

## Love Her to No End Chapter 20

### Chapter 20 Cooperation Between Father And Daughter

Meanwhile, at Jacob Real Estate, David Xuereb, Jacob's assistant, said, "Mr. Lingard, Mr. Turner from Gerton Corporation called to tell us that our deal with them had been called off by their directors. Also, Mr. Little from Yewshire Corporation called regarding the land. They'll take the form of an open tender, and they will not meet with anyone in private before the tender starts."

"Hah!" Jacob curled his lips in a sneer. After so many years in the industry, everyone is still the same! They're all only interested in money and power! The news about the cancelation of the wedding had just been released, and these people have already abandoned the Lingard family. I should've seen this coming.

Feeling exhausted, he rubbed his temple and noticed David had no intention of leaving. "Anything else?"

"Mr. Lingard, the office has already received countless phone calls from the reporters. They were all asking about the cancelation of the wedding between Ms. Michaela and Mr. Zack. Would you like the Public Relations Department to come out with a statement?"

"Do as you see fit."

"Understood."

Seeing Jacob waving at him in dismissal, David left without saying anything further.

Just as the door was shut, Jacob stood up abruptly, and the fury in his eyes broke out instantly. Enraged, he raised his hand and swept all the items on the desk to the ground.

Still, he wasn't done throwing his tantrum. He then tore off his tie in frustration and kicked the items laying on the ground.

Despite his best effort to conceal it, the dark eye circles and lethargy in his expression proved that even a good vent the night before couldn't grant him a good night's sleep.

He was utterly dissatisfied.

When he was attending university, he had sworn to make something out of himself. Now that I've finally done that, I must do everything in my power to hold on to what I've achieved!

Initially, he thought the wedding with the Xander family would be a perfect opportunity to achieve more success. He didn't expect that he would end up losing out instead.

Just then, someone suddenly opened the door to his office. Despite the messy scene, the incomer pretended like everything was fine. She smiled and asked, "You look terrible, Dad. Did you get a good night's sleep?"

"Lucille!" Upon hearing the familiar voice, Jacob's eyes turned cold, and he strode toward her while raising his right palm. I sent people to look for her the whole night last night, and she was nowhere to be found! How dare she show up now? If it wasn't for her, none of this would've happened!

At that moment, his gaze was cold and violent, as if he was about to tear Lucille apart. In fact, the aura he was emitting felt rather terrifying and dangerous.

Despite the tense moment, Lucille remained unmoved and unperturbed. Instead of shying away, she raised her head as if she was inviting him to slap her across her face. "Once you've slapped me, your dream of having a relationship with the Xander family would be gone, Dad!"

"What the hell are you on about?" Jacob halted, and his expression softened. However, there was still a hint of reticent in his eyes.

He was staring at Lucille intently. If she fails to give me a satisfying answer now, I'll tear her apart!

Everything was happening as Lucille had planned. She looked at him with a hint of amusement and uttered, "Dad, I know you want to marry your daughter into the Xander family, but why must it be Michaela?"

Jacob wasn't particularly pleased with Lucille acting so mysteriously. As his patience was running thin, he questioned coldly, "What are you talking about?"

"Well, I've actually been together with Zack for a while now. In fact, I might already have his baby in me. Since both our families have seen us together, the Xander family would have to be responsible for me in the future. Besides, I want the same thing as you, Dad. If I can use Zack to establish a relationship with the Xander family, your company will have a bright future. When that happens, it'll be up to you whether you want to expand the company or even retire early, Dad. The most important thing is that I'm the daughter who shares a blood relationship with the Lingard family! So I'm the only one who cares about the Lingard family! Don't you think I'm right, Dad?"
