

Little Girl 22

Chapter 22: Can We Add Each Other On WeChat?

After being conflicted for a while, Jiang Lingzhi could no longer resist the temptation of the food, so she gave up struggling and took two more steps inside. Looking at the Oden, she asked, "Are these delicious?"

Li Shunan stared at her exquisite side profile for a while before smiling and saying to the cashier languidly, "I'd like to have one serving of this."

The cashier was blushing with shyness. From the moment the boy entered, she had been staring at him and was unable to take her eyes off him at all.

Noticing the enthusiastic gaze of the female cashier, Jiang Lingzhi couldn't help but sigh in her heart.

Indeed, his looks were really deceiving as he had excellent features.

Tsk...

Ignoring the people who were staring at him, he grabbed a bottle of yogurt from the shelf at the side and said, "Ring these up together."

The cashier finally reacted and quickly prepared a serving of Oden. She picked a bunch of skewers, all of which were different, and scanned the items before placing them on the counter. She said softly, "That will be 27 yuan in total."

Li Shunan took his cellphone out of his pocket, swiped his finger to unlock the screen, and opened the WeChat app. He then allowed the cashier to scan the QR code in order to make a mobile payment.

After paying for the items successfully, he placed his cellphone back inside his pocket, picked up the items, and planned to leave. Blushing shyly, the cashier asked softly, "Um, can I add you on WeChat?"

The girl clearly did not do such a thing often and had mustered up the courage to do it.

Li Shunan's eyelids were half-opened, and he looked extremely nonchalant. He answered indifferently in a charming voice, "I don't have a WeChat account."

As soon as he finished speaking, the ambiance in the convenience store became a little strange.

Both Jiang Lingzhi and the cashier were speechless.

'What did you use to pay for the items then?'

'Can't you reject me with a better excuse that is a little more convincing?'

When Jiang Lingzhi came out of the convenience store with her schoolbag, Jiang Lingzhi was still a little out of her element.

The reason being, she thought of the derisive and contemptuous look in his eyes when she wanted to compensate him with money previously.

He even claimed that he only accepted cash and not WeChat payments.

'He was probably afraid that I just wanted to flirt with him and add him on

WeChat. '

For the first time in her life, Jiang Lingzhi felt incredibly embarrassed.

It seemed that he was wary because too many people tried to flirt with him and he wanted to prevent such things from happening again.

'In his opinion, I'm probably also a boy-crazy person, in addition to being a con artist and a swindler!'

"Hold it."

Jiang Lingzhi snapped back to her senses after hearing his captivating voice.

He was holding onto the paper cup, which contained the Oden, in his bony fingers, and handed it to her.

Jiang Lingzhi reacted and grabbed it. "Okay."

After staring at the paper cup for a while, she discovered that something was wrong. "Aren't you going to eat any?"

With a half-smile, Li Shunan twisted the cap of the bottle of mineral water and raised his head to take a sip. He then held the bottle in his hand and said, "I've already eaten, unlike you swindlers who are still operating on empty stomachs."

Jiang Lingzhi was speechless.

'Can you just get over this?' Jiang Lingzhi sighed.

'Forget it, he can say whatever he wants.'

'I've already given him the money anyway. We won't meet again in the future!'

She was just about to start eating her food and stop feeling annoyed. However, it was inconvenient for her to do so with her schoolbag. Hence, she turned to the side and looked at his hand which was hanging by his side.

His long and thin bony hand was exceptionally beautiful.

“Since you’re not eating, then you can help me with my bag.” Jiang Lingzhi stared at him with her beautiful almond-shaped eyes and very skillfully handed over her schoolbag to him.

Li Shunan raised his eyebrows and was somewhat amused.. He asked lazily, “Little kid, do we know each other that well?”
