

Little Girl 451

Chapter 451: The First to Disagree

This time, he did not look away.

The young man was tall and thin. Even when he sat there, he was taller than the others. His height advantage was quite obvious.

His posture had always been casual.

She leaned lazily against the wall, one arm supporting the table, her head slightly tilted back, and the line of her neck was very beautiful.

That pair of light brown eyes always had a gentle expression, but also a cold and distant feeling.

It was only when he looked at her that he would be tainted with a dotting and indulgent light.

Jiang Lingzhi also forgot to look away.

Just like that, everyone in the classroom looked at him.

On the podium, Hao Weiwu returned to the main topic after expressing his longing for everyone.

He asked about the seat adjustment.

“Is there anyone else who needs to change seats? If not, we’ll arrange our seats like this for this semester.”

After saying this, a few students who couldn't see the blackboard behind the classroom raised their hands.

Someone was moved to the front, and the seats were slightly adjusted.

The sound of tables moving in the classroom was deafening.

Jiang Lingzhi did not listen to what they said seriously.

In the huge classroom, her gaze was fixed in that direction.

They clearly didn't say anything, but it seemed like they had a tacit agreement. Jiang Lingzhi's originally erratic emotions seemed to have suddenly calmed down.

Yes, he would always be here.

In the first class of the semester, Hao Weiwu talked about the interesting things that happened during the winter vacation, adjusted the seats, and briefly explained the arrangements for this semester.

The class passed just like that.

It wasn't convenient for everyone to discuss during class.

After class, groups of two or three people gathered together and began to discuss the seats.

The topic of discussion was, of course, the love and hatred between the school bully and the top student.

The campus version of Mr. and Mrs. Smith, who had been popular in No.1 Middle School last semester.

It was just a winter break.

After school started this time, the couple they were on actually became a couple just like that?

Not only did he not say a word, but the seats were also arranged diagonally in the two corners of the classroom.

The students were discussing in low voices. "Does anyone know the inside story? What happened?"

"I want to know too!"

Everyone looked at the two corners.

The school bully was still the same.

She sat alone in the last row.

He leaned back lazily, looking extremely tired. His eyes were thin and tired, and his aura was very strong.

On the other hand, Brainiac.

He sat in the first row of the classroom, holding a pen in his hand. His back was straight, and he was seriously writing the exercise book. The world was big, and learning was the greatest.

He couldn't understand it, he couldn't understand it. Someone sighed. "So, they really broke up, right?"

"Look at them. They don't even have eye contact."

"No!" A girl got excited. I don't agree. I, Lychee CPIs fans, will be the first to disagree!"

Someone beside him asked, “Did you officially acknowledge this CP?””

The girl said righteously,” With candy, who cares about the authenticity? Look at those photos on the school’s website. Anyway, it’s a beautiful love story. I’m in love with it...

“What photos?” someone asked.”

The girl explained,” It was taken by a passerby on the campus website. The two of them are in the same frame. They look so compatible!””

Although the school had a rule that they were not allowed to bring their phones to school, the students more or less had their own ways to deal with it.

He didn’t bring his phone?

It didn’t exist..

Chapter 452: Pain and Happiness

The cause of the incident was that during the last semester, the students of Class Eight accidentally took a photo.

It was a certain classmate who was rumored to be a ruthless and cruel school bully. He gently put a coat on his deskmate.

The student took a photo of the scene and shared it on the campus network.

Instantly, a huge wave was stirred up.

F * ck, this doesn't match the legend!

That affectionate gaze made countless little girls fall for it.

Later on, a group of CP fans developed.

Occasionally, there would be people taking photos during class, going to the cafeteria for dinner, and even going home after school.

Although there were not many of them.

However, the two of them were too good-looking. Even the high-quality picture quality of the secretly taken photos could not hide the pink bubbles that popped up between the two of them.

There were discussions about their beautiful love on the campus network every day. Some even wrote about it.

Therefore, it did not matter if they were really dating or not!

The most important thing was that the scene of the two of them in the same frame was really too beautiful!

As long as the two of them were in the same frame, the school bully's gaze never left Jiang Lingzhi.

Too sweet!

However, it was only one winter break.

Things were different.

They were such a sweet couple, yet they broke up just like that?!

Everyone's discussion about the upper hand became even more intense.

Girl A: So, what happened? I'm too curious!"

Girl B: " It's only been one winter break, and my love line is ruined just like that?""

Girl C,"Wuwuwu, don't...

Girl A: " It's already so boring to study every day. I just want to eat candy. Why are you doing this to me?"

Girl B: " Although I'm a lemon spirit every day when I see the beautiful love between the school bully and the top student, I'm in pain and happy at the same time! Now, the pain is gone, and the happiness is gone..."

Girl C, "They're much better than idol dramas." There's nothing to see now, wuwuwu..."

Girl A: " If even they break up, I won't believe in love anymore."

For the next few days, everyone was discussing this matter, and they were not tired of it.

Guo Cong and Wang Kang also found it unbelievable.

Last semester, they were the seats closest to them.

It could be said that they ate their fill of dog food every day.

It made the two of them feel so much pain that they couldn't bear to live, but at the same time, they felt that love was really too beautiful!

In the end...

The two of them changed seats without any warning.

Although the two of them had maintained a distance during the latter half of the last semester, there would be some sweet interactions from time to time.

At that time, there were rumors that they had broken up, and they were even slapped in the face.

Now that the prophecy had come true, the two of them did not even speak.

The seats were still thousands of miles away.

It felt like he had drawn a clear line between them.

It really made people sigh.

Love was really too fragile!

Initially, everyone was still unwilling to give up.

She felt that they would soon switch back to their original positions after a fight.

In the end, a month had passed, and the two of them had not spoken a word in school. Sometimes, when they bumped into each other in the corridor, they did not stop for a moment and directly passed each other.

CP fans couldn't even take photos of the two of them together.

This time, he really believed that the two of them were.

After all, they were in school, and their main task was to study.

After a long time, the number of people talking about it gradually decreased..

Chapter 453: Don 't Force Yourself

Jiang Ling knew that they would definitely discuss it.

Occasionally, he could hear the whispers of others while sitting in his seat.

She deliberately ignored him.

He would not be affected by what others said.

She was still the same as before.

She studied very hard and put all her energy into her studies. She never fell out of the top three in her grade in every exam. It was because she had faith that supported her.

She would grow up.

As long as she grew up, she would be able to use her perfect self to have him.

Therefore, this was good.

As long as she could still see him every day, it would be fine.

Even though Jiang Lingzhi had always thought this way.

However, there were times when she could not hold back her emotions.

When she was eating in the cafeteria, she would get distracted as she ate.

Every time, it was Wen Yujing who chattered for a long time, but there was no movement from the other side.

Jiang Lingzhi only came back to her senses after calling her a few times.

Wen Yujing didn't understand, 'Ling Ling, why are you distracted?'"

Jiang Lingzhi ate her rice slowly, and she seemed to have lost her soul." "Yes, what did you say?"

Wen Yujing had no choice but to repeat what she had just said. After that, she went to ask for her opinion, "What do you think?"

In the end, she realized that she was starting to get distracted again.

Jiang Lingzhi suddenly came back to her senses and asked the question again," "What did you just say?"

Wen Yujing was speechless.

When she was on her period, her body was not feeling well, and that negative feeling was even stronger.

That day was PE class.

With her previous experience, Jiang Lingzhi would usually prepare sanitary pads a few days in advance.

It was March, and the weather was getting warmer. He could finally take off his thick cotton jacket.

She wouldn't feel cold if she wore a sweater under her spring school uniform jacket.

As usual, they would start with a 3,000-meter run.

Jiang Lingzhi had always been a burden in sports. Coupled with the fact that she was on her period, she felt dizzy after running two laps, and her lips were a little pale.

Slowly, she fell to the end of the line.

She panted as she ran, and her vision turned black. She accidentally kicked a stone and almost tripped.

Someone suddenly helped her up from behind.

Just like that, he was caught off guard as he approached. A familiar aura pressed down from behind him.

It carried with it a refreshing smell of mint and tobacco.

Jiang Lingzhi's body stiffened. After she steadied herself, she did not have the time to turn back to look. The strength in her arm that was supporting her quickly loosened.

In the next second, the tall and thin figure had already jogged away from her.

As he left, he left behind four words that were almost muttered.

Looking at his back view, Jiang Lingzhi froze on the spot.

He finally lost control of his emotions.

Tears welled up in her eyes, and they fell down drop by drop.

The PE teacher noticed her strange behavior and came over to ask about the situation.

Seeing her pale face, he asked with concern, "What's wrong? Are you not feeling well?"

Jiang Lingzhi's tears fell uncontrollably.

Actually, she could tolerate her discomfort.

However, once his emotions were out of control, he could not control them no matter what.

She hadn't heard his voice for a long time.

He said simply.

Don't try to be brave

It was almost enough to make her collapse.

The emotions that had been accumulated for a long time were completely released by the reason that he was not feeling well.

Jiang Lingzhi sobbed as she answered the old physical education teacher's question, ""My stomach is a little uncomfortable.."

Chapter 454: Paper Stars

The girl's face was indeed a little pale.

The PE teacher did not suspect anything and stopped her from running. "Alright, stop running. Go to the side and rest."

Because she was not feeling well, she skipped a physical education class.

Jiang Lingzhi did not continue to stay on the field. She went back to the classroom alone.

Everyone else was in P.E. class, so there was no one in the classroom.

Her eyes were still a little red because she had just cried.

Jiang Lingzhi sat down in her seat and realized that there was a pink thermos flask on the table.

That was the delicate and sensitive gentleness that belonged to her future boyfriend.

That day.

Jiang Lingzhi looked at the thermos flask on the table and cried alone in the empty classroom for a long time.

It wasn't just because of these two difficult years.

Instead, the better he treated her.

The more she felt that she was not worthy of his love.

He was always the one who gave, but she accepted it with a clear conscience.

She just wanted to do something for him.

There would always be a period of time when the direction of the school changed.

A few days ago, folded roses were still popular, but in a few days, they were thrown all over the ground.

During that time, paper cranes and washi stars suddenly became popular in the school.

Girls could be seen everywhere holding a pile of colored papers, folding them wherever they went.

Wen Yujing didn't stop when they were having lunch in the cafeteria. She folded a beautiful paper crane and placed it in a glass bottle.

Jiang Lingzhi did not understand her actions. "Why did you fold this?"

"Of course, I'll make a wish," Wen Yujing said matter-of-factly. Jiang Ling didn't quite understand the current trend. "Make a wish?"

Wen Yujing ate a mouthful of rice and tore a piece of colored paper. She mumbled, "I heard that if you give it to a boy you like, you can fulfill your wish if you fold it to 1,000."

Jiang Lingzhi's movements paused for a moment. Her gaze fell on the glass bottle and she asked thoughtfully, "Can anything be realized?" Wen Yujing was stunned for a moment.

Other than studying, she had never been interested in these things.

Wen Yujing pushed the plate in front of her to the side. "Why? Do you want to learn?"

Jiang Lingzhi lowered her gaze and pointed at the little star on the table. "I want to learn that."

It was rare for her to be interested in this. Wen Yujing nodded her head hurriedly, "Of course, I can teach you!"

The difficulty of folding stars was not high.

Jiang Lingzhi followed what she taught her, and she got started very quickly.

Looking at the pink star in her palm, the corners of her lips curled up.

Wen Yujing stared at her for a while and rubbed her eyes. "It's not easy. I haven't seen you smile for a long time."

He felt that he had not seen her smile since school started. Her emotions were very faint every day, like a rag doll that had lost its soul.

Jiang Lingzhi was stunned for a moment. She looked up at her, and the curve on the corners of her lips quickly disappeared. "Is there?"

Wen Yujing nodded vigorously.

At this point, she carefully asked, "So, are the rumors on the campus network true?"

She had never dared to ask.

However, he was really curious.

Jiang Lingzhi did not understand.”

“It’s about the rumors about you breaking up with School Tyrant Li.” Wen Yujing scratched her neck.”

Although she did not know when the two of them had been together, the rumors had spread out for some reason, making her very curious.

This time, Jiang Lingzhi replied with an ” oh ” and replied very firmly, ” ”No, I haven’t..”

Chapter 455: Didn’t Break Up

“Huh?” Wen Yujing was stunned. Jiang Lingzhi looked up and repeated, ” ”We didn’t break up.”

Wen Yujing was stunned on the spot.

They didn’t break up?

Did she mean that they didn’t break up?

After carefully combing through it, there was no intention of breaking up.

Didn’t that mean that they were still together?

They were together!

They! Yes! Together!

Wen Yujing was still a little puzzled by her behavior. ""Why did you buy two?"

Jiang Lingzhi held the two glass bottles in her hands. Her movements were especially careful as she muttered softly, "One for him and one for me. I'll fold two every day. After 500 days, I can make a wish." One could make a wish by folding 1,000 stars.

Five hundred days.

At that time, the college entrance examination would be over and they would be admitted to their ideal university. They should be able to be together.

Ever since he was young.

She had never had anything she liked.

Lu Yuping had arranged everything for her.

The only thing she was willing to do was to like him. She wanted to continue doing it.

It was only 500 days.

It passed very quickly.

When the time came, she would let him make a wish. She hoped that this little star, who had carried her thoughts for 500 days, would fulfill his wish.

Wen Yujing sniffed.

Jiang Lingzhi turned her head and looked at her. ""What's wrong with you?"

Wen Yujing wiped away her nonexistent tears and sighed, ""Today is another day to cry for someone else's beautiful love."

"I'm so touched."

She believed in love again!

After leaving the boutique, the two of them did not go home immediately. Instead, they went to the old alley.

Standing at the door of the familiar courtyard, Jiang Lingzhi felt as if it was a lifetime ago..

Chapter 456: Throw It Away

It was as if all the good things had started here.

The first time she went home with him, he thought she was a little liar.

After being misunderstood by her mother, she ran away from home for the first time. She picked up a small pumpkin, and she was picked up by her deskmate...

For the first time, she held his hand bravely and told him that she liked him.

Everything happened here.

Because of him, I became brave.

It was also because of him that he was very determined to persevere.

It was also Wen Yujing's first time here. She looked around curiously. "Is this his house?"

Jiang Lingzhi's eyelashes fluttered as she nodded.

Wen Yujing patted her shoulder lightly, "'Then you go ahead. I'll wait for you here and give him the glass bottle."

Jiang Lingzhi came back to her senses and nodded her head again. She carried the glass bottle and slowly walked into the courtyard.

The door to the main house was closed.

After she reached the door, Jiang Lingzhi stopped in her tracks.

The courtyard was very quiet, and every corner was familiar to her.

She clearly wanted to see him.

However, the closer he got, the more flustered he became.

I don't want to cry anymore.

Every time she saw him, she felt so wronged that she wanted to cry.

She didn't want to become a delicate person.

Even if they were separated for a while.

He had to be well.

They had agreed to become better for each other.

Jiang Lingzhi lowered her eyes and let out a long sigh. She walked over and placed one of the glass bottles in her hand on the floor at the door.

She stared at the glass bottle and muttered, ""Wait for me,"

In the bright living room.

Qi Liangji was munching on melon seeds while staring at the man on the sofa.

The young man was nestled on the sofa with a pen in his hand. He was doing exercises. The light above his head shone down. His well-defined face was clearly defined under the light.

The languid and lethargic aura on his body had dissipated quite a bit, and he looked serious and focused.

Qi Liangji knew that there was a Mathematics competition in March.

She also knew that Brother Chennan had been studying questions every day recently to prepare for the Mathematics competition.

However, this was a little too much.

He wasn't even concerned about the recommendation spot, so why would he care so much?

"Sigh, what is this?"

Separated by a large door, Zhao Zifu's muttering could be heard from outside.

The next second, the door was pushed open from the outside.

“What?” Qi Liangji sat up straight.”

Zhao Zifu walked in from the door and waved the thing in his hand. “When I first came in, I saw this at the door. Didn’t you see it when you came back?” He walked over and placed the glass bottle on the coffee table.

Qi Liangji immediately leaned over and took a few glances. He frowned, ““No, when we came back just now, there was nothing at the door.” After saying that, he immediately went to find a sense of recognition.” Li Shunan paused and looked up.

When he saw the glass bottle, his eyes were calm and there was no fluctuation in his emotions.

Perhaps it had been too long since he spoke, his voice was a little hoarse when he spoke again. “What is this?”

Qi Liangji studied it for a while and came to a conclusion, ““Recently, the girls in our school also like to fold this. It’s probably a gift from a girl who likes you?”

Li Shunan quickly retracted his gaze and said lazily, ““Throw it away..”

Chapter 457: A Little Star

Throw it away...

They were not surprised by this answer.

Every day, there were young girls who sent Brother Chennan love letters and gifts. These were all small scenes.

He had never seen such a stingy person.

When people fold stars, which one of them doesn't give a full bottle?

Can't you be more careful? At least give me a bottle, right?

Just one?

It was such a big glass bottle with only a blue star inside. No matter how he looked at it, it looked shabby.

Zhao Zifu nodded and stood up. "Alright, I'll throw it away."

He picked up the glass bottle and prepared to throw it into the trash can.

Li Shunan suddenly thought of something. His fingers paused and he looked up. His Adam's apple bobbed slowly. "Wait a minute."

Zhao Zifu was about to let go when Brother Nan suddenly spoke. He quickly tightened his grip. "Ah?"

The glass bottle in his hand almost slipped, but he clenched it tightly.

Li Shunan furrowed his eyebrows slightly. His gaze fell on the glass bottle in his hand and he asked calmly, "Where did you find it?"

Zhao Zifu pointed outside.

Qi Liang Ji's " Qi Liang Ji " "When we came back, there was no one at the door. It should have been just a while ago."

“But we were in the house the whole time and didn’t hear anything.”

Zhao Zifu thought for a moment and said, “It must be because the young lady was too embarrassed to give it to him in person, so she secretly put it there.””

Qi Liangji analyzed seriously,“”But didn’t the people who sent the letters in the past always put them in the drawer or ask us to pass them to them? This was the first time he had placed it at his doorstep. Could it be that Brother Chennan was being followed?”

Zhao Zifu was speechless.

Brother Chennan was being tailed?

Who the hell was so bold as to follow him?!

Should these two words appear on Brother Chennan?

Zhao Zifu seemed to have thought of something.”

Qi Liangji looked at him.

“When I came over just now, I heard them say that they seemed to have seen sister-in-law. I thought they were mistaken...”

At this point, Zhao Zifu looked at the glass bottle in his hand and muttered, “Could this be a gift from sister-in-law?”

Qi Liangji was speechless.

Li Shunan's body stiffened, and his gaze on the glass bottle deepened.

The glass bottle in Zhao Zifu's hand was on the verge of collapsing. He felt like his soul was going to return to the trash can in the next second.

Qi Liangji's heart trembled and he let out a roar from the depths of his soul, "F * ck, put that thing down!"

He glided over and carefully caught the glass bottle.

The two of them gently placed the glass bottle on the coffee table as if they were holding a peerless treasure.

At this moment, Zhao Zifu was extremely glad that his hand did not slip.

Otherwise, the glass bottle would have been smashed into pieces.

If that was the case...

Then he should be able to form a team with Sun Yan to buy a coffin.

Li Shunan leaned over slightly, his arms resting on his knees. He stared at the glass bottle, the emotions in his eyes unclear.

The two of them gulped and stared at the glass bottle at the same time.

Qi Liangji carefully inspected the glass bottle and heaved a sigh of relief. "It's fine, it's fine. It's still fine."

Zhao Zifu was so scared that his back was covered in cold sweat. At this moment, he finally relaxed. "Fortunately, I held it tightly. If I had been a second late, my life would have been in danger."

It was a very beautiful glass bottle, but there was only a small star inside..

Chapter 458: Sister-in-law Gave It to Brother Nan

Although Little Star was a little shabby.

If this was a gift from his sister-in-law, then the meaning would be different.

Qi Liangji touched his chin and suggested, ""Do you want to open it and take a look? Sister-in-law might have written something inside. ""

Zhao Zifu was silent for a moment before asking, ""After you open it, will you restore it?""

""No."" Qi Liangji answered honestly."

""I'm a man, how could I know this?"" he answered confidently."

Zhao Zifu immediately rolled his eyes at him.

Then what nonsense are you talking about?

Both of them looked at Li Shunan at the same time, waiting for his final verdict.

This was really a headache.

He was afraid that he would not be able to return the favor if he opened it. If he did not open it, he would be curious if there were any words inside.

At this moment, the door was suddenly pushed open from the outside and Sun Yan walked in.

He held the little pumpkin in his arms and said with a smile, "We're back. We took Daddy out for a walk. He's in a much better mood."

"Look, you can even scream."

The three people on the other side did not want to pay attention to him at all. They did not even look at him.

Sun Yan put the little pumpkin back into the cat bed and walked over. "What are you guys doing? You're ignoring me after talking for so long."

He stood beside the coffee table and his gaze fell on the glass bottle on the coffee table.

In the next second, they let out merciless mocking laughter.

"Hahahaha..."

"Zhao Zifu, did you receive this?"

"Can it be any shabbier? Can your admirer be any more stingy?"

"It's just a star. How can you give it away?"

"Hahahaha..."

Qi Liangji looked at Brother Nan's expression and decided to save his brother. He reminded him, "This is a gift from sister-in-law to Brother Nan." The laughter stopped abruptly.

Sun Yan looked constipated. Two seconds later, he slapped his thigh and sighed, ""This is too fucking creative!"

Zhao Zifu was speechless.

Qi Liangji was speechless.

After a while, Sun Yan said, ""Sister-in-law must be trying to say that she only likes you and that you're her only star!"

Qi Liangji was stunned. Me?"

It could be interpreted like this?

"Did you secretly recharge your IQ? I've never seen you so quick-witted!"

Zhao Zifu was also impressed by his hindsight skills. "Where the f * Ck did you go to secretly tutor? Why didn't you bring me along?"

Sun Yan wiped away his bitter tears. I was forced out by life."

After saying that, his gaze fell on the glass bottle and he leaned over."This is a gift from Sister-in-law. Do you want to open it and take a look?"

Li Shunan's eyes moved slightly. He raised his hand and took the glass bottle.

His palm was thin and his joints were long. The veins on the back of his hand were clear. His skin was cold and fair. His well-defined fingers picked up the glass bottle, making him look especially good.

The three of them stared at each other.

In the end, he only gently rubbed the glass bottle twice before picking it up. He stood up and entered the room, leaving behind a casual sentence. "You can leave now."

Sun Yan was speechless.

Qi Liangji was speechless.

Zhao Zifu was speechless.

Can't you satisfy their curiosity and let them take a look?

What?

But he was too heartless!

The door was mercilessly closed in front of them, not even giving them a chance to peek.

"Then, Brother Nan, we'll be leaving first."

After Qi Liangji shouted, the door was closed..

Chapter 459: Peerless Cutie

The room fell silent.

There was no sound inside or outside the room.

Li Shunan leaned against the headboard, his eyelids not even lifting. His eyebrows were thin but he looked frivolous.

He placed one arm behind his head and held the glass bottle in his other hand. His fingertips gently rubbed against it.

After a long time, he laughed.

A star.

Why was she so cute?

The next morning, when Li Shunan came to the classroom, the morning reading class had already ended.

The classroom was filled with people chatting in twos and threes. It was a little noisy.

With his hands in his pockets and a black school bag slung across his shoulder, he walked in through the back door.

He walked to his seat and sat down. The young man's eyes were tired, and his expression was lazy and indifferent. He looked very tired.

The voices in the classroom grew softer.

Li Shunan took off his school bag with one hand and stuffed it into the hole in the table. He leaned against the wall and suddenly stopped when his eyes swept across the table.

There was a tall stack of books on the table, taking up more than half of the space. In the middle was a pink star and a strawberry-flavored lollipop.

Li Shunan raised his eyebrows and sat up straight. He picked up the pink star and looked at it for a while.

He lowered his chin and chuckled.

So there was more than one.

He leaned against the wall and put the star in his pocket. He picked up the lollipop, opened the package, and bit it.

He rested his elbows on the table and his gaze fell on the first row of the first group.

The girl sat in her seat with her back straight. She was a little far away and there were so many people between them.

However, he could clearly see her every move.

The little girl was probably tired from her homework. She put down her pen and stretched her wrist.

After sitting in his seat for a while, he subconsciously looked back.

Their eyes met.

She probably didn't expect him to be in the classroom. She paused for a second and turned her head away.

After a while, he turned back.

This time, she paused for a few seconds before turning her head away.

After a while, the girl's pen accidentally fell to the ground. She bent down and picked up the pen. Then, she turned her body and looked over. Li Shunan licked his lips and couldn't help but laugh again.

She was peeping at him.

She even used such clumsy and cute little tricks to cover up.

What kind of peerless cutie was this?

The morning passed quickly.

It was lunchtime, after having lunch outside the school.

Li Shunan and Zhao Zifu each carried a bottle of mineral water and walked in from the school gate.

As they passed by the basketball court, the sound of the basketball hitting the ground could be heard again and again, accompanied by waves of cheers.

Zhao Zifu stared in the direction of the court for a while and asked, "Brother

Nan, do you want to play some basketball?"

Li Shunan put his hands in his pockets and walked slowly towards the teaching building. He said lazily, "No."

Zhao Zifu paused for a moment before turning his head around. "I have nothing to do. Where can I go if I don't play basketball?"

There was still such a long break time at noon. He had to find something to do.

“I still have something to do. I’ll leave first.” After saying that in a relaxed tone, he strode his long legs and left.

His tall and handsome figure quickly disappeared in front of him.

Zhao Zifu stared at his back view, still unable to figure it out.

So, what the hell was going on?

Chapter 460: Time to Cry

Break up? It didn’t seem like it.

She said that they hadn’t broken up, but the two of them kept their distance.

It had been a long time since she had seen the two of them in the same frame.

This was a very complicated problem for someone like him who had been alone for 18 years.

Love was really too unpredictable.

At this time, it was still mealtime. The people who went to the cafeteria to eat had yet to return.

The classroom was empty.

When Li Shunan walked in from the back door of the classroom, he immediately saw the petite figure in the first row.

She was the only one left.

Li Shunan lifted his eyelids and licked his lips. The corners of his lips curled up as he walked over unhurriedly.

He sat down in the second row.

The girl was studying the questions seriously and did not notice his arrival.

Li Shunan rested his arm on the table and tilted his head slightly. He stared at her side profile without blinking.

From his angle, he could see the back of the girl's fair neck and her pink little ears.

He thought of the girl peeking at him just now. He let out a low laugh from his throat.

"Heh."

After Jiang Lingzhi finished her lunch in the cafeteria, she rejected Wen Yujing's invitation to go to the Astronomical Society with her to see the handsome guy, and she went straight back to the classroom.

This semester, she had resigned from her position as the manager of the basketball club, so she didn't have to go to the club in the afternoon.

After he had some free time, he went back to the classroom to do his homework.

When she was doing her exercises, she actually noticed the sound of footsteps approaching from behind her.

However, she only thought that it was a classmate sitting at the back.

But very quickly, it became quiet again. There was no movement at all.

It was unusually quiet.

Just as she was hesitating whether to turn around and take a look.

Suddenly, a familiar laugh came from behind him.

It spread out from her throat, bringing out a sexy breath.

Jiang Lingzhi's pen paused, and her eyelashes trembled slightly. A certain thought suddenly popped up in her heart, but she did not dare to believe it.

After a long while, he finally couldn't help but slowly turn his head to take a look.

The moment she turned her head, she saw him.

The young man sat diagonally behind her.

He lazily supported himself on the table, looking lazy and frivolous, like a cynical young master.

He was staring at her without blinking.

Jiang Lingzhi was stunned for a moment.

The distance between the two of them suddenly shortened, and it was in such a quiet atmosphere.

There were only the two of them.

Jiang Lingzhi's heart thumped uncontrollably.

Her gaze moved down and landed on his fingers.

His well-defined fingers were playing with the pink star.

It was the one she had placed on his desk in the morning.

Jiang Lingzhi was speechless.

Li Shunan licked the corner of his lips and looked a little frivolous. He said in a

low voice, "You even learned how to fold little stars."

"Tsk, I don't know which child left it at my doorstep. He didn't even leave a name and was almost thrown away as trash."

His tone was as lazy as ever, with a low, magnetic, and cold voice that was especially pleasant to hear.

Jiang Lingzhi was speechless.

It seemed like she had indeed forgotten to leave her name.

She also knew that he had never accepted anything that others gave him. He would reject it if he could, and throw away everything that he could not find the owner of.

Her glass bottle was almost thrown away as trash.

Jiang Lingzhi turned her face sideways and stared at him without blinking.

Li Shunan looked up and said lazily, "Fortunately, I didn't lose it. Otherwise, the child would be crying."
