

Life Changing 641

Chapter 641 Return To Parallel World

Bai Chen nodded to accept the thanks from the him of this parallel world. As soon as the other him turned around in order to walk back to Li Lin, Bai Chen could not help but speak.

"Take good care of Er Er. If you make her sad, even if you're me, I'll still kill you!"

Hearing that, the other him halted. He did not turn back when he replied firmly, "I promise. If I ever make Er Er sad, you don't even have to come here—I'd end my own life!

"Good!" Bai Chen was truly satisfied. He looked at his other self walking back to Li Lin. They said something to each other and eventually left the park.

Bai Chen did not go anywhere. He merely waited for the Numbers to come. No, the man he was waiting for was actually Sette Colori. He was the one who'd killed the him of this world, so that was why he would have to be the one to come.

Bai Chen stood still. He waited there for the whole day before the man he was waiting for finally arrived. The sky started to crack open, but ordinary people could not see it. Bai Chen was the only one who could see it.

He did not wait until anyone came out of the crack in the sky. He dashed toward it right away. He was very fast. Once he got inside, he forced the crack to close.

Inside the dimension, Bai Chen stood still while looking at the man in front of him who seemed to be very surprised. It was Sette Colori.

"You!" Sette Colori pointed at Bai Chen. "You're Bai Chen!"

Sette Colori did not expect Bai Chen to come to him by himself.

"It's me," Bai Chen said. Who would he be if not himself? "And I'm the man who'll kill you!"

Suddenly, the silver immortal qi leapt out from his hand towards Sette Colori. Sette Colori was very quiet. He did not think that Bai Chen would initiate the fight now.

However, this was good for him. He smirked maliciously. "Kill me? Try it!"

His seven-coloured aura was quickly emitted from his body, hoping to destroy Bai Chen's silver immortal qi. However, it was ripped to shreds.

"What?!?" Sette Colori was so alarmed, his face changed colour. He thought about dodging, but it was a shame that his decision was made too late. The silver immortal qi cut his body in half immediately!

Sette Colori's eyes widened. His face showed utmost disbelief. An extreme pain struck him. His seven-coloured blood splattered everywhere.

"You..." He did not think that he would lose so easily and after a single blow. The spark of life in his eyes started to fade away.

Bai Chen did not wait for the body to drop. He sent out silver flames and burnt it so there was absolutely nothing remaining!

Once he took care of Sette Colori, Bai Chen could feel that he was being dragged back to his own parallel world. He did not resist it. He started to dissolve into white particles and fade away...

.....

Time in this parallel world was still flowing as usual. Ten years later, inside a luxurious house, the very same one that Bai Chen had bought, a beautiful woman in her thirties was standing in front of it. She was wearing a purple dress topped with an orange long-sleeved shirt.

She was none other than Xu Er Er.

"Big brother..." Xu Er Er looked at her house and could not help but sigh. She still retained the memories of all the changes. She was the only one who knew that the world had once been in a state-of-the-art stage with flying cars, futuristic weapons, and cutting-edge buildings.

Even though everything had been modernised, it was nothing compared to what she recalled in her memories.

"This is for the best..." Xu Er Er smiled. Tears ran down her cheeks.

"Er Er." The Bai Chen of this parallel world walked up to her. "You're here again?"

Xu Er Er wiped away her tears and turned to him. "Big brother."

"It's been a long time. You still remember everything?" Bai Chen asked.

Xu Er Er shook her head. "I can't forget. If I did, he would have been completely forgotten!"

"If he knew that Xu Er Er is sad, he wouldn't be happy." Bai Chen sighed. He was Bai Chen, too. That was why he knew that his other self would not have been happy if he knew.

"I know," Xu Er Er admitted. She could not help it anyway.

Bai Chen sighed before saying good-bye to Xu Er Er and leaving.

Xu Er Er turned to look at the house again and muttered to herself, "Big brother, are we going to meet again?"

.....

He did not know how much time had passed since he had been dissolved into white particles. He came to when he heard a familiar voice. "Welcome back, Bai Chen."

Bai Chen looked at the source of the voice. It was Namiana. She was still at the same place, the path in the dimension, and behind her was the destroyed path. She looked at him with a slight smile.

He did not know why he felt so warm at seeing her smile.

"Namiana, thank you," Bai Chen said. He knew that without her guide, he would not have been able to make it back.

Namiana halted a little before nodding. Then, her facial expression switched to a serious one.

"We should go. To the far-off future where Infinity Zero is!" Bai Chen did not hesitate to nod.

At that moment, a rift appeared above the destroyed path. A figure walked out of it. It was familiar to Bai Chen since he was Sette Colori!

Bai Chen and Namiana turned to look at him.

They were not surprised about it at all.

Once he came out of the rift, Sette Colori looked at Bai Chen and Namiana and frowned.

"Namiana, what are you doing here?" Namiana did not reply. She knew that it was not necessary since Bai Chen was about to initiate a fight.

Bai Chen's hand slammed out. A gigantic silver hand appeared and rushed at Sette Colori.

He was a little surprised before he smirked. "You're Bai Chen. You ask for your death!"

He swung his hand out. The seven-coloured sura appeared and formed a giant fist.

However, it was crushed to bits very easily by the silver hand!

"What?!?" Seeing that, Sette Colori's eyes almost popped out of their sockets. He did not want to believe it.

Chapter 642 A Face Revealed

His disbelief was only there for a second. Sette Colori knew full well that he would be dead if he did not mount an evasive manoeuvre. He brought out all of his power and was about to evade with all his might.

However, that silver hand was even faster!

"N... No way!" His voice echoed out in every direction. The gigantic hand slammed at him and crushed him into lumps of flesh. He was killed very easily. He could not fight against it at all.

However, it was only normal since Bai Chen was a secondary eternal cultivator now. Killing a stage level 12 was an easy task.

Namiana was not surprised about it. She knew that Sette Colori could not fight Bai Chen on equal footing anyway.

She knew that much because the Sette Colori in another parallel world was the same.

"We should go. It's been delayed for too long already." Namiana looked at Bai Chen and told him this. Her eyes sparkled mysteriously. She could see professor Bai, the man who took care of her in the future, in Bai Chen, and she knew that that professor Bai was the reincarnated Bai Chen.

That was why she did not hesitate to choose Bai Chen when she had the chance!

It was obviously not a coincidence. She had chosen him because she wanted to!

Bai Chen nodded. He had no problem with it. "Let's go."

Namiana did not say anything more. She chose to use the path that Sette Colori had just opened since it was safer than forcing a crossing of the destroyed path. She stepped inside with no hesitation and vanished.

Bai Chen quickly followed her. Soon, there was no one left in the dimension.

.....

"The Numbers failed?!?"

A loud voice sounded within the infinite darkness. It was Infinity Zero. He was still on his sparkling white throne. He was in his usual luxurious and glistening white robe.

His face was still unclear, as if it was covered with a thick fog. There was a golden crown on his head. However, it was unstable, like it was a flickering hologram.

Infinity Zero was still the same as ever.

"Damn it!" Infinity Zero exclaimed. Rage fired up in his heart. "How can he be so tough?!?"

Suddenly, Infinity Zero jumped up to his feet and took off his white robe, revealing white traditional Chinese clothing inside. Not only that, but his face was also revealed.

He had such a handsome and sweet face, like that of a woman's. His eyes were red. His hair and eyebrows were white like snow. The golden crown changed to silver. His overall image was clear now.

This was the true appearance of Infinity Zero!

"Bai Chen, I guess I'll have to deal with you myself!" Infinity Zero growled loudly. His voice echoed everywhere. His hair fluttered, even though there was no wind.

Then, he vanished.

In the blink of an eye, he appeared again among the stars and planets in the universe. One of them was Earth. There were also the sun, the moon, and other celestial bodies.

"Just you wait, Bai Chen, I'll force myself to cross that destroyed path to you!" Infinity Zero growled coldly. He quickly ripped the dimension apart with both hands and jumped inside. His body was embraced by a great white aura.

The intent to kill that he had for Bai Chen was emitted so copiously out of him that the air around his was distorted.

.....

Up on a mountain, a dimensional rift appeared and 2 figures stepped out of it. They were Bai Chen and Namiana. It was obvious that they had already arrived in the far-off future where Infinity Zero resided!

"This place is...?" Bai Chen asked after the rift was gone.

"Fan Jia mountain," Namiana answered. "It's the highest mountain in China now. You can see the whole of Beijing from here."

Bai Chen nodded. He stepped to the edge and looked down. He was surprised.

What he saw was a big town that was even more modernised than the parallel world that he was in. Flying cars and spaceships here were more advanced.

There were a great many flying cars and spaceships in the sky. There were also skyscrapers that almost touched the clouds.

"This is the year 3145, the Buddhist era, and is a future very far from your time," Namiana walked up to him and explained.

"However, we'll leave those matters for now. I'll take you to the place that will help with your training. You have to reach the tertiary eternal level as soon as you can, so that you can take down my father!"

Bai Chen quickly replied, "All right."

Of course, he wanted to get rid of Infinity Zero very much, so that he would be able to finally go back to living happily in his time and not having to face something very dangerous like this ever again.

Infinity Zero was his strongest enemy yet. He knew that it would not be easy.

Even so, he still believed that he would be able to defeat him once he got to the tertiary eternal level, the level that was equal to Infinity Zero's!

"Follow me." Namiana vanished without a trace. She was very good at hiding her aura. No one would be able to detect her at all.

Bai Chen did not hesitate to follow her. He vanished as well.

In a simple dimension, 2 figures leapt forward at an equal speed.

Bai Chen was right behind Namiana. He did not dare to go slower because he was afraid he would not be able to catch up.

Namiana did not hold back on her speed since she needed Bai Chen to grow stronger within a short period of time or Infinity Zero would realise what they had been up to. If that happened, they would have to face a huge problem that would be difficult to handle!

Chapter 643 The Tertiary Eternal Level

A short while after he started following Namiana, Bai Chen saw a mountain. Even though it was not as high as Fan Jia mountain, it was still considered very high, and it was located in the centre of the forest.

There were a great many trees around it. The air was fresh. This was probably the place with the freshest air in China right now.

Namiana led Bai Chen to the summit. She landed and stood still.

"Bai Chen, train inside that cave. It'll help you level up faster." Namiana indicated it by pointing. "Until you reach the tertiary eternal level, don't leave the cave. I have some business to attend to."

Bai Chen looked at where Namiana pointed and saw a cave. He nodded. His face was serious. "No problem."

After he said that, he walked into the cave without hesitation.

Namiana looked at Bai Chen's back as he walked away and nodded with satisfaction. Before she went away, the smile that appeared on her face showed both happiness and grief.

Of course, Bai Chen knew that Namiana was gone. However, he did not have time to ask about where she was going. What he had to do now was train.

When he got inside the cave, Bai Chen immediately started his practice lockdown, and he did not plan to get out of it until he became a tertiary eternal cultivator!

.....

Above the vast blue sky, a figure in white traditional Chinese clothes appeared. He exclaimed. "Damn it. Where is that bastard Bai Chen?"

It was loud, but it did not distract any advanced flying cars or spaceships around him at all.

"It's been a month since I, this Infinity Zero, have been searching for him!" It was obvious that he was Infinity Zero. It seemed to have been a month since he'd forced himself to cross the destroyed path in search for Bai Chen.

It was a shame that he had not been able to discover him. However, with his rage, he would not give up. He had been to a great many time periods until a month had passed.

The result was still the same. He could not find Bai Chen anywhere. He had not seen even a shadow of him. Finally, he went back to his world, where he was a god-like figure.

"I better leave it for now. I need to recover," Infinity Zero said to himself. He was injured and lost a great deal of power when he forced himself to cross the destroyed path.

He only wanted to recover first, then he would go back to searching again.

Once he had decided, Infinity Zero did not hesitate to rush back to his lair. Then, he halted as if he'd tripped up against an invisible wall. He could not continue forward.

Infinity Zero's face changed colour. His eyes widened. His eyebrows knitted tightly and muttered in alarm, "This aura—how is it possible?!?"

Infinity Zero could sense that someone was about to reach the tertiary eternal level!

There was no one who had reached this level in this world. He was the only stage level 13 here who was equal to that level!

"Who is it!?" Infinity Zero cried out. He would not let anyone become his equal. He would forever be the strongest one here. There was no necessity for a second person.

"I must interfere!" Infinity Zero's killing aura was at its boiling point. He changed direction to where the man he sensed was.

He did not hold back on his speed at all. He rushed out with all his might.

It was worth it, since this was necessary.

In the blink of an eye, Infinity Zero's body vanished. He only left a mirage.

Shortly after that, he appeared again on the mountain where Bai Chen was.

"Blast it!" He cried out when he realised that the man had already reached the level!

"This is madness. How is this possible?!?"

Boom!

Suddenly, the cave on the mountain exploded. A man in a black suit jumped out of it. He had a black and white hair, parted in the middle. His black eyes glowed mysteriously as if they were an abyss of emptiness.

His aura was that of a man who had been in this world for forever!

The man was Bai Chen. He'd spent a month reaching the tertiary eternal level!

It was not too long, yet not too short either.

'Finally, this day has come!' Bai Chen thought excitedly. This was the day that he was finally equal to Infinity Zero!

When he saw that someone had jumped out of the exploded cave, Infinity Zero's eyes almost popped out of their sockets. His breath stopped for a second. His body suddenly trembled.

"It's you, Bai Chen!"

His shout contained disbelief. He recognised Bai Chen right away.

Bai Chen stopped in mid-air. His facial expression changed when he saw Infinity Zero. Even though he had never seen him with his face revealed, he knew that it was definitely him.

He was quite sure. The aura that was emitted from the man indicated that he was a stage level 13!

"Infinity Zero!" Bai Chen spoke coldly. He was not at all surprised.

He had foreseen the arrival of Infinity Zero. He must have detected that someone was becoming his equal and that was why he'd rushed here.

"How could this be?" Infinity Zero quickly suppressed his surprise and disbelief. He stared at Bai Chen.

Bai Chen was not scared of him since he was now at the same level as Infinity Zero. He spoke calmly. "Why can't it be me? I'm ready to take you down here and now to end everything!"

"Take me down?" Hearing that, Infinity Zero's face instantly grew dim. His face turned cold. His lips twisted. "Do you think you have what it takes?"

Chapter 644 The End Of The Last Fight

"Why wouldn't I?" Bai Chen asked calmly. He was his equal now. That was why he did not think even a second that he would not be able to fight Infinity Zero on equal footing.

"Arrogant!" Infinity Zero spoke coldly through his teeth. He opened up his palm and slammed it forward.

Suddenly, the area around them changed. It turned into a deserted plain with debris and dead trees that had been there for centuries.

Bai Chen was a little surprised at what had happened. He narrowed his eyes and looked at Infinity Zero. He thought that Infinity Zero had brought him here because he wanted to kill him here.

"This is End planet, where you'll be killed. Your life will end here and nowhere else!"

His words were very cold. A strange white aura started to be emitted from him.

This white aura brought along such an immense pressure, making the air in the End planet go mad!

Bai Chen's face was calm, yet his eyes shone with determination and solemnity. It would be a lie to say that he was not stressed since Infinity Zero was a tough opponent.

The other party was hard to take down. He could be easily killed if he let his guard down for just a second.

However, he was not scared of Infinity Zero even one bit!

A killing aura started to come out of Bai Chen. "Arrogant or not, you'll see!"

"Good! You're great, Bai Chen. I'll make you realise how different we are!" Infinity Zero growled loudly. He clenched his fist. The gigantic shadow of a fist appeared behind him, letting out a terrifying aura.

"Die!"

The shadow dashed out at the same time as when Infinity Zero threw out his fist.

Bai Chen's facial expression changed a little when he felt that invisible hands were grabbing his feet. However, that did not stop him.

His immortal qi...no, his eternal qi...gushed out of him like a raging storm.

He dodged the shadow. It crashed into the debris behind him. The debris suddenly turned to ashes!

It was obvious that Infinity Zero's power was extremely terrifying.

"You can dodge that?" Infinity Zero's brows twitched to see that his attack missed Bai Chen.

"Why not?" Bai Chen provoked him. Then, it was his turn to attack. He threw his fist like Infinity Zero had done. The huge shadow of a fist dashed out at Infinity Zero.

"You dare to copy me?" Infinity Zero was angry to see that. He exploded his aura out so violently it made the ground and the sky shake as if they were crumbling down.

He slashed his hand out. At that moment, his white aura leapt out and crushed Bai Chen's fist shadow to bits.

Bai Chen's face turned dim while looking at his fist shadow being destroyed.

After watching for a moment, he tapped his foot and leapt towards Infinity Zero. All ten of his fingers were engulfed in silver flames. He flicked them out and created ten terrifying silver flaming threads that dashed out at Infinity Zero.

Infinity Zero's facial expression changed a bit. He exclaimed aloud and dodged.

The flaming threads missed their target and hit the dead trees at the back. They were cut into pieces and burnt to ashes before those were blown away by the wind.

Seeing that, Bai Chen narrowed his eyes. His rich eternal qi gushed out of him. The atmosphere trembled very madly, as if it was tumbling down.

"Infinity Zero!" Bai Chen cried out to motivate himself. He dashed out like an arrow to where Infinity Zero was.

Infinity Zero was not afraid. He said coldly through his teeth, "Come!"

At that moment, his immense killing aura was spread out everywhere. The air was distorted and exploded. The ground shook terrifyingly.

An aura shield as clear as glass appeared in Infinity Zero's hands. It seemed very strong.

When Bai Chen came into his attack radius, Infinity Zero smirked maliciously and threw his powerful fist out.

Bai Chen's face was calm, yet very cold. He was here to attack, so he was not afraid of the other's punch. He raised his fist that was covered with scorching silver flames and threw it out at Infinity Zero's.

Boom!

Their fists hit each other. The air exploded violently. White smoke was everywhere. The ground where Infinity Zero was standing was cracked open.

Before he sank into the rift, Infinity Zero jumped backwards. Bai Chen did the same.

Their faces showed pain for a second. Blood seeped out of Bai Chen's hand and dripped onto the ground. As for Infinity Zero, his hand was slightly burnt.

It was obvious that both of them had been injured by the collision.

"Bai Chen, it seems I can't underestimate you." Infinity Zero stared at Bai Chen. There was nothing in his eyes but his intent to kill.

He knew full well that he was not that much stronger than Bai Chen since Bai Chen was at a tertiary eternal level, which was equal to him as a stage level 13. Underestimating him was something he should not do.

Bai Chen fell silent. He did not say anything. His eyes merely indicated how ready he was to kill Infinity Zero with everything he had!

"I'll be a little more serious this time!" Infinity Zero muttered. It was as if he was talking to himself, but he intentionally let Bai Chen hear.

Even so, he still thought that he was a little stronger than Bai Chen. Due to this, he did not think about using all of his power.

He only had to power up a little more. That would be enough to take Bai Chen's life!

Infinity Zero believed this to be so!

Chapter 645 The Strongest In The World

Once he had decided to be a little more serious about the fight, Infinity Zero did not hesitate to emit even more of the white and translucent aura that was like jade from his body.

It was very beautiful. As soon as it came out, it shimmered blindingly bright.

However, it was utterly terrifying. An immense pressure was packed inside of it. Its energy wave gushed out and it very clearly affected the air around it.

"Jade form!" Infinity Zero murmured softly. The white translucent aura that covered his body started to constrict. Finally, it formed a hardened jade that flashed in the meagre sunlight.

Infinity Zero looked at both of his arms and saw that they had been hardened like the rest of his body parts. He smirked. It was a malicious smirk.

The atmosphere around him was utterly terrifying. With his strengthened body, he thought that he would be able to kill Bai Chen. There was no need for him to go all out.

He thought that there was no one in this world who was worthy of his full power, be it in the past, the present, or the future.

He was very confident because he was the strongest man in this world!

And he would forever be!

Seeing his hardened body, Bai Chen's face changed colour slightly. He thought that he would have been able to injure the other party if he put half of his power into the attack.

If not, hurting Infinity Zero right now would be as hard as climbing up toward heaven!

"Bai Chen, are you ready to be granted death by me, Infinity Zero?" Infinity Zero slowly walked up to Bai Chen.

Bai Chen frowned, yet he did not say anything. He only emitted more of his eternal qi.

This time, it was more than half of his full power. Hence, his body was enveloped in glowing silver eternal qi. He was sparkling.

"If you have the guts, I'm ready at any time!" Bai Chen challenged him. It was rather like he was aggravating him.

Bai Chen was certain that, with this much power, he would be able to hurt him easily.

"All right, here I come!" Of course, Infinity Zero would not tolerate the challenge. He growled coldly through his teeth and dashed at Bai Chen.

Bai Chen did not fret. His face was calm, yet very cold. He also dashed out.

In the blink of an eye, they hit each other with fists, feet, and heads!

The physical fight between both of them went on violently. The whole area trembled madly, as if everything was crumbling down. The particles in the air broke apart. The ground was destroyed, and the sky exploded. The area turned into a black dimension!

Everything was completely destroyed. If it was where people had lived, there would have been a lot of casualties.

This was because the fight was the most violent one yet.

Boom!

Boom!

Boom!

Each explosion caused the air inside the black dimension to break. The destructive power was extremely terrifying. Both of them were in a pitiful state.

Bai Chen's black suit was torn. The corners of his mouth were dyed red with blood, as were his arms.

Infinity Zero was quiet the same. His white clothes were torn and soaked with blood. Both of his arms were also drenched with blood. Some portions of the bones in his arms could be seen.

Even so, they still continued to grit their teeth and fight. Neither one gave up.

Infinity Zero's facial expression grew more and more malicious. He was full of rage as if somebody had murdered his loved ones. It was certain that he put more power into each attack.

"Bai Chen, you have to die today no matter what!" He growled loudly. He was covered with a terrifying white aura. He was glowing blindly. A powerful fist lunged out at Bai Chen.

Bai Chen dodged at the last minute. He countered with a great force.

Infinity Zero did not dodge. He used his forehead to counter it.

Boom!

Bai Chen's fist hit Infinity Zero's forehead very violently. However, Infinity Zero was unharmed. It was Bai Chen who had to bounce backwards with the pain in his hand.

He looked at Infinity Zero and saw that his forehead was enveloped in a powerful energy.

"This power..." Bai Chen's face turned serious at seeing that Infinity Zero had already emitted almost all of his power.

Infinity Zero right now was quite frighteningly calm. He did not say anything and merely emitted his terrifying white aura. The air inside the black dimension shook like never before.

Vibrations spread all over the place. Bai Chen could feel the pressure, but only slightly. He quickly exploded out his power to counter Infinity Zero.

The collision of the 2 powers occurred. The dimension could barely withstand it and broke into a disastrous emptiness!

Then, Bai Chen realised that Infinity Zero was gone. It was so fast that even Bai Chen had barely been able to notice his disappearance.

Bai Chen vanished. He thought that he would do the same as well.

Boom!

Suddenly, the fight between a silver and a white light began. They hit each other and bounced off before continuing the cycle. Every collision was scary and utterly rocked this chaotic emptiness!

Chapter 646 Universe!

"Bai Chen!"

"Infinity Zero!"

Their voices intertwined during the fight for their lives. They called out each other's name.

Bai Chen and Infinity Zero's fists were so worn out, the bones could be seen and were soaked with blood.

It was such a terrifying sight to see—the most dreadful one at that.

Boom!

At that moment, Infinity Zero's powerful fist hit Bai Chen's chest. Bai Chen bounced away. His lips parted and blood gushed out of his mouth. His face showed a great deal of pain.

Bai Chen realised that several of his ribs had been broken, but it was still no problem for him since the eternal qi helped him. Then, he flipped back in the air and stopped.

"Agh!"

Bai Chen coughed up another large chunk of blood. His face turned pale. Yet, the fire in his eyes had not died down. Instead, it grew even more with greater determination.

Compared to Infinity Zero who possessed none, Bai Chen had more determination.

He really wanted to prevail and go back to live happily with his loved ones: his parents, Xu Xue Ning, Long Xu In, and Li Lin.

He knew that his future would be bright like never before. His daughters and son would be able to see the more beautiful world!

"Cough... cough... Infinity Zero... I'll kill you and go back no matter what!"

Bai Chen clenched his fists while he was still coughing up blood. His eyes glowed determinedly. Then, he exploded out all of his power. His eternal qi was unstoppably emitted.

It was as if his consciousness had gone into the eternal realm!

In there, Bai Chen's eyes widened. The black flames appeared on Bai Chen's left hand, and the white ones on the left.

"The body's eternal. The mind's eternal. And the flames are also eternal!" Bai Chen said. The flames started to grow. A great deal of heat that could blaze down hell and heaven was spread out.

The air seemed to be screaming with fear. It was quite horrendously distorted before it caught on fire.

Seeing that Bai Chen had gone all out, Infinity Zero's face changed colour slightly. He gritted his teeth tightly.

"Good! Now, I don't have to hold back!" His words echoed in the air as he moved both hands.

Great waves of a white aura gushed out and spread all over the place.

In the blink of an eye, the emptiness turned into a white dimension. However, it was there for only a split second before it faded and revealed a vast universe!

Both of them were standing among the stars.

"The universe?" Bai Chen halted. Yet, he did not care much about it. No matter where it was, his ultimate goal was to win and go back!

Boom!

Bai Chen tapped his foot in the air, creating a massive explosion that sent him flying with his maximum speed towards Infinity Zero.

The emptiness around him could not bear it. It broke apart as he flew past.

Both of Bai Chen's hands, which had black and white flames, reached out and clenched into fists. He threw both of them out consecutively.

Swoooooosh!

Like a flying dragon, the black and white flames dashed at Infinity Zero.

Infinity Zero looked at it in awe. He could not help but tense up. Yet, he waved one of his hands as fast as possible to counter it.

"Planet Attack!"

At that moment, a gigantic planet suddenly appeared in front of Infinity Zero.

Boom!

As soon as it did, it leapt out and crashed into the black and white flames.

The result was immediate as the planet was pierced through by the flames and exploded. It was such a terrifying sight.

Even so, the flames still went on and headed towards Infinity Zero.

The man was utterly surprised that the planet that he'd just called out was destroyed so easily.

However, he did not have time for remorse since he had to dodge the flames. His body vanished from where he stood and appeared again not so far from it.

It turned out that he could easily flee from the flames. He was about to smirk.

Then, however, he halted when his face was kicked right in the middle very violently. Infinity Zero was like a football that had been kicked very hard. His blood splattered out like a heavy rain.

The pain was as great as if he had been hit by a giant hammer. His face twisted. He noticed that he'd lost 2 teeth and had ended up with a broken nose!

"Aghhhh!" He could not endure the pain and screamed very loudly.

Bai Chen took this chance to throw another punch at him that was engulfed in white flames, but Infinity Zero flipped and dodged it just in time.

"What a shame..." Bai Chen could not help but mutter.

"Bai Chen!" He suppressed the pain and cried out loud. His fury towards Bai Chen was at its peak. There was no stopping him!

Chapter 647 A Final Showdown (1)

Of course, Bai Chen noticed Infinity Zero's rage was its boiling point, but he did not care about it.

In a fight, it was only normal for people to be furious, including him. He was also angry at Infinity Zero. Also, it was large amount of anger.

Even though it was not as much as what Infinity Zero had for him right now, it was most certainly a great deal.

"Die!" Infinity Zero growled very loudly and furiously while attacking. His killing aura gushed out of him. It was truly terrifying.

His attack brought forth 3 nameless planets that were even bigger than the one before.

The 3 planets leapt towards Bai Chen immediately with an incredible speed. If Bai Chen was crushed by even one of them, he would undoubtedly die!

Bai Chen, however, would not just stand still and wait for them to hit him. His facial expression was the most serious one yet.

However, he had no fear. He dodged the planets with even more speed.

The planets were scary, but they were nothing if they missed their target.

"You!" Seeing that, Infinity Zero gritted his teeth. He did not even know how to feel even angrier than this. He eventually called out 7 more planets and made it 10!

All of them leapt towards Bai Chen with an impressive speed, and Bai Chen dodged every single one of them the same way.

Bai Chen could not find any chance to mount a counterattack. He could only flee and would wait until Infinity Zero grew weaker. This was his plan right now.

Time passed and Infinity Zero started to become exhausted. He panted and noticed that his power was weaker now. The white aura around him glowed less than before.

The planets that he was controlling moved a great deal slower.

'If this continues, I'll be doomed. I have to kill him fast!' He thought. He started to think of a way to kill Bai Chen as soon as possible.

While Infinity Zero was thinking, Bai Chen's eyes glowed. He noticed that Infinity Zero's power had weakened and the planets were all very slow now.

'It's time!' Bai Chen thought before gathering his eternal qi to his hands and making the flames grow even hotter.

After that, he vanished and appeared again behind Infinity Zero.

Infinity Zero's face changed colour. He quickly dashed away. However, it was unfortunate that he was a little too slow. The black and white flames were sent out from Bai Chen's hands toward Infinity Zero's left leg.

Swoooooosh!

His left leg was burnt to ashes immediately!

"AGHHH!" Infinity Zero cried out loudly for the second time. The pain was immense.

Then, he gritted his teeth as he tried to suppress it and dashed away.

Bai Chen did not follow him. He was satisfied with his attack. Now that Infinity Zero had lost one leg, Bai Chen had gained the advantage.

Actually, he wanted to kill Infinity Zero right away, but he could not do that. That was why he'd targeted the leg. Without one of them, Infinity Zero would be greatly weakened.

Victory was just up ahead!

Infinity Zero panted heavily after fleeing. His face was as white as a corpse's.

Beads of cold sweat were all over him. His intent to kill, a killing aura, and vengefulness all shone brightly on his face.

He did not care about the method anymore. He only wanted Bai Chen dead!

He burnt his own stage power to increase his powerful aura. He was a god-like being, but now he was even beyond that!

Madness shook everything. The whole universe shook a great deal, and that included Bai Chen!

Bai Chen's facial expression changed drastically. He did not think that Infinity Zero would have this much power. He did not know that Infinity Zero had sacrificed his stage power to gain this immense power.

"Bai Chen, die!" Infinity Zero growled and dashed at him. He only had 3 minutes to use this immense power.

After that, his stage level would forever be down to 12 and would never go up to 13 again!

If he could not get rid of Bai Chen within 3 minutes, he was doomed!

With his great power, Infinity Zero's speed was even faster than light. He reached Bai Chen in the blink of an eye and punched Bai Chen in his stomach.

Boom!

Bai Chen was like a cut tightrope. He bounced off so far away. Blood splattered out of his mouth. His eyes widened as he felt a great deal of pain. He could not counter since he did not even notice when it had happened.

Infinity Zero's speed was obviously beyond him!

"This is madness," Bai Chen exclaimed. He flipped back and scooted away. He tried to suppress the pain while wiping blood off his lips. He did not know how to deal with Infinity Zero now. That was why he had to pause for breath and think about it first.

However, Infinity Zero had only less than 3 minutes left to use this great power. He would not let the chance go. He quickly followed Bai Chen with a speed that even Bai Chen could not catch up with!

Chapter 648 A Final Showdown (2)

With the speed that was a lot faster than Bai Chen's, Infinity Zero caught up to him in the blink of an eye. He threw his fist at Bai Chen's face.

Boom!

It was an extremely powerful punch. Bai Chen bounced off so far away. His face was soaked with blood. His lips parted and coughed up a great deal of blood. The pain was almost unbearable.

Bai Chen gritted his teeth and endured the pain. He tried to stop himself from flying. However, before he did, he was kicked in the middle of his back and was bounced off again in the opposite direction.

It was such an intense kick. Bai Chen's face twisted with pain. He felt that his back bones were almost broken. Even if they were not broken, they were likely already fractured.

Infinity Zero smiled maliciously. He was quite satisfied. He continued to land his attacks on Bai Chen cold-bloodedly.

Bai Chen could not do anything. He could only let himself be tormented by Infinity Zero!

No one knew why Infinity Zero had not killed him right away, even though he could have done it by now.

"HAHAHA. How is it, Bai Chen? Do you realise now how weak you are? Even with more power, you aren't be able to be my equal because I'm the strongest man in the world!"

Infinity Zero's voice was full of satisfaction, especially when he looked at Bai Chen's 'wrecked' state. Both of his arms were broken and twisted, and so were his legs.

His face was swollen like a pig's. Bai Chen looked very pitiful right now.

Even so, Bai Chen did not cry out. He gritted his teeth and endured the pain. He also used his eternal qi to support his body, so as to not to let it plummet down.

'Is...Isn't there a way to win?' Bai Chen thought. He did not expect that a fight that was on equal footing at first would turn out this way. Infinity Zero had exploded a great power out to handle him, to the point that he was in the state he was in now.

Bai Chen was utterly clueless. He had no clue how to deal with Infinity Zero.

He simply thought that he had lost. He did not even have the strength to resist and counter.

"Don't make that face. I'll kill you right now. HAHAAH!" Infinity Zero laughed madly. He was about to finish the job since he did not want to play with him anymore and his time was almost up.

Infinity Zero dashed towards Bai Chen. He raised his hand and was about to land a fatal blow.

However, before he did, his face started to twist and turn pale. His body shook a great deal.

"N...No way!" Infinity Zero cried out in disbelief.

He could not believe that his 3-minute limit was up!

His stage level decreased very fast. He was now at only stage level 12!

Bai Chen was surprised. He spread his psychic power out to prove what he could sense now. Then, he was delighted since it was true!

He could sense that Infinity Zero's stage level had decreased from 13 to merely 12!

"Damn this!" Infinity Zero exclaimed before stopping the attack. His body twitched and dashed away.

Seeing that, Bai Chen laughed very loudly. He felt that fate did not want him to die just yet. He stared at Infinity Zero. Infinity Zero suddenly halted and stopped. He could not move an inch.

With him being a stage level 12, he would not be able to fight back against Bai Chen's stare.

"Bai Chen, don't be so full of yourself. Release me now and I'll do the same to you!" Infinity Zero tried to be as calm as possible. He knew full well that he could not fight anymore.

That was why he had decided to end this fight by letting Bai Chen go, even though he really wanted to kill him.

An immense regret flashed through Infinity Zero's heart. He thought that he was such a fool not to have killed Bai Chen when he'd had the chance. He should not have played around until now.

"You're letting me go?" Bai Chen asked coldly. He felt like laughing, but he did not. His swollen face, like that of a hog's head, showed his intent to kill.

The chance to kill Infinity Zero was here. How could he let this go?

"I think you don't have the potential to let me go. It is actually the other way around. Of course, I won't let you go free, but I'll let you go to hell!" Every word was piercingly cold.

"You!" Infinity Zero gushed out blood. Then, his expression was full of malice. His crimson eyes were very intense, like a wild animal's. "If I go, I'll drag you down with me!"

Infinity Zero's body grew bigger. It was so bloated that it almost exploded.

He was about to blow himself up!

Seeing that, Bai Chen's face changed colour. His heart was heavy and squeezed tightly. He did not expect that Infinity Zero would decide to do this!

'Danger!' He cried internally. Without hesitation, Bai Chen dashed away from him.

If he did not, he would be the stupidest man on earth. He did not want to die with Infinity Zero.

"Fleeing? Dream on!" Infinity Zero laughed madly. His bloated body finally exploded. The impact was the most terrifyingly destructive force in the world. No, in the universe!

Boom!

The sound of the explosion was extremely loud. The planets and stars that were close by were utterly decimated to the point that they did not even leave a grain of dust behind. The universe was ripped apart wide. It was such a frightful sight!

Due to that, no one could know if Bai Chen was alive or dead!

Chapter 649 Over 10 Years Later In The Celestial World

After Infinity Zero blew himself up, the universe had suffered grave damage. A great many stars and planets were utterly decimated.

A figure was floating among them. He was without clothes and was soaked in fresh blood.

It was as if his body was made out of blood since there was no space left on him that was not red. He was severely and immeasurably injured.

Yet, there was one certain thing. This man was not dead. He was still breathing, even though the breathing was extremely shallow. He would probably be dead within less than 10 minutes.

He was none other than Bai Chen. It was unexpected for him to survive Infinity Zero's suicide bombing. Whether he would survive after this—that was up to fate.

As for Infinity Zero, he was gone from this world. There was no Infinity Zero anymore!

While Bai Chen was floating aimlessly, another figure appeared. It was a woman who was also soaked in blood. She was none other than Namiana.

It was obvious that she was hurt. The injuries were not fatal, but there were a lot.

She went to destroy Infinity Zero's hideout until there was nothing left. Everything that Infinity Zero created had been completely demolished by her!

This was not revenge. It was to uproot everything. She had done everything for Bai Chen—no, for professor Bai.

"Bai Chen, it's good that you're still alive." Namiana smiled and waved her hand. Suddenly, the severely injured Bai Chen was gone in a flash.

After that, she turned back to look at the universe that been torn asunder and the destroyed stars and planets.

"Father, thank you for creating me, and I'm sorry that I'm one of the reasons why you died." She lowered her head. Then, she faded away, leaving the universe empty.

.....

In the Ping Zhou territory located in the celestial world, a multiple-story wooden house was situated on the highest mountain there. It was surrounded by flower and herb gardens. There were a great many fruits. There were also spaces for chickens, pigs, cows, and horses.

Under the clear blue sky, a boy and a girl were chasing an unfortunate chicken. It was a fat one and its feathers were shiny. It clucked very loudly while running away from the children.

"Heehee. You fat chicken, where are you running to? Come to this Wai Ching and let me put you in my herbal soup!" The boy laughed while gaining on the chicken. He was only 10 years old.

He had a cute face that had begun to reveal how handsome he would be in the future. He was in a short-sleeved traditional Chinese outfit.

"Wai Ching, stop right there! That chicken is mine, your big sister!" A girl in a beautiful dress shouted from behind him. She was also 10 years old. Her beauty was outstanding even at a young age.

"Wai Suan Suan, it's first come, first serve!" Wai Ching laughed. He did not care about what the girl had just said.

"You mad little brother, I'll take you down!" The girl pretended to be angry. She laughed and chased after him.

"Those two never do anything but catch chickens for their special menu item." A middle-aged woman in blue shook her head and spoke with her tired voice.

"It's menu, ancestor," A beautiful young woman interrupted.

The middle-aged lady could not help but laugh. "Yes, yes, it's menu. These modern words are so confusing."

The faces of these two women were quite familiar. They were actually Sui Mei Xia and Sui Lien Er of the Glorious Water sect.

"And where is the man who invented these words, Wu Shuang?" Sui Mei Xia turned to the beautiful girl who was sitting on a wooden chair not so far from her. She was arranging flowers in a vase.

From what she had been called, the girl was definitely Zhien Wu Shuang.

Zhien Wu Shuang smiled and replied, "He's out catching some water peacocks. They taste delicious and Suan Suan said that she wanted to eat them. That's why he had to go."

"Why is this family all about eating?" Sui Lien Er joked. She actually salivated a little.

"Teacher, you're drooling." Zhien Wu Shuang smirked cheekily.

Sui Lien Er's cheeks flushed. She felt slightly embarrassed. She quickly wiped the drool off.

"Sui Lien Er and Sui Mie Xia, are you here for free food again?"

Laughter sounded from the sky. He was a man in a sparkling silver outfit with a handsome face. His hair was white and black, parted in the middle. It was Bai Chen.

No, it was actually Bai Chen's consciousness. It was not the real Bai Chen.

Bai Chen was holding 2 water peacocks. They were fat and shiny with blue and white feathers. They had already been slain.

"Bai Chen, you've returned." Sui Lien Er and Sui Mei Xia looked up and spoke.

"Welcome home, dear." Zhien Wu Shuang, who was already done with the flower arrangement, looked up and greeted him with a warm smile.

Calling him 'dear' instead of 'big bro Bai' indicated that they were closer than before. However, that was only normal.

This was because she was now his wife and had had 2 children with him, twins. They were Bai Wai Ching and Bai Wai Suan, both 10 years old.

"I'm back." Bai Chen landed. He smiled when he looked at Zhien Wu Shuang. He'd decided to be her husband because the real Bai Chen had ordered him to take very good care of her and never make her sad.

He could not reject her, and it had been over 10 years now.

"Father!" Bai Wai Suan stopped chasing her brother and the chicken. She quickly ran over to her father.

Seeing that, Bai Wai Ching sped up and finally caught the poor chicken.

"Father, look, I caught a fat chicken. I'll give it to you to cook something nice for mother." Bai Wai Ching laughed happily.

"All right, I'll handle that." Bai Chen smiled back while handing his daughter the water peacocks. She accepted them excitedly, drool coming out.

Chapter 650 Time Flows Like A Stream

At that moment, Bai Chen's facial expression changed. He looked up in one direction. His eyes showed curiosity. He sighed and shook his head before turning back to everyone.

"I'll be back."

Then, his body faded away like a fog without waiting for a reply from anyone.

The rest of them were confused. They did not know why Bai Chen had been in such a rush.

Bai Chen appeared again in the sky above, over 1000 metres from the ground. He looked ahead where 2 figures were standing—one wore a t-shirt, black pants, and black leather shoes.

The other one was a silver-haired woman in a white flowery dress.

"Here at last, main body," Bai Chen said to the man. Yes, he was the real Bai Chen.

Bai Chen smiled at him. Namiana was standing behind him quietly. She acted like a good wife who followed her husband around.

"I'm here." He spoke and looked down below. He saw the twins, Bai Wai Ching and Bai Wai Suan, who were boasting about the things in their hands.

The chicken in the boy's hand still clucked very loudly, and the girl was holding the water peacocks that she'd gotten from her father just now.

"Cute children." Bai Chen spoke kindly. He knew that the children were his consciousness's children, and were considered his, too.

"Bai Chen..." The consciousness spoke and was stopped by the real Bai Chen.

"There's no need to say anything. I understand. You did well, protecting Zhien Wu Shuang and making her so happy." Bai Chen spoke gently. He saw a happy Zhien Wu Shuang looking at the twins.

He had been here for a while and was initially surprised that his consciousness had children with Zhien Wu Shuang. However, he calmed himself down fast.

He knew that the one who'd made a move first was Zhien Wu Shuang. His consciousness was also him and he knew that he would not have been able to reject her. That was why it had ended up like this.

"Stay here and protect Wu Shuang and the children." Bai Chen spoke again. Without waiting for an answer, he faded away along with Namiana.

Seeing that, the consciousness was stupefied for a while before nodding at the air in front of him. He smiled warmly and went back to his family.

.....

In the present world, time flowed like a stream. Five years had passed by in the blink of an eye.

The period was not so short and not so long, but the world had evolved every day. In a wedding dress shop in Beijing, a 23-year-old man was choosing his wedding clothes with his girlfriend for their wedding reception with the help of the shop's employee.

"Which one do you like?" The young man asked his girlfriend. He was a mature, good-looking, cool and collected man. He was trying on a grey suit. It was none other than Bai Chen.

His hair was not black and white anymore. It was shoulder-length and was all black and shiny. It had been 5 years since he had come back from meeting his consciousness in the celestial world.

Before that, Namiana had cured him with a futuristic technology until he was fully recovered.

"If you chose it, I like it," a sweet voice sounded. The girl sported long silver hair. She had a perfect body and was in a light green dress. She was one of the most beautiful women in town. It was Namiana.

She had been following him for 5 years and they'd ended up falling in love. The rest of Bai Chen's lovers had given their approval. Bai Chen now had 4 girlfriends and was about to get married soon. He would marry the four of them at the same time. A small number of invitation cards had been sent out.

Bai Chen had brought Namiana here to choose her wedding dress. As for Li Lin, Long Xu In, and Xu Xue Ning, they had already picked theirs.

"If it's not to your liking, don't blame me." Bai Chen chuckled and continued to choose.

The female employee kept looking at Namiana because Namiana was so gorgeous. She was a flawless foreign woman. The employee wondered where she had come from.

However, she did not dare to ask.

Bai Chen spent a great deal of time, yet he could not make up his mind. They finally decided to hire the famous designer of this shop to tailor one for her. Bai Chen helped a little by informing the designer of what he wanted.

The rest of his lovers had also let him choose their dresses, and they'd ended up the same way.

After that, Bai Chen and Namiana walked out of the most famous wedding dress shop in Beijing.

The sky started to turn black. Bai Chen invited Namiana out for dinner. However, before they did, 2 boys in their twenties walked up to them. They looked familiar to Bai Chen.

"Yang Hao?" Bai Chen looked at one of the boys. He had been his classmate at the university that he'd graduated from last year.

"Bai Chen?" Yang Hao recognised him, too.

He looked very surprised at seeing Bai Chen with a beautiful silver-haired girl.

"Do you know him, Yang Hao?" The other man asked. His face looked very arrogant. He looked at Namiana quite lustfully.

"Yes, Mr. Yu. This is Bai Chen, my classmate at the university." Yang Hao quickly introduced Bai Chen because Mr. Yu, or Yu Fan, was no ordinary man. He was the eldest son of one of the five big families of Beijing, which seemed to be even more powerful than the former ones like the Xu family, the Long family and the Tang family.

"Ah, I see. Hi. I'm Yu Fan. Who's this woman? Is she your friend, too? If so, can you talk her into coming with me? I'll pay you exceedingly well," Yu Fan told Bai Chen shamelessly.

He was not scared of anything or anyone since he was a member of the Yu family. He could do anything he wanted!
