If you took the time to give me feedback, thank you, I really wanted to see what you all thought of my writing. I am an aspiring author and any feedback helps. ā

Fun Facts About Writing This Book

- Auralie was originally born in America, but I changed it to make more sense with Evanna Lynch as the faceclaim.

- I don't remember how I came up with Evanna Lynch as my main Oc's faceclaim, but I know I came up with Tom Felton as Lucian because I was looking up gifs of Evanna Lynch for this story.

- Auralie always had a twin brother and an older sister, but originally I was going to come up with another Oc to make Ali's biological sister. I scrapped that idea because developing another character like that would take the focus away from Ali and it made more sense to have Maria as the older sister. I think I made a good choice on that.

- Auralie always had light powers, but I came up with the idea for shadow powers later in the book.

- This story was always going to be a Wanda Maximo story because I really wanted to develop Wanda in the way the MCU has neglected to do, and I think I did alright.

- Auralie Shadow was not the original name for my OC, but I forget what was.

- Auralie originally was a lot more closed off and opposed to friendship, but I changed that because it made no sense not to have her develop friendships and camaraderie with the Avengers.

- She also wasn't as funny or sarcastic and didn't have the interests in cartoons and stu, but I changed that fast because she didn't seem to make sense in a Marvel world of sarcasm and bad jokes.

- Auralie was a lot less caring and emotional too, but that made no sense. Her character was a mess when I first imagined it, but I fixed it up a lot.

- Auralie and Wanda's relationship originally didn't become official until Infinity War, but I scrapped that because I wanted them to have a successful relationship for a few years and then get married. ā

- The plan was always for them to be married and reveal it in a big plot twist. ā

- Sam and Bucky were always two of Auralie's best friends because I think the three of them have a good dynamic.

- Wanda and Auralie were always a sweet and adorable and healthy couple, not a passionate one that argues a lot because I get tired of those and they never last anyways. I wanted two people in a happy relationship.

- One of the big things I grappled with throughout this book was Pietro. Did I kill him or? Did I bring him back? Eventually, I decided to bring him back as a ghost, but there was a lot of thought about what to do with him.

- Originally Elory killed Lucian then tried to kill Auralie and Wanda saved her. I thought it would be more emotional if Auralie killed Lucian and then she and Wanda defeat Elory together. I also wanted to give Maria a badass moment by having her finish off Elory for good.

- I did think about Elory killing Auralie at the end. I scrapped that thought early on though because I love Auralie and Wanda and they need to be together forever. So screw my original thoughts. ā

- This book followed the PG-13 guidelines and only dropped one f-bomb, which I did to see you all react and say language. ā

- This book has the most votes and the second most reads of any of my stories at the moment. It is also my longest story on Wattpad by a long shot at the moment.

Thank You

I would just like to say, that as the end of this book draws nearer, you all have been great readers and I love you all. Your comments and votes and adding this to your reading list make me so happy. I have loved writing this story and I have loved making you all happy. ā

(The gif is my reaction to the fact that after these extras, or credits, there's only one more bonus chapter planned) ā

Thank you all so much, for everything.

Dedication

I had literally no one to dedicate this to at the beginning of the story, because, well, no one was reading this yet. I only had my IRL friend who introduced me to Wattpad, but she wasn't reading this because she's been busy with school and stu and also I never see her anymore. But now I have someone I want to dedicate this to. They were the first person to really comment on this and have been reading it ever since, and making me laugh.

Thank you, @JarvisDropMyNeedle for your comments and song references. You have more song references than pretty much everyone, and for that, this story is dedicated to you. ā
