. He continued to drag himself forward.

Truthfully, he did not feel any anxiety. He only felt determined. He was strongly determined to reach the centre of the temple!

Bai Chen's consciousness was about to fade away. He could fall at any time. Yet, he continued walking for another 2 hours. Then, he stopped. His dragging leg was almost dead.

However, it was still slightly usable at the moment!

Chapter 567 Salvation Level

Where Bai Chen stopped was where he wanted to go: the centre of the sacred temple. The gate glowed golden and had carved into it ancient patterns. He inhaled deeply to suppress the pain and excitement.

He had been able to reach this point without losing his life. That meant there were no more dangers. All of the obstacles were no more.

Bai Chen breathed in again. His spirit qi was almost depleted. He was lucky that there was still some left, otherwise he would not have been able to even open the gate.

Then, Bai Chen reached out his wounded and bloodied hands and touched the glowing gate. He pushed it open.

The gate was slowly opened. The light that it radiated was gorgeously blinding.

Bai Chen had to cover his eyes since he could not look directly at the light.

Once the light faded, Bai Chen lowered his hand. It was a beautiful golden room. It was very shiny.

Bai Chen's eyes gleamed when he saw 2 stone platforms in the middle of the room. There was a small golden bowl with some drops of sparkly golden water inside.

As for the other, there was a broken silver sword. Its aura was very powerful, as if it could easily shatter both ocean and ground!

"I did it!" Bai Chen stepped forward with his one working leg. The sound of a dragging leg echoed around the room. The floor where Bai Chen walked became bloodied.

Now, he was in front of the 2 stone platforms. Bai Chen grab the bowl right away.

“This is the sacred water!” Bai Chen said with his deep voice.

He did not waste his time and quickly drank every drop of it.

Clang!

He dropped the bowl when his whole body shook madly. It was so bad that he swayed and could barely keep his footing. His face started to distort in a painful manner.

However, Bai Chen endured it. His veins kept popping up all over his body. It got even more painful.

Bai Chen dropped to the ground and tried to fight the pain, while his level quickly soared closer to the secondary stage!

Above the ground, a hundred thousand lightning bolts appeared in the sky. The sky rumbled violently and terrifyingly. They were the celestial punishment!

The celestial punishment of the secondary divine level!

Zap!

A hundred thousand of silver lightning bolts crashed against the sacred temple, hoping to crush Bai Chen physically and spiritually!

Boom!

A big explosion occurred. It was quite violent. A hundred thousand lightning bolts broke apart and became small particles of electricity in the air and vanished.

Bai Chen did not have to defend himself from the punishment because the temple was quite strong. It crushed the celestial punishment quite easily like a piece of cake!

Bai Chen sat there. His face was pale. He still tried to endure the pain as his level rose.

He was already a secondary divine cultivator and about to reach the tertiary stage. He was quite close. He could sense another celestial punishment coming from outside.

He was not wrong. Another celestial punishment, a more violent one, was finally here.

Five hundred thousand lightning bolts appeared in the sky. The sky shook so harshly and it was as if it was being burnt by the lightning bolts. The lightning bolts screeched and crashed against the temple.

The sacred temple seemed to be able to sense the danger. It glowed so brightly. The golden light fortified the whole area to protect the place.

Boom!

Seconds later, the terrifying lightning bolts hit the fortified temple and caused a scary sight.

The dimension was torn apart and became multiple horrendous black dimensional rifts. White smoke lingered in the air and faded away after a while.

The sacred temple was unscathed.

“The tertiary divine level!” Bai Chen muttered painfully. It was as if his body was about to be shattered. However, his level had gone up quite quickly, so it was worth it.

It was still soaring unstoppably even now!

“I’ll soon reach the salvation realm!” Bai Chen was determined. He continued to endure the pain as he was about to reach the salvation level.

He believed that he would not have to deal with the celestial punishment since he was in the sacred temple. It was extremely violent; if it was not dealt with appropriately, he could have lost his life here!

“What I’m going to cut out from me isn’t love like what my future self did, but my weakness!”

Bai Chen’s serious voice echoed in the room.

“I won’t be weak anymore!”

Bai Chen said this at the same time that his level was about to reach the salvation realm!

Lightning bolts started to appear in the sky again. They were covered with terrifying black clouds.

There were not hundreds, thousands, tens of thousands, or hundreds of thousands, but millions!

Yes! There were millions of lightning bolts in the sky right now. They screeched very loudly. The image was much too scary for this world!

Chapter 568 Cut Out The Weakness

Bai Chen looked up at a beautiful golden ceiling as if he could see through it. He saw a million terrifying lightning bolts that were so ready to strike once he made the choice.

“The sacred temple is so terrifyingly strong. No one knows who built it.” Bai Chen could not help but be afraid of the temple that even a celestial punishment could not harm.

Bai Chen had already decided to cut out his weakness. If he did not cut anything off, he would not be able to truly reach the salvation realm. He would only be at its entrance.

Bai Chen gritted his teeth and endured the pain as much as he could. Then, he gathered all of his strength to raise his left hand up.

“Appear...” he muttered. Suddenly, a faint silver thread slowly came out of his heart. It was so thin that it was hard to see with the naked eye.

Bai Chen grabbed the thread with his right hand. It was connected to his heart. It was none other than the thread of his own weakness!

After grabbing it, Bai Chen's face showed even more pain. He could barely maintain his consciousness. He was lucky that he could still stand.

Bai Chen moved his shaking left hand and tensed it until it was as sharp as a blade.

"Cut!" Bai Chen sliced the thread with his hand.

The thread was cut at the same time that the lightning bolts outside screeched very loudly. The whole sky and earth were shaken!

Those lightning bolts finally struck the temple. The sacred temple did not stand still. It immediately exploded out numerous flashes of blinding golden light.

Boom!

Boom!

Boom!

Instantly, the lightning bolts violently struck the temple. The temple trembled. The sounds of explosion repeatedly occurred.

The air was distorted and broke apart. The dimensional rifts were destroyed. It was such a frightening sight!

About 5 minutes later, things seemed to have stopped. The golden sacred temple still stood. However, this time it was badly damaged.

The lightning bolts were gone. The salvation celestial punishment was gone.

Bai Chen could not stand the pain anymore. He fell unconscious on to the floor.

Even so, his aura did not stop flowing out of him. It was a salvation aura!

Yes, Bai Chen had become a salvation realm cultivator now, a primary one.

Hours later, until it was almost a day passed, Bai Chen started to come to his senses. He blinked several times. He could feel the immense power of the salvation level in him. He was full of happiness.

Bai Chen slowly got up. He breathed deeply. He still felt the pain all over his body.

He started to use his salvation qi to suppress the pain. His dragging leg was back to normal now. Then, he walked steadily to the stone platform with the broken sword, a sacred weapon. He reached out to grab it as soon as he was at the stone platform.

Bai Chen raised the broken sword up. He found that it was very heavy, but he could still lift it. He held it up with his heart full of determination. He could feel the great power from it. Then, he put it into his dimension ring.

Bai Chen's eyes shone coldly. "Just you wait, Gu Sien Fang and Men Teng Yao!"

Bai Chen's voice was icy. He decided to recover first, and he would go after Gu Sien Fang and Men Teng Yao later!

With his primary salvation level, he believed that there was no one who could fight him on equal footing in Ping Zhou territory. To say he was now the strongest person here was not wrong!

Bai Chen sat down. He took out his pills and herbs to heal himself. He thought that he would be back to normal in several days.

.....

Days later, at the place close to the Earth Smashing pavilion, Bai Chen was standing in mid-air with his emotionless face. His eyes were a little cold when he looked at the pavilion. Suddenly, he shouted.

“Gu Sien Fang, I’m here to collect on my debt of vengeance!”

Even though Bai Chen was faraway, Gu Sien Fang could easily hear him, and of course, Gu Sien Fang was the only one who heard it.

Gu Sien Fang, who was sitting in the room on the top floor of the pavilion, started. His facial expression changed drastically. He recognised Bai Chen’s voice. It was impossible to forget.

“I’ve been looking for you for days. I can’t believe you’d come to me yourself. I see you want to die a great deal!” Gu Sien Fang shouted back, He then vanished.

He appeared again in front of Bai Chen. He stopped at about 20 steps away from him. His face was cold. He started to feel like killing.

This was because he knew that Bai Chen was a time master who could stop time; he had to kill Bai Chen, otherwise Bai Chen would be the biggest threat to the Earth Smashing pavilion.

“I want to die?” Bai Chen smiled coldly before pointing at Gu Sien Fang. Then, a thread of his salvation qi leapt out at an incredible speed.

Seeing that and feeling his thread of salvation qi, his body shook so harshly, and his eyes almost popped out of the sockets. His heart also started to pound madly.

“S...Salvation qi! Impossible!” Gu Sien Fang’s lips trembled. He screamed with disbelief.

How could he believe this when Bai Chen was only a primary divine cultivator several days ago? However, now, he had stepped up 2 levels. He was a salvation one!

Gu Sien Fang did not want to believe this. However, it was still the truth regardless.

The truth was that Bai Chen was now a primary salvation realm cultivator!

Chapter 569 Death Is Here

“This is bad!”

Bai Chen’s thread of salvation qi was about to reach him. He screamed in alarm before dodging to the side.

However, it was a shame that he was too late. Bai Chen's salvation qi thread pierced through Gu Sien Fang's right arm. Blood splattered from his round wound!

The pain made Gu Sien Fang's facial expression change slightly.

"What in the world is this?!?" Gu Sien Fang could not help but shout loudly. He quickly used his salvation qi to suppress the pain on his right arm and stop the bleeding. Then, he looked at Bai Chen, who was standing about 20 steps away from him.

Even though Gu Sien Fang's eyes still showed disbelief and panic at knowing that Bai Chen had become a salvation realm cultivator (from being a primary divine one) within days, they also sparkled.

If Bai Chen could do that, anyone could do it!

That was why Gu Sien Fang started to be greedy. He wanted to squeeze out of Bai Chen the information about how he'd achieved this within days.

It would be quite useful to him and the Earth Smashing pavilion. With this, he and the pavilion would become the number one authority in Ping Zhou territory!

No, not only in Ping Zhou, but maybe the whole celestial world!

Gu Sien Fang tried to suppress his crazed excitement before his facial expression changed to an aggressive one. He truly believed that he could easily get rid of Bai Chen. Bai Chen could injure him just now because he was deep in thought, and he was too careless. Of course, this was only what he thought.

Gu Sien Fang was certain that he, who had been a salvation realm cultivator for over a hundred years, could easily kill Bai Chen, who had only been one for less than a week.

"You little animal, you dared to injure me!" Suddenly, Gu Sien Fang screamed with rage. His salvation qi was flowing out of him.

However, a hand grabbed his neck quite firmly. Gu Sien Fang's facial expression changed immediately. It was full of pain and very pale.

Gu Sien Fang's heart trembled. His body also shook violently.

"W... What?!?"

Gu Sien Fang did not actually realise what was happening to him because it was too fast for him to catch up. The hand that grabbed his neck right now belonged to Bai Chen!

Even though he was a primary salvation cultivator, his power was equal to that of a secondary one!

If so, how could Gu Sien Fang, a primary salvation cultivator, fight him? That was impossible. That was why Bai Chen could grab his neck so easily.

"How dare I? What of it?" Bai Chen spoke calmly. His face was emotionless.

Gu Sien Fang tried to gush out his power. However, he felt like he was not a salvation realm cultivator anymore, but a normal man.

Suddenly, Gu Sien Fang felt fear. He realised now that he was not Bai Chen's opponent.

This actually amazed him a great deal. Bai Chen had become a salvation realm cultivator within days. He was now even stronger than a primary salvation cultivator and he was also a time master.

How could Gu Sien Fang not be amazed and scared?

Due to that, Gu Sien Fang inhaled deeply. He did not dare to act all high and mighty anymore. He tried not to show pain and talked softly.

“My fellow Taoist, I think we should stop here. Please don't let this matter reach my ancestor!”

Even so, his words were threatening. He tried to threaten Bai Chen with his ancestor.

Bai Chen's face was still emotionless. “What about Gu Diao Foo? Let this reach him then!”

“You!” Gu Sien Fang's eyes almost popped out of their sockets. His body shook madly. His heart pounded in alarm. He did not expect that Bai Chen would know his ancestor.

He even called him by his name without any respect!

Gu Sien Fang was furious. He could not let Bai Chen be so disrespectful towards his ancestor.

“Animal! How can trash like you be so disrespectful? If he were here, you'd be dead in a second!”

Gu Sien Fang's rage-filled growl sounded.

“Is that so?” Bai Chen was still calm. He thought that this was a waste of time. Without hesitation, he put his power onto his hand and strangled Gu Sien Fang until he heard a ‘crack’!

Gu Sien Fang's eyes widened. His rage was all gone. It was all disbelief and fear now.

“I... I don't want to die yet!” These were his last words. His eyes still said that he did not wish to die. However, he could not escape death!

Gu Sien Fang's breath started to fade. It was unexpected that one of the strongest figures in Ping Zhou territory, the lord of the Earth Smashing pavilion, would die here so easily. He could not even fight against it one bit!

However, only himself was to blame. If he had not tried to kill Bai Chen, Bai Chen would have left Ping Zhou for Xuan Zhou territory a long time ago.

He would not have gone to the sacred temple and endured all the difficulties and pain from the sacred water until he had become the strongest figure in Ping Zhou territory like this!

Chapter 570 We're The Same

After killing Gu Sien Fang, Bai Chen collect his dimension ring from his finger and burnt his lifeless body to ashes.

Black ashes were blown into the bright blue sky.

Bai Chen did not want to waste his time here anymore. He immediately leapt towards where the God's Gate denomination was. His target was none other than Men Teng Yao!

Once he got rid of him, he would head to the Glorious Water sect for 2 reasons: he wanted to meet Zhien Wu Shuang and he wanted to take Sui Lien Er's qi ferry to go to Xuan Zhou territory.

Xuan Zhou territory was where Ye Woo Dong and Ye Yan were!

"I haven't seen Wu Shuang for 3 years. I wonder how she is," Bai Chen could not help but mutter to himself while travelling to the domination. He smiled when he thought about the girl.

She must have been quite grown up and very close to who she was when the future Bai Chen was her 'little Bai'.

.....

At the time when Gu Sien Fang died.

"Sien Fang..." An old man with white hair in a cotton dress murmured. He was standing on top of a steep cliff. His whole body trembled. It seemed like he could not bring himself to believe it.

However, his consciousness, which he'd implanted in Gu Sien Fang, could not lie. The last image that Gu Sien Fang saw appeared in his mind.

"I don't know why he had to kill our people like this, but he has to pay!" The old man muttered coldly. He was none other than Gu Diao Foo, the ancestor of the Earth Smashing pavilion and a secondary salvation cultivator!

Gu Diao Foo did not care where Bai Chen had come from. He only cared about avenging Gu Sien Fang!

"Just you wait, I'm coming for you!" Gu Diao Foo's face was scary. He immediately vanished.

Of course, he was heading to where Gu Sien Fang had been killed. With the power of a secondary salvation cultivator, it was very easy to track someone.

He would catch up to Bai Chen in no time. Whether he would be able to kill Bai Chen or not—that was a different story.

.....

With the speed of the salvation level, Bai Chen arrived quickly at the God's Gate denomination's territory.

However, before he moved closer to where the main building was, a white figure could be seen flashing from afar. It was the current head of the denomination, Men Teng Yao!

Men Teng Yao leapt towards Bai Chen with his scary face. He was also delighted because he did not expect that Bai Chen would be stupid enough to come here. Here was certainly going to be his death bed!

“You little bastard, I don’t expect you to come here for your death after only several days!”

Shortly after that, Men Teng Yao almost reached Bai Chen.

However, he did not stop. He continued to leap towards Bai Chen. He raised one of his hands up. His claws were sharp. He aimed them at Bai Chen’s head.

It was a very cruel and cold-blooded move!

The reason why he decided to initiate the fight immediately was because Bai Chen was a time master. If Bai Chen stopped time and fled, Men Teng Yao would not be able to do anything.

Due to that, Men Teng Yao did not want to waste his time and landed a blow.

Bai Chen, who was standing in mid-air, narrowed his eyes and looked at Men Teng Yao’s immediate attack. He did not feel anything. His face was so still it was scary.

Before Men Teng Yao’s claw hit him, Bai Chen grabbed Men Teng Yao’s head. Men Teng Yao immediately halted. His facial expression changed.

He lowered his claws to his side as if his strength had been drained out of him.

“W... What?!?” Men Teng Yao’s voice was trembling. He felt like he was only a normal man right now. He was not a primary salvation cultivator anymore.

To be honest, this scared him. He could not predict what would happen to him next.

“It is you who are going to die,” Bai Chen said slowly. He put more strength into his hand and squeezed Men Teng Yao’s head.

The man cried out in pain. “Aghhh!”

While he was screaming, he suddenly had a scary thought. He thought that maybe Bai Chen had become someone who was stronger than him!

Otherwise, Bai Chen would not be able to make him feel this powerless and squeeze his head like this.

Even so, however, Men Teng Yao still could not bring himself to believe it. Bai Chen was so weak that he’d had to run away from him and Gu Sien Fang several days ago.

He had to believe it anyway since what he was seeing now was undeniable.

“R...Release me, you little bastard, or you’ll die if my ancestor hears about this!”

Angrily, Men Teng Yao screamed at Bai Chen. He thought that threatening Bai Chen with his ancestor would work.

It was a shame that Bai Chen did not fret. His face showed surprise.

He was surprised that Men Teng Yao would be the same with Gu Sien Fang who also threatened him with an ancestor.

Bai Chen did not want to play with Men Teng Yao anymore. He squeezed his head so hard that it exploded into lumps of flesh and bone. Blood splattered everywhere!

Men Teng Yao's headless body shook violently before dropping to the ground.

The current head of the denomination was killed. He did not even realise that he was dead. It was an unstoppable death!
