

## Life Changing 591

### Chapter 591 Interference

As soon as he heard Ren Tien Di's voice, Bai Chen did not hesitate to use his eternal truth of time. Everything immediately stopped moving.

Before it did, Ren Tien Di's angry facial expression was replaced with an alarmed one.

Ling Cing Han was also stopped, but her facial expression was not like Ren Tien Di's. It only tensed up slightly.

After that, Bai Chen did not hesitate to use all of his remaining immortal qi and leap forward with highest pace.

Bai Chen did not plan to fight either of them at all.

It was because his immortal qi was not enough to kill the both of them. At most, he could just injure them a little.

Instead of fighting and facing a life-or-death situation, he decided to recover first.

He would come back for them later for sure!

If he did not do that, he would not be able to win the war of the system owners!

With his speed, Bai Chen vanished in the blink of an eye.

Meanwhile, Bai Chen did not realise that a pair of eyes followed him until he vanished. The owner of this pair of eyes was none other than Ling Cing Han.

'The eternal truth of time is really dangerous. It's good that father gave me this Time Jade, otherwise it'd be hard to deal with him!' Ling Cing Han thought before slowly moving.

She could move under the power of the eternal truth of time!

If Bai Chen knew, he would have been very surprised.

Ling Cing Han glanced at Ren Tien Di. Her face twisted a little since she regretted not being able to join hands with Ren Tien Di and kill Bai Chen. Then, she flicked her hand and a white jade with mysterious glowing light appeared in it.

This jade was what Infinity Zero had given her. Its ability was to counteract the eternal truth of time for the one who possessed it.

Ling Cing Han held onto the jade tightly. Her eyes were cold.

"Bai Chen, I knew you'd come back to me, and that day will be your death!"

Ling Cing Han planned to keep the jade safe. She did not want to go after Bai Chen anymore since the situation had changed.

Bai Chen had reached her level within 5 years. With that same level, Ling Cing Han knew full well that she could not fight him. She only had to join forces with Ren Tien Di.

She strongly believed that Bai Chen would come back to her in no time. He could not win the war if he did not kill her.

The same went for her—if she did not deal with Bai Chen, she would not be able to win the war either, even though she was a little afraid of him being even stronger when he was back.

“Not yet, Vincent?”

At that moment, a cold, yet calm, voice sounded in her head.

Ling Cing Han’s facial expression changed drastically immediately after hearing that voice. Her body trembled very harshly!

“F...Father!” Suddenly, she screamed loudly. Her heart pounded so fast it almost popped out of her chest. Her ‘father’ was none other than Infinity Zero!

Yes...it was definitely Infinity Zero who’d just spoken to her!

This was definitely the interference of Infinity Zero. He’d intervened in the war again!

“I...I’m sorry for the delay. I’ll get him as soon as possible. Please don’t worry, father!” After suppressing her emotions, she did not hesitate to assure him. She inhaled deeply after that.

“Hmph! Too slow. I’ll unwillingly give you my power. You have to defeat him, Vincent, or else!” Infinity Zero spoke coldly. Then, he went silent. It was obvious that he could only stay for a short period of time.

Once he was gone, Ling Cing Han’s body shook quite violently when she realised that her level was rising. She had gone past the secondary stage to the tertiary one!

Yes! Ling Cing Han, or Vincent, was now a tertiary immortal cultivator!

“T...Thank you, father. With this, I can definitely defeat him easily!” Ling Cing Han’s voice shook, yet she was strongly determined.

She did not expect that Infinity Zero would want Bai Chen dead this badly. He’d even interfered in the war for the second time and given her his power.

“Bai Chen, I don’t know what you did to make my father so angry, but you have to die today and I’ll finally become human!”

She spoke coldly before turning to Ren Tien Di, who was still frozen. A killing intent appeared in her eyes.

“Ren Tien Di, now that I’m a tertiary immortal cultivator, I don’t have to join hands with you anymore. I’ll just get rid of you now!” Ling Cing Han’s voice filled the area.

Thinking about how she had had to act so respectfully towards him all those times, she felt nauseous.

That was where the killing intent had come from!

Suddenly, she raised her hand and moved towards Ren Tien Di. Her immortal qi shone very brightly.

It was truly terrifying. It was the scariest one of all the cultivators in Long Zhou territory!

Chapter 592 No Way Out

Seeing a bright blue immortal qi in her hand, Ling Cing Han smiled beautifully. She was quite satisfied with her power now.

Then, she slashed her hand forward in a straight line. The blue immortal qi turned sharp and leapt through the air, creating a long dimensional rift to where Ren Tien Di was.

Of course, Ren Tien Di could not do anything. He did not even realise that he was about to be killed by Ling Cing Han.

If he knew that he would be killed by her like this, he would have killed her right when he had first met her.

Slash!

A sharp sound was loudly audible after the immortal qi dashed through Ren Tien Di. It was the same time as when time resumed again.

“W...What?!?” Ren Tien Di came to his senses and could move normally now. He screamed in fear when he realised that something horrendous had happened to him!

Suddenly, his body parted in two. Fresh crimson blood splattered everywhere. His eyes were opened so widely they almost popped out of their sockets. He realised that his eyes were slowly getting farther apart. He did not believe that this would happen to him.

Ren Tien Di, a secondary immortal cultivator, was not a fool. He knew that he was about to die!

“N...No!” His scream showed how much he was not ready to die. The air around him was affected by it and broke apart.

“I...I don’t want to die!” Ren Tien Di continued to scream. The air broke apart even more.

It was a shame that his breath was slowing down and he could not scream any longer. He finally gave in to his death.

It was very unexpected that the strongest man in the celestial world would be killed by an unexpected killer here.

Parts of his body slowly fell down.

However, before they reached the ground, gorgeous blue flames dashed towards them and burnt them to black ashes in seconds!

A breeze blew every bit of them away.

It was Ling Cing Han who had done that. Even though Ren Tien Di possessed an immortal item...

With her level right now, Ling Cing Han did not care about it. She burnt them all away.

Then, Ling Cing Han looked in the direction that Bai Chen had gone. She smirked wickedly and did not hesitate to step forward.

Her body faded away right after she took that step and appeared again quite far away from the previous spot. It was very fast!

She did not seem to be in a rush. Every step of hers was slow. The first step...the second...until it was the tenth.

“Bai Chen, you can’t run away!”

She could now see Bai Chen’s back.

“W... What?!?”

Hearing the voice behind him, Bai Chen, who was running with his maximum speed, turned back to look at the source. He then saw Ling Cing Han standing in mid-air not so far from him.

Bai Chen’s body shook very violently.

The aura that Ling Cing Han gave off was not that of a primary immortal cultivator anymore. It was not even a secondary one’s. It was a tertiary stage’s!

“That’s impossible!” Bai Chen screamed with disbelief.

How could he believe it when a cultivator had just levelled up 2 stages within less than 10 minutes? And she was an immortal one at that.

It was quite difficult to penetrate each stage in the immortal realm.

“What’s impossible?” It seemed like what Bai Chen said was loud and clear to Ling Cing Han. She spoke disdainfully.

“There’s nothing impossible in this world. Bai Chen, accept your death from me and I’ll kill you painlessly. I’ll even be kind enough to not destroy your corpse!”

Hearing that, Bai Chen’s heart pounded. Of course, he would never accept death. If he did, why would he have come this far? He would have let himself be killed a long time ago.

“Don’t dream of it!” Bai Chen shouted back. He looked straight ahead and dashed with his maximum speed.

His face was very pale. He was very stressed. He knew full well that he was in a life-or-death situation now.

He was not in a ready to fight state. Even worse, his opponent was stronger than him. She was a tertiary immortal cultivator.

There was only one of those in this celestial world. It was Ling Cing Han.

Moreover, Bai Chen also knew that it would be the end of his running away soon.

He'd almost run out of his immortal qi!

He'd lost a lot of it during the fight with Ren Wu. He had not had a chance to recover much, and he had to spend it again with the eternal truth of time to flee from Ren Tien Di and Ling Cing Han.

Then, he realised that even with his full power right now, he could not flee from her. This was truly a life-or-death situation. There was no way out for him!

#### Chapter 593 The Only Way Out

Even if he knew that he was in a very bad situation and that he could die, Bai Chen still did not abandon hope. He would never give it up. He would survive!

Without further ado, Bai Chen let out all of his speed. All of his leftover immortal qi was used up, every last bit of it.

It was no use to keep it anyway when he had to encounter a tertiary immortal cultivator like Ling Cing Han.

Even though he did not understand how Ling Cing Han had become one, it was not important right now. He had to survive first.

Bai Chen's immortal qi was not only used with the running, but also for spreading psychic power. His psychic power was spread everywhere to search for a way out, in case there was one.

As soon as he spread it out, Bai Chen halted for a short while and almost stopped running when he realised where he was now.

'It seems like I still have my luck!' He thought. His pale face started to glow. Then, it showed stress.

'I have to risk it. I'll let it be the job of fate whether I survive or not. This is my only chance to survive!'

Suddenly, Bai Chen dashed forward as if his life depended on it. Ling Cing Han, who was standing in mid-air, stared at him with disdain.

"What a useless struggle." Ling Cing Han spoke coldly and smirked. She did not rush to kill Bai Chen at all.

Bai Chen was like a chick in her hand. It was up to her if he would survive or not!

Now that she was above him, she was the sole decider of Bai Chen's life—why would she rush it?

"Let's see how you run from your death." Ling Cing Han laughed and slowly followed Bai Chen.

She was curious to know how Bai Chen would struggle through this. As she saw it, he had to die anyway.

With the speed he'd used up, Bai Chen quickly arrived at the spot he thought was his 'only chance to survive'.

It was a forest that was surrounded by debris. Some portions of the debris were buried, and some were covered with leaves and grass. There were also vines around them.

Bai Chen stopped at a dirty stone altar. His face was still quite pale. He only had a little immortal qi left in him. It was not enough to run anymore.

Bai Chen panted heavily. It was obvious how exhausted he was. It was hard to maintain even his consciousness.

“Ling Cing Han.” After that, Bai Chen gathered all of his strength to yell out.

Ling Cing Han appeared above him. She looked at him like he was only an ant that waited for her to stomp on it.

“What? You want to say your last words?” Her smile was cold. She talked casually and crossed her arms. She was like an empress who looked down at a tiny ant.

She was a tertiary immortal cultivator now. That was why it was easy for her to know how bad Bai Chen’s state was right now. She knew that it was the end of him. That was why she thought that he’d called out for her so that he could say his parting words.

However, that was completely wrong. Bai Chen would not do that even before he died. He was about to risk himself with his only chance to survive. His life depended on it.

After shouting, Bai Chen did not care about what Ling Cing Han said. He breathed in deeply. His face was still as pale as a corpse, but it showed greater determination.

Bai Chen closed his only eye and reached out his left hand. Suddenly, his immortal qi formed a small blade that cut his own wrist.

Slash!

His crimson blood splattered and dropped onto the stone altar that he was standing on and the ground.

Ling Cing Han was surprised at the scene. Then, she laughed loudly. “HAHAHA! Bai Chen, maybe you’re so scared you’ve gone mad. That’s why you’re cutting your wrist like this and letting your blood flow out!”

Bai Chen did not care about the laughter. He still let his blood gush out from his wound.

He was almost drained when he swung his hand to the side. His blood drops now splattered around.

Then, he put his hand on his chest and made some strange gestures. He closed his eyes. His face was plain white and broke into a sweat. A voice that seemed to be muttering came from his mouth.

“The guardian of the east, Shing Long!”

“The guardian of the west, Bai Hu!”

“The guardian of the north, Zhu Xue!”

“The guardian of the south, Xuen Wu!”

“I beg of you to use every drop of my blood as an offering to summon the 4 corpses of the gods (神体) and take down my enemy!”

Hearing that, Ling Cing Han’s face changed colour. She noticed that something was not right.

Then, she could sense something. Her face immediately turned pale. It was the same time that a violent vibration occurred and the growls of the 4 gods could be heard.

The dragon was in the east, the tiger was in the west, the swan was in the north, and the turtle was in the south. Their growls were so horrendous that the air shattered into dimensional rifts.

The rifts were now everywhere. The emptiness behind them was terrifying!

At the same time, the ground that was parted 4 ways started to separate, revealing 4 enormous skeletons.

These were of the Blue Dragon God, Shing Long; the White Tiger God, Bai Hu; the Crimson Swan God, Zhu Xue; and the Black Turtle, Xuen Wu!

They looked ancient. The aura that they gave off was not only that of corpses, but also of sacred gods!

#### Chapter 594 Corpses Of The Gods

As soon as the 4 skeletons appeared, even the emptiness trembled very violently.

It was as if the whole celestial world was facing a huge disaster. Every place shook harshly and the sky was covered with the dim golden light of darkness.

Everyone in the celestial world was in a panic. They did not know what had caused this huge vibration. They could also feel an immense pressure!

“W... What?!? What's happening?!?” Ling Cing Han screamed in alarm. Her face turned somewhat pale.

Even though she was a tertiary immortal cultivator and was the strongest person in the celestial world right now, she still sensed the grave danger that was occurring at the moment.

Looking at the emptiness and the sky that were all covered with the dime golden light of darkness...

Looking at the 4 skeletons of animal gods, hearing them growl—her heart was squeezed tightly. Her body began trembling. She clenched both of her fists without realising it.

“W... What is this?!?” She growled loudly.

Suddenly, she felt regretful. If she had known that this would happen, she would have killed Bai Chen right off the bat. She would not have let him struggle until now.

She did not expect that Bai Chen would have this trump card in his hands—and this actually frightened her. Although it was not much, fear was still fear.

Bai Chen did not pay attention to Ling Cing Han's scream. He looked at her with his cold eyes. Even though his face looked like that of a corpse and his body was so heavy, he really wanted to collapse into unconsciousness...

He gritted his teeth and endured it. He could not fall now or the corpses of the gods that he had used up all of his blood to summon would vanish.

The reason why he could summon them was because this place was their grave. All of the animal gods were buried here.

His future self had done research about the grave and had finally come up with a technique. This technique was the 'Corpses of the Gods (神体)' that he'd just used.

"Ling Cing Han, prepare to die!" Bai Chen looked at Ling Cing Han with his cold eyes and spoke very disdainfully.

Ling Cing Han's face changed colour. Yet, she still made such cruel face. "Try me!"

Suddenly, her tertiary immortal qi was emitted violently from her body. The gorgeous blue immortal qi was so bright around where she stood. Her hair fluttered against the wind, and so as her clothes.

She moved her hand and lips. "Sun and Moon!"

As soon as the words 'Sun and Moon' were spoken, a scorching crimson sun appeared behind Ling Cing Han. There was not only a sun, but also a freezing yellow moon.

Even though the sun and moon were not that big, the heat and the cold were terrifying!

It was obvious that this was Ling Cing Han's powerful technique. She put every last bit of her power into it.

She wanted to take care of Bai Chen in a single blow. Even though she was not that confident, at least she was 60 percent sure that she would win.

She never thought that she would lose. She had gotten this power from Infinity Zero, her father—that was why she would not lose.

She did not think that she would lose!

Bai Chen's only eye was narrowed. He thought that Ling Cing Han's Sun and Moon technique was terrifying, but it was still weaker than the Corpses of the gods.

"Go!" Bai Chen shouted and slammed his only hand forward.

A second later, growls from the 4 gods echoed everywhere. The emptiness was filled with the growls. The corpses maliciously dashed towards Ling Cing Han with the intention of killing her!

The claws of the White Tiger were reached out!

The fangs of the Blue Dragon leapt forward!

The shell of the Black Turtle followed!

Finally, the last one was the tail of the Crimson Swan!

“You’re asking for death!” Ling Cing Han’s face was very cold. She growled very aggressively. She flicked both of her hands and the sun and moon immediately made a move.

The scorching sun was terrifying. It dashed towards the White Tiger and the Blue Dragon.

As for the freezing moon, it dashed towards the Black Turtle and the Crimson Swan.

Boom!

Suddenly, a big explosion occurred. It was as if the whole world was crumbling!

The explosion came from the collision between the Corpses of the gods and the Sun and Moon.

After that, the emptiness was demolished. It was a horrid and indescribable sight!

Bai Chen stood still in the same spot. Even though the area around him had already been destroyed, he was not injured at all because of the shell of the Black Turtle had protected him.

Then, the place where he stood also vanished. There was nothing left. It was such a fearful sight.

However, in contrast, Ling Cing Han could not even protect herself from it, even though she had her tertiary immortal force field.

The tertiary immortal force field was destroyed because of the impact. Her body was directly hit. She bounced off like a cut tightrope. Blood spattered out of her mouth.

Her face was pale and showed a great deal of pain. Her body was full of wounds. Her outfit was torn and dyed red with blood.

Chapter 595 The Winner Of The War Of The System Owners!

“Bai Chen!” Ling Cing Han screamed in both pain and rage after she was able to stop herself from bouncing off.

She stood in the middle of the cracked emptiness. The emptiness was everywhere, and it would not have a chance to return to normal ever again. The effect was too great.

There was only a white wall of smoke in the darkness where the collision occurred.

Ling Cing Han stared at the white smoke, hoping to see how her sun and moon were.

Bai Chen also looked at it. He did not pay attention to Ling Cing Han’s scream at all.

The white smoke started to fade away, revealing everything behind it.

Ling Cing Han’s sun and moon were half-destroyed.

As for Bai Chen’s corpses of gods, they were still in a complete state, albeit with some fractures.

“W...What is this?!?”

Ling Cing Han was so surprised, her eyes almost popped out of their sockets when she saw that all the skeletons were still completely intact, as opposed to her sun and moon.

She thought that the 4 skeletons should have been crushed to dust. Even though she was injured from the impact, she still believed that. This was too unbelievable for her.

Meanwhile, Bai Chen's eyes glowed with an intent to kill. He did not have much time before he fell unconscious. Without hesitation, he raised his hand and pointed at Ling Cing Han. He did not even care about her half-sun and moon.

"Ling Cing Han, die!!" Bai Chen shouted loudly; this was followed by the growls of the 4 corpses. The emptiness started to shake violently again!

An immense pressure quaked so aggressively that it was scary!

The 4 skeletons dashed at Ling Cing Han so quickly that even a tertiary immortal cultivator like her could not catch up.

It was obvious that Bai Chen did not care about her half-sun and moon at all.

He still thought that they were powerful, but he had no time for them anymore. He could barely hold himself up.

Due to that, he had to kill Ling Cing Han now, otherwise he would be killed instead!

"Bai Chen, you bastard! How dare you!" Ling Cing Han quickly returned to normal when she realised that Bai Chen was not wasting his time in killing her.

Her need for vengeance crept crazily into her heart. Her eyes turned blood red.

"Let's see who's going to die!" The killing intent gushed out of her. She smirked wickedly. "Silver Shield!"

A silver shield suddenly appeared in front of Ling Cing Han. It glowed blindingly blue.

It emitted the aura of an immortal weapon!

It was an immortal defensive item. Even though Ling Cing Han could not catch up with the speed of the skeletons, she knew that they were coming for her.

Due to that, it was time for her to use the Silver Shield, the only immortal defensive item that she owned.

Once she did that, she waved her hand. The Sun and Moon violently glowed and leapt towards Bai Chen!

Bai Chen's face changed colour. Yet, he was not scared. He only showed calmness before defending himself with the turtle shell.

It all depended on whose defensive item was stronger now!

Boom!

Boom!

An explosion that was big enough to destroy the whole world occurred twice. The vibration could be felt throughout the celestial world. People in every territory were panicking and fearful. They did not have a clue what was happening!

Some of them knew, though. They were immortals who lived here in the celestial world.

There was only white smoke where Bai Chen and Ling Cing Han were.

Then, it started to fade and reveal what was behind it.

Bai Chen's face was calm. He stood still. The turtle shell was completely demolished. Then, he fell down into the emptiness. No one knew if he was alive or dead!

As for Ling Cing Han, her Silver Shield was also destroyed. Her face was pale and her eyes were without any spark of life.

"N...No way, this isn't true!" She exclaimed softly.

"Father, help me!" Ling Cing Han gathered the last bit of her strength to ask for Infinity Zero's help.

There was no answer. There was only silence.

After that, she stopped breathing. She was dead!

She lost the lower part of her body. A great deal of blood gushed out from her body. It was a scary sight!

It was the animal gods' doing. They were all gone now.

The sun and moon were also gone after attacking the turtle shell.

Suddenly, a loud notification sound echoed through the air.

Ding!

[The War of The System Owners is over!]

The winner: Bai Chen

The ninth Life Changing System: Namiana

Chapter 596 What Awaits

Ding!

[The War of The System Owners is over!]

The winner: Bai Chen

The ninth Life Changing System: Namiana

---

Bai Chen did not even realise that he had already become the winner of the war.

At this time, he was unconscious and was still falling in a dark, bottomless abyss.

If this continued, his body would be swallowed by the emptiness and vanish!

If that happened, his efforts until now would be in vain.

However, who would have thought that a bright white hand would reach out from thin air and slowly stop him from falling any farther?

The hand was of a person who was engulfed in a faint white light. People would be alarmed at how his face looked since there were cracks all over it. His eyes were white and gloomy.

He looked very much like Bai Chen with plain white hair. He was none other than the future Bai Chen.

No, it was not actually him. It was only a part of his consciousness.

This was because the future Bai Chen was already dead. He'd destroyed his threads of life when he'd fought with Infinity Zero in the space-time tunnel.

Actually, he should not be able to appear like this with only a part of his consciousness, but the future Bai Chen had sent over another part of it right before he died.

He had to do this to give the present Bai Chen information about Infinity Zero.

He had to know that Infinity Zero was a god from the future and that the Life Changing System was only a game to pass the time!

Eventually, whoever won the war would be murdered by him anyway!

After that, the consciousness and Bai Chen vanished, leaving the space with only emptiness.

The consciousness took him to a certain mysterious place in Long Zhou territory.

It put Bai Chen on a long stone altar. Bai Chen's clothes had been changed. Some of his wounds had been healed. This was a part of the consciousness's doing.

It looked at Bai Chen and waved its hand. A white light dashed into the middle of Bai Chen's forehead.

It was giving him the truth!

It could not stay any longer. This was what it could do within the time limit.

After the white light went into Bai Chen's forehead, the consciousness looked at Bai Chen with its hopeful eyes. It mouthed something.

The lips could be read as saying: 'I'll leave everything to you...'

Shortly after that, the consciousness slowly fell apart into particles of beautiful white light and dissolved.

Bai Chen, who had yet to come back to consciousness, fell into a dream. It was a very odd dream.

He dreamt that he was in a dark room. He was confused and did not know how he had gotten there. He remembered that the last thing he saw was when he protected himself with the turtle shell from Ling Cing Han's half-Sun and Moon.

"Where is this?" Bai Chen wondered.

"Am I dead?" He could not help but think so.

"I'll leave..." Suddenly, a soft voice echoed in the darkness.

"Who's there?" Bai Chen was alarmed by the voice. He quickly looked around only to see more darkness. There was no one else there.

Bai Chen tried to spread out his psychic power, but he could not do it. His face changed colour. "What's happening?!?"

Bai Chen panicked. Meanwhile, a voice sounded again. It was the same soft one. However, what sounded was 3 different voices.

"I'll leave..."

"The future..."

"Of the children to you..."

Bai Chen's body was frozen. The voices seemed familiar to him.

However, he could not figure it out whose voices they were.

"I'll leave the future of the children to you..." The voices repeated inside his head until he fell unconscious again.

.....

Bai Chen quickly sat up once he came to his senses. He panted heavily. His whole body broke into a cold sweat. His lips were extremely pale.

"Where is this place?" He wondered while looking around. He found that he was on a stone altar inside a cave.

"Was that...a dream?" He was confused. He thought that it was a strange dream. He never thought that he would dream about something like this.

"This is...!" Suddenly, a memory popped into his head. His facial expression changed greatly. His body trembled madly!

He now knew about how he had won the war of the system owners and was saved by a part of the consciousness of his future self. There was also important information about Infinity Zero that he had not known!

It took a while before he could suppress his amazement. His facial expression turned back to a stressful one. He clenched one of his fists tightly.

“This is what awaits me...after I win the war?”

Bai Chen could not help but be angry at Infinity Zero.

“Infinity Zero!”

Bai Chen’s voice was as cold as ice. He did not expect everything to turn out this way.

Bai Chen lowered his head and thought seriously about what to do next. Then, something very important flashed into his head, and his face could not help but change colour!

Chapter 597 A Wish Come True

That important matter that had come into his head was Namiana. She should be awake soon and make her appearance.

She would be the one who gave him the prize for being the winner, the result of his wish.

Thinking about this, Bai Chen’s face changed colour since, according to his future memories, Namiana would finally become human after that.

Once it happened, she would want to follow Infinity Zero’s order and try to kill him. He had just gotten this information from the additional memories just now.

Namiana had not completed her quest and had been killed by his future self.

“I need to be prepared before she wakes up!” Bai Chen’s brain worked very quickly. He did not want to fight Namiana and kill her like what his future self had done.

This was because it was not her wish to kill him. She simply followed Infinity Zero’s order.

Infinity Zero was the real villain here!

Bai Chen wanted to be prepared for him too. First things first—he had to be stronger.

However, he knew full well that even though he reached the tertiary stage of the immortal realm, he would not be able to take down Infinity Zero.

His future self was a very good example of that. He’d even had to sacrifice his threads of life when he’d fought Infinity Zero.

Bai Chen thought about this for hours. His face grew dimmer as every hour passed since he could not figure out how to deal with Namiana and Infinity Zero.

“You did well, Bai Chen. You’re now the winner of the war of the system owners.”

While he was still unable to figure things out, a familiar voice sounded in his head. It was a cold one.

Suddenly, a beautiful silver light leapt out of him and stopped in front of him.

Once it faded, a pretty woman stood there. She was a beautiful girl with a cold face. Her hair and eyes were silver. Yes, this was Namiana, the ninth Life Changing System.

The clothes that she was wearing were different than what she'd had on before. She was in a silver robe. There was also a crystal hair ornament next to her ear. It was pretty and suited her very well.

Bai Chen was stupefied. His face went blank.

"I made the right choice when I chose you to be a system owner," Namiana said as if she did not care how Bai Chen looked right now.

As opposed to her voice, her face was not as cold as before anymore. It was normal like a real girl's.

'Wait...something's different!'

Bai Chen was startled. His blank face was gone and had been replaced with a serious one. The situation right now was different than what his future self had seen after he'd won the war.

Namiana seemed to have become an actual human, not an AI anymore.

She was supposed to become one after granting Bai Chen his wish!

Bai Chen could not help but make a serious face. He stepped backwards and looked at her cautiously.

Namiana was confused about what Bai Chen was doing, but she did not pay much attention to it. She then spoke. "Now that you've won the war, you may have one wish granted. What will it be?"

There was a strange light twirling in Namiana's beautiful silver eyes.

Since she'd appeared, she had not been shocked or surprised at seeing Bai Chen in his crippled state at all, as if she knew full well about what had happened to him.

Hearing that, Bai Chen went deep in thought. Even though he had to be cautious, he still needed the wish to be granted. If not, everything would have been in vain.

Bai Chen thought about asking to be turned back to when he was 18. However, now with Namiana and Infinity Zero, he was not sure anymore what would be best to ask for.

If he asked for anything that would help him fight Infinity Zero, it would be worth it no matter how small.

To be honest, Bai Chen was in the dark right now, and he would not be stupid enough to say: 'I wish to be stronger than Infinity Zero.'

This was because Infinity Zero was the one who'd created the Life Changing Systems and he would be the one who granted the wish.

He would not let anyone be stronger than him for sure.

Seeing Bai Chen so deep in thought, Namiana did not interrupt. She stood still and stared at him.

Bai Chen took a lot of his time thinking about it, yet he could not come up with anything. He felt that he really had nothing to fight against Infinity Zero at all. How could he fight that god-like figure?

However, if he did not fight, he only had to die. That was not what he wanted at all.

Bai Chen could only sigh. He decided to choose the first wish that he had in mind.

“I wish to be in my 18-year-old self again,” Bai Chen said. His voice as quite calm.

Namiana halted a little. She frowned as if she did not expect him to ask for something so mundane.

“Bai Chen, are you sure that is what you want to wish for?”

Bai Chen looked Namiana in the eye and slowly nodded. “Of course.”

He had decided. As for Infinity Zero, he thought that he still had some more time since his future self had already destroyed the path in space-time that led to the present world, and surely, he would find the best way to deal with Namiana!

Chapter 598 Namiana

Seeing Bai Chen’s serious face, Namiana stopped wondering and nodded.

“If you want it, I’ll grant your wish!” Namiana raised her hand. A gorgeous silver light exploded out.

She swept her hand out at Bai Chen, and the silver light embraced him.

In less than a minute, the silver light slowly faded away. Bai Chen was standing there, but he was not the Bai Chen of the moment before. He was the 18-year-old Bai Chen. He had gotten his right eye and arm back, but his hair was still bicoloured.

Seeing the light was gone, he spread out his psychic power to explore his body.

Then, he was stupefied. His eyes widened. He knew right away that his psychic power was not of a secondary immortal one, but a tertiary stage!

Yes, it was a tertiary immortal psychic power!

Due to that, that meant Bai Chen was now undoubtedly a tertiary immortal cultivator.

“W...What does this mean?” Bai Chen breathed in deeply to suppress his emotions and looked at Namiana.

To be honest, he did not understand why she had done this at all. He only wanted to be back to his 18-year-old self and never asked to be levelled up.

Namiana had given him this level, which was the strongest in the immortal realm and also the strongest in the cultivator world. How could he not be surprised?

Namiana’s face turned serious. “Bai Chen, I need your help!”

Bai Chen frowned. He looked cautiously at Namiana. “For what?”

“I need you to help me take down my creator... Infinity Zero!” Namiana answered with a serious voice. It was as serious as the look on her face.

Hearing that, Bai Chen could not help but freeze. His face was full of the utmost surprise. He spoke with his dry voice. “W...What did you just say?!?”

“You heard it right. I need you to help me kill Infinity Zero!” Namiana said.

Bai Chen started blankly at her for a short while. His facial expression showed confusion.

He considered this matter very quickly. He was not a fool to believe Namiana right away. He thought that maybe this was a trap.

‘There’s nothing like this in my future memories...’ Bai Chen thought.

His future self had not experienced anything like this. He’d only had to face Namiana, who had been trying to kill him after she became human.

Seeing his facial expression, Namiana could not help but affirm it.

“You must be cautious of me because I’ve tried to kill you before and was killed by you in the future.”

“You!” Bai Chen’s face changed colour. He could not help but step backwards. He looked at Namiana with disbelief. He did not expect her to know about this.

“Don’t look at me like that. I knew all this when you were attacked by the system owner Ye Woo Dong. I was awake and was aware of your future memories from you!” Namiana explained calmly.

Bai Chen took a deep breath again to calm himself down. “Now that you know, why do you still want me help to get rid of Infinity Zero? What’s the reason?”

Namiana stared at him. “It’s easy. I don’t want to die. I still want to live!”

“If I do what I’m told, I’ll only meet my end. That’s not what I want. That’s why I need to join hands with you.”

Bai Chen went quiet. He stared intently at Namiana while considering if he should agree to join her.

Listening to her, he knew now that she spoke the truth. There was no lie in her words.

Bai Chen was hesitant. Even though he knew that Namiana spoke the truth, he did not dare to believe the whole story.

Meanwhile, Namiana suddenly said something that made Bai Chen shake quite violently.

“I also have a way to win against my father!”

“What?!?” Bai Chen was surprised once again. His body trembled very violently. He looked at Namiana with disbelief. “Is this true?”

“Of course. Why would I lie to you? I want to continue living this life, just like you.” Namiana nodded. Her face was even more tense.

“It’s time for you to decide, Bai Chen, whether you want to join me or not.”

Bai Chen took a deep, cold breath. This time, he thought it over too much. He instantly nodded in agreement. “Of course I will!”

Bai Chen had decided that he would join forces with Namiana, even though he did not know if the information she had would help him take down Infinity Zero. He had to take this risk because it was better than nothing.

However, he still did not trust her fully. He was still cautious of her. If he wasn’t, he would be very uncomfortable around her.

“Thank you very much.” Namiana smiled. Her smile was beautiful. It was the smile of a cold, silver-haired girl, yet it was filled with charm.

Seeing that, Bai Chen halted. Her smile was very similar to what he had seen in his memories.

Namiana also smiled like this right before she’d died at his hand!

“Can you tell me the information now?” Bai Chen quickly shook his head to stop thinking about this matter. The most important thing right now was this information from Namiana.

It was the information that would help him take down the god-like figure from the far-off future, Infinity Zero!

Chapter 599 Eternity

“Even if you didn’t ask, I’d tell you anyway,” Namiana replied. It was because she only had this chance to say it. This was thanks to the future Bai Chen who’d destroyed the path in space-time.

Otherwise, Infinity Zero would realise what she was trying to do and get rid of her immediately and that was not what she wanted.

However, there was also another reason, which was rather complicated and important to her.

“You’ll have to be eternal!”

“Eternal?” Bai Chen immediately knitted his brow tightly. He did not understand what she said.

“Eternal is one of the cultivator levels. It’s above the immortal realm!” Namiana explained calmly. It was obvious that the level did not stop at only a tertiary immortal one, but an eternal one!

“What?!?” Bai Chen was surprised again. He lost count of how many times he had been like this since Namiana appeared.

His face was full of surprise and confusion. He did not know that there was a level above the immortal one.

However, how was that even possible? Not even his future self had known about it. He had not even heard of it!

“It is normal that you don’t know. This is a top secret. Only us, the Life Changing Systems, my father, and another small group of people know about it,” Namiana said calmly.

“Only a tertiary eternal cultivator would be able to take down my father!”

Hearing that, Bai Chen went quiet for a long while. He did not expect that there would be an eternal level. He knew full well that it would be really hard to reach.

However, it was the only way to kill Infinity Zero!

He believed Namiana’s information.

“How can I reach that level?” After that, Bai Chen eventually asked this. He did not know how to get to the eternal level at all.

Namiana did not answer right away like before. She went quiet for a while before answering with a serious voice.

“There’s only one way. You have to go back to the future where I came from. There is this one place that can grant you an eternal level!”

She stopped for a short time and continued, “However, it’s very dangerous. If father realises this, both you and I won’t survive!”

“The future world?” Bai Chen’s face turned ugly.

Going back to the future world where Infinity Zero resided? Would that not be a death sentence?!?

Infinity Zero was a god-like figure. His power was incomparable. Going to the future where he was was no different from a definite death sentence!

“Yes.” Namiana nodded. “It’s the far-off future. It’s quite far away from the present.”

“Namiana, are you sure that we can reach that future world without him knowing?” Bai Chen could not help but ask.

“I’m not 100 percent sure, but it’s definitely more than 60 percent,” Namiana answered.

“Don’t forget that everything is a risk. If there is no risk, there’s only death that awaits us. Believe me, my father will find a way to come here and get rid of you eventually.”

“You’re right,” Bai Chen agreed with Namiana.

He, and even his future self, thought that Infinity Zero would be able to eventually find and kill him. He was god-like. Nothing was impossible for him.

“Bai Chen, make your decision. Do you want to come with me to the future or live happily here, waiting for my father to come to you!” Namiana asked. This was the last question that she would ask him to confirm that he would join her all the way for real. She wanted him to agree.

Due to her betrayal, there was nothing else for her to lose. She would die even without doing it anyway since every time the war ended, the winner, along with his or her Life Changing System, died.

And it was all Infinity Zero’s doing!

All of the 12 Life Changing Systems were no more than toys to him.

Bai Chen closed his eyes. He thought about living happily with his parents, Li Lin, Long Xu In, and Xu Xue Ning.

When he thought that everything would eventually be destroyed by Infinity Zero, he did not hesitate to open his eyes and nod firmly at Namiana “All right. I’ll go with you!”

“Wonderful.” Namiana smiled again. Then, she waved her hand to call a beautiful silver dimensional door. She stepped inside. “Follow me.”

Bai Chen took a deep breath and looked around Long Zhou territory one last time. He could not help but sigh when he realised something.

“Wu Shuang, I’m sorry that I can no longer meet you myself...”

Bai Chen raised his hand. His silver immortal qi dashed out and headed to where Xuen Zhou territory was.

He sent a version of himself with his immortal qi. It looked exactly the same as him.

It was an easy job for an immortal realm cultivator like him to create his own duplicate.

After that, Bai Chen followed Namiana inside the silver dimensional door. Then, he suddenly remembered the dream that he’d had.

“I’ll leave the future of the children to you? What a very strange dream,” Bai Chen muttered. Then, he vanished inside. Everything was silent again.

Long Zhou territory would definitely be in turmoil due to the fight for power.

With Ren Tien Di, the emperor of the Long Tien empire, and Ren Wu, the man next in line, dead, the seat of emperor was now empty. That was why a fight for it was bound to happen.

The strongest person would become the new emperor!

Chapter 600 Number

“Did Vincent fail?”

Within the infinite darkness, an arrogant voice sounded from the man who sat there.

He was on a sparkling white throne. He was dressed in gorgeous white. His face was indistinct, as if it was covered with a thick fog.

There was a golden crown on his head, but it was imbalanced as if it was a blinking hologram. He was none other than the god-like being, Infinity Zero!

Infinity Zero frowned and clenched his fists tightly. He was quite furious that Vincent had failed and had not been able to kill Bai Chen, even though he had gone out of his way to go through the destroyed path in space-time and sacrificed a lot of his power for it.

He was very weak now. It would likely take him days to be fully recovered. However, what he received in return was Vincent's failure and Bai Chen being the winner of the war again!

"Bai Chen, you're good—as expected of the winner of the war!" Infinity Zero spoke coldly through his teeth.

He really wanted to kill Bai Chen right now, but he could not because he could not fix the path that the future Bai Chen had destroyed.

He could only let his consciousness and a part of his power go through, which was not enough to kill Bai Chen. Actually, Vincent could kill Bai Chen. She'd ended up dead because she had been careless in wanting to see Bai Chen struggle.

If Infinity Zero had known about this, he would have done everything in his power to bring Vincent back from death and vent his anger out on her.

"I still have ways to deal with you." Infinity Zero was full of his intent to kill. He would not give up until he killed Bai Chen.

"One." Infinity Zero's voice echoed outward in waves.

Suddenly, a dark blue light dashed towards him and stopped in front of him.

Once the light faded, a man in dark blue was there, kneeling on one knee, with one arm on his other leg. This was the gesture that he used to show his utmost respect to Infinity Zero.

"Did you call for me, father?" The man asked. His hair was dark blue. His face was an extremely handsome face.

"Yes. I want you to do something for me." Infinity Zero spoke calmly. Yet, he could not hide the hatred in his voice.

"Give me your order and I, Number One, will do everything in my power to serve you." His name was obviously 'Number One'. No, he did not actually have a name. He had gotten the 'Number' title from his ability.

He was also the number one among them all. That was why he was called 'Number One'

The 'Number' title was for those who received direct orders from Infinity Zero. There were only 7 of them.

Number One just called him his father because he had been created by Infinity Zero just like all of the 12 Life Changing Systems.

In comparison, the Numbers were far better than the Life Changing Systems, since they would not be killed after the war, unless they failed more than 3 tasks.

“Very good.” Infinity Zero seemed to be pretty satisfied with Number One’s answer. “I want you to lead all the Numbers in breaching the destroyed path in space-time!”

Hearing that, Number One was secretly alarmed, even though his face did not show it. He did not expect that Infinity Zero would want them to do something very dangerous.

That was no different than death. The chance of being able to breach the destroyed path in space-time was very low. If they failed, only death awaited!

“What about it? Can you do it?” Seeing Number One go quiet, Infinity Zero frowned and spoke calmly. Number One knew right away that Infinity Zero was not happy about it. He would be killed right away if he refused.

“Please don’t worry, father. The rest of the Numbers and I will do it to the best of our ability.”

“Good. As expected of my children.” Infinity Zero nodded. Then, he pointed at Number One and a white light beamed very brightly at Number One’s forehead.

Suddenly, Number One’s face changed colours. He did not expect that Infinity Zero would ask for the Numbers to cross the destroyed path in space-time just to kill someone!

He was curious what the man had done to make Infinity Zero so vengeful.

However, he did not ask since he was not brave enough to.

Number One took a deep breath. His face tensed up. “Please don’t worry. The Numbers and I will get this done in no time!”

Infinity Zero did not say anything more. He only waved his hand to dismiss Number One.

Number One did not dare to stay longer. He quickly made a respectful gesture and left.

Then, Infinity Zero spoke coldly through his teeth.

“Bai Chen, you have to die no matter what. Even if all of the Numbers die in space-time, I’ll create more stronger ones to go after you. If they still fail, I’ll risk my life and go after you myself to kill you once and for all, be it you in this world, the past, the present, or the future!”

Number One could not hear Infinity Zero’s cold words. His body flashed for a bit.

He was travelling through dimensions. His face was serious. He could not stop thinking about the man in his mind, Bai Chen.

“This man is the Numbers’ target!” Number One spoke softly but coldly!
