Love Has Its Will

Chapter 19

“What do you want me to do?” Savanna interrupted him coldly.

“Call my mother and tell her that we are faking a divorce and moving back to the Rose Villas. I’ll find a lawyer to get your father out of jail and be sent to the hospital. Besides, I’ll take care of the Thompson Group.”

As if he was afraid that she would not agree, Brandon immediately added: “I don’t have so much time to deal with my mother. After all, the Cassel Group has a lot of things to deal with.”

Savanna remained silent. She weighed the pros and cons in her heart.

As the elite of the investment bank, Brandon knew how to use other people’s soft spots. Savanna had to be admitted that the conditions offered by Brandon were very tempting. As long as she agreed, not only the Thompson Group could get out of trouble, but also her father could get good medical conditions.

“I really want to know the reason why you did that,” Savanna asked.

Unlike other women, Savanna was different. Other women would have agreed happily.

“I just said that I don’t want to deal with my mother. She is very difficult to deal with. You have seen her attitude towards our divorce just now.”

Brandon explained impatiently.

“You can tell her that what Winnie said is true. The baby in my belly is not yours. As long as Mrs. Cassel knows the truth, she won’t make things difficult for you.”

After all, no one would like a child who was not her grandson.

Savanna’s words made Brandon unable to restrain his anger.

He growled, “Savanna, my mother is a kind person. Do you have the heart to hurt her?”

“I don’t want to hurt her, but she will find out someday.”

Savanna’s words meant that she indirectly admitted that the baby in her belly was not his.

Nas

If she said ‘the baby is not yours’ that day, he would think it was a joke.

Now, what she said was like a sharp knife cutting through Brandon’s heart.

The last hope in his heart was gone.

Brandon clenched his fists.

He gritted his teeth and said, “Do you want my mother to have a relapse of her old disease and lie in

“Mrs. Cassel is a good person, and good things will happen to her. I will call her and tell her that we have a fake divorce. As for other things, you should go and persuade her yourself. As for moving back to the Rose Villas, I don’t think it’s necessary. As for finding a lawyer to bail my father out, it’s up to you.”

Savanna’s words hurt the self-esteem of Brandon, whose eyes were red with anger. He gritted his teeth and said, “Do you think I want you to move back? If it weren’t for my

mother, you should stay out of me as far as you can.”

“I know, “A cold smile appeared on Savanna’s face, “I know it hurts your self-esteem. But you don’t love us, so you don’t have to be so angry.”

In her opinion, it was because she said her child was not his, so Brandon could not bear the fact that he was abandoned. His pride and self-esteem made him lower his stature and use his mother’s illness as an excuse. Brandon’s purpose was just to remove her pride and force her to live worse than death.

After all, he once said that he would help Winnie get back what she had lost and suffered.

It was better not to fall into his trap than to be forced into a more miserable situation by his means of revenge.

“Do you really love me then? As long as you love me a little, you won’t allow Cain to be between us, and even let him...”

Brandon gnashed his teeth and didn’t want to continue.

At the thought of what Cain had done with Savanna, he wished he could strangle Savanna to death.

The smile at the corners of her mouth was cold and lonely. She slowly looked up and looked straight at Brandon, “It’s true.”

She said, “That I don’t like you at all.”

Savanna took a deep breath and said indifferently. “We both love each other. What’s the point of keeping in touch with each other?”

“You finally admitted it.” The sneer of Brandon was quite harsh.

Then he stepped back, taking two steps. But he suddenly turned around, and said with a cold and cruel voice, “I can’t let others accuse me of being ruthless to you. I will deal with the matter of the Thompson Group to the end. As for the baby...”

After a moment of silence, Brandon said, “After the baby is born, I will take him to do the DNA test again. If it is mine, you can’t take it away; if it is not mine, get out as far as you can.”

At the thought of what Cain had done with Savanna, he wished he could strangle Savanna to death.

The smile at the corners of her mouth was cold and lonely. She slowly looked up and looked straight at Brandon, "It's true."

She said, "That I don't like you at all."

He had been waiting for her to beg him.

It was the first time for him to meet such a stubborn woman like Savanna.

In the two years of marriage, women's obedience was all fake.

Perhaps, she had been pretending to be obedient all the time. Her purpose was to get rid of the loveless marriage with him, so that she could get into the arms of her first love as soon as possible.

"I'll ask Leo to pick you up and take you to the Rose Villas after work."

"I won't go there!"
