

## Life Changing 631

### Chapter 631 A Second Chance

Bai Chen did not pay attention to them. He walked to Lu Zhi Yun while looking at Tao Xuen who just hit the ground and scooted so far away.

"AGHHH!" Tao Xuen grabbed his right wrist that had been broken by Bai Chen and writhed about painfully.

It was not only his wrist that was in pain, but also his chest that had been kicked. He could feel that at least 2 ribs were cracked!

"T...This is...!" Tao Xuen's pain-filled scream woke everyone up from the surprise.

Their facial expressions changed drastically.

They looked at Bai Chen, still feeling anxious about what he just did.

They did not even realise that he was here. That was why they were quite alarmed.

"Who are you?" Ban Te asked with his serious face. He frowned tightly.

'Ban Te, be extra careful. He took down Tao Xuen quite easily. That means he's probably our equal!' A voice sounded in Ban Te's head. It was from the old man in Ni Xie's shadow.

Ban Te did not answer. He only nodded.

The rest of them also wanted to know who Bai Chen was.

Of course, that everyone except the Lu siblings, since they were with Bai Chen.

The siblings quickly suppressed their emotions and backed away. They were afraid that they would be harmed if they were to interfere in the fight.

"It's not important. I only need the fruit. I must ask you to leave the mountain," Bai Chen said calmly, yet aggressively.

"You need the fruit and want us to leave?" Jin Chuang could not help but laugh coldly. Bai Chen's words had made him very angry!

"Dream on!" Mu Yin stared menacingly at Bai Chen.

"You think you're so great just because you took down Tao Xuen?" Ni Xie spoke coldly through her teeth.

"AGHHH! He didn't take me down! He took the chance when I wasn't looking!" A pain-filled, yet vengeful, growl sounded quite loudly. Tao Xuen jumped onto his feet.

A second later, he dashed at Bai Chen. He was embraced with a red scorching aura that could melt everything in its path. The air around him shook violently.

"I'll kill you!" He growled vengefully. It was the same time when he reached Bai Chen.

Without waiting for Bai Chen to respond, Tao Xuen used his good hand to slam at Bai Chen. Flames gushed out of it. He wanted to kill Bai Chen in a single blow.

However, Bai Chen would not let it be like that. He raised his arm and slashed it out.

Suddenly, a sharp wave was sent out in a straight line and slashed the flames in two, including Tao Xuen himself!

"N...No!" Tao Xuen's frightful scream sounded loudly while his blood splattering everywhere. His body was parted into two and dropped to the ground at Bai Chen's feet!

Lu Zhi Yun, Lu Yi, Jin Chuang, Mu Yin, Ni Xie, Ban Te, and the old man in the shadow were so alarmed that their eyes almost popped out of their sockets. Their bodies shook very violently at seeing what had just happened.

Tao Xuen was no ordinary person. He was a half-master cultivator!

How could he have been killed this easily?!?

Bai Chen spoke calmly and carelessly. "I'll say it again. Leave this mountain before this chance expires."

'Ni Xie and Ban Te, join forces! This man is strong. He must be very close to the master realm!' The old man's voice sounded in Ni Xie and Ban Te's head.

The old man did not want to miss the chance to get a hold of the thousand-year fruit. He thought that Bai Chen was too arrogant and so full of himself to ask them to leave the mountain.

Then, the old man also talked to Mu Yin and Jin Chuang and offered the deal to share half of the fruits with them.

'The old shadow man!' They knew right away who that was. Their faces changed colour as they did not expect that the old shadow man would be lurking around. They also thought that they were lucky not to lay a hand on Ni Xie and Ban Te.

'Deal!' They did not hesitate to accept the old shadow man's offer.

The old shadow man had been well-known for so long. He was about to reach stage level 11—that was why there was no excuse not to settle the matter.

A second later, 5 figures released their full power and rushed at Bai Chen.

"Die!" The old shadow man came out of hiding and led everyone towards Bai Chen, with the other 4 behind him.

"Die?" Bai Chen shook his head and flicked his hand softly.

Slash!

Suddenly, 5 heads were cut off from their bodies and bounced upwards. The look on their faces were full of surprises—especially the old shadow man. He did not expect to be killed this easily.

However, it was useless to expect anything now. Before he died, fear was all over him and the rest of them. None of them expected this turn of events.

Thud, thud.

Heads and bodies fell to the ground. Dust and dirt lingered in the air. Everything went silent.

"I gave you a chance," Bai Chen muttered to himself before he waved his hand and the silver flames burnt every single corpse to ashes. They were blown away in the air.

"T... This...this is...!" The siblings who witnessed everything were speechless. They shook very violently and unstoppably. Their faces were as pale as sheets. They felt very cold inside.

Chapter 632 Half-Eternal!

Without caring about what the siblings were thinking, Bai Chen stood still. Then, he sensed something. He narrowed his eyes and stared at it.

Suddenly, the air and ground started to tremble. A tree sprouted from below. It was a beautiful golden one. It stopped at a certain level of growth with rather small branches. It was covered with a golden light. There were as many as 10 fruits on it.

They were sparkly golden fruits that emitted a pure aura.

"T...Thousand-year fruits!" A happy yell sounded from the siblings.

Their eyes widened. Their hearts pounded excitedly.

Bai Chen looked at the tree for a while before he reached out his hand and grabbed the air. Then, one of them was plucked and floated down to Bai Chen.

He held on to it. He could feel the spirit qi and plasma radiation that were packed inside. They were combined so nicely without any resistance.

'With this, I'll surely be improved a great deal,' Bai Chen thought and turned to Lu Zhi Yun and Lu Yi. He threw the fruit at them.

Lu Zhi Yun anxiously caught them. She was afraid that she would drop them.

She sighed with relief when she actually got them into her hands.

"You may leave," Bai Chen told them.

The siblings quickly thanked Bai Chen for the fruit and left. They carefully handled the fruit as if they were something quite valuable. They could not risk the fruit being seen, otherwise other people would fight them for the fruit.

After seeing them go, Bai Chen turned back to the tree and plucked out every fruit there was. He sent all of them into his dimension ring.

'The tree should be a good material for weapons too.' Bai Chen decided to keep the tree.

Once everything was done, he thought about going home. However, this place was very good for training. He hesitated a little before he decided to train here first before going back in the evening.

Then, Bai Chen took out one fruit and ate it. The taste was very sweet and mild. He searched for a good place to meditate and absorbed the spirit qi and plasma radiation around there.

.....

Inside the Flaming Ocean sect, which was located up on a mountain, a scrawny old man dashed out and headed towards He Yien Mountain. He was the sect lord.

He was a master realm cultivator. His strength was incomparable.

"He who dared to kill my men must die!" The old man spoke coldly through his teeth. It was obvious that he had already been informed about Tao Xuen's death since everyone in the sect had to leave a small part of their consciousness with the sect lord.

Once the consciousness of the man had dissolved, the sect lord would know right away that he was dead. However, he would not know where it was. In this case, he knew for sure because it was him who sent Tao Xuen out for the fruit at He Yien Mountain.

When Tao Xuen died, he knew that it was because of the fight for the fruit.

This had also happened to the Stone Net sect. The sect lord, a master realm cultivator, now knew that Jin Chuang was dead. That was why he was also on the way to He Yien Mountain, full of rage.

The same had happened to the Future Organisation. The head of the organisation, who was the stage level 11, was also heading to the mountain.

Of course, he was also furious. He'd just lost 3 of his stage level 10 after all.

Ni Xie, Ban Te, and the old shadow man were only just below him. That was why this was a great loss to the Future Organisation!

"Whoever he is, I'll torture him as much as he deserves before letting him die!" The head of the organisation growled while leaping towards He Yien Mountain with all his might.

Bai Chen did not even realise that he was now the target of the 3 strongest men in the territory who were rushing here. He still continued to absorb the power from the fruit. He had eaten them all and was about to get to the crucial part of the meditation.

Bang!

Suddenly, a sound rang from inside of him. He swung his eyes open. His face was full of happiness.

"Half-eternal!" Bai Chen muttered to himself. His eyes glowed. He did not expect that the fruits would be able to speed up his training this much. It had only been an hour.

Then, he was ready to go home. It was almost noon. He wanted to go back for lunch with his children and family. It was always a good and happy time for him.

Even so, he did not forget his objective. He would never forget it. If he did, that meant he would never be able to go back to his parallel world. He would never have a chance to be with his loved ones again. Bai Chen would not let that happen.

Bai Chen leapt up into the sky. He was about to be fully invisible when he heard a loud growl.

"Animal! You are the man who killed Tao Xuen of the Flaming Ocean, right?" It was the lord of the Flaming Ocean sect. He had arrived.

Once he got here, the first thing that he did was spread out his psychic power; he found that there was a man left on the mountain. That was why it was easy to guess that this one man was certainly Tao Xuen's killer and the one who had gotten a hold of the thousand-year fruits.

"Answer me!" Seeing Bai Chen go quiet, the sect lord was full of rage. He emitted a scorching aura.

"Why do I have to?" Bai Chen said and flicked his hand. The air around the sect lord started to compress violently.

The sect lord's heart skipped a beat. However, he was not a coward, so he immediately thought about what to do next.

He quickly dashed out in one direction, away from where the constrictive air was.

Chapter 633 Impossible!

Seeing the sect lord trying to flee from the crushing air, Bai Chen blinked at him. Did he think he would be able to run away? That was definitely impossible!

"What?!?" It was just like that. The lord of the Flaming Ocean sect could not move an inch. His facial expression changed drastically. Even if he was not a coward in anyway, this was too much for him not to be scared.

He felt his heart tense up. He knew right away that this opponent was a scary one.

"W...Wait, my fellow Taoist!" The sect lord quickly yelled out. It was unfortunate that Bai Chen did not pay any attention to him.

"AGHHH!" Suddenly, the air crushed him to bits.

His painful voice sounded for a short while before it faded away along with his body. The sect lord was killed quite easily!

If he knew that he was going to die, he would not have come here no matter how angry he was with the man who'd killed Tao Xuen or how much he wanted the fruit.

Seeing him dead, Bai Chen did not want to stay here any longer. Yet, he did not expect to hear a growl from afar. "Animal! Are you the man who killed Jin Chuang from the Stone Net sect?"

Bai Chen raised his eyebrow up high. The words were strangely familiar.

Of course, he'd heard them just now from the Flaming Ocean sect lord. He did not expect to hear it again from none other than the Stone Net sect lord.

The Stone Net sect lord thought the same as the Flaming Ocean sect lord—that Bai Chen was the man who'd killed Jin Chuang and who'd gotten hold of the thousand-year fruits.

Bai Chen looked at the Stone Net sect lord who was rushing quickly towards him and reached out his hand.

In a flash, beautiful silver flames leapt towards the sect lord.

The sect lord halted for a moment before growling. "Huh! You think that weak flames can do anything?!?"

Then, however, his face was suddenly full of fear when he realised that the flames were actually terrifying. He also realised that he did not have the power to defend himself from it.

How could he not be scared? Then, however, it was too late to dodge now.

Swoosh!

The silver flames leapt at him. He did not even have the time to scream before he was turned into ashes!

His arrival had lasted only for a second and he had now died in vain!

"I...Impossible!" There was a man who saw everything and exclaimed with his shaky voice. It was the head of the Future Organisation. He had just arrived here and witnessed what happened.

Two master realm cultivators, the lord of the Flaming Ocean sect and the Stone Net sect, were easily killed. They did not even have a chance to dodge or resist.

"I...I have to run away!" The head of the organisation who was at stage level 11, as strong as the sect lords, would not be able to fight on equal footing with Bai Chen. He only had his only chance to flee.

If he did not, he would have ended up as pitifully as the sect lords.

Once he had decided, he did not hesitate to turn back. However, he could not dash out because his vision had started to slant.

The head of the organisation was terrified, and it was his last fear. His head and body were separated and dropped to the ground.

It was Bai Chen's doing. He'd killed the head of the Future Organisation. He knew that he had come here to kill and that was the reason why he killed him now to avoid troubles that would happen afterwards.

Bai Chen did not forget to destroy the corpse and head home. It took him only a short time.

"Papa!" Once he got inside the house, little Bai Lua Er in a cute yellow dress called out and walked towards him. She had the stuffed white bunny in her arms.

"Papa, let's go eat. The aunties are waiting." Bai Lua Er smiled cutely.

Bai Chen smiled happily. He took Bai Lua Er's hand and led her to the dining room.

There were a great many dishes on the table that smelled very good. Everyone was sitting there.

"Father." Bai In Ye quickly waved her hand for Bai Chen to sit beside her.

Bai Xue Chen smiled and so were Xu Er Er and Xu Xin Tong. It was a very warm atmosphere.

Bai Chen did not waste time. He quickly took Bai Lua Er to the side of Bai In Ye, his second daughter.

They started to eat happily. They talked and laughed in the dining room. It was obviously a good time with a great deal of happiness.

After the meal, Bai Chen played with his children in the living room. Xu Er Er washed the dishes with Xu Xin Tong's help.

It was finally nighttime when Xu Xin Tong walked up to Bai Chen, who was watching TV in the room. He would wait until his children went to bed before he searched for a good place to train and meditate. He was not in a hurry anymore since he was a half-eternal already.

"Brother-in-law," Xu Xin Tong called him.

Bai Chen turned to her. "Is something the matter?"

Xu Xin Tong nodded and sat at Bai Chen's side. "Yes."

"What is it?" Bai Chen asked.

Xu Xin Tong hesitated before speaking. "Umm... I would like you to take Er Er out. She's done so many things for us and rarely goes out anywhere. She didn't have a chance to spend her teenaged life as she should have. That's why I'd like her to go."

Bai Chen felt sad as he listened to her. It was just like what Xu Xin Tong said. Xu Er Er's life had been a tough one. She had had to take care of so many lives at home. She would not have been able to do it if she was not a diligent and patient person.

"I understand. I'll take her out somewhere." Bai Chen said. He wanted to repay her since she had been taking care of his children all these times. He got up and thanked Xu Xin Tong before he left.

"Thank you for asking me."

Xu Xin Tong halted before smiling. She had never liked any man except Bai Chen, her brother-in-law. She knew now that he was the middle-aged man who'd saved her from Hei Chang, the assassin in Xing Zhou city!

#### Chapter 634 A Date With Xu Er Er

Xu Er Er was sitting absent-mindedly in front of the house. She was looking up at the sky where there were flying cars around.

"Er Er." Suddenly, a voice called out to her. She snapped back to reality and turned to its source.

"Big brother."

Seeing that it was Bai Chen, her eyes sparkled. She quickly stood up.

Bai Chen dressed nicely for going out: pants, a t-shirt, and an unbuttoned shirt.

"What is it?" She asked enthusiastically.

"Do you want to go out with me?" Bai Chen smiled slightly at her.

Xu Er Er halted. Her facial expression showed surprise. Then, it was full of happiness and she quickly accepted. "Yes. Please wait for me. I'll go take a shower and change."

She ran inside the house without waiting for Bai Chen to reply.

Bai Chen only smiled and waited for her.

Half an hour later, Xu Er Er came back out with a beautiful purple skirt and an orange, long-sleeved t-shirt. She'd let her hair down and put on some make-up. She was very charming today.

"These clothes greatly suit you," Bai Chen complimented her and stood up. He looked at her kindly.

"Really?" Xu Er Er smiled happily.

"Really." Bai Chen smiled. "Should we get going?"

"Yes, big brother." Xu Er Er did not have a problem with that. She looked especially excited when she walked out with Bai Chen.

After they left, Xu Xin Tong walked out to the front and looked at them. She muttered, "Have fun, Er Er. I know you've been in love with him for a long time..."

.....

Half an hour later, Bai Chen took Xu Er Er to the most expensive five-star restaurant in Beijing. He had already booked a table while Xu Er Er was getting dressed. Even though the food here was pricey, he would do anything to make Xu Er Er happy.

"Big brother, this is very expensive..." Xu Er Er muttered while following Bai Chen inside with a waiter leading them.

She knew that it was very costly here. The reservation price alone was expensive enough; no need to mention the price of the food. However, everything was worth it with their exclusive service, nice scenery, and delicious food. Ordinary restaurants could not be compared to this one.

"It's fine. It's just one meal." Bai Chen smiled slightly. He did not care much about the price of the food.

Shortly after that, they were at their table. It was the one next to the window with a nice view of Beijing.

Bai Chen pulled the chair out for Xu Er Er. Her heart skipped a beat. She sat down with her flushed face. It was obvious that she was shy.

The waiter was jealous of Bai Chen. He thought that Bai Chen was a sugar daddy since he was sporting his middle-aged man appearance. Even though he was very good-looking and neat without any wrinkles, he was still a middle-aged man.

"This is your menu." After they were seated, the waiter gave them the menu.

Bai Chen ordered 4 to 5 dishes and some drinks. He actually offered the menu to Xu Er Er, but she shook her head and refused. She smiled at him. Bai Chen could only smile wryly back; he ordered everything himself. The waiter took back the menu and quickly managed everything.

"It's beautiful here," Bai Chen said and looked out of the window.

"Yes. Very beautiful," Xu Er Er agreed because the view was really beautiful. She smiled happily. This might be the happiest smile that she had had in years.

They were talking to each other happily for some time and the food started to arrive. Everything was beautifully decorated and looked so delicious. The smell of the food really stimulated the appetite.

Bai Chen ordered an expensive red wine. Then, they started to dig in.

"So delicious." Xu Er Er could not help but say this while moved a piece of fried beef into her mouth.

"Yeah, really delicious." Bai Chen nodded.

About half an hour later, they finished eating. They were about to settle the bill when 2 handsome men in neat suits walked in. They seemed to be at around 25 to 26 years old.

Judging from how they dress and their faces, it was obvious that they were wealthy.

Both of them stopped at Bai Chen's table. They did not look at Bai Chen but Xu Er Er. Their eyes sparkled when they saw that she was a beautiful lady.

"Pretty lady, want to join our table?" One of them said. He completely ignored Bai Chen.

"Yeah, let's go. It's better than being with this old man." The other man spoke. He glanced in disgust at Bai Chen once. It was unbelievable that this old man would be with someone as pretty as Xu Er Er.

"I'm sorry, but I don't want to!" Xu Er Er spoke coldly. She would not like someone who talked bad about Bai Chen.

"You dare to refuse me?" The first man's face grew dim. "Do you know who I am?"

Then, the manager of the restaurant walked up to them. "Welcome, young master Feng Kien and young master Chien Koo."

He smiled ear to ear. When he knew that these two came, he rushed out to welcome them by himself. These two men were not ordinary. They were the sons of the Feng and the Chien family, 2 of the 5 big families of Beijing.

"Manager Chieng, you're here." Feng Kien smirked. It was easier that the manager was here.

"How can I be of your service, sir?" Manager Chieng asked enthusiastically.

"I want this girl to accompany me into the private room," Feng Kien shamelessly told him.

Bai Chen's eyes had been cold all this time, but he did not do anything. He was too lazy for it.

"Er Er, let's go."

"Yes." Xu Er Er did not want to stay here any longer. They quickly got up and walked out to settle the bill.

They did not expect that the manager would stop them. "Where are you going? Didn't you hear what young master Feng said? He wants her to accompany him and she has to go!"

The manager was not scared of anything since it was his place and everyone here was his men.

"What's that?" Bai Chen raised his foot and kicked the manager so hard, he bounced away and hit the wall. Blood gushed out of the wound on his head.

"Aghh!" He cried out painfully. However, no one except them noticed this because Bai Chen had already hidden them all from everyone else.

"How dare you?" Feng Kien and Chien Koo were alarmed. Then, that was changed to anger.

#### Chapter 635 Leave

Bai Chen shook his head at Feng Kien and Chien Koo's words before kicking them. They were not that different from the manager now. They cried out in pain.

"Let's go." Bai Chen ignored them and led the way out. He did not even want to pay for the food anymore since they should be compensated due to all the ruckus anyway.

Xu Er Er glanced at the men and could not help but sigh. She thought that they should not have done this to themselves. Then, she quickly followed Bai Chen out.

However, before they left the restaurant, an old man in casual clothes appeared in front of them.

"Young man, I know you're a cultivator, but doing this in my restaurant—don't you think you're crossing the line?!?" The old man said while emitting his terrifying aura out of him. It was obvious that he was a stage level 11!

Being at stage level 11, he was not afraid of anyone!

Bai Chen knew that there was a stage level 11 here in the restaurant, but he did not pay attention to it. He did not expect him to come and pick a fight like this. When he'd made everyone unaware of the situation just now, that limitation had not been extended to stage level 11.

Bai Chen had intentionally let him witness everything, so that he would think about teaching his men a lesson. This was an unexpected turn of events.

Bai Chen knew that this old man was the owner of this restaurant because he was in his office on the top floor.

"Get lost!" Bai Chen shouted coldly. It made the old man very angry.

"You asked for it!" He growled as he was about to land a blow.

Bai Chen laughed. "It's you who asked for it!"

If the other wanted to hurt him, Bai Chen would not have mercy. He made Xu Er Er unaware of what was to come before raising his hand and pushing it forward. Suddenly, silver immortal qi dashed at the old man.

The old man trembled. His face changed colour right away after realising how terrifying the immortal qi was.

"S...Spare me!" The old man screeched. He was full of fear. He did not expect to pick a fight with an immortal realm cultivator!

He knew now that Bai Chen was an immortal realm cultivator. That was why he was scared to the point that he had to beg for his life.

It was unfortunate that Bai Chen had not planned to have mercy on him in the first place. The immortal qi crushed the old man into dust. He died instantly because of his ego.

Bai Chen stopped concealing the scene. Xu Er Er could now see him again. She asked in confusion, "Where's that old man?"

"He's gone." Bai Chen did not say much about it and led her out of the restaurant. He treated her to a movie and anywhere she wanted to go. Then, the both of them went back home happily.

The next day had come. Bai Chen had breakfast with everyone before training in his eternal truth of time in his room.

Three months went by. Bai Chen's eternal truth of time had improved a lot during this time. It was almost at level 10, and he was also almost at the eternal level.

Bai Chen was delighted!

During the past 3 months, Bai Chen had not only focused on his training and meditation, but he'd also spent quality times with his family in this parallel world. Every day had gone by with a great deal of happiness.

"Father, I'm going shopping with Auntie Er Er." Bai Chen was sitting in the garden in front of the house when Bai In Ye walked up to him.

"Be careful out there." Bai Chen stroked her hair kindly.

"I will." Bai In Ye smiled back before going back inside. Shortly after that, she went out again with Xu Er Er.

Bai Chen looked at them, and at that moment, his facial expression had to change drastically since he could sense a strong aura that spread across Beijing!

"This aura...a cultivator...no, a stage!" Bai Chen suddenly vanished and appeared again in the sky. He kicked the air and dashed out with all his might to where the source of the strong aura was.

It took him only a short amount of time to reach the source. He saw a man standing in mid-air. He was in a seven-coloured outfit. The left sleeve fluttered against the wind. It was obvious that he had no left arm.

His eyes and hair were all in 7 colours, just like his clothes. His aura clearly indicated that he was at stage level 12, which was equal to a tertiary immortal cultivator!

"Finally, I, Sette Colori, am out!" Seven voices sounded at the same time. These voices were from Sette Colori.

After staying in the glass container for 10 years, he could finally come out.

"Huh?" Suddenly, he sensed something and turned towards it.

Then, he was stupefied. His eyes almost popped out of their sockets. He trembled violently.

"B...Bai Chen!" His voices shook. Clearly what he saw was Bai Chen.

"How are you still alive?"

Bai Chen also halted. However, knowing that Sette Colori knew him and was in a panic, along with his words—"How are you still alive?"—it was not difficult to guess who he was.

"Are you the Numbers?" He asked. He was quite confident that this was likely to be the Numbers that Namiana had been talking about.

Bai Chen did not know that Sette Colori was not only 1, but 7 of the Numbers combined.

Sette Colori tried to calm himself down. He looked at Bai Chen from head to toe and found that he was still at the tertiary immortal level. Then, his intent to kill shone brighter in his heart.

"I didn't expect that you'd still be here. However, this is good. I can kill you again!" Sette Colori spoke coldly. "Do you dare to fight me alone? If yes, follow me."

Then, Sette Colori flicked his hand and opened a dimensional portal. He stepped inside.

Bai Chen did not expect the other party to challenge him. Of course, he had no fear. He was about to reach the eternal level anyway!

#### Chapter 636 The Fight In The White Dimension

He did not even hesitate before he followed Sette Colori into the dimensional portal.

His body slowly faded away along with the portal. The sky turned back to normal.

Bai Chen appeared again in a white dimension. There was nothing here except him and Sette Colori. Sette Colori was standing in the centre of it with his malicious face.

"It looks like you're still as brave as ever," Sette Colori said. The 7 voices echoed around the white dimension. The air shook and was distorted.

"However, even so, you'll still have to die under my feet like before. I'll take my revenge for my left arm that you took!" Sette Colori growled loudly before emitting all of his power. His body was enveloped in a terrifying seven-coloured aura.

The aura was so mad. Only its appearance could force the air here to distort and tremble very violently!

"Take this. Ice Fang!" He growled and slammed his right hand forward.

A gigantic freezing-cold fang rushed at Bai Chen.

Bai Chen's face changed colour immediately. He did not plan to underestimate Sette Colori because they were at the same level. Of course, their power would be equal.

Bai Chen exploded his silver immortal qi out from his body and controlled it with both hands. He created a strong, silver barrier to defend himself from the ice fang.

Boom!

The fang hit the barrier and exploded violently. There were black cracks everywhere in the white dimension.

The air around was crushed to bits. White smoke lingered and blocked the line of sight.

"This one too! Wind Arrow!" Sette Colori did not care if the smoke was blocking his sight. He continued to attack.

A hundred green arrows that were packed with strong, violent wind appeared in front of Sette Colori.

They leapt at the white smoke.

Bai Chen was on the other side of the white smoke. He sensed a grave danger befalling him. He did not hesitate to emit more of his silver immortal qi to strengthen the barrier that was half destroyed from before. It was now full again and more powerful.

Boom! Boom!...Boom!

Suddenly, the sound of many arrows hitting the barrier could be heard. Yet, Bai Chen's immortal qi barrier did not fret. The hits only left some cracks on it. Bai Chen continued to step backwards as the attacks came.

"Unharmd?" Sette Colori was quite surprised when the white smoke was gone and he saw that Bai Chen was not hurt at all from his attacks.

"It seems like I need more power!" Sette Colori's right hand produced scorching crimson flames.

"Flames of Abyss!" Sette Colori quickly waved his hand.

Bai Chen's face was emotionless as the enormous, terrifying ball of flames was dashing towards him. He let go of the barrier. He did not plan to be on the defense throughout the fight.

Before the flames hit him, he vanished from where he'd been standing like a ghost. There was no trace of him, not even a shadow.

With that, the attack missed the target. The flames only hit the emptiness.

"Do you think I don't know that you're coming for me?!?" Seeing that, Sette Colori exploded more of his power out. "Earth Wall!"

A second later, 4 earth walls appeared and surrounded him in all 4 directions.

Bai Chen did not care about it one bit. He raised his fist. The silver immortal qi glowed brightly. The faint shadow of a fist appeared right when he had thrown his fist at the wall.

Boom!

Bai Chen's punch crushed the wall to dust.

Sette Colori's face changed colour. He was about to dodge, but it was too late. Bai Chen's fist landed on his chest.

"AGHHH!" He screamed painfully. His body bounced off as if it was a tightrope that was cut. His blood, which was 7 colours, gushed out of his mouth.

Thud!

Sette Colori's body fell and slid across the white ground. It was pitiful.

"You...I'll kill you!" His rage was at its peak. He was furious. His mad killing aura was emitted from him.

His twisted face showed a great intent to kill. He raised his hand. The sky growled very loudly and terrifying purple lightning appeared on his palm. He did not hesitate to slam it at Bai Chen.

Bai Chen dodged quickly and deftly. Landing a blow on him was difficult.

The terrifying purple lightning dashed out of Sette Colori's hand. It was a shame that it missed its target. If Bai Chen had been hit, he would have been gravely injured.

"Damn it!" Sette Colori exclaimed. "Let's see how long you can keep up with this!"

At that moment, Sette Colori's body was embraced with a golden light. It might look like a sacred light, but it was actually full of madness and rage that was always ready to kill!

Seeing that, Bai Chen tensed up. In the blink of an eye, a fist hit his chest. He was sent off quite far away. His face showed so much pain. Blood seeped out of the corner of his mouth.

Bai Chen quickly flipped his body around. He did not expect Sette Colori to be so fast!

#### Chapter 637 True Power

After flipping and landing on his feet, Bai Chen did not stand still since he could still sense a danger behind him. He quickly vanished in an evasive move.

Sette Colori's punch crushed the air. It was a powerful one covered with golden light.

"Huh." Seeing that Bai Chen dodged it, Sette Colori gritted his teeth with dissatisfaction. Then, he had to twist his body to the side with his discoloured face because of Bai Chen's kick from behind.

He did not expect the other party to be able to dodge it. He immediately slammed another foot at Sette Colori.

This time, Sette Colori did not avoid it. He smirked maliciously and countered Bai Chen.

Suddenly, a physical fight began. They hit each other with hands and feet very violently. They refused to lose!

Each of the hits had a great impact on the white dimension. It trembled unstoppably. Then, Sette Colori missed and was kicked directly at the face.

"AGHHH!" He bounced off. His screamed echoed around the area. His teeth threw off his mouth along with his seven-coloured blood.

"Bai Chen!" Sette Colori was full of rage. His voice sounded mad.

At that moment, Sette Colori's seven-coloured aura was emitted out of him. His crooked face was so malicious. "I'll kill you with my true power!"

The voice echoed out. It was packed full of his immense intent to kill. The white dimension shook violently. It was all Sette Colori's doing.

With all of his power, the white dimension would not be able to withstand it. Sette Colori's killing aura was intense.

In the blink of an eye, his body was enveloped in darkness and vanished.

Bai Chen's facial expression changed drastically. His heart was squeezed tightly. Then, he tried hard to calm himself down.

Sette Colori had decided to go all out. Then, he also had no excuse to not do that as well. His silver immortal qi gushed out of him like a raging storm.

It was as if the white dimension was about to crumble down.

Bai Chen's eyes were closing. He spread out his psychic power around him.

The reason why he did not spread it out widely was because he thought that Sette Colori would definitely come for him. He just did not know from which direction.

That was why it was easier to detect when he landed his attacks.

At that moment, a terrifying black spear flew out from the emptiness. It was aimed at Bai Chen's chest, where his heart was!

This was such a cruel attack. Sette Colori intended to kill Bai Chen in one blow!

Bai Chen's heart skipped a beat, but his face was still as calm as before. He did not plan to dodge the attack. He simply reached out his hand and let out his silver immortal qi. It formed a sharp blade.

Clang!

The sound of iron striking iron was very loud. The black spear was hit by the white blade, which changed its direction. It missed Bai Chen.

Bai Chen did not waste his time. He waved his hand. His silver immortal qi was getting stronger every time he did that. Now, it formed a furious wave of energy and dashed at the emptiness in front of it.

"Damn!" An exclamation sounded from where the wave hit. It was Sette Colori. He quickly dodged the attack. The energy wave missed its target and crushed the air instead.

"Die!" After that, Sette Colori appeared behind Bai Chen. He waved his hand and the power of 7 colours leapt out.

It was a combination of the power of ice, fire, wind, earth, thunder, light, and darkness!

It was so powerful that it was scary. As soon as it came out, the air shook very madly around them. The white dimension cracked and started to show darkness behind it!

Bai Chen quickly turned around. His facial expression grew slightly dim as he saw the seven-coloured energy leaping at him so fast.

Even him, a tertiary immortal cultivator, had to look closely or he would not have been able to catch it at all.

"Come at me!" Bai Chen growled. His whole body was still embraced with the silver immortal qi. He was not afraid of the seven-coloured energy. He raised both of his arms to guard.

However, his qi barrier was shattered in a flash. It could not withstand Sette Colori's power!

Sette Colori was happy to see that. He smirked disdainfully and thought that Bai Chen must have already been dead. There was no way he could have survived it.

However, he was wrong. Bai Chen vanished at the very last second before the seven-coloured wave hit him.

"Impossible?!" Sette Colori exclaimed with disbelief. He did not expect that Bai Chen would be able to flee from his attack. How did it happen? This was so beyond him.

The attack just now was his full power from all 7 people in him!

"What's impossible?" Bai Chen appeared again in front of him. His face was completely cold. He did not hesitate to throw a fist that was covered with his silver immortal qi at Sette Colori's face!

### Chapter 638 Doom

Sette Colori was alarmed. He did not hesitate to dodge Bai Chen's fist.

However, he was a little too slow. The punch hit his face.

Thud!

Sette Colori's face turned sideways and he bounced off. All of his teeth came out of his mouth along with the seven-coloured blood. His painful scream sounded.

"AGHHH!"

It was Sette Colori. He was in a great deal of pain, like never before.

This punch on the face was truly painful. It was a lot more painful than the kick earlier. He could lie about anything, but pain.

Bai Chen did not waste his chance. While Sette Colori was still floating in mid-air, he dashed at him and burst his rich spirit qi out to his foot and kicked Sette Colori hard.

Boom!

With that, Sette Colori was down to the ground. A great deal of blood gushed out of his mouth.

Sette Colori's face was now very pale and full of pain. He broke into a cold sweat. He was soaked in it.

"AGHHH!" His painful cry echoed in the white dimension again. This one was even louder than the ones before.

Bai Chen raised his foot and stomped on Sette Colori's chest without mercy!

This fight had been settled. Bai Chen had prevailed and Sette Colori had lost!

"Y... You!" Sette Colori did not want to believe that he had lost. He had never thought that he would lose. Yet, he could not deny it. He just lost to Bai Chen, the man he had killed once.

"You what?" Bai Chen put more strength into his foot on Sette Colori's chest. Sette Colori cried out so pitifully. His face twisted with a great deal of pain.

"I'll kill you!" Due to either his anger or pain, Sette Colori gathered the last bit of his power inside of him. The seven-coloured aura shone brightly and terrifyingly.

He looked at Bai Chen as if he was about to devour him whole. His seven-coloured eyes were now red.

Sette Colori brought out all of his power to kill Bai Chen. He tried to push Bai Chen's foot on his chest away, but it did not move an inch.

"Your struggle is in vain!" Bai Chen's voice was cold. At this moment, he was obviously stronger than Sette Colori. There was no way that he could resist him.

"Don't joke with me!" Sette Colori growled at the top of his lungs angrily. He was embraced with his own killing aura. He was not scared at all. He still tried to let out his power as much as he could to push Bai Chen's foot away.

The result was still the same. He could not even move Bai Chen's foot.

"Stop writhing!" Bai Chen said before stomping on Sette Colori's chest violently. The seven-coloured blood gushed out of his mouth like a fountain. He cried painfully and loudly.

"Are you ready to die?" Bai Chen asked coldly.

"Die?" Sette Colori's facial expression suddenly changed into a wicked one, like that of a madman's. "I'm great. I'm Sette Colori. How could I die? I'm immortal! There's no way!"

Bai Chen could only shake his head before flicking his hand. The silver immortal qi formed a thread and cut Sette Colori's head off. His blood splattered out.

"Ah..." Sette Colori's face showed surprise. He did not want to believe that he would die here at the hands of the man he had killed once before.

Suddenly, his face turned blank. The head rolled on the floor. The seven-coloured eyes started to turn dim. His heart stopped beating at the moment when his breath stuttered.

Sette Colori was dead. The powerful opponent from the far-off future who'd killed him in this parallel world had died!

Bai Chen looked at Sette Colori's corpse emotionlessly. Then, he waved his hand.

The corpse was immediately engulfed in silver flames. It took a short time to turn the whole body to ashes. This was literally his doom. He was dead, without even a body left to be buried!

"Huh?" Bai Chen did not expect to see a black crystal under the pile of ashes.

Bai Chen frowned with curiosity before picking it up. He could feel an immense power in his hand.

"This is...?!?" Bai Chen was stupefied. It was just like the core of the beasts in the celestial world. Of course, it was not the same, merely similar.

This was because it was from a human body after being burnt to ashes.

No, calling his a human body was not exactly right, since Sette Colori was the combination of all 7 Numbers that had been created by Infinity Zero.

Bai Chen tried to suppress his surprise. His eyes glowed when he looked at the black crystal.

With it, he strongly believed that he should be able to reach the eternal level!

"Eternal level...." Bai Chen muttered. His body was very excited thinking about reaching the eternal level—the level that was equal to Infinity Zero's!

Bai Chen sat down and started to absorb the immense power inside the black crystal.

The absorption began. A raging black aura flowed into Bai Chen's body.

The aura was indescribably scorching hot, so that anyone below the tertiary immortal level would not be able to withstand it and would be melted completely away!

With his incredible absorption speed, Bai Chen's power was getting stronger and faster!

#### Chapter 639 Wrong Decision

An hour later, Bai In Ye and Xu Er Er came back home after their shopping trip. They were holding a great many shopping bags with a happy face.

However, their happiness was gone when they saw 2 luxurious cars in front of their home with 4 people surrounded them.

Two of them were familiar to Xu Er Er. They were Feng Kien and Chien Koo, whom she had met at the restaurant yesterday.

Feng Kien and Chien Koo's faces were slightly pale. They had bandages on their heads. It was obviously the wounds they'd gotten from the fight yesterday.

"You are..." Xu Er Er quickly pulled Bai In Ye behind her. It was not difficult to guess that they were here for revenge.

However, she did not fear because Bai Chen was inside the house. She knew that they would be knocked out by him again.

"Uncle Shai, this wicked woman dared to refuse my invitation and was with the man who hurt me." Feng Kien looked angrily at Xu Er Er. He talked to the middle-aged man beside him.

The middle-aged man was in a black suit. He looked at Xu Er Er coldly. "How dare a lowly one like you to refuse my nephew!"

Feng Shai emitted his black aura. He was not an ordinary person. He was a stage level 5.

"It's her, Uncle Hang." Chien Koo was no different. He also pointed at Xu Er Er and spoke to his uncle.

Chien Koo's uncle was in casual clothes. He looked at Xu Er Er with wicked eyes. He was also a stage level 5.

"I'll deal with her. I'll put her in your bed and let you play with her until you're satisfied!" Chien Hang spoke shamelessly.

Then, his eyes widened at seeing that Xu Er Er and Bai In Ye were gone. They were no longer where they had been standing a moment ago.

"What did you just say?" A cold voice sounded. It was none other than Bai Chen.

He had just gotten out of the white dimension. He did not expect to hear such malicious words from Chien Hang. He did not hesitate to send Xu Er Er and Bai In Ye inside the house, so that he could deal with these people. He stood where they had been.

Chien Hang was still surprised about how Xu Er Er and Bai In Ye had vanished and Bai Chen was here in their stead. Even so, he still spoke with his cold voice. "Who are you?"

"It's him. The man who hurt me and Feng Kien!" Chien Koo was as surprised as him. However, as soon as he saw Bai Chen, he woke everyone up from that.

"So, it's you who hurt my nephew." Feng Shai adjusted his facial expression and spoke coldly.

Bai Chen did not want to waste his precious time with these useless people. He swept his eyes past all of them.

Suddenly, they were frozen. Their faces showed fear.

In the blink of an eye, their bodies dissolved into dust and was blown away by the breeze. They were dead. Of course, they regretted that they came here in the first place.

They died because of their egos due to being in a big family. If they were not one of their members, they would probably still be alive.

Bai Chen did not feel anything about killing 4 people. He did not forget to destroy the cars in front of his house before going inside. Bai Chen's aura had changed a lot. It was too deep to interpret.

His ordinary-looking eyes now flashed with a mysterious glow from time to time. He was not a tertiary immortal cultivator anymore. He was a primary eternal one!

Yes. He was a full-fledged eternal cultivator!

He was now equal to Infinity Zero!

"Father." Bai In Ye ran over to him with a smile while looking at the front. She asked curiously, "What about them?"

Bai Chen smiled back and stroked her hair. "I drove them away."

"Serves you right! You talked bad to auntie!" Bai In Ye grinned widely. It was obvious that she was not at all surprised at being sent inside the house with Xu Er Er. She knew that it was her father's strong power that had done it.

"Father." The cute little Bai Lua Er ran towards him "Auntie Er Er said that lunch is ready."

"Then, let's go." Bai Chen took his daughters' hands and led them to the dining room.

.....

It was months after Bai Chen had dealt with the Chiens and the Fengs.

Bai Chen had been focusing on strengthening his eternal truth of time, and it was now at level 10!

He could now travel through time, be it the past, the present, or the future!

Bai Chen had also reached the secondary stage of the eternal level!

Yes. He was a secondary eternal cultivator. It was thanks to the big change here that had produced a great deal of plasma radiation in the air.

Without it, in only a matter of months, he would not have become this advanced.

Also, the celestial punishment was not that strong in this world comparing to the celestial world's, otherwise it would not have been this easy.

"It's time." Bai Chen was in a black suit and was sitting inside his bedroom. He was not sporting his middle-aged appearance anymore. He was now using his 18-year-old appearance.

The reason that he said 'It's time' was because he was ready to change the past and bring the him of this world back to life, so that he could finally go back to his parallel world.

However, Bai Chen did not want to just leave. He wanted to inform Xu Er Er first. There was no particular reason for it. He just wanted to.

To be honest, it had been very happy times with his family here, and the memories that he had made here would be imprinted on him forever.

Once he had decided, Bai Chen got up from his bed and walked over to Xu Er Er's room.

#### Chapter 640 Change The Past

Inside Xu Er Er's room, she sat on her bed absent-mindedly, as if she was thinking about something. A knock on the door woke her up. She looked at the door, wondering who it was, and got up.

"Big brother." She saw Bai Chen there. He was not a middle-aged man anymore, but an 18-year-old boy.

"I have something important to talk to you about," Bai Chen said with a serious face.

Xu Er Er halted a little before inviting Bai Chen into her room. They sat opposite each other.

"What is it, big brother?" Xu Er Er asked while looking at his young face.

"I have to go," Bai Chen said with a serious voice.

"What's this? Where are you going?!" Xu Er Er asked anxiously. Her facial expression changed drastically.

"The past." Bai Chen looked into Xu Er Er's eyes. "I'll change it. I won't let those investors come here to change anything, so that the me of this world or even my wives won't have to die!"

"Y...You can do that? Really?!" Xu Er Er jumped up in alarm. Her beautiful eyes widened in disbelief.

Bai Chen smiled slightly. "Yes. That's why this is our good-bye."

"Big brother..." Xu Er Er did not know how to feel about this. She was confused. She would be happy if what Bai Chen said was true.

This was because she also wanted to meet her sister and the wives again, including her parents and the Xu family that had been destroyed. However, she was also sad that she would not have a chance to meet this Bai Chen again.

Even though they were Bai Chen, they were different, since they were from different parallel worlds.

"Don't be sad. I'm very happy I got to spend time with everyone here." Bai Chen got up from his chair and patted Xu Er Er's head. She was a little taller than him since he was only 18 years old now.

"Big brother..." Tears ran down Xu Er Er's cheeks. She hugged Bai Chen.

He halted a little before smiling kindly and stroking her hair.

"Don't cry. You'll see me in this parallel world again and the memory of me will be gone. Thus, please don't be sad," Bai Chen consoled her.

"It's not the same!" Xu Er Er shouted in Bai Chen arms. "It's not the same. You are you and the other version of you is another one. Even though you're the same person..."

He interrupted before she could finish. "Er Er!"

Xu Er Er trembled. She cried even harder. She knew that what she said was wrong, but she could not help it since she loved this Bai Chen more than the one before!

"Er Er, it's time to say good-bye. I wish you the best." Bai Chen pushed Xu Er Er away from his embrace and smiled kindly.

Xu Er Er sobbed for a while before trying to suppress it. She took a deep breath as if she had made her decision. "Understood. However, can I ask for one thing?"

"Of course." Bai Chen did not hesitate to make this promise. If he could do it, he would.

"Please don't make me forget what happened. I don't want to forget, big brother. Not the time I spent with you!" Xu Er Er said with a serious voice.

Hearing that, Bai Chen could not help but fall silent. He hesitated to grant her what she wished for since it would only make her miserable.

He thought for a while before nodding. If she wanted it, he would grant it to her.

"Thank you, big brother. I'll never forget about you!" Xu Er Er dashed toward him and kissed him on his lips. Then, her face flushed red. She ran out of the room, leaving Bai Chen stupefied.

"This girl..." He finally smiled and shook his head. The kiss just now had been soft and had been accompanied by a nice fragrance.

"I think this is time to go." Bai Chen used the eternal truth of time to open the time portal and stepped inside.

He wanted to travel back to 10 years ago, one day before Bai Chen died, to change the past. He would not let the him of this parallel world die!

.....

The portal opened and Bai Chen, in a black suit, stepped out of it. He looked around and found that everything was very familiar. It was Xing Xiang park.

It was the year 2027. Bai Chen spread out his psychic power and found the him of this parallel world with Li Lin. They were probably on a date.

Li Lin was even more beautiful and mature than when she was 18 years old. She was now 28 years old, a full-grown adult.

"Come here," he called out to him softly. Bai Chen quickly turned to him.

When he saw himself, he halted and trembled. Then, he took a deep breath and turned to talk to Li Lin before walking up to him.

He was now within Bai Chen's radius, where he had created his own area from his power without having to be afraid that anyone would see him.

"You're from the future?" The him of this parallel world asked curiously. He knew right away that this man was himself.

Bai Chen nodded. "Yes."

"What happened?" He asked. He was not a fool. He knew that something must be up.

Bai Chen did not hesitate to tell him the whole truth from when he had been dragged into in parallel world.

After hearing everything, the Bai Chen of this world shook. His face was very pale like that of a corpse's and broke into a sweat. He clenched his fists while swallowing his saliva down into his dry throat.

"I...Is this true?" He asked with his trembling voice.

"Yes," Bai Chen answered solemnly. "However, worry not. I'm here. There shouldn't be any more problems."

Hearing that, the other one sighed with great relief.

"I only wanted to tell you this. Take Li Lin somewhere else. I'll wait for them here," Bai Chen said while looking kindly at Li Lin.

"Understood. Thank you very much. Thank you." He thanked himself from the bottom of his heart.
