Chapter 651 Just People Asking For Death

Hearing what Yu Fan said, Bai Chen and Namiana did not feel anything.

Bai Chen had already gotten used to this kind of thing. As for Namiana, Yu Fan was not different from an insect. She ignored him completely.

Yang Hao did not think about anything and added, "That's right, Bai Chen. Mr. Yu is very wealthy. You should accept his offer."

"Let's go." Bai Chen ignored him. He did not care about any of them and urged Namiana to leave. He took her hand and led her to where his car was.

Seeing that, Yu Fan was angry. He clenched his fists tightly. There were only a few people who dared to defy him.

"So you want to die?!?" He spoke coldly. Then, he gritted his teeth. "Uncle Lu, I need your help. I want that silver-haired girl. Take care of that man for me!"

"All right," a hoarse voice sounded. Suddenly, a black shadow leapt towards Bai Chen.

Bai Chen sighed tiredly. He flicked his finger to make people around them unaware of what was going to happen. Then, he raised his fist and threw it out to the side.

The black shadow was a middle-aged man in a black Chinese outfit. His facial expression changed. He guarded against the punch with both arms.

As soon as the fist hit him, his face was full of fear.

"No!" He screamed. It was at the same time as his body exploded into dust!

Bai Chen pulled back his arm. The man in black just now was a sky soaring realm cultivator who had tried to kill him with his bad intent. He would not have mercy on anyone like this.

Of course, this included the mastermind. Bai Chen flicked his hand once and Yu Fan's head was cut off from his body. His eyes widened. He died in fear. As for Yang Hao, Bai Chen punched him in the torso, breaking his ribs. He fell unconscious.

Bai Chen was not cold-blooded. He would not kill anyone for no reason. He only killed those who, in his eyes, deserved to die.

He waved his hand and made Yu Fan's body and head dissolve into dust. Then, he took Namiana to a 5-star restaurant for dinner.

Meanwhile, a man in a black traditional Chinese outfit appeared. He looked at the unconscious Yang Hao and the pile of dust on the floor.

"Yu Fan and Wieng Lu—they're dead!" He was scared. He was watching when it had happened. Bai Chen let him see it, otherwise he would not have been able to.

This man was also a sky soaring realm cultivator. He was a member of the Yu family. No, he was more like one of the men behind it.

Actually, the Yu family was a small one, but it had the support of 6 sky soaring realm cultivators in exchange for a lump sum of money every month,

That had pushed the Yu family to the top.

"I have to inform the others." The man did not waste his time. He rushed back to the Yu family's mansion right away.

With his sky soaring speed, he reached the place in a very short time. He quickly went into a secret room with 4 people inside.

They were all middle-aged men in black traditional Chinese clothes.

"You're black, Hu Tien." One of them spoke up when he saw the man rush into the room.

Hu Tien was anxious. He swept his eyes around the room.

"Han Yang, Mang Cha, Yi Chang, Bua Tiao, something big just happened. Yu Fan and Wieng Lu were murdered!" Hu Tien said with his anxious voice.

"What?!?" All 4 of them were alarmed.

"I...Is this true?" Han Yang's voice shook.

"It's true," Hu Tien replied immediately.

Han Yang fell silent. The rest of them were also quiet.

"Tell us the whole story. What happened exactly?" Mang Cha asked.

Hu Tien quickly told them.

Bang!

As soon as he finished, Yi Chang slammed his hand on the table in front of him so hard it broke into dust. "That animal has to pay. How dare he challenge us 6 sky soaring realm cultivators like this?!?"

"That's right. I agree." Bua Tiao nodded in agreement.

"How do we deal with him? He was really strong. He may be a legendary realm cultivator!" Seeing Bai Chen killing 2 men so easily, Hu Tien quickly stated his opinion. He was still afraid of Bai Chen.

"Nonsense. There is no legendary cultivator that young in this world, if he is as you described." Bua Tiao ignored Hu Tien's opinion completely.

"I agree," the rest of them agreed.

Hu Tien could only fall silent. He thought about it for a while and finally agreed with the rest of them. He was not as scared anymore.

"What are we going to do then?" He asked.

They all agreed to avenge Wieng Lu and Yu Fan.

"Of course, we're going to take revenge. Lead us there. With 5 sky soaring realm cultivators, he alone won't be able to fight back, will he?!?" Han Yang was aggressive. His eyes shone with his intent to kill.

"All right." Hu Tien led them to Bai Chen right away.

It was easy since he could recognise Bai Chen's aura.

Shortly after that, 5 sky soaring realm cultivators arrived at where Bai Chen was.

Bai Chen had just finished his dinner with Namiana and was about to go home. He stood in front of his luxurious car. He looked up when he sensed the killing aura that was aimed at him.

Suddenly, he saw 5 middle-aged men in a traditional black Chinese clothing standing in mid-air. They concealed themselves. One of them was the man whom Bai Chen allowed to see the incident that happened.

Namiana also saw them. She looked at Bai Chen before waving her hand.

Swoosh!

A silver aura leapt out of her towards those men.

All of their faces suddenly changed colour, especially Hu Tien's. He was very scared because he could not move an inch.

Regret hit him hard. If he could choose again, he would not have come back here and let what had happened die down.

It was too late now, however—the silver aura crushed him and his men to ashes. They were all dead!

They were just a group of men who had come here to die!

Chapter 652 Getting Closer

Bai Chen smiled wryly at Namiana, who'd just killed 5 men mercilessly, before taking her home.

His home was not far from the Xu family's mansion. He had bought it with his hard-earned money. It was a 2-story house with a beautiful design. Although it was not that big, it was spacious enough. He arrived home within a short period of time.

Bai Chen parked the car and led Namiana inside the house.

"You're back." A beautiful woman in a simple yellow dress was there. She was none other than Li Lin. She was a lot cuter than years ago. She had matured, both physically and personality-wise.

"Yes. Where are Xue Ning and Xu In?" Bai Chen smiled at Li Lin after giving her a hug. He asked about the other two since Li Lin was the only one in the house.

Normally, Xu Xue Ning and Long Xu In would be here, too. They all lived together.

"Xue Ning and Xu In are out shopping." Li Lin answered. She pulled herself out of Bai Chen's embrace and looked at Namiana. "Namiana, was the date fun?"

Namiana nodded and smiled warmly. "It was."

"Let's wait for Xue Ning and Xu In in the living room," Bai Chen said and led them there. Li Lin and Namiana followed him without saying anything.

The living room was not that big, yet it could accommodate enough people as needed. Bai Chen sat on the sofa. Li Lin and Namiana sat down at his side. They talked on some random topics until Xu Xue Ning and Long Xu In came back.

Xu Xue Ning and Long Xu In were older now, but they were even more beautiful, like angels—especially Xu Xue Ning, whose beauty was incomparable.

"What did you buy?" Bai Chen smiled at them. They were holding a great many shopping bags.

"Clothes," Long Xu In answered with a smile. "That's right. I have something for you, too."

"What type are they?" Bai Chen was curious.

"Come and get it. You'll see." Long Xu In held one bag up.

Bai Chen got up from the sofa and walked over to her to get it. He found that it was a luxurious watch.

"Do you like it?" Long Xu In asked. Expectation glowed in her gorgeous eyes.

"Of course. I like everything you pick out for me." He pulled Long Xu In into his embrace and kissed her cheek. That made her happy and a little shy.

She was shy because the rest of the women were watching her. Even though they had been together for quite some time, she was still not used to it.

Xu Xue Ning put her things on the table while looking at Bai Chen and Long Xu In with a smile.

"Now that we're all here, shall we talk about the wedding ceremony?" Xu Xue Ning suggested. She sat down beside Namiana.

"Okay," Li Lin agreed.

"That's a great idea," Namiana also agreed.

"I think that's good," Long Xu In agreed, too.

Bai Chen did not object. He led Long Xu In to sit beside Li Lin.

"Our wedding ceremony will be arranged on Bao Bei island a month from now. We'll invite only our families," Xu Xue Ning said. Everyone had agreed to arrange it like this.

It was the island that had been founded by Bai Chen. He'd renovated and built houses on there. It was a wedding of a man and 4 women, so it could not be held in China as it was against the law, which only allowed one man and one woman to get married. That was why it was necessary to hold the wedding ceremony somewhere else and invite only their families.

Everyone nodded.

"Does anyone want to invite more close friends?" Xu Xue Ning swept her eyes around the room and asked in case anyone wanted to bring more people.

"No," Bai Chen answered first. He did not have anyone else except his parents.

"Me neither, Xue Ning," Long Xu In answered

This was followed by Namiana. "I have no one to invite."

Lastly, Li Lin: "Me neither."

"That's good. Me neither." Xu Xue Ning nodded at everyone. "Anyone have any suggestions about the ceremony?"

"I have some," Long Xu In answered first this time. Then, everyone was completely occupied with the conversation about the wedding that would be hold a month after on Bao Bei island until night fell.

The next day had come. Xu Xue Ning, Li Lin, and Long Xu In left home early since they had to talk about the wedding with their families.

After breakfast with Namiana, Bai Chen asked if she wanted to go take a walk at the nearby park. Of course, she accepted the invitation.

About 20 minutes later, Bai Chen and Namiana arrived at the park by car.

There were not a great many people in the park in the early morning. Some were here for the cool fresh breeze. Some were here to exercise.

Bai Chen and Namiana walked hand in hand along the path. A lot of people looked at them, mostly men. They were jealous of Bai Chen as he was with a very beautiful lady like Namiana.

"Let's go sit over there." After walking for a while, Bai Chen said this when he saw a wooden bench under a big tree.

Namiana nodded and smiled. She would follow Bai Chen anyway.

They sat down on the bench. Bai Chen looked up at the sky. "Time flies, huh?"

"You're right." Namiana agreed. She also thought that time passed so quickly since she chose Bai Chen to be her owner when she was the ninth Life Changing System. Then, he had to complete a great many missions until he was part of the war of the system owners. He had been dragged to another parallel world, and finally, he'd gotten rid of Infinity Zero.

"What do you think about staying here with me?" Bai Chen asked. This was the question that had been in his mind for a long time.

Namiana looked him in the eye and smiled. "I'm happy to be with you."

Bai Chen halted. Then, he smiled. "I see."

He put his arm around Namiana and pulled her into his embrace. "I'm happy to hear it."

"Our wedding is close," Namiana said. Her eyes sparkled. She could not wait to be at the wedding ceremony.

However, this was only normal. There was probably no woman in this world who would not look forward to her wedding day.

"Almost there." Bai Chen smiled. He also thought the same.

Chapter 653 The Wedding Ceremony

It was a month later on Bao Bei Island, which was located in the ocean not so far from mainland China. It was a medium-sized island. Bai Chen had found it and immediately built a forcefield around it. He'd named it Bao Bei island.

And his wedding would take place here.

There were beautiful decorations and seats for guests on the beach. The sky was sparkling bright. The breeze was cool and fresh. It was good for both body and soul.

A young man in a white wedding suit was standing in front of an arch. Behind him was a priest. He had been invited to be the master of ceremonies.

The man in white was none other than Bai Chen. His face showed many happy smiles.

There were guests sitting in front of him. They were all familiar faces: Bai Chang and Bai Yu, Li Lin's mother, Li Yu, general Huang Qian, the old man Xu Sien Yi, Xu San Zhien, Xu Jing Xie, Xu Xin Tong, Xu Er Er, Long Wu Lei, Long Shen, and Long Mi Xie, Long Xu In's mother.

As for the fathers of the brides, they were also there. They had to escort the brides into the ceremony.

Li Cong Tian was arm in arm with Li Lin, his only daughter. She was in a beautiful wedding dress with a white veil.

Beside them were Long Wen Rui and Long Xu In. She was also in a gorgeous wedding dress with a veil.

Next to them were Xu Sin Xiao and Xu Xue Ning. Like Li Lin and Long Xu In, she also had a veil on her.

The last one next to Xu Xue Ning was Namiana. She was dressed the same way as all of them.

As for the man she was with—it was none other than Infinity Zero!

However, this was not the real Infinity Zero. It had been created from her strong power of illusion. This Infinity Zero would disappear once the day was over.

Namiana did this because he was her father. Even though they had not been close, she still wanted him to be with her on her wedding day.

The 4 brides and their fathers walked up to Bai Chen.

Once they were in front of Bai Chen, Li Cong Tian, Long Wen Rui, Xu Sin Xiao, and Infinity Zero smiled at him. Then, they went back to their seats.

Bai Chen walked over to his brides when the priest behind them started to talk.

"Bai Chen, will you take Li Lin, Long Xu In, Xu Xue Ning, and Namiana to be your wives and promise to be true to them in good times and in bad, in sickness and in health? Will you love and honour them all the days of your life?"

Bai Chen nodded. "I do."

The priest turned to the brides. "Li Lin, Long Xu In, Xu Xue Ning, and Namiana, will you take Bai Chen to be your husband and promise to be true to him in good times and in bad, in sickness and in health? Would you love and honour him all the days of your life?"

"I do." Li Lin, Long Xu In, Xu Xue Ning, and Namiana nodded without hesitation. Then, Bai Chen put rings on their finger and kissed them...

.....

It was nighttime. The wedding ceremony was finished, as well as the after party. It was time for the wedding night.

With 4 brides and only 1 groom, Bai Chen had to choose which one he would spend the night with first. He had chosen Li Lin because she was the first girl he had fallen in love with. That was why it was the right thing to do.

Bai Chen stood in front of Li Lin's room. He smiled before opening the door and going inside.

It would be a long night for Bai Chen, but it would also be the happiest night for him!

.....

Meanwhile, a small party had been arranged on the beach by the fathers of the brides.

Li Cong Tian's face was very red. He held a glass of liquor in his hand. "I'll be so lonely because my baby girl is married."

"You're right." Xu Sin Xiao strongly agreed. His face was also red. He gulped down the liquor in his hand.

Long Wen Rui was quiet. He kept on drinking.

As for Infinity Zero, he was silent and was simply enjoying the liquor. His face was emotionless. Yet, confusion flashed in his eyes.

There was no explanation why he had consciousness, even though he was only an illusion that had been created by Namiana. Even Namiana did not know about this.

"What about you, Mr. Zero?" Li Cong Tian bit into a piece of fried chicken and asked.

Infinity Zero did not answer immediately. However, he eventually replied, "The daughter is wedded. It's a good thing. If she's happy, I'm happy."

It was unexpected to hear this from Infinity Zero, yet it was also normal since he was not the real one. He was only an illusion with the thoughts of a father.

"That's good!" Long Wen Rui, who had been very quiet all this time, could not help but agree. He used a glass to make a toast with Infinity Zero and drank it all up.

Long Wen Rui had done bad to his daughter by trying to force a marriage on her with a man she did not love to strengthen the family. He had been feeling very guilty about it ever since.

That was why he had decided to support her all the way with whatever she wanted to do. This wedding was one of those things, and Bai Chen was such a great man.

"That's right. You sure have your ways with words, Mr. Zero." Xu Sin Xiao asked for a toast as well. He recalled when Xu Xue Ning had been born. She was his first daughter, whom he truly adored. He thought about those sweet little hands that had held onto his hands that day. It was unexpected that she was already married now.

"I hope we'll be able to see our grandchildren soon. We're this old already. I really want to hold one in my arms." Li Cong Tian sighed softly. Everyone agreed, even Infinity Zero.

'A grandchild? It's a shame that I won't be there to see it,' he thought. He knew full well that he had only today.

After this, he would disappear forever!

'Namiana, I wish you happiness.'

If Namiana had heard this, she would have been very happy.

The small party of the fathers still continued on under the starry sky.

Chapter 654 Unexpected Guests

It had been 15 years after the wedding ceremony. Time had flowed like a stream.

The world had evolved a great deal over these past few years. It was a lot different from before.

It was especially bright here on Bao Bei island. It was cloudy, with a slight amount of sunshine.

Bai Chen, who now looked a little older, was standing on the beach. He wore only his swimming shorts, revealing his manly torso. He was watching his children who were having fun in the sea.

It was just like the parallel world that he had gone to. Now he had a son with Xu Xue Ning, Bai Xue Chen, aged 15, a daughter with Long Xu In, Bai In Ye, aged 13, and a daughter with Li Lin, Bai Lua Er, aged 10.

A big difference was that he also had a daughter with Namiana: Bai Yue Na, aged 5.

They were playing very happily in the sea. Bai Xue Chen was the eldest, so he had the duty of taking care of his siblings, especially Bai Yue Na, since she was still very young.

It was such a happy family atmosphere.

Bai Chen was so happy with his life right now. His beautiful wives were beside him.

Li Lin, Long Xu In, Xu Xue Ning, and Namiana looked at their children with a smile. They were all so happy. There was nothing compared to watching their children grow.

Bai Chen and the wives still remembered the day when they were born. Those days were such memorable for parents like them.

"Look at them having so much fun," Xu Xue Ning said with a smile. Time could not do anything to her beauty. She was still the most beautiful lady in Beijing even now.

"Seeing them happy, we're happy too. This is nice." Li Lin laughed happily. She was even more beautiful now that she'd left the cute little Li Lin back then behind.

Namiana smiled. "Yes. It is nice."

Long Xu In smiled kindly. "What about you, Mr. Husband?"

"I agree with everything. How can I possibly defy you?" Bai Chen smiled a little. Of course, he would never do that because he knew that something disastrous would definitely happen!

Hearing that, all four women smiled happily.

At that moment, Bai Chen's facial expression changed slightly. He looked up at the sky.

The rest of them could not detect anything, but an eternal realm cultivator like Bai Chen could. Somebody was trying to rip open the dimension and come out of it.

Where Bai Chen was looking at, a dimension rift was formed. Two hands appeared from it and forced it to open even wider. Shortly after that, there was a rift that was big enough for many people to come through.

Bai Chen was not the only one who could see it anymore. Namiana, Li Lin, Long Xu In, and Xu Xue Ning could now also see it. They looked up at the sky.

"W... What is that?!?" They were quite alarmed at what they were seeing. But the ones who were even more alarmed were the children. They could see it too.

Bai Chen and Namiana looked at each other. They were confused because the aura of the man who'd ripped the dimension apart was very familiar to both of them.

Shortly after that, a man and a woman walked out of the rift.

Everyone except Bai Chen and Namiana went quiet. It was actually Bai Chen and Xu Er Er who'd just walked out of the rift.

"There are 2 papas!" The cute little Bai Lua Er was surprised. Her pretty face showed confusion.

"How can this be?" Bai Xue Chen scratched his head.

"Father..." Bai In Ye's lips parted. She could not figure out what had happened.

As for Bai Yue Na, her lips also parted. Even though she was only 5, she was pretty wise.

Not only the children, but the wives also did the same. They looked at both Bai Chens and saw no difference as they were so alike as if they were long lost twins.

Actually, sometimes even twins were not this similar. They were the same person, so it was only normal that they were the same.

"Dear?" Li Lin could not help but ask.

Bai Chen smiled a little. He was confused at first, but not anymore. The other was surely himself and Xu Er Er from the other parallel world which he had visited. Bai Chen's eyes shone with a little anxiety when he looked at Xu Er Er.

He still remembered their last kiss before he left. He could only shake his head and smile.

"Why are they here?" Namiana asked.

"Do you know them, Namiana?" Long Xu In asked when she heard her.

Namiana nodded and explained the matter briefly to them. Long Xu In, Li Lin, and Xu Xue Ning listened to the story with utmost surprise. They did not expect that parallel worlds were real. Even the children stopped playing and paid attention to the story.

Once the story was over, their eyes shone like stars in the sky. They looked up with excitement.

"There are 2 fathers," Bai Xue Chen suddenly expressed his excitement. "Father, here."

"Father, come here."

"Papa, I'm here."

"Pa."

The children shouted these out.

The other Bai Chen slowly landed on the beach with Xu Er Er. He looked at the children with a smile. He felt both entertained and happy since these were also considered his children.

Xu Er Er had been so quiet. Her eyes were locked at Bai Chen alone. She suddenly got teary-eyed. She had longed to see him for 20 years and now, he was finally in front of her.

"Big brother..." These were the first words that she'd said when they'd met in the parallel world. They were also her first words here.

"Er Er..." Bai Chen called her with his kind voice. His face showed great kindness.

"We haven't seen each other for so long." It was as if they were the only ones in this world.

Xu Er Er smiled happily with tears running down her soft, smooth cheeks. "That's right. It's been a long time."

Chapter 655 The Ongoing Future

"Ahem." The other Bai Chen cleared his throat slightly to pull them from their own world.

"Hello, everyone. I don't have much time, so allow me to cut to the chase."

The other Bai Chen said this. He paused a little before continuing.

"I came here because of Er Er. She has been wanting to meet me from this parallel world. It was a shame that I didn't have enough power to grant her wish. Now that it's been 20 years, I have enough power to finally bring her here."

"We're here now. If you are curious about anything, you can ask her."

When he was done talking, he looked at everyone with a warm smile.

Then, he turned to Xu Er Er who was standing by his side. His eyes were kind. "Er Er, I can only bring you this far. If you miss us, you can just call out to the Bai Chen here for help since he's a level stronger than me anyway."

He patted Xu Er Er's head.

"Thank you, big brother. I'll go back for frequent visits." Xu Er Er's face was still wet with tears. They were happy tears as she was able to see Bai Chen again.

"Good." The other Bai Chen laughed before jumping back into the dimensional rift.

"Until we meet again." He said good-bye before he left.

In the blink of an eye, the rift disappeared along with him.

The other Bai Chen was quite a fast-paced person.

"That guy..." Bai Chen was speechless. He could only shake his head.

"Auntie Er Er." Bai Lua Er ran up to her with sparkling eyes. "You're from... ah... another pi-ro-wer? Is that it?"

Xu Er Er could not help but laugh. She wiped away her tears before kneeling and pulling Bai Lua Er into her embrace. "It's parallel world, my dear Lua Er."

"Auntie Er Er, I'm Bai In Ye. How am me in your world?" She asked curiously.

"You're almost the same." Xu Er Er told her. She let go of Lua Er and stood up.

Then, she looked at Xue Ning, Li Lin, Long Xu In, and Namiana intently.

"Big sister, Xu In, Lin, Namiana, can I have some alone time with big brother?" Xu Xue Ning looked at her familiar, yet not, sister for a little while and nodded. She was a woman too, so she could tell that Xu Er Er had feelings for her husband.

"Sure." The rest of them were the same. They felt sorry for Xu Er Er who had waited for 20 years to meet Bai Chen again. They took the children back to the house and left Bai Chen and Xu Er Er alone.

The breeze brought along the smell of the sea. The fresh air, the bright sky, and the slight sunshine were quite perfect for this opportunity.

Swoosh!

Without saying anything, Xu Er Er hugged Bai Chen tightly.

"Big brother...I've been...wanting to see you!" Her voice shook as her tears ran down her cheeks.

Bai Chen hugged her back. "I know."

Of course, he knew how she was feeling right now, but he never thought that she would come to this parallel world for him. It seemed like she had decided to settle here.

"Big brother, I've been wanting to tell you that I..." Xu Er Er pulled herself out of the embrace and spoke, only to be interrupted by Bai Chen. "You don't have to say anything."

Then, Bai Chen's lips met Xu Er Er's. Her eyes widened before they slowly closed. Tears still ran down her face, but with a great deal of happiness in her heart.

Knowing this, Bai Chen could not reject her. Also, he believed that his wives would agree with this as well.

.....

Some people have said that time flies by very quickly. It was like that now. Another 5 years had passed.

An older Bai Chen in a black suit was standing on a steep cliff, holding on to a family photo. It was a warm family photograph of him and his 7 wives.

Five years ago, when Xu Er Er from the other parallel world had come here, she had been accepted by his wives and become his fifth wife.

The Xu Er Er from this world seemed to have felt the same. Her attempt paid off and eventually became the sixth wife. The last one was Xu Xin Tong. Even though she had passed the age to get married, she was still as pretty as ever with the help of the rejuvenating pill that Bai Chen had gotten for her.

No one knew where she had gotten her courage from, but she kept hitting on Bai Chen like her life depended on it. She finally became his seventh wife.

There were not only him and his wives in the photo, but also his children: Bai Xue Chen aged 20, Bai In Ye aged 18, Bai Lua Er aged 15, Bai Yue Na aged 10.

He'd also had children with both Xu Er Er and Xu Xin Tong.

His child with the first Xu Er Er was Bai Ing Ing, aged 5. The one with another Xu Er Er was Bai Yi Fei, aged 4. And the one with Xu Xin Tong was Bai Xin Yin, aged 3. They were all girls.

Everyone looked very happy in the photo.

"What are you looking at?" A sweet voice sounded from behind him.

Bai Chen did not have to turn back to see whose voice it was. It was definitely Xu Xue Ning, one of his wives.

"Our family photo," he replied and looked up at the sky where the sun was rising. It was an indescribably beautiful scene.

Behind Bai Chen, there was not only Xu Xue Ning, but also Li Lin, Long Xu In, Namiana, Xu Xin Tong, Xu Er Er, the other Xu Er Er, Bai Xue Chen, Bai In Ye, Bai Lua Er, Bai Yue Na, Bai Ing Ing, Bai Yi Fei, and Bai Xin Yin. Everyone was there.

They were all looking at the rising sun. They all admired the scene in front of them with sparkling eyes.

Bai Chen turned around and looked at everyone. A happy smile appeared on his face. He muttered softly:

"It is all thanks to the Life Changing System!"

The End

.....

There is always a time when the party has to be over since everyone needs to rest afterwards. And the 'Life Changing System' is now over as well.

Bai Chen's journey has ended here. I believe that he has fulfilled every one of his wishes. His life from now on will be filled with happiness. And I hope you are as happy as he is.

Thank you for your support up until the end.

Chapter 656 Special 1: Bai Wai Ching

It was the year 2042 in Beijing. It was a cold and snowy day. A young man in a thick coat, black jeans, and cheap sneakers was walking along a path full of snow. He put his hands in the pockets of the coat.

"Today's weather is unusually cold," he said to himself. "Where are you? I've been searching for you for over a year now. It'll be bad if things still go on like this. Father will surely come and take me back."

He was a very handsome man. He was none other than Bai Wai Ching, the son of Bai Chen's consciousness with Zhien Wu Shuang.

He had come here from the celestial world to search for a girl who'd helped him when he had arrived here for the first time when he was 15.

At the time, he'd asked his father to come with him because his father had told him so much about the present world that he'd dreamed of coming here one day.

After they had gotten here, he'd sneaked out to have fun and gotten lost. He had been extremely hungry and had not had any money with him. He could only blame himself as he should have researched more about the present world before coming here.

At that moment, it was unexpected that he would be helped by a young woman. She'd told him the way and even treated him to food.

Bai Wai Ching had been able to feel her generosity and he'd been moved by it. However, his father had taken him back home before he'd even gotten a chance to say thank you.

Bai Wai Ching felt very bad about it. That was why he wanted to apologise and thank her properly.

However, it was a shame that his father had not allowed him to come, no, it was actually his mother, until 5 years had passed. He had come here again after begging his mother for years.

Of course, his father was the one who'd brought him here. Bai Wai Ching had been here for a year now. He had been searching anywhere she could have gone to in China, but never found her.

"Sigh..." Bai Wai Ching sighed. He looked at his wristwatch and found that it was already noon. He decided to get some rest and eat.

He looked around him and saw a food stall. He walked up to it.

It was a fried rice stall. A nice fragrance drifted along in the air while a middle-aged woman was cooking in the cold.

"Auntie, I'd like fried rice, please," Bai Wai Ching ordered.

"All right." The middle-aged lady smiled. Even though her face was a little pale and she had dark smudges under her eyes, she was a kind woman.

"Municipal police!" The man from the nearby stall suddenly shouted. He quickly collected his things and tried to avoid being caught. Unfortunately, he was unable to.

The municipal police caught so many of the stalls, including the one Bai Chen was at.

The officer was a middle-aged man who was so fat that his uniform was almost ripped apart. He walked into the stall with his 2 minions behind him.

"Cheng Zi Nan, I've told you so many times not to set up your stall here!" The fat officer, who'd clearly led the municipal team here, immediately shouted at the woman.

The middle-aged woman's face was even paler now. "Mr. Lin, you can't do this. Mr. Fang allows us to make a living here!"

"How dare you get smart with me? Fang Tien Yang's already retired and now I'm the boss. If I say no, it's a no!" This officer was Lin Tiao. He yelled at her with dissatisfaction.

Hearing that, Cheng Zi Nan could only grit her teeth and beg. "Mr. Lin, you know that my husband and I have to make money for our child's medical bills. We've helped you a lot of times before. Please have mercy."

"Huh! Now you're talking about the past? Ridiculous. I don't care about that. You were such rich people who owned a real estate company. Look at you now. A fried rice vendor?" Lin Tiao laughed disdainfully. His minions did the same.

Cheng Zi Nan's face was even paler. She clenched her fists tightly. It was obvious that she was angry. Lin Tiao was truly an ungrateful man. They'd always helped him when they were wealthy since they thought that they were good neighbours.

However, now this was how he was repaying them. How could she not be angry? However, even so, she could not do anything anyway.

"Fat uncle, how can you be so ungrateful? My father once told me that your kind of people are just trash!" Bai Wai Ching suddenly interrupted. He looked at Lin Tiao in disgust.

"You!" Lin Tiao got angry. He was the leader of the municipal police. He would not stand such words from a young boy.

"Get him!" Lin Tiao ordered his minions.

"Yes, boss," both of them responded and ran towards Bai Wai Ching.

Bai Wai Ching could not help but shake his head. He threw 2 punches and both men were bounced away like cut tightropes. They hit the ground and did not move again. They had passed out.

Seeing that, Lin Tiao and Cheng Zi Nan were alarmed.

Shortly after that, Lin Tiao came to his senses and was even angrier. "This bastard dared to hurt municipal officers!"

"What of it?" Bai Wai Ching had never feared bad people. "It's not only them—I'll also hurt you, you ungrateful trash!"

Then, he walked up to Lin Tiao and punched him in the face. His face caved in. Blood splattered everywhere. His nose was broken and teeth fell out of his mouth. He bounced off and dropped onto the ground. He also passed out.

Cheng Zi Nan was the only one who saw everything. People in the vicinity could not see the scene since Bai Wai Ching had limited their awareness.

He might be a child, but he was actually a legendary realm cultivator—a tertiary one at that!

Due to this, it was enough to call him a beast-level genius that only appeared in a million years.

"Mother." While Cheng Zi Nan was still alarmed at what had just happened, a sweet, yet weak, voice sounded.

Once he heard it, Bai Wai Ching quickly turned to its source. Then, his eyes widened. He was completely stupefied. His lips quivered. He clenched his fists without knowing it. His breath even stuttered for a while!

Chapter 657 Special 2: Cheng Zi Ning

"Mother." A young woman in a simple outfit with a pale, weak face walked up to Cheng Zi Nan holding a lunch box. She seemed a little anxious because of the municipal police.

"Mother, are you all right?" The young woman asked worriedly.

"Zi Ning, why are you out here?" Cheng Zi Nan quickly ran towards her daughter. Her name was Cheng Zi Ning. She had been sick with a strange illness for the past several years that even famous doctors could not cure. It was good that an elderly Chinese doctor had recommended them some herbs that could slow the disease's progress down.

However, the herbs were expensive. If they had still been wealthy, it would not have been a problem. Now, they had to save up 3 to 4 months of earnings to be able to make a single purchase.

"I was worried about you—that you would work until you forgot to eat again, so I cooked you some food." Cheng Zi Ning smiled kindly. She was just like her mother, be it her looks or personality.

"Are you sick?" Suddenly, Bai Wai Ching ran up to her anxiously. His face clearly showed worry.

Cheng Zi Nan and Cheng Zi Ning immediately turned to look at him.

"Who are you?" Cheng Zi Ning asked. She knew she had not met him before.

"Young man, thank you for saving me. However, you'll be targeted since I'm sure Lin Tiao will hold grudge against you." Cheng Zi Nan was grateful, yet she regretted it.

"What are you talking about, auntie? This was just a small matter. Don't worry. Lin Tiao wouldn't dare to appear before you anymore." Bai Wai Ching spoke confidently.

Then, he looked at Cheng Zi Ning. He did not understand why his heart pounded so hard.

"Don't you recognise me? You saved me 5 years ago."

"Five years ago?" Cheng Zi Ning thought about it and eventually recalled the situation. "Ah, you're that boy who was alone and looked like he was about to cry."

"Ahhh..." Bai Wai Ching's face turned red. Five years ago, that day, he had not cried. What was she even talking about?!?

However, he did not want to talk back. He could only laugh awkwardly.

"Let's go back," Cheng Zi Nan said. She was afraid that Lin Tiao would wake up.

"Let me help." Now that Bai Wai Ching had found his long-awaited girl, he was in a good mood. He quickly offered his help in packing up the stall.

.....

Inside a medium-sized rented room, Bai Wai Ching was eating...no, more like devouring something.

"This is good. So good," Bai Wai Ching said while eating. His face showed utmost happiness at being able to eat something so delicious. In the blink of an eye, the food in front of him was all gone.

"....."

"....."

Cheng Zi Nan and Cheng Zi Ning were speechless. They had eaten only a little and the young man had taken the rest of it. He had to learn some manners!

"You're still the same," Cheng Zi Ning said. She still remembered that he had been like this too when she'd treated him to food 5 years ago.

"That's cuz it's good," Bai Wai Ching said while putting his plate down. "Do you have more?"

"You glutton!" Cheng Zi Ning said.

Cheng Zi Nan looked at both of them with a smile. It had been a long time since her daughter had talked with a friend like this. However, he was not exactly her friend since Cheng Zi Ning told her that she only helped him out of pity, and now they met again after 5 years.

"Hehe." Bai Wai Ching laughed awkwardly. Then, he asked, "What are you suffering from?"

He'd heard about this from when Cheng Zi Nan had talked to Lin Tiao.

Hearing that, Cheng Zi Ning and Cheng Zi Nan fell silent.

Then, Cheng Zi Ning shook her head. "I don't know either. It started 3 years ago. Even famous doctors can't diagnose it."

Her face was sad. With this strange illness, her body had grown weak. She could not go anywhere far nor help her mother with work.

"Don't be sad. Look, I have this magical pill. If you take this, you'll be cured in the blink of an eye," Bai Wai Ching said while searching for something in his empty coat pocket.

However, when he pulled his hand out of it, he was holding on to a translucent jade bottle. He had taken it out of his dimension ring.

Both mother and daughter looked at the bottle. They could see the pure white pill inside.

"Take it. I've been wanting to thank you for a long time and I've wanted to apologise for leaving so suddenly that time." Bai Wai Ching had waited a long time, but Cheng Zi Ning did not take it right away. He could not help but say these things.

Even so, Cheng Zi Ning did not take it. It was only normal since they were still strangers, even though she had helped him before.

How could she believe a stranger that easily about this magical pill?

Not only her, but her mother also thought the same.

Bai Wai Ching raised his eyebrows. Then, he understood everything. He softly hit the back of his head. It seemed like he'd wanted to repay her so much that he did not think it through that they were still strangers.

Suddenly, he said, "Eternal truth of time."

The time in this rented room was stopped. Only Bai Wai Ching and Cheng Zi Ning could still move. As for Cheng Zi Nan, she was stopped completely.

Bai Wai Ching only allowed Cheng Zi Ning to move.

He used an eternal truth of time that was different from Bai Chen's. This one was a modified one that his father had taught him. He could only stop time in the area around him.

And he could only stop time for 3 minutes.

"T... This is...!" Cheng Zi Ning was alarmed.

"No need to be alarmed." Bai Wai Ching smiled. "I had to do this for you to believe that this pill is the real deal."

Cheng Zi Ning took a deep breath while trying to suppress her emotions. She looked at her mother with disbelief. Her mother was pinned in place as if time for her had been stopped.

A while later, she looked back at Bai Wai Ching anxiously. "Who are you exactly? And how can you stop time?"

Chapter 658 Happily Ever After

Bai Wai Ching briefly told her about cultivators with his serious face. He really wanted her to believe that the pill was actually magical.

After hearing his story, Cheng Zi Ning finally suppressed her emotions. Her beautiful eyes sparkled. She did not hesitate to take the bottle from Bai Wai Ching's hand. She opened it and put the fragrant pill in her mouth.

The fragrance of herbs quickly melted in her mouth. In the blink of an eye, the results showed. Her face flushed red and looked better. She could feel strength returning to her body.

"Bai Wai Ching, thank you so much!" Cheng Zi Ning thanked him excitedly. Tears of joy ran down her cheeks. Happiness was overflowing in her heart.

If she was completely cured, she would finally be able to help her parents with work.

"Don't mention it. I've always wanted to repay you anyway." Bai Wai Ching smiled.

"However, please don't tell auntie about me being a cultivator."

"Mm-hmm! I thank you again." Cheng Zi Ning thanked him for the second time.

"All right, I'll stop pausing time now." Bai Wai Ching did not wait for the other person to reply since he was almost at his limit. He quickly released his eternal truth of time.

Time started to flow again. Cheng Zi Nan could move now. She still looked at Bai Wai Ching with disbelief over the pill.

"Mother, I'll go walk with him for a bit," Cheng Zi Ning said. Then, she got up enthusiastically. She walked up to Bai Wai Ching and pulled him up, too.

Bai Wai Ching did not even have a chance to resist when he was pulled out of the room.

Cheng Zi Nan looked at them in shock. She did not expect her daughter to say that and take off with Bai Wai Ching. She could only say it now: "Don't go too far. Take care."

Bai Wai Ching put his shoes on and followed Cheng Zi Ning with a smile.

"What are you smiling at?" She frowned. She was curious since he had been smiling for a while now.

"Nothing," Bai Wai Ching answered happily. "Where are we going?"

"The park," Cheng Zi Ning replied. It was the place she had been planning to go to if she was finally cured. She had been weak, so she had not had a chance to go and relax there.

"The park. I see." Bai Wai Ching nodded. The park was not that far away. They talked while walking until they reached it.

"The air is so fresh. I haven't been here for several years now." Cheng Zi Ning took a deep breath and told him this. Then, her face turned sad. "It was since I got sick with the strange illness that could not be cured. My parents had to go through tough times for me."

Bai Wai Ching did not interrupt. He thought that she might want to vent things out with someone, and he was more than happy to be that person.

However, before Cheng Zi Ning continued, a cold voice sounded from behind them.

"Cheng Zi Ning, who allowed you to be with another man?" Judging from the voice, it was a young man. Hearing that, Cheng Zi Ning shook. She quickly turned around.

She saw an angry young man standing there.

"Wang Tien!" She knew this man. He was none other than the man who'd driven her parents' business to bankruptcy.

"You ingrate! My parents were nice to you in every way, but you repaid them with betrayal!" She shouted at him angrily.

"Huh, who cares? I've told you before that I'd be secretly watching you. If I ever saw you with another man, I'd kill him," Wang Tien said coldly.

He had been longing for Cheng Zi Ning's body. However, he could not fulfill that longing since he had coincidentally been taken in by the great cultivator who had been training him with yang energy. He could not have sexual intercourse for 5 long years. That was why he could only be patient and keep watch.

He was here because his minions had reported to him about it, which had made him very mad. He had been around here, so he'd rushed here immediately.

'An earth solid realm cultivator?' Bai Wai Ching was able to determine right away that the other man was an earth solid realm cultivator.

"I can go anywhere with anyone. It's none of your business!" Cheng Zi Ning said coldly.

"Good then. Then, I can kill anyone and it's also none of your business!" Wang Tien's killing aura was immense.

It was a shame that before he could even do anything, Bai Chen swept his hand to the side. Then, Wang Tien's body vanished as if he had never even been there.

"What did you do?" Cheng Zi Ning suppressed her anger and asked curiously.

Bai Wai Ching smiled. "Nothing. I just sent him somewhere good."

He did not explain more and switched the subject. Their bond gradually grew.

Meanwhile, up in the sky, a man was falling down. His face was full of fear. It was none other than Wang Tien.

Thud!

Shortly after that, he hit the ground violently. Blood splattered everywhere. He died instantly.

By killing someone with no hesitation, it was obvious that Bai Wai Ching was truly his father's son.

.....

Years had passed. Bai Wai Ching had gotten married to Cheng Zi Ning and had had a great many children together. His parents were very happy at being able to have a large number of grandchildren within a short time.

As for Bai Wai Suan, she planned to be single all her life and dedicate herself to training. She jumped across both worlds and regularly paid a visit to the real Bai Chen in the present world.

She eventually became so terrifyingly powerful that even her father could not be compared to her!

The family of Bai Chen's consciousness lived a happy life in the celestial world. They certainly hoped that this would last forever.
