

Little Girl 381

Chapter 381: Let Me Try It

Jiang Lingzhi's fingertips trembled. She raised her head, and her eyes met his light brown peach blossom eyes. They were very close.

This man was too good.

Why was she so seductive?

It's a gift for you.

He would treat it as a gift for them.

In addition, she had just said that she was so unlucky today that all the gifts she received were free gifts.

Then, he gave her a unique gift. Everyone else received the gift, but she was the only one.

Jiang Lingzhi could clearly hear her own heart beating wildly in her chest.

He was too good at poking at her young girl heart.

The young man was sitting beside her. He was tall and straight. Even though he was sitting, he was a head taller than her.

From Jiang Lingzhi's angle, her gaze happened to meet the protruding Adam's apple on his neck.

The lines were extremely smooth and beautiful.

Jiang Lingzhi felt that after a while, she would probably not be able to control herself.

She raised the candied hawthorn in her hand and continued to chew on the hawthorn absentmindedly. She said vaguely, "Where did you learn it from? You're so good.."

If he hadn't said before that he had never been in a relationship, Jiang Lingzhi would have thought that he was an experienced lover.

There were quite a lot of tricks up his sleeves.

"Hmm?" Li Shunan bent down, his low voice lingering in her ears.

Jiang Lingzhi felt that her ears were going to go soft again. She shrank her body to the side and said, "Why are you sitting next to me? Isn't there a seat over there?"

Li Shunan leaned back in his chair and crossed his long legs. His posture was very casual as he said slowly, "Isn't it? We're almost at the highest point." Jiang Lingzhi was stunned, and she did not understand what he meant.

Almost at the highest point?

She subconsciously looked out of the window, wanting to see if she was really about to reach the highest point.

Jiang Lingzhi did not have the time to think about it further before she heard the boy speak again.

"Is this really delicious?"

Jiang Lingzhi turned her face sideways and realized that his gaze was on the candied hawthorn in her hand.

Sour, so sour.

It could be said that it was extremely unpalatable. However, how could he tell the truth at such a time?

“Delicious.”

As if to confirm what she said, Jiang Lingzhi frowned. She raised the candied hawthorn in her hand as if she was facing death and took a small bite of the hawthorn.

He ate very slowly.

He had to finish the candied hawthorns that he had bought even if he had to kneel.

Li Shunan’s gaze slowly moved up and fell on her red lips. There was a hint of confusion in his eyes.”“What should we do? I want to eat too.”

The corners of Jiang Lingzhi’s mouth twitched, and she only wanted to say one sentence to him.

Why are you so stubborn, deskmate?

Couldn’t he tell that she was lying?

Did he trust her that much?

Did she really think it was delicious just because she said it was?

Jiang Lingzhi hesitated whether she should let him taste the candied haws in her hand to let him know how dangerous the world was.

However, it was really too sour.

Jiang Lingzhi tried to dispel his dangerous thoughts, but she still told him the truth. "Uh, but it's a little sour. If you want to eat it...'

Before she could finish her sentence, her chin was gently pinched by a warm finger and lifted up.

Jiang Lingzhi had no choice but to look straight into his eyes, and there was a hint of confusion in her eyes.

The corner of her lips accidentally touched the crumbs of the sugar coating.

Li Shunan gently pinched her chin, tilted his head, and leaned in front of her, breathing on her face as he spoke.

"Let me try.."

Chapter 382: Just To Be Safe

His voice was lazy and slow, always carrying a careless bewitching tone that easily made people lose their minds.

That kind of face, no matter how close it was, was flawless.

She realized what he was going to do.

Jiang Lingzhi's heart skipped a beat. She widened her eyes and subconsciously took a step back.

However, he seemed to have expected this. His other hand blocked her escape route and pressed against the back of her neck, making it impossible for her to retreat.

Under Jiang Lingzhi's stunned gaze.

The closer his breath got, the more she could smell the crisp scent of mint and tobacco. It was so close that his breath was so hot that it made one's soul tremble.

Then, a soft, wet touch licked the corner of her lips.

Jiang Lingzhi's entire body trembled, and she froze on the spot.

With her current experience, she had never experienced such a thing before.

He just...

What was he doing just now?

Lick?

Did he lick her?

Li Shunan stepped back slightly and licked his lips as if he was tasting something. His eyes darkened and his voice was low and magnetic. "Why is it so delicious?"

Jiang Lingzhi was speechless.

Why did she think of something unhealthy in such a simple sentence?

In addition, his action just now was a little lustful and inexplicably lustful. Qi.

Jiang Lingzhi was stunned for a full five seconds and forgot to react. The heat on her face instantly rose, and her ears turned red.

'You...'

Jiang Lingzhi lowered her head and looked at the candied haws in her hand before looking at his thin lips.

"You, didn't you eat the candied haws?"

Li Shunan curled his lips and stared at her lips. He gently rubbed his fingertips against her lips."It happened to be here, so I tried it."

Jiang Lingzhi was speechless.

You're really creative.

Jiang Lingzhi was still immersed in the shock just now, and she did not say anything for a moment.

Li Shunan turned around and looked out of the window. His eyes moved and he said slowly,"It's the highest point."

Jiang Lingzhi originally wanted to say something, but after hearing this, she also took the opportunity to look outside.

Outside the cabin, there was a bright light. The fireworks had already calmed down.

He didn't know from which point he judged that he had reached the highest point.

Li Shunan pinched her chin and turned her face back. His fingers gently rubbed the tip of her chin. His voice was low and emotionless. "So, do you believe that legend?"

Jiang Lingzhi blinked her eyes and thought of what the young couple in front of her said when they were queuing up just now. "You heard it too?"

Li Shunan looked down at her, waiting for her answer.

Jiang Lingzhi pursed her red lips and stuttered, "It's...It's okay. I don't really believe it."

If the two of them managed the business well, it didn't matter if there were rumors or not.

Could it be that couples who had taken the Ferris wheel together would really break up?

Li Shunan's peach blossom eyes were half-closed, and his expression was a little unclear. "Tsk, I think I'm starting to believe you." Jiang Lingzhi raised her eyes. "Hmm?"

Why was it different from what she had imagined?

She thought that he would never believe such baseless rumors.

Jiang Lingzhi thought about it and asked hesitantly, "Do you think we'll break up in the future?"

Li Shunan seemed to think about it seriously and said in a low voice, "I'm not too assured. Therefore, to be on the safe side..."

Jiang Lingzhi's fingers trembled as she thought of a way to crack this rumor.

She seemed to know what he was going to do next..

Chapter 383: Like Jelly

This time, he was obviously more familiar with the movements.

He placed his palm on the back of her neck and pressed the girl towards him, lowering her head slightly.

Perhaps because she was prepared, Jiang Lingzhi did not dodge this time.

She felt a soft and cool touch on her lips.

His breathing was hot.

This time, he stayed a little longer.

Jiang Lingzhi forgot to close her eyes. Her eyelashes were drooping as she looked at the face that was right in front of her. She even subconsciously held her breath.

From her angle, she could see his feather-like eyelashes.

His light brown eyes were gentle and deep.

And his cold and fair skin color, under the flickering neon lights, looked lustful. And sexy.

He could be clearly sensed by every single one of her senses.

Including... She could clearly hear his gradually heavy breathing, as if he was trying to disturb her thoughts.

Jiang Lingzhi heard the sound of her heart beating. It was beating again and again, and it hit her body strongly and forcefully. Then, she felt a slight stinging sensation on her lips.

It was Li Shunan who bit her lower lip.

Jiang Lingzhi's eyelashes trembled slightly, and she was slightly pulled back to her scattered thoughts.

Li Shunan moved back a little, but his palm was still on the back of her neck, his fingers rubbing against her neck.

His Adam's apple bobbed slowly as he recalled the touch just now. His voice was extremely hoarse. "Like jelly." Jiang Lingzhi was speechless.

She realized what he meant.

Jiang Lingzhi's hot blood suddenly surged to her head. She looked up and reached out to push him away. She said angrily, "Why do you look like a hooligan? Hooligans?"

It was fine that he had kissed and bitten her just now.

Who wanted his review!

Even if it was a comment, could you use a better adjective?

What the hell was this jelly?

Jiang Lingzhi's ears and neck turned red. In order to hide her nervousness, she took the opportunity to say, "Do you want to eat me?"

She raised her hand and used the back of her hand to gently rub her lips. Her lower lip was still a little numb, and the touch seemed to not go away.

He actually bit people!

She had imagined that the kiss on the Ferris wheel would be very beautiful.

Why did it look like the other two were going to eat each other up?

Li Shunan leaned back in his seat and raised his chin slightly. His peach blossom eyes hooked into a faint smile, making him look extremely frivolous.

His voice was inexplicably hoarse. "Yes,"

He licked the corner of his lips and said unhurriedly, "Aren't we still waiting?" Jiang Lingzhi was speechless.

Li Shunan raised his hand and placed his arm on the window beside her cockpit, trapping her in a small corner.

He bent down slightly and pressed his thin lips against her ear. He breathed into her ear and said angrily, "I have long wanted to eat it..."

The Ferris wheel only took 20 minutes to spin once.

Just as they were coming down from upstairs, Su Xici called.

It was already very late.

Their lovey-dovey couple had only watched a movie.

He had just found an excuse to go out to buy something, and now it was time to

go back.

She hailed a taxi by the roadside, and Jiang Lingzhi and Su Xici returned home together.

Jiang Puqing and Lu Yuping did not suspect anything.

Jiang Lingzhi only dared to take off her scarf after she returned to her room. She ran to the bathroom to look at herself in the mirror.

Her lips were actually a little red.

Jiang Lingzhi's face started to heat up again.

Why did it feel like the touch just now had become clear again?

Although it was different from the kisses in idol dramas.

But...

Why? He actually liked her a little..

Chapter 384: Where to Spend the Spring Festival

After Christmas, it was New Year's Day.

However, there was only one day off on New Year's Day.

It felt like it was over before it even lasted much longer. It was simply a lonely feeling.

The final exams were at the end of the month. After the exams, they would be on vacation.

There were more than 20 days of vacation in the second year of high school, and there were only eight days left in the third year of high school. The rest of the time was spent on revision. After all, the college entrance examination was getting closer and closer, and they had to prepare for it.

During this period of time, Jiang Lingzhi could not even see Su Xici.

On the last day of the sophomore year final exams, they had Chinese in the morning and Mathematics in the afternoon.

After the Chinese exam, there was still a two-hour break in the afternoon.

Jiang Lingzhi and Li Shunan came out of the examination hall and went out to have lunch together.

"What do you want to eat today?" Li Shunan helped Jiang Lingzhi tidy up her scarf, and the two of them walked out of the school gate together.

Jiang Lingzhi puffed up her cheeks and muttered softly, "'There's nothing delicious. "

Li Shunan raised his hand and rubbed her head. "'Are you sure? If they didn't eat today, they wouldn't be able to eat tomorrow."

They came to the food alley outside the school.

Jiang Ling knew that she did not have much energy. She pointed at a random ramen shop and said, "Then that one."

Li Shunan raised his eyebrows and didn't say anything more. He led her in. After ordering two noodles, the two of them found an empty table and sat down.

It was lunchtime, so there were a lot of people in the shop.

Li Shunan sat opposite her and stared at her without blinking. He could clearly see that the girl was distracted.

He stared at her for a while, then raised his hand and lightly touched her nose with his fingertips.

"Why are you unhappy? You didn't do well?" Jiang Linzhi sniffed and said sullenly, "No." "Then why do you look like you're about to cry?" Li Shunan thought for a moment.

He pondered for a while and sighed. "It has been more than a month since I bullied you. Time flies."

Jiang Lingzhi was speechless.

He was talking about what happened last Christmas.

He had the nerve to mention it.

She knew that he was teasing her, but Jiang Lingzhi was really not in the mood.

The winter vacation had more than 20 days.

That meant that she wouldn't be able to see him for more than 20 days.

Moreover, she still wanted to go to her grandfather's house. She did not want to go to her grandfather's house at all, but that would be too rude.

It would be great if he could not have a holiday.

Jiang Lingzhi sighed deeply.

She suddenly remembered that Li Shunan didn't seem to have any relatives here. He had always been alone.

However, he would definitely spend the Spring Festival with his family.

Jiang Lingzhi was conflicted for a while, but she could not help but ask, "Where are you going to spend the Spring Festival this year?" Li Shunan looked up and said lazily, "Me? I'll just stay at home. What's wrong?"

"Home? In the old alley?" Jiang Ling wasn't too sure.

"What else?" Li Shunan chuckled. How many families do I have left?" There was a moment of silence.

Jiang Lingzhi looked at him eagerly and asked softly, "Are you alone?"

Li Shunan looked up at her and asked in a lazy voice, "What's wrong?"

Jiang Lingzhi placed her fingers on the table and asked carefully, "Well, didn't you say that you lived in Linchuan for a period of time last time? You don't have to spend the Spring Festival with your family?"

In fact, Jiang Lingzhi had never asked him about his family. She was worried that if she did not know enough, she would hit his bottom line.

Therefore, he usually did not dare to mention it..

Chapter 385: Don't Want to Take a Break

Li Shunan didn't seem to care."

His tone was as casual as ever.

After saying that, there was nothing else.

Jiang Lingzhi could not tell what he was thinking at that moment.

However, when he thought of that scene...

Other people's houses were so lively, but he could only spend the Spring Festival alone. No matter how he thought about it, he felt a little pitiful.

Jiang Lingzhi frowned." Why do I keep feeling that..."

Li Shunan's fingers paused and he looked up." "Hmm?" "I feel that you are very pitiful." Jiang Lingzhi sighed.

He had a feeling that his background was particularly tragic.

"..Li Shunan's eyelids twitched slightly. He put down the chopsticks in his hand and rested his elbow on the table. He looked at her calmly and said in a playful tone," "Are you...Did you misunderstand something again?"

Jiang Lingzhi raised her head to look at him.

She couldn't expose him directly. Should she keep the word 'orphan' on her lips?

In addition, she could not even take care of herself now.

Jiang Lingzhi sighed.

"I don't want to take a vacation." Jiang Lingzhi's voice was a little muffled, and she truthfully spoke her true thoughts.

He did not expect her to say such a thing.

Li Shunan raised his eyebrows and smiled. "You like studying so much?"

Jiang Ling did not know how to explain it to him. She sighed and said, "I just don't want to take a vacation."

Her expression was a little depressed, and her unhappiness was written all over her face.

Li Shunan stared at her for a while and realized that she didn't seem to be joking. His eyes darkened.

He suddenly reached out his hand and pinched her chin with his fingers. He lifted it up and his light brown eyes met hers.

"What's wrong?"

He looked more serious and his tone became more serious.

Jiang Lingzhi did not know what to say for a moment, and she said slowly, "The winter break is more than twenty days. Doesn't that mean I won't be able to see you for a long time?"

The girl had been listless for the past few days. It turned out that it was because of such a small matter.

Li Shunan felt a little helpless and laughed again. "Just because of this?" Jiang Lingzhi replied with a muffled " Mmm."

"If you miss me, you can call or text me. I'll come and find you." Li Shunan said lazily.

Jiang Lingzhi lowered her eyes and muttered softly, "At that time, I didn't even know if I was at home."

Li Shunan didn't hear her clearly and looked up. "Hmm?"

Jiang Lingzhi sighed. " It's nothing."

Just then, the boss brought the ramen over.

"Here, your two ramen." After saying that, the boss placed the noodles on the table and quickly turned around to leave.

Li Shunan picked up a pair of chopsticks, opened them, and handed them to her. "What did you say just now?"

"It's nothing." Jiang Lingzhi picked up her chopsticks and lifted her chin. "Hurry up and eat. It won't taste good if it's lump later."

She casually changed the topic.

After the end of the final exams, the winter vacation began without any warning.

The winter in South City was very cold. It was so cold that Jiang Lingzhi would never want to go out if it was not necessary.

On the first day of the winter vacation, Jiang Lingzhi's schedule was to eat, sleep, and play the piano.

On the second day of winter vacation, he ate, slept, did his homework, and played the piano.

On the first day of the winter vacation, it was still eating, sleeping, doing homework, and playing the piano.

With his daily routine, he felt that the holidays were really boring.

These days were better than having classes in school..

Chapter 386: Be Good

The comfort she had every day was probably being able to call her future boyfriend before she went to bed at night.

Jiang Lingzhi was very depressed every day.

She felt that Li Shunan's life was quite fulfilling.

He must have had a lot of fun with his teenage group.

Jiang Lingzhi missed the projection of his house very much. She missed the little pumpkin, and she missed the big meat bun in the old alley.

When she thought of this, Jiang Lingzhi felt even more depressed.

She stayed at home for a week without taking a step out of the house.

There were only two days left until New Year's Eve.

During dinner.

Jiang Puqing told Jiang Lingzhi that they were leaving for her grandfather's house tomorrow.

Jiang Puqing sat behind the table and took off his glasses. He put them aside and said, "Take advantage of the time tomorrow to pack up your things. You don't have to bring too many clothes. This time, you won't be staying for too long."

Although he was already mentally prepared, when the day came, it was inevitable that he would feel conflicted.

Jiang Lingzhi was unhappy as she used her chopsticks to eat the rice. She softly said, "Oh."

In fact, the distance was not too far. They were in the same city.

His grandfather's house was located in the outskirts of South City. It would take him about two to three hours to get there by car.

However, it was rare to go there once a year. When the time came, he would inevitably have to visit his relatives.

After returning to the room, Jiang Lingzhi took out a small suitcase from the cabinet.

Actually, there wasn't much to pack. He only packed a few sets of undergarments and a change of jacket.

It didn't take long for him to put it away.

Jiang Lingzhi placed the luggage at the door.

She picked up the phone on the desk, put on a coat, walked to the balcony, and called Li Shunan.

The phone rang twice before it was picked up.

The young man's cold and magnetic voice came through the receiver.

"What are you doing?"

The winter nights were even colder.

Jiang Lingzhi put on a coat, but she still felt a little cold. Her hands quickly turned cold, and there was a white mist when she breathed. "I just packed my luggage. I'm resting for a while now."

A few days ago, when he called, Jiang Lingzhi told him that he was going to his grandfather's house for the new year.

However, he did not know when he would be leaving, so he called him today to inform him.

It was as if they had heard the noise of the wind blowing.

"Are you on the phone outside?" Li Shunan asked in a low voice. "Yes." Jiang Lingzhi answered honestly, "I'll call you from the balcony."

"Not cold?" The young man's voice sounded particularly cold and low through the phone. "Don't stay outside. You're worried about catching a cold."

Jiang Lingzhi was mainly worried about talking on the phone in the room. If someone passed by outside, they might hear it.

But it was too cold outside. Jiang Lingzhi shivered.” Then, after I go in, speak softly.”“

Li Shunan chuckled. Alright.”

Jiang Lingzhi pulled open the balcony door and returned to her room before closing the door behind her.

The heater was turned on in the room, and it was a completely different world from the outside world.

Jiang Lingzhi took off her coat and placed it on the back of the chair. She lifted the blanket and hid herself under the blanket as she continued to make the call.

“I’m back in my room.”

Through the phone, the young man’s magnetic laughter echoed softly,“Be good.”

“..”Jiang Lingzhi raised her phone, and her ears started to heat up for some reason.

Li Shunan remembered that she was packing her luggage and asked in a low voice,“When are you leaving?”

Jiang Lingzhi curled up under the blanket and answered truthfully, “Tomorrow afternoon..”

Chapter 387: Let’s Chat for a Little Longer

After a moment of silence, Li Shunan said lazily,“Give me a call when you arrive. You can even send me a message.”

Jiang Lingzhi replied with an “oh”.

After a pause, she could not help but ask, “Are you really spending the Spring Festival alone?”

Li Shunan joked, “What? Do you want to accompany me?”

“I...” Think

She didn’t say the last word.

As if she felt that it was a little inappropriate to say this, Jiang Lingzhi held her phone tightly and muttered softly, “But I’m not here anymore.”

I’m just teasing you.”

Li Shunan laughed and said slowly, “Three Fires and the others will come over at that time.”

Jiang Lingzhi nodded.”

This was good too. At least he wouldn’t be alone.

“Are you going to sleep now?”

It was getting late, and it was time to hang up.

But Jiang Ling knew that she did not really want to hang up. She rolled on the bed and changed her position. “Let’s chat for a while more.”

“Alright, let’s chat for a while more, then.” Li Shunan replied obediently.”

After a while, the conversation repeated itself.

Jiang Lingzhi didn't know where she got so much to say. Anyway, just hearing his voice made her feel quite happy.

The phone call lasted for two hours.

After saying goodnight to each other, Jiang Lingzhi hung up the phone reluctantly.

She placed her phone on the bedside table and stared at the ceiling for a while before closing her eyes and forcing herself to sleep.

The next afternoon.

The door was gently knocked, and Lu Yuping's voice sounded outside the door. "Zhizhi, we're leaving. Have you packed your things?"

Jiang Lingzhi had already packed up her things. She carried her bag and carried her small suitcase. She opened the door and went out. Lu Yuping took the suitcase from her. "That's all?"

Jiang Lingzhi blinked. "Isn't it just a few days?"

Actually, she was a little scheming.

He would see if he could find an excuse to sneak back two days in advance. After all, after the New Year, it was probably all sorts of relatives visiting each other.

It didn't seem important whether she was there or not.

Lu Yuping did not say anything else. She carried her suitcase and went downstairs.

Everything in the house had been tidied up.

After making sure that the gas and electricity had been turned off, they went out.

Jiang Puqing personally drove the car while Lu Yuping sat in the passenger seat.

Jiang Lingzhi sat alone in the back seat. She took out her phone from her pocket and sent a message:
[I'm leaving.]

After sending the message, he waited for a while but did not receive a reply. He put away his phone and closed his eyes to rest.

It was a three-hour drive.

Jiang Lingzhi slept all the way here.

When they arrived at his grandfather's house, they had to call out to greet him.

There were many people in Grandpa's house, and there were even guests.

Jiang Puqing was second in the family, and he had an older brother above him, who was Jiang Lingzhi's uncle.

Eldest Uncle had a son called Jiang Che, who was four years older than Jiang Lingzhi.

Grandfather had liked him since he was young. He felt that only boys could carry on the family line. As for Jiang Lingzhi, this girl, he could not like her even more.

After Jiang Lingzhi politely called for someone, no one noticed her, and she took the opportunity to put her luggage into the room.

She had her own room, but she didn't come here often, and she tidied it up rather perfunctorily. Other than the bed, wardrobe, and a desk and chair, there were no other unnecessary decorations, making it seem empty..

Chapter 388: I'm Used to It

Jiang Lingzhi did not take her things out. She placed her luggage by the door as if she could leave with her luggage at any time.

She sat down by the bed and took out her phone to read the message.

He only replied with one word,[Okay].

Jiang Lingzhi stared at the word for a while. She thought about it and replied,"[I'm here.]

This time, Li Shunan replied instantly.

He even sent a voice message: "Have a good rest and be happy when you arrive."

Jiang Lingzhi clicked on the voice message and listened to it three or four times.

Sigh...

How could she be happy?

Soon, someone knocked on the door from the outside.

Jiang Lingzhi raised her head and said softly, “Come in.”

Lu Yuping pressed the door handle and pushed the door open. “Why are you alone in the room?”

Jiang Lingzhi put her phone down and said softly, “I want to rest for a while.”

Lu Yuping looked a little tired. She pulled out the chair in front of the desk and sat down. “When your uncle and the others are back, let’s go down and have a chat. Otherwise...”

She did not finish her sentence.

But even if she did not say it, she knew what the second half of the sentence was.

Otherwise, Grandpa would say that she was ill-mannered and rude.

Jiang Lingzhi glanced at Lu Yuping and nodded. She had grown up, and she still had the most basic manners. “Okay, Mom.” The two of them went downstairs one after another.

The living room was very lively.

The old man and the old lady sat on the sofa in the middle. There was also his uncle’s family. They were chatting happily.

Out of politeness, Jiang Ling walked over and called out to everyone. Every elder was called out.

The two old men gave a perfunctory reply. Their expressions were also very indifferent, and they let her find a place to sit.

On the other hand, her uncle's family even held her hand and praised her, saying that she had grown taller and prettier, and said some personal words.

On the armchair next to her, the young man was wearing a white turtleneck sweater. His eyes were clear and moist, and he was smiling as he looked at her indifferently.

Jiang Lingzhi walked in front of him and called out obediently, "Big brother."

Jiang Che stood up and measured his height. "I haven't seen you for half a year.

Zhizhi has grown taller again."

The last time he was here was during the summer vacation.

Actually, Jiang Lingzhi and Jiang Che had a good relationship.

Although they only met a few times a year due to their studies, Jiang Che would always bring her a gift every time they met.

After the small talk, Jiang Lingzhi found a sofa to sit on and tried to reduce her presence.

Jiang Che sat down on the sofa. The topic was still revolving around him.

Grandma smiled and asked, "Ah Che, you're in your second year, right? When are you going to help out at the company?"

"We'll talk about it when we have time after the third year..."

"Ah Che is indeed outstanding. He got into Nanjing University and is now studying financial management, right?"

Grandpa also looked honored.

He was in a completely different state from when he was facing her.

Jiang Lingzhi was a little distracted and did not really listen to their conversation.

Ever since she could remember, her grandfather had never liked her.

Because her mother's family background was average, and after she married over, she could not give birth to a son. She only gave birth to a daughter.

It was like Cinderella marrying into a rich family.

Therefore, Lu Yuping had always been very humble at home.

However, this kind of family seemed to value their son very much.

Every year when she returned home, Lu Yuping would have a second child.

And because of his body, he was really powerless..

Chapter 389: Biased

In the past few years, Grandpa and Grandma would still put on an act, probably because they felt that there was no hope of having a second child, so they were too lazy to even put on an act.

From the moment she entered the door until now, she did not give Jiang Lingzhi a smile.

At this moment, he was looking at Jiang Che with an expression that he had never shown her before.

Ever since he was young.

In fact, they had never done anything particularly overboard.

He simply did not like her.

She was already used to it.

Jiang Lingzhi sat in the corner, and the expression on her face was calm and collected.

In fact, in the early years, they originally lived together. In those years, Lu Yuping could not bear the pressure and even thought of divorce.

However, because Jiang Puqing had always been on her side, she could not make up her mind.

Later, Jiang Puqing also felt that living together was too contradictory. Lu Yuping would hide and cry secretly every day, and she became thinner and thinner.

Since he couldn't change their minds, he might as well move out.

He only came back two or three times a year.

Because of this, she even had a big fight with her family.

Perhaps because she had suffered too much, Lu Yuping had always wanted to fight for it.

He used all his energy to nurture Jiang Lingzhi.

He had high hopes for her and wanted her to do her best.

That's right, he didn't want to be looked down upon by others anymore.

Jiang Lingzhi actually understood.

Therefore, he wanted to meet her expectations and become her pride.

The conversation continued.

Jiang Lingzhi sat in the corner, and almost no one noticed her.

Jiang Che glanced at her and suddenly stood up from the sofa. His voice was clear and bright, "Zhizhi, come with me. I have a gift for you."

Jiang Lingzhi came back to her senses and reacted to what he said. She stood up and said, "Oh."

He was about to head upstairs.

He heard his grandmother muttering softly. Although he couldn't hear what she said clearly, he could tell that she was a little dissatisfied.

Jiang Lingzhi's eyelashes fluttered as she walked upstairs as usual.

Jiang Che's room was also on the second floor, but the layout was completely different. It was more than twice the size of her room.

In comparison.

The room that Jiang Lingzhi was staying in seemed to be just a guest room.

Jiang Che took out an iPad from his suitcase and handed it to her. "You're about to take the college entrance examination. The third year of high school is more important. Here are the study materials I organized in the past."

Jiang Lingzhi reached out to take it. "Thank you, Brother."

Jiang Che stood there with his arms crossed. He tilted his head and looked at her expression.

Jiang Lingzhi looked up and met his eyes. "What's wrong?"

Jiang Che seemed to be a little troubled. He coughed lightly, "Ignore them. Their thinking is very pedantic. Just don't listen to them."

Jiang Ling was silent for a moment.

He made some connections.

They were probably discussing the matter of carrying on the family line again just now.

That was why he deliberately sent her away.

However, Jiang Lingzhi really did not listen.

Jiang Che was stunned for a moment before he laughed again, "That's because I was thinking too much. Seeing how absent-minded you were, I thought you heard what they said again."

Jiang Lingzhi pursed her lips and did not say anything.

Perhaps he would mind when he was young.

She felt that she had not done anything wrong. Why did her grandparents hate her so much?

Why was her bias so obvious?

Later on, he realized that there was a kind of dislike that did not need a reason. It was purely because of gender..

Chapter 390: Do You Like Boys or Girls

Actually, she was much better now.

When she was young, she would even say some sarcastic words in front of her, as if she was a child who did not understand and did not need to care about her feelings at all.

He didn't care if his words would hurt her.

Right now, he could only ignore it.

She took the iPad back to her room, and Jiang Lingzhi was too lazy to go downstairs.

Out of sight, out of mind.

Jiang Lingzhi sat by the window, and her fingers drew circles on the window.

Suddenly, a message notification came from his phone.

Jiang Lingzhi sat up straight and picked up her phone to take a look.

Friend Nan, [What are you doing?]

Jiang Lingzhi held her phone in her hands and was in a daze for a while before she replied, "[Just, sit.]

After replying, a call came in the next second.

"Just...just sit?" Li Shunan's magnetic and casual voice came through the phone. "Is it that boring?"

Jiang Lingzhi's mood was extremely bad. She raised her spirits and replied with a muffled "'It's really boring."

It was obvious from her voice that something was wrong.

In fact, Li Shunan had noticed that she wasn't in a good mood when he called her a few days ago.

However, she had also said that it was because she missed him, so he did not think of anything else.

"What's wrong? Are you unhappy at your grandfather's house?"

Jiang Lingzhi did not say anything.

She really couldn't say anything against her heart.

Very happy?

She was not happy at all.

He couldn't even pretend.

However, after he asked this question, she felt a lump in her throat.

She didn't say anything, and the other side of the phone was also silent. They were very patient, trying to detect a hint of something.

The young man's deep and slow voice rang out again, each word clear. "Who bullied our little friend?"

Jiang Lingzhi did not feel wronged at all.

She was already used to it. How could she cry over such a small matter?

However, for some reason, she was particularly easy to be pretentious when facing him.

Jiang Lingzhi rubbed her nose and shouted in a muffled voice, "Ah Shu."

Li Shunan seemed to be stunned. Hmm?"

Jiang Lingzhi opened her mouth and did not know what to say for a moment. The words that were on the tip of her tongue inexplicably became, "Do you like boys or girls?"

As soon as she said this, the emotional atmosphere was suddenly broken.

There was a moment of silence.

Jiang Lingzhi reacted. Her question seemed to have no beginning or end.

Li Shunan chuckled and said lazily, ““Don’t you know whether I like boys or girls?””

Jiang Lingzhi was speechless.

He had obviously misunderstood her.

Jiang Lingzhi explained again.” I mean, do you want to have a boy or a girl in the future?””

After saying that, he realized that something was wrong.

Why did the topic seem to be developing in a strange direction?

A low laugh came from the receiver.

” What’s your problem?”

Jiang Lingzhi also realized that she had asked a very stupid question.

It was too early to ask him such a question.

However, he could not retract the questions he had asked.

Then, could he pretend that he didn’t hear anything?

Jiang Lingzhi raised her hand to cover her face. She was so upset that she wanted to die on the spot.

Before he could explain.

The person on the other end of the phone continued to speak in a drawling tone, "I can't give birth. It's up to you." Jiang Lingzhi was speechless.

His depressed mood was instantly disrupted..
