

## Life Changing 611

Chapter 611 Xu Er Er

Bai Chen did not feel anything. He calmly looked at the man, who was only at stage level 1, as he was rushing towards him. He raised his hand and waved his hand lightly, like he was brushing away a fly.

Suddenly, the suited man's body was swept away and hit the car behind him. It was an expensive and beautifully designed flying car.

Bang!

The side of the flying car was dented. As for the man, he was unconscious. No one knew if he was still alive or not.

People around there were amazed at what happened. No one expected that anyone would dare to fight with the Woo family's bodyguards.

This was because it was absolutely a red flag for everyone.

"Y...You!" The most amazed one of all was undoubtedly Woo Wang. He did not expect anything like this to happen.

Bai Chen, whom he thought was Bai Xue Chen, was only a normal man to him. He was worthless. Woo Wang would not have messed with him if he had not stood between him and Lan Ling.

Not only Woo Wang, but Lan Ling and the other bodyguard were also amazed.

Then, the amazement vanished when the second bodyguard let go of Lan Ling and jumped at Bai Chen. He raised his fist.

His fist might have been scary for normal men, but it was even more worthless than dust for Bai Chen!

Bai Chen waved his hand as if he was driving a fly away and everything repeated again.

"Bai Xue Chen!" Even though he did not know how 'Bai Xue Chen' had done this, Woo Wang did not care anymore. He was furious and wanted to deal with it himself.

With his anger, his restraint was no more. He leapt towards Bai Chen.

Bai Chen waved his hand lightly again and Woo Wang bounced off. He landed on the road at the same time that a luxurious car was there to hit him. His blood splattered all over the place. No one knew if he was still alive!

Thud!

His body hit the ground. He laid in his own blood. He did not move anymore.

Lan Ling was in a panic. If Bai Chen wanted to help someone, he would go all the way, and he was actually interested in the man named Bai Xue Chen.

He took her hand and walked off. People around there looked at them with wide eyes. A traffic jam began to form, and everything was in turmoil. There were also people who tried to contact the police.

"Xue Chen, how did you do that?" While being dragged after him, Lan Ling seemed to have awakened from her reverie and quickly asked this excitedly and worriedly.

She was excited that 'Bai Xue Chen' could suddenly do something like this, but she was also worried that he would be chased after by the Woo family because it was a big family here anyway.

Bothering these people was not a good choice to make!

Bai Chen did not answer. He continued to drag her. He intended to search for a quiet place to ask about Bai Xue Chen, whom he looked so alike to that everyone thought he was him.

"Hey, what's going on with you, Xue Chen? You don't have to tell me, but please go back home. Auntie Xu Er Er is worried sick."

Her words were like a thunderbolt that struck his heart. He stopped walking immediately. His eyes flickered. He turned to look at Lan Ling and asked a question with his shaking voice.

"You... You mean Xu Er Er of the Xu family, the former big family?"

Lan Ling's eyes widened. "How could you? Auntie's been having a difficult time raising you all these years. Show her some respect!"

It seemed like Lan Ling was angry that Bai Chen did not call Xu Er Er 'aunt'.

"Answer me!" Bai Chen stared at Lan Ling with his scary eyes. Lan Ling's body shook. She stepped back a little, thinking that this 'Bai Xue Chen' was quite terrifying tonight.

"Y... Yes!" Maybe it was because of her fear, but she nodded and replied with her shaking voice.

"Take me there." Bai Chen took a deep breath and spoke calmly, yet he could not hold back his nervousness.

This was the year 2037, so Xu Er Er would be around 30 years old. He could not help but think of that cute little girl in the past.

"Yes. I have to take you there anyway. Follow me." Lan Ling nodded when she saw that Bai Chen was back to normal now. She quickly led the way.

However, her heart was still in turmoil. She was not sure anymore if the man behind her was the Bai Xue Chen that she knew.

Bai Chen followed her without knowing what she was thinking, but he did not want to know anyway. He only cared about Xu Er Er, since Xu Xue Ning might be with her too.

Lan Ling called a taxi and led them to Xu Er Er's place, which was far from where they were.

.....

In the old residential area of Beijing

In front of an old rental house, a fat ugly man was licking his lips quite lustfully while looking at a young lady aged around 29 to 30 years old with his glowing eyes.

She was a beautiful woman, regardless of the fact that she was a little too thin and dressed in old clothes.

"Miss Xu, you still owe me last month's rent. If you don't pay today, you can pack up and leave." The fat ugly man smiled wickedly.

"Mr. Zhu, why are you going back on your word like this? We had a deal that the deadline's on the tenth and this is only the start of the month." The lady who was called 'Miss Xu' frowned while looking at Zhu Gou, the landlord.

"Auntie Er Er..." Beside her was a cute 10-year-old girl with a ponytail. Her cute face was pale. It looked like she was unwell.

Moreover, she was thinner than other children in the area. She was in a very old yellow dress. Judging from its faded colour, it had obviously been washed countless times.

It was now clear that Miss Xu was actually Xu Er Er, the youngest sister of Xu Xue Ning!

"Don't be scared, Lua Er..." Xu Er Er looked kindly at the little girl, who was hugging her leg tightly.

She thought that the girl was scared of Zhu Gou's scary face. Not only that, but his name also literally meant 'a pig' and 'a dog'.

"I changed my mind. What of it?" Zhu Gou did not seem to be shamed by that. He still looked at Xu Er Er with his lustful eyes.

Chapter 612 Big Brother...

Hearing that, Xu Er Er felt worried. She did not expect him to go back on his word like that.

It was impossible for her to earn enough money to pay for last month's rent since her salary was not that much. She was the main breadwinner of her house with a great many mouths to feed and numerous things to pay for.

The money that she earned each month was not even enough to pay for a month's necessities, otherwise she would not have withheld last month's rental fee until now.

Seeing Xu Er Er go quiet, Zhu Gou smirked maliciously. Actually, he had not wanted to come here to ask for the money.

However, he heard something interesting this morning from Zhang, a middle-aged female tenant of his—that Xu Er Er was still single. And even better, she was a virgin.

Zhu Gou did not think that Zhang would lie because she was a woman with a great deal of experience. She knew which girls were virgins or not.

Due to that, Zhu Gou had felt sudden excitement. He had been wanting a wife, and he only wanted a beautiful, virgin wife.

It was a shame that he was an ugly-looking man who was as fat as a pig and possessed a disgusting personality. No one had fallen for him yet.

To be honest, Zhu Gou was quite depressed. However, his depression had completely gone when he'd heard about Xu Er Er. That was why he was using the money as an excuse to make her his.

Zhu Gou believed that Xu Er Er would not be able to refuse the offer since she had to take care of a great many lives and she had a difficult life.

She would not refuse it, unless she wanted to take her whole family to live on the side of the road!

"Mr. Zhu, this is too much." Xu Er Er spoke with her nervous voice.

Zhu Gou beamed. "However, I have a solution for you. If you become my wife, I won't collect your rental fee. And I'll also take good care of your family!"

"No way!" Xu Er Er answered instantly. She started to get angry. She knew that Zhu Gou was ugly and bad, but she did not expect him to be this bad!

"Huh! If you dare to refuse the offer, there's nothing to say anymore. Pack up and leave!" Zhu Gou was surprised for a short while before that changed to anger. He did not think Xu Er Er would dare to refuse him.

"A...All right." Xu Er Er did not have any choice. She just had to admit defeat. She would rather die than be his wife.

She tried to console Lua Er, who was about to cry. Then, she turned around and was about to go back into the house.

Zhu Gou was extremely dissatisfied with the outcome. He really wanted her.

If this did not work, he had to find some other way. Then, he yelled out.

"I'll give you 1 hour. Don't blame me if you don't make it!"

"What?" Xu Er Er stopped walking and turned to look at him. Her beautiful face showed anger.

"You're shameless!"

She knew that he had done this because he wanted her to give in to him.

"You dare say that to me, bitch?" Zhu Gou was even more furious. He yelled louder and walked towards her. He was about to teach her a lesson.

"Auntie Er Er!" Lua Er was only a 10-year-old girl, so of course, she was scared. She cried while hugging Xu Er Er's leg.

"What are you trying to do?"

Suddenly, the figure of a man stood between them.

"Who the hell are you? How dare you meddle in my business?!?" Zhu Gou did not care about anything. Seeing a young man, who seemed to be younger than 20 years old, interfering with this, he twisted his body to the side and threw a plump fist forward.

"Screw off!" The young man punched back. It was a lot faster than Zhu Gou's punch.

Bam!

The young man's punch hit Zhu Gou's face violently. His body bounced off. His blood and teeth flew out from his mouth.

Thud!

"AGHHH!" His body landed on the ground and his pain-filled scream, like that of a pig being slaughtered, sounded loudly. The owner of the sound was none other than Zhu Gou.

He covered his bloody mouth with both hands and writhed back and forth on the floor. This was probably the most painful moment that he had ever experienced since he had not been punched before.

Xu Er Er and Lua Er were quite amazed with what had just happened. They stood still.

"A... Auntie Xu, are you hurt?" It was Lan Ling who asked this worriedly.

She was actually amazed at it too. She did not have a clue how 'Bai Xue Chen' had done all of that, even though he had only been watching everything from afar.

She ran towards Xu Er Er to see if she was hurt anywhere.

Xu Er Er was awakened from her dazed state by Lan Ling's voice. She looked at the young man's back in front of her. It was familiar, as if she had seen it before.

"Xue Chen, what are you standing there for? Get Auntie Xu back inside." Lan Ling panted slightly and talked anxiously.

A lot of people started to come out to see why Zhu Gou was crying so loudly. She was afraid that it was going to cause a chaotic situation.

"Xue Chen?" Hearing Lan Ling calling the young man 'Xue Chen', Xu Er Er was curious. She did not feel like the back in front of her was her nephew's. Moreover, his hair was black and white. Had her nephew dyed it?

"Big brother!" Hearing Lan Ling calling him 'Xue Chen', the young girl cried out loud and ran to hug his leg.

Bai Chen turned to look at the girl. Then, his body shook very violently when he saw that the girl looked a lot like Li Lin!

Seeing Bai Chen's facial expression, Xu Er Er raised her eyebrows. He looked a great deal like her nephew, but she knew that this was not him. There were a great many differences.

Suddenly, she thought about one possibility that made her body shake. She could not help but take several steps backwards. She covered her mouth. Her eyes were teary.

"Big brother..." A soft voice sounded!

Chapter 613 Not This World's Bai Chen (1)

"Auntie Xu, are you feeling unwell?" Lan Ling thought that Xu Er Er was sick.

"Big brother...it's really you, isn't it?" Xu Er Er did not pay attention to Lan Ling. Tears ran down her pale cheeks.

Bai Chen raised his head and bent a little to take a good look at Xu Er Er. His gaze held mixed feelings at seeing that that Xu Er Er had already become a beautiful woman in a short time.

Even though she was a little too pale and too thin, he knew that time was not an issue since this parallel world was not his. It was his other self who was already dead.

And the Xu Er Er in front of him was not the Xu Er Er whom he knew.

However, it was true that they were the same people. They were just in a different world.

"Er Er..." Bai Chen said softly.

"Big brother!" Hearing that, Xu Er Er cried and immediately hugged him.

She buried her face in his back and cried, repeating the words 'big brother'.

Lua Er, who was hugging Bai Chen's leg, cried even louder when she saw her Auntie Er Er cry.

Lan Ling was stupefied by everything. Her eyes could not help but widen.

Bai Chen fell silent. He could see that Xu Er Er had been living a tough life.

"Aghh! Someone kill this bastard for me and I'll waive the rental fee for you this month!"

Zhu Gou growled this. He'd stopped writhing already.

The tenants who had been watching everything as if they were watching a good show were amazed with the offer. Then, they were quite excited. Only dealing with a young man and they would not have to pay 4000 yuan for the rent.

Four men immediately walked towards Bai Chen. They smirked maliciously.

"Kid, how dare you hurt Mr. Zhu," one of the men said. His eyes were cold.

"Actually, this woman is pretty, don't you think?"

"Not just her, but also that girl over there."

"Haha. You're so horny. However, they really do look tasty."

The rest of them spoke rudely while looking at Xu Er Er and Lan Ling.

"Shut up!" Bai Chen commanded softly. His formless energy wave was spread around.

Then, the 4 men seemed to be in a great deal of pain. Their arms started to twist very badly. The sound of cracks sounded a great many times. Their arms were broken!

They did not even have a chance to scream before they dropped to the ground and passed out.

Not only them, but also Zhu Gou and those who had been watching them—they fell unconscious.

It was because of the energy wave from Bai Chen's voice.

Lan Ling was so shocked, she passed out. Bai Chen waved his hand softly to prevent her from falling. She just stood there unconscious.

"Er Er, we need to talk." He spoke kindly.

"Yes..." Xu Er Er tried to stop crying. She released him and took Lua Er away from Bai Chen too.

"Let's go inside..." Xu Er Er said. She felt a great many things right now: delight, excitement, nervousness, confusion, and even fear.

She was afraid that this was only her dream!

She did not even care about what had happened with Zhu Gou and the rest of them. She only cared about Bai Chen.

Bai Chen also had mixed feelings. He took the unconscious Lan Ling with him, too. He still looked at Lua Er with his heart pounding.

He thought that she could be his and Li Lin's daughter in this world!

He did not know what to do about this since he had never had a child before.

Shortly after that, Xu Er Er led the way inside the room. It was not big and was full of things. It was surprisingly well-organised and clean.

"Are you home, Er Er?"

As soon as they got into the room, the weary voice of a middle-aged woman sounded.

Hearing that, Bai Chen halted. Was it possible that it was Xu Xue Ning because it was so alike? His heart pounded very fast. He quickly turned towards the source.

However, it was not her. It was a middle-aged woman who was in her 40s. Some of her hair had turned white. She had a pale face and a scrawny body.

Even so, she was still beautiful. She must have been very pretty when she was younger.

She was in a casual dress. She was sweeping the floor. It was actually none other than Xu Xin Tong!

Yes. This was definitely Xu Xue Ning's middle sister, Xu Xin Tong!

"Xu Xin Tong?" he muttered.

"Xue Chen, you're back. Where have you...?" Xu Xin Tong, in her 40s, saw Bai Chen and spoke to him. She did not even finish her sentence when she felt that something was off.

She looked at Xu Er Er, whose eyes were still swollen and teary. It seemed like she was trying hard to hold back the tears.

Her heart fluttered and her eyes immediately widened when she saw that Lan Ling was unconscious behind Bai Chen with her feet above the ground. Her nephew would definitely not have been able to do that.

It was another man whom she had not met for 10 years because he was not here anymore. He was dead!

Her memories flooded back. It was when her sister took an 18-year-old man home with her in Xing Zhou city. The image of the boy from the past and now was a perfect fit.

"B... Bai Chen!" Her voice trembled. The broom in her hands was dropped to the floor.

Bai Chen sighed. "It's been a while."

"H...How is this possible? You're dead!" Xu Xin Tong's voice still trembled. She still remembered how Bai Chen had died 10 years ago. His body had dissolved into the night sky!

"Calm down, sister." Tears ran down Xu Er Er's cheeks again. She could not hold them in anymore. "Let's have a talk. I'll take Lua Er to her bed."

The little girl Lua Er had already fallen asleep in Xu Er Er's arms. Xu Er Er tucked her in before coming back for Lan Ling and doing the same to her.

Once she was done, the 3 of them sat at a round table with teacups on it. Inside them was some kind of cold tea that had been bought from a nearby supermarket.

Xu Er Er got it out of the refrigerator and poured it for all of them.

"Bai Chen, is it really you?" Xu Xin Tong had been suppressing her emotions ever since Xu Er Er had told her to calm down. She took a deep breath and asked this while her heart was still pounding hard.

#### Chapter 614 Not This World's Bai Chen (2)

Bai Chen did not answer Xu Xin Tong right away. He looked at Xu Er Er first. She looked back at him with her sparkling eyes. It seemed like she did not doubt him like Xu Xin Tong did. She must have been certain that it was him.

"Yes." Bai Chen nodded before telling the truth. "I'm the real Bai Chen, but, unfortunately, I'm not of this world. I'm from another parallel world."

"What do you mean, big brother?" Xu Er Er asked. She clenched her fists tightly.

Xu Xin Tong also asked the same thing. Her eyebrows knitted tightly. She was quite worried.

"Exactly. What do you mean?"

"I mean I'm not the Bai Chen of this world. There are a great many parallel worlds out there and I'm from one of them. Where I'm from, Er Er is only a 10-year-old girl and you're a police officer in Xing Zhou city."

Bai Chen answered with his calm voice while trying to suppress himself. He really wanted to ask if Lua Er was his and Li Lin's child.

Even though he was quite sure that she was, he still wanted a confirmation from them.

"Is...that sort of thing even possible, big brother?" Xu Er Er stared at Bai Chen. She did not even care about how he was not of this world. In her eyes, he was still Bai Chen, her brother-in-law.

However, that was not the case for Xu Xin Tong. She was clearly alarmed. She muttered softly to herself, "No wonder why you're so young. If you were still alive, you should be around 38 years old now."

However, she was still happy to see Bai Che alive again.

"Absolutely. I'm really from a parallel world," Bai Chen answered Xu Er Er and flicked his hand. He suddenly turned into a 38-year-old-man—both his face and his body.

"This would be better." He did this because he thought that these two must have wanted to see him in this form.

Seeing that, the siblings were surprised. Not so long after that, tears ran down their cheeks.

"If Bai Chen of this world was still here, he would have looked like this..." Xu Xin Tong spoke softly. Her heart ached when she thought about his last words: 'I'll leave the future of the children to you.'

It still rang in her mind. That day, he had come back home with his body soaked with blood and one leg and one arm gone. Then, he'd dissolved into the night sky!

It was obvious that Xu Xin Tong and Xu Er Er had known all along that Bai Chen was a cultivator. That was why they were not surprised that he could change his appearance like this.

"If you don't have any more questions, let me ask you this." Bai Chen's face turned serious.

"Whatever it is, I'll answer," Xu Er Er quickly responded. Her teary eyes were fixed on Bai Chen.

Bai Chen was in slight pain at seeing her crying. He moved closer to her and wiped her tears with his hand.

"Don't cry, Er Er. The Er Er whom I knew was a cute little girl who was always bright, wasn't she?"

"Big brother..." Xu Er Er cried even harder. She buried her face in Bai Chen's lap and sobbed.

Xu Xin Tong wiped her tears. Her voice sounded apologetic. "It's been tough for Er Er to feed all of us all these years..."

Bai Chen stroked Xu Er Er's hair. "Don't worry, Er Er. I'm here now and you won't have to be in this hell again."

"Y... yes. I trust you." Even though Xu Er Er was already 30, she was still a cute little girl in front of Bai Chen. It was like when Bai Chen had met her the first time.

"All right, Xin Tong, please answer this. Where is Xue Ning?"

Hearing that, Xu Xin Tong trembled. Her face filled with sadness. Xu Er Er was the same.

"Xue Ning passed away 7 years ago..." Xu Xin Tong's voice was sad. Tears started to fall again.

"What?!?" Bai Chen was so alarmed that his face changed colour. His heart was in pain as if it had been stabbed with countless sharp knives!

"W... What happened to her?" He asked anxiously and tried to suppress his emotions.

"She got sick. All the changes and new technologies that the Numbers brought here created a strange illness that's caused by a radiation called plasma. There is no way to cure it. Anyone who suffers it dies!" Xu Xin Tong said with a weak voice.

"Not only Xue Ning, but Xu In and Li Lin also succumbed to it!"

"What?!?" Bai Chen shook violently. His face turned extremely pale. His world seemed to have tumbled down.

He could imagine Xu Xue Ning and Long Xu In smiling at him and walking away. Then, Li Lin stared at him for a long time before smiling and walking away as well.

"Why... Why are things like this?" Bai Chen's face went blank. His heart was stabbed even harder. He thought that he would be the only one who'd died in this parallel world. He did not expect the 3 of them to fall, too. Was this not the same as in the future where his future self had not been able to help anyone?!?

"Bai Chen!" He gritted his teeth and clenched his fists very tightly. His face twisted. His eyes were full of anger. He was angry at the him of this world in that he could not protect them!

"Big brother..." Xu Er Er got up and tried to stop her tears. She wanted to console Bai Chen. She could sense how sad and angry he was.

"Please calm down..." Xu Xin Tong could not help but tell him.

Bai Chen took a deep breath and suppressed his emotions. He tried to keep his cool. This was not the time to do this. He had to know what had actually happened here.

Bai Chen looked at Lua Er. "Who is that child?"

Xu Xin Tong and Xu Er Er followed his gaze. They did not say anything for a while before Xu Er Er broke the silence. "Lua Er is Li Lin and your daughter. She didn't even have a chance to see your face before she was born. Poor thing."

"My daughter..." Hearing the confirmation, Bai Chen shook. He really wanted to hug her right now. However, he shook his head and stopped that urge. Then, he asked more about the things he was curious about.

Xu Xin Tong and Xu Er Er took turns narrating their tale without hiding anything. Bai Chen listened to them quietly with mixed feelings.

Once he was finished listening, he concluded that 20 years ago in this parallel world, after he had become the winner of the war of the system owners, he had not decided to go with Namiana to the far-off future and deal with Infinity Zero.

Instead, he had come back to the present world and lived happily with Li Lin, Long Xu In, and Xu Xue Ning. The children were born after that.

The first one was with Xu Xue Ning, Bai Xue Chen. He had been born in 2022, and was now 15 years old.

The second one was with Long Xu In, Bai In Ye. She had been born in 2024, and was now 13 years old.

The last one, the third one, was with Li Lin, Bai Lua Er. She had been born in 2027, and was now 10 years old.

Also, 2027 was the year Bai Chen had died. It was also the year when a big change had completely transformed the whole world. Of course, the ones who'd brought this change upon everyone was the Numbers!

## Chapter 615 The Whole Truth

There were a great many people who had not agreed with the change in 2027 that had been led by the Numbers, since it came with an incurable disease from plasma radiation.

The 3 big families of Beijing—the Xu family, the Tang family, and the Long family—were all against it. Then, they had been decimated by the Numbers!

There were only a few people who were left alive. The reason why these 2 were still alive was because they had been living by themselves for a long time now.

It would be impossible to say that they were not angry about this, but they did not have anything to fight against the Numbers anyway. It was tough enough for them to feed everyone in their care.

Three years later, in 2030, Xu Xue Ning had passed away from that incurable disease. Three years later, it was Long Xu In, and Li Lin also passed away 2 years after that.

Not only Bai Chen and his three wives, but his parents and Li Lin's had also passed away because of the illness.

This was what Xu Xin Tong and Xu Er Er told him. It was the whole truth.

Bai Chen went quiet for a long time. His heart was filled with vengefulness towards the Numbers!

Xu Xin Tong and Xu Er Er did not say anything. They understood that Bai Chen needed time to digest all of this information.

This was because he was not of this world. He was from another parallel world like he said.

Bai Chen sighed and closed his eyes to calm himself down. Then, he looked at both of the women.

"What about In Ye and Xue Chen?" He asked. He knew now why Lan Ling had thought that he was Bai Xue Chen. It was because he was his son and they look a great deal alike.

"We don't know where Xue Chen is. He hasn't been seen for 2 days now, and In Ye went on her school trip," Xu Er Er answered worriedly. She had not seen Bai Xue Chen for 2 days now.

Bai Chen got up. "I'll look for him."

"If you could please do so, big brother," Xu Xin Tong begged. To be honest, Bai Chen made her feel more at ease. She had been calling him her big brother for a long time.

Even though he was a lot younger than her, she had to since Xu Xue Ning had asked her to.

"Big brother, will you stay with us here forever?" Xu Er Er asked worriedly. She was afraid that Bai Chen would go back to where he was from.

"Of course." Bai Chen's voice was resolute. However, he surely could not stay here forever. He had to find a way to go back.

He decided to answer this way because he did not want Xu Er Er to be sad.

Hearing that, Xu Er Er and Xu Xin Tong were relieved.

Bai Chen walked over to Bai Lua Er, his and Li Lin's daughter in this world. He patted her head softly and used his spirit qi to cure her illness.

Seeing her face brighten up, he got up and walked out of the room. Before that, he did not forget to tell Xu Er Er and Xu Xin Tong to take good care of Bai Lue Er. They agreed.

There were no one outside. Ambulances must have already taken them to the hospital.

This was because he'd heard the sirens while he was talking with Xu Er Er and Xu Xin Tong.

Then, Bai Chen made himself invisible and flew into the sky. He spread his psychic power out wide to search for his son, Bai Xue Chen.

The psychic power of a tertiary immortal cultivator could spread out very wide. Shortly after that, he could sense 2 biological bonds; one was close, and the other was quite far away.

The one that was close was likely to be Bai In Ye, his and Long Xu In's daughter. The other one was certainly his eldest son.

Without hesitation, Bai Chen rushed forward. He was very fast.

Shortly after that, he arrived at a warehouse outside Beijing. It was enormous. There was a sign indicating that it belonged to the Woo family.

'The Woo family?' Bai Chen stopped in mid-air. He looked at the place. If he recalled correctly, it was 1 of the 5 new big families here, and one of them, Woo Wang, had tried to abduct Lan Ling earlier.

It was good that he had been there to help, otherwise it could have gotten ugly.

Bai Chen heard that Lan Ling was his son's childhood friend. They had a strong bond. It was possible that they would end up marrying in the future!

Bai Chen, then, spread out his psychic power below.

In the blink of an eye, his eyes turned cold. He could sense that Bai Xue Chen was being harassed inside the warehouse. He was in a very bad state. His arm and leg were broken.

Moreover, there was a man who looked exactly like the older Woo Wang. He guessed that the man must be Woo Wang's older brother.

Bai Chen clenched his fists. He did not waste his time and dashed towards them right away. He wanted to kill everyone who hurt his son!

There were 5 people in the warehouse. One of them looked very much like Bai Chen. He was his and Xu Xue Ning's son, Bai Xue Chen.

Bai Xue Chen was in a very pitiful state right now. His face was swollen like a pig's. His nose and mouth were clogged with blood. His arm and leg were twisted in odd directions. His clothes were also soaked in blood.

Each of his arms had been seized by a stage 2 man, while he was being beaten by the man who looked like Woo Wang.

"You trash! If anything has happened to my little brother, I, Woo Wan, will kill you. Not only you, but also your family!"

This man was Woo Wan, Woo Wang's older brother. After he had been informed that Woo Wang had been taken to the ICU and had not regained consciousness, he was furious. He had immediately sent out his people to investigate and abduct the target.

Bai Xue Chen had been in the hospital because his leg had been broken by Woo Wang earlier. He did not tell his family since he did not want anyone to worry. It was unexpected that he would be abducted from there just to be beaten to a pulp here!

Chapter 616 Kill Everyone!

Bai Xue Chen felt pain all over his body. His consciousness could leave his body at any time. Yet, there were no screams from him.

It was not because he did not feel pain. He just gritted his teeth and endured it.

'The aunties must be worried sick...' Bai Xue Chen only thought about this. He had been gone for almost 2 days. It was only normal for them to be worried.

'Why are they so evil? Why?' He wondered.

He did not understand how Woo Wang and Woo Wan could be so evil.

"What do you want to do next, young master?" A young man behind Woo Wan asked this while looking maliciously at Bai Xue Chen. "Do you want to kill him now?"

"Of course. Get the laser gun. I'll do it!" Woo Wan said cruelly. His face was cold.

Hearing that, Bai Xue Chen could not help but close his eyes. He only sighed. There was no fear in his heart, just regret.

'I'm about to die. I'll be with mom and dad, and also mommy Xu In and mommy Li Lin soon. Grandfather, grandmother...'

'In Ye, little Lua Er, auntie Xin Tong, and auntie Er Er will be very sad about this...'

His only regret right now was that he did not have a chance to say good-bye to anyone.

Woo Wan, holding a laser gun in his hand, pointed the gun at Bai Xue Chen.

"What do you think you're doing?"

Before he shot, a cold voice sounded along with a gust of strong wind that hit him and his 3 minions.

All 4 bounced off and hit storage shelves so hard that everything on them scattered all over the place. They dropped to the floor one by one, followed by their pained screams.

"AGHHH!"

The men who held on to Bai Xue Chen were also bounced off by the wind. Bai Xue Chen was about to fall to the floor.

Before he hit the floor, Bai Chen scooped him up.

"Xue Chen, are you all right?" Bai Chen quickly used his spirit qi to heal his eldest son. His face was full of worry.

There was nothing to worry about anymore after the healing was done.

Bai Xue Chen opened his eyes when he heard pain-filled screams and realised that someone was supporting him. The voice he heard was very familiar and the pain he felt was all gone.

As soon as he opened his eyes, they widened and his body trembled.

Even though it looked older, it was the face that he would never forget. It was his father's!

"F...Father!" Bai Xue Chen's voice shook.

Bai Chen smiled and let Bai Xue Chen stand on his own feet. With his tertiary immortal qi, broken limbs could be healed in no time, as if nothing happened.

Bai Xue Chen looked at Bai Chen blankly.

"I...Is it really you?" His voice was still shaky.

Bai Chen nodded and smiled. "It's me."

He looked at his son's face and realised that they looked very much alike. Yet, his eyes looked a lot like Xu Xue Ning's—the eyes that he missed.

"Father..." Bai Xue Chen cried and hugged his father without a care in the world.

He did not expect that he would be able to meet his father again. He was the eldest son, so he'd had more opportunities to spend time with him than the rest of the children.

When his father had passed away, he was the saddest among them all. Now that he had appeared again, he was very happy. He had never been this happy before in his life.

Bai Chen patted his back softly. Even though he did not have any memories with him because he was not of this world, Bai Xue Chen was still his son.

The biological bond was real. There was no mistaking it.

"All right, stop crying and go hide at the back. I'll take care of these guys!" Bai Chen spoke calmly. He looked at those 4 who had now stopped screaming and were trying to stand up.

"Yes, father," Bai Xue Chen agreed and stopped crying. He felt so warm with his father here.

He did not wonder how Bai Chen could heal him like this. He already knew that his father was not an ordinary person, but rather a strong cultivator.

He still remembered when he had taken him flying in the vast sky when he was 5 to 6 years old!

"Bastard! How dare you do this to me? Don't you know who I am?"

After standing up, Woo Wan growled furiously. His eyes were full of his intent to kill.

He did not know what had happened, but he knew that it was Bai Chen's doing.

Bai Chen did not care about the growl. He waved his hand to send Bai Xue Chen out of the warehouse and waved it again at Woo Wan and his men.

Suddenly, the faces of Woo Wan and his minions were in pain. When they looked down at their chests, they filled with fear.

This was because there were big holes in the place where their hearts were now!

"N...No!" Woo Wan screamed. He did not want to die. He was very afraid.

However, he could not fight against his death. He, along with his minions, dropped to the floor. They were dead. Their blood dyed the whole floor of this warehouse red!

Chapter 617 Zhu Gou The Fool

After killing Woo Wan, Bai Chen did not waste his time and vanished.

He'd killed them because they dared to hurt his son.

Bai Chen appeared again in the sky. Bai Xue Chen was beside him. He was very excited since he had not been in the sky for quite some time after Bai Chen had died.

"Father!" Bai Xue Chen called his father happily when he saw him.

"Let's hurry home. They're worried sick."

"Yes, father." Bai Xue Chen nodded. He did not even ask how Bai Chen had dealt with those men. He knew that Bai Chen had sent him out here because he did not want him to see. He was a clever child. Even though he wanted to know, he did not ask.

Bai Chen did not say anything. He led Bai Xue Chen home.

While flying, Bai Chen suddenly realised something. He flicked his hand and a golden chip card floated from the warehouse towards him. He grabbed it.

It was Woo Wan's. Normally, no one could use it except the owner of the card, but this was nothing to Bai Chen, a tertiary immortal cultivator. He could use his power to modify it.

He wanted money to buy a house for his family.

Woo Wan had a golden chip card. That meant he had a lot of money in it.

Shortly after that, they arrived at home. Bai Chen bought his son new clothes before that, since everyone would be alarmed at seeing him soaked in blood.

He also cleansed his son's body, so that no one would notice anything out of the ordinary.

It was quite late at night and very quiet. Bai Chen knocked and Xu Er Er answered the door.

As soon as she saw Bai Xue Chen, she sighed with relief.

"Xue Chen, where have you been? Why didn't you come home?" She asked with her strict voice.

"Everyone's been worried about you."

"I'm sorry, auntie Er Er," Bai Xue Chen apologised. He did not talk about what he had been through that almost caused his death.

He did not want anyone to be even more worried.

"All right. Get in and take a shower. It's time for bed." Xu Er Er could see that he did not want to tell her the details. She could not help but shake her head.

"Yes." Bai Xue Chen quickly went inside. Bai Chen did the same.

Bai Chen woke up very early the next day because of the commotion from outside. He could sense that there were a great many people with laser guns.

Laser guns were modern weapons used to kill people!

Bai Chen frowned and walked to the door.

"Big brother, where are you going?" Xu Er Er and Xu Xin Tong had woken up before him. Since Bai Chen was here, they were quite enthusiastic and were making breakfast.

"Going out for a walk." Bai Chen smiled and went out.

As soon as he did, 3 laser guns were pointed at him. Bai Chen did not feel a thing since they could not do him any harm anyway.

Not even an energy cannon could.

"Who are you? Why are you here?" A cold voice asked. It was Zhu Gou.

After he had come to his senses, Zhu Gou quickly did everything in his power to get out of the hospital and come here to take his revenge on Bai Chen.

He did not know how he had fallen unconscious, but it did not stop him from being angry at Bai Chen. He hired 3 gunmen to kill him.

However, it was obvious that Zhu Gou could not recognise him because Bai Chen had already changed his appearance into that of a middle-aged man.

"Mr. Zhu, do you want me to kill him now?" One of the gunmen asked coldly. He looked at Bai Chen as if he was looking at a dead man. Only a word from Zhu Gou and he would kill him immediately.

"Do it. He came out of this room anyway!" Zhu Gou's face was malicious.

Bai Chen blinked several times and flicked his hand. Four lines of silver flames leapt out from his hand towards Zhu Gou and the gunmen.

They did not even have a chance to scream or realise what had happened when their bodies were burnt to the ground and vanished. They did not leave even ashes behind!

Bai Chen did not plan to show them mercy!

After that, Bai Chen planned to buy good food for his family to eat. He was sure that they had not had anything good for a long time since they had been living a tough life

Shortly after that, he returned with a great deal of food. He'd used Woo Wan's chip card to buy them. He smiled in satisfaction at the money in the card because it was as much as a hundred million yuan!

"Big brother, why did you buy so much?" Once he came into the room, Xu Er Er asked this with wide eyes.

Xu Xin Tong turned to look curiously while pulling the plug of the rice cooker out.

Bai Chen smiled. "It's food. Come and get it."

Xu Er Er took the food. They smelled delicious. She smiled. "The kids will love these."

She quickly plated the food. Bai Chen seemed to have realised something. He said something to Xu Xin Tong and left the room.

Xu Xin Tong looked at him leaving before waking Bai Xue Chen, Lan Ling, and Bai Lua Er up. They were drowsy, but still got up to wash their faces and brush their teeth.

After that, Lan Ling looked at Bai Xue Chen and wondered why his hair was not black and white anymore. She was about to ask him about it.

However, before she could, Bai Xue Chen's face turned anxious. He quickly swept his eyes around the room and asked Xu Xin Tong, "Auntie Xin Tong, where's father?"

He was afraid that Bai Chen coming back to him would only be a dream.

Xu Xin Tong smiled kindly. "He's out grocery shopping. He'll be back."

Bai Xue Chen was relieved.

"Papa? Where is he?" Little Bai Lua Er had just gotten out of the bathroom and had heard them talking about Bai Chen. Her face lit up and she asked about her father right away!

## Chapter 618 Papa

Bai Lua Er not had a chance to see her father's face since he'd left this world before she was born.

No one had told her about the death of her father because they were afraid that she would be sad. She only knew that Bai Chen was far away and would return one day.

That was why she was very happy to hear them talking about her father.

After the death of her mother 2 years ago, she had been quite devastated and had always been waiting for her father to come back.

And now, her father was back!

Bai Xue Chen smiled kindly and patted the little girl's head. He laughed. "Papa is out buying things and he'll be right back. Are you excited to see him, Lua Er?"

"I am very happy!" Bai Lua Er screamed happily.

Lan Ling could not help but ask Bai Xue Chen, "Didn't you tell me that your father...?"

"I've only heard that father was gone, but never knew if it was true. Now I know it wasn't. I don't understand why they had to lie," Bai Xue Chen answered softly. It was only normal since he did not know Bai Chen came from another parallel world.

"Xue Chen, go help auntie Er Er. Lua Er and Lan Ling, wait there," Xu Xin Tong told them before preparing the space for dining. There was no proper table in the room, so they had to eat on the floor.

Bai Xue Chen quickly ran to help Xu Er Er plate the food. Lan Ling also did the same. Bai Lua Er only stared longingly at the door.

Her eyes sparkled like stars in the sky. Suddenly, the door was opened. Bai Chen walked in and closed it.

"Papa..." As soon as she saw Bai Chen, Bai Lua Er's cute round eyes widened. Her voice was very cute. No one had to tell her anything—she knew that this man was her father because he looked very much like her brother.

However, she did not run to him. She was shy.

"Lua Er." Bai Chen walked towards her.

He flicked his hand and a stuffed white bunny appeared in it. He bent down and gave the doll to the girl. It was obvious that he had been out again to buy this for her.

Bai Lua Er looked at him with sparkling eyes while her heart pounding with excitement. She did not reach out her hand to grab the stuffed animal because she was too shy.

"Lua Er, why don't you take it? This is papa whom you were asking about earlier," Bai Xue Chen said with a smile.

Hearing that, Bai Lua Er reached her shaky hands out to take the stuffed animal.

Bai Chen took this chance to pick her up.

"Waahhh." The girl was so alarmed, she cried out.

Bai Chen looked closely at her. She looked very much like her mother.

"Papa." Bai Lua Er could feel the warmth that she had been longing for. She hugged Bai Chen and cried.

Bai Chen comforted her by patting her head. "Lua Er, I'm sorry I'm late."

Even though he was not the Bai Chen of this world, Bai Lua Er was still his daughter.

"Waa... Wahh..." The girl cried for a long while before she stopped.

After that, everyone sat down and ate together. It was a warm meal that they had not experienced in a long time.

Once they were done, Lan Ling excused herself to go home. She was actually quite wealthy and lived far away from here.

Even so, she came here very often to see Bai Xue Chen and the children. Before she left, she had been examining Bai Chen since he had black and white hair just like the 'Bai Xue Chen' who'd saved her yesterday.

"Big brother, I'm going to pick In Ye up." After Lan Ling left, Xu Er Er said this to Bai Chen, who was playing with Bai Lua Er, after she washed all the dishes.

"Let me come too." Bai Chen wanted to see his other daughter. She must be as pretty as her mother, Long Xu In.

"Of course." Xu Er Er was happy.

"Take care," Xu Xin Tong said.

"Yes, Xin Tong," Xu Er Er said back.

"Let me go too," little Bai Lua Er said. It seemed like she did not want to be separated from her father.

Bai Chen smiled and took her hand before leading her out along with Xu Er Er. Bai Xue Chen watched them leave happily.

"If In Ye sees him, she will be very happy."

Xu Xin Tong smiled. She agreed with Bai Xue Chen.

.....

Bai Chen took a cutting-edge taxi to the primary school where his daughter was with Xu Er Er and his youngest daughter.

It was the end of Bai In Ye's school field trip, and it was almost the end of the school day. That was why Xu Er Er had quickly come out to pick her up.

The taxi pulled over at the front of the school gate. Bai Chen gave him the golden chip card. The driver was surprised that he would choose to take a taxi, not a flying car or a public spaceship since they were a lot more comfortable and faster.

Bai Chen took the golden chip card back without paying attention to the driver.

Xu Er Er was also surprised at seeing that. Bai Chen had just arrived here yesterday. When did he have time to apply for a chip card, let alone the golden one?

She had so many questions that she wanted to ask, but she decided to keep them to herself for now. The most important thing right now was her niece.

There were a great many parking cars in front of the school. Most of them were normal ones and some were flying cars. It was obvious that there were more middle-class children than rich ones enrolled here in this private primary school.

## Chapter 619 Bai In Ye

There were a great many parents who had come for their children. Bai Chen and Xu Er Er held on to each of Bai Lua Er's hands and took her inside. They looked a lot like parents and a child.

Bai Lua Er had been smiling all this time. It was obvious that she was very happy. They waited to the corner of the playground.

Shortly after, there were children aged around 12 to 13 years old coming out of the beautiful building. There were teachers saying good-bye to them at the exit.

The parents picked their children up with smiles on their faces.

Bai Chen looked at them with a smile. Suddenly, Bai Lua Er spoke. "Papa, that's big sister."

Bai Chen quickly turned to look. He saw a girl in casual clothes. Yet, she stood out because of her beauty even at the age of just 13 years old.

She carried a backpack and walked out with a calm face. Her hair was braided beautifully.

"Xu In..." Bai Chen could not help but murmur. She looked a lot like Long Xu In.

Bai In Ye looked around for her auntie. She knew that it would be Xu Er Er who was here to pick her up because Xu Xin Tong was rather weak.

Meanwhile, there was a boy walking towards her with his parents.

"Father, this is the orphan girl that I told you about!" The boy looked at Bai In Ye and laughed.

His father was a normal-looking middle-aged man and his mother was as fat as a pig.

"Yang Jiu, do you want to die?" Bai In Ye stared at him furiously. She hated it when people called her an orphan.

"Why? Am I wrong? You dare to be the top of the class. You deserve this!" Yang Jiu laughed coldly.

It was obvious that he was angry because Bai In Ye got to be the top of the class. If she was not around, he would likely be first, since he got second place.

"How dare you to talk like this to my son? As expected of an orphan!" The middle-aged fat woman spoke through her teeth. She looked at Bai In Ye maliciously.

The father did not say anything, but his eyes were the same as hers.

Bai In Ye stared at the parents with anger. She understood now why Yang Jiu was like this.

She wanted to talk back, but she knew that she would cause trouble for her aunties because the fat lady was related to the Gu family, 1 of the big families of Beijing.

Bai In Ye was too clever for her age.

"What? Why are you looking at us like that?" The fat lady shouted.

"Hey you, why did you shout at my daughter?" Then, a cold voice sounded from behind them.

"Who dares speak to me like that?" The fat woman was furious at being called 'hey you'.

Not only her, but her husband and son were also angry.

Bai In Ye stood still. She wondered if the man had mistaken her for his own daughter.

She thought so because her father had died when she was 3 years old. Even though he had held her in his arms before, she did not remember anything about him because she had been too young.

"You're a grown-up but you're harassing a little girl, as expected of a pig." That cold voice was from Bai Chen. He walked towards them with Xu Er Er and Bai Lua Er.

They turned to look at him. They were very angry, especially the fat lady.

"Big sis! Papa, auntie Er Er, and I have come here to pick you up." Bai Lua Er waved at her sister.

Hearing that, Bai In Ye frowned. She moved to the side so that she could see clearly.

Then, her body shook uncontrollably. She looked at the man with black and white hair who was holding Bai Lua Er's hand and walking towards her with her aunt with wide eyes. Her face showed surprise.

Shortly after that, tears ran down her face. Even though she could not remember anything about her father, she had seen his photo before. It had been taken 10 years ago, but he had not changed much.

Her little sister even called him papa and she was holding his hand. It was no doubt that he was her father!

"Father!" Bai In Ye shouted and ran without thinking about anything else. She jumped towards him.

Bai Chen halted a little before smiling kindly. He let go of Bai Lua Er's hand and welcomed Bai In Ye with open arms.

He hugged her tightly. People around them stopped to look at them for a while.

"Father... father... father!" It seemed like Bai In Ye was different from Bai Lua Er. She was not shy about showing her true feelings.

Even though she had not seen him for a long time and did not even know where he had been or what had detained him until now, she did not hesitate to call him father and hug him.

"I thought you said she was an orphan?" Yang Jiu's father asked. His face still showed anger.

Yang Jiu's face twisted. He'd heard from the teachers that they felt very sorry for Bai In Ye and that she was without parents. That was why he used this information to mess around with her since he had never been the top of the class with her around.

"I don't know, but you have to get rid of him. This trash dared to say that to mother!"

"Don't worry, we will!" The middle-aged man spoke coldly.

"Are you trying to disgust me with your fatherly love?" The fat lady yelled out. She was still angry that Bai Chen had dared to call her a pig.

Bai Chen patted Bai In Ye's back. Then, he made everyone lose their interest in the 20-metre radius around him.

He could do anything without anyone noticing. He put his crying daughter down and walked towards the fat lady.

Seeing that, she screamed out loud. "This bastard! You dare to come towards me? Dear, get him!"

The middle-aged man nodded. He was not ordinary. He was at the third stage, which was equal to a tertiary nascent level

## Chapter 620 The Woo Family's Rage

After the nod, the middle-aged man exploded all of his power out. The power of the stage was not the same as that of a cultivator. He could emit an aura that was similar to a spirit qi.

His aura was all over him. He shouted before dashing towards Bai Chen. "Die, you trash!"

As his wife was related to the Gu family, 1 of the big families of Beijing, he was not afraid of killing someone in public. His aura-covered fist was aimed at Bai Chen's face.

Bai Chen only raised his hand and flicked his finger. A fist-shaped spirit qi hit the middle-aged man's face violently.

He did not even have a chance to cry out. His face caved in. His blood splattered everywhere. His teeth bounced out of his mouth. His eyes bulged out. He was blown away and landed on the ground, unconscious.

"W... What?!?" The fat lady and her son cried in alarm.

Bai Chen did not waste his time. He flicked his finger again and the hand-shaped spirit qi hit the fat lady's cheek. Her face twisted and she bounced away. Blood and teeth gushed out of her mouth.

She landed on her husband, unconscious.

After that, Bai Chen flicked his finger for the third time.

Crack!

The sound of bones cracking could be heard from Yang Jiu's leg. He was in so much pain that he was about to scream very loudly.

However, before that, he was put to sleep. He dropped to the ground. He even wet his pants.

Everything occurred very fast. Xu Er Er, Bai In Ye, and Bai Lua Er were quite surprised.

"T... This..." Xu Er Er was speechless after trying to suppress her surprise.

"P...Papa, you're so cool!" Bai Lua Er shouted. As for Bai In Ye, even though her face was covered in tears, she smiled very cutely. She nodded and agreed with her little sister.

Then, she realised that there were a great many people around. Her face changed colour when she thought about it. She quickly turned to look at them.

Everything was normal. No one paid attention to them at all.

"This is..." This actually surprised her. Xu Er Er started to realise it, too and looked around her. She was in awe just like her niece.

It was at this same time that Bai Chen walked back to them.

"Papa is so cool. You took care of everyone who bullied big sis." Bai Lua Er spoke with her cute voice.

Bai Chen could not help but pick her up for a tight hug and a kiss on the cheek.

"Big brother..." Xu Er Er looked at Bai Chen. She wanted to ask about it. Then, she suddenly realised that he was a cultivator.

She knew now why people around her did not seem to pay attention to them, even though Bai Chen had caused such a ruckus. He had merely flicked his finger and that was all it took.

She did not feel sorry for the family at all since they'd bullied her niece.

"Father..." Bai In Ye wiped off her tears. She wanted to know how her father had done that.

"Let's go home. We'll talk later." Bai Chen smiled and waved his hand.

In less than a second, white clouds appeared where they were.

Without any time to be surprised, the clouds floated up to the sky and headed towards home.

No one could see this, unless they were tertiary immortal cultivators, or stage level 12.

"Father, th...This is...!" Bai In Ye screamed in alarm. It would be hard not to.

Xu Er Er and Bai Lua Er were the same.

Especially Xu Er Er, who was the most surprised one. Even though she knew that Bai Chen was a cultivator, she did not think he could create clouds that would take them flying like this!

"Papa, you're the best!"

Little Bai Lua Er was very excited. She could not help but look around.

"Don't be surprised. I'm a cultivator." Bai Chen told Bai In Ye briefly about cultivators.

Naturally, Xu Er Er and Bai Lua Er also listened while heading towards their home. They were in awe.

.....

Inside the Woo family's beautiful cutting-edge building, an old man was sitting in the meeting hall with his stressed face as if he'd just eaten something he should not have. His eyes were full of malice.

"Who killed Wan Er?!?" He yelled out and looked at 2 men in front of him, his sons.

This old man was Woo Hai Guang, the current head of the family. Even though he was old, he had not thought about giving his title to his eldest son.

That was because he was the only one who was at stage level 6, which was equal to a tertiary legendary level!

"We know who did it, father. I've sent out our men to hunt him down!" The eldest son and Woo Wan's father, Woo He, spoke.

He was enraged because his son had been killed. His eyes were red. His fists were clenched tightly. His voice was very cold and full of his intent to kill.

"Who was it?" Woo Hai Guang asked coldly.

"We found out from the security camera. He's a middle-aged man and the father of Bai Xue Chen, the man who hurt Wang Er!"

The youngest son, Woo Hoon, replied with this information. He looked very much like Woo He, as expected of siblings.

"What? Wang Er was hurt too?" Woo Hai Guang asked in surprise. His face was even more twisted.

"Y... Yes, father. I thought you were busy, so I couldn't find a chance to tell you. Wan Er was killed while he was teaching the bastard Bai Xue Chen a lesson. That's why his father killed him!" Woo Hoon's voice was shaky. It was obvious that he was very scared of his father.
