

Little Girl 141

Chapter 141: I want to take the exam

Warm?

Jiang Lingzhi felt that these words had a deeper meaning.

Why did he seem to know that she was on her period?

Jiang Lingzhi felt that this idea was a little unrealistic.

She had never told him about it, so how would he know that his relative was here?

Although she felt that it was strange, Jiang Lingzhi still said softly, "Thank you."

However, the last time she went to his house, he was very considerate and poured her warm water.

Perhaps he had always had this kind of considerate habit?

Jiang Lingzhi unscrewed the bottle cap and had a look. Longan and red dates were soaked in brown sugar water, and it was still steaming.

Coincidence.

Jiang Lingzhi did not think too much about it.

Suddenly, she felt a sharp pain in her lower abdomen.

In the beginning, he could still endure it.

However, the more she went on, the more painful the pain became.

This situation would definitely affect the exam.

Jiang Lingzhi held onto the table, and her hands were trembling a little. She planned to go to the infirmary to get some painkillers.

Before she could get up, the bell rang.

The invigilator entered the classroom with the test papers.

Jiang Lingzhi's forehead was covered in cold sweat, and she could only sit down again. She held her stomach, and her side profile was pressed against the desk. She wanted to take a break.

"The exam is starting now. Students in the first row, pass the papers back." The invigilator began to distribute the papers.

The students at the front passed the test papers to Jiang Lingzhi, and she weakly handed the last test paper to the students at the back.

After enduring it for a while, he picked up a pen and began to write the test paper.

He finally finished writing the multiple-choice questions.

Jiang Lingzhi's small face was pale, and she was in so much pain that she could not even hold her pen.

The words in front of her eyes were blurred.

The pen in Jiang Lingzhi's hand stopped. She lay on the table and buried her face in her elbow, wanting to endure the pain.

Li Shunan leaned against the wall, his eyes as deep as the sea, staring at her without blinking.

From the beginning, her condition had been very abnormal.

Actually, when he heard his childhood sweetheart talking on the phone, he was a little unhappy.

He even took out his phone to take a look. There were no missed calls, no messages, nothing.

Therefore, childhood sweethearts were always her first priority.

No matter what she encountered, the first person she looked for was always him.

Could it be that no matter how good he was to her, he could not replace that person's position in her heart?

When he thought of this, the frustration in his chest rose again.

It was only when he saw the girl lying on the desk with a hint of moisture on her eyelashes that the string that had been tensed up all this time completely snapped.

Li Shunan pursed his thin lips into a straight line and suddenly stood up. The chair rubbed against the ground, making a loud noise.

The quiet classroom was instantly broken by the silence, and everyone's gaze immediately turned over.

The invigilator sensed that something was wrong. He stood up and pointed at him. "What are you doing? It's still exam time. Sit down and take the exam."

Li Shunan completely ignored the invigilator. He walked to Jiang Lingzhi's desk, took the pen from her hand, and threw it on the desk.

"Let's go to the infirmary." He was tall and stood beside her desk, his voice deep.

Jiang Lingzhi's eyes were red. She endured the pain and said softly, "I want to take the exam."

Li Shunan bent down and placed his palm on her desk. He sighed helplessly. "How are you going to take the exam?"

Chapter 142: Take the Medicine

"You! I'm talking to you!" The invigilator on the podium shouted as he walked over. "What are you doing? Don't disturb your classmates during the exam!" The boy did not seem to hear the teacher's roar.

Li Shunan rested his hand on the table and stared at the girl for a while.

He really couldn't do anything to her.

"Do I have to take the exam?"

Seeing the girl's drooping eyelashes and her pale and stubborn face, he gritted his teeth and stood up.

"What are you doing? If you don't take the exam properly, I'll tell your form teacher!" The seats were pushed aside, and the invigilator walked through the aisle with difficulty.

Li Shunan ignored the invigilator's warning without looking up. He glanced at him lazily, put his hands in his pockets, and strode out of the classroom.

His tall and slender figure disappeared from the classroom door.

Looking at his back, he was simply the representative of the word arrogant.

The invigilator was furious." What's wrong with the students these days? Why are they not serious about exams?"!

The invigilator calmed his anger and was about to go over to take a look at his test paper when he happened to walk to Jiang Lingzhi's seat.

Sensing that something was wrong with her expression, the invigilator asked, "What's wrong? Is this student not feeling well?"

Jiang Lingzhi held a pen in her hand and said softly,""My stomach hurts a little."

The invigilator asked,"Can you still hold on? If you really can't, go to the infirmary to take a look.""

Jiang Lingzhi held a pen, and her eyelashes drooped down. She slowly calculated the formula on the draft paper, and her voice was very soft." I can persist. Thank you, teacher."

The invigilator nodded and didn't say anything more. He took Li Shunan's test paper, glanced at his name, and turned back to the podium.

Jiang Lingzhi's eyelashes trembled slightly, and she turned her head sideways to look at the empty seat beside her.

What was his deskmate doing?

The exam went on as usual, and the only sound in the classroom was the rustling of pens.

Jiang Lingzhi covered her stomach with her hand. She wrote a question and took a break. The speed at which she completed the test paper was very slow.

In less than ten minutes, heavy footsteps came from outside the corridor.

Then, a tall and slender figure appeared at the back door of the classroom.

Li Shunan didn't call for a report. He was holding a box of medicine in his hand.

Under everyone's surprised gazes, he walked in as if there was no one else around. His loose figure stopped beside Jiang Lingzhi's seat.

The invigilator sat on the podium and had yet to react to what was going on.

He unhurriedly opened the box, and the entire classroom could clearly hear the sound of the tin foil package being opened.

'I'ne DOY'S deep ana magnetic voice was less lazy ana more calm.'"1'aKe tne medicine."

Jiang Lingzhi sniffled like a fragile porcelain doll. She raised her eyes and stared at him with a hurt expression.

The tip of Li Shunan's throat rolled down slightly. He put his big palm on her shoulder and straightened her up. He pinched her chin lightly." Be good, open your mouth."

Jiang Lingzhi's eyelashes trembled for a moment. She did not even ask him what it was, and she listened to him almost subconsciously.

The boy put the pills into her mouth, opened the thermos cup, and handed it to her. "Brown sugar water."

Jiang Lingzhi held the thermos, and her eyebrows were still slightly furrowed because of the pain.

After confirming that she had swallowed the medicine, Li Shunan stood up straight.

"What happened?" The invigilator roared again, "Why is it you again?"

The invigilator glared at him angrily. Li Shunan glanced at him and said carelessly, "I'm sorry, teacher. I'm leaving now.."

Chapter 143: Where did his deskmate go?

The exam didn't continue. Li Shunan took a pen from his desk and left the classroom through the back door.

The students were in an uproar.

Jiang Lingzhi only reacted after Li Shunan left the classroom.

He had given her painkillers just now.

After the medicine took effect, the pain was indeed reduced a lot.

However...

Jiang Lingzhi turned her face sideways and looked at the empty seat beside her. Her emotions were a little complicated.

So, he went to the infirmary to get her medicine?

The bell rang, and the invigilator began to collect the papers.

Jiang Lingzhi did not finish her test paper.

Almost the entire page was empty.

It took too long, and she couldn't even hold her pen properly.

Jiang Lingzhi was a little down.

With so many points, it was probably impossible to get into the special class.

After taking the painkillers, she slowly recovered.

Although it was still a little uncomfortable, at least his lower abdomen did not hurt as much.

Jiang Lingzhi put away the things. When her gaze fell on the pink thermos flask on the table, she was dazed for two seconds.

After she reacted, she put the thermos into her bag and turned her head to look at the empty seat again.

Where did his deskmate go?

Sister Ling, let's go." Wen Yujing grabbed her school bag and walked to her desk, waiting for her to return home from school."You look terrible."

Jiang Lingzhi carried her school bag and stood up. She walked out listlessly.

“How did you do on the math test?” Wen Yujing could not help but ask her.

She had obviously witnessed the exam just now.

It had to be said that the way the big boss barged in was really cool.

Boyfriend strength!

If she wasn't in the middle of an exam, she would have screamed.

Jiang Lingzhi sighed.”

Wen Yujing initially thought that it was just a small problem, but when she heard what she said, she was a little surprised.”“It can't be. It's that serious?” Jiang Lingzhi sighed.

Tomorrow was the National Day holiday, so the senior year ended early today.

After the two of them walked out of the school, they happened to see Su Xici waiting at the school gate.

“It's Su Xici.” Wen Yujing pointed to the front.”

Jiang Lingzhi raised her eyes and looked in the direction she was pointing at. She did not have much emotion as she said,” Oh.”

She had been going home with him for the past few days and had done her job as a chauffeur quite well.

The difference was that there was a girl beside him today.

The two of them leaned against each other, talking and laughing. The distance between them was a little close, and they seemed to be very familiar.

“Is that his girlfriend?” Wen Yujing asked curiously.

Jiang Lingzhi stared at the girl for two seconds before she shook her head. “I don’t know him.”

Wen Yujing sighed. Looks like my dream of conquering Jiangxi has been shattered. I’ll focus on conquering Jiangnan in the future!”

Jiang Lingzhi was speechless.

Wen Yujing saw her chauffeur and waved at her. “Sister Ling, I’m leaving. Be careful on the way home.”

After saying goodbye to her, Jiang Lingzhi carried her school bag and walked over unhurriedly.

Susie didn’t like to wear school uniforms. She usually wore a simple hoodie and jeans, looking very youthful.

Sensing her approaching, Su Xici lowered her head to look at her and asked, “How was the exam?”

“Just like that.” Jiang Ling knew that she was not in the mood to talk about the exams, so she lowered her head and walked forward.

The girl didn’t leave either. She followed him quietly and walked slowly together..

Chapter 144: Imp

Only then did Jiang Lingzhi feel that it was strange. She glanced at the girl, and her gaze met Su Xici's. 'Who is she?'

Su Xici looked indifferent and didn't seem to have any intention of introducing him. "Classmate."

"Oh." Jiang Lingzhi replied casually. She did not have much interest in getting to the bottom of it.

She took out her phone from her bag and wondered if she should call her deskmate.

His thermos was still with her.

The girl spoke softly, her voice was sweet and gentle. "Your sister is very cute."

Su Xici snorted and raised her hand to rub Jiang Lingzhi's head. "This little fellow is cute, but in fact, he's a little demon."

Jiang Ling knew that she was a little annoyed after he rubbed her head several times. She put on a straight face and waved his hand away. "Are you annoying?"

"Don't rub my head."

She accidentally hit the back of his hand.

Su Xici clicked her tongue and stared at the back of her hand that she had slapped. "Did you eat explosives?"

"Tell me, are you ungrateful? I'm just your errand boy, and this is how you treat

Jiang Lingzhi was patient. "Thank you. Isn't it enough to thank you? Do you want me to give you a silk banner to praise your joy in helping others?"

He had only bought her a pack of sanitary pads. Was there a need to mention it over and over again?

Her deskmate had helped her so many times, but she had never asked for anything in return.

When she thought of this, Jiang Lingzhi's nose felt a little sour for some reason. She turned around and walked in front.

After thinking for a while, he opened the message interface and sent a message to his deskmate.

[Where are you?]

Behind him.

He heard the girl ask in a low voice, "Your sister has a bad temper. Is she jealous?"

Jiang Lingzhi was not deaf, so she naturally heard what she said. She turned around and stared at her as she said jealous of him? What a joke. It's none of my business that you're his current girlfriend."

Su Xi said,"

The girl explained in a low voice," Little girl, don't be angry. Your brother and I are just classmates. It's just that we happened to be on the way today, so...'

"I already said it's none of my business. You don't have to explain to me. "After she finished speaking, Jiang Lingzhi lowered her head and continued to stare at her phone.

There was no reply.

Jiang Lingzhi was a little frustrated.

This was still near the school, and there were quite a lot of students.

Someone had already taken out his phone and started taking pictures. "Quick, there's a show to watch."

After all, they were famous figures in the school, and many people knew them.

Especially this scene, it satisfied the fantasies of everyone.

Many people in the school knew about the relationship between Jiang Lingzhi

and Su Xici.

They were childhood sweethearts, and their relationship was a little ambiguous. It seemed like they were not really together.

It seemed like the male lead had been snatched away by the gentle little white flower.

The outstanding second female lead, who was outstanding in both character and learning, became a scheming bitch from then on. He was looking for trouble with the female lead everywhere.

Wasn't this a standard idol drama?!

Tsk tsk tsk. This show was too exciting.

The crowd took pictures and ate the melon.

Jiang Lingzhi still didn't know that the onlookers had already become screenwriters.

And she had already been given the identity of a vicious supporting actress.

Back home.

Jiang Lingzhi finished showering. Her long hair was wet and had not been dried. She came out of the bathroom and casually took her phone to take a look.

There was still no reply to the message she sent.

She lay on the bed and took out another phone from the drawer of the bedside table.

After pressing the power button, he opened WeChat.

The interface was clean, without a single message.

Jiang Lingzhi was a little depressed.

Just as he was about to exit, a new message suddenly popped up on the interface..

Chapter 145: I Really Want to Find My Deskmate

Jiang Lingzhi's eyes lit up, and she quickly picked up her phone to take a look.

When he saw Wen Yujing's name, his eyes instantly dimmed.

She sighed and casually opened Wen Yujing's name to take a look.

Wen Yujing sent her a link.

Jiang Lingzhi stared at it for a while. She did not know what the website was for.

Lingzhi Qianqian asked, [What is this?]

Wen Yujing,[What happened after I left today?] How did I miss such explosive news?!

Jiang Ling did not know what she was referring to.

He sent a question mark over.

Wen Yujing,[This is a post on the school website. Someone took a photo of you and Su Xici today!]

Jiang Ling did not know what was so good about taking a photo of her and Su Xici.

Just as he was about to click on the post to take a look.

Wen Yujing sent her a voice message to clear her doubts. "That post analyzed the emotional state of the three of you in all aspects. She said that she was sure that you guys were in a love triangle! She even said that according to your conditions, you're the stanaara evu remale supporting character In romance novels."

"Look at the state in the photo. That girl looks so pitiful. She's so innocent and weak!"

"As for you, you are the evil female supporting character who is outstanding in all aspects but never gets the love of the childhood sweetheart male lead. The male lead is blind and likes a little white flower."

Jiang Lingzhi listened to the messages one by one."

Were the students nowadays so imaginative?

Wen Yujing sent one message after another: ‘You even said that your face was so pale that you were pretending to be pitiful and trying to win the sympathy of the male lead! Unfortunately, she did not continue pretending. Her bad temper was obvious, forming a sharp contrast with the little white flower female lead.’

Liking Su Xici?

Jiang Lingzhi rolled her eyes in her heart and typed a few words slowly before sending it out.

Lingzhi Qianqian said, [Their imaginations are really rich.]]

Many more red dots appeared on the screen.

Jiang Lingzhi clicked on the one at the top. She hugged the pillow and leaned against the headboard as she listened slowly.

‘Isn’t that so? It’s just their period, how can they make up so many things?’ ‘Can she guarantee that she’ll still be smiling when she’s not feeling well?!’

‘You don’t know. This post is very popular now. The comments below are even asking for the same person.’

‘Anyway, your current image has already become a humble courtship, a soulful female supporting role that you can only dream of.’

‘That’s why I strongly request that the Jiangxi couple be able to hold high the banner of the Jiangnan couple!’

The voice finally stopped.

Jiang Lingzhi was speechless.

Raise my ass.

He was ignoring her.

Jiang Lingzhi picked up her phone and typed a few words slowly.

Lingzhi Qianqian: [Can the post be deleted?]

Wen Yujing: " That post is anonymous. We can't even find the person who posted it. How can we delete it?"

"Moreover, it's very popular now. Everyone is discussing it. It probably won't go down so easily."

Jiang Lingzhi sighed and threw her phone aside.

Forget it, let it be.

His phone was still ringing non-stop.

Jiang Lingzhi lay on the bed and stared at the ceiling for a while.

She really wanted to find a deskmate.

However, she was a girl. Why did she go to a boy's house every day?

After enduring for a long time, he suppressed this thought.

After a while, she started thinking again.

It was a five-day holiday.. Perhaps she could take one day off..

Chapter 146: Let's go too

Jiang Lingzhi sighed. She hugged the pillow in her arms and rubbed it hard. Then, she picked up her phone to take a look.

His gaze was fixed on the two messages at the bottom.

Wen Yujing: " I almost forgot to tell you the most important thing. You never reply to the class group chat, so I'm informing you that there's a gathering the day after tomorrow. You must get it. The class allocation is about to begin, so it's the last gathering for the class.]

[See that? Sister Ling]

Jiang Lingzhi stared at the message for a while and started typing.""Will everyone go?"

It was probably because she hadn't returned for too long that Wen Yujing had gone to do something else.

After waiting for a while, he received Wen Yujing's reply."Yeah, our head teacher will definitely be there."

Definitely!

They would all go!

Jiang Lingzhi thought about it, and her fingertips could not help but move. ""The address?"

The gathering was on the second day of the holiday.

In the hotel room.

Jiang Lingzhi sat in her seat with an expressionless face. She stared at the sparse group of ten people in front of the round table and felt that she was about to die of stupidity.

This was what Classmate Jing Jing said. She would definitely get it.

That's why one out of three came, but none of them came?

Jiang Lingzhi picked up the teacup and took a sip of water to calm herself down.

Hao Weiwu stood up and said, "Although there aren't many students here today, this gathering is still very meaningful!"

"After all, it's a rare short holiday. Some students went overseas for a vacation.

It's understandable that they can't make it!"

"But their hearts are with us!" Everyone was speechless.

Wen Yujing was speechless.

Brother Weiwu was impassioned.

The dishes hadn't been served yet, and the others were listless. No one was listening to him, and they were all playing with their phones silently.

Wen Yujing whispered into her ear, "Student Lingling, I was really wrong. If I had known earlier, I wouldn't have come. There are only so few people. It's not fun at all."

Jiang Lingzhi stared at her expressionlessly. "Jingjing, if something like this happens again, please don't inform me again. Then we'll still be friends." Wen Yujing was speechless.

The person she wanted to see still hadn't been seen, and Jiang Lingzhi was about to die of depression.

After having an awkward meal with the homeroom teacher, everyone got up one after another and prepared to leave.

After paying the bill, the group left the hotel. Hao Weiwu was quite satisfied with everyone's performance at the dinner today.

"Next time, if there's a chance next time, let's gather more students in our class!"

The students' expressions were hard to describe. Actually, it was fine if they didn't gather.

"Alright, goodbye, students. Go home and don't run around outside!" Brother Weiwu reminded everyone as usual.

After saying that, everyone prepared to part ways at the entrance of the hotel. He Dixian had wanted to talk to Jiang Lingzhi when they were eating just now, but he did not have the chance.

At this moment, he finally leaned over to Jiang Lingzhi, who was at the door. "It's still early. It's not easy to relax on vacation. Why don't we go somewhere else and continue?"

The other students hadn't left either. When they heard this, they all leaned over. "Where are we going? The class monitor is treating? Bring us along?"

He Di scratched his head first and glanced at Jiang Lingzhi. If he did not bring anyone else along, it would be too obvious. He felt a little embarrassed. "Ah, why don't we go together? It's my treat."

The students burst into cheers.

Wen Yujing shook Jiang Lingzhi's arm. "Let's go too, Lingling."

Chapter 147: About your little deskmate

Jiang Lingzhi shook her head. "You guys go ahead. I don't want to go. I want to go home."

Wen Yujing pleaded pitifully, "Don't be like this. They are all going. If you don't go, it will be too disappointing."

"I won't be gone for long. It's still early. I'll definitely be home before 7 pm."

"Aren't you just going back to read books and play the piano now? Why don't you stay with us and join in the fun?"

Once Wen Yujing started talking, it seemed like she would not stop.

Jiang Lingzhi was successfully brainwashed, and she felt that it seemed to make sense.

After thinking about it, he nodded in agreement.

Hence, the group began to discuss where to go next.

"Why don't we go to a bar?" A boy suggested. "I haven't been there before."

This suggestion was immediately rejected. "Are you kidding me? There are so many underage people here."

Everyone looked around. It seemed that all of them were underage.

Awkward.

The boy scratched his head and reacted. "Then why don't we find a place to sing karaoke?"

"This is possible."

"This is not bad, this is not bad!"

This suggestion received the support of everyone.

Jiang Ling knew that she was not in high spirits, so she did not express any opinion.

Then, the group of second-year teenagers went to the nearest KTV.

"Brother Nan

Zhao Zifu walked in from outside the courtyard.

Just as he was about to enter the main house, he saw the door of another house open.

Brother Chennan had tidied up the main house before, and the two houses next to it were abandoned.

Why is the door open today?

Zhao Zifu walked over suspiciously.

This was his first time in this house.

When he reached the door, he was stunned.

The entire wall was filled with photographs, all of which were landscape photos. The composition was very grand.

On the other side was a large shelf filled with various models of cameras.

“F * ck?” Zhao Zifu could not help but exclaim.

Li Shunan didn’t even turn his head. He bit a cigarette between his thin lips and leaned against the cabinet next to him. He adjusted the focus of the camera, held the camera with one hand, aimed it at the right angle, and pressed the shutter.

After taking a look, he frowned slightly. He was not very satisfied, so he pressed the delete button and continued focusing.

Zhao Zifu exclaimed for a long time. Finally, he couldn’t help but ask, ““Brother

Chennan, these cameras are all yours?”

Li Shunan flicked the cigarette ash between his fingers and narrowed his eyes. “Yes.”

Because he had not spoken for a long time, his voice was a little hoarse.

“What are you doing with this? Are you going out to take photos?” Zhao Zi asked again.

“No.” Li Shunan bit her cigarette butt and mumbled, “It’s fine to stay here. I came over to take a look.”

Zhao Zifu nodded and walked to his side to watch him fiddle with it.

Li Shunan's hands stopped and he finally turned to look at him."What's the matter?"

Zhao Zifu cleared his throat, his gaze somewhat evasive."Brother Nan, the weather is fine today. Why don't we go out and play?"

Li Shunan returned to his expressionless face and lowered his head to continue fiddling with the camera."No."

"No, Brother Chennan, did you see that post?" Zhao Zifu was a little anxious."

After thinking about it, he also felt that Brother Nan was not the kind of person who would look at the campus network.

"It's about your little deskmate, my little sister."

Li Shunan's fingertips paused for a moment. The cigarette between his lips had been burning for a long time, and the ashes fell to the ground.

Some of them stuck to the hem of his shirt. He lowered his eyes and gently patted them away.

Seeing that he didn't respond, Zhao Zifu quickly passed his phone over."Brother Nan, look."

Chapter 148: Buying a Cell Phone

Zhao Zifu said indignantly, "I knew it. That Su fellow is not a good person. Look at how he bullied my little sister, your little deskmate."

Li Shunan glanced at the photo and immediately recognized that the person in the photo was indeed his little deskmate.

There were three people in the photo, but he could only see her in his eyes.

It was probably taken on the day of the exam.

The girl was wearing a school uniform, and her face was so pale that it was almost transparent.

She looked pitiful and helpless.

‘What is this?’ Li Shunan’s voice was a little hoarse.’

Zhao Zifu opened the post, “It’s about your little deskmate.””

“Tell me, what’s so good about that Su girl? She even said that Sister Lingzhi is a vicious supporting actress. Are there any vicious supporting actresses who are so good-looking?”

Zhao Zifu was furious.

Ever since they had dinner that day, his impression of Jiang Lingzhi had changed.

He felt that this girl was really good in every way.

He just didn’t have good taste. If Brother Chennan didn’t like such an outstanding person, why did he fall in love with that Su guy?!

After seeing this post, he couldn’t wait to look for Brother Chennan.

Zhao Zifu was a little puzzled." I heard that your class is having a gathering today. I thought you would go."

"My phone is broken, so I didn't receive any messages."

Li Shunan looked up and paused."What gathering?

Zhao Zifu didn't think that it would be because of such a reason. He was stunned for a moment before answering, "Isn't it about class allocation? I heard from your classmates that your form teacher organized a dinner party." "Where?" Li Shunan pondered for a while. "

Zhao Zifu looked at the time,"But looking at the time, they should have finished eating by now.

Li Shunan's raven-like eyelashes drooped slightly, completely hiding the emotions in his eyes.

Zhao Zifu couldn't guess what his Brother Nan was thinking.

Li Shunan removed the cigarette butt from his lips and put it out in the ashtray. He placed the camera on the drawer and stood up straight."Let's go."

"Hmm?" "Where are we going?" Zhao Zifu was still baffled."

"Buy a cell phone."

Zhao Zifu chased after him in two steps,"Isn't your phone broken?" Not repairing it?"

Li Shunan stuffed his hands into his pockets and walked out lazily. He said slowly,""I'm too lazy to wait." Zhao Zifu was speechless.

How willful.

He didn't really understand the world of the rich.

Li Shunan walked out of the courtyard without even locking the door.

Zhao Zifu put his phone into his pocket and quickly chased after her. "Brother Chennan, don't lock the door? Those cameras of yours must be very expensive. Be careful of thieves."

Li Shunan walked in front unhurriedly. He was wearing a white shirt, looking handsome and tall. He said slowly, "Who dares?" These two simple words couldn't hide his arrogance.

Zhao Zifu was speechless.

Indeed, no one dared.

This was his territory. Who would dare to behave atrociously in his territory?

Do you want to die?

The music in the room was deafening.

Jiang Lingzhi sat in the corner. There were a few times when she almost fell asleep, but she was woken up by the sudden high pitch.

She rubbed her eyes and saw a man and a woman singing a love song in the middle of the room.

Jiang Lingzhi yawned. She was a little tired from the music.

After informing Wen Yujing, he got up and went out alone, planning to go somewhere quiet for a while.

Chapter 149: I'll just kiss you

Jiang Lingzhi looked around outside and realized that the toilet was the quietest.

After coming out of the cubicle, she leaned against the sink and yawned out of boredom.

After staying inside for ten minutes, he finally realized that it was not a good idea to stay here. He might as well go home and practice the piano.

Jiang Lingzhi turned on the tap and washed her face. She came out of the bathroom and prepared to go back to the private room to tell Wen Yujing that she was going home.

They passed through the corridor.

When they turned the corner in front, a couple was blocking the way.

The two of them were standing in a rather conspicuous spot, almost blocking half of the aisle.

The ceiling lamp on the walkway cast a small beam of light.

The boy was tall and blocked the girl in the corner. His arm was propped against the wall. He wore a black coat and his back was clear and slender.

When she saw that back view, Jiang Lingzhi stopped in her tracks, and her heart inexplicably trembled.

The boy lowered his head and teased the girl for a while before he finally opened his mouth. "Baby, I'll just kiss you once.""

The girl was blocked by the boy's figure, and her face could not be seen clearly.

When she heard that voice, Jiang Lingzhi suddenly heaved a sigh of relief.

Ah, not deskmates.

She suddenly felt nervous.

Jiang Lingzhi let out a sigh of relief and reacted at the same time. It seemed immoral for her to peek at someone else's date.

She retracted her gaze and prepared to walk over without looking sideways.

The boy suddenly changed his position and put his hand down. Jiang Lingzhi happened to see the girl's side profile from the corner of her eye.

"Kiss me? Where do you want to kiss me?" The girl's voice was cold, frivolous, and warm. At dawn.

Jiang Lingzhi stopped in her tracks subconsciously, and then she forgot to walk. She stood at the side and stared at it for a while.

Until a nonchalant voice reached her ears.

"Tsk, why are you addicted to it?"

A deep and magnetic male voice came from behind her ear. The voice was very close to her, and it was numb as if it carried an electric current.

Jiang Lingzhi's heart trembled.

She was stunned for a moment and subconsciously turned her head.

Jiang Lingzhi did not expect that person to be so close to her.

It was so close that when she turned her head, a touch of warmth brushed past her lips.

The two of them were stunned on the spot.

The soft touch on her cheek brushed past her gently, leaving her as soon as it touched her.

Because he wanted to tease her, Li Shunan deliberately bent down and whispered into her ear.

He did not expect such a beautiful accident.

The girl was not wearing her school uniform today. She was wearing a white cartoon short-sleeved T-shirt, denim shorts, and a pair of branded sneakers, revealing her fair and straight legs.

She was dressed in a very youthful manner and was extremely obedient.

Li Shunan straightened his body and lowered his eyes slightly. His eyelashes were thick like a crow's feathers. His gaze was fixed on her full red lips, and his eyes gradually darkened.

Tsk, he was probably crazy.

Why was it that every time he saw her, he would lose control of his rationality?

Crazy thoughts grew wantonly.

It was this kind of touch that was not enough and made him want more.

Li Shunan licked the corner of his lips and smiled. He dragged his words out. "No...Greeting me?"

The person she wanted to see a second ago had appeared in front of her in the next second.

Jiang Lingzhi blinked her eyes. She had not recovered from the fact that she had met him here. She looked up at him and said, "Hmm?"

When she reacted, he was referring to the incident where she touched his cheek just now. Jiang Lingzhi's ears started to heat up, and she weakly retorted, "I didn't..."

Before she could finish speaking, her wrist was suddenly tightened. In the next second, she was dragged into the safety passage beside her..

Chapter 150: I accidentally touched it

There was a slight movement when the door closed.

The girl who was pressed against the wall seemed to have sensed something and glanced at the voice.

The walkway was empty, and only the door of the emergency exit was gently opening and closing.

Jiang Lingzhi only felt her vision blur, and her back was pressed against the wall. The boy's tall and straight figure was right in front of her.

Her heart suddenly skipped a beat.

The boy was a full head taller than her. His tall and straight figure blocked in front of her, giving off a sense of aggression.

Jiang Lingzhi felt a little nervous for some reason. She cleared her throat and tried to ease the tense atmosphere. "Um, why are you here?"

Li Shunan stared at her, his light brown eyes deeper than ever.

His gaze swept past her red lips, and his breathing gradually became hot.

She wanted to kiss him. The more she looked, the more she wanted to kiss him.

He wanted to taste her red lips and see if they were as soft and sweet as they looked.

The tip of his throat rolled slightly, suppressing the dangerous thought.

Li Shunan stared into her eyes and raised his hand. He pressed his thumb against the corner of her lips and rubbed it gently.

"You're so engrossed in it. Do you want to learn?"

Jiang Ling did not understand what he was saying. "Learn what?"

Li Shunan lowered his eyes and stared at her meaningfully for a while. "Just now, the one they were discussing."

The one they were discussing?

Jiang Lingzhi recalled their conversation outside.

– Baby, I'll just kiss you once. [Kiss me? Where do you want to kiss me?]

Jiang Lingzhi was speechless.

Jiang Lingzhi blinked her eyes and was stunned for two seconds. She finally reacted to what he was saying, and the tips of her ears turned red. "What? I'm just passing by."

She made it sound as if her mind was filled with unhealthy thoughts.

Li Shunan pressed the tip of his tongue against his mouth and chuckled. His peach blossom eyes were full of smiles. "Then why are you so focused?"

He bent his head slightly and looked at her at the same level. His well-defined fingers gently tapped the place where her red lips had touched just now.

"And you kissed me!"

The boy's voice was too magnetic. He deliberately lowered his voice, making her ears go numb.

Jiang Lingzhi felt that the speed of her heartbeat caused her breathing to be a little difficult.

She calmed her heartbeat and defended herself, "Who kissed you? You were suddenly so close to me just now. I accidentally touched you."

After she finished speaking, she raised her hand and rubbed her fingertips against his face.

"I wiped it off."

The girl's fingertips were cold, like a kitten's paw rubbing against his cheek.

Li Shunan stared at her for a while.

"The corners of his lips curled up slightly, and he smiled in a roguish and nonchalant manner." "I thought you wanted to study it."

Study? Kissing?

Jiang Lingzhi's face was a little red, and she tried to cover it up as she raised her hand. The back of her hand gently rubbed her red lips twice. "Nonsense, I don't want to."

Li Shunan licked his lips and smiled like a sly fox. He lowered his head slightly and whispered in her ear, "Alright, let me know when you want to study it." Jiang Lingzhi was speechless.

Jiang Lingzhi subconsciously swallowed her saliva. She did not want to talk to him about such an awkward topic.

She felt that every word he said was a little strange.

The boy was wearing a white shirt and a black coat. His figure was indeed similar to the boy from earlier.

However, his deskmate was still a little taller. His shoulders were wide and his waist was narrow. His body proportions were perfect.

"Have you been drinking??" Jiang Lingzhi asked uncertainly..
