

Life Changing 601

Chapter 601 Those With Potential

Shortly after that, Number One arrived at a particular place.

It was surrounded by darkness, yet the place itself was illuminated.

There was a big white building. Number One vanished and appeared again inside it.

He was now in a hall that was state-of-the-art. All the gadgets and furniture were full of high technology that was beyond imagination.

There was a table full of gadgets on it in the middle of the hall. There was text being displayed on repeat.

Around the table, there were 7 chairs. Number One did not hesitate to sit on the chair at the head of the table. He was Number One, so that made him the leader.

As soon as he sat down, the chair let out a warm light that comforted the person on it.

However, Number One was not comfortable at all. The order that he'd just received was very dangerous.

If he and the rest of the Numbers risked their lives and crossed the destroyed path of space-time, there was a more than 70 percent chance that they would die there!

“Acches, contact all of the Numbers.” Then, Number One spoke.

He was not talking to himself, but to the AI in this room named Acches.

Acches was an assistant here. He was a brilliant operating system that helped with everything in this meeting room.

“Acknowledged, Number One.”

A monotonous voice like that of a robot's echoed through the room. Images of the other 6 Numbers appeared on translucent light blue windows along with a telephone icon. Acches was contacting them.

Shortly after that, everyone picked up the phone.

Their small holograms appeared. They were quite faint.

“Number One, what are you contacting me for?” Number Two asked. He seemed annoyed.

The rest of them asked the same thing with different tones of voice. Some were cold, some were calm, and some were soft.

Number One looked at all of them before speaking calmly.

“Why am I calling you all? That's because father has a mission for us. Come to the meeting room now.”

Hearing that, the holograms shook quite madly before cutting off the communication.

In less than a minute, the 6 of them appeared on their chairs. There were 2 of them that came in hologram form.

Number One nodded and looked at the holograms.

“Number Four and Number Six, where are you? Why can't you come physically?”

Number Four was a handsome man in brown. His brown eyes blinked. Even though he was not here physically, the hologram could not hide his majesty.

“I'd love to be there, but now that I'm in the A-109 dimension. I can't.”

“The A-109 dimension? What the hell are you doing in such a far-off place?” That was Number Two. His hair was red like scorching flames. He looked violent, as if he was always angry.

“I heard from Acches that the monster Anubis is here. That's why I'm here for its core, to power up.”

Number Four reported this without trying to hide anything. He did not have to.

“So it's like that,” a man in green said with his emotionless face as if he was bored with everything. His green eyes blinked several times. He did not say anything more. He was Number Three.

“What about you, Number Six?” A man in purple asked. He looked at a hologram of a man in black.

The man in black let out a shiver-inducing smirk. “Are you interested, Number Five?”

The man in purple, Number Five, nodded. “Just a little.”

Number Six swept his eyes around the room and spoke dryly. “I'm at a forbidden dimension in search of an ancient civilisation.”

“Your interest is surely intriguing,” a man in white, Number Seven, said.

“All right, stop with the chitchat. I accept their reasons. We should start the meeting.” Number One raised his hand to stop everyone from talking.

Looking at them, they all had different clothes, hair, and eye colours.

Number One was dark blue, Number Two was red, Number Three was green, Number Four was brown, Number Five was purple, Number Six was black, and Number Seven was white.

Their abilities were also different. Number One used ice, Number Two used fire, Number Three used wind, Number Four used earth, Number Five used thunder, Number Six used darkness, and Number seven used light.

It was obvious that their abilities were based on the seven elements. Infinity Zero had created them!

That was why they were only second to Infinity Zero!

They were equal to a tertiary immortal cultivator—maybe even stronger!

Yet, they were not cultivators. Even so, however, they had their own power. They called it ‘stage’.

They were all at stage 13, which was equal to the power of the immortals!

It was obvious that there were no primary, secondary, or tertiary ones like what cultivators had. Every stage was equal to the tertiary one of each realm, e.g., stage 1 was equal to the tertiary nascent level!

Chapter 602 Forcing A Breach Of The Dimensional Path

The meeting of the Numbers had started. Everyone looked at Number One at the head of the table.

Number One did not waste time. He quickly cut to the chase with his serious voice. “Father wants us to kill a certain man.”

“Kill a man?” The voices intertwined. They were in awe.

They frowned. If Infinity Zero wanted all of them to join hands, that meant the man he wanted dead was very strong.

“Who’s the man?” Number Two could not help but ask. His voice was intense.

Even though the others did not say anything, it was obvious that they thought the same.

Number One answered immediately. “He’s a tertiary immortal cultivator. His power is supposedly equal to ours, the twelfth stage. Actually, all of us don’t have to go.”

Then, Number One stopped and continued after looking at everyone.

“However, the reason why father wants all of us to go is because this man lives in the faraway past and the path there had been destroyed!”

“What? The dimensional path is gone?!?” Number Three exclaimed loudly.

The facial expressions of the rest of them changed drastically.

“This is extremely dangerous,” Number Four said.

“Not only that—we can die in there!” Number Five’s face showed absolute pain.

The rest of them felt the same. Risking lives and trying to breach the destroyed path in space-time was extremely dangerous. The body could have been crushed by all the immense pressure in there!

“I understand how you feel, but this is an order from our father. We can’t refuse it.” Number One spoke with his serious voice. His face tensed up. He knew full well what everyone was thinking.

He did not want to do that either, since he still wanted to live.

Why would he risk his life? However, he could not disobey Infinity Zero, his creator and the man who had given him his power.

Hearing that, everyone seemed to be melancholy for a second. Then, their faces showed determination.

“If it’s an order from father, we’ll do it, and we won’t let him down!” Number Two’s eyes glowed red with his intent to kill.

He wanted to kill Bai Chen because he was Infinity Zero’s target. They had to risk their lives because of him.

Number Two blamed this on Bai Chen. Everyone did!

“Then, we should go now.” Number Seven looked around the room and stopped at Number One.

Number One looked at Number Seven and nodded. “We should go now. However, before that, I want to say something first.”

“Please. We’re ready for anything.” Number Six spoke determinedly.

Number One showed his rare smile. He rarely smiled. “I don’t know if we’ll survive space-time, but we’ll always be Numbers!”

“Well said!” The rest of them screamed at almost the same time. Everyone was very encouraged.

Even though they’d lost out to Number One regarding the Number One title, they did not take that personally. What Number One had just said made them feel better.

Number One got up from his seat and looked at the earth hologram in the centre.

“Acches, open the path to the destroyed path in space-time.”

Acches, the assistant AI, accepted the order with his robotic voice. “Understood. Dimension linking in process.”

Meanwhile, Number Two to Number Seven got up from their seats. They stood there quietly just like Number One. No one said anything.

They only had to wait until Acches finished.

In less than 2 minutes, Acches spoke. “The linking is complete. All the Numbers, are you ready to be teleported there?”

“We’re ready. Take us there!” Number One spoke on behalf of everyone. His voice echoed around the room, making everything seem to tremble.

“Understood. I wish you safe travels,” Acches said.

Suddenly, everyone was covered with a bright light and vanished from the room. There were only some light particles left after they were gone.

“All gone, huh?” A voice sounded in the room. It was Infinity Zero. He was not here physically.

“Welcome, Creator.” Acches’s voice was still as robotic and monotonous. Yet, it also sounded utterly respectful.

“You did well, Acches.” Infinity Zero spoke to Acches. Then, his voice turned cold. “I hope the Numbers can finally kill that bastard Bai Chen for me!”

Acches spoke again. “There’s no need to worry, Creator. They are all at their thirteenth stage. There is no way they would fail!”

“Good. I certainly hope so!” Infinity Zero gritted his teeth, and there were no more sounds in the room after that.

Chapter 603 Zhien Wu Shuang’s Crisis

In the Ping Zhou territory in the celestial world, at the summit of a mountain within the Glorious Water sect’s area, a beautiful girl at her late twenties in a blue uniform was standing there. Her face was rather gloomy.

This girl was none other than Zhien Wu Shuang. She was a tertiary divine cultivator now.

This proved that she was even beyond the great genius!

“It’s been almost 20 years. Time sure flies.” Zhien Wu Shuang’s voice was sad. It had been almost 20 years that she had not seen even a fraction of Bai Chen’s shadow. She had absolutely no idea if he was still alive.

She really wanted to go look for him, but it was a shame that Sui Lien Er, her teacher, did not allow it since she was still not strong enough to do that.

There would be only danger that awaited her in Xuen Zhou territory, since there were half-master cultivators—unlike here, where the strongest were only at a tertiary salvation level.

Over the past few years, Sui Mei Xia and Xu Jue Ing had already penetrated the tertiary salvation level.

“You’re here again.”

A young man in the same blue uniform of the Glorious Water sect appeared not so far from Zhien Wu Shuang. His voice was very polite and attractive.

He was a handsome man. His appearance and personality were full of grace. No girls would be able to resist him.

He was Zhien Wu Shuang’s senior. He was the first student of Sui Lien Er, Sui Cheng Gan.

He was obviously related to Sui Lien Er. Not only was he her first student, but he was also her distant cousin.

“Sui.” Zhien Wu Shuang turned to look at him and nodded. Then, she turned back and did not pay attention to him anymore.

She was bored and annoyed with him. He had been following her around a great deal.

She really wanted to shoo him away, but she could not since he was the first student of her teacher who had been very nice to her. That was why she just simply ignored him.

Seeing that, Sui Cheng Gan’s eyes immediately filled with anger. He had been trying to hit on her for years, but she did not seem to look at him even once.

He had been very angry every time he was treated like this, and he was at his peak level!

Sui Cheng Gan’s face turned wicked. He raised his hand and a wave of his blue divine qi dashed towards Zhien Wu Shuang, who had her back to him.

Zhien Wu Shuang’s pretty facial expression changed. She quickly turned back and created a protective force field right away.

A bright blue force field appeared in front of her.

Boom!

Sui Cheng Gan’s divine qi hit Zhien Wu Shuang’s force field and exploded violently. The force field was not affected at all, while Sui Cheng Gan’s divine qi was crushed to bits.

“What does this mean, Sui?” Zhien Wu Shuang frowned. She stared at him.

Sui Cheng Gan’s face was even more malicious. “Zhien Wu Shuang, why are you playing so hard to get? I’ve been after you for over 10 years, yet you have never paid any attention to me. I’ll make you mine today!”

Hearing that, Zhien Wu Shuang’s facial expression changed a great deal. Her eyes suddenly turned cold. “Sui Cheng Gan, I never thought you’d be this evil a person!”

She was not a helpless girl anymore. She was now a tertiary divine cultivator. She had no reason to fear a man who was at the same level as her.

“Are you not afraid that the teacher will punish you for this?” She looked coldly at Sui Cheng Gan. Her voice was no longer respectful, since Sui Cheng Gan was not worth it anymore.

“HAHAHA! I am. However, if you’re mine, the teacher can’t hurt me. Maybe she’d even have you marry me!”

Sui Cheng Gan laughed wickedly. His voice was full of lust. His sexual desire was a great deal that the flesh between his legs was aroused while he was speaking.

And it was obviously very small!

“Sui Cheng Gan, you’ll regret this.” Zhien Wu Shuang did not want to waste her time with this evil, depraved man anymore. She decided to use all of her power to take him down.

She knew best about what she was capable of. She knew that Sui Cheng Gan would not be able to fight her if she used her full force.

“Your senior won’t regret anything because he’ll get to play around with you.” Suddenly, a voice as evil as Sui Cheng Gan’s sounded. He was a man in red. He walked towards her from behind.

“Xu Zhen!” Zhien Wu Shuang knew this man. She had met him a great many times. He was the son of the head of the Ten Thousand Sabers clan, and he was also a tertiary divine cultivator!

Zhien Wu Shuang’s face turned slightly pale. Yet, she did not fret. She believed that she could still fight them.

“Xu Zhen, even you’re getting involved in this. My teacher won’t let you off so easily!” Zhien Wu Shuang spoke coldly. She was quite ready to fight. She did not seem to underestimate them either.

“That’s a little too much. Do you really think you’re that special?” Xu Zhen laughed. “I don’t think lord Sui would dare to do anything since she wouldn’t want to initiate a war with my Ten Thousand Sabers clan!”

Zhien Wu Shuang did not say anything. She emitted her concentrated tertiary divine qi!

Chapter 604 Join Forces

“The fun can’t go on without me.”

Meanwhile, another voice sounded. It was a young man who was almost in his middle age. His level was still weak, being only the primary legendary one.

“Wu Wen Dong.” Zhien Wu Shuang’s face was serious when she turned to him. It was not because of him, but the man behind him.

The man who was with Wu Wen Dong was a middle-aged man with smooth skin. His face was full of grace. He emitted a great deal of sacred aura. He was in a golden outfit with the word ‘Wu’ on it. There was a faint crown on his head.

He was none other than the emperor of the Wu dynasty in Wu Zhou territory...Wu Wang Tien!

He was only a secondary divine cultivator, but now he was at the tertiary stage. He had improved a lot in the past nearly 20 years.

Wu Wen Dong was his eldest son. As to why they were in Ping Zhou territory, the story started 5 years ago.

No one knew what Wu Sao Feng, their ancestor, did, but he’d suddenly leapt from the primary salvation level to the tertiary stage!

Once he had become a tertiary salvation cultivator, the first thing that he did was sweep out every authority in Wu Zhou territory.

From his actions, the Dark Flames temple, the Gold sect, the Deity Warfare sect, the Fan family and the Tien family were all demolished!

When everything was done, Wu Sao Feng had brought the Wu dynasty here to put down roots.

Xu Jue Ing and Sui Mei Xia did not object since they did not want to have any problem with a tertiary salvation cultivator.

However, it was on one condition that the Wu dynasty would not cross the line. If they did, Xu Jue Ing and Sui Mei Xia would be ready for a fight. They would certainly do that when the time came.

“Wu Wang Tien, are you crossing the line?” Zhien Wu Shuang’s face tensed up. She took a deep breath and spoke.

Wu Wang Tien stared at Zhien Wu Shuang calmly. “Crossing the line? How? I’m just here to help Sui Cheng Gan.”

Zhien Wu Shuang was quite furious. She had been quiet this whole time and never caused any trouble or oppressed anyone. Yet, these men still wanted to take her down. She was not a saint.

She flicked her hand and took out a talisman. It was a blue one with some patterns on it. It was an assistance talisman. Her teacher would immediately know about this if she tore it.

“An assistance talisman?”

Seeing that, instead of being in a panic, Sui Cheng Gan, Xu Zhen, Wu Wen Dong, and Wu Wang Tien were so calm. Some of them even laughed loudly.

“HAHAHA. You’re so naïve. Don’t you think we’ve prepared for this?”

It was Xu Zhen who laughed. Zhien Wu Shuang’s face changed colour right away as nothing happened when she tore the talisman. She looked up and saw a strong spirit qi covering the whole mountain.

“A salvation qi!” She exclaimed. She did not expect they would have a salvation realm cultivator backing them up.

Also, it was probably Wu Sao Feng, the ancestor of the Wu dynasty, who was a tertiary salvation cultivator. Otherwise, they would not be able to shield the power of her teacher’s talisman.

‘Big bro Bai...’ Zhien Wu Shuang could not help but think of Bai Chen, even though she was in a life-or-death situation. She gritted her teeth tightly while looking around. Her determination to fight flared up.

She would rather fight until she died rather than be degraded. Her blue tertiary divine qi violently gushed out of her. A huge storm was formed. Her long hair fluttered against the wind.

“I’ll fight all of you!” Zhien Wu Shuang shouted and dashed towards Wu Wen Dong, the weakest man among them. She decided to deal with him first—and it was a good choice.

Seeing that Zhien Wu Shuang did not think of surrendering, the 3 men were angry. They gushed out their power to deal with her!

.....

Meanwhile, inside a seven-story pagoda surrounded by a mysterious whirlpool within the Glorious Water sect's territory, a middle-aged woman in light blue was sitting on a water carpet. It was Sui Mei Xia.

She immediately opened her eyes. Her eyes glowed blue.

“This salvation qi? Wu Sao Feng's?!?” She muttered. “What is it doing in my territory?”

She immediately vanished from that area and appeared again close to the summit where the salvation qi was.

“Wu Sao Feng, what are you trying to do?” Sui Mei Xia spoke softly. Wu Sao Feng's face twisted.

Wu Sao Feng was an old man who'd almost met his end. He was standing in mid-air not so far from the summit.

“Sui Mei Xia!” Wu Sao Feng looked at Sui Mei Xia, realising that he was in trouble.

‘Why is she still here? This is not what that Sui Cheng Gan kid said!’

Wu Sao Feng's heart was in turmoil. He'd chosen today because Sui Cheng Gan offered to trade so many things and he also told him that Sui Mei Xia would not be here.

Otherwise, he would not have helped at all. Being an enemy to Sui Mei Xia was not exactly a good thing.

“Wu Chuang?!?” Suddenly, Sui Mei Xia sensed that some people were fighting on the mountain where the salvation qi was. It was an unfair fight between Zhien Wu Shuang and three men!

Chapter 605 No One Can Lay A Hand On Her!

“Wu Sao Feng, how dare you!” Sui Mei Xia's face was scary. Her eyes revealed her killing intent. She stared at Wu Sao Feng angrily.

They were hurting Zhien Wu Shuang. How could she not be angry?

She had always thought that ‘no one could lay a hand on her’!

Zhien Wu Shuang was being backed up by Bai Chen. If he was back and saw that something happened to her, she was afraid that the sect would not be able to withstand his rage.

He had been scary enough at that time. He could take down 2 secondary salvation cultivators at the same time. Now that it had been almost 20 years, he would be even stronger. He would be terrifyingly strong...no doubt about it!

“Sui Mei Xia, I can explain. Let’s discuss this peacefully.” Seeing the angry Sui Mei Xia, Wu Sao Feng quickly spoke.

“I have nothing to say to an animal like you!” Sui Mei Xia yelled loudly.

Since the time that Sui Lien Er had brought Zhien Wu Shuang here, she’d loved and taken the best care of her. How could she talk it out peacefully with someone who wanted to hurt her?

If there was a first time, the second and the third would follow. To prevent this from happening anymore, she only had to deal with the source of the problem!

Sui Mei Xia gushed out her tertiary salvation. The whole sky trembled and the air grew extremely distorted.

“You!” Wu Sao Feng did not expect that Sui Mei Xia would not even consider talking it out peacefully with him. This was bad. He did not want them to reach a breaking point.

However, he seemed to have been messing with someone he should not have!

“Hmph! All right! I’m not afraid!” Suddenly, Wu Sao Feng spoke coldly through his teeth and also emitted his tertiary salvation qi out.

However, compared to Sui Mei Xia’s, it was obviously weaker.

“Lien Er, kill everyone who’s hurting Wu Shuang. Then, go for the Wu dynasty!” Sui Mei Xia ordered. Her voice echoed around the area. Everyone in the sect was alarmed.

“How dare you?!?” Wu Sao Feng’s face was very ugly right now. If Sui Lien Er really went for the Wu dynasty, the whole dynasty would undoubtedly be demolished.

This was because he was the only one who was a salvation realm cultivator there.

Due to that, of course, the Wu dynasty would go down.

“How about asking me first before killing my son?”

The voice sounded from afar. A figure was dashing here. It was a middle-aged man in flaming red. His aura indicated that he was a secondary salvation cultivator!

“Xu Jong Yang!” Sui Lien Er was in a practice lockdown. However, after hearing Sui Mei Xia’s voice, she quickly came out of it. She did not expect to hear Xu Jong Yang’s voice.

He was the head of the Ten Thousand Sabers clan—Xu Zhen’s father.

“Never thought the Ten Thousand Sabers clan would be involved in this. It seems Xu Jue Ing will have to go down too!” Sui Mei Xia’s cold voice echoed around.

“Huh, nonsense!” Xu Jong Yang stopped not so far from Wu Sao Feng and spoke coldly. Then, he bowed to Wu Sao Feng. “Emperor, I’ll deal with Sui Lien Er myself.”

“Good!” Wu Sao Feng nodded with satisfaction. With the help of Xu Jong Yang, he did not have to worry about Sui Lien Er anymore.

“You animals! You dared to think of hurting Zhien Wu Shuang!” Sui Lien Er arrived and realised what everyone was doing. She was furious.

Especially at Sui Cheng Gan, whom she wanted to kill by herself right at this moment. She did not expect her distant relative, who was full of potential, that she accepted as her first student would repay her with this.

“Cheng Gan, you bastard!” She gritted her teeth and was ready to go down there.

Xu Jong Yang suddenly interfered. “Dream on. Your opponent is me!”

“Xu Jong Yang, you’re asking for death!” Sui Lien Er growled very loudly. Her body was covered with her secondary salvation qi.

“Asking for death? Who? If you dare to lay a finger on my son, I’ll join forces with the Wu dynasty and destroy your sect!” Xu Jong Yang’s tone was cold. His face was cruel.

“Is this Xu Jue Ing’s idea?” Sui Mei Xia turned to Xu Jong Yang. She could not hide the intent to kill in her eyes. No matter what, Wu Sao Feng or Xu Jong Yang had to die today.

If this was really Xu Jue Ing’s idea, she would not hesitate to kill her too!

“What if it is?” Xu Jong Yang laughed disdainfully. Then, his facial expression changed in a flash when he sensed a familiar aura. It was Xu Jue Ing.

She appeared in mid-air not so far away from them. Her face was tense.

“Jong Yang, what are you trying to do?”

“A...Ancestor!” Xu Jong Yang’s face changed colour. He was obviously scared. How could he not be since this had nothing to do with Xu Jue Ing at all? It was his son who’d begged for his help, telling him that he would benefit greatly from Sui Cheng Gan.

“Xu Jue Ing, it’s good that you’re here. Are you joining Wu Sao Feng to destroy my sect?”

Sui Mei Xia looked at her coldly.

Xu Jue Ing shook her head. “How would I dare, especially since Zhien Wu Shuang is under Bai Chen’s protection?”

Then, she looked at the summit where the fight was happening. Zhien Wu Shuang was soaked in blood. She was injured.

Her eyes immediately glowed coldly. She was about to raise her hand and destroy Wu Sao Feng’s salvation qi, so that she could rescue Zhien Wu Shuang.

However, before she could do that, a cold voice filled the area. “You dared to lay a hand on Wu Shuang. Do you want to die that much?!?”

Chapter 606 Consciousness

“You dared to lay a hand on Wu Shuang. Do you all want to die that much?!?”

There was not only a cold voice—it also came with a terrifying aura. An immense pressure struck Sui Mei Xia, Sui Lien Er, Xu Jue Ing, Xu Jong Yang, and Wu Sao Feng.

Their faces changed colour. They all trembled. They were very scared of the pressure.

In the blink of an eye, they were dropped to the ground with an incredible speed to where Zhien Wu Shuang was fighting.

Boom!

They hit the ground hard. Dust and smoke lingered in the air. Their faces were all pale and had broken into a sweat. They shook uncontrollably.

Sui Cheng Gan, Xu Zhen, Wu Wang Tien, and Wu Wen Dong were forced by the pressure to lay down with their faces against the ground. They were quite scared since they had no idea what was happening.

All they knew was that they were terrified. This was intense and indescribable!

There was only Zhien Wu Shuang who was not affected by the pressure. She panted. Her body was soaked with blood. She looked at the scene in front of her with wide eyes. She did not understand it.

Suddenly, her body trembled very violently because of a soft voice.

“Wu Shuang...”

It came from behind her. She would not ever forget the owner of this voice. She quickly turned back. Tears ran out from her beautiful eyes right away.

A figure of a man was reflected in her beautiful eyes. It was Bai Chen!

It was the man for whom she had been waiting for almost 20 years!

“Big bro Bai...Is this really you?” Zhien Wu Shuang’s voice shook. Her teary eyes were fixed on the man in white in front of her. He had not changed much from over 10 years ago.

The only thing that was different was the colour of his hair, which was now black and white.

“It’s me.” Bai Chen smiled a little. Even though it was only Bai Chen’s consciousness, not the real person, he was no different from Bai Chen. His thoughts and emotions were no different.

“Big bro Bai!” Zhien Wu Shuang immediately gathered all of her strength and jumped at him. She hugged him so tightly and cried loudly as if she was a crybaby little girl.

The image of a beautiful woman crying was tragic, but it was somewhat funny for Bai Chen. Zhien Wu Shuang now was the same one whom his future self had met before.

The only difference was that she had now become a crybaby young woman.

Bai Chen hugged her back and stroked her hair softly. Zhien Wu Shuang fell asleep after crying for a short while more. It was probably because she had been fighting for a long time. She finally felt safe when Bai Chen had arrived and unintentionally fell asleep.

Bai Chen stopped patting her head and looked at her blood-soaked body. Then, he looked at Sui Mei Xia and Sui Lien Er. “Sui Mei Xia, Sui Lien Er, what does this mean?”

Sui Mei Xia and Sui Lien Er were terrified. They could barely breathe. They wanted to explain, but their lips did not want to move. They could not speak.

Seeing that, Bai Chen let out a sound. Then, Sui Mei Xia and Sui Lien Er felt more comfortable in speaking. They gathered their courage to talk.

“T...This isn’t us. We’d never harm Wu Shuang even in a life-and-death situation!”

“But...But it was partly our fault. Please punish us and spare the Glorious Water sect!”

The first one was Sui Lien Er, followed by Sui Mei Xia. If they had taken better care of Zhien Wu Shuang, this would not have happened. That was why they confessed.

They knew that Bai Chen was far beyond them now. They could not withstand his power!

Bai Chen did not say anything. He only swept his eyes around at the rest of them.

They were all in a state of fear. Their faces were as pale as corpses. They could not speak even a word. If Bai Chen did not allow it, they could only remain silent.

Bai Chen looked coldly at them. Even though he’d just arrived, with his level 9 eternal truth of time, he could see what had happened in the past.

Bai Chen blinked once, and everyone could now talk. Xu Jia Ing quickly spoke.

“Bai Chen...I was not involved in this.” Her soft voice trembled.

She was both scared and surprised. She knew that Bai Chen would become great one day.

However, she did not expect that it would take him just about 20 years to be this strong. She could not even see through his level!

“E... Elder, please spare me. This is all that bastard Sui Cheng Gan’s doing, not me!”

Wu Sao Feng quickly shouted this with his shaking voice. He knew that Zhien Wu Shuang was the reason why Bai Chen was doing this to them.

This was because Zhien Wu Shuang was now asleep in Bai Chen’s arms.

“Y...Yes, elder. We’re not involved in this!”

“That scoundrel Sui Cheng Gan planned all this. If he hadn’t offered us benefits, we wouldn’t be here!”

“That trash Sui Cheng Gan was the only one who did this!”

“Please punish him alone!”

Xu Jong Yang, Xu Zhen, Wu Wang Tien, and Wu Wen Dong all shouted out at the same time and blamed everything on Sui Cheng Gan.

“You!” Sui Cheng Gan was mad. Moreover, he regretted everything. He regretted that he had decided to do this to Zhien Wu Shuang.

Even though he had heard from Sui Lien Er, his teacher, that Zhien Wu Shuang had a strong man as her guardian, he had not believed it until now!

Chapter 607 I Will Be With You Forever

"E...Elder, please forgive me. I'm a fool to have done this to my junior, Wu Shuang. I won't dare to do it anymore. Please spare me!"

No matter how much he felt mad at the rest of them or regretful at what he had done, Sui Cheng Gan still had to beg for mercy, otherwise he would definitely die.

He knew that a chance of survival was very slim, but he took the chance anyway. He did not want to die. He was quite afraid of dying.

"Forgive you? Are you kidding me? If I hadn't arrived in time, Wu Shuang would have been in your evil hands right now!" Bai Chen's voice was calm, yet it was full of his killing aura.

He could not even hide his intent to kill on his face. He raised his hand and slammed it forward. His silver immortal qi glowed brightly and dashed out toward the 6 of them, who were still on the ground.

They were Wu Sao Feng, Wu Wang Tien, Wu Wen Dong, Xu Jong Yang, Xu Zhen, and Sui Cheng Gan.

"N...No!"

"P...Please spare me!"

"Have mercy!"

"P...Please let me live!"

"I don't want to die yet!"

"God...save me!"

Before the immortal qi reached them, their loud voices intertwined. This was maybe the loudest that they had ever shouted in their lives.

It was obvious that their voices were full of an intense fear of death and trembled very hard.

Their bodies trembled crazily. They thought of running away, but their bodies would not move an inch.

"AGHHH!"

A second later, pain-filled voices sounded in a manner that was pitiful beyond words.

The silver immortal qi slashed through their bodies and cleaved them into two. Blood splattered out like a waterfall. The iron smell of blood permeated the air, disgusting anyone who smelled it.

They immediately went quiet. No, it was more like they would not be able to speak anymore!

"T...This!" Sui Mei Xia, Sui Lien Er, and Xu Jue Ing were all surprised at the scene.

They did not think that Bai Chen would kill those six people in cold blood like this. Their bodies shook violently when they thought about Bai Chen's power.

He only had to flick his hand once and all tertiary salvation cultivators and those below that were all pitifully murdered!

Bai Chen did not pay attention to their panic and fear. He waved his hand once and vanished along with Zhien Wu Shuang.

The pressure was completely gone after that. All 3 of them slowly stood up while suppressing their mixed emotions.

Once they were all on their feet, the first thing they did was take a deep breath. Then, they tried to suppress their fear and stop their bodies from trembling.

They were soaked in sweat.

"I d...didn't expect that he'd be this strong after only twentysomething years," Sui Lien Er could not help but say while looking around at all the cleaved corpses lying a pool of blood.

"They dared to lay a hand on Wu Shuang. It was no different than them looking for death," Sui Mei Xia said coldly.

Xu Jue Ing shook her head and sighed. She did not expect that Xu Jong Yang, the man whom she'd selected to be the head of the Ten Thousand Sabers clan and was also her relative, would do something like this.

Now he was murdered quite pitifully with his body split into two.

About the death of Xu Jong Yang and Xu Zhen, she did not feel a thing. They did this to themselves. If they did not harm Zhien Wu Shuang, they would not have been killed.

"Come to think of it, Wu Sao Feng completely deserved this. He walked right into his death."

Sui Mei Xia said this. Her face was aggressive.

"He dared to harm Wu Shuang in the Glorious Water sect's territory. Then, I won't hold back in destroying his Wu dynasty!"

"Yes, ancestor. We have to take the Wu dynasty down!" Sui Lien Er nodded.

Xu Jue Ing's face suddenly showed an intent to kill. "Count me in. Let's go take them down!"

Sui Mei Xia and Sui Lien Er did not say anything. They only nodded and their bodies faded away. Xu Jue Ing did the same thing.

Less than 2 hours later, the news about the Wu dynasty being destroyed was all over Ping Zhou territory.

The Wu dynasty was quickly wiped out of the history books of Ping Zhou territory

Cultivators had fun gossiping about this matter.

Bai Chen had no care about what was happening outside. He was inside a beautifully-furnished room in the Glorious Water sect. It was Zhien Wu Shuang's room. He took his time in searching for the room that was filled with her aura.

When he found it, he took her inside and put her in bed right away. On the luxurious bed, Zhien Wu Shuang was asleep. Even though her dress was still caked with dry blood, her wounds were all healed. Bai Chen had treated her.

Then, Zhien Wu Shuang's eyelashes wavered. She slowly opened her eyes.

As soon as she was awake, she saw Bai Chen, who was looking at her with his warm eyes.

"Big bro Bai!" Zhien Wu Shuang was about to push herself straight up.

Bai Chen put his hand on her shoulder. "Don't move. You should get more rest."

"Am I dreaming?" Zhien Wu Shuang started to cry again. She stared at Bai Chen.

Bai Chen smiled. "You're not."

Hearing that, Zhien Wu Shuang felt very relieved and was extremely delighted. She gathered all of her courage and asked determinedly, "You're not going to leave me alone again, are you?"

Bai Chen halted a little before nodding. "Don't worry. I'll be with you forever."

Bai Chen did not lie. He had been ordered by the real Bai Chen to stay here and look after Zhiem Wu Shuang

This consciousness did not plan to go back to the present world. If it did, time would start flowing again.

Hearing that, Zhiem Wu Shuang blushed. She felt incredibly happy right now, as if this was all a wonderful dream.

Chapter 608 A Parallel World

Bai Chen did not even notice how long it had been since he'd walked through the silver dimensional door that Namiana had created.

He was walking behind Namiana within a colourful dimension. It was space-time.

Namiana walked slowly. Bai Chen swept his eyes around.

It was just like what he had seen in his future memories. His future self had walked here before and ended up dead after sacrificing his threads of life and destroying the path to the present world when he'd confronted Infinity Zero.

"How far is this path?" Bai Chen said to break the silence.

Namiana answered. "The path in space-time is endless. No one knows how long it is and where it leads."

"I see." Bai Chen nodded. "How far is it to the destination?"

"Not so far." Namiana's facial expression was calm. She continued to walk forward. "We're almost there."

Hearing that, Bai Chen did not say anything more. He only followed her quietly.

No one knew how much time had passed since time had been frozen here, be it the past, the present, or the future.

This space-time was only a path that connected to any destination that the visitor desired.

"We're here. Bai Chen, you have to be careful." Namiana's voice was serious.

Bai Chen nodded. He did not plan to underestimate anything. He was extremely cautious.

In front of them was not the end of the path, yet there was no ground to step on. The path was destroyed, revealing a great deal of chaos.

There was also a strong and mysterious power blocking the way.

"As you can see, the path here has been destroyed." Namiana turned to Bai Chen.

"If you're from the future and try to cross the destroyed path, you may not survive it, whoever you are. However, if you come from the past, the consequence won't be that severe. You may be gravely injured, but not dead."

"So that's the difference." Bai Chen understood it right away since his future memories also helped him.

"Good that you understand. Follow me. I'll lead." Namiana turned back. Her beautiful face was serious.

She let out a silver light without delay. It possessed the aura of a tertiary immortal cultivator!

"Wait." Bai Chen stopped her. His eyebrows knitted tightly. His face tensed up and was full of curiosity.

"What?" Namiana did not turn back. She still looked at the destroyed path ahead.

"Are you a cultivator too?" He wondered if Namiana was also a cultivator.

If not, why would she possess the power of a tertiary immortal cultivator?!?

Namiana fell silent for a while.

Noticing that Namiana refused to answer, Bai Chen thought about giving up.

However, before that, she answered, "I'm not a cultivator. This power is called 'stage'!"

"Stage?" Bai Chen obviously did not know what 'stage' was.

"Stage is a power in the far-off future. The highest level is 12. I was at 11 before, but now that you won the war, I'm now at 12!"

Namiana told him this with her calm voice.

"I can't believe that power levels like stage exists," Bai Chen muttered softly to himself.

"Even though people believe that the highest level of stage is at 12, there's actually the thirteenth one, and the only man who's at that level is father!" Namiana continued. Bai Chen's body trembled.

"Level 13 is equal to the eternal level that I've told you about. If you can reach that level, you can fight my father on equal footing!"

Bai Chen did not say anything more. He knew now that the level that was equal to the god's level was stage level 13, or the eternal level. He took a deep breath to calm himself down.

It seemed like his encounter with Infinity Zero would still be as tough as it originally was, but he would not give up. No, it was more like he could not!

"If you don't have anything more to say, then I think we should move." Namiana was ready to walk into the terrifying chaos in front of her.

At that moment, a strange occurrence happened to Bai Chen. Suddenly, his body became white energy particles and were about to vanish into thin air.

"What's happening?" Bai Chen's face changed colour.

Namiana immediately turned back. Her eyes widened. Her body trembled. Her face also changed colour.

"This... is impossible!" She screamed. Her heart was in turmoil. She did not expect this to happen.

"What's happening?" Bai Chen tried to keep his cool. Judging from Namiana's reactions, he knew that this was quite a major issue.

Namiana inhaled deeply. "You're being taken to another parallel world!"

"What do you mean?" Bai Chen's face tensed up.

"I meant what I said. There are a great many parallel worlds. You may be the winner of the war in this parallel world, but you may not be one in another!" Namiana hurriedly spoke.

"Why is this happening?" Bai Chen stared at her.

"I...I'm not sure. I think somebody must have come back from the future and killed you in the parallel world that is similar to this one. Once you're dead, that parallel world wants to take you to replace him. Maybe it thinks that you're the same man!" Namiana's voice quivered. Her face was pale.

Then, Bai Chen was nowhere to be seen. There were only a great many small particles lingering in the air!

Chapter 609 An Unfamiliar World

"N... No!" Namiana screamed when Bai Chen vanished. Her face was so pale now. She tried to grab the white energy particles in front of her.

However, it was in vain. She dropped to the ground. Her body shook uncontrollably.

"Why...Why is this happening?!?" She muttered to herself pitifully.

Then, a memory flashed into her head. It was an image of a 5 or 6-year-old girl hugging a white teddy bear inside a state-of-the-art laboratory.

The girl was in white. She had a technologically-advanced wristband on her, displaying numbers. She looked quite emotionless. Her face was completely cold.

Suddenly, the door was opened. A young man in a white lab coat walked into the room. His face was unclear as it was covered by a fog. He could not be identified.

"You did well, little girl," the young man said kindly. He stroked the girl's hair warmly.

The girl was still emotionless. She could not show any emotion. She could only display coldness.

However, she felt warm. She looked at the young man with her cold eyes without saying anything.

She noticed that among the men who had been experimenting on her and checking her abilities, only this young man treated her differently. He had always been kind to her, be it in his touch, his voice, his facial expression, and his smile.

"Let's make this happen. One day, you'll be a proud Life Changing System. You'll have a chance to choose. Then, you'll be the winner of the war of the system owners and finally become a real human."

The young man spoke with his usual gentle voice. The fog that covered his face started to fade.

It was truly surprising. He seemed to be exactly like Bai Chen!

Namiana seemed to have come to her senses. The memory was cleared away. She tried to keep her cool.

"I'll find a way to help you. Wait for me, Bai Chen. No, professor Bai!"

Cold, white energy gushed out of Namiana. Her aggressive eyes were full of determination.

"I won't let you die without doing anything again!" Her voice echoed all throughout space-time.

.....

A figure dropped down from the dimensional rift that appeared in the night sky.

He was a man in a traditional Chinese outfit, and he was in a panic. It was Bai Chen.

Bai Chen turned around 90 degrees to stop the fall. He finally stood firmly on thin air.

"Where is this place?"

Bai Chen did not know where this was. He only knew that it was surely another parallel world.

Namiana told him that he had been brought here by a similar parallel world, and it was possible that his other self in this world had already been killed. That was why the world had brought him here as a replacement.

After a while, Bai Chen looked around below him.

Suddenly, he halted. His eyes flickered. He frowned slightly as he saw a big town with a great many people and buildings.

However, it was nothing like what he had seen in his memories. It was quite modern, as if this was built in a technologically-advanced era. There were even flying cars.

There were also small spaceships and traffic police officers who worked in the air. Everything was built with state-of-the-art tools!

It was as if Bai Chen had been brought to a futuristic world that he had seen in some movies!

"Maybe this isn't in the year 2017?" Bai Chen tried very hard to suppress his excitement. He wanted to go down and explore. His body slowly turned invisible.

He would need an invisibility ring to be able to do it if he was a normal person, but now it was unnecessary. It was an easy thing to do for a tertiary immortal cultivator like him.

Then, Bai Chen dashed downwards and spread his psychic power out. He eventually realised that this place was Beijing. It was a different one from the Beijing he knew.

He was finally walking on a road with a great many pedestrians. All of them wore luxurious clothes. They seemed to be very happy and arrogant.

'This may be the result from the change,' Bai Chen thought. He searched for a clothing shop and walked inside.

In less than 10 minutes, he walked out in casual clothes.

Of course, Bai Chen did not reveal himself. He only put a gold coin down at the payment counter. A gold coin from the celestial world was worth a fortune in the real world. Only 1 gold coin was equal to at least ten thousand yuan.

This parallel world was not familiar to Bai Chen at all. They did not use cash anymore, but chip cards, which were different according to one's social status.

The lowest one was the copper chip card, the medium one was the silver chip card, the high one was the golden chip card, and the supreme one was the platinum chip card.

Bai Chen dug through the memories of the employee in the clothing shop.

Not only that, but there were also things that made him so alarmed, his face changed colour. For example, this year was the year 2037, which was 20 years in the future!

There had been a big change in 2027 when a group of influential investors called 'Numbers' had come here and changed everything until it turned into a new era—the era of science and innovative technologies.

It had been 10 years from then.

However, what Bai Chen was most alarmed about was not this, but the fact that the 3 authorities in Beijing had been destroyed, and 2 of them were the families of his beloved Long Xu In and Xu Xue Ning!

Chapter 610 Bai Xue Chen?

Bai Chen was worried about what had happened to Long Xu In and Xu Xue Ning. He could not help it since their families had been destroyed.

Even though it was not his parallel world, it did not change the fact that they were women he loved. Namiana thought that the him in this world was supposedly dead.

"If you're not here, then I'll take your place..." Bai Chen muttered. He was the only one who could continue what he himself had left off since he did not know how to go back anyway.

'Maybe Namiana is finding a way to bring me back now. I'll just leave it for now,' Bai Chen thought and flew into the sky.

It was nighttime, yet there was a great deal of traffic in the air and everything was very bright.

Bai Chen did not pay attention to any of this scenery. He spread out his psychic power and search for the Xu family's location.

Even though everything had changed, he thought that at least the location would still be the same.

Once he'd gotten it, Bai Chen dashed out. No one could see him since he was still invisible.

With his speed, he quickly arrived at the destination. However, the Xu family was no more. It had been replaced with the Gu family, the new big family.

There were five new big families of Beijing: the Nan family, the Shien family, the Feng family, the Woo family, and the Gu family.

Bai Chen's facial expression was not exactly good. The Xu family's mansion was not there anymore. There was only the Gu family's cutting-edge building there.

Bai Chen only stood there in mid-air and sighed helplessly. He, then, spread out his psychic power. He could not sense Xu Xue Ning or anyone in the Xu family at all.

Bai Chen sighed again. He moved on to the Long family. It had now been replaced with the Woo family's state-of-the-art construction.

"Where are you?" Bai Chen thought worriedly. He slowly floated down to the ground and searched for an empty place to reveal himself.

Even though he had the memory of the clothing shop's employee, he did not know much at all. He only knew that the 3 big families had been decimated. However, for what reasons, he did not know.

Moreover, he still did not know where the members of those families were or what had happened to them.

"H...Help. Anyone!"

After that, he heard a girl crying for help. He looked at the source of the voice immediately.

He saw 2 buff men in suits trying to catch a girl who looked like she was about 15 to 16 years old.

She had an adorable face, yet it was full of tears. She tried to struggle, but it was completely in vain. She alone obviously could not fight the 2 men.

Beyond that, those men had auras that were similar to those of nascent realm cultivators.

'Stage level 1?' With his knowledge about stage that he'd gotten from Namiana, Bai Chen could now differentiate them and cultivators. That was why he knew that these 2 men were at stage level 1.

'It is possible that the Numbers were from the future and killed me in this parallel world. They must have taught everyone about stage too,' Bai Chen speculated, and it almost all of it was correct.

It was impossible for the world to have changed this much if it was not for the future people's doing. It was definitely the Numbers, and it was easy to guess that they were also from the future.

"Lan Ling, surrender. You'll be mine today and no one will save you!"

The arrogant voice of a young man aged around 16 to 17 years old sounded. He was actually pretty good-looking. He was in a neat suit and wore a cutting-edge wristwatch.

"Woo Wang, you're evil! Wicked!" The girl still continued to struggle in tears.

Even so, no one could help her. Everyone pretended not to see it. They wanted to, but they could not since the young man was from the Woo family, 1 of the 5 big families of Beijing.

This was also within the Woo family's territory!

"You have such a big mouth. I really want to know what that bastard Bai Xue Chen would feel to see you between my legs!" Woo Wang laughed. "Take her."

The man in a suit was ready to take Lan Ling inside the Woo family's mansion when they heard a calm voice.

"Abducting a person without any fear of the law—isn't that too much?"

"Who's that? Who dares to intervene?" Woo Wang was mad and turned around.

Then, he was stupefied. Not only him, but Lan Ling was as well.

Suddenly, she shouted happily and worriedly at the same time. "Xue Chen!"

"Bai Xue Chen!" Her shout sounded almost at the same time as Woo Wang's.

"Bai Xue Chen?" Bai Chen could not help but frown. It seemed like they had mistaken him for someone else named Bai Xue Chen.

"You bastard, how are you even here? I still remember I broke your legs yesterday!" Woo Wang spoke in disbelief. He remembered clearly that he'd sent his men to abduct Bai Xue Chen here and he'd broken one of his legs.

He did not expect Bai Xue Chen to be here. Moreover, he'd even had the time to dye his hair black and white.

"Xue Chen, run away! Woo Wang will hurt you!" Even though Lan Ling was happy that Bai Chen, whom she thought was Bai Xue Chen, was here, she could not let him interfere or he would be hurt as well.

Bai Chen blinked and looked at Lan Ling. He thought that this girl was too nice for her own good. However, again, this world was unfair. Good people always had to encounter bad people.

"Chien, what the hell are you doing? Break his legs!" Seeing that Bai Chen did not pay attention to him, Woo Wang was furious and quickly issued an order.

One of the men did not hesitate to let go of Lan Ling and rush at Bai Chen.

"No!" Lan Ling screamed in alarm.
