Chapter 8

Savanna took out a card from her bag and said, "there is one million in it. It's the wedding gift from

my mother-in-law on my wedding day."

But it was just a drop in the bucket.

Savanna hesitated for a long time, took off the diamond ring from her finger and handed it to Justin: "Take it as a pawn."

Looking at the ring in his hand, Justin felt very uncomfortable

"Ms. Thompson, this is your wedding ring. If Mr. Cassel knows it, he will definitely..."

With a cold smile at the corners of her mouth, the tears in her eyes were about to fall, but she was forced back

"Go."

Leo parked his car at the door of the jewelry store. When he walked into the jewelry store, he walked past the white man who came out of the jewelry store.

In the glass cabinet, there were a variety of hand ornaments, which dazzled Leo. His eyes finally fell on the diamond ring in the manager's hand. He was shocked. It was like Mr. Cassel's wedding ring?

Leo took a closer look and found that it was a limited edition Sapphire Diamond ring. He asked the

manager: "How much is this?"

The manager was about to take the ring from the box, but when he saw someone asking for the price, he was happy and said: "Sir, you have a good taste. 15 million dollars. If you really want it, you can give it less. I'll tell you in secret that someone just took it."

It seemed that someone had knocked his heart hard.

He asked: "Who did it? Is it Savanna Thompson?"

The manager pointed at the door and said: "The one in white suit."

Leo raised his eyes and looked at the door. He saw a man in white suit bending into the car. That man seemed to be Justin, the assistant of Mr. Thompson.

When Leo called Brandon, he found that he was reading documents on his shift chair.

"Mr. Cassel, Mrs. Cassel took the wedding ring as her wedding ring."

The hand holding the pen paused a little, and the ink dripped on the document and blurred the

"How much have you taken?"

"12 million dollars."

Hearing that, Brandon was stunned for a while. He pulled his tie irritably and tore the page of making flowers. In her heart, he was only worth 12 million dollars.

That heartless gold digger.

Brandon shook his head. He didn't want to be bothered by her any more. He wanted to divorce her as soon as possible. He was not a sloppy person.

He hung up the phone.

Hearing the busy tone on the phone, Leo was at a loss. The manager asked him if he wanted to buy it, but he didn't dare to make the decision without permission. At last, he had to shake his head.

Then she took the necklace that Brandon ordered for Giselle Cassel and left the gem shop for the old house of Cassel family.

Savanna sold all her jewelry and even all the houses under the Thompson family's name. The money she could gather was only enough to pay off half of the debt that the Thompson group owed.

Justin asked the president of the bank to have dinner in her name.

She had asked him out several times, but he refused.

She had no choice but to run to the bank to see them. After waiting for a few hours, she saw Leo coming out. Leo was surprised to see her and said, "Mrs. Cassel, why are you here?"

"Is president here?"

"Yes, I just met him."

Nodding to Leo, she turned around and walked into the elevator.

Leo looked back at the closed elevator. As soon as he walked out of the bank, he saw Justin leaning against the car and playing with his mobile phone.

"Justin,"

Justin raised his head and saw that it was the assistant of Brandon. He cast a cold glance at him and continued to play with his mobile phone,

"Justin, is there anything wrong with the Thompson group?"

With doubts all over his face, Leo thought, Savanna has taken the wedding ring as her wedding ring, and now she comes to the bank to look for the president. Needless to say, something has happened

Justin snorted and muttered: "Don't pretend that you don't know. You've never seen such a heartless man as Brandon."

"What happened to the Thompson group?"

Leo didn't want to listen to Justin's nonsense, so he went straight to the point.

Justin put his phone back to his pocket and said: "The Thompson group's capital chain is broken, and it's at the end of the year. There are so many people who force you to pay the debt, and the bank is also broken. Mr. Thompson is so angry that his brain hemorrhage is hospitalized. Ms. Thompson sold everything she should sell, but it's just a drop in the bucket. I don't know if Mr. Cassel is a good husband. He even hasn't called to ask about it for so long."

The more Justin said, the angrier he became. He vented all his dissatisfaction with Brandon on Leo.

"Mr. Cassel... He is busy."

Leo's voice trembled uncontrollably.

“Excuses.” Justin didn’t want to talk to him anymore, so he got into the car. Justin was waiting in the car, and Leo was waiting outside. When Savanna came out of the bank, Leo walked up and asked impatiently, “How is it going? Has president agreed to continue to lend the loan to the Thompson group?”

Glancing at him with empty and confused eyes, Savanna shook her head gently. Seeing that, Leo could no longer restrain himself. When he was about to go to the bank, his arm was grabbed by her: “As for the current situation of the Thompson group, no bank is willing to lend money. It’s understandable, Leo.”

Feeling sorry for her, Leo looked at her for a while and said, “I’ll call Mr. Cassel. That president is just a son of bitch who sees too much money.”

Savanna stopped him and said, “I haven’t announced our divorce to the public. president also knows that I’m his wife and he doesn’t agree to lend money. It’s useless for you to call him.”

Leo knew that what Savanna said was just an excuse. She was so proud that she didn’t want to beg for his mercy. In fact, Mr Cassel also knew something about the Thompson group, but he kept silent and took a walk and see altitude, For several times, Leo wanted to tell Mr. Cassel about the situation of the Thompson group, but he swallowed his words, Whistle felt most sorry for was that she was a weak woman and was pregnant with Mr. Cassel’s

Glancing at the flat belly of Savanna , Leo felt a dull pain in his heart. “Don’t tell him that I’m pregnant.”

When she opened the door and got in the car, she turned around and said to Leo. Before Leo could say anything more, the car left. When she returned to the hospital to take a shower for her father, she received a call from Brandon: “Where are you?”

“At home.”

Of course, Brandon didn’t think that the home mentioned by Savanna referred to their The Rose Villas.

“Today is Grandpa’s eighty birthday. I’m calling to remind you not to forget that Leo will bring you the dress later.”

“Okay.”

Said Savanna calmly.

“Don’t you have anything to tell me?”

Brandon wanted to give her a chance to talk about the Thompson group.

“No.”

His indifferent attitude made him very uncomfortable. He pulled his tie: “Okay.”

He hung up the phone.

Why did she feel that the last word of “Okay” was gnashing her teeth? The Thompson group had an accident and her father had a stroke. He should be happy that she didn’t ask him for help.

After all, wasn't this what he wanted?

To be exact, he was the one who pushed her backwards?

At six o'clock in the afternoon, Leo sent the dress to her on time. The white strapless dress made her skin as white as snow. She was pregnant for a month and a half, but she didn't look pregnant. Her figure was in good proportion, and no one could see any clues.

Looking at the incomparably beautiful woman, Leo felt that his eyes were lit up and he was a little
