

## Little Girl 81

### Chapter 81: Why Are You Wearing So Much

After entering the classroom, Wen Yujing shook Jiang Lingzhi's arm. "Are you alright? He probably didn't take any pictures just now, right?"

Jiang Lingzhi still felt that her brain was a little muddled.

Why did the school bully suddenly intervene and even gave her a drink for no reason?

Jiang Lingzhi came back to her senses and shook her head. "No, I'm wearing sports shorts under my skirt. What's there to take a picture of?" Wen Yujing was stunned. "Why are you wearing so much?"

Wait, that didn't seem to be the main point.

Wen Yujing heaved a sigh of relief again, "Then you were so agitated just now. I thought that person... What part of you did the scumbag capture?"

Jiang Lingzhi pursed her lips. "I just thought of my photo appearing on that scumbag's phone. I felt uncomfortable."

Wen Yujing felt that it was reasonable.

In any case, it was quite repulsive.

"Class is about to start. The school bully looked so scary just now. Don't tell me they're going to fight. Did you fight?"

Jiang Lingzhi was a little uneasy. This was what she was worried about.

After all, her deskmate's hostility just now did look a little scary.

This was the first time she had seen him like this.

The bell for class rang. They could do nothing but return to their seats.

The class had already started, and the washroom outside the teaching building was a little quiet.

Moreover, the smell in the men's washroom was not very pleasant.

Zhao Zifu pushed hard, and he was ruthlessly pushed against the wall."Behave yourself. If you run again, I'll break your legs!"

Zhao Man bent down from the impact and shouted, "'1 already said that I was just casually taking pictures. What else do you want me to do?"

He was really unlucky today. He had met a lunatic one after another!

Li Shunan snorted and put a hand in his pocket. He walked up to him with a casual smile and patted his face. He said slowly,""I hate troubling the police the most. If there's a problem, I usually solve it myself."

He lowered his eyes and took out his phone. He opened his photo album and deleted the few photos he had just taken.

Then, she threw the phone on the ground in front of him and slowly raised her foot to step on it.

The screen was smashed into pieces.

Zhao Man's heart was as dead as ash, and it was dripping with blood."F \* ck, are you f \* cking toxic? This phone is worth more than 10,000 yuan!"

She had thought that he would at most delete the photos.

She did not expect him to be so ruthless.

Li Shunan didn't even bat an eyelid. His lips curled up, and he suddenly reached out to grab the back of Zhao Man's neck. He used so much force that he almost pushed Zhao Man's face into the urinal.

Zhao Man held his breath and almost vomited.

The man's grip was too strong, and his entire body was filled with hostility. "There's also a phone. Take it out."

His deep and magnetic voice and arrogant attitude were not concealed at all.

Zhao Zifu stood at the side. His eyes lit up, and his blood was boiling.

It had been a long time since he had seen Boss like this.

She grew up and was still tired of it. The hot-bloodedness she had in junior

high had turned into a chuunibyou.

But in the hearts of boys, weren't they all so passionate?

At this moment, it was as if time had returned to two years ago.

Zhao Man was so frightened that he could not even speak properly. "What? What phone? I don't know what you're talking about."

Li Shunan's light brown eyes were indifferent. His lazy and tall figure stared down at the person and suddenly smiled. "I'll give you two choices.. I'll beat you up, and you'll obediently drop out of school.. '

Chapter 82: Consequences

Zhao's face was flushed red and his body was trembling. "I... I choose two."

Li Shunan's lips curved into a faint smile. "Yes, I'll beat you up and force you to drop out of school. Not bad, it's a good choice." Zhao Man was speechless.

Was there a difference between the two?

Zhao Man's last line of defense was finally broken. He begged for mercy, "Boss, please forgive me this once. I really won't dare to do it again. My phone has already been destroyed."

' Say it again." Li Shunan's smile disappeared and he repeated slowly, "There's also a phone. Take it out."

Zhao Man placed his hand on the wall, afraid that he would smash his face into the urinal. "I really don't have any more. I only have this one phone!" Before he could finish his sentence, the angle of his bent body sank a little further.

Zhao Man bent over with a pained expression. "In, in the classroom. I'll go get it now! !"

Li Shunan snorted, his posture a little lazy. He then let go of Zhao Man, who almost fell to the ground.

"Five minutes. If you're a second late, you'll have to bear the consequences." Zhao Man breathed in large mouthfuls of fresh air. He had almost suffocated to death just now.

Who knew what he had just endured!

"I, I know. I'll come over with my phone." After saying that, she retreated while staring at him warily and staggered out.

Zhao Zifu frowned. "I feel that if this fellow wants to run, he definitely won't listen obediently."

Li Shunan's lips twitched. His tall figure stood tall and straight, lazy and casual. He walked to the sink and turned on the tap. "I've already told him." In the nearby forest.

After waiting for less than three minutes, Zhao Zifu received a call and could not help but curse, "F \* ck, someone saw him leave the school. I knew this kid would definitely run away."

Li Shunan's slender figure leaned against the tree trunk and raised his eyebrows slightly. He was holding his phone with a lazy expression on his face, as if he had already expected this. "You go to class first."

"Why? Are you leaving school?" Just as he said this, Zhao Zifu suddenly realized something. "You didn't let him escape on purpose, did you?"

Li Shunan replied and put his phone back into his pocket. He turned his face and stared at him. "Didn't you hear what my deskmate said? It's not appropriate to hit someone in school."

Zhao Zifu was: speechless

Therefore, she deliberately let him escape first and then blocked him outside the school.

Why was Brother Chennan becoming more and more cunning?

Zhao Zifu really wanted to go, "Brother Nan, I want to go too. I'll go with you."

Li Shunan glanced at him and put his phone back into his pocket. His tone was as casual as ever. "No need. I'm in your class."

With that, he walked towards the school gate at a moderate pace.

Zhao Zifu was about to shut himself in.

He followed beside her and walked out of the forest without saying a word.

Suddenly, he thought of something. "Then, Brother Chennan, how did you know that he had another phone?"

He had wanted to ask this question earlier!

Li Shunan moved his arms and his long legs unhurriedly. He said lazily, "That phone just now doesn't look like it's used often. It might be a backup phone. There's another phone that should be in the classroom. He ran in a hurry and didn't have time to get it."

Li Shunan glanced at him and said lightly, "Go to his classroom and look for him."

Zhao Zifu felt that his Brother Chennan was simply a god.

That guy had secretly taken photos of so many girls. The photos were probably still in that phone.

If word got out, it would be bad for the girl's reputation.

"Alright, I'll go look for it."

Zhao Man felt that he was too smart.

If he asked her to go back, would he really go back?

He was not a fool.

After Zhao Man climbed over the wall from the school's side door, he planned to lay low for a while and return to school the next day.

By tomorrow, he would have forgotten about this matter.

It wasn't a big deal. He had done it so many times before, so it didn't affect him much.

After leaving school, he was ready to sneak to the internet cafe to hide and have some fun.

Before he could step into the internet cafe.

He was grabbed by the back of his collar and dragged into the alley...

Chapter 83: Where Does the Big Boss Live?

The light in the alleys of the old city was always dim and gloomy.

Sunlight doesn't shine in, the walls are covered with damp moss.

There were five or six people who had attacked just now, and they looked like hooligans.

The person leaning on the side looked completely different from them. He did not even make a move. His every move carried an arrogant and arrogant aura.

Li Shunan was wearing a white shirt and black trousers. His tall and straight figure was clean and tired, and he did not fit in here.

His posture was lazy and casual.

"Where are you going?"

Zhao Man's body trembled as he begged for mercy, "I... I... I really don't dare to do it anymore."

Seeing him here, she couldn't help but feel a chill in her heart.

He had a vague feeling that this matter would not be over so easily.

Moreover, the person in front of him seemed to have changed.

The evil aura around him seemed to have become even stronger. It was like a completely different temperament from when he was in school.

Zhao Man could not help but defend himself, "I really just took two pictures of her back and didn't do anything else."

He really wanted to do something else, but he didn't have the time.

Li Shunan held a cigarette in one hand and said in a lazy tone, "You should be glad that you haven't had the time to do anything else. Otherwise, you could have picked up your eyes and brought them back to worship." Zhao Man could not move after he was pinned down.

His attacks were ruthless and fast, completely overwhelming.

"Do you have a backup of the photos?"

Zhao Man immediately shook his head and did not dare to hide anything. "No, really. I still have a phone in the classroom. The photos are all in there."

"I didn't take that phone." Li Shunan licked the corner of his lips and said in a low and dangerous voice, "Drop out of school obediently. Otherwise, I'll beat you up every time I see you."

” Yes!” Zhao Man shivered.” I heard you clearly.”“

It was too scary.

The liquid on his forehead had already seeped into his eyes. He could not even open them. The pain was intense.

The shadow of this moment was simply too terrifying.

Zhao Man had never been so close to death before.

His vision was blurred by the red. That person’s eyes were arrogant and impudent. He was definitely more terrifying than the Grim Reaper.

Li Shunan let go of his hand. His light brown eyes were as indifferent as ever, and he didn’t look fierce at all.

“Get lost.”

The last class in the afternoon was a self- study class, which Hao Weiwu used for a class meeting.

The main topic was probably about class allocation.

In another week, they would be divided into arts and sciences classes.

In fact, the current system did not distinguish between arts and sciences. Their No.1 Middle School had originally planned to implement it, but it was still difficult to implement it.

It was only now that they had finally confirmed it.

After National Day, the arts and sciences classes would be completely separated. From now on, they had to consider whether they wanted to choose literature or science.

Jiang Lingzhi glanced at the seat beside her. It was empty.

Ever since she was in the corridor, her deskmate had disappeared. She hadn't appeared for the entire afternoon.

Jiang Lingzhi took out her phone from her bag in the drawer and turned it on. She glanced at the screen. There was still no reply to the text message she sent in the afternoon.

The old phone did not have a WeChat function. It could only send messages and make calls. It was indeed a little inconvenient.

Jiang Lingzhi sighed. She pressed the lock button and stuffed her phone back into her bag.

Hao Weiwu said passionately on the podium, "".. You are still young. What matters is not what happened, but what you have to do to improve it. This choice is relatively important in your lives. It concerns your future path. You should discuss it with your family before making a decision!"

At this point, he took a sip of water and continued, ""Although I've said it many times before, you guys are the worst batch of students I've ever taught! "

"However, I still hope that the students will occasionally think of me as their form teacher. Some students might even be assigned to my class. That depends on fate!"

"Work hard in this exam and display everyone's strength to get good results!!"

Hao Weiwu had almost finished his sentence. He looked at the time. There were still five minutes before school ended.

' Alright, I've said what I need to say. Let's stop here today.' Um, class monitor, do you know where the new transfer student is?'

Jiang Lingzhi's heart skipped a beat when she suddenly mentioned her deskmate.

He Di turned around first and looked at the empty seat beside Jiang Lingzhi. He shook his head and said, 'It was still there this morning, but I don't know after that.'

Hao Weiwu looked around the classroom, seemingly thinking about something. 'Does anyone know where Li Shunan lives?'

The people in the classroom looked at each other, but no one made a sound.

Brother Weiwu did not seem to be angry. He lowered his head and looked at the test papers on the podium. 'The monthly exams are next week, and we've given out review papers for every subject. We have two days off, so wouldn't it be a waste of time if we don't do our homework? Who can bring this test paper to the new students?'

This time, the classroom was silent.

Usually, when they saw the big boss, they would take a detour and not even dare to say a word.. Who the f \* ck knew where the big boss lived?!

Chapter 84: I'll Bring It to Him

Jiang Lingzhi turned her head sideways to look at the classroom, but no one spoke.

The socialite boss's good relationship with others was challenged at this moment.

After a while, someone finally said weakly, 'Student Li seems to be very familiar with Zhao Zifu from Class 10. You can ask him to help take care of him.'

Hao Weiwu took off his glasses. 'Class 10, right? Alright then. You can ask the students from the other classes to help you with it.'

At this point, the bell rang.

Hao Weiwu put his glasses in his pocket and tidied up the papers on the table. "Alright, students, class is over. Remember to focus and don't forget to revise when you go home!"

With that, he put the test paper under his armpit and went out.

She did not bring her textbook for the last period. Jiang Ling knew that she did not have anything to collect, so she picked up her bag and went straight home. When she walked out of the classroom, she saw Hao Weiwu walking down the corridor.

Jiang Lingzhi thought for a moment. She carried her school bag and walked over quickly. She called out softly, "Teacher Hao."

Hao Weiwu stopped in his tracks and turned around. When he saw Jiang Lingzhi, his eyes were all smiles. "Jiang Lingzhi, what's wrong? Is there something you need from Teacher Hao?"

Good teacher.

Look, the names that came out of the mouths of the top five students in the grade were so pleasant to hear!

Jiang Lingzhi carried her school bag and stood in front of him. She looked extremely obedient. "Teacher Hao, I know where Student Li lives. It just so happens that it's on the way. Why don't I bring this test paper to him?"

"Oh?" Hao Weiwu was obviously surprised.

Although they were deskmates, the two of them did not look like they were on the same side.

After all, there was a clear line between good students and bad students.

However, it was better to trouble his classmates than to trouble others.

Moreover, she had just said that it was on the way.

Hao Weiwu lowered his head to look at the test paper. He thought for a moment and nodded. "That's fine. Since it's on the way, please bring it to Li Shunan."

Jiang Lingzhi smiled." It's not troublesome. It's only right for classmates to help each other."

Hao Weiwu was very touched.

What an obedient child!

If she could be assigned to his class in the future, how good would that be? How worry-free would that be!!

Hao Weiwu sighed.

However, after thinking about it carefully, she felt that the possibility was not high. Jiang Lingzhi's humanities results were still better.

Previously, he had pulled some marks in Mathematics, so his results were hovering around the top five of the grade.

After being assigned to the humanities section, mathematics would be relatively easier, so the first place in the humanities section was probably in the bag.

"Do you have any ideas about the arts and science classes?" Hao Weiwu asked."

Jiang Lingzhi replied obediently, "Teacher, I should choose liberal arts. In the future, I want to go to a music university overseas."

She had always had her own opinions and had always made a clear judgment about the things she wanted to do.

Hao Weiwu felt that it was a pity, but he still nodded and said, "That's good too. When you go back, say hi to your father for me. What an outstanding child you've raised."

Jiang Lingzhi replied politely, "Thank you, Teacher."

Hao Weiwu passed the stack of test papers to Jiang Lingzhi and chatted with her for a while before he went back to his office.

Jiang Lingzhi put the test papers into her bag. As she walked out of the school, she gave Su Xici a call.

He said that he would pick her up from school during this period of time, so of course she had to wait for him.

In the end, the number rang twice before the call was hung up.

Jiang Lingzhi was speechless.

Why was this person so petty? Didn't he just say that he was ugly?

He ignored her for a day..

Chapter 85: Game Credits

The end of the third year of high school was half an hour late. Could it be that they were still in class?

Jiang Lingzhi thought for a moment, picked up her phone, typed a text message, and sent it out.

Since Su Xici still had half an hour before school ended, she decided to send the test papers to her deskmate first.

Jiang Lingzhi put her phone in her bag and walked towards the bus stop.

The alley was very lively in the afternoon.

After the furniture movers went in and out for two hours, the garbage collectors went in and out for another two hours. It was finally quiet when it was almost dusk.

Sun Yan handed a cigarette to the old man and chatted with him for a while. After receiving 400 yuan, he watched the old man leave on his full three-wheeled motorcycle. Then, he put the cigarette box in his pocket and turned to enter the courtyard.

The courtyard was still the same, empty, but the interior was very different.

Brother Nan, the person has been sent away.” Sun Yan pushed open the door of the main room. The lights were not on, so it was a little dark.

The newly-installed projector was in the middle of a trial broadcast. It was projected on the white wall and was broadcasting an advertisement. The quality was very clear.

The young man was wearing a white shirt and was nestled on the carpet in front of the sofa. He stretched out his long legs casually and threw a coin from his palm. He caught it steadily.

His head was slightly tilted, and the side of his face was hidden in the half-light, making it look particularly deep and distinct.

Sun Yan stared at his palm for a while, then narrowed his eyes and hissed, ""What's this? Game coins? When did you go to the arcade?"

However, before he could touch the game coin, his palm closed.

At the same time, Li Nan slowly turned his head and stared at him with his light brown eyes.

Sun Yan was furious." Brother Nan, you're being mean. When did you go to the arcade?" Why didn't you bring me along?"

"To think that I've been so busy with everything for you today. Look at this refrigerator and this big sofa. It's all because of me..." At this point, he paused for a moment."Help me carry it in?"

The house had indeed changed a lot. The decoration was still the same as the old house, but the furniture and furnishings had changed a lot. It looked quite beautiful.

Li Shunan pursed his lips, narrowed his eyes, and said in a hoarse voice, ""Five masters, do I need your help?"

Sun Yan didn't feel guilty at all." I did contribute, after all. I purposely skipped class today. Also, I laid this carpet myself!"

"Ha, then it's been hard on you." Li Shunan said in a lazy tone, his words full of sarcasm. "May I ask, which day do you not skip class?"

Sun Yan was speechless.

After a pause, he decided to forgive Brother Nan and not stoop to his level.

Sun Yan slammed the 400 yuan in his hand on the coffee table.

“So much old furniture, and they only sold it for 400 yuan. That old man was smiling like a chrysanthemum.”

Li Shunan looked up and said in a low voice, “It’s useless anyway. If I don’t sell it to him, I’ll just throw it away.”

“That’s true. It takes up a lot of space at home.” Sun Yan sat down beside him and asked curiously, “But what happened today? Why did you suddenly attack

Chapter 86: Not In A Good Mood

She had been back for so long, but she had never seen him lose his temper.

Although she always looked distant and indifferent to others, compared to two years ago, her temper had indeed been restrained by more than a little.

But today, he suddenly became ruthless. It was a little strange.

Li Shunan leaned back. “If you want to fight, you can do it. You need a reason.”

Sun Yan’s brain didn’t allow him to think so much. “That’s true. You really don’t need a reason to fight someone.”

After Sun Yan changed the channel for a while, the novelty wore off and he found it boring.

He put down the remote control, turned around, and stared at Li Shunan for a while. “Your mood doesn’t seem right. Are you in a bad mood? Didn’t you get enough of that fight just now?”

Li Shunan looked up and glanced at him. “Which eye of yours saw that I was in a bad mood?”

Sun Yan gestured with his hand and pointed at his eyes. “Two. I saw them through the windows of my soul.”

' Look here.' Sun Yan made two eights with his hands and framed his eyes. 'There's a kind of sadness like Tony Liang's. Is such a look popular now?' She was decadent and bad, and her temperament was very charming.

Li Shunan tugged at the corner of his lips and reminded him, 'You're cross-eyed.'

Sun Yan was speechless.

Alright then.

Handsome guys were indeed not easy to learn.

Sun Yan thought of something and patted his shoulder. 'Brother Chennan, do you know how much girls like you?'

Li Shunan took a puff of his cigarette and ignored him.

Sun Yan didn't mind and said, 'The gay boy was dumped by his girlfriend because his girlfriend took a fancy to you and threatened to pursue you.' 'Do you know how popular you are in our school now?'

'Girls are like crazy. I'm harassed every day and they ask me for your phone number. I'm thinking about it. Your temperament is especially attractive to young girls.'

Sun Yan smiled sweetly. 'Although the girls in our school don't have good grades, they're still pretty. Why don't I introduce them to you?' Li Shunan turned around and suddenly smiled. He said slowly, 'Get lost.' 'Alright, I'll get lost now.' Sun Yan bowed obediently.

Sun Yan didn't leave. He looked at the time and suggested, 'How about this? We just sold the waste for 400 yuan. It's still early. Let's call them over and have hotpot?'

'Didn't you just eat hotpot a few days ago?' Li Shunan frowned.

Sun Yan felt that their Brother Nan was simply unromantic.””I ate hotpot a few days ago. Can’t I eat it again today? He had picked up a girl a few days ago. Could he not pick up another girl today?!! ”

Li Shunan was speechless.

“It’s settled then. Look at your expression. If you look like you’re not satisfied, this bro will find a few people to accompany you! I’ll go buy groceries first, then call someone over. Wait for me!”After saying that, Sun Sanhuo, who had a head full of yellow hair, rushed out.

The house fell silent.

Li Shunan snorted. He tilted his head and lowered his eyelashes. The things inside were blurred and his emotions could not be seen clearly.

The foreign object feeling in his palm made him inexplicably annoyed. Li Shunan gritted his teeth, picked up the coin, and stared at it for a while.

“childhood sweethearts.” He licked his dry lips and muttered..

Chapter 87: No. 123, Seventh Alley, Hutong

When did you start to notice her?

It seemed that even he himself did not know.

His first impression of the girl...She was like a little white rabbit that was scared by a big bad wolf.

Timidly.

However, she did not look very afraid when she looked at him.

At that time, he thought that the girl was just a little slow.

Most people would take a detour when they saw him. Only she dared to go home with him.

In the end, the more they interacted, the more he felt that she was different from what he had imagined.

He thought it was a little white rabbit, but it turned out to be a little fox.

In the end, she already had a childhood sweetheart.

It was this inexplicable sense of impatience that made him upset.

Li Shunan closed his eyes. When he opened them again, his light brown eyes were calm and his back leaned back slightly against the edge of the sofa.

He raised his hand and threw the coin into a vase in the corner.

“Clang!” A crisp sound was heard, and it quickly returned to silence.

He leaned against the sofa and touched the cigarette box on the carpet. When he was about to take a cigarette, he realized that it was empty.

He stared at his palm and suddenly stopped. He couldn't help but think of yesterday.

Yesterday, he had hugged her waist.

Although he didn't want to admit it, the moment he touched her, he did have a strange feeling.

Her heart stopped beating for half a second.

He even wanted to deepen that feeling for a moment.

Even now, he could still recall that touch. It was soft and so thin that he could completely hug it with his two palms.

Realizing what he was thinking, Li Shunan lowered his head and sighed.

“F \* Ck.”

He threw the empty cigarette case aside and picked up his wallet. He stood up and prepared to go out to buy a pack of cigarettes.

Li Shunan picked up his phone from the sofa. He pressed the button but didn't turn it on. He realized that his phone had been turned off.

He pressed the power button and walked out of the main house in the middle. He didn't close the door and walked straight out of the courtyard.

He turned on his phone and a few messages popped up.

This was the second time she came to this place, and Jiang Ling was much more familiar with the place.

Especially when he saw a convenience store at the entrance of the alley, he felt a sense of familiarity.

Jiang Ling didn't remember exactly how he left, but she remembered his room number.

123, Alley 7, Hutong.

The numbers are easy to remember.

However, there were too many alleys, so it was inevitable that there would be some confusion.

An auntie happened to pass by. Jiang Lingzhi walked over and asked politely, "Auntie, do you know where the Seventh Alley is?"

It was mainly because she was well-behaved and had a sweet mouth. The auntie stopped and pointed at her enthusiastically. "It's over there. Go ahead and turn left at the second alley. The young lady can't find the way. Do you want me to take you there?"

The people here were overly enthusiastic.

Jiang Lingzhi smiled and thanked him. "No need to trouble yourself. Thank you."

The auntie stared at her and smiled kindly. She couldn't help but sigh. "Tsk, the little girl is so pretty."

After saying that, he walked forward and couldn't help but turn around to look at her back a few times.

After all, the girl's clean temperament was a little abrupt in such a place.

After asking a few people.

Jiang Lingzhi finally saw the familiar iron door.

Actually, it was a little dark that day, so he couldn't see the surrounding environment very clearly. Today, when he came here again, he felt that this alley was quite charming.

Jiang Lingzhi was carrying her school bag in her hand, and she planned to see if her deskmate was at home.

She had just reached the entrance of the courtyard when she did not expect someone to suddenly come out from inside.

She didn't have time to stop.

With a bang, Jiang Lingzhi's entire body went up to him.

The boy's height was very tall, and he was a head taller than her. His chest was very strong, and it made Jiang Lingzhi's nose hurt a little..

Chapter 88: Red Nose

She accidentally bumped into someone, and Jiang Lingzhi subconsciously took a step back. Her fingertips gently rubbed the tip of her nose, and she looked up.

When the girl bumped into him, Li Shunan frowned. His fingers holding the phone paused and he instinctively wanted to push it away.

However, when he smelled the familiar fragrance of fruits and flowers, his body stiffened for a moment. His fingers froze in place and he lowered his head in shock.

The girl happened to look up at him. The tip of her nose was red, and her eyes were as clear as crystal.

Li Shunan was obviously stunned. He looked down at her and his eyes darkened. "How did you..."

Jiang Lingzhi's hand that was rubbing her nose stopped, and she raised her head to greet him."Hi."

Li Shunan lowered his head to look at her. He still found it unbelievable. He pressed the tip of his tongue against his teeth. "What are you doing here?"

Jiang Lingzhi immediately had a troubled expression on her face. "I'm looking for you. You didn't answer my calls or reply to my messages." Jiang Lingzhi felt that it was really too difficult for her.

A warm face is met with a cold fart. Why was he addicted to it?

However, the person in front of her had just helped her this morning.

Li Shunan glanced at the phone screen. The phone had just been turned on and all the messages were displayed.

He raised his hand and placed the phone in front of her. "I didn't turn on my phone, so I saw it."

Jiang Lingzhi stared at it for a while before she let out an "Oh" before she zipped up her school bag. "Actually, I wanted to bring you the test papers. Isn't the monthly exam next week? Take this week to revise well."

Li Shunan raised his eyebrows and paused for two seconds. He couldn't help but laugh. "Just for this?"

"Ah." Jiang Lingzhi took the test paper out of her bag and handed it to him. "That's right, I'll take a look while I'm at it... Why weren't you at school this afternoon?"

Actually, she wanted to ask if he had gone to fight with someone.

However, he didn't dare to make it too obvious.

If she wasn't, wouldn't it seem like she was overthinking things?

Li Shunan licked his lips.

After saying that, he bent down slightly and leaned his handsome face closer to her. His eyelashes covered his eyes, making his eyebrows look even more profound. "My nose is red."

Speaking of this, Jiang Lingzhi was still angry. "It's so hard, try to hit it." It hurt her, so it would be strange if she didn't become famous!

Li Shunan was stunned for a moment. He had long and narrow peach blossom eyes, and his light brown pupils looked very gentle and playful. "Is it very hard?"

His voice was lazy and magnetic.

Jiang Lingzhi felt that she was being questioned. She used her finger to poke his chest. "Can't you feel it yourself? Look at this temperature. I'm lucky that my nose is firm!"

Li Shunan lowered his head and glanced at her slender white fingers that were poking his chest. He said in a low voice, "Isn't this what men should do?"

Jiang Lingzhi was speechless.

He felt that this conversation was a little strange.

"Tsk." Li Shunan raised his eyebrows and lowered his voice. "Why are you still fighting? You're not playing tricks. Hooligans?"

Jiang Lingzhi finally reacted, and she quickly retracted her hand. "Where?"

"Don't talk nonsense!"

He realized that his actions were a little inappropriate.

Jiang Lingzhi's ears turned red at a speed visible to the naked eye.

Li Shunan stared at her ear for a while, then his lips curled up. He looked straight into her eyes. "Usually, I'll treat her the same way others treat me. You poked me just now, so I'll return the favor."

"..”Jiang Lingzhi's eyes widened. She took a step back and quickly hugged her chest. "Student Li, this idea of yours is very dangerous.. Rise! Come!"

Chapter 89: Poke Her Nose

She enunciated each word seriously.

Li Shunan's eyes flashed with a faint smile. He straightened his body, raised his hand, and gently brushed his fingertips across the tip of her nose. "Like a rabbit."

His fingertips were cold and tickled her nose.

Jiang Lingzhi shrank back.

"Is it that serious that you have to be arrested just because you touched his nose?"There was a faint teasing tone in his voice, and he returned to his frivolous appearance.

Jiang Lingzhi was speechless.

When he said poke, did he mean poke her nose?!

She thought..

He thought..

So, she had been fooled by him again?

Jiang Lingzhi stared at him for a while. The way she crossed her arms in front of her chest made her look so silly.

She put down her hand and stuffed the stack of papers into his arms. She said in a muffled voice, "Here's your test paper. Do your revision on the weekend.

We're going to be assigning you to the classes soon."

Jiang Lingzhi was originally very worried that he would get into a fight.

However, looking at him, he didn't seem to be injured. He probably hadn't fought before.

"Class allocation?" Li Shunan took the test paper and frowned. Jiang Lingzhi was stunned for a moment."

Only then did she remember that he wasn't at school this afternoon.

Moreover, it seemed to be because of her.

Jiang Lingzhi's tone softened a little." After...after National Day, we will be assigned to different classes. It's quite important. The form teacher said that we will discuss it with our family before making a decision."

Speaking of family, Jiang Lingzhi had been here twice, but she had never seen his family.

Although she didn't go in last time, it was already so late, the courtyard was so dark, and the room didn't seem to be occupied.

Did he live here alone?

Jiang Ling didn't know what was going on, but she suddenly had this thought. Li Shunan lowered his head and stared at her, his eyes deep. "Yes, I know."

Jiang Lingzhi nodded her head. When she lowered her eyes, her gaze swept past the palm that was hanging by his side.

The back of his hand was red, as if he had a slight bruise. It hadn't been there in the morning.

The thoughts in his heart became reality in an instant.

"Did you go to fight?" Jiang Lingzhi held her bag tightly as she asked softly.

Sensing where she was looking at, Li Shunan raised his hand to take a look. He shook her hand and said accidentally rubbed it. It has nothing to do with you."

Jiang Lingzhi stared at him for a while, and her feelings were a little complicated.

How could it have nothing to do with her?

From the way he left, it was obvious that he was going to fight.

"Oh,"

However, if he didn't admit it, she wouldn't be in a hurry to think too much about it.

Jiang Lingzhi was very depressed. This was the first time someone other than Ah Ci stood up for her.

Actually, she was not very good at accepting other people's good intentions. She would be at a loss.

Jiang Lingzhi lowered her head. After pausing for a moment, she said softly, "Then, I'll give you the test paper. I'll leave first." Counting it, it was almost time for the school to end.

If she couldn't find her later, that pig would probably be angry.

After saying that, seeing that he had no intention of saying goodbye to her, she couldn't say goodbye anymore. She turned around and planned to leave.

Jiang Lingzhi stopped in her tracks and turned around. She looked at him in confusion. "Hmm?"

Li Shunan stood there lazily and waved the test paper in his hand. "I'll put the test papers in the lab and send you out."

Chapter 90: Looking At You For A Little Longer

Jiang Lingzhi blinked. "There's no need. I already know the way myself."

"Wait here." Li Shunan stared at her and said those two words in an unquestionable tone before turning around and entering the courtyard.

Jiang Lingzhi watched as he entered the courtyard. It was not good for her to leave first, so she could only wait for him at the door.

The boy quickly came out of the courtyard, his figure as relaxed and casual as ever.

The two of them walked out side by side.

"Were you going out just now?" Jiang Lingzhi suddenly remembered that when she bumped into him, he seemed to be going out.

Li Shunan put a hand in his pocket and said lazily, "Yes, I'm going out to buy something."

Jiang Lingzhi carried her school bag and slowly walked forward. "Actually, you don't have to send me off. Last time, I didn't know the way, but now I know."

"I'll look at you for a while longer."

The man said in a very light tone, almost mumbling to himself.

Jiang Lingzhi did not hear him clearly for a moment. She turned her face sideways and stared at him in confusion. "Hmm? What did you just say?"

Li Shunan licked his dry lips and moved his long legs casually. He sighed faintly. "It's nothing."

"Oh." Jiang Lingzhi did not think too much about it, and she walked forward silently.

Walking out of the alley, his line of sight suddenly widened.

There was a convenience store not far ahead, and there was a pharmacy nearby.

Jiang Lingzhi stopped in her tracks and turned her face sideways to look at him. "By the way, don't you need to treat your hand?"

Li Shunan's eyes were tired and he didn't even bat an eyelid. "It's just a small injury. There's no need to treat it."

Jiang Lingzhi was too conflicted. In the past, she did not think of herself as a busybody.

He endured it and reminded her softly, "It's all broken. It'll get infected."

The main reason was that he was teaching that person a lesson for her. She felt too guilty that she was injured because she was a scumbag.

Li Shunan looked down at her and couldn't help but smile. He said lazily, "It's not easy for me to deal with it myself."

After saying this, he saw the girl's eyebrows gradually become tangled.

After a pause, he spoke again, "How about you help me?"

Jiang Lingzhi was speechless.

Jiang Lingzhi was a little embarrassed. Her dark eyes stared at him, and she curled the corners of her lips as she laughed dryly. "To be honest, I don't know how to."

In the past, Su Xici, that pig, would also fight with others. She would always let him fend for himself.

Jiang Lingzhi felt that it was too heartless to say that, and it made her seem as if she was unwilling to help him.

After all, she had said before that she should treat her deskmate as warmly as spring.

After thinking about it, Jiang Lingzhi still suggested softly, "If you don't mind, I can try Baidu."

Jiang Lingzhi felt that a normal person would not agree.

Who would be willing to be experimented on like a lab rat?

She was just being polite.

Who would have thought... Li Shunan chuckled.”

Jiang Lingzhi was speechless.

Why didn't the school bully play by the rules?

He had already helped her so many times before. Jiang Ling knew how to reject him again.

Moreover, the words had already been said.

. Then, wait for me for a while.” She sighed and resigned herself to her fate as she entered the pharmacy.

After buying hydrogen dioxide and other drugs at the pharmacy, the two of them sat down at the table at the entrance of the pharmacy.

Jiang Lingzhi placed her school bag on the chair beside her, and her dark eyes stared at him.””Student Li, can I borrow your phone?”
