

Chapter 17

"¿QUÉ?" He barked at him making him tremble in fear seeing his boss angry.

(Translation: WHAT?)

"Señor, ambos recuperaron la consciencia y crearon mucho alboroto."
" the man informed him almost peeing in his pants due to immense fear.

(Translation: Sir, they both gained their concious back and creating a lot of fuss.)

"Piérdete que ya vamos." Emiliano ordered and the man literally ran away from there.

(Translation: Get lost we are coming.)

Alejandro again turned his attention towards Vanessa who was silently looking at them. She so badly wanted eater to quench her thirst but scared to ask them. She didn't know where she is and who they men were. Her family never ever left her alone with anyone so she don't know how to do much interaction and them replying rudely was not helping either.

"Do you want to meet your brother?" Alejandro asked sweetly smiling at her more like sickly.

A ray of hope shone inside Vanessa's heart and she nodded her head immediately at them thinking they are good people and will take her to Liam. Emiliano rolled his eyes knowing she expected too soon and so much from them.

"C-c-can I have w-water first, p-please?" She asked Alejandro making him again sweetly smile at her but she didn't recognise it.

He took the jug from the side table of the bed and poured water for her in a glass. He handed her glass but from inside he wanted to splash it on her but he decided to show some sweetness to her and raise her expectations from them and then they will enjoy crushing her hopes badly. Vanessa took the glass from his big hands.

"T-t-thank you." She thanked him smiling softly making him give her a tight smile. She chugged the water down in a go making her choke a little. She nervously smiled at them and wiped her lips from the back of her palm. Placing the glass on the table back she stood up from the bed.

"L-l-let's go." She said and hold Alejandro's big hand making him cough loudly at her action making her frown.

"A-a-are you fine?" She asked him worriedly caressing his burly back with her small palm making Emiliano to again roll his eyes.

He yanked her hand away from Alejandro's back making her wince a little. "He is absolutely fine. You start walking ahead." He ordered her making her to scoot closer to Alejandro in fear.

She hold his hand again and started walking with him making Emiliano to ball his fists at her actions but nonetheless he started following them while all the time Joaquin was observing her actions that if she is really this naive or just acting to play safe. Alejandro was a weird type of feeling coming through her hand to his whole body but she was oblivious of it.

Alejandro took her to the main hall and all the way she was smiling thinking that she will meet her brother but as soon as her sea blue eyes saw the scene in front of her the smile vanished away from her face and she left Alejandro's hand making him miss her touch immediately but when he realised what he was thinking he balled his fist digging his fingertips in his palm. Vanessa ran towards Liam who was tied on the chair.

When Liam saw her coming with three men, which he didn't waste any time in recognising them. They were Cristina's brother and she also started feeling scared of her brothers because she knew that one day it will come but didn't know this soon. Vanessa reached to Liam and started scanning the ropes.

"Vanessa what are you doing here?" He asked her turning more worried now. First for Cristina and now Vanessa was also in danger.

"B-b-bhai who t-tied you here?" She asked Liam worriedly ignoring his question.

"We tied him here." Came a voice from behind and she turned around watching Alejandro who said those words and now a sick smirk playing on his lips. A look of betrayal immediately crossed her eyes.

"W-w-why? Untie my b-bhai." She said tugging at the ropes making Emiliano angry.

The way she asked them to untie Liam was ordering tone and no one orders the Fernandez brothers but the other way around. He immediately charged towards Vanessa making her turn around with a jerk and held her jaw between his fingers making her lips to pout more.

"LEAVE HER YOU BASTARD! FIGHT WITH ME! I MARRIED YOUR SISTER, STAY AWAY FROM MY SISTER!" Liam shouted loudly making Emiliano to smirk at Vanessa who was whimpering due to his right hold on her jaw.

"Should have thought before marrying our sister." He mocked Liam but his eyes didn't move away from that sea blue eyes girl.

The innocence at her face and fear in her eyes was doing something's to him and he didn't know what. He felt a very weird type of feeling like something is churning inside him. The fear in her eyes was creating a havoc inside him and he was in a turmoil of his own thoughts. He never felt this much distracted before.

"Por favor hermano déjala ir, no tuvo nada que ver con nosotros. Por favor." Cristina pleaded them making Alejandro to came towards us and he held her hair in his fist jerking backwards making her hiss.

(Translation: Please brother let her go she had nothing to do with us. Please.)

"No tienes derecho a decir nada cuando no hiciste el trabajo que te asignaron." Alejandro hissed at her making Liam to turn his head towards them.

(Translation: You don't have the right to say anything when you didn't do the job assigned to you.)

"Leave them I said, if you want you can harm me as much you want. Even kill me if that satisfies you but let them both go, you bastards!" Liam shouted at them making Joaquin to strode towards him and punched him hard in the jaw.

"How dare you?!" He said like a seething beast looking furious.

Liam's head turned to the other way and he coughed out blood spitting on the floor making Vanessa to shriek loudly and she tried to come towards Liam but Emiliano's iron grip restrained her. Tears started spilling out of her eyes looking towards her brother. She joined her hands in front of Emiliano silently pleading him to leave her but he didn't.

"Por favor hermano déjala ir. Si quieres puedo volver aquí y hacer lo que me pidas, pero por favor déjalos ir a ambos." Cristina said crying and pleading but it all fell to deaf ears.

(Translation: Please brother let her go. If you want I can come back here and do what will you ask me to but please let them both go.)

"What are you saying?! You are my wife now and no matter what happens I'm leaving you here." Liam said hissing at Cristina due to pain.

"¿Qué haremos manteniéndote aquí ahora?" Alejandro said to her making her eyes lowered.

(Translation: What will we do by keeping you here now?)

Vanessa was silently whimpering in Emiliano's hold who was not ready to leave her any soon. Her jaw was hurting badly but her pleading was being ignored by him.

Joaquin again punched Liam making Vanessa to thrash in Emiliano's hold but her fragile form was nothing against him. Her strength and efforts were futile. She did everything in her power to break free from Emiliano's hold but he left her jaw and held her arm giving her more

access to thrash around but still wasn't able to get free from his hold making him smirk.

"P-p-please let my brother g-go. Don't hurt h-him p-please." Vanessa pleaded crying and fell on the floor but Emiliano's arm was still locked with her. It was looking like they were in some wrestling ring and he was making her fight with him but neither winning nor losing from her just keep standing there like a statue.

"P-p-please let them g-go p-please. I'm sorry f-from their side p-please let them go." Vanessa pleaded crying on the floor and apologizing, not knowing the reason herself.

"Por favor hermano lo amo. Quiero ese cariño sólo de él, por favor déjanos ir." Cristina pleaded to Alejandro making Joaquin to punch Liam again and that made Vanessa to struggle again in Emiliano's hold.

(Translation: Please brother I love him. I want that affection from him only, please let us go.)

"¿Te das cuenta de que él es el hijo del asesino de tu Padre?!" Alejandro shouted at her making her flinch at his sudden loud voice.

(Translation: Do you realise that he is the son of the killer of your Father?!)

"Entonces, ¿cuál fue su culpa en todo esto? ¡¡No es que tú y yo amáramos a nuestro padre!!" Cristina shouted back earning a slap from him.

(Translation: So what was his fault in all this?! It's not like you and I loved our father!!)

Liam started struggling against the ropes but his tries went futile because of the tight hold. He sat there breathing heavily and above that he was feeling helpless, so helpless that he wanted to die for not able to do nothing. Two precious woman of his life were suffering and he wasn't able to do anything. He balled his fists angry at himself.

"Now it's time, tit for tat. You both will have to pay with that bastard father of yours." Alejandro said smirking and pointing at Liam making Liam's head to snap at him.

"We see this bird is too precious for you and that father of yours?" Emiliano asked smirking and lifted Vanessa on her feet who was exhausted and already weak from the effect of chloroform.

"You bastard don't even think of hurting her. I will kill you." Liam shouted at him making him tsk at him.

"You will kill me? Who don't even have good relations with his father just because he kills?" Emiliano asked tilting his head at Liam pressing his paining nerve.
