

Little Girl 221

Chapter 221: Then I'll Move My Mouth

The two of them walked out of the alley unhurriedly.

Jiang Lingzhi walked slowly, and she thought about what happened before. "The people here are all very good."

Jiang Lingzhi sighed and said, "That carpenter uncle is also very good. He even gave me a small pumpkin."
""

"Hmm?" Li Shunan lowered his eyes and stared at her with a faint smile. "They are all very good. Then who is the best?"

Jiang Lingzhi turned her head around and stared straight at him. She clearly knew what he meant, but she deliberately pretended to be dumb. "Who is it?"

Li Shunan lowered his head slightly and whispered in her ear, "You already have the best deskmate in the world. Are you happy?"

Jiang Lingzhi turned her face away, and the corners of her lips curled up. "It's passable."

One's mouth was full of lies.

Li Shunan chuckled and rubbed her head.

Jiang Lingzhi stared at him for a while before she pouted. "By the way,

Grandma said that you never brought your girlfriend here before?”

Li Shunan put a hand in his pocket and casually moved his long legs. ”I didn’t meet you before. How can I take care of you?”

Jiang Lingzhi was speechless.

Why did she feel that he meant that he would only bring her along?

Although these words were somewhat happy.

Jiang Lingzhi was still not too sure. She asked again, ”Don’t you have any other girlfriends?”

He felt that he was too good at it.

She flirted until her legs went soft, and all kinds of coquettish words were not repeated.

He looked like he had been through hundreds of battles and felt very experienced.

It was hard to believe that he had never been in a relationship.

Li Shunan stopped in his tracks, turned around, and looked at her calmly. ”Where Can I Find a Girlfriend?”

“You’re the first.”

The first one.

Jiang Lingzhi was in a good mood, and she muttered softly, ”Oh, then why do you look like such a playboy?”

Li Shunan was speechless.

Li Shunan raised his eyebrows and seemed to find it ridiculous. He laughed. "I look like a playboy."

Jiang Lingzhi realized that she had let it slip. She coughed and tried to salvage the situation. "I'm complimenting you. I said that you're handsome."

Li Shunan raised his hand and touched her nose with his fingertips. "Are you judging a book by its cover?"

Jiang Lingzhi hid behind her back. "If you want to talk, then talk. Can you not hit me?!"

Li Shunan suddenly smiled and moved closer to him. He said in a low voice, "Then should I move my mouth?"

Jiang Lingzhi was speechless.

It was originally a sentence that was not wrong, but why did he say it with some other meaning?

Jiang Lingzhi choked on his words for a long time. "You better shut up."

After the classes were divided, they moved to a new teaching building.

Although it had been a while, Jiang Lingzhi was still not used to it.

There were a few times when she walked to the door of the original classroom and realized that she had gone the wrong way.

Jiang Lingzhi habitually walked to the teaching building again today.

She had only taken two steps when someone pulled her back by the collar.

“Where to?”

Only then did Jiang Lingzhi realize that she had gone the wrong way.

It was the time when there were many people on campus.

The way he pulled her seemed to be a little intimate.

Jiang Lingzhi looked left and right, and she quickly pulled away a little to prevent him from pulling her collar again.””After you come to school, don’t touch me!”

It was probably because the relationship between the two of them was not too pure.

Jiang Lingzhi felt especially guilty.

“In order to avoid being reported again, let’s split up!”

Li Shunan was speechless..

Chapter 222: Looks Similar to Student Li

Her school bag was still in his hands.

“In the future, we should keep our distance in school, Student Li.”Jiang Lingzhi said seriously. She reached out to take her school bag and turned around to leave.

Future girlfriend turned hostile online.

Li Shunan almost laughed out of anger. He pressed the tip of his tongue to his chin and glanced at the girl's back. He put his hands in his pockets and followed her slowly.

After the morning reading class.

There weren't many people in the classroom. Some students had gone to eat breakfast, while others were still chatting in the corridor.

Jiang Lingzhi checked the last question on the Mathematics paper.

He had calculated it a few times, but it was still wrong.

She had gotten this question wrong a few times. Why was it so difficult? Jiang Lingzhi covered her face with her hands and placed the pen on the table in annoyance.

"Lingling!"

A shout suddenly came from outside the classroom.

Jiang Lingzhi raised her head and looked at the front door of the classroom.

It was Wen Yujing, who had not appeared for a long time, looking for her.

Ever since they were assigned to different classes, they hadn't seen each other in school.

She was in the science department while Wen Yujing was in the humanities department. They were no longer in the same teaching building, and the chances of them meeting each other were greatly reduced.

In addition, Jiang Lingzhi usually did not like to run around. Other than going to the toilet occasionally, she liked to stay in the classroom.

Wen Yujing rushed over like a gust of wind and hugged her. "Sob, sob, sob. Ling Ling, I miss you so much."

"Why did you all choose science? This year is too scary. There are 16 science classes in the second year of high school, but only four humanities classes."

Wen Yujing spoke a lot as usual, don't know many people after the class allocation. It's too difficult for me!"

Jiang Lingzhi blinked and stared at Jing Jing, who she had not seen for a long time. "Why are you here? Isn't your teaching building in front?"

Wen Yujing pulled the chair beside her over and sat down beside her desk. "I miss you, so I came to see you."

Jiang Lingzhi sat in the second last row, and there was another deskmate beside her.

The tall boy was sleeping on the table.

This back looked familiar.

Wen Yujing stared at it for a while, and the more she looked, the more she felt that something was wrong.

Why did this person look so much like a school bully?

This was the first time she came to look for Jiang Lingzhi after they were assigned to different classes.

She didn't even know who her deskmate was.

Wen Yujing wasn't too sure. She leaned over and asked softly, "Lingling, your new deskmate looks like Student Li."

She suspected that she was too addicted to love lines and was hallucinating.

She had a deep-rooted belief that Sister Ling's deskmate could only be a school bully.

Wen Yujing began to doubt her life, "Is there something wrong with my eyes?" Jiang Lingzhi was speechless.

"There's nothing wrong with your eyes. It's him." Jiang Lingzhi found it a little funny.

Wen Yujing was shocked for three seconds before a smile appeared on her face. She could not help but let out three sighs.

"Tsk tsk tsk!"

As expected of her, she was addicted to her own path. Look at this damned fate.

They had bumped into such a high probability. This was probably fate! The more Wen Yujing looked at them, the more she felt that the two of them

were extremely compatible. She said firmly, "Jiangnan CP, I'll fight to the death!"

Jiang Lingzhi was speechless.

Probably because they hadn't seen each other for a long time, Wen Yujing pulled her along and chatted about a bunch of things.

"The monthly exam is next week. Are you confident?" Wen Yujing asked again."

Her ranking in the last exam had fallen to around 80. To Jiang Lingzhi, it must have been a huge blow.

According to her stubborn personality, she would definitely find him..

Chapter 223: It Smells Quite Fragrant

When it came to studying, Jiang Lingzhi was naturally full of confidence. "'Of course, the first place in the grade is mine!"

No one would be able to steal her first place in the grade.

She was still very confident, just like before.

Wen Yujing heaved a sigh of relief." Hai, that's good. I was afraid that you would never recover. I was worried for nothing.'"

"I just came to remind you."Wen Yujing smiled." Do your best. You're the top student in the grade. I have high hopes for you!"'

Jiang Lingzhi nodded and revealed a Mona Lisa smile.

Wen Yujing forced the topic back to the original track, "'By the way, we're going to the club tomorrow. Do you remember?"

Jiang Lingzhi obviously didn't remember, and there was a slight confusion on her face." "Ah, what club?"

"I knew it!" Wen Yujing sighed and tapped her head in disappointment," "Didn't you sign up for the basketball club with me back then? Because of the class allocation, it was suspended for a month. We have to gather tomorrow, remember?"

Jiang Lingzhi then remembered," Oh right, I would have forgotten if you didn't mention it."

Wen Yujing was speechless.

Wen Yujing reminded her,"Gather at the basketball court tomorrow afternoon. Don't forget again.

Jiang Lingzhi nodded her head. She raised her hand to tuck her hair behind her ear."Got it."

The breeze outside the window blew gently.

She always had a faint fragrance on her body, which was very pleasant to smell.

Wen Yujing wrinkled her nose and sniffed her hair."Did you change your shampoo? It smells so good..

Jiang Lingzhi looked up and pulled her ponytail to sniff it. She did not feel that there was anything special about it."No, I've been using this, but maybe my mom changed it and I didn't notice."

"I like this smell. Go back and take a photo and send it to me. I want to buy the same model. "

Jiang Lingzhi nodded.

Wen Yujing looked at the time and stood up reluctantly," "Alright, I can't chat with you anymore. Class is about to start, so I'm leaving."

“Baibai.”

Jiang Lingzhi watched as she left the classroom. She picked up her pen and continued to do her homework.

Her deskmate, who had been sleeping, had woken up at some point.

Jiang Ling realized something. When she turned her face, she saw him with his eyes slightly closed and leaning lazily against the wall.

Because she had told him to keep his distance in school.

Jiang Lingzhi had not said a word to him since she came to the classroom. Even though they were looking at each other now, she did not say a word to him. She retracted her gaze and continued to do her homework.

Li Shunan sat up straight and suddenly leaned over. He lowered his body slightly, and the tip of his nose almost brushed against her hair.

Jiang Lingzhi’s heart skipped a beat.

She quickly looked to both sides.

He felt very guilty.

Fortunately, there were not many people in the classroom now, so no one noticed them.

Jiang Lingzhi turned her face sideways and glared at him.” What are you doing?””

Li Shunan curled his lips and approached her. His fingertips hooked a lock of her long hair. "Let me smell it."

Jiang Lingzhi's heart stopped beating for a moment.

Li Shunan sniffed her long hair. "Yes, it does smell good."

Jiang Lingzhi's ears were red. She pulled her hair out from his palm. "Can you have some dignity?"

Li Shunan found it funny and looked at her calmly. "Why not? I can't even smell you. I didn't even kiss you."

Chapter 224: Touching the Oil

Jiang Lingzhi was speechless for a long time.

After brewing for a long time, he said gloomily, "Fortunately, I wash my hair every day. Otherwise, you would have gotten oily."

Guo Cong, who was sleeping at the back, was speechless.

He had just taken a nap. When he raised his head, he saw this scene.

In an instant, the world view was overturned. Was the big boss teasing the little sister just now?

He suddenly seemed to have discovered something amazing.

Would he be killed to keep his mouth shut if he bumped into a big shot's secret?

Only then did Jiang Lingzhi realize that there was someone behind her. When she turned her head, she met Guo Cong's eyes.

Guo Cong quivered.

The next second, he covered his eyes in an exaggerated manner and shouted, "Aiya, my eyes, why can't I see my eyes?" Jiang Lingzhi was speechless.

Student, your acting skills are too exaggerated.

Jiang Lingzhi always kept her word.

He said that he had to keep his distance in school, so he had to keep his distance.

She didn't even have lunch with him.

After eating lunch alone in the school cafeteria.

Just as she was about to return to the classroom, she met the English teacher in front of the flower bed.

The English teacher stopped her. "It's just nice, Lingzhi. Do you have time now?"

Go help me mark a test paper."

They had a class test in the morning.

In the past, when the teacher was too busy, he would ask someone to help mark the papers.

Jiang Lingzhi did not reject her and nodded. "Yes, Teacher."

She went to the office with the English teacher.

There was another student in the office. He was the English representative of their class.

She was a quiet girl.

Her name was Xu Miaomiao.

Every time she collected her homework, she spoke softly.

The English teacher divided the papers into two stacks. After giving them some instructions, she left.

The two of them had not spoken in the classroom and were not very familiar with each other. At this moment, they were also speechless.

One of them occupied one side of the desk and started marking the papers.

Halfway through, the girl handed over a test paper and whispered, "It's better for you to mark my test paper."

Jiang Lingzhi looked up and roughly understood what she meant. "Okay, I haven't found mine yet. I'll change it for you later."

After all, he was afraid of covering up for his own papers.

Xu Miaomiao: "I've already corrected your test paper. The first half is correct.

I've also briefly looked at your essay. I think you should get full marks."

They only needed to mark the first part and leave the essay for the teacher to mark.

Jiang Lingzhi basically got full marks for her English exams.

She did not find it strange and nodded calmly. "Oh, okay." The office fell silent again.

Jiang Lingzhi was marking Xu Miaomiao's test paper.

After grading the entire paper, he only made mistakes in the first two multiple-choice questions in the listening section.

After she was done marking, Jiang Lingzhi placed the test papers on the other side.

Xu Miaomiao asked softly, "Did I make many mistakes?"

Jiang Lingzhi answered truthfully, "I just missed the first two lines of hearing."

Xu Miaomiao sighed, picked up a pen, and ticked on the test paper. She muttered to herself, "Hearing again."

Jiang Lingzhi glanced at her and said casually, "If you want to improve your listening, you can watch more foreign movies without Chinese subtitles. It's quite effective."

Xu Miaomiao was obviously surprised. She didn't expect her to take the initiative to tell her this. She smiled shyly. "Thank you."

"No need." Jiang Lingzhi lowered her head and continued to mark the papers..

Chapter 225: A Heartless Child

Just as Xu Miaomiao was about to look away, she glanced out of the window and reminded him, "Someone seems to be looking for you,"

Jiang Lingzhi was stunned for a moment. She raised her head and followed her gaze.

Outside the office.

The boy leaned lazily against the fence outside with a phone in his hand. He was so tall that he was particularly eye-catching.

Deskmate.

How did he know she was here Jiang Lingzhi's She put down the pen in her hand and walked.

"What are you doing here?"

Li Shunan looked up, pressed the lock button, and put his phone back into his pocket. "Waiting for you."

Jiang Lingzhi was baffled. "How did you know that I was here?"

"I saw her when I returned to the classroom, so I followed her." Li Shunan rested one elbow on the fence and said lazily, "How much longer do you have?"

Jiang Lingzhi thought about it for a moment. There were about ten papers left. "There should still be a while. You should go back first."

Li Shunan straightened his body and stared at her with his deep eyes for a while. He raised his hand and rubbed her head. "What a heartless child."

Jiang Lingzhi raised her head to look at him and felt that his words were a little funny.””.. How am I heartless?

Li Shunan licked his teeth and said lazily,””You don’t even want to eat with me and keep a distance from me. Why do I feel that this treatment is not as good as before?”

His accusation was very strong.

That seemed to be the case.

“..”Jiang Ling knew that she was in the wrong and said softly,””Didn’t we talk about it yesterday?”

After saying that, she glanced at him guiltily.

Li Shunan lowered his eyes and chuckled.””Alright, I won’t tease you anymore.

I’m just joking with you. Mark your papers. I’ll leave first.”

Jiang Lingzhi nodded slightly,””Oh.”

Li Shunan pinched her ear and quickly let go.

“Let’s go.” He put one hand in his pocket and turned to leave.

After watching the boy’s back as he walked down the stairs, Jiang Lingzhi returned to the office and continued to mark the papers.

Jiang Lingzhi had never been a talkative person, and she would not take the initiative to start a topic with others. She started to mark the papers without saying a word.

When she was left with the last two cards, she changed to Li Shunan's paper. His test papers were really too easy to mark.

The two white boards were very clean. Other than a name, there was nothing

Jiang Lingzhi shook her head. She could not be bothered to give him a share and directly put it aside.

The deskmate who scored zero.

After marking the last paper.

Jiang Lingzhi put away her pen." I've already changed it. Do you still need help?"

There were still a few papers left on her side that had not been marked.

Xu Miaomiao shook her head." No need. You can go back first. I can do it myself."

Tianz Linzhi nodded." Okay. then I'll leave first."

Jiang Lingzhi placed the pen on the desk and walked out of the office.

Back in the classroom.

There was no one in the classroom.

Jiang Lingzhi sat down in her seat, took out her exercise book, and started to do the questions.

Although the ranking had dropped due to special reasons in the last exam.

However, after the separation of arts and sciences, mathematics was indeed more difficult than before.

Jiang Lingzhi bought a few exercise books specifically for that question type to consolidate her practice.

After flipping through a few more pages of practice questions, Jiang Lingzhi felt a little tired, and she rubbed her wrist.

She put away the documents and lay on the table, ready to sleep. She had just laid down when a palm suddenly rubbed the top of her head..

Chapter 226: Your Boyfriend Protects You

Jiang Lingzhi opened her eyes and saw the corner of a white shirt beside the desk.

Then, a long hand pressed against her desk.

The boy bent down and approached her.

Jiang Lingzhi's heart tightened, and she subconsciously wanted to hide back.

Before she could make her next move.

The back of her neck was suddenly pinched by a hand.

Jiang Lingzhi lay sideways on the table, and it was as if he had pulled her into his arms.

"What are you hiding from?" The boy's warm breath sprayed on her ear.

He was too close, and his hot breath sprayed down, carrying with it a clear smell of mint and tobacco.

Jiang Lingzhi's heart skipped a beat, and she had nowhere to hide. She was a little annoyed. "What are you doing?"

A low laugh rang in his ears.

"Make up for the distance we maintained earlier while there's no one around," he said slowly."

Jiang Lingzhi was speechless.

Her cheeks were burning hot.

This, this was even made up for?

Li Shunan lowered his eyes. The girl's side profile was just inches away from him.

The tip of her nose was raised, making one want to bite it. Her eyelashes were still trembling slightly.

The skin behind her ear was delicate and smooth.

He gently pinched the back of her neck.

He could clearly feel the girl's body stiffen.

Li Shunan licked his lips and smiled.

Fortunately, he did not really intend to do anything.

After a while, he let go of his hand and stood up straight, standing beside the desk.

Jiang Lingzhi was flustered and exasperated. After escaping from his embrace, she quickly sat up straight and raised her eyes to glare at him. "You, can you pay attention to your influence?"

This was a classroom!

Li Shunan put his hands in his pockets and stared at her condescendingly. "I haven't done anything yet."

Jiang Lingzhi blinked her eyes. What else do you want?!"

He had already hugged her.

He even touched her neck!

Li Shunan stared at her playfully. "'1 still want to kiss you, will you?" Jiang Lingzhi quickly retreated a little and covered her mouth. "'Of course not."

Li Shunan stared at her and couldn't help but laugh. He stopped teasing her. "It'll be noisy if there are too many people later."

Jiang Lingzhi's face was still red. She put her hand down in annoyance. Can't you just say it nicely?"

Li Shunan bent down slightly and looked into her eyes. He said in a low voice, "'I just wanted to whisper to you."

Jiang Lingzhi was speechless.

How could he be so confident?

She was often rendered speechless by him.

Jiang Lingzhi stared into his eyes, and she looked at him so brazenly. However, what he said made sense.

When there were more people, it would be easy to bump into the table when they passed by.

Jiang Lingzhi shifted her gaze away and wrinkled her nose. She got up and sat down on the seat inside. "Then you can't disturb me. I'm going to sleep."

Li Shunan sat down outside in a casual posture. He leaned back lazily and stretched his long legs.

"Go to sleep. Your boyfriend will protect you."

He said it without any hesitation and was exceptionally confident.

Jiang Lingzhi was speechless.

Jiang Lingzhi raised her hand and covered his mouth. She emphasized again, "It's the future, the future!"

The girl's small hand was exceptionally soft as she pressed it against his thin lips.

Li Shunan's eyes moved. He raised his hand and pinched her little hand. He kissed it and chuckled. "Hmm? Future, future wife?"

Chapter 227: You Still Want to Get a Marriage Certificate Directly

Jiang Lingzhi's face turned red. She quickly retracted her hand and rubbed it against her school uniform pants. "You wish you could."

Jiang Lingzhi pursed her lips." You haven't even gotten your girlfriend yet, and you still want to register your marriage?

Li Shunan leaned back in his chair and sighed."Tsk, we still have to wait four years to get our marriage certificate."

Jiang Lingzhi was speechless.

She made it sound as if she would definitely register her marriage with him when she reached the age.

Jiang Ling ignored him. She lay on the table and closed her eyes.

The boy's gaze was too passionate.

He stared at her so blatantly without hiding anything.

Jiang Lingzhi could feel his intense gaze even with her eyes closed.

After a long while, Jiang Lingzhi's eyelashes trembled, and she turned her head away.

She pointed the back of her head at him.

Li Shunan stared at her and chuckled.

During this period of time, Jiang Lingzhi would stay up late every night to do her exercises, and she would wake up very early in the morning.

She was too sleepy.

After closing her eyes, she didn't have time to care about him anymore. She changed her position in a daze and fell asleep very quickly.

Li Shunan leaned back lazily and stared at her.

The girl's sleeping posture was very obedient.

She was lying on the desk, revealing her fair neck, slightly thin shoulders, and half of her collarbone.

Why was his future girlfriend so cute?

It really can torture people

Li Shunan stared at her collarbone for a while, then raised his hand and pulled her collar up.

There were still twenty minutes before class started, and the classroom gradually became more crowded.

Two boys ran in from the back door.

"Who told you to spout nonsense? Eat my Shadowless Kick."

"Come on, chase me."

When the two of them passed by, they accidentally bumped into his table.

With a bang, the table shook slightly.

The girl's fingertips trembled and she frowned slightly.

Perhaps because she was too sleepy, she was still asleep.

Li Shunan looked up at her with his light brown eyes, which were dangerous and undisciplined. "Be quiet."

He suppressed his voice and said with a faint magnetism, "Can't you see that he's sleeping here?"

The boy in front of her instantly fell silent and immediately turned around to apologize. "I'm sorry, I'm sorry, I didn't notice."

"We'll shut up now."

The two of them tiptoed and did not dare to make any more noise.

She returned to her seat and was as quiet as a chicken.

Jiang Lingzhi's sleep was a little heavy.

When class was about to start, she was woken up by the noise in the classroom.

She rubbed her eyes and realized that the classroom was already half-filled.

It should be about time for class.

Jiang Lingzhi looked at the time. There were still ten minutes before class started.

She sat up straight, raised her hand, and poked Li Shunan's arm. "'1 want to go out."

Li Shunan was playing a game on his phone when he turned his head. "Where are we going?"

Jiang Lingzhi was in a daze as she replied honestly, "I want to go to the toilet."

Her expression was still blank, and her thick eyelashes were slightly drooping, making her look exceptionally obedient and soft.

Li Shunan stared at her for a while, then stood up and gave her a seat. "Go ahead."

Jiang Lingzhi yawned, got up, and left the classroom through the back door.

She went to the bathroom.

When she came out of the cubicle, two people were washing their hands at the sink.

At this time, Jiang Lingzhi was already completely awake.

He didn't have much of a reaction when he saw those two people.

She walked over and washed her hands at the sink in the middle. She turned off the tap and prepared to go out.

In the next second, the two men stood in front of her..

Chapter 228: Fair Competition

It was the same place and the same person.

Jiang Lingzhi could not understand why they always liked to block her in the toilet.

Wu Qing and Zhuo Yiru.

In school, Jiang Ling knew that she was not afraid of them.

After all, no matter how bold they were, they would not dare to lay a hand on her in school.

Jiang Lingzhi looked up. "What do you want now?"

Zhuo Yiru was really unwilling.

After what happened last time, she seemed to like Li Shunan even more. When she was in the classroom, she often paid attention to Li Shunan's every move.

He doted on his deskmate.

She always treated Jiang Lingzhi more gently than she treated others.

She felt that all of this was because Jiang Lingzhi was his deskmate.

Every time she saw Li Shunan being nice to her, she felt very upset. She couldn't help but wonder if he would treat her as well if she was his deskmate.

Occasionally, when he slept in the classroom, he would even put his coat on the girl.

Zhuo Yiru couldn't help but feel jealous. "I didn't have any other intentions in looking for you today. Since you don't agree to change seats, let's compete fairly."

Jiang Lingzhi was a little speechless.

This girl was really persistent. She didn't even give up.

Didn't he scare her last time?

Jiang Lingzhi spread her hands." Then go and compete. Why are you telling me?"

"But you're his deskmate," said Zhuo Yiru immediately. "Isn't that like a favorable position?"

"You refused to change seats, so I could only harass you."

Jiang Lingzhi was speechless.

What kind of mindset was this?

Zhuo Yiru wasn't discussing with her, and she quickly voiced her thoughts,""If you can get first place in the monthly exam, I'll be convinced and won't harass you anymore."

"If you don't get it, then we'll switch seats."She took the opportunity to make a request.

Jiang Lingzhi rolled her eyes in her heart. "What if I say no?"

Zhuo Yiru said confidently," Then I'll keep pestering you and harassing you.

Let's see who gets annoyed first."

Jiang Lingzhi wondered how this student's brain worked.

If he wanted to chase someone, he wouldn't pester the male lead but his love rival. What kind of trick was this?

Would Yunan like her after getting rid of her?

Were they the only two women in the world who could choose?

Jiang Lingzhi sighed." I got first place in the grade. You won't pester me anymore, right?"

"Yes," Zhuo Yiru nodded.

Jiang Lingzhi nodded." Alright. If I can't get first place in the grade, I will move out of this seat."

Zhuo Yiru's eyes lit up. If you lose, you have to change positions!"

Jiang Lingzhi scoffed, "I didn't say that.

Zhuo Yiru's eyes widened."

Jiang Lingzhi corrected him," I said, if I lose, I will move away from this seat." As for whether you can become his deskmate, that's not within my consideration."

Zhuo Yiru thought about it.

In any case, as long as the two of them were not deskmates, it was fine.

"Then it's a deal." Zhuo Yiru was a little excited.

It was as if victory was already waving at her.

Jiang Lingzhi said unhurriedly, "What about you? You have to give something up, right? Do you still want to get something for nothing?"

"What?" Zhuo Yiru still hadn't reacted."

Jiang Lingzhi was quite confident about this exam..

Chapter 229: No Longer Like Him

If he could defeat her with something he was good at, it would feel quite good. Jiang Lingzhi said slowly, "If I get first place in the grade, not only will you not be able to harass me, you are also not allowed to like him anymore!" Love rivals were creatures that would kick each other when one came, and kick each other when two came.

After hearing her request.

Zhuo Yiru's eyes widened.!"

Jiang Lingzhi spread out her hands indifferently and pretended to walk out." "If you don't want to, then forget it. You can pester me then. It won't affect me anyway."

Zhuo Yiru hesitated for a while before gritting his teeth and finally making up his mind.

Was she supposed to get first place in the grade just because she wanted to?

She must be deliberately provoking him!

When Jiang Lingzhi walked past her, Zhuo Yiru reached out to stop her." "Alright, I promise. If you get first place in the grade, I won't like him anymore!"

Jiang Lingzhi stared at her for a while." Sure.""

Thus, the two of them reached a consensus.

They waited for the monthly exam to arrive in the week after.

Everything depended on the results.

The next afternoon.

Jiang Lingzhi did not forget about the club.

After eating at the cafeteria, she went straight to the indoor basketball court. When they arrived at the basketball court, Wen Yujing was already waiting there.

Someone was playing basketball in the indoor basketball court.

There were also a few other girls who were also members of the club.

Actually, there weren't many girls who signed up for the basketball club.

After all, it was really boring for girls to be in the basketball club.

He counted the players and then helped them count the balls.

They were also responsible for picking up the ball and helping them pick it up and put it back into the basket.

The reason why Wen Yujing wanted to join the basketball club was because she had taken a fancy to a young man who played basketball.

She was too embarrassed to sign up alone, so she dragged Jiang Lingzhi over to sign up as well.

At that time, Jiang Ling didn't know which club she was going to sign up for. Coincidentally, Wen Yujing mentioned it, so she also signed up for the basketball club.

After all, she didn't seem to know much about the other astronomy clubs and the Blockade Club.

If it was the basketball club, she would at least have a chair to sit on. The president of the basketball club whistled and gathered everyone.

"Everyone, stop for a moment. Come over and gather."

The boys who were playing basketball were members of their No.1 Middle School team.

Their No.1 Middle School was quite unique.

There were very few boys on the basketball team.

Every time they organized a basketball match with other schools, they would lose miserably.

Basically, they couldn't even pass a round.

The score was quite embarrassing.

After all, they were all outstanding talents who were obsessed with their studies. They did not want to spend their time and energy on playing basketball.

The club would occasionally organize football matches.

He had also played basketball with other schools.

After the president whistled, the boys had already lined up.

Jiang Lingzhi and Wen Yujing walked over to line up.

The president clapped his hands, signaling for everyone to focus. "Next month, there will be a basketball match between the high schools in our district. Look at us. There's a shortage of talent."

The basketball court was very quiet, and there was a faint echo when he spoke.

There were only five boys in their school basketball team. If they went to play, they wouldn't even be able to find a substitute.

The previous members were either in their third year of high school or had directly left the club.

After all, studying was more important in the third year of high school. It was not recommended for everyone to join a club..

Chapter 230: Club Recruiting

The president spoke again. "I gathered everyone today to think of a way. Our club is going to recruit new members. Does anyone have any ideas?"

Their basketball club currently had five players and five girls.

To put it nicely, the girl was the manager of the basketball club. To put it bluntly, she was in charge of running errands.

According to their current lineup, they would have a miserable life if they went into the game.

A school team with only five boys was really too pitiful.

Jiang Lingzhi knew that this manager was there to do odd jobs and fill up the number of people. Of course, she had no objections.

The other female managers started speaking one after another.

“Usually, there are quite a lot of boys playing basketball on the basketball court. Why don’t I see any of them joining the club?”

“The club has to come to practice often. They’re not willing to sacrifice their rest time to practice every day.”

“Who has the time to go to the club all day? They’re all studying hard, okay?” Wen Yujing actively suggested, “We’re all Year Two students here. The club stopped for a month and missed the recruitment. The Year One students didn’t come to register. Why don’t we take an exam and go to Year One to recruit new students?”

The president’s eyes lit up. He felt that it was reliable. “Alright, that’s possible. We can organize it.”

They didn’t count on the second-year students. Now, they mainly relied on the first-year students.

The president tried to stir up their enthusiasm. “Tell me, what advantages do we have to attract them over?”

Everyone blurted out, “No advantage.”

The president was speechless.

“Don’t be so unconfident.”

The president was a little worried. He paced back and forth, racking his brains to think of a new recruitment plan.

He sighed, and his gaze swept past Jiang Lingzhi before he froze.

Jiang Lingzhi was at the front of the line. She stood as if she was not listening to him.

She raised her head inadvertently. When she met his gaze, Jiang Lingzhi felt a little scared.

She felt that the president’s gaze seemed to have ill intentions.

Sure enough, the next second, he said, “I think a few girls can help us recruit new people.”

“Our managers are so beautiful. Seeing such beautiful managers, it’s so exciting to play!”

At this point, the president asked, “What do you think?”

The girls were very happy, feeling that they were valued. “Sure, this plan is fine.”

“Everyone is a member of the club, so we should all contribute. Let’s go out and recruit new members tomorrow.”

The president smiled so widely that his teeth could not be seen. “That’s good. Then, can I trouble the girls to help us distribute the flyers tomorrow?”

The other girls had no objections.

They whispered to each other.

The president was very satisfied and immediately made the decision. "Then it's settled!"

"Tomorrow afternoon, you guys go to the basketball court and the Year One teaching building to distribute some flyers."

Jiang Lingzhi was speechless.

How could it be decided?

Did the parties involved agree?

The president was immediately motivated." We'll gather here at the same time tomorrow. Let's promote our school team together.""

"After school, I'll go and prepare the posters."

The president looked around." Alright, does anyone have anything else to

There was silence. No one spoke again.

The president whistled.."
