

Little Girl 101

Chapter 101: Stop Dreaming

In such a quiet atmosphere, only the boy's lazy and magnetic voice could be heard. "Oh, I don't remember."

She was calm and indifferent, as if she was just a passerby.

Qi Xia's expression changed instantly.

She had never received such a cold reception in her life. In the past, wherever she went, she was treated like a moon surrounded by stars.

It was always the boys who took the initiative to court her.

But now, she had already appeared in front of him a few times.

In the end, he didn't even have the slightest impression of it?

Qi Xia's face instantly turned red and white.

The people beside him immediately tried to smooth things over.

"It's okay. We didn't really talk before. It's okay if you don't remember."

Sun Yan took the opportunity to complain. "That's right. Brother Chennan doesn't know many girls. Let me tell you a secret. Our Brother Chennan is blind to girls' faces.""

“Hahahahaha, funny, isn’t it? He can’t even tell Liu Yifei from Fan Bingbing.”

“So don’t expect him to remember you after seeing you once or twice. He might not remember you even if he sees you ten times.”

Qi Xia’s expression turned for the better after she was given a way out.

When he heard this, Li Shunan did not seem to care at all. He was expressionless as he bent his head slightly and whispered into Jiang Lingzhi’s ear, “Go and sit.”

“Oh.” Only then did Jiang Lingzhi come back to her senses. She carried her bag and walked over.

Sun Yan eagerly wiped the stool beside her, wanting her to sit down. “Come, come, fairy, please sit here.”

Sun Yan was a little excited.

Being able to be in close contact with a fairy, happiness came so suddenly!

Brother Chennan didn’t even inform him beforehand so that he could change his hairstyle!

Jiang Lingzhi noticed that if she sat down in this seat, there would only be an empty seat next to her.

The seat next to her was next to the campus belle.

Jiang Lingzhi pursed her lips and walked over.

Li Shunan stood behind her and put his hand on her shoulder. The moment she was about to sit down, he pushed her to the seat next to him.

After being disturbed by him, Jiang Lingzhi sat down beside Qi Xia. Li Shunan pulled out a chair and sat down beside her, separating Jiang Lingzhi and Sun

Yan.

Sun Yan still didn't understand why the seats were arranged like this.

Unwilling to give up, he leaned forward and looked at his goddess. He was a little tempted. "Sigh, what's going on? Brother Chennan, why don't we switch seats?"

Li Shunan turned around and stared at him. His light brown eyes darkened a little. He tapped his fingers on the table twice and said in a low voice, "Didn't I

tell you to drink less fake wine?"

Sun Yan was speechless.

If he didn't understand it wrongly, the implication of her words was...

Didn't I tell you to stop dreaming?

Combined with Brother Nan's attitude just now, Sun Yan suddenly felt as if he had understood something in an instant.

Thus, he fell into a deep silence.

The others originally thought that Jiang Zhi was an introverted young lady.

In the end, he looked quite cheerful just now.

At least Qi Liangji had a good impression of his deskmate, Brother Nan.

“So, you’re Brother Chennan’s little deskmate.” Not to mention, she was quite good-looking.

No wonder Sun Sanhuo couldn’t forget him.

However, he felt that Brother Chennan’s attitude towards this little deskmate was also a little strange.

Just like now.

Their chairs were next to each other..

Chapter 102: What Are You Proud For?

Every time Li Shunan sat down, he looked relaxed. He leaned against the back of the chair as if he was lazy and had no bones.

Right now, although she still looked casual, her arm was placed on the back of the chair behind Jiang Lingzhi.

Wasn’t this action a little too intimate?

Qi Liangji didn’t think of himself as a meticulous person, but they had grown up together, so he knew his Brother Nan well.

The two of them actually did not have any ambiguous or physical contact.

But he just felt that something was wrong.

Something was very, very wrong.

Jiang Lingzhi blinked her eyes and was a little curious. "Yeah, he's his deskmate. What's wrong?"

Qi Liangji placed his hand on the table and asked curiously, "Nothing much. It's just that Brother Nan has never shared a table with a girl before. Aren't you afraid of him?"

"I'm not afraid." Jiang Lingzhi turned her head sideways to look at her deskmate. Her side profile was simply heaven-defying, and she was so handsome that it exploded. She replied very honestly, "He doesn't look scary."

"Why should I be afraid of him?"

"In comparison, you guys are more terrifying."

Jiang Lingzhi did not dare to say this.

He was afraid of being beaten.

Qi Liangji didn't know why, but he felt that this girl was quite awesome. He clicked his tongue and said, "Brother Nan, your deskmate is very outstanding."

Li Shunan half-opened his eyes, still looking like a lazy young master. He curled his lips slightly. "My deskmate is outstanding. Do I need you to say that?"

Qi Liangji felt that his brother was asking for a beating.

He just wanted to say one thing.

Her deskmate is outstanding, what are you proud of?!

You're acting as if you're honored. Who are you?!

Right now, the focus was on Jiang Lingzhi.

The girls who had been ignored were a little unhappy.

Not only would boys look at girls, but girls would also size up new girls.

She would subconsciously compare herself to herself.

After some analysis, the girl was too beautiful. The girls present immediately felt a strong sense of crisis.

Qi Xia was also quietly sizing her up.

Especially since the girl was sitting next to her, blocking her and Li Shunan.

She was really in the way.

As for her appearance, she was pretty.

She even felt a strong sense of danger just now, which was different from the girls in No.1 Middle School.

However, she was wearing a school uniform, so her figure could not be seen.

Her skin was fair, but she was barefaced and did not have any accessories.

In comparison, boys preferred gorgeous girls.

Qi Xia felt that she had won.

At the very least, the branded clothes she was wearing added a lot of points to her.

No. 36 High School didn't force them to wear school uniforms.

Unlike her No.1 Middle School, who wore their school uniform all year round

and was extremely ugly.

School is over now," a girl beside him said." You're still wearing your school uniform. Why don't you go home and change?"

The girl looked at Jiang Lingzhi as she asked, and her words were slightly sarcastic.

Jiang Lingzhi met her eyes and thought about this question seriously."Is there a rule in your school that you can't wear your school uniform after school?" Then, he added with a smile, "What a strange rule."

The girl obviously didn't expect her to ask her this question. She was stunned for a moment and her face turned red."Of course not, it's just... The school uniform didn't look good either. It was polite to come to eat and change clothes, right?"

Jiang Lingzhi seemed to think that this conclusion was very magical. Her voice was soft and pleasant to the ears. "It's just a meal.. What's wrong with wearing the most comfortable clothes?"

Chapter 103: The Good Results of Third Place

The boys at the table laughed.

Then, whistles sounded one after another.

Obviously, he didn't expect the girl who looked so obedient to say such words.

This reply was simply too beautiful.

However, the boys objected to the ugly school uniform.

In the eyes of the boys present.

Jiang Lingzhi was wearing her school uniform. She was definitely at the level of a fairy, alright?!

Without makeup, her skin was still so good. There was not a single flaw. She was pure and beautiful. Her facial features were exquisite, and she was so fair!

Boys simply had no resistance to fair-skinned girls.

Especially since she was so beautiful, even a hundred points wouldn't be enough, alright?!

In comparison, it was clear at a glance what was called mediocre and what was called extraordinary.

They were not blind!

The boys spoke up." The school uniform is nice. This school uniform is so nice. It's much better than our school uniform!

"That's right. Our school uniform is so wide and ugly. Look at No.1 Middle School. They can even wear small skirts."

"There's nothing wrong with it. There's nothing wrong with wearing a school uniform when eating."

The girl was embarrassed by their jeering and did not dare to speak anymore.

The situation was obviously different from what she had imagined. Shouldn't an obedient student like her blush and be speechless when she was scolded?

Why was he so aggressive?

The boys originally thought that Jiang Lingzhi was very distant, but now that she was here, they felt that she was very cheerful and easy to get along with.

"This little girl is different from the students in No.1 Middle School in my impression."

Jiang Lingzhi looked up at him and found it a little funny." "How is it different?"

The boy next to her agreed." I was just about to say the same thing. Some guys are so cocky that they always think they're better than others." "But you're very easy to get along with."

This was probably the gap between good students and bad students.

One of them felt that the other party's eyes were all over his head, and he was extremely arrogant.

One felt that the other party was unworthy and had no limits.

The extent to which they could not stand each other.

However, at this moment, the barrier seemed to have been broken.

The girls beside him felt a little unconvinced.

The girl sitting next to Qi Xia immediately said, "Isn't No.1 Middle School just a little better? It's not a big deal. For example, our Qi Xia is the school belle. In the district campus belle's PK, there were more than ten high schools. Our Qi Xia was ranked third. She might even debut as a celebrity in the future."

At this point, Qi Xia finally raised her chin, feeling proud and elated.

What was so great about being good at studying?

She was just an ordinary girl from No.1 Middle School. How could she compare to her?

Hearing the key words, Jiang Lingzhi's fingers that were holding the chopsticks paused for a moment.

District Campus Belle List of the PK of the list of the top three,

This name sounded familiar.

After all, she was a girl from his school. The boys still started to fart. "Qi Xia is indeed quite awesome. So many schools are competing together."

"That's right, and he even got third place."

'As expected of our school's beauty representative, her looks are really good!' All sorts of praises came from the side.

Qi Xia's lips curled up slightly and she subconsciously glanced at Li Shunan, who was sitting a seat away..

Chapter 104: Looks Similar

This should be the normal course of events.

She had always been the center of attention wherever she went, but today, the limelight had been stolen by this girl from No.1 Middle School several times.

It was time to take back the halo that belonged to her.

Qi Xia couldn't help but glance at Li Shunan a few times.

The boy sat there lazily, his gaze still not stopping on her.

Qi Xia was a little disappointed, but her face was still red as she said calmly, "It's not a big deal. It's just a small ranking."

"How could that be?" The girl beside him immediately chimed in. This ranking was very fair. It was voted by people one by one. Moreover, it was only held once every two years. Previously, there were talent scouts who had searched for new people on it."

The girl was especially good at saying things that made her happy. She bumped her shoulder and said, "Qi Xia, you might be discovered!"

The smile on Qi Xia's face became even brighter. She glanced to the right again, unable to suppress the smugness in her eyes. "It's not as powerful as you say.

It's only third place."

Although he said it very modestly.

However, it was obvious from her expression that she was proud.

The boy also agreed. "Yeah, third place is pretty impressive. Don't you see what schools are competing with us? Seventh High School, and even a professional school. They can be said to be filled with beautiful women. I think they only got second place. They've always been awesome. They're bragging to

the heavens. However, the most awesome one this time is No.1 Middle School. I think the first place winner is a girl from No.1 Middle School.”

“That’s right. I won’t believe it even if I tell others. No.1 Middle School actually won. F * Ck.”

Sun Yan was a little disdainful and didn’t even have the desire to look at it.””Tsk, what kind of ranking is this? Without my goddess on the ranking, is it still called a ranking?!”

Although he had already vaguely sensed something, he could not stop the position of the goddess in his heart.

The goddess was the most beautiful and would not accept any rebuttal!

“But the first place is really beautiful!”

“What’s the name of the first place again?” a boy asked curiously.”

They had paid attention to the rankings before, but the first place was not from their school after all, so they were not that familiar with it.

Usually, they would only pay attention to how many votes their school belle had gained.

A boy opposite her looked at Jiang Lingzhi a few times and suddenly asked,””Oh right, what’s the name of the little sister at Nan Ge’s table? I thought she looked familiar when I first met her.”

“Yes, now that you mention it, I find it more and more familiar.”

A boy found the website with his phone and scrolled up. He glanced at it a few times. “Oh right, I found it. The girl who got first place is called Jiang Lingzhi.

Her votes are more than twice that of the second place.”

The girl in the photo was sitting in front of the piano. She was wearing a milky white dress and her long hair was tied behind her ears. She looked like she was on the stage of a competition.

She had a very beautiful posture, her back was straight, and her facial features were gentle and beautiful. She did not have any aggression.

A gentleness that would make one sink into oblivion at first glance.

The light above her head shone down, and her entire body was covered in light. She was a fairy!

The boy raised his head and stared at Jiang Lingzhi again. He looked at her a few times, and his voice was a little uncertain. "This first place looks like Brother Nan's deskmate sister."

Jiang Lingzhi was speechless.

Speaking of the goddess, Sun Yan was finally interested.. He impatiently stretched out his hand and said, "Let me see!"

Chapter 105: Goddess Is Number One

Sun Yan snatched the phone over and looked at it. He compared it to Jiang Lingzhi's and in the next second, he suddenly stood up. "F * ck, are you blind?"

Isn't this the fairy sister!"

Indeed, from the moment he met her, he still didn't know her name.

He passed the phone to Zhao Zifu, who was beside him, and confirmed again, "Is that so? Why didn't you tell me? F * ck, is this the first place? So my goddess 'name is Jiang Lingzhi. Her name is also nice. These people have great taste. My goddess is actually in first place!"

Sun Yan was so annoyed that he refused to let go of his phone. ""Why didn't you tell me earlier? I could have helped my fairy sister get on the rankings!"

The side of her face in the photo was only at a 45-degree angle, and she was not a very familiar person. It was no wonder that they were not sure for a moment.

The boy immediately became excited and instantly became a little fan."Really? You're the number one on Jiang Lingzhi's campus belle ranking!!"

"I even voted for you at that time. No wonder I found you familiar at first glance. You're even more beautiful in person than in photos!"

Qi Xia was speechless.

The girl was speechless.

The smile on Qi Xia's face had already stiffened.

She didn't know how things had developed to this point.

She had spent a lot of effort to get to third place. She had sent messages everywhere in the group chat, asking others to vote for her, but this country bumpkin from No.1 Middle School was actually in first place?!

Qi Xia felt that the smile on her face was gone.

Jiang Lingzhi's action of picking up the mutton roll paused. She looked up and said, ""Ah, I don't know who casually hung it up. I'm not very sure either."

Everyone was speechless.

Who would have thought that the first place was just a coincidence?

He instantly killed those girls who relied on their beauty to photoshop.

The boy sighed.” That’s right. This photo must have been taken by the staff.

There’s no face.””

Sun Yan was even more engrossed.”

“Awesome!”

The boys beside her were unusually enthusiastic and completely ignored Qi Xia.

Qi Xia’s expression was already not too good. She glanced at the photo on her phone and forced a smile.”This pose is quite realistic. It’s just that this dress is a little too plain.”

Pianos were very expensive. Looking at her, she didn’t look like she could afford a piano.

He must have spent a lot of effort to find a good angle to get someone to take this photo. He didn’t know where he had gotten the piano.

The girl next to her quickly changed the topic and tried to salvage the situation.”That’s right, that’s right. The white dress is too ordinary. Qi Xia’s dress looks better. It looks very tasteful.”

Qi Xia’s expression became a little better.

Just now, Qi Xia had already sized up Jiang Lingzhi's attire.

She was dressed very plainly in a simple school uniform.

There were no accessories or branded items.

In her eyes, she had naturally categorized her as a pretty girl who came from an average family and was vain.

HOW could ne nave seen more or tne world ana unaerstooa more tmngsc

Qi Xia raised her head and puffed out her chest, looking very arrogant. "Of course. My mother taught me since I was young that girls should be raised well, so everything she gave me was the best. After all, a person's first impression is very important."

When she said this, her eyes seemed to glance in Jiang Lingzhi's direction.

Chapter 106: Let Me Try It

The other boys also gave him some face. "No wonder Qi Xia looks so elegant. She's obviously different from other girls."

"That's right. Otherwise, how could she become the school belle of No. 36 High School?"

The girls also tried their best to flatter her. "Your dress is so beautiful. This dress looks very expensive. And your bag. Is it LV?"

Qi Xia tapped her noble head lightly and said in a clear and arrogant tone, "This is the Noe nano. It's very difficult to buy. My friend asked someone to bring it back from abroad."

The girl was envious.” Wow, it’s really good. I saw several female celebrities with the same design!””

Qi Xia finally felt that she had regained some face.

So what if she was beautiful? A girl must have the support of luxury goods in order to add more points to herself.

The other side was chatting fervently.

Jiang Lingzhi did not express her opinion. She used her chopsticks to pick up another roll of mutton and boiled it in the pot for ten seconds. After the meat roll had completely changed color, she placed it into the bowl and dipped it in some sauce. She stuffed it into her mouth and felt extremely blissful.

What kind of hobby is this?

Li Shunan leaned lazily against the back of the chair and stared at her side profile. He couldn’t help but laugh when he saw that she had already eaten the eighth roll of mutton.

He could tell that she was really serious about eating.

A magnetic laughter echoed in her ears.

Jiang Lingzhi heard the commotion, and she turned her face sideways to look at him. Her cheeks were still puffed up.

The boy’s facial features were very clear, and his jawline was well-defined. He had long and narrow peach blossom eyes, and his eyes were gentle and light brown. When he smiled, his eyebrows were as bright as the galaxy.

They had been deskmates for so long, but Jiang Lingzhi was still stunned by her beauty.

However, what was wrong with this big shot?

What was he laughing about?

Li Shunan leaned his elbow on the table and leaned closer to her. He asked softly, "You like mutton rolls?"

Jiang Lingzhi nodded her head matter-of-factly. "I like it. Eating hotpot and mutton is a very blissful thing, okay?"

Jiang Lingzhi stared at him for two seconds, and her eyes curved up. "If you don't like it, then don't eat it. I think the portion is a little small."

Li Shunan couldn't help but smile as he stared at her. His light brown eyes were gentle and loving.

He had heard everything they had just said.

He still had some impression of this school belle list. It seemed that she had attracted quite a number of rotten peach blossoms.

One of the juniors was even persuaded to leave by his gaze.

At that time, he even lamented that not only was the child's combat strength off the charts, but he also had many rotten peach blossoms.

Li Shunan let out a faint sigh and leaned closer to her. He teased her on purpose. "Is it that delicious? Let me try..."

Jiang Lingzhi happened to pick up another piece of mutton. When she heard this, she subconsciously moved her bowl away. "No, you can't eat spicy food."

Mother Du said that you can't eat spicy food."

Her action of protecting the bowl was like an old hen protecting her chick. Li Shunan smiled faintly." "I'll just try a little. I won't eat too much."

Jiang Lingzhi poked his shoulder with her fair fingers and pushed him away." "No!"

Qi Liangji, who was sitting across the table, was paying attention to their every move. When he saw this scene, the chopsticks in his hand almost dropped in shock.

Who was this person?

Was it their Brother Nan?

He was rushing to get close to the girl.

What happened to face blindness?

Where was his mysophobia?

Don't get close to strangers!

You treat me differently, do you know that?!

Chapter 107: What Brand to Wear

Translator: 549690339

Sun Sanhuo, who was beside him, understood what was going on.

Qi Xia had been insinuating for a long time, but the person in question seemed to have not heard her at all. It made her feel as if she had punched cotton.

And the two people were very close to each other, the more Qi Xia looked, the more she felt that her heart was not balanced.

Where did this country bumpkin come from?

It was just that her grades were a little better. She was lucky enough to be in the same school as him and become his deskmate.

What did she have that made her worthy of standing beside him?!

Qi Xia had a smile on her face, as if she wanted to chat with her in a friendly manner. She tried her best to cut in between the two of them. "Little sister, why aren't you talking? Don't you understand? Then why don't we talk about you? What brand of clothes do you usually wear? We can discuss it."

Jiang Lingzhi was talking to Li Shunan.

A voice came from the side. Before she could react, she was stunned for a moment before she realized that the person was staring at her. "Hmm?"

"Although you guys usually wear school uniforms, you still wear private clothes during the holidays, right?" Qi Xia said kindly. "What brand do you usually wear?"

A girl next to her said, "Look at her, she's probably selling some cheap brands at most.""

"I think it's probably from a street stall. There's no jewelry at all, and the school bag is very old."

Qi Xia also noticed it.

She didn't know what brand her school bag was. It was black and had been worn for years.

At this moment, she was even more certain of her inner thoughts.

This girl must be from a poor family and had not seen much of the world.

Jiang Lingzhi's expression did not change, but she still replied seriously, "I'll just wear whatever I want. It's usually my mother who buys it, and I'll just wear it."

Her attitude confirmed their thoughts.

The girls looked at each other and smiled meaningfully.

Qi Xia thought that she was feeling inferior and scoffed in her heart. However, she still smiled gently on the surface. "It's okay. How can a person be perfect? When elders buy clothes, they usually don't look at the brand, and the style isn't very good."

Jiang Lingzhi thought about the clothes in her wardrobe. "It's okay. I think the clothes my mother bought are quite nice. Those brands are also okay." Qi Xia felt that she was just pretending and was stubborn.

She curled her lips and finally couldn't help but snort softly and expose her, "Little girl, do you know what a brand is? My dress costs more than 3000 yuan, and my bag costs more than 20,000 yuan. It's not something that your dozens or hundreds of yuan brands can compare to.."

Chapter 108: Cleansing the Soul

When he said this, the taste of ridicule became stronger.

Jiang Lingzhi was not a fool. She could still distinguish between being nice and being sarcastic.

Generally speaking, she was a person who was easy to get along with.

As long as there were no boring people who would come at her, she would not take the initiative to cause trouble.

She actually didn't have much need for clothes.

He had no pursuit of luxury goods.

However, her mother actually liked to buy them.

There were many clothes in the closet that cost more than ten thousand yuan. There were also T-shirts that cost dozens of yuan. It was fine as long as they were comfortable to wear.

However, this girl's attitude made her a little unhappy.

As for her school bag, she liked it very much and was used to it, so she couldn't bear to change it.

She didn't expect that frugality could be used as an excuse.

Jiang Lingzhi could not help but laugh softly. She put down her chopsticks and slowly said, "Miss, do you know what it means to be rich?"

Qi Xia was stunned for a moment, then quickly said, "Of course I know."

Jiang Lingzhi nodded her head and stared at her with her beautiful eyes. "See more of the world. Go out and walk more. See the world. It's not to make you materialistic, but to broaden your horizons."

Qi Xia's face instantly darkened."

She said that she was ignorant?

Calling her materialistic?

Qi Xia tried her best to keep a smile on her face."Heh, little sister, I know what you're thinking. Don't be so jealous just because you don't have one. After all, your family background isn't something you can decide on your own."

Jiang Lingzhi's expression became meaningful as she nodded her head. ""You're right. Family background is indeed not something you can decide on your own."

After saying this, Jiang Lingzhi picked up her chopsticks and continued to eat calmly.

Qi Xia furrowed her brows, feeling that there was a deeper meaning behind her words.

None of the boys could get a word in.

Because he didn't understand what they were saying at all.

But for some reason, she felt that Jiang Lingzhi seemed to have a very strong aura.

Qi Xia's eyes gradually reddened. She looked very innocent, as if she had been wronged. "I don't know why you're so hostile to me the first time we meet, but I don't have any intention of targeting you. Family background can't be a standard to judge a person, and I don't mean to look down on you..

"We're all from the same school. After all, you're the only one from No.1 Middle

School. I just didn't want to ignore you, so I took the initiative to talk to you." Qi Xia sobbed slightly." As for expanding my horizons, how do you know I haven't?" When I was traveling around the world, you were probably watching cartoons at home. I didn't brag about this."

Jiang Lingzhi was speechless.

She really wanted to ask, so she sat down quietly and ate.

How could she tell that she was hostile?

Moreover, she just wanted to have a good meal. Why did people always come to

ner to make their presence known?

Jiang Lingzhi took a deep breath and put down the chopsticks in her hand.

Then don't blame her for being impolite.

Jiang Lingzhi stared at her with her clear and harmless black eyes. She sighed."Miss, have you been to the Vienna State Opera?"

Qi Xia did not react in time. What?"

Why did she suddenly ask such a question?

Jiang Lingzhi asked again,"Have you gone to Hokkaido to see the snow?"

"Have you seen the Alps?"

Jiang Lingzhi placed her hands on the table and smiled innocently. "I'm not asking you to take a lollipop from the Alps. I'm asking you to go to the Alps in Europe. There's a fairytale town there. The scenery is not bad. I suggest you go and cleanse your soul."

Chapter 109: Brother Chennan Is Not a Good Guy, Is He?

"If you have a pair of eyes that are good at discovering beauty, you probably won't feel that others are targeting you all the time." Jiang Lingzhi said calmly.

Everyone was speechless.

Qi Xia couldn't say a single word, and her face turned red. "Your soul needs to be cleansed. You speak as if you have been there yourself!"

Jiang Lingzhi curled the corners of her lips and smiled happily.

The girl next to her tugged at Qi Xia's skirt slightly.

Qi Xia was impatient and thought, Why are you being so?"

The girl secretly handed the phone to her. "It's the photo of her choosing the school belle. Isn't she wearing a white dress? I think she looks pretty good in it. I just went to search for the same style and found this..."

"It's an Italy niche designer model, five figures."

Qi Xia was speechless.

A dress worth five figures was something Qi Xia did not even dare to think about. Her face turned red and then white.

She pretended to be calm.” What’s the big deal about this? Taobao has a lot of fake goods. I don’t even need 100 yuan.””

The girl whispered in her ear,” No, this logo belongs to the designer. If you use it, you’ll be sued for copyright. This is the real deal!””

Upon hearing this, Qi Xia suddenly felt uncomfortable.

She finally understood what her questions meant.

She was mocking herself!

Qi Xia felt that she had been insulted. Her eyes were wet as she glared at Jiang Lingzhi.”What do you mean? So what if you have a little money at home?” Her family was actually just an average working-class family.

Although her family doted on her, they would not buy her such an expensive dress.

The dress she was wearing had been bought with several months of pocket money.

However, this girl would be able to jump for five figures if she wore any dress.

She even asked him such a question on purpose.

Boys didn’t really understand this kind of thing between girls.

It was just strange. What nonsense were they talking about?

Qi Liangji didn’t quite understand.

When she raised her head, she saw Brother Chennan leaning against the back of the chair in a simple posture. He turned his face sideways and stared at his deskmate with a doting and indulgent gaze.

While his deskmate was arguing with the crowd, he silently picked up a few more rolls of mutton for her.

It was the kind of...

The kind of indulgence that allowed his wife to go out and cause trouble. In any case, he would not interfere and let her have her fun. No matter what the outcome was, he would clean up the mess.

Brother Chennan was extremely proud of his deskmate's wonderful performance. He was just short of clapping at the side and adding, "My wife is awesome."

Qi Liangji was shocked when he thought of this.

What the f * ck?

Although this thought made him a little shocked.

But, but looking at Brother Nan's attitude...

Did Brother Nan fall for it?

Qi Liangji quickly took out a cigarette from his pack to calm himself down.

A boy's low voice came from the side. "Look what I found." Everyone's attention was immediately attracted.

“What? What did you find this time?”

The boy couldn't wait to share with them, “This is the complete video of the piano competition.”

“I just saw the banner at the back, so I went to search for it. This match seems to be the finals of the Nancheng piano competition. Jiang Lingzhi won the special prize for the junior category.”

“And look, the person who went on stage to present the flowers. This person looks so familiar...” “And this family photo.”

“Isn't this...”

Chapter 110: The Real Fair, Rich, and Beautiful Woman

Someone recognized the person in the photo.

The boy's voice was trembling a little. He raised his head and looked at Jiang

Lingzhi. “Jiang Puqing, is it your...?”

“Jiang Puqing's surname is Jiang, and yours is also Jiang. Could you be?” the boy asked hesitantly.”

” Ah.” Regarding her family background, Jiang Lingzhi had never deliberately hidden it. She hesitated for a moment, but still admitted it generously. “He is, my father. ”

Everyone was speechless.

Everyone present should know the name Jiang Puqing.

He was a person who often appeared in financial reports.

The real estate boss of Southern City.

He had developed many big projects, and he heard that there were new projects being developed recently.

After a long time.

It turned out that the person in front of her was the real fair, rich, and beautiful woman!

However, she seemed to be too low-key.

The boy found it unbelievable and took out his phone to search."Furthermore, the information on the contestants is very detailed."

The boy was so shocked that his jaw almost dropped." In that case, it should be true. He started learning piano at the age of five and won the special prize of the international piano competition in the Southern City. He also won several gold and silver medals in the junior division of major international competitions. He started learning folk dance at the age of six and even appeared on television..."

Jiang Lingzhi felt a little suffocated.

The Internet was so advanced now, could they still leave some privacy for people?

She usually kept a low profile, but she had never deliberately hidden her family background. Many people in the school knew about it, but they did not think much of it.

She felt that she was no different from them. She could still use the old phone.

Why was he being ridiculed and ridiculed here?

Therefore, he could not help but retort.

He didn't expect the internet to be so developed that all the information was dug up in such a short time.

Li Shunan placed his arm on the back of the girl's chair, his long legs stretched out as he wished. He raised his eyebrows slightly, and his expression was a little playful.

He knew that his deskmate was quite wealthy.

Tsk, tsk.

He just didn't expect that he was from a wealthy family.

He didn't know when the boy's phone had been sent to him.

Li Shunan flipped the documents with one hand, including the photos and videos of his classmate's competition.

His fingertips tapped on the screen twice.

He casually clicked on save and found his WeChat. He clicked on send and deleted all the photos before casually returning the phone.

After the boy got his phone back, he was about to admire it when he saw the empty interface...

Qi Xia's face turned completely pale.

She couldn't compare to him in terms of studies, talent, or family background.

She seemed to only see the words written on her face.

He was asking for humiliation.

Qi Xia stood up immediately and stared at her with tears in her eyes. She bit her lower lip and said, "You're too much. Is it fun to play with others? Isn't it interesting to pretend to be poor here?"

After she finished speaking, she looked at Li Shunan with tears in her eyes and realized that the boy's eyes had never landed on her for even a second. Until now, his gentle and loving gaze was fixed on Jiang Lingzhi.

She couldn't take it anymore. She wiped her tears and ran out.

"Xiaxia." The girl who had been sitting next to her stood up and shouted at her back.

Qi Xia's figure disappeared at the entrance of the courtyard. The girl turned around and accused them, "You guys are too much! How can you do this to Xiaxia? She didn't do anything wrong, so why are you saving that?"

Everyone was speechless..
