

Little Girl 411

Chapter 411: Sorry, Baby

Li Shunan was wearing a black coat and holding his phone. He stood in front of her, his tall and slender figure always looking handsome and distant.

That pair of light brown peach blossom eyes always had a gentle expression, as if they could bewitch people.

"It's over, it's over. I'm going to die." Jiang Lingzhi cried even more sorrowfully.

Li Shunan looked down at her, his eyes dark. "Why?"

His voice was a little hoarse, and no emotions could be heard.

Jiang Lingzhi sniffled, but she could not bear to look away. She said in a muffled voice, "I'm hallucinating. I must be freezing to death, that's why I'm hallucinating."

Li Shunan sighed and hung up the phone. He put it in his pocket and squatted down in front of her. "What illusion?"

Jiang Lingzhi was still holding the phone to her ear stubbornly. She stared at him and mumbled, "Before the little match girl froze to death, she saw the person she wanted to see the most. I saw you..."

In other words,

I saw the person I wanted to see the most. So, am I going to die soon?

Li Shunan's Adam's apple bobbed slowly, and his heart throbbed with pain. He suddenly reached out and pulled her into his arms. He pressed his thin lips against her ear and whispered, "Is this an illusion?"

Jiang Lingzhi was still squatting there. Her body was caught off guard as she leaned forward, and she fell into his arms.

The tip of her nose was pressed against his chest. It was a very familiar embrace.

It was so warm.

It carried the familiar smell of mint tobacco and engulfed her.

Jiang Lingzhi greedily sniffed the scent on his body, and her eyes started to heat up for some reason.

His throat choked for a long time, but he could not say anything.

The girl in his arms was still trembling slightly, and her entire body was cold.

Li Shunan let out a faint sigh. He pressed his palm against the back of her neck and muttered, "I'm sorry, baby. I'm late."

From the moment he appeared, Jiang Lingzhi's mind was blank.

It was clearly something that was 100% impossible to happen.

He could hug her in this warm embrace, but it felt so real.

It was so real that it felt as if she could touch him clearly as long as she reached out her hand.

Jiang Lingzhi's face was still stuck to his chest. She slowly raised her hand, and her arm gently wrapped around his thin waist.

It was extremely reassuring and made people feel like they were drowning.

She hugged him for a while before she came back to her senses.

His fingers, which had lost all feeling from the cold, tightened a little.

Jiang Lingzhi took a step back. She raised her hand, and her cold fingertips gently tapped on his jawline. She asked in a muffled voice, "You, are you for real?"

Even now, they were still in disbelief.

He was clearly 70 kilometers away. Why did he appear in front of her? The young man looked down at her. She was familiar with every line of his well-defined handsome face.

Jiang Lingzhi sniffled."

The third time, when I needed you, you fell from the sky.

Why are you so good?

Li Shunan didn't understand what she meant and looked up. "Hmm?" He took out a woolen hat from his coat pocket and gently put it on her.

Jiang Lingzhi looked at him with red eyes and asked softly, "Why are you here?"

' Yes.' Li Shunan looked into her eyes, took off his coat, and draped it over her body. He wrapped her whole body in it and said in a low voice, "I'm taking my child home.."

Chapter 412: New Year' s Wish Fulfilled

He took off his coat and wore a dark gray sweater underneath. His tall and thin figure looked a little thin.

After Jiang Lingzhi put on his black down jacket, she felt a lot warmer. "Aren't you cold?"

"It's alright." Li Shunan stood up and looked down at her. "You can still stand

Jiang Lingzhi raised her head to look at him. She nodded and said gloomily, "Yes, I can."

Li Shunan stretched out a hand in front of her.

Jiang Lingzhi's eyelashes trembled as she stared at that finger with defined joints for a while.

She placed her little hand on it and stood up with his strength.

Li Shunan bent down and picked up the small suitcase beside her. "Get in the car first."

Only then did Jiang Lingzhi realize that there was a car parked not far ahead.

No wonder she heard the sound of brakes and the sound of the car door closing.

"Who did you come with?"

"Me," Li Shunan said lazily.

Jiang Lingzhi was stunned for a moment, and she was a little stunned. "You you're driving?"

"Yes."

Li Shunan held his suitcase in one hand and her hand in the other as they walked towards the parking lot.

Jiang Lingzhi was wrapped in a big down jacket. She was led forward by him, and she subconsciously asked, "Do you have a driver's license?"

Li Shunan glanced at her with a faint smile. "What? Are you afraid that I'll drive without a license?"

"..""Aren't you just 18 years old?" Jiang Lingzhi asked hesitantly.

"Yes, I'll take the exam when I turn 18. Don't worry." Li Shunan raised his hand and gently rubbed her head.

He walked to the car.

Li Shunan lifted his chin and said lazily, "It's cold outside. Get in the car first."

Jiang Lingzhi stood at the side and did not move.

Li Shunan opened the trunk and put the suitcase inside.

After closing the trunk, the girl was still guarding the side like a little tail.

Li Shunan leaned against the car and looked at her calmly. He chuckled. "You still want me to take you there?"

Jiang Lingzhi's nose was still red. She took two steps forward without saying a word. She walked in front of him and snuggled into his embrace.

Li Shunan paused for a moment, then raised his hand and hugged her gently.

He said softly, "What's wrong?"

"My New Year's wish has come true."

The temperature outside was too low, so the two of them did not stay outside for too long.

Back in the car.

The heater in the car was turned on, and the temperature was completely different from the outside.

Jiang Lingzhi sat in the front passenger seat and looked around. "Is this your

Li Shunan closed the car door and said lazily, "I haven't bought it yet. This car belongs to a gay."

Jiang Lingzhi replied with an "Oh." She was wrapped in too many clothes, and she felt a little heavy. "It seems a little hot in the car."

Li Shunan looked over. "If you're hot, take off your coat."

Jiang Lingzhi nodded. She raised her hand and took off his jacket. She also took off his school bag and threw it in the back seat.

It was too cold outside just now, so she didn't have the time to ask him many questions. Now that she had the time, she could ask him.

Jiang Lingzhi had just sat up straight when the man beside her suddenly leaned over.

She subconsciously leaned back, blinked, and stared at the side of her face. "You, what are you doing?"

Li Shunan's tall body leaned over from the side, pulled the seat belt on the side of the seat, and slowly fastened it for her. He turned his face and his eyes met hers.

Only then did Jiang Lingzhi realize that he was helping her with her seatbelt..

Chapter 413: Who Bullied Our Child?

Li Shunan retreated halfway and stopped there. He turned sideways and looked down at her.

The girl had just cried and her eyes were still red.

Her clear eyes were even more moist. Her palm-sized face was exquisite and beautiful. Her lips were still pale after being frozen outside for so long.

Li Shunan raised his hand and gently pinched her chin. He looked at her carefully and frowned slightly. "Why did you lose weight?"

Jiang Lingzhi: Is there?"

Her gaze was also on the young man's clear eyes.

He was no different from before the new year.

However, his hair seemed to be shorter than before, and his eyes were arrogant, but he looked much cleaner.

Her slightly closed peach blossom eyes looked even more deep and gentle through the hair in front of her forehead.

He was wearing a dark gray sweater. Because of his slightly sideways position, the line of his neck was elongated. It was a little sexy and a little good-looking.

“Have you seen enough?” Li Shunan chuckled and deliberately moved closer. He asked in a drawling tone, “Are you satisfied with the new year gift?” Just because she wanted to see him.

That was why he went through the trouble of sending himself to her.

Jiang Lingzhi nodded and said honestly, “I’m satisfied.”

She paused for a moment and then whispered, “Thank you for sending me a gift from so far away.”

There was no other gift that could satisfy her so much.

“Then can I...” Li Shunan raised his eyebrows slightly and lowered his voice slightly. “You want a new year present too?”

Jiang Lingzhi looked up.”

Li Shunan gently rubbed her chin with his fingers and kissed her forehead. He said in a low voice, “Thank you, Zhizhi, for your New Year’s gift.”

He breathed lightly as he spoke, spraying his breath on her forehead as if it carried an electric current.

The place on her forehead where he had kissed her felt a little hot.

Jiang Lingzhi blinked her eyes and raised her hand. Her fingertips gently touched the place that he had kissed.

Their eyes met.

Jiang Lingzhi could see her own reflection in his eyes.

Li Shunan retreated a little, but he didn't let go of her chin." "So, who bullied our child?"

Jiang Lingzhi's eyelashes trembled.

She didn't even feel so wronged when she was alone.

As long as he asked a question, she would feel wronged.

She could have ignored it and not taken it to heart.

However, his tone always carried an inexplicable indulgence. It was as if no matter what she did, he would stand on her side unconditionally.

To him, she was the one who was unconditionally favored.

At the thought of this, her eyes quickly filled with a layer of mist.

Li Shunan felt a dull pain in his heart and sighed helplessly. He gently pulled her into his arms and coaxed her in a low voice, " "Alright, if you don't want to say it, then don't. You just need to tell me where you're going now."

"I don't want to go back." Jiang Lingzhi said gloomily.

"Yes."

Jiang Lingzhi lowered her head and mumbled, " I'm going home now. I'm the only one at home..." I want to go to my grandmother's house."

Li Shunan looked up and nodded obediently. "Alright, let's go to Grandma's house then."

"Why are you so good to me?" Jiang Lingzhi asked in a muffled voice.

Li Shunan laughed softly and said, "You're my wife. If I don't treat you well, who should I treat well?"

Jiang Lingzhi looked at him and did not say anything.

"The address?"

Jiang Lingzhi sniffled and gave a string of addresses. "However, I have to call my parents. Otherwise, they will be worried.."

Chapter 414: Insensible at All

Jiang Lingzhi took out her phone and realized that there were a few missed calls on her phone.

They were all from their families, including their parents and Jiang Che.

However, her phone was on silent mode and was in her coat pocket, so she did not notice it.

Jiang Lingzhi's fingertips moved over, and she was about to press the dial back button.

Before she could dial the number, her phone vibrated in her palm and a call came in.

It was her father.

Ever since he came here.

Her mood kept dropping, and she became more and more unhappy.

It was only until just now that he finally exploded.

Since she was unhappy, why did she have to suffer?

Jiang Ling knew that she was simply not thinking about staying in this place, and she was not running away from home.

She didn't really want to answer their calls. She even planned to call them to explain the situation.

Unexpectedly, the call came in.

Jiang Lingzhi was silent for a moment. She took a deep breath and pressed the answer button.

In the living room.

Other than the Jiang family, there were other guests.

The family member who had broken the vase was also quite embarrassed. He said guiltily, "I didn't expect Zhizhi to run away from home because of this. The little girl must have suffered."

As he spoke, he went to criticize the few little boys standing beside him. "Why are you guys so naughty? Can't you behave yourselves when you're a guest at someone else's house?"

The little boys were also dejected. They did not dare to refute what they had done.

Old Master Barker immediately stopped him." He's just a child. It's inevitable for him to stumble. It's just a vase. It's not a big deal."

Old Madam Barker also nodded." That young lady in our family is too petty. I didn't say anything about her. She even ran away from home on New Year's

Eve. She's so insensible."

They basically understood what had happened just now.

However, they did not know the exact process or what was said.

He only knew that a few children had become greedy and accidentally broke the vase. Zhizhi was afraid that they would hurt their hands, so he took the initiative to clean it up. In the end, he was misunderstood.

Lu Yuping sat on the sofa and wiped her tears."If it weren't for you, who indiscriminately said that Zhizhi broke the vase, she wouldn't have left without saying goodbye. She has always been very sensible..."

After being criticized like this, the two old men felt a little embarrassed.

Old Madam Barker's face turned red from choking."I only said a few words to her. She was the only one upstairs at that time, so I took it for granted."

As if she was extremely disdainful, she turned her head away and said coldly,"Besides, who asked her to clean up for no reason?"

There was always a type of person who, in her eyes, did everything wrong and wrong.

It was clearly good intentions, but it could be misinterpreted as having bad intentions.

Lu Yuping's heart ached so much that she couldn't stop. She choked and said, "I only have one daughter..."

Old Madam Barker interrupted in a deep voice, sounding extremely impatient. "Alright, alright. Isn't it just a small matter? How many times do I have to say it? Can you take my old life?"

Old Man Jiang's expression was a little ugly as well. He said sternly, "Even if we've wronged her, she left home after saying a few words. What kind of habit is this? I really don't know how you guys usually raise your daughter!" Jiang Puqing was pacing back and forth anxiously. He had made a few calls earlier, but none of them went through. Now, he took out his phone and tried calling again..

Chapter 415: Doesn't Look Like She Ran Away From Home

"Alright, what's the point of arguing? The most important thing now was to find Zhizhi." Jiang Puqing took off his glasses and rubbed his temples. It was the first day of the new year, and there were no taxis.

Even if she walked, she wouldn't be able to go far.

However, she had taken all the things in the room with her. The room was clean and tidy, as if no one had ever lived in it.

From the beginning to the end, she had only used this place as a guest room.

Surprisingly, after three rings, the call was picked up.

The girl's soft and nasal voice came from the other end of the phone.

"Hello, Dad."

Jiang Puqing didn't expect the call to go through and was stunned.

He paused for a second before he reacted. "Zhizhi?"

Jiang Puqing tried his best to control his tone, afraid that he would scare her again. "Zhizhi, where are you now? Don't you know how anxious Dad and Mom are looking for you?"

Lu Yuping suddenly became excited. Did she answer the phone?"

Jiang Puqing walked to the living room in a few steps, turned on the speaker, and answered the call with her. "Zhizhi, be good. Come back quickly. Mommy is dying of anxiety."

Lu Yuping suddenly cried out, "Zhizhi, where are you now? Mommy will come and pick you up, okay?"

The girl's voice sounded choked.

"Mommy..."

Jiang Puqing: " Zhizhi, it's so cold outside. Send us the address. We'll come and find you now. ""

Jiang Lingzhi's voice was muffled, but her tone was soft. "Dad, there's no need to go through so much trouble. I won't go back in case Grandpa and Grandma are unhappy to see me."

Jiang Puqing was stunned."

He raised his head and glanced at the two old men sitting in front of him. "Grandpa and Grandma were just angry just now. Now that everything has been clarified, you didn't break the vase."

The people beside him also tried their best to persuade him, "Yes, Zhizhi. The children in our family are naughty. I've already taught them not to be angry with your grandparents. No matter how unhappy they are, they can't run away from home."

It was the voice of a woman.

Jiang Lingzhi guessed that it was probably the child's parent, so she said politely, ""Thank you for your concern, Auntie. I didn't run away from home. I just put my phone in my pocket and didn't hear the call."

The woman was also stunned for a moment. She felt that this reaction did not seem like she had run away from home.

She was also very sensible and polite when she spoke. She was not as disobedient as the two elders said.

The girl called out softly again, "Daddy..."

The phone fell back into Jiang Puqing's hands."%hizhi, no one has any intention of blaming you. We know that you're afraid that the children will hurt their hands."

Jiang Lingzhi said in a low voice,""But if I come back, Grandpa and Grandma will be unhappy."

These words were extremely shocking.

Although Old Master Barker and Old Madam Barker did not like her, they never made it too obvious in front of everyone.

After these words came out, it was easy for people to make connections.

Old Madam Barker was immediately unwilling."What did I do to you? I only said a few words to you. Did I hit you or something?"

Because of her words, Old Madam Barker felt that she had suffered a great grievance.

After a moment of silence.

Jiang Lingzhi said softly through the phone, "Grandma said that I'm a good-for-nothing. Grandpa said that it's unlucky for me to have a bitter face all day long and doesn't want to see me. So I won't go back and make them unhappy."

Chapter 416: What Happened to My Daughter?

Her phone was placed on the coffee table. Because it was on speaker, everyone in the living room could hear her every word clearly.

The girl's voice was calm, but when she said those words in such a calm voice, the effect was exceptionally shocking.

As soon as he said this, the entire living room fell silent.

These words were no longer just a few ordinary curses. They could be considered harsh.

How much hatred and dissatisfaction did he have to say such words to a girl?

Jiang Puqing was stunned, as if he couldn't believe it.

Usually, they only felt that the old man and the old lady were a little resentful because they did not have a second child. They did not expect that they would vent all their anger on Zhizhi.

How old was she?

How sad would he be to hear such words?

However, the girl's soft voice was still talking to herself. "Dad, I just wanted to tell you that the New Year is over, so can I go home?"

Jiang Puqing was stunned for a long time.

He had never thought that the two elders he respected would say such words to his beloved daughter.

“Zhizhi...” Jiang Puqing’s throat was choked, and he couldn’t say anything to ask her to come back.

She had suffered such a huge grievance.

Why did he come back?

Jiang Lingzhi sniffled and said softly, “I’ve already called a taxi. I’m on my way now. Don’t worry about me. I’ll take good care of myself. Goodbye, Dad.”

When they hung up the phone, everyone felt that this girl was really too sensible.

After suffering such a great grievance, he still knew to call his family to tell them that he was safe.

She did not throw a tantrum at all. She was so obedient that it made one’s heart ache.

The two old men were still sitting on the sofa.

Everyone in the living room had different thoughts.

From the moment Lu Yuping heard this, her tears could not stop flowing. Her heart ached so much that she could not breathe.

“What happened to my daughter?”

“What did she do wrong? She was so sensible and obedient. In what way was she worse than others?” Lu Yuping cried.

“Since the two elders don’t like us so much, then we’ll just leave.”

At this moment, her emotions were also a little uncontrollable. To prevent herself from saying something even more irrational, Lu Yuping turned around and went upstairs.

Old Master Barker and Old Madam Barker’s expressions were also a little ugly.

She still didn’t feel that she had done anything wrong.

Old Madam Barker mumbled, “Fine, I’ll leave. It’s not a big deal. Why are you crying? Aren’t you afraid of being laughed at?”

Lin Beiyu sat in the corner. He felt a little conflicted when he heard the girl’s sobbing voice.

At this moment, he could not help but sneer. “This is really too strange. I’ve never seen such a thing before. I’ve never given her a good face before, and you still want her to smile? Do you live by the sea?”

Father Lin tugged at his hand and whispered, “Child, don’t talk nonsense.”

Lin Beiyu snorted. Without the person he wanted to see, there was no point in staying there. He stood up and walked out.

After apologizing a few times, Father Lin hurriedly followed him out.

After a long silence, Jiang Che also said, “If someone told me that, I would never step foot in this door again.”

Old Man Barker was so angry that his face turned red and white. “What are you saying, child?”

Jiang Che was also burning with rage, "I was just sighing. You don't have to wake me up for dinner. I have no appetite."

After all, he was an elder. His good upbringing prevented him from saying anything more mean, but his heart was inexplicably blocked..

Chapter 417: You're a priceless treasure

After a while, Lu Yuping came downstairs with her suitcase.

Jiang Puqing turned around and hurried over to take the suitcase.

However, Lu Yuping took a step back. Her voice was trembling and she could not bear her emotions. "You still want me to stay? My daughter has suffered so much. Do you think I'll still stay here?"

Jiang Puqing clenched his fists and seemed to have made up his mind. "I'll go with you."

Lu Yuping was also stunned for a moment.

Jiang Puqing took the suitcase and turned his head. A touch of pain flashed through his eyes behind his glasses. He said to the two old men on the sofa, "Dad, Mom, I've always respected you. Can you please respect me too?"

Old Madam Barker and Old Master Barker fell silent at once, and the expressions on their faces changed rapidly.

"My daughter has always been loved at home. Even if she doesn't like you, can't she be bothered to put on a show?"

“Since you don’t like us so much, there’s no need for us to celebrate the New Year together in the future,” Jiang Puqing said as calmly as possible.”

The two old men were shocked, “What do you mean by that?””

Jiang Puqing had always been gentle, but at this moment, he was exceptionally domineering. “It means that I will still come to visit you in the future, but that’s

all. ”

After all, they were parents, so it was impossible for them not to keep in touch. However, if his wife and daughter were to suffer because of this, he was not worthy of being a father or husband. In the future, even if they were to visit him during the New Year, he would come alone and would definitely not stay. After saying that, he carried his luggage and went out with Lu Yuping.

The two old men were obviously furious.

“He’s really lawless!”

Just because of such a small matter, he wanted to draw a clear line with them and was even seen as a joke by so many customers.

His uncle sighed.” Dad, Mom, it’s indeed your fault. How sensible is Zhizhi?” I really want a daughter like her. I really don’t know why you don’t like her.” Old Man Barker opened his mouth, but nothing came out.

“Isn’t it good for a family to live in harmony?””You’ll regret it sooner or later.” The eldest uncle shook his head again.”

After hanging up the phone.

Jiang Lingzhi took a deep breath and placed her phone in her pocket.

She should have been very sad, but because she had someone by her side, it didn't seem so unbearable.

Jiang Lingzhi thought of something and looked up.

Actually, it wasn't that she couldn't tell him about her family, but she didn't know how to bring it up.

But now, she had heard it through the phone. She knew if he would mind, thinking that she had something to say but was unwilling to tell him. Jiang Lingzhi wanted to see Li Shunan's expression.

Just as she turned around, her ears were covered by a pair of hands.

His palm was warm and pressed against her ear, which was still cold.

Jiang Lingzhi's mind went blank for a moment.

"Don't listen to them." The young man gently pulled her into his arms, his voice sounding a little hoarse from above.

When he heard her talking on the phone just now, his heart throbbed with pain.

What had happened to his girl these past few days?

No wonder she had been unhappy since the holidays.

Jiang Lingzhi lowered her eyes and pressed her forehead against his chest.

She blinked and realized that he had heard her call.

Li Shunan's Adam's apple bobbed slowly. He pressed his thin lips against her hair and said hoarsely, "You're a priceless treasure. Everything they say is wrong."

Chapter 418: Touching the Abdominals

Jiang Lingzhi blinked her eyes and replied softly, "I didn't listen."

Actually, she didn't care at all.

Although her grandparents couldn't like her, her parents loved her very much.

She wasn't a Chinese yuan, so she couldn't make everyone like her.

There were people in this world who didn't like her, but there would always be people who favored her.

Therefore, it didn't seem to matter to her whether others liked her or not.

What she needed to care about was the person who favored her.

Jiang Lingzhi really wanted to ask him.

Can you always like me?

She had always been so partial to me.

However, this request seemed a little too much.

Jiang Lingzhi raised her head slightly, and her gaze happened to meet his neck. His Adam's apple moved gently, and he drew out a beautiful line.

Before making a request to others, one had to curry favor with them appropriately.

When she thought of this, Jiang Lingzhi's fingers tightened around the hem of his shirt.

She leaned in slightly and raised her head. Her red lips landed a feather-like kiss on his Adam's apple.

An extremely soft and light touch touched his Adam's apple.

Li Shunan's body froze, and his Adam's apple bobbed violently.

After she was done with the bad things, Jiang Lingzhi retreated slightly. She raised her head and looked at his well-defined jawline.

After a few seconds, he came back to his senses.

Li Shunan looked down at her. His light brown eyes were much deeper and his emotions were as deep as ink. His voice was a little hoarse. "Little girl, don't you know that you're in danger?"

Jiang Lingzhi blinked her eyes and asked hesitantly, "How is it dangerous?"

Li Shunan leaned back and stared at her meaningfully. "Tsk, this is the wilderness, and no one has passed by. Lure me? Aren't you afraid that I'll do something bad?"

Jiang Lingzhi was not frightened by him at all. She asked curiously, "What bad things?"

Li Shunan licked the corner of his lips and lowered his voice slightly. A low breath came from his throat. "Since even you are not afraid, I can only..." Jiang Lingzhi was a little nervous as she waited for him to finish his sentence.

He could only...

“I can only...” Li Shunan raised his eyebrows and said slowly, “Also hooked. I lured you in.”

She did not expect this answer at all.

Jiang Lingzhi was very curious. Lure?”

Li Shunan lowered his eyes, his feather-like eyelashes drooping. He suddenly chuckled and said lazily, “Like this...”

He raised his hand and his well-defined fingers landed on the hem of his shirt, slowly lifting up the corner of his sweater.

Jiang Lingzhi blinked her eyes and stared at him without blinking.

The scene in front of him was a little inappropriate for children.

His nose felt a little itchy.

And... There was such a good thing?

His peach blossom eyes had a teasing look as he slowly lifted his sweater, revealing his well-defined abdominal muscles. “Come on.”

Jiang Lingzhi swallowed her saliva.”

Li Shunan curled the corners of his lips. His peach blossom eyes were bewitching, like a male demon who could bring disaster to the country and the people. “Didn’t you want to touch your abs?”

Jiang Lingzhi was stunned for a moment. She suddenly thought of the topic that they had talked about on the phone two days ago.

'Tsk, then I still underestimated you. You actually want to touch my abs? Alright, I'll wait for you to touch me...'

Jiang Lingzhi's hands trembled.

After all, he had said it himself. How could he admit defeat at this moment?

She raised her hand and plucked up her courage. She poked her finger and quickly retracted it. "1...1 touched it.. Okay, okay?"

Chapter 419: Drooling

Although she only touched him briefly, she could clearly feel that his firm abdominal muscles were quite firm.

It was over. It seemed like he had really been hooked. He had attracted it.

Jiang Lingzhi's mouth was constantly salivating.

Do you dare to believe it?

She was actually facing her future boyfriend's flesh. He was drooling!

"Didn't I ask you that?" Li Shunan leaned forward slightly and lowered his voice, breathing on her forehead. "Are you satisfied with what you touched?"

Jiang Lingzhi felt that her deskmate was too experienced.

Who could withstand this?

She decided to pretend to be dead. She sat up straight and looked straight ahead, like a gentleman who sat still.

“Alright, we can set off now.”

“Hmm? Are you satisfied?” Li Shunan raised his eyebrows and his gaze fell on the tips of her red ears. His deep voice carried a hint of bewitchment. “Are you sure you don’t want to touch it again?”

Jiang Lingzhi’s fingertips trembled. She could not catch her breath, and she almost choked to death.

The heat slowly rose from his neck to his ears. She leaned over and pulled down his shirt, covering his abs tightly.

“Alright, it’s enough. I’ll save it for now. I’ll touch it next time.”

It was clearly a sad atmosphere of reunion after a long time, but for some reason, it had turned into something less serious.

Although it was said to be a long time, it was only a short two weeks.

Jiang Lingzhi leaned against the window and looked at the scenery outside the window. It was still a little surreal.

Who would have expected this?

After enduring for a few days, he finally escaped.

She picked up a future boyfriend.

Of course, it could also be said that she was picked up by her future boyfriend. It was snowing, so it was easy to slip on the road. Driving was also slower, so safety came first.

Grandma's house was not in South City. It was in a town next to South City.

Although it was a town, tourism was relatively developed. The scenery here was good, and many people would come here for tourism every year. Jiang Lingzhi felt that this place was quite suitable for retirement.

Due to the weather, the two-hour journey took four hours.

When they arrived in town, the two of them were not in a hurry to go to their grandmother's house. They found a restaurant to have dinner, and then they calmly drove to their grandmother's house.

The sky darkened. It was already seven o'clock in the evening. The street lamps on both sides of the road gradually lit up.

Jiang Lingzhi stared at the dark night sky outside and suddenly asked, "Are you going back today?"

Li Shunan was paying attention to the road condition and replied faintly, "Yes?"

Jiang Lingzhi was a little conflicted. She suggested softly, "If you go back, you still have four hours to go. It's not safe to drive in this weather. Why don't you find a hotel to stay in and go back tomorrow?"

She felt that if she sent him back from such a long distance and let him go back just like that, wouldn't she seem heartless?

Li Shunan glanced at her without saying anything.

Jiang Ling knew for a moment that she had been seen through by him, but she still braced herself and said, "Besides, you'll be alone when you go back. Isn't it boring to be alone?"

After saying that, she looked at him nervously through the rearview mirror.

Li Shunan had one arm on the steering wheel, looking particularly relaxed and lazy. He smiled casually. "That works too."

Jiang Lingzhi pretended to be calm as she nodded her head. Then, she looked out of the window, and the corners of her lips curled up uncontrollably.

She would never admit that she had selfish motives and just wanted to see him for a while longer..

Chapter 420: Useless

After a pause, Jiang Lingzhi muttered softly, "If you can stay for two more days, I can show you around."

Li Shunan curled his lips and placed his well-defined fingers on the steering wheel. He replied lazily, "Yes."

Yes.

Did this "hmm" mean that he agreed?

Jiang Lingzhi's eyes curved up, and she was a little excited. She introduced him, used to come here often when I was young. I'm very familiar with this place."

“The night view here is very beautiful. There’s a lake over there. We can go boating tomorrow during the day.”

Although it was not the best month for boating, if he accidentally fell into the lake, he would probably be frozen into ice.

However, the boy obviously did not care about such a small detail.

Li Shunan raised his eyebrows and said, “I’ll listen to you.”

Because he was willing to stay, Jiang Lingzhi’s mood was inexplicably good. She curled the corners of her lips, and the small dimples on her lips were faintly discernible.

Li Shunan glanced at her and raised his hand to rub her head.

“Why are you so happy?”

Jiang Lingzhi was stunned for a moment. She looked up and saw the corners of her lips that she could not suppress in the rearview mirror.

The corners of his mouth instantly stiffened.

Useless.

Jiang Lingzhi’s classmate’s love brain had been hammered. Didn’t he just agree to stay? What are you so happy about?!

The car drove steadily on the road.

After a while, it slowly stopped.

“Is it here?” Li Shunan asked.’

Jiang Lingzhi looked out of the car window. It really was.

This was a tourist attraction planned by the government in the early days. The small white buildings in the town looked neat and unified, and they were especially beautiful.

Jiang Lingzhi loosened her seatbelt.” Then I’ll put my luggage at Grandma’s house first. Then, I’ll accompany you to find a hotel.”“

After Li Shunan parked the car, he unbuckled his seatbelt, turned his eyes to meet hers, and said softly,”“No need. I’ll watch you go in. Have a good rest when you get home. I’ll send you a message when I’ve found a hotel.”

After tossing and turning for the whole day, Jiang Lingzhi was indeed a little tired.

Li Shunan was probably afraid that she would be too tired, so he urged her to go home and rest.

Jiang Lingzhi thought about it and softly said,” Oh.”

Li Shunan opened the car door and got out of the car. He opened the trunk and took out her suitcase, placing it by her feet.

After Jiang Lingzhi put on her coat, she hesitated on the spot for a while and said softly,”“Then I’ll be leaving?”

Li Shunan looked down at her and said lazily,”“Go ahead.”

Jiang Lingzhi pulled the handle of her suitcase and slowly walked towards her grandmother’s house.

Li Shunan leaned against the car and didn't leave immediately. He took out a pack of cigarettes from his pocket, tapped on a cigarette, and lit it up.

After seeing her enter the room, he could finally leave in peace.

Jiang Lingzhi dragged her luggage and walked to her grandmother's door.

Before she came, she did not call. When she reached the door, she realized that the door was locked and there seemed to be no one at home.

Jiang Lingzhi knocked on the door for a long time, but no one answered. Li Shunan's car was parked not far away, and he planned to leave after she entered the door. Seeing that she didn't enter for a long time, he walked over unhurriedly. "What's wrong?"

Jiang Lingzhi's nose was red from the cold. She turned her face sideways to look at him. "There seems to be no one at home."

Her grandfather had passed away when she was very young.

All these years, Grandma had been living here alone. There was no reason for her not to be at home on the first day of the new year.

Jiang Lingzhi took out her phone from her pocket. "Let me make a call."
