

## Little Girl 251

### Chapter 251: You Are the Only One I Care About

Everyone instantly lost interest.

The boy was also a little annoyed. Why didn't he finish listening just now? He couldn't help but run back after hearing only half of it.

Whispers and discussions could be heard from below the classroom again. "Who do you think will be the first in the grade?"

Someone looked around the classroom and said, "I think only Jiang Lingzhi is left."

If their class had the first place in the grade, then there was a high chance that it would only be Jiang Lingzhi.

He had long heard that she had been the top student in the first semester of her first year of high school.

Later, in the second semester of her first year of high school, her results were a little unstable and hovered around the top five of the grade.

In the end, after she entered the second year of high school, she only got 82nd place in the first monthly examination, which shocked everyone.

Everyone thought that she would not be able to go back.

However, it had only been a month, and she had already returned to the top of the grade?

However, other than her, there seemed to be no other possibility in the class.

Zhuo Yiru was completely shocked. Her eyes were red as she glanced at Jiang Lingzhi. She felt that she had been deceived. However, she was the one who suggested this bet.

“You... yt

Zhuo Yiru wanted to say something, but he couldn't say anything for a long time. He stomped his feet and returned to his seat angrily.

Perhaps it was because the classroom was too noisy.

Li Shunan frowned slightly, his eyes still filled with tiredness. He sat up straight and leaned back.

When she looked up, she saw that person leaving from the side.

Li Shunan yawned and leaned against the wall. His eyes fell on the girl's side profile and he said lazily, “Who was that person just now?”

The pen in Jiang Lingzhi's hand stopped. She took a deep breath and turned her face to stare at him. She said coldly, “Zhuo Yi, I've been

Li Shunan paused for half a second and met her eyes. There was a trace of confusion in his long and narrow peach blossom eyes. “Who is Zhuo Yiru?”

Jiang Lingzhi was speechless.

Jiang Lingzhi had a smile on her face.”

Li Shunan licked the corner of his lips and narrowed his eyes. “Ah, I thought it was your good friend Wen something, wasn't it?”

Jiang Lingzhi was speechless.

Warm what?

Jiang Lingzhi reminded him, "Wen Yujing!"

Li Shunan: " Oh, yes, that's the name. Isn't it her?"

Jiang Lingzhi looked up and met his tired eyes. She realized that he was serious.

She finally believed that he was face-blind.

She had been in the classroom for so long, yet she couldn't even remember a single student?

These two people looked completely different!

Jiang Lingzhi retracted her gaze and continued to write her test paper." "Wen

Yujing is in the humanities class. Can you please be more careful?"

Li Shunan stared at her for a while and found that the girl's expression was a little serious.

He seemed a little unhappy?

Was it because she recognized the wrong friend?

He didn't do it on purpose. He would never deliberately remember unimportant people.

Li Shunan sat down slightly and leaned forward. He raised his hand and gently rubbed her head. "I only care about you."

Jiang Lingzhi was stunned for a moment. She moved a little to the side and avoided his hand. "Student Li, please pay attention to your influence. We're still in the classroom."

After pausing for a moment, Jiang Lingzhi turned her face sideways and met his gentle gaze. She muttered softly, "Don't think that I'll forgive you just because you flirted with me." Li Shunan was speechless..

Chapter 252: First in the Year, Second in the Year

The third period in the morning was physics.

There were still people coming and going in the corridor. It was almost time for class, and students would jog past from time to time.

Hao Weiwu walked into the classroom with a stack of test papers under his armpit.

He was beaming with joy, and the smile on his face could not be stopped.

The sounds of chatting in the classroom were still ringing in their ears.

Hao Weiwu walked up to the podium and placed the test paper on the table. He placed his hands on the table and said, "Students, please be quiet." The classroom quickly fell silent.

There was only the occasional sound of tables and chairs moving.

Hao Weiwu looked around and said excitedly, "Students, the exam papers have been marked and the grade rankings will be out soon. I really can't help but tell you a piece of good news!"

The students roughly knew what he was going to say.

It was probably about the first place in their class.

They already knew. It was no longer a big deal. They just didn't know who that person was.

Someone in the classroom shouted, "So, Teacher, who is the top student in our class?"

"Right, who is it? We can't wait to worship him!"

"Eh?" Hao Weiwu was stunned. "You already know?"

"That's right, the first place in the grade this time is in our class!"

As soon as he finished speaking.

Zhuo Yiru bit her lower lip and subconsciously turned to look at Jiang Lingzhi.

She really got first place in the grade.

She slammed the pen in her hand on the table unwillingly.

Hao Weiwu continued, "However, it's not just the first place in the grade." Everyone was originally whispering, but at the same time, they fell silent.

What did this mean?

Hao Weiwu smiled mysteriously and said in a very proud tone, “The second important news is that the second place in the grade is also in our class!”

After saying that, he quietly waited for everyone’s reaction.

Are you surprised?

The entire classroom was silent.

What kind of concept was this?

How long had it been since they were assigned to classes?

There were 80 students in the two special classes. They were all top students in the school.

It was already very impressive for their class to be able to get into the top 80. It could be considered that their ranking had risen very quickly.

Now that they were told that there were two students in the top three in their class, this was too f\*cking godly!

Everyone was curious.

Everyone might have a tacit understanding of the first place in the grade, but Jiang Ling knew.

However, there was really no one in their class who could get the second best result in the grade.

Everyone was whispering to each other.

No. 1 commented “ F \* ck, isn’t our class too awesome?”

Melon Eater No. 2: What kind of godly class is this?"

Melon Eater No. 3:" So what I'm curious about is, what did these two big shots do during the last monthly exam?

Melon Eater No. 4:" That's right. Why doesn't the class placement test matter?

You're so willful."

Jiang Lingzhi was also stunned for a moment.

The first and second place in the grade were both in their class.

It was quite magical.

Why, did he have a bad feeling about this?

Then, in the next second.

Hao Weiwu didn't keep her in suspense. He took out his glasses from his pocket and put them on."Alright, let's give everyone a round of applause to encourage her. Our class's Jiang Lingzhi has obtained the second place in the grade!"

Immediately, thunderous applause erupted.

The people below blurted out.

I knew it. I knew it.. I knew it! Jiang Lingzhi is definitely the number one..."

Chapter 253 – 253 The First Place in the Grade Was Snatched

“No. What was it?”

The applause lasted for a long time before he suddenly reacted.

What grade did Brother Weiwu just say?

Jiang Lingzhi got second place in the exam?

This time, the discussions became even more earth-shattering.

“F \* ck, who the f \* ck is this? Who the f \* ck got first place in the grade??”

“He’s hiding it well!”

“Which hero is this? I want to worship him.”

“With my eyes, I really can’t find any student who can get first place in the grade. This is too damn brain-consuming.”

The others began to look around.

He wanted to see where the legendary number one of the grade was hidden.

Jiang Lingzhi was speechless.

When she heard this result, she thought she had heard wrongly.

Her first place in the grade was snatched away?

She had worked hard for so long to become the top student in the grade.

Unexpectedly, Ran, was, robbed!

Who the hell stole her first place in the grade?!!

Jiang Ling knew that she couldn't stay calm anymore. Her fingers unconsciously exerted force, and the pen in her hand almost broke.

Hao Weiwu was very satisfied with the reactions of the students. unconsciously exerted force, and the pen in her hand almost broke.

Hao Weiwu was very satisfied with the reactions of the students. Finally, the truth was revealed. He took the lead and clapped."Alright, let's give a round of applause to the first place in our grade, Li Shunan!"

His voice was particularly impassioned.

The moment he said that, the entire hall fell silent again.

Who was it?

Who did he just say was number one in the grade?

Li Shu Nan?

Wasn't that the name of a big shot?

Did he call her wrong?

The last place!

Big Boss slept in class every day and slept during exams. How could he get first place in the grade?

You must be joking!

The dead silence in the classroom lasted for at least ten seconds.

Someone asked carefully, "Teacher, are you serious? Are you sure you're not joking?"

Hao Weiwu smiled and picked up a form on the table. "Why would I joke with you guys about the results? These are definitely the real scores. Li Shunan was ranked first in the grade with a high score of 729."

He glanced at the excellent results on the form. "Full marks for Mathematics, full marks for English, 294 for Science, 135 for Chinese."

Everyone was speechless.

A full score of 750, and the big boss scored 729. Was he still a f \* cking human?

Hao Weiwu continued to attack, dealing them a critical hit. "A full 13 points higher than the second in the grade."

As he said this, he paused for a moment and looked up at Jiang Lingzhi's direction. "Jiang Lingzhi scored 716 points."

Everyone was speechless.

Damn it, this is already very high, alright?!

Hao Weiwu still gave this score affirmation.””This result is more than enough to rank first in the past.”

“In this exam, he scored 6 points more than the third place. The third place is from the special class. He was first in the class placement exam last time and scored 710 points this time.”

Jiang Lingzhi was speechless.

F \* ck!

Ever since Hao Weiwu reported his results, her mind had been blank.

Wasn't she the top student in the grade?

She had already scored so well, but she was still not the first in the grade.

The first in the grade was actually his deskmate.

That deskmate who scored zero on the math test and handed in a blank paper.

He was actually the first in his year.

Jiang Lingzhi felt that her worldview was about to collapse.

Hao Weiwu raised his head, his face full of joy.”This means that the students in our class are still very outstanding. Teacher is very pleased!”

Jiang Lingzhi put down the pen in her hand and slowly turned her head. She stared expressionlessly at the stranger beside her.

## Chapter 254 – 254 Admitting Defeat

Li Shunan had been sleeping since class started.

Hao Weiwu had been impassioned on the podium for a long time, but he did not hear a word.

It was as if the results had nothing to do with him.

He did not care that everyone's gazes were about to nail him into a sieve.

Jiang Lingzhi took a deep breath. It was not easy for her to suppress the evil fire in her heart. She resisted the urge to kick him awake.

Are you still a human?

How many more things have you lied to me about?!!

Hao Weiwu was so excited that he wasted ten minutes to announce the results.

Now, he finally got back to the main topic." Alright, class representative, come over and hand out the test papers. We'll talk about the test papers in this class."

Everyone could not help but look at that corner.

The school bully had successfully transformed into a top student.

The two identities had switched too quickly, and they still could not accept it.

He couldn't afford to offend her.

As expected, they could only worship the big shots.

“When you get the test papers, take a look at where you went wrong. There are many key points that were discussed in class. How can you be wrong? Let’s take a look at the first question.”

Hao Weiwu was talking about the exam papers on the podium.

Hao Weiwu was talking about the exam papers on the podium.

Jiang Lingzhi was completely distracted.

She couldn’t pull herself away from the fact that her deskmate had gotten first place in the grade.

The main thing was that the image of her deskmate scoring zero on the test had already been deeply ingrained in her heart.

Now that he had suddenly gotten first place, it was really too unexpected.

She was ranked second in the grade.

She only got second place in the grade.

One of the top students in the grade who sat at the same table had successfully sent her away from him.

Good job.

Jiang Lingzhi really wanted to shout at him.

Are you a spy sent by the other party or not?

I've been racking my brains to get rid of my love rival, but the biggest stumbling block is actually my future boyfriend!

After Jiang Lingzhi's anger reached its peak, she was left with nothing but helplessness.

After the results were announced, Zhuo Yiru was the happiest.

He had originally thought that there was no hope of changing seats.

She did not expect that there would be a silver lining. Jiang Lingzhi only got second place in the grade.

Although it was already impressive to be second in the grade, not being first in the grade meant not being first in the grade.

She still had to move away from this seat!

The bell rang.

Hao Weiwu put his glasses back into his pocket and said, "Alright, there are two more big questions. We'll continue next class. Class dismissed.""

With that, she quickly left the classroom.

After class.

Zhuo Yi didn't even have time to put away the test papers. He impatiently walked to his seat and couldn't hide the smugness in his eyes. "You lost."

Jiang Lingzhi raised her head to look at her.

Although she was very angry, she still had to maintain her smile.

After a lesson, she was forced to accept this fact.

Jiang Lingzhi stood up from her seat and placed her pen on the table. She said calmly, "I'm willing to accept my loss. I'll move away from this seat."

Zhuo Yiru couldn't suppress his happiness. The corners of his mouth could reach his temples.

Jiang Lingzhi added, "But classmate, even without me, do you think you can become his deskmate?"

Zhuo Yiru was taken aback and retorted with a red face, "That's my own business, as long as you don't sit with him!"

Anyway, she felt uncomfortable seeing the two of them sitting together.

Chapter 255: Angry to the Point of Pain

Li Shunnan was too good to her.

Jiang Lingzhi was also a very threatening competitor. She was beautiful, and her grades were good.

She thought that as long as she separated the two of them, she would still have a chance.

Jiang Lingzhi snorted and ignored her, and she started to move the table expressionlessly.

In fact, if it was any other time, it would be quite a happy thing for her future boyfriend to be the top student in the grade.

But that was under the condition that there was no such prerequisite.

Why did he get first place in the grade when she was betting with someone

Now, there was this small premise.

It made people unhappy.

There were too many books on the table. Jiang Ling knew that it was impossible to move the table, so she could only slowly pull it out.

As he moved, he made a loud noise.

She was now in the second last row and planned to move her seat behind Guo Cong and Wang Kang's.

The onlookers in the classroom stared at the corner and whispered. "F \* ck, so it's true. Student Jiang didn't get first place in the grade and really moved his seat."

"But the second place in the grade is also very powerful."

"Do you think the big boss knows about this bet? If you know, he got first place in the grade. You can take a good look at him..

"If you don't know, what kind of attitude will the big boss have?"

Everyone was really curious.

Now, they were just waiting to see the big shot's reaction.

Although he didn't dare to look openly, he couldn't help but glance in that direction from the corner of his eyes.

Li Shunan was woken up by the noise in his ears.

He opened his eyes and pinched his straight nose bridge with his well-defined fingers. There was still a trace of confusion in his peach blossom eyes.

He looked over and saw the girl moving the table with great effort. The table was pulled open, and it was obvious that it was going to be pulled further away.

Li Shunan didn't react in time and frowned slightly.

The next second, he stood up and walked over. He reached out and grabbed her wrist, then pressed her desk down. His voice was still hoarse from just waking up, deep and gentle. "What are you doing?"

Jiang Lingzhi stopped what she was doing. She looked up at him and said expressionlessly, "You're awake? Congratulations, you're the first in the grade."

His height advantage was too obvious. At this moment, he stood in front of her, looking down on her.

Li Shunan stared at her and was stunned. "Hmm?"

She had just said that she was first in the grade.

Li Shunan raised his eyebrows and reacted. "Ah, the exam results are out?"

He had just woken up and hadn't realized what was wrong with her attitude.

Jiang Lingzhi was so angry that she could not laugh.” Yeah, you did well, deskmate. “”

That slender finger was still holding her wrist.

Jiang Lingzhi lowered her eyes and broke free from his hand. She said calmly, ““You’re blocking the way. Please make way.”

He was quite angry.

He was so angry that his liver hurt.

I’m so angry I don’t want to talk.

Li Shunan vaguely noticed that after the girl finished speaking, she gritted her teeth and moved her seat.

“You want to change seats?”

Jiang Lingzhi smiled and nodded.”

Li Shunan frowned and his eyebrows darkened.””Why?

Tiang Lingzhi raised her head and met his eyes- She said.””Oh. I forgot to tell

you. That Zhuo Yiru is your admirer. We made a bet that if I don’t get first place in my grade, I’ll move out of this place..”

Chapter 256: Congratulations, You Can Change Deskmates

“Congratulations, you can change your deskmate now.” Jiang Lingzhi’s tone was not very good at the moment.

It was not because his grades were better than hers.

If someone else had gotten first place in the grade, she wouldn’t have been so angry.

For some reason, he felt as if he had been deceived and stabbed by his own people.

She didn’t lose to anyone. She only lost to the person she liked.

Li Shunan finally understood what she meant.

What the f \* ck?

He got first place in the grade and got into such a situation?

Li Shunan pressed the tip of his tongue against the back of his molars. Feeling somewhat helpless, he lowered his body slightly and said in a low voice, “You were the one who said that I could only teach you if I got first place in the grade.”

That day, she had a question that she didn’t know how to answer and even said that he was affecting her studies. When he suggested teaching her, the girl said that only those who scored full marks could teach her.

“Did I say that? Oh, I don’t remember.”

Jiang Lingzhi was expressionless.” Who knows? You never told me that you were going to get first place in the grade, so I should congratulate you. ”“

Li Shunan was really helpless.

He was even angered by himself.

He stared at the girl's stubborn little face for a while, and his temples throbbed twice. Then, he nodded and asked in a low voice, "How many points did you get?"

Jiang Lingzhi's gaze fell elsewhere, and she did not want to talk to him at all.

Li Shunan let go of her hand and stood up straight. He turned to Wang Kang and asked, "How many points did she get?"

Wang Kang trembled and curled up into a ball, weak and helpless. He answered with fear, "716, second place in the grade."

Li Shunan gritted his teeth. "How many points did I get?"

"729," Wang Kang answered honestly.

Li Shunan was speechless.

On the table was the Mathematics paper that the class representative had given out.

Li Shunan looked up and sighed. He turned around and returned to his seat. He took the math paper and walked past her, striding out of the classroom through the back door.

The classroom was filled with sighs.

Why did the big boss look like he was going to fight?

Jiang Lingzhi's red lips pursed slightly. She lowered her eyes and silently dragged her table behind Wang Kang.

He became the first row from the last of the group.

Wang Kang and Guo Cong were sandwiched between the first and second place students.

The pressure was suddenly huge.

The classroom was noisy, and the sounds of discussion never stopped.

Jiang Lingzhi sat in the last row and checked the Mathematics paper that she had just given out.

The last question was still wrong.

Jiang Lingzhi took out a draft paper and revised it again. Her expression was still calm.

Li Shunan returned less than ten minutes later.

Hao Weiwu came back with him.

Hao Weiwu came in from the front door and walked to the podium. "Um students, calm down. There's something I need to say."

Everyone immediately quieted down and stared at the podium.

Hao Weiwu cleared his throat. "That's right. Just now, Li Shunan said that he corrected the test paper wrongly. The answer to the last question was wrong, so 14 points were deducted."

Actually, there was no need to deduct all the points.

However, it was very strange that he insisted on deducting 14 points.

The math teacher was heartbroken.

He was originally the only one who got full marks in the math exam, but in the end, the only one was gone.

Hao Weiwu announced, "So let me correct you. This time, the first place in the grade is still our classmate Jiang Lingzhi."

"Student Li Shunan is ranked second in the grade by one point.."

Chapter 257: Can You Come Back Now?

There was a commotion in the classroom.

Big boss is awesome!

14 points, deducted just like that, this was a ruthless person!

Although Hao Weiwu felt that it was a pity, it was still alright.

In any case, the first and second place in the grade were both from their class. It was just that they had lost one.

However, the score of 729 points was really quite a beautiful result. Hao Weiwu felt a little regretful. "Well, the results rankings will be posted in the afternoon. The other students can go to the rankings to check."

The people below the classroom responded sparsely, "Got it."

The matter had been explained clearly. Hao Weiwu thought for a moment and said, "Alright, that's it. Get ready. Class is about to start."

He was only here to announce this matter.

After saying that, he did not stay any longer and quickly left the classroom.

After Brother Weiwu left, the classroom burst into a discussion.

No. 1: "we can confirm that the big boss doesn't know about the bet."

No. 2: "[No wonder Big Boss was so angry when he saw Student Jiang move the table!]"

No. 3: "So he went out of the classroom just now to change his grades."

Melon Eater No. 4: "Sob, sob, sob, this is too much. In order to let Student Jiang keep the first place in the grade, the big boss changed 14 points!"

[Melon Eater No. 5: Who is it?] Who was the one who spread the rumor that they had fallen out? It was obvious that they could not be pampered any more."

No. 6: "[I'm so f \* cking jealous!]"

No. 7: "[Aren't the scores of a top student a score?] 14 points is good too."

The classroom was a little noisy. Everyone discussed while paying attention to the big boss's every move.

Li Shunan stuffed one hand into his pocket and held the test paper in his other hand. He walked down the aisle and put the test paper back on the table.

Then, she walked straight to Jiang Lingzhi's seat.

Jiang Lingzhi acted as if she did not hear the teacher's speech just now. She lowered her head and held a pen in her hand as she calculated the formula on the draft paper.

It was as if everything in the classroom had nothing to do with her.

A tall figure stood beside the desk, but she completely ignored him.

Li Shunan sighed helplessly. He placed his hand on the table, bent down, and asked in a low voice, "Can you come back now?"

Jiang Lingzhi's fingers that were holding the pen paused. It was as if she had just noticed that there was someone beside her, and she looked up at him.

Li Shunan lowered his eyes and stared at her with his light brown eyes. He raised his hand and gently rubbed her head. "Don't be angry."

His deliberately lowered voice was gentle and affectionate, always carrying an unknown indulgence and indulgence.

Forgive me, huh?"

Jiang Lingzhi's heart was still inexplicably stifled. She lowered her eyes and averted her gaze. She said in a muffled voice, "I didn't ask you to change your score."

Li Shunan licked the corner of his lips and dragged out his lazy voice. He said unhurriedly, "I'm trying to change myself, I'm trying to change you, I'm on top of you."

Jiang Lingzhi was speechless.

After saying this, Li Shunan didn't give her too much time to react and added, "Tsk, I really just wanted to teach you. I didn't mean to snatch your first place."

The crowd in the classroom did not know what to say.

What kind of scene was that?

Can't you take care of everyone's feelings in public?

Chapter 258: The Plus Version of the School Tyrant

The school bully was wearing a dark-colored coat. His tall and straight figure blocked the corner, blocking the girl's figure.

His arm was propped on the table, and he was half-bent, almost at the same level as the girl's eyes.

Although no one could hear what they were saying.

However, they could almost imagine that the big boss must be coaxing them in a soft voice.

So Su, so flirtatious.

Jiang Lingzhi knew nothing about everyone's discussion, and she did not want to move back just like that.

She took a pen and calculated two lines of formulas on the draft book. She paused for a moment and looked up at him. "You've never told me that your grades are good."

Her tone sounded a little aggrieved.

To think that she had always thought that her deskmate was a regular school bully who scored zero.

Why did you still tell him that I won't despise you?

Now that he thought about it, he felt very embarrassed.

In the end, he did better than her, 13 points higher than her.

It was a plus version of the school bully.

What kind of concept was this?

Jiang Lingzhi felt that she was about to die of shame.

Why did she say such a stupid thing back then?!

"What do you want me to say?" Li Shunan was helpless. Am I supposed to tell everyone that my grades are especially good?" Jiang Lingzhi was speechless.

Thinking about that scene, it seemed a little strange.

If he really said that to everyone, he would be a little crazy.

What Li Shunan didn't say was true.

This paper was too simple. He was really just casually testing it.

However, if he really said that, the child would probably fall out with him on the spot.

Actually, after this lesson, the little temper in Jiang Lingzhi's heart had almost disappeared, but she did not want to move back so quickly.

Jiang Lingzhi lowered her head and continued to do her homework. "Go back to your seat. Don't disturb me from doing my homework."

"Go back to your seat and write. I won't disturb you."

Li Shunan said this casually. His lips tensed up a little, and he stood up straight, intending to help her move the table back.

Jiang Lingzhi pressed down on the table and did not let him move it. "I don't want to move."

"Are you still angry?" Li Shunan stared at her.

Jiang Lingzhi pursed her lips and muttered softly, "No, I've already moved here. I don't want to keep moving around."

If he said that, then he would move. This made her seem so easy to coax.

How bad would the impact be!

The bell for class had already rung outside, but the two of them were still in a deadlock.

Li Shunan bent down slightly and looked into her eyes. He seemed to have noticed the slight unhappiness in her eyes and finally sighed helplessly. "I'll let you play for a while. If you don't come back tomorrow..."

At this point, he paused for a moment, and his eyes were inexplicably obscure. Then, he slowly said, "I'll come and arrest him myself."

There was no one outside the corridor. The moment the bell rang, the teacher walked in from the front door of the classroom.

Jiang Lingzhi stared straight into his eyes. Her throat choked, and she did not say anything for some reason.

Li Shunan stared at her with his deep eyes. He stood up straight, turned around, and returned to his seat.

The discussion in the classroom became softer.

The students didn't know what the two of them were talking about just now.

But the final result was...

Jiang Lingzhi was still very firm in staying in the last row.

Everyone had not expected this outcome.

So, did the big boss run into a rebuff?

Student Jiang actually dared to reject the big boss.. How f \* cking brave!

Chapter 259: It's Undoubtedly True Love

In this way, no one was more painful than Guo Cong and Wang Kang.

It was fine if the big boss usually slept in class.

After separating from Jiang Yuning today, she didn't even sleep. She just leaned on her side and lazily leaned against the wall.

However, his gaze was looking behind him. He looked past Guo Cong, who was behind him, and stared straight at Jiang Lingzhi, who was at the back.

Guo Cong was speechless.

Who could understand his feelings?

She was doing her homework well. When she raised her head, she met the big boss 'deep eyes.

It was so f \* cking scary!

If this continued, the big shot would probably become a watchstone very soon.

Suddenly, he felt as if the two of them were a magpie bridge, separating the two of them.

What a sin!

Although class had already started, the onlookers still wanted to chat.

The messages in the class group started to flood again.

Melon Eater No. 1,[1 feel like I'm watching an idol drama.]]

Melon Eater No. 2:[Same as above. What made the school bully have the gentleness of an iron man? It was Jiang, who was brave enough to fight against evil forces. It was her, our little hero!]

Melon Eater No. 3,[If this gets out, would you believe it? The school bully actually knows how to coax people!]

Melon Eater #4,[Not only did he know how to coax people, but he was also rejected!]]

No. 5,[Not only was she rejected, but she wasn't even angry!]

No. 6,[Not only is he not angry, but he can't even find the blackboard during class. He keeps staring at the back! ]

Melon Eater No. 7:[Previous poster, are you guys doing crosstalk? Don't say that it's quite good-looking. I'll wait downstairs to continue picking it up...]

Melon Eater No. 8:[1'11 continue to pick it up. Not only are you staring at it eagerly, but you're also very affectionate! After the appraisal, it's undoubtedly true love!]

[After appraisal, the people above are all talents...]

Everyone was too engrossed in their conversation, and the messages in the class group accidentally reached 99+...

On the other hand, Zhuo Yiru.

Her mood fluctuated too quickly, like she was on a swing.

She had yet to recover from the good news that Jiang Lingzhi only got second place in the grade.

Her good mood only lasted for ten minutes.

In the end, Li Shunan changed his score, and Jiang Lingzhi dramatically became the first in the grade again.

When she saw the message in the group, Zhuo Yiru was so angry that her fingers were trembling. She threw her phone into the drawer. Out of sight, out of mind.

After school.

Zhuo Yiru was about to leave the classroom with her school bag. When she walked out of the front door, she was suddenly stopped by a tall figure.

Zhuo Yiru was stunned for a moment before she raised her head.

The man was very tall, a head taller than her. He wore a black coat and his eyes were arrogant and noble.

He had a flawless face with well-defined facial features. His light brown eyes were gentle and cold, and his arrogance was overwhelming.

Zhuo Yiru's heart thumped when he saw that face.

This was the first time she was able to come into close contact with him.

Previously, she only dared to peek at him secretly and did not even dare to say a word to him.

Then, a voice from the side said, "It's her. She's Zhuo Yiru."

As soon as he finished speaking.

Zhuo Yiru was stunned for a moment before she came back to her senses and realized that there was someone else beside her.

It was Guo Cong, who was sitting behind Li Shunan.

At this moment, he was captured by the big boss to recognize him.

Li Shunan stood by the door frame, his body slouching. His eyes were a little arrogant and disdainful. He raised his eyes slightly.. "You are Zhuo Yiru?"

Chapter 260: My Lady

Zhuo Yiru's heart sank.

So, from the time he was assigned to the class until now, he didn't even know his name?

Did he even need to find someone to identify him?

Guo Cong expressed that this was just a small scene.

It wasn't too difficult to recognize someone.

As long as the big boss didn't stare at the back during class, it was fine.

Li Shunan leaned against the door frame with a lazy expression. His voice was low and he suppressed his emotions. The aura of a school bully came out and he looked a little scary. "You want my deskmate to change your seat?"

Zhuo Yiru finally realized that he was here to settle the score. He stuttered, "I am. I'll compete fairly with her. She agreed to it herself."

As if she felt that her words were not convincing, she added, "I didn't bully her."

"Then I'll make it clear to you." Li Shunan's lips twitched. He still looked like a sloppy young master, but his voice was a little cold. "There's no need to compete. She has no opponents here."

Zhuo Yiru's face instantly paled.

This feeling was like being slapped in the face.

"It wasn't a big deal at first." He stood there loosely, looking down on them. "But if my deskmate is unhappy because of you, it will be a big deal, understand?"

His tone was lazy and undisciplined, and his words revealed a meaning.

His deskmate was the most important.

Zhuo Yiru had never seen such a scene before. Being exposed by the person he liked, he felt a little embarrassed. He lowered his head and began to sob. Even though he didn't say anything hurtful, it was enough to make her give up.

It turned out that not everyone could.

His gentleness was only given to a specific person.

Zhao Zifu happened to walk over from the other end of the corridor. When he saw this scene, he was obviously very surprised. "What's going on? Are you bullying a little girl?"

Li Shunan raised his eyes and slowly looked away. He said casually, "I never bully little girls."

Zhao Zifu was speechless. Then what are you doing?"

Li Shunan narrowed his eyes and said slowly, "She made my lady unhappy, so I'm trying to reason with her."

Zhao Zifu was speechless.

My girl?

The sour smell of love.

Since when did you have the f \* cking ability to reason?

Li Shunan seemed to think that he had made himself clear enough. He put his hands in his pockets and didn't intend to pay attention to her. He said lazily, "Let's go."

The two of them talked as they walked past Zhuo Yiru, completely ignoring her. Their backs quickly disappeared around the corner.

The next morning.

Jiang Lingzhi arrived at the school. When she entered the classroom from the back door, she realized that the desk that she had moved to the last row yesterday was gone.

She looked around and suddenly reacted. She looked up and realized that her desk had been moved back.

He moved to his original position.

Her deskmate was already sitting in her seat and wasn't sleeping.

She came early today.

Jiang Lingzhi retracted her gaze, walked over, and sat down in her seat.

He took off his school bag and stuffed it into the hole in the table.

When she looked up again, she saw a slender finger holding a sandwich and placing it on her table.

"I bought it for you.."
