

## Little Girl 43

### Chapter 43: Exchange of Love Tokens

At this point, Wen Yujing's tone changed, "But who isn't? I like good-looking people too!"

He said it as if everyone was a good-looking dog.

Jiang Lingzhi was speechless.

"Also, that Li Shunan looks so cold and unreasonable. It must be scary to talk to him, right?"

Wen Yujing shot her a sympathetic look. "It's really hard on you. Sitting in front of him, don't you see that Guo Cong, who is sitting behind him, is about to have a nervous breakdown?"

"Fortunately, his deskmate took a leave of absence today. Otherwise, he would have fallen ill from fright."

Jiang Lingzhi felt that the person she was talking about was not the same person that she knew. "It's not scary, right? It's quite gentle."

Compared to his friends, the only one she was not afraid of was him.

Wen YLjing:

"Who are you talking about? Who is gentle?" She raised her voice. "Are you kidding me?"

A melodious "you" had just landed.

The desk was suddenly covered by a shadow.

The surrounding air pressure seemed to have dropped significantly.

Wen Yujing was stunned for a moment. She slowly turned her head around and saw a clean white shirt. She slowly raised her head to look up.

F \* ck, so handsome!

He looked ten thousand times more handsome up close than from afar!!!

In the next second, Wen Yujing was stunned again. Little tyrant had arrived at the battlefield. Could it be that he was here to beat someone up?

Wen Yujing did not even dare to breathe loudly as she trembled.

The Overlord was holding a plastic bag in his hand and placed it on the table. His well-defined fingers knocked on the table twice.

“I’ve accepted your meal card.”

F \* Ck. Damn, her voice was so gentle!

Good! Good! Listen! Ah!

Wen Yujing was intoxicated.

It took him two seconds to realize who the school bully was talking to.

Jiang Lingzhi glanced at the plastic bag and slowly turned her head around. She looked at the person beside her and blinked. “Oh.”

Li Shunan raised his eyebrows and didn't say anything else.

"Let's go." He stuffed a hand into his pocket, turned around, and left the classroom again.

It was only after he left that Wen Yujing found her breath again. She almost suffocated to death. "Just now, just now...What happened just now?"

"Just..." Jiang Lingzhi stared at the plastic bag on the table, and she frowned. "What you saw."

I believe you now," Wen Yujing said with a serious expression.

Jiang Lingzhi looked up at her.

Wen Yujing said seriously, "I believe what you said about him being gentle. He was indeed very gentle when he spoke to you just now! ""

Jiang Lingzhi was speechless.

Wen Yujing couldn't wait to open the plastic bag and take a look. She helped her take out the things and muttered, "Yogurt, Sushi, mineral water, sandwiches, and a packet of white chocolate."

After saying that, she swallowed her saliva.

"You bought this outside the school, right? Our school doesn't have such exquisite packaging. This chocolate is from a foreign brand, right? I've never seen it before."

Jiang Lingzhi was a little absent-minded. She picked up the bottle of mineral water, opened it, and took a sip.

Wen Yujing thought of the key point again." He just said that you gave him your meal card. What does that mean?" Do you want to exchange love tokens?"

Jiang Lingzhi almost spat out a mouthful of water. She paused for a moment before she explained, "What are you thinking? I owe him 400 yuan, so I used my meal card to pay off the debt.."
