Chapter 621 Kill Any Number That Come

"Bastard! Not only Wan Er, but also Wang Er? What do these animals think we are? Bring me that father and son now. You have until the end of today!"

Woo Hai Guang growled furiously. He looked very scary right now. His eyes were very red and they shone brightly with his intent to kill.

A strong aura was emitted from his body. It made Woo He and Woo Hoon so scared, they shook.

They were only at stage level 5, a tertiary sky soaring level.

Due to the aura of stage level 6, they could not help but be scared. They quickly spoke.

"Y... Yes, father! We'll go now!"

Both of them left the room to search for Bai Chen and Bai Xue Chen.

Even though they had already sent their men out, they could not disobey their father!

"Whoever dares to kill anyone in the Woo family has to die. Not only him, but also his family!" A freezing cold voice sounded along with the aura of stage level 6.

.....

Bai Chen and his family had almost reached home.

While he was about to float down, he could sense a group of 5 men with laser guns about to reach their rented room.

Their faces were malicious. They obviously had killed a lot before.

Bai Chen blinked once. All 5 of them trembled and exploded into dust. They had not even reached the door yet!

Bai Chen felt nothing about this. He did not even want to know who was behind this.

He, however, would not hesitate to kill more. No matter how many came, it would be the number he killed!

For those who would harm his children, Xu Er Er, and Xu Xin Tong, he would not show any mercy!

After getting everyone into the room, Bai Chen talked with Xu Er Er and Xu Xin Tong about buying them a new house. They did not object to this. They really wanted the children to have a better life.

Then, he helped them pack up. They only packed necessary things.

Bai Chen put everything in his dimension ring, so that they did not have to call a truck.

The children were very excited about this, especially Bai Xue Chen.

He was happy that his aunties and sisters would have a better well-being now.

Bai Chen took everyone in a flying car to the property office right away.

Short after that, everyone moved to the new house, which cost 10 million yuan!

With 100 million yuan from Woo Wan, Bai Chen did not hesitate to buy it.

It was located in the food business area. There were a great many delicious foods around. He wanted his children to be able to have good, delicious food to eat.

In the afternoon, all of them were in a luxurious house. It was a small mansion.

Everyone helped each other to put everything in place until it was almost nighttime. Bai Chen transferred 10 million yuan to Xu Er Er, so she could buy the children new clothes and whatever they wanted to eat.

He did not go with them because he had to think about what he should be doing next.

Bai Chen sat on the bed and thought seriously about everything. The people who'd killed him in this parallel world were definitely the Numbers.

It made him mad. The strange disease had been caused by them and it had also killed Xu Xue Ning, Long Xu In, Li Lin, and his parents!

"The Numbers!" Bai Chen called the name coldly. However, he did not plan to go after them now.

They could kill him, a tertiary immortal cultivator. That meant they were most likely stronger than him. If he chased after them now, he could die too!

'Bai...Bai Chen...Do you...hear me?'

At that moment, a soft, familiar voice sounded in his head. It was Namiana's.

"Namiana!" Bai Chen shouted and jumped to his feet.

"Namiana, is that you?" He asked excitedly. If Namiana could contact him, that meant he could go back to his world.

Of course, Namiana would have to tell him how.

'It's me.' Namiana's voice was still soft. However, it was clearer now.

"That's good," Bai Chen could not help but murmur.

'Stop talking and listen to me if you want to come back.' Namiana's voice was intense.

Bai Chen fell silent and nodded.

'If you want to come back, the only way to do that is to revive yourself in that world!' Namiana seemed to be deadly serious.

'You can only use your eternal truth of time to do that. If I recall correctly, you're at level 9 now, only one level until you can roam freely in space-time. Changing the past won't be a problem!'

"I see!" Bai Chen understood.

If he could change the past and revive himself in this world, he would be sent back to the world he had been taken from.

There could only be one Bai Chen in one parallel world. As for his future self who had gone back in time to see him, that was technically the same man from the same parallel world, but from a different time. That was why it was a different case!

Chapter 622 The Woo Brothers Arrive

'However, to change the past by reviving the you of this world isn't an easy task. Just level 10 of the eternal truth of time isn't enough!'

Namiana's serious voice still rang in Bai Chen's head.

Hearing that, Bai Chen knitted his eyebrows tightly. "What do you mean?"

'I meant what I said. I know now why the you in that world died. The Numbers killed you!'

Namiana answered.

"The Numbers?" Bai Chen's eyebrows knitted even tighter. He did not know exactly who they were, but at least he knew that they were the same as a group of investors here.

'Yes, the Numbers. There were 7 of them who received direct orders from Infinity Zero, my creator,' Namiana explained. 'And they are as strong as me. All of them are at stage level 12!'

Bai Chen trembled. His face could not help but change colour. He did not expect the Numbers to be directly under Infinity Zero. Even worse, they were all at stage level 12.

There were 7 of them. Did that mean that he had to fight 7 people who were as strong as himself?!?

If so, it was no wonder why the him in this world had been killed.

'What I just told you was the reason why I said the eternal truth of time level 10 isn't enough. You have to become an eternal!'

Namiana stopped for a short while before continuing.

'With all the changes in the parallel world that you're in right now, the plasma radiation is highly concentrated. Its power is actually similar to celestial qi. If you absorb it and train, I'm sure you'll reach the eternal state in no time!'

"I see." Bai Chen understood everything. His objectives were clearer now.

He had 3 main objectives. First, he had to reach level 10 of the eternal truth of time. Second, he had to be at the eternal level. As for the last one, he had to achieve the first 2 before he could do it.

That was going back to the past to revive the him of this parallel world!

'Bai Chen...I ask you to quickly master all of them and come back here. I can't do anything more to help. I hope you'll do your best since I don't think I'll be able to contact you again!'

Namiana's voice rang out in his head again, and this was probably the last time.

No one knew what she had done to be able to communicate with him across the worlds.

"Namiana," Bai Chen called her name, but there was no answer.

Bai Chen frowned. Then, he realised something.

He realised that contacting someone in a different parallel world must be very hard.

Thus, it was only normal for her to not be able to do it again for the second time.

"I wonder if Namiana in this parallel world is still alive," Bai Chen muttered softly to himself. He wanted to meet the Namiana of this world.

The problem was that he did not know if she was still alive. If yes, where was she and how could he meet her?

It was futile to think of this. There was no solid answer for him. He finally stopped thinking about it and prepared to train.

However, before he could start training, he could sense the existence of 2 figures who were heading towards his house.

Bai Chen's eyes narrowed. It was easy for him to know that they were at stage level 5, which was equal to the tertiary sky soaring level.

They were heading towards Bai Chen's house. Their eyes showed vengeful anger. They must have used a special cutting-edge item of some kind to make themselves invisible. That was why everyone travelling in the sky could not see them.

"The Woo family again?" Bai Chen raised his brows. He could not help but shake his head. It seemed like they really wanted to die.

Of course, Bai Chen would gladly grant their wish.

The reason why Bai Chen knew that they were from the Woo family was because one of them looked a great deal like Woo Wan and Woo Wang.

This was actually scary since one of those men was dead and the other one did not seem to be waking up any time soon.

The 2 men were Woo He and Woo Hoon. If not because of Woo Hai Guang's order, at their level, they would not have come by themselves.

"Are you sure he's here?" Woo He stopped in mid-air above Bai Chen's house.

Woo Hoon quickly replied, "Of course."

Before they had come here, they had contacted the men whom they'd sent out after Bai Chen and Bai Xue Chen earlier. Since there was no answer from them, it was obvious that they had already been dealt with.

Woo He and Woo Hoon quickly made their way to the rental house, but there was no one there.

Finally, they used a special cutting-edge item to track down Bai Chen until they found the house.

While they were talking, a figure appeared in front of them. It was Bai Chen. He was invisible, but he intentionally let Woo He and Woo Hoon see him.

As soon as they saw Bai Chen, their facial expressions changed. They were alarmed for a second before showing rage.

"You're the one who killed my son!" Woo He shouted. His voice was full of anger.

"You're the one who killed my nephew!" Woo Hoon shouted furiously almost at the same time.

Chapter 623 Torture

Bai Chen's face was calm. He did not pay attention to their rage. He looked at them as if they were nothing.

"How dare you kill Woo Wan, my eldest son. And your son also dared to hurt Woo Wang, my youngest!"

Seeing Bai Chen's emotionless face, Woo He was even angrier. His voice shook the air around him.

It was obvious that he'd misunderstood that issue. Bai Xue Chen had not hurt Woo Wang. It had been Bai Chen.

However, he was in his 18-year-old-self, so everyone thought it was Bai Xue Chen who'd hurt Woo Wang.

"Big bro, don't waste your time. He can walk in mid-air like us—that means he's also at stage level 5!" Woo Hoon's face was serious.

"If we join hands, killing him won't be difficult. However, father told us to catch him and his son alive. We should do it now and kill the rest of his family to avenge Wan Er and Wang Er!"

Hearing his younger brother's words, Woo He suppressed his anger and nodded. "Good!"

Bai Chen's face suddenly turned cold. Woo Hoon's words made him want to kill!

Planning to kill the rest of his family like that. Had they no shame?

How dare they talk like that in front of him!?

He did not say anything. Bai Chen raised his hand and a faint silver light dashed out at Woo He and Woo Hoon. It was not even fast.

However, for the Woo brothers, it was quite fast.

Their faces changed colour. They did not hesitate to explode their power out. The strong aura of stage level 5 was gushed out of their body, making the air around them shake and creating a terrifying amount of wind.

They flipped their hands and created a strong aura barrier.

"Huh. You think you can hurt us with just your power?"

Woo He laughed coldly.

"How? He's just a nobody." Woo Hoon was the same. He laughed disdainfully.

However, that laugh of his could only last for a second before changing to an alarmed one when a faint silver light crushed the barrier very easily!

"What?!?" Woo He screamed. His face showed utmost surprise.

"Evade!" He shouted.

Unfortunately, it was too late. The silver light parted into 2 threads and leapt towards the both of them.

Their facial expressions changed drastically. They felt a great deal of pain.

"AGGHHH!"

"AGGHHH!"

The extremely pain-filled screams were very loud. They echoed around the area.

Bai Chen flicked his finger to silence them and prevent anyone from hearing their screams. It would cause chaos if someone did.

The pain-filled screams still continued. Their faces were completely pale. They also broke into a sweat and were soaked.

They writhed back and forth in mid-air. The pain they felt were indescribable. Tears, mucus, urine, and feces—they all gushed out of them!

They were full of fear. They were very scared of Bai Chen now.

If they could go back in time, they would not have come here in the first place if they had known they would be in this much pain!

They actually wanted to die now. They thought it was better than being in this indescribable pain. However, they could not die if Bai Chen did not let them.

"Aghhh! P...Please have mercy!" Woo He writhed in pain, but he still tried to beg.

"Mercy?" Bai Chen's smile was cold. For those who tried to harm his family, he did not see why he should have mercy on them. He was not a cruel man, but these men made him so.

"P...Please! We won't dare to do anything anymore...AGHHHH!" Woo Hoon quickly said.

Bai Chen only smiled coldly. He was not interested in showing them mercy at all.

"Aghhh!" Pitiful screams were everywhere.

Woo He and Woo Hoon's faces were blank. Even though they were still screaming, the sparks of life in their eyes were vanishing. They were about to die!

Bai Chen did not want to waste his time anymore. He waved his hand and vanished.

That created a huge, terrifying storm.

The storm leapt towards Woo He and Woo Hoon. Their bodies were torn apart!

Their flesh, blood, bones, and organs were crushed to bits. There was nothing left of them!

Before they died, they only felt regret and vengefulness. The vengefulness was not towards Bai Chen, but their father.

If their father had not ordered them to go after Bai Chen and Bai Xue Chen, they would not have been killed.

And they were such painful and pitiful deaths! They died with vengefulness towards their own father!

Chapter 624 Sette Colori

In Beijing's underground, there was a secret room filled with 7 colours of lights.

They emitted different vibes, yet they came from the same origin.

In the centre of the room, a huge round glass container as tall as the ceiling was there. In front of it was a state-of-the-art control panel and there were a great many wires hanging around it.

Inside the container, there was a bright blue liquid that was being pumped with oxygen.

Moreover, there was a naked human figure in it!

It was a man with an indescribably handsome face. He was muscular. It was an ideal body for every man.

Yet, it was not complete. He was missing a left arm. There was a large wound on his left shoulder.

The body has long seven-coloured hair. The colours were blue, red, green, brown, purple, black, and white. The looks of seven-coloured hair were beautifully shiny, even though they were under water.

His eyes were closed. However, shortly after that, he opened them up, revealing his beautiful seven-coloured eyes. They were sparkling and gorgeous.

As soon as they were open, a great aura was emitted and covered every inch of the room. The eyes were the same colours as the hair.

Then, he turned to look at his lost left arm.

"Damn! No matter what I do, the left arm won't grow back!" An enraged voice sounded. There was not only one, but 7 voices combined!

Yes, he possessed 7 voices!

"This is all because of that bastard Bai Chen. I have had to be in this recovery tube for over 10 years because of him!"

His words were full of rage. Even though he knew that Bai Chen had been dead for 10 years, his rage had not diminished.

It was obvious that he was the enemy of Bai Chen in this parallel world, and that it was him who had killed Bai Chen.

This man was named Sette Colori, which was Italian for '7 colours'.

Sette Colori was a combination of 7 people from the Numbers!

Yes, it was obvious that Sette Colori was the result of all the Numbers being combined into one person!

There was only one reason why all of them, who were at stage level 13, had to do this.

It was because in crossing the destroyed path in space-time, their safety could not be guaranteed.

They had not wanted to die. That was why they'd chosen to fuse themselves permanently!

It had made it not that dangerous for them to breach the destroyed path. However, they had lost a great deal of power, and it was a permanent loss, too.

For example, when they'd formed Sette Colori, they had been half-way through stage level 14. Once they crossed the destroyed path, that level was decreased to 13 and would never go up again. There was no way they would be able to go up to level 14 again in this lifetime!

"With this recovery technology that cannot be compared to that in the future which I'm from, there's no telling how many years I'll have to lose to be able to gain my full power back or when I'll be able to get out of this tube!"

Sette Colori complained in a dissatisfied manner. His handsome face twisted.

"Bai Chen, if you hadn't vanished into thin air, I'd definitely dig you up from your grave and crush you!" Sette Colori's voice was full of hatred.

"I want to go back to the future where I'm from, but I can't do that anymore. I only have to stay here for the rest of my life!" His voice suddenly turned remorseful.

He really wanted to go back, but there was no way he could do that anymore.

When he'd fought with Bai Chen, Bai Chen had destroyed his path back to where he was from. Sette Colori still remembered Bai Chen's words before he vanished.

"Sette Colori, stay in this world. Even without me, you'll still be here, suffering and longing to go back to where you're from. However, it is a shame that I've destroyed your only way back! You won't be able to go back anymore!"

Thinking about this, Sette Colori was full of his unending rage. He could not even vent it out because Bai Chen was already dead. It would unlikely that a second Bai Chen would appear in front of him.

"I want to go out." Sette Colori blinked several times, making the bright blue liquid inside the tube ripple and sparkle.

"It'd be good if Acches were here." He thought about Acches.

Acches was an assistant AI with a great many abilities. If he had been here, Sette Colori believed that he would have been able to quickly help him recover.

However, it was impossible for him to be here.

Sette Colori's face showed utmost boredom. He thought about ways to get out of this glass tube as soon as possible. Of course, he did not want to stay here without knowing how long it would be before he could be released.

However, no matter how much he thought about it, with this low-level technology, it would not be possible. The only thing that he could do was to wait in here.

Chapter 625 Not A Chance To Do Anything

At exactly 8 p.m., inside an enormous luxurious and cutting-edge building, there was a middle-aged man in a formal suit sitting there with his serious face.

He had a little mustache at the corners of his mouth. His eyes were deep and wide.

"What about what I asked you to do, secretary Chang?" He asked with his calm, yet obviously cold voice.

The secretary he was talking to was a man in a grey suit aged almost 30. He looked ordinary. Nothing seemed special about him.

"As the president commanded, I've gotten everything about the man who harmed the Gu family's relative," the secretary answered clearly.

It was obvious that he was one of the Gu family members, the current big family of Beijing.

He did not wait for the 'president' to ask any further; secretary Gu Chang quickly clarified.

"That man was the father of a girl named Bai In Ye. We could not find anything about him even in the database of the Office of the Civil Registrar here in Beijing."

"The man whom I sent out only got this information from our relative who was harmed."

"However, please don't worry. I have their home address in hand."

The middle-aged man went quiet for a while before tapping his fingers on the table.

"I don't care who he is or if he is registered in the Office of the Civil Registrar of Beijing. I only want him dead!" The man's voice was very cold.

His name was Gu Yue Guan; he was the eldest son of the current head of the Gu family. He was sitting in the chair of the president of a company that produced flying cars. The family had earned a fortune from it.

"I understand. I'll send someone from the family to settle this right away!"

Gu Chang was his secretary, so he knew what Gu Yue Guan was like. He was a cruel man. Anyone dared to interfere or bring trouble to the family had to die immediately.

"Good!" Gu Yue Guan nodded in a satisfied manner. "As always, leave no traces to track!!"

"Yes, sir!" Gu Chang accepted the order and walked out of the room to recruit some men to deal with the man who'd dared to challenge the Gu family.

And that man was none other than Bai Chen.

Bai Chen did not even realise that he was now the target of the Gu family. No—even if he knew this, he would not care anyway.

If they wanted to kill him, he would kill them too. That was only fair!

.....

Meanwhile, Woo Hai Guang was sitting in his luxurious office. His face was full of rage.

He did not expect his sons to take this much time to catch just a few men. It had been hours.

"Damn! These useless sons! Why haven't they come back?!?" Woo Hai Guang slammed his hand onto his desk so hard, it broke apart into two halves. His face grew even colder. "I'll just go handle it myself!"

Woo Hai Guang did not waste time. He dashed out of the window and across the sky to where the house Bai Chen had recently purchased was immediately.

The reason why he knew the location was because of the information that Woo Hoon had sent him several hours ago. He did not even need it. He only wanted to abduct Bai Chen and Bai Xue Chen and bring them here to torture and kill them.

He did not expect that the information would be useful now.

With utmost rage, he leapt out at his maximum speed. He did not forget to hide his aura.

He used an hour to reach Bai Chen's house.

Bai Chen was having dinner with his family. It was a very cosy and warm atmosphere.

Suddenly, he raised his brows. He told the rest of his family that he wanted to go out and buy some clothes since he did not have any to change into. Everyone smiled and told him to hurry back home.

Bai Chen walked out of the house and his body immediately vanished. He appeared again in the sky. His body was faint. Normal people would not be able to see him.

Bai Chen waved his hand and suddenly, 3 figures appeared in front of him. One of them was Woo Hai Guang, who had the most surprised expression on his face.

The other two were men in suits. They were at stage level 4, which was equal to a tertiary earth solid level. They were the men whom Gu Chang had sent for Bai Chen.

They were as surprised as Woo Hai Guang.

"W...Who are you?" One of them looked at Bai Chen and yelled this out.

Woo Hai Guang looked at the men alongside him and took a deep breath before turning to Bai Chen. He could sense that Bai Cen was a dangerous man whom he should not mess with no matter what.

He was about to say something, but it was a shame that Bai Chen did not let him. He waved his hand and a silver light leapt at the 3 of them immediately.

Their faces were full of fear. They were soaked in cold sweat. Their skin turned pale. They thought about evading, but their bodies did not seem to listen to them. They could not control them at all.

Finally, they were devoured by the silver light. Bai Chen watched them being dissolved into dust!

Once the silver light was gone, there was nothing left. Bai Chen's lips moved.

"The Woo and the Gu family, you ask for this!" His voice was freezing cold.

Actually, Bai Chen had not wanted to know who was behind all this, but he had changed his mind. He had to train and reach level 10 of the eternal truth of time and eternal level.

That was why he would not have time to watch out for his family's safety like he was doing now. He had to get rid of the men behind all these troubles first. He had already probed Woo Hai Guang's spirit before he'd died. Thus, now he knew who to go after!

Chapter 626 Kill Members Of The Two Big Families

Once he had decided that he would kill the members of the Gu and the Woo family, he did not hesitate to head towards where the Gu family was first, since there were fewer people to deal with.

Woo Hai Guang and his sons were all dead. The men who knew about him being Woo Wan's killer were only a few in number.

It was obvious that Bai Chen did not want to kill them all. He only wanted to get rid of those who wanted him dead.

With his speed, he arrived at the Gu family's flying car company in no time. He headed directly to Gu Yue Guan's office as he had seen it in the spirit that he had probed earlier.

Inside the office, Gu Yue Guan was talking business with his secretary. They did not even realise that a man had already slipped into the room.

It was Bai Chen. He looked at them with his cold eyes before revealing himself.

He could just kill them and get this over with without revealing himself.

However, he at least wanted them to know for what reason they had been killed and by whom.

As soon as they saw Bai Chen, Gu Chang's face changed colour. He was at stage level 3, so he noticed right away that someone was here and quickly turned to Bai Chen.

"Who are you?!?" He shouted in alarm.

Seeing that, Gu Yue Guan quickly turned to look. When he saw Bai Chen, he frowned and asked coldly, "Who are you? How did you get in here?"

Bai Chen's face was emotionless. He said, "I'm the man whom you want dead. You don't have to know how I got here. You only have to know that you're about to die!"

"What?" Gu Yue Guan thought that he'd misheard.

A second later, Gu Chang confirmed that he had not heard wrong.

"You trash! You dare to talk like that in front of the president? Do you want to die?!?"

Bai Chen, then, pointed a finger at him. Gu Chang's body shook violently and exploded into a bloody mist!

Seeing that, Gu Yue Guan was so scared, he wet himself. It was the first time that he had seen something so horrid. His face was very pale, and his body shook uncontrollably.

Bai Chen turned to look at Gu Yue Guan like nothing had happened. He pointed his finger at him.

"D...Don't!" Gu Yue Guan screamed at the top of his lungs. He did not want to die.

He only felt fear, regret, and anger.

He regretted that he'd intervened in his relative's matter. He was angry that his relatives had messed with the wrong man and it had led him to this situation.

However, his scream did not stop Bai Chen. In the blink of an eye, he ended up the same as Gu Chang. He exploded into a bloody mist. He died pitifully!

After killing him, Bai Chen killed several more people there before he headed to the Woo family home.

He killed a few more members of the Woo family when he arrived.

Once he was done, he went to a department store to buy some clothes.

It was a very big and luxurious department store and was famous in Beijing.

Bai Chen looked for a clothes shop with a reasonable price. He bought quite a few clothes.

His hands were full of bags with clothes in them.

Bai Chen did not want anything else, so he took a lift to the first floor and was ready to leave.

He did not expect to meet someone he knew when the lift doors were opened.

She was a beautiful woman with wavy chest-length blonde hair. Her chest was massive. Her skin was extremely pale and not that of a Chinese person. Moreover, her brows were also blonde, and her eyes were golden.

She was a foreigner. She was definitely Lu Zhi Yun, or 'Mary Dington'.

Bai Chen halted. She had not changed a bit from 20 years ago. She was still just as beautiful. It was all because she was a cultivator.

She could maintain her youth like this, of course, as she was at a high level. She was now a divine realm cultivator!

It was probably because of the pill that the future Bai Chen had given to her that she could reach this level with no problem.

She saw him, too. She looked at him and walked past him indifferently.

Then, she halted. Her body trembled. Her facial expression changed drastically. She quickly turned back to look at Bai Chen's back. Her lips quivered.

"E...Elder!" Her voice trembled. Lu Zhi Yun would not be able to forget a man who'd helped her to reach the divine level, even though it had been 20 years.

Moreover, she knew now who he was. He was her friend, Long Xu In's, husband.

She did not expect him to still be alive, as Long Xu In was the one who'd told her that he had been dead for 10 years.

Bai Chen slowly turned to look at Lu Zhi Yun. Their eyes met. She must have realised who he was now since she'd just called him 'elder'.

"Long time no see, Lu Zhi Yun." Bai Chen spoke with his usual voice.

However, his voice caused Lu Zhi Yun's perfect body to tremble even more. Her heart almost stopped beating. Her breath halted for a second. Her gorgeous eyes were open so widely, they almost popped out of their sockets!

Chapter 627 The Thousand-Year Fruit

"I...Is it really you?" Hearing that, Lu Zhi Yun asked this with her shaky voice. She tried very hard to suppress her emotions.

She could not even describe what she was feeling now.

"Yes," Bai Chen answered and flicked his hand to make them invisible to others. No one would notice their existence, even if they walked right through them.

Lu Zhi Yun was stupefied for a second before she felt comfortable again. She suppressed her emotions very quickly and took a deep breath. She smiled happily.

"I'm glad you're still alive."

Then, her face grew dim. "I heard about Xu In and your 2 other wives. My deepest condolences."

Bai Chen only shook his head. Even though he was also sad and angry about their deaths, he still had a chance to bring them back, as well as the him of this parallel world.

The method was with his eternal truth of time!

"If you'll excuse me." Bai Chen said good-bye. He was not close to Lu Zhi Yun, so there was nothing much to talk about.

"Please wait." Lu Zhi Yun quickly stopped Bai Chen. She hesitated as if she wanted to say something.

"What is it?" Bai Chen asked. He was actually curious about what she was going to say.

"I...I have something important to talk about. Can we find a coffee shop to sit in and talk for a while?" Lu Zhi Yun decided to speak after hesitating for a short time.

Bai Chen looked at the time. He thought that he had not been gone for a long time just yet and still had time for this. He accepted her invitation.

Shortly after that, both of them were in a luxurious coffee shop. They sat opposite each other. There were cups of steaming hot coffee on the table between them. Bai Chen ordered a black coffee for himself, while Lu Zhi Yun had a latte.

"What is it?" Bai Chen took a sip of his coffee and asked.

Lu Zhi Yun inhaled deeply before speaking. "I heard that a thousand-year herb is about to grow!"

She spoke normally because Bai Chen had asked her to. There was no need for cultivator language.

Bai Chen raised his brows and repeated what she said. "A thousand-year fruit?"

"Yes." Lu Zhi Yun nodded politely. "It helps with cultivating and training the stage power. It is full of pure spirit qi and plasma radiation!"

Bai Chen fell silent and knitted his eyebrows tightly. Then, his eyes glowed slightly.

"If the thousand-year fruit is like what Lu Zhi Yun said, it should be able to help me reach the eternal level faster!"

He thought this and asked for more details from her. "About this fruit—how many will spawn?"

Lu Zhi Yun thought about it for a short while. She was not certain about that since it was unpredictable. Even so, she made a calculation. "I'm not sure, but I think there should be at least 10."

"At least 10. I see." Bai Chen nodded. "And you're telling me this because you want me to help you find it?"

"That's correct." Lu Zhi Yun did not hide it. This was actually what had made her hesitant. She was afraid that Bai Chen would be angry at her for being so bold as to ask him for help with this matter.

"If you help me, I'll ask for only one for myself and the rest will be yours," she added.

Bai Chen agreed to help after giving it some thought. He thought that the deal was worth it. Even only 1 of them was good enough.

"When and where will it grow?" Bai Chen looked at the time and asked.

Lu Zhi Yun thought that Bai Chen must be in a hurry to go somewhere else, so she did not hesitate to tell him. "In 2 days, on He Yien mountain."

"He Yien mountain?" Bai Chen remembered that it was quite far from Beijing. Of course, however, he could reach there in the blink of an eye with his power.

"All right. We'll meet in 2 days." Bai Chen told her his home address before they parted ways.

Before that, however, Lu Zhi Yun did not forget to tell him that it was not going to be an easy task since there would be a great many competitors, be they strong cultivators or stages.

Over the past many years, there had been more strong cultivators and stages.

Bai Chen listened to her attentively before heading back home. He did not think that he would be the strongest among all of them with his tertiary immortal level. That was why he had better be careful.

Once Bai Chen was gone, Lu Zhi Yun quickly left the mall and headed towards a place up on the mountain not so far from Beijing.

It was a wooden house. It looked plain and simple.

The air around here was very pure. However, it could not be entirely pure since there was plasma radiation lingering everywhere. It was the radiation that caused an incurable disease.

Even though it was similar to celestial qi and was very useful to cultivators and stages, not all of them knew how to prevent themselves from getting the illness.

Over the past 10 years, there had been a lot of cultivators and stages that had fallen victim to it. Of course, Xu Xue Ning was one of them.

When she reached the wooden house, Lu Zhi Yun did not go in. She murmured, "Brother, it's me." Shortly after that, the door was slowly opened. A middle-aged man who was aged almost 50 walked out. His face was a little wrinkly. There were some grey hairs on his head. He was in a black traditional Chinese outfit. He also emitted the aura of a cultivator.

"You're back, Zhi Yun." The man spoke kindly.

He was none other than Lu Yi, Lu Zhi Yun's older brother, the former top authority of the Jing Cha Secret Organisation, which was ruled by Jing Cha the Legendary, who had been brutally burnt by silver flames in a far-off dimension!

Chapter 628 He Yien Mountain

"I'm back," Lu Zhi Yun said while searching for a place to sit. Then, she walked to a big log nearby and sat on it.

Lu Yi's smile was bland. He shook his head slightly before sitting down at her side.

"You here to talk about the thousand-year fruit today, aren't you?" Lu Yi asked with his worried face. Even with all the information, there were still a lot of strong competitors out.

The chance to get a hold of one was quite slim and it would be very dangerous. It was dangerous to the point that one could die.

"That's correct." Lu Zhi Yun nodded. Her golden eyes sparkled. "We might be able to get one!"

"What?" Lu Yi thought he'd misheard. He stared at his sister and asked, "Do you think so?"

Lu Zhi Yun smiled back. "Yes, we might. Guess who I met today."

"Who?" Lu Yi wanted to know who it was that had made his sister so confident about this.

"The elder who helped me to get to the divine level in 10 years!"

"What?!?" Lu Yi gave a start and jumped to his feet. His face was full of surprise. His eyes widened. "D...Did you really meet him?"

He did not want to believe it. He thought that the elder was already dead because Lu Zhi Yun was the one who'd told him the news 8 to 9 years ago.

"It was really him!" Lu Zhi Yun was highly certain. Seeing her brother's face, she saw right through his thoughts. She quickly clarified, "It seems that I was wrong. He's still alive."

"If that's really true..." Lu Yi took a deep breath. "Then, it's possible that we would get a hold of the fruit!"

"Of course." Lu Zhi Yun smiled beautifully. "Be prepared. You're coming with me in 2 days."

"Yes." Lu Yi was excited. His face was full of happiness.

Lu Zhi Yun stood up and was about to say good-bye when she realised something important.

"Oh, yes, is grandfather still in practice lockdown?"

Lu Yi nodded his head. "Yes, but not for much longer now. He's almost reached the divine level!"

"I hope he succeeded, so there will be 2 divine realm cultivators in the family!" Lu Zhi Yun said before she excused herself.

.....

Two days had gone by. Bai Chen had been spending quality time with his children, Xu Er Er, and Xu Xin Tong.

He was very relaxed, and he had not been like this for a long time. During the war of the system owners, he had been under intense pressure.

After having breakfast with everyone, Bai Chen excused himself to go out on an errand.

He stood in mid-air above his house. He did not forget to make himself invisible, otherwise everyone would be in a panic.

He'd told Lu Zhi Yun to meet him here at his house. Today was a nice day with sunshine and a cool breeze. He felt refreshed.

Not so long after that, he saw Lu Zhi Yun heading his way along with a middle-aged man. It was Lu Yi, her brother. Both of them were invisible.

Bai Chen was surprised to see Lu Zhi Yun dressed in a traditional golden Chinese outfit, which suited her locks and eyes. It really emphasised her adult charms. More importantly, however, was the fact that she was with a middle-aged man.

Seeing Bai Chen, both of them did not hesitate to stop about 10 steps away from him and greet him by clasping their hands together.

"I, Lu Zhi Yun, give my respect to you, elder Bai Chen."

"And I, Lu Yi, give my respect to you, elder Bai Chen."

Bai Chen merely nodded and looked at Lu Yi.

"Elder, this is my older brother, Lu Yi." Lu Zhi Yun introduced him.

Bai Chen nodded. He did not ask why he was here since it was unnecessary. Of course, she wanted him to go to He Yien mountain with her.

"Let's go," Bai Chen said and turned around. He quickly vanished.

The siblings were surprised at the sight. Then, they quickly followed him to the mountain.

An hour later, Bai Chen arrived at the mountain. He stopped in mid-air and looked down below.

He Yien was a steep mountain. It was enormous and lush with a great many trees.

Then, he sensed that there were as many as nearly 100 cultivators walking around the mountain. There were also the same number of stages.

"Almost 200 people. The weakest here is at the sky soaring level and stage level 5. The strongest is at the half-master level and stage level 10," Bai Chen could not help but mutter to himself. He did not think that there would be this many people.

It was an easy task for him to figure out their levels.

"I didn't expect this world to have so many people at the divine, salvation, sunyata, and half-master levels," Bai Chen continued to mutter.

It was because the highest level in the world he was from was the legendary level. No, one person who had reached the divine level...or rather had claimed to do: Zhan Yong Lieng.

However, he just reached the level and his power was still unstable, so Bai Chen would not call him a divine. It was quite different from here where there were a great many divine realm cultivators.

"However, it's only normal because of the changes." Bai Chen shook his head. It was at the same time that the siblings arrived.

They panted heavily. It was obvious that they had used their maximum their speed to catch up with Bai Chen.

They had not been able to anyway. They stopped at about 10 steps away from Bai Chen as usual, being quite careful not to cross the line.

Chapter 629 Only The Strong Are Left Standing

Once he saw the siblings, Bai Chen spoke calmly. "Let's get down there."

He did not wait for their response before he dashed down.

Seeing that, the panting siblings looked at each other and rushed down. They did not dare to take a rest because they were afraid that they would not be able to catch up.

All 3 of them were walking on the mountain now. The cool breeze blew past them. It was truly relaxing.

"There're a great many cultivators and stages," Lu Zhi Yun whispered to her brother.

Lu Yi's face was collected. His sense was not as strong as his sister's, who was a divine realm cultivator, but he knew that much.

Bai Chen did not pay attention to them. He spread out his psychic power around the mountain to see where the point where the thousand-year fruit would spawn.

However, he did not detect anything close to that. He frowned. "I wonder where it is."

Hearing that, Lu Zhi Yun stopped whispering and closed her eyes to think about it. Then, she responded, "Please follow me."

She did not waste her time and led them out. She did not forget to use the invisibility technique. No one below the divine level would know that she was here.

Lu Zhi Yun used the technique on her brother too, but she did not dare to do it on Bai Chen, because he was a lot stronger than her.

Actually, she was curious which level Bai Chen was at, but she did not dare to ask. She was afraid that he would not answer and he might not like that very much.

That was why she kept her curiosity to herself. As for the reason why she and her brother had to be invisible, that was because they did not want anyone to follow them to the fruit's spawning point.

It was also to prevent anyone below the divine level from causing them trouble.

Even if they were someone at an equal or higher level, she had no worries about it. She was confident in Bai Chen's power.

Seeing Lu Zhi Yun walk out, Lu Yi quickly followed her, along with Bai Chen. Of course, he did not forget to be invisible.

His technique was beyond Lu Zhi Yun's. Only tertiary immortal cultivators or the stage level 12 would notice him.

Lu Zhi Yun led everyone determinedly. She was excited thinking about owning the fruit.

Before she'd coincidentally met Bai Chen 2 days ago, she did not even want to be involved in this competition because she knew that she was not that strong. Meeting him was considered her good fortune.

Meanwhile, a loud and powerful voice sounded. It could be heard all around the mountain.

"The thousand-year fruits will spawn in 2 hours. I, Tao Xuen, a half-master cultivator from the Flaming Ocean sect, would like to ask everyone here to leave. Any violation will result in death!"

Everyone on the mountain heard him.

The cultivators below the half-master level and stages below level 10 were all scared. They hesitated before deciding to stay alive. They quickly rushed out of the mountain's territory while cursing Tao Xuen.

"W...What are we going to do?" Lu Yi could not help but ask with his shaky voice.

To be honest, he was scared. He had heard about Tao Xuen the Half-master and the Flaming Ocean sect. They were scary since the sect lord was at the master level!

The Flaming Ocean sect was 1 of the 2 strongest sects in this world!

Lu Zhi Yun's face turned a little pale. She looked at Bai Chen for help.

Bai Chen laughed softly. "A half-master is nothing to be afraid of."

Lu Zhi Yun's eyes sparkled. Then, she continued to lead them forward.

Bai Chen followed her.

Seeing that, Lu Yi followed them, too. Even though he was afraid, he still believed in Bai Chen and his: 'A half-master is nothing to be afraid of.'

Ten minutes later, Lu Zhi Yun led them to a place that was rich in spirit qi and plasma radiation. It was a good place to train.

As soon as they were close, they knew right away that there were 5 people here before them, 3 being half-masters, and 2 being stages level 10!

It was obvious that anyone below that level had been scared to the point they did not dare to stay here any longer and had left the mountain.

That was why there were only the strong ones left here.

"Huh? Even with that, there are still people who want to die that much?" A short and fat man with unevenly tanned skin in a crimson traditional Chinese outfit frowned and spoke through his teeth.

He was Tao Xuen from the Flaming Ocean sect. He looked at Lu Zhi Yun and Lu Yi with his cold eyes.

"Tao Xuen, it is incredible that there is still someone who isn't afraid of you. Maybe your reputation is rather lowly?" There was disdainful laughter from an old man in a white cotton outfit.

"That was too much of an insult, but I do agree with you, Jin Chuang." An ordinary-looking middle-aged man in casual clothes spoke.

"Jin Chuang! Mu Yin!" Rage was ignited in Tao Xuen's heart.

The old man Jin Chuang was a half-master from the Stone Net sect, the sect with as much power as the Flaming Ocean, and Mu Yin was a lone half-master. Neither of them liked Tao Xuen.

Chapter 630 One Surprising Kick

"You're annoying. Biting each other like dogs," a middle-aged woman in a luxurious dress said. She was a rather beautiful person, but with thick make-up as if she was afraid that no one would notice her.

"Ni Xie, you shouldn't be sticking your nose in their stupid business," a middle-aged man in a neat white suit said.

They were stages. They were both at level 10, which was equal to a tertiary half-master level.

Actually, a half-master level here could not be compared with the one in the celestial world. However, the plasma radiation helped strengthen it.

This was true not only for the half-master level, but also for every level.

"Ni Xie...Ban Te, do you want to die that much?" Tao Xuen growled at them.

Being at the same level, of course, they knew each other. Ni Xie and Ban Te were from an organisation called 'Future'. It was a big organisation that provided knowledge of stage.

Cultivators and stages did not see eye-to-eye because even with a different kind of power, they needed the same spirit qi and plasma radiation to grow stronger. They always fought for a place to train.

"I agree with Tao Xuen." Mu Yin's face was cold while looking at Ni Xie and Ban Te.

"You better not cross the line, Ni Xie. We have more people. You two could die if we end up fighting!" Jin Chuang spoke through his teeth. His face was malicious.

"Two?" Ni Xie laughed. "Why are you quite sure that there are only 2 of us?"

Hearing that, the facial expressions of the half-masters immediately changed. They started to be anxious and spread out their psychic power. However, they did not detect anything of that sort.

"Keep searching. You'll never be able to find it!" Ni Xie still laughed with satisfaction.

Ban Te's face was collected. He smirked a little.

"You..." Their attitudes made Tao Xuen, Jin Chuang, and Mu Yin angry and really want to kill them right now.

However, they had to suppress their emotions for now since they did not know if there was really anyone else from the Future Organisation here.

Bai Chen, whom no one could detect, watched them emotionlessly. He looked at Ni Xie's shadow.

He saw an old man in a flowery outfit hiding inside it. He was at stage level 10 and was almost at level 11.

Excluding Bai Chen, this old man was the strongest one here.

That was why those 3 cultivators had not been able to detect him; he was hiding in Ni Xie's shadow.

Lu Zhi Yun and Lu Yi's faces were very pale. They were full of fear. They could barely move an inch. Their bodies trembled and broke out into a sweat. They did not even dare to breathe.

"Huh...I'll let this go for once. We should get rid of these 2 ants first!" Tao Xuen suppressed his anger and turned to Lu Zhi Yun and Lu Yi. He smirked maliciously.

"I agree," Jin Chuang agreed and looked at the other one.

Mu Yin looked at him. As for Ni Xie and Ban Te, they did not care about the siblings.

"E...Elder Bai Chen." Seeing all the killing aura, Lu Zhi Yun's voice trembled.

Lu Yi did not even speak a word. His eyes begged Bai Chen for help in any form.

"What about them? Should we kill them?" Tao Xuen pretended to ask Jin Chuang and Mu Yin, even though he already had everything planned out. He noticed that Lu Zhi Yun was beautiful. Thus, he thought about playing with her in bed until he was satisfied, and then killing her off!

"Killing ants is nothing. They deserve to die for being here!" Jin Chuang said coldly.

"What are we waiting for? Let's do it before the fruit grows!" Mu Yin spoke coldly.

They looked at each other and laughed wickedly.

Tao Xuen's plump body dashed out first. He was headed for Lu Zhi Yun. He could not let Jin Chuang and Mu Yin kill her or he would miss his chance to play.

Seeing that, Jin Chuang smiled slightly as if he could see through it. He could not help but shake his head and turned to Mu Yin. "Mu Yin, you can go. It's all yours."

"All right." Mu Yin agreed with the offer. He loved killing, be it the strong or the weak. He did not even think about refusing.

He stared at Lu Yi. Lu Yi felt chills running down his spine. He was so scared.

Seeing Tao Xuen leapt towards her, Lu Zhi Yun almost passed out because of extreme fear. Then, she realised that she still had Bai Chen on her side. Therefore, she suppressed her fear and made the calmest face possible.

"Heehee. Let's go, foreign girl. I'll take good care of you!" Tao Xuen laughed rudely and spoke quite lasciviously. He reached out his plump hand when he was close to her, aiming for her beautiful neck.

Suddenly, a hand appeared from nowhere and grabbed his wrist. The hand squeezed softly and a cracking sound rang out.

It was, of course, the sound of a breaking bone!

Tao Xuen's facial expression changed drastically since he realised that he had been caught. Then, his face showed pain. He opened his mouth and screamed loudly. "AGHHHH!"

Bai Chen did not care about the scream. He raised his foot and kicked his fat body away.

Thud!

It was like a tightrope had been suddenly cut. His body bounced off. Everyone there looked at the scene in awe.

Lu Zhi Yun, Lu Yi, Mu Yin, Jin Chuang, Ni Xie, Ban Te, and even the old man who lurked in the shadow were alarmed!
