“Just now, | was thinking about calling you.”

“At noon, I forgot to tell you, the admission tickets I gave you only allowed for exterior viewing, I needed to escort you in...” Chelsea waved at Evelyn and said with a smile, “Evelyn, we came in with Ms. Wilson.”

“It's all my fault for not considering thoroughly,” Evelyn said with deep regret, her gaze unconsciously flickering towards Robin. Such performance attracted a lot of speculation on the spot.

Evelyn attended the Farmere Film Festival, aiming for the crown of the Best Actress.

She was the focus of the party.

Chapter 301 When Will You Marry Robin?

Evelyn's loss of composure quickly drew the attention of the entire room.

However, Evelyn did not shy away from this at all.

In her heart, Robin was the man she could never let go of.

The first time I met this man, I almost ruined my entire future.

Later on, Robin let her go.

Let her know that even if a person has a great reputation, they cannot be arrogant and domineering. If one became famous but didn't know how to restrain oneself, one would eventually fall from grace. Since then, she had started learning to enhance her own cultivation.

Not only had more insights in the performing arts.

Moreover, he advanced further in cultivation and learned humility.

This also led to a rapid advancement in her performing arts career over the following period of time. When she saw Robin at Farmere this time, she was overwhelmed with mixed feelings.

Evelyn's feelings for Robin were quite complex.

In that emotion, there was gratitude, reverence, and a kind of anticipation.

She had once inquired about Robin, even though she was unable to discover Robin's true identity. However, she knew that her desire to enter the heart of such a man was

hopelessly out of reach.

Could only watch him from a distance, filled with awe.

Had been mingling in the entertainment industry for so many years.

Had seen too much fickleness and unfaithfulness, had seen too much filth and shamelessness.

| had become more accustomed to deception and opportunism.

It was hard to find a clean space.

Exactly so.

The arrogance and indifference in Robin deeply attracted her.

Although she felt ashamed in front of this man.

However, whenever she thought of his unique world, Evelyn was filled with an intense longing.

She really wanted to walk over to this man.

The insurmountable mountain lying before her was causing her great pain.

Robin knew Evelyn's thoughts.

However, in his eyes, Evelyn was nothing more than a dispensable passerby in his life.

If Evelyn hadn't shown up, he could hardly remember ever knowing such a person.

In his past experiences, he had seen many beauties like Evelyn.

Evelyn suddenly walked towards Robin with surprise.

Chapter 301 When Will You Marry Robin?

A group of movie fans and some newcomers in the film industry who admired her surrounded her, not knowing what had happened.

They all followed Evelyn's gaze towards Robin.

These people noticed that Robin was not at all moved by Evelyn's excitement.

That handsome face surprisingly wore an expression of utter calmness!

This was Evelyn, the top trending star of Southeast Estya!

The queen-level figures at this film festival.

There has not been a single man in the entertainment industry who could make Evelyn lose her composure like this.

Amanda and Elmer, who had just walked a short distance, noticed it was a scandal aimed in surprise, 'Did Evelyn really know Chelsea and Robin?' The content is on [Read the latest chapter there!](#)

Amanda never would have thought.

Seven years ago, the utterly ordinary Robin had become increasingly incomprehensible to her. At that time, Evelyn was carrying a long evening gown and wearing high heels with crystal soles. Ignoring the slippery ground beneath, he sprinted all the way to Robin.

Those eyes, brimming with autumnal waters, were almost overflowing with tears.

The

way

it looked at that moment was like a fan panicking upon seeing their superstar idol.

Marissa watched Evelyn's expression, the corner of her mouth secretly lifting in a smug curve.

She quietly tugged at Chelsea, whispering, "Chelsea, dig yeuses?

Chelsea nodded. Evelyn hadn't had a chance to speak yet.

Marissa stepped forward and said, "Ms. Martinez, Chelsea and I came here tonight because we wanted to talk to you about something."

It was only then that Evelyn recognized Marissa next to Rapin, and quickly ppotogized, Hello, Maridsa, Chelsea, I didn't recognize you in those outfits." The content is on [Read the latest chapter there!](#)

Marissa shook her head with a smile, "It's okay, Ms. Martinez. I have something to discuss with you." Evelyn was very nervous, "Marissa, what do you want to discuss?"

With a sudden burst of courage, Marissa blurted out, "What Chelsea and I mean to ask is, when are you going to marry our Robin?"

Evelyn instantly froze.

Stood rooted to the spot, staring fiercely at Robin, trembling all over with excitement.

Chapter 302

Chapter 302 You Want to See Me?

Robin glanced at Chelsea and Marissa, shaking his head, then turned to give Evelyn a faint smile. "They both were used to playing pranks with me, just for fun, Ms. Martinez, please don't mind." "Uh..." Evelyn blushed deeply, momentarily at a loss for what to do in her embarrassment. Marissa quickly corrected. "We're not messing around."

Robin looked at Marissa's determined expression and laughed, "Marissa, you can't just say whatever you want on occasions like this."

"Ms. Martinez was the queen of the film festival tonight, no one could make careless jokes."

"If you speak so carelessly and the paparazzi take advantage of it, it could greatly affect Ms. Martinez's acting career." Marissa was instantly panicked, subconsciously covering her mouth, "Is that so?"

Chelsea also nervously looked around.

She had heard that some female artists signed by big companies were not allowed to have boyfriends during their contract period.

If this kind of news had spread during the film festival, Evelyn would have really been in trouble.

She hastily echoed, "Yes, yes, Evelyn, we were just joking."

Chapter 302 You Want to See Me?

Marissa hung her head like a child who had made a mistake, no longer speaking.

Evelyn saw this scene.

The flame that had originally ignited in my heart was instantly doused. completely by a bucket of cold water. However, she, accustomed to public relations emergencies, still demonstrated good communication skills. Despite feeling quite desolate inside, a calm and composed expression still remained on his face.

She nodded at Chelsea and Marissa with a smile, "It's okay, I like your open and unguarded way of communication." "Marissa, Chelsea, you looked very beautiful today."

Marissa and Chelsea finally breathed a sigh of relief, "It was Robin who helped us."

"This outfit was purchased at a Chanel store in the commercial district. of Farmere Film Studios, and the hairstyle was also done there."

Ahint of barely noticeable envy flashed in Evelyn's eyes.

She wished she could be like Chelsea and Marissa, cared for and protected by Robin.

The simplicity of Marissa and Chelsea made Evelyn feel very relaxed when she was with them. When she was before long, the previous awkwardness had eased considerably.

Meanwhile, Robyn had followed Amanda and Elmer to meet the young master of Victor Pictures, Levis. Chapter 303

Elmer, with extreme respect and almost ingratiatingly, said: "Hello, Mr. Victor."

"You're that..." Levis pretended to recognize him, searching for information about Elmer in his mind.

But, no matter how hard I tried, I couldn't remember who Elmer was.

Elmer, well-versed in the social skills of this circle, quickly said, "Mr. Victor, my father is Oscar, the director of the Farmere branch of Carmen Pictures."

"Oh. Oscar. Elmer..." Levis confirmed that Elmer was not some kind of celebrity or noble, his expression cooling in his eyes. "Did you need something from me?"

In the midst of speaking, his gaze flicked towards Amanda and Robyn, who were next to Elmer.

Such a woman of beauty was just average to him.

Compared to these models and beauty pageant winners surrounding him, it was a big difference in class.

Elmer nervously pointed at Robyn, "Mr. Victor, a friend of mine was very eager to meet you, so I brought her over for you to see." Levis flicked his eyelids, lazily looking at Robyn, "You wanted to see me?"

At that time, Robyn was filled with regret.

She had already noticed that Elmer and Levis were not familiar with each other.

In front of this wealthy young master, Elmer couldn't even be

Chapter 302 You Want to See Me?

considered as a shoe-shiner's assistant.

All the previous words of Elmer were just bragged out.

Despite feeling regret, when facing this top-tier young master.

Robyn still didn't dare to show the slightest disrespect, and quickly said respectfully, "Hello, Mr. Victor."

"My name was Robyn, I was a flight attendant for Hashville Airlines."

"This time was also at the invitation of the film festival organizers, to participate in this event, right..."

Robyn, in an attempt to elevate her social circle, stammered, "I...I am friends with Ms. Martinez."

Levis was not originally interested in Robyn.

When he heard that she was friends with Evelyn, he took a second look at her.

"Evelyn's friend?" A strange glint flashed in Levis's eyes.

Glanced at Robyn in front of me.

Although Robyn did not have the seductive beauty of the women around him.

However, the nervous shyness and slightly eager naivety that Robyn exuded still piqued his interest. Levis understood the intention behind Elmer bringing Robyn over.

He gave Robyn a gentle smile.

Symbolically, he briefly introduced Robyn to a few major directors and producers around him. Chapter 302 You Want to See Me?

This left Robyn, who was new to the world of fame and fortune, flabbergasted.

These investors and big directors around Levis.

But they were all big shots in the film industry of Southeast Estya, even the whole Estya.

As long as | could establish a connection with any one of them.

She could be hyped up overnight.

Having said that, the smile on Levis’s face instantly turned cold, waiting for Robyn’s response. Robyn detected the undertone in Levis’s words.

Clearly, this was to make her exchange her body for the fame and fortune she desired.

Chapter 303

Chapter 303 In a Dilemma

Upon hearing Levis’s words, Robyn immediately became nervous.

She hadn't realized that Elmer and Amanda's recommendation of her to Levis meant this. Robyn, who once had many dreams about her future life.

It wasn't that | hadn't considered elevating my life in this way.

However, Elmer had recommended her to Levis.

It couldn't really make her the woman who could legitimately be by Levis's side.

Just a fleeting visitor who spent a night of debauchery with this playboy.

As for whether the so-called fame, fortune, or status were destined for her, it was still an unknown. Moreover, this Levis spent his days gaming amidst a crowd of beautiful women.

If she followed this playboy, she would be kicked away once he got bored.

The outcome was not what Robyn had hoped for.

She was torn about wanting to turn around and leave.

Amanda immediately stepped forward and said, "Ms. Strickland, Mr. Victor is not someone that just anyone can come into contact with."

14.35

Chapter 303in ja Dilemma

"Did you know how many beautiful ladies wanted to have a deeper conversation with him every day?" "If you missed tonight, it would be absolutely impossible to have such an opportunity again."

Elmer also urged, "Ms. Strickland, Mr. Victor rarely speaks to girls in this way, which indicates that you have the potential to become popular. Just go and try out for the play tonight."

Several big directors and investors around Levis also nodded in agreement to please him.

One of the renowned directors from Londraland said earnestly, "Ms. Strickland, a flight attendant from Hashville Airlines, right? Considering we are compatriots. | will say a bit more."

In the logic of the poor, it was believed that as long as there was affection, it could prompt others to offer help. "Helped you get rich, helped you succeed,

helped you make a name.” It's laughable even to think about it, where in the world would there be so many good things for you.

“You didn’t give anything, yet you expected others to fulfill your desires for free. That’s a fairy tale! That's the shameless logic of the poor!”

“In this material world, where is the reward without effort?” “So, if you wanted to get more, you had to give more in exchange.”

“Did you really think that with your little capital, you could get rich overnight, become famous in one night? Did you think it was possible?”

Chapter 303 in a Dilemma

“Robyn, remember this, a person’s success is not due to her own abilities, but because of the achievements of others!” “Without a platform, without a network, even if your abilities are sky- high, what can you do?”

“Without anyone to help you showcase it; you ultimately gained. nothing.”

“If you weren't even willing to invest this small amount of capital, what right did you have to want to take your life to the next level?”

“The world isn’t as wonderful as you think, there’s only fair trade, understand?”

“It was already quite extravagant for Mr. Victor to stand here, wasting so much time just to exchange a few words with you.” “If you still don’t know what’s good for you, it only proves that you don’t have the potential to become popular.” Robyn hesitated in her heart, secretly glancing at Levis’s indifferent expression.

Suddenly, | found these once-prominent big shots in front of me, of them as terrifying as an old thug.

each

The admiration | originally had for them in my heart was completely gone.

She trembled, wanting to escape to Robin’s side.

Intuition told her that being by Robin's side was the safest.

Amanda abruptly pulled her back.

"Robyn, Mr. Cook/was right, don't waste everyone's time,"

"When you judge, first weigh your own worth!"

"How could you possibly gain the fame and fortune you desire without making any effort!"

"Mr. Victor was surrounded by plenty of socialites and beauties, who do you think you are!"

"Actually, once we women let go, none of these things matter."

"How many lifetimes can a person live?"

"If there was not even a single glorious opportunity in this lifetime, coming silently like a blade of grass and dying just as quietly, what would be the point?"

"Living like that, it was worse than being dead!" couldn't

"Such a great opportunity was right in front of you, yet you bear to part with your pitiful possessions. Who did you think you were?"

"You spent the night with Mr. Victor, perhaps you could have become famous overnight, why not enjoy it!" A group of people were chattering away, blatantly dressing up those disgustingly dirty logics in grandiose terms.

Robyn's originally conflicted heart began to waver.

Come to think of it, rather than living in silence, it's better to try (garbled) far less glory! The content is on Read the latest chapter there!

However, whether this gamble would succeed or fail was still an unknown.

No one gave her an accurate answer.

Levis, seeing Robyn's troubled expression, found his interest in her greatly increased. Clearly, this woman was new to the world of fame and fortune, still very naive and knew nothing. He decided to spend more time on Robyn.

"Robyn, I thought I heard you say earlier, you and Evelyn are friends?"

Robyn nodded frantically, "Yes."

"Where is Ms. Martinez now?" Levis asked as he approached her.

"Hahaha." Before Robyn could respond, a charming laughter came from the left.

Levis subconsciously looked over, his eyes lighting up.

At that moment, Evelyn was animatedly chatting and laughing with Chelsea and Marissa.

Chapter 304

Chapter 304 [He's Just a Loser](#)

Robyn saw Levis and others heading towards Evelyn, filled with extreme regret.

Evelyn barely recognized her as a little flight attendant.

Just now, the lie was told deliberately just to elevate one's own social network.

Unexpectedly, | encountered it so soon.

Levis took two steps and suddenly stopped.

He noticed that there was also a man sitting next to Evelyn.

Evelyn was joking around while casting longing glances at this man with her eyes full of autumn water. Experienced in matters of the heart, Levis could tell at a glance that Evelyn was fond of this man. "Who is that man next to Evelyn?" Levis asked, his eyes blazing with

anger.

He had pursued Evelyn for nearly three years at a great cost to himself, but he just couldn't move her. Always kept Levis at arm's length.

Never wanted to say an extra word to him.

She even refused to share a dinner with him.

But now, she was chatting and laughing with a man, looking

14:35

Chapter 304 He's Just a Loser

incredibly intimate.

This infuriated Levis to the extreme.

The few investors and big directors standing next to him looked at Robin from a distance, shaking their heads, "Mr. Victor, we don't know him."

"This person seemed to be from the Londralish people."

"To my knowledge, it seems that there were no such figures among the top twenty tycoons and their heirs in Londraland." Even celebrities from the entertainment industry had never seen such a

person.

Robyn wanted to say that Robin was the man who destroyed the Barker family.

However, the words choked back just as they reached the tip of the tongue.

The higher authorities in Odrar had warned them that the information about Dreamland Bar was top secret and should not be casually disclosed.

Amanda then stepped forward to ingratiate herself, saying. “Mr. Victor, I know him!” “His name was Robin, he used to be a stray child taken in by my neighbors.”

“My neighbors ran a sour soup diner, the mother and daughter next to Ms. Martinez. The mother was named Marissa, and the daughter was Chelsea.”

“Seven years ago, in front of Marissa’s Sour Soup Diner, a destitute

vagabond arrived, and that was Robin.”

“Marissa took him in, and later, he worked as a waiter at Dreamland Bar for two years.”

“Later on, he disappeared without a trace. He was gone for seven years. and only just returned yesterday.” “He was just a low-level loser and punk.”

Levis laughed upon hearing Amanda’s statement.

A broke loser, there was really nothing to fuss about.

Perhaps, Evelyn, accustomed to the world of fame and fortune, was merely indulging in a whim by chatting with these lower— class individuals.

Levis chuckled lightly, walking behind Evelyn.

“Ms. Martinez, you didn’t even tell me you were coming. Come on, let me escort you to the VIP room backstage.”

Evelyn, Chelsea, and Marissa were chatting happily, laughing so hard that they were shaking with mirth.

Suddenly, she heard someone calling her from behind.

Looking back, he saw a large group of famous directors and bigwigs from the entertainment industry standing behind Levis. She paused slightly, then immediately stood up and nodded politely, "Hello. Uh... Mr. Victor, can I help you with something?" Levis reached out, wanting to grab Evelyn's arm.

Evelyn subconsciously moved closer to Robin.

Chapter 304 He's Just a Loser

A trace of barely perceptible annoyance flashed across Levis's face.

"Ms. Martinez, you were the strongest contender for Best Actress at the film festival tonight, I congratulate you in advance." "Let's go, I invited you to have a drink in the VIP lounge."

Evelyn shook her head with a smile, "Thank you, but I won't go."

"I was having a great time chatting with a few good friends, you go do your thing."

After speaking, he turned around and continued discussing the previous topic with Chelsea and Marissa.

Chelsea didn't know these people either, and continued, "That year when Robin first came to our sour soup diner, I thought he had come to escape famine."

"He stood at the door, watching me and Marissa eagerly." "We asked him, are you hungry?"

"He stood there without saying a word, then, he fell flat on the ground."

"So it turned out that Robin had fainted from hunger, he didn't even have the strength to speak, haha..."

Evelyn was laughing so hard that she was shaking like a leaf, all the while sneaking glances at Robin, who was engrossed in his phone.

"Robin, you agree, right?" Chelsea leaned on Robin's shoulder, her smile becoming even brighter.

Robin shook his head, "You're really quite boring, you know."

Chapter 304 He's Just a Loser

Levis's eyes lit up, he hadn't expected the girl across from Evelyn to be so pure and lovely.

Wearing this white long skirt, she looked like a fairy sister who had walked down from heaven.

"Ms. Martinez, this place is too noisy. You and this little girl should come with me to the VIP room. The environment there..." Chelsea stared at him impatiently, "What's wrong with you?"

"Evelyn has already said she's not going, aren't you tired of asking over and over again?!"

"Go, go, go, what VIP room or not VIP room, so annoying!"

Just as a few assistants nearby were about to step forward and scold. Levis stopped them.

He looked at Chelsea, who even looked cute when she was angry, and felt a tickle in his heart.

On a whim, he decided to take Chelsea back to his villa that day.

"Little girl, I was the organizer of this film festival, Levis."

"With your temperament and appearance, you would have definitely become an instant hit if you had acted in movies." "If you had joined my company, I would have guaranteed to make you famous..."

Chapter 305

Chapter 305 Are You Crazy? Robin's words startled everyone present.

Standing before him was none other than Mr. Victor, the heir to the Victor family and the young director of Southeast Estya's number one film group.

Moreover, this was the site of the film festival hosted by the Victor family.

Robin actually told him to get lost?

Was this madness or just the fearlessness of ignorance?

After a brief moment of shock, the two assistants by Levis's side wanted to step forward to vent their master's anger. Levis waved his hand. "It's okay, I won't stoop to his level."

"This low—class man of his kind, had never been to such a high- cultured hall before."

"He was even less familiar with the ways of our upper-class society, so it was normal for him to be a bit crude. I wouldn't stoop to his level."

The investors and big directors from the upper class around him also let out a slight sigh of relief, nodding their heads in flattery. In fact, they could all tell that Levis was quite upset!

He just wanted to put on a show of being a tolerant gentleman in front of Evelyn.

Standing not far away, Robyn watched Robin's performance, a glint of light flashing in her eyes once again.

Deep down, Robyn preferred men like Robin.

Dared to love, dared to hate, never succumbed to flattery.

Despite being incredibly powerful, he never showed off or boasted.

If Levis really regarded Robin as an ignorant and easily bullied loser, that would be a huge mistake.

Aside from Robyn and Chelsea, no one at the scene knew about the shocking incident at Dreamland Bar last night. Despite Victor Pictures being considered the top in the film industry in Southeast Estya.

However, its overall strength was far inferior compared to the Barker Group.

The Barker Group had powerful connections in the political, military, and martial arts circles, and even in the underworld. Robin could have wiped out the Barker Group single-handedly in an

instant..

Victor Pictures, a rootless emerging clan, what did it really amount to!

This Levis thought he was invincible.

Little did he know, he was nothing in front of Robin.

If Levis continued to make a fuss, the film festival tonight could very likely replay the scene from Dreamland Bar yesterday. Evelyn also sighed softly in her heart.

Met Robin for the first time in Londraland.

The attitudes of Leandro and the shareholders of Carmen Pictures made it clear to her just how terrifying Robin's identity was. Some people always liked to show off and cause trouble relying on their so-called background and status.

These people had never thought that one day they would pay a heavy price for their arrogance.

Evelyn didn't want to cause any unpleasantness that night and wanted to say a few persuasive words.

Before she could even speak, the renowned director from Londraland, Eugene Cook, had already stood up.

Eugene noticed Levis's anger, and in an attempt to appease him, he pointed at Robin and scolded, "Young man, Mr. Victor kindly wanted to guide your sister into the entertainment industry and give her a chance to succeed."

Fand

"You were so incredibly rude to him, it's just inexplicable!"

"You might not have known, being chosen by Mr. Victor as an actress, what a great honor that was." "For people like you at the bottom, to have such an opportunity, it must be because of your ancestors..." With a crisp "pop" sound.

Robin slapped Eugene's chubby face.

In an instant, Eugene's chubby body, along with a few teeth, flew out.

Everyone looked in horror at Robin, who was wiping his hands with a wet wipe.

Evelyn shook her head, the scene she had been worrying about had ultimately occurred

After a brief moment of shock. Amanda jumped in front of Robin, angrily saying, "Robin, are you crazy? You actually hit Mr. Cook?"

Robin's move shocked everyone. There had never been a case of someone resorting to violence in such a situation before. In high society interactions, dignity was highly valued.

Even if there was murderous hatred in each other's hearts, it had to be resolved behind the scenes.

However. Robin, without a word, slapped Eugene and sent him flying.

Chapter 306 Let's Leave Here

Annie shrugged her shoulders, her beautiful eyes glancing at Robin.

She clearly saw that this guy, even at such a time, could remain as calm and unruffled as if he had just crushed an ant. Take another look at Evelyn at this moment.

That stagnant look in his eyes was clearly not fear, but helplessness.

Observant Annie could tell that Evelyn wasn't worried about any potential consequences for Robin.

But rather, the helplessness for such a thing happening.

Annie looked up at Levis, smiling and said, "Mr. Victor, tonight is your Victor family's home court, I mean it's better to keep things quiet."

"Hmph!" Levis sneered, "Evelyn, the person you brought has caused such a commotion, how do you propose we solve this!" Levis wanted to use this matter to pressure Evelyn a bit.

Evelyn shook her head, "Mr. Victor, you are the future head of Victor Pictures. I hope you handle issues more carefully, otherwise, no one knows what will happen in the end."

Levis was taken aback instantly.

He hadn't expected Evelyn to say something like this!

"Prudent? Ms. Martinez, you tell me, how to be prudent?!" A cold murderous intent burst from Levis's eyes as he looked at Robin. Chapter 306 Let's Leave Here

Such murderous intent startled everyone present at the scene.

Marissa had never seen such a scene before.

She was somewhat scared, pulling Robin aside and whispering, "Robin, let's get out of here quickly. It seems like you've caused quite a stir today."

Robin held Marissa's frail shoulders, clearly feeling her whole body. trembling. | forgot when | acted just now, Marissa was still there. Otherwise, | would have already slapped Levis.

He patted Marissa's shoulder, comforting her, "Don't be afraid, nothing will happen. You forgot, | used to often fight with those street hooligans."

"They were all defiant at first, but after a few beatings, they backed down. These bastards were no different." Chelsea also nodded, "Marissa, with Robin around, no one dares to mess with us."

The scene was very quiet, everyone heard the conversation between Marissa and Robin.

They looked at each other one by one.

Was this family made up of fools?

Did they think Levis was on the same level as the street punks?

In order to curry favor with Levis, Amanda stepped forward and said, "You've hit Mr. Cook and caused such a big trouble, do you think you can get away with it?"

Chapter 306 Let's Leave Here "Robin, Chelsea, if you wanted to leave here today, you had to kneel before Mr. Victor and beg for his forgiveness immediately!" "Mr. Victor, was this acceptable to you?"

Evelyn stepped forward and rebuked, "Who are you? Are you helping Levis solve the problem? You're just adding fuel to the fire!"

Then, turning to Levis, "What I mean is, it would be better to downplay today's incident..."

"Making a big deal out of nothing?" Levis snorted coldly.

"He hit Mr. Cook on my turf, and you want me to downplay it?"

"Evelyn, what did you mean?"

"If this loser doesn't give me an explanation, how can the Victor family continue to operate in the future?!" He pointed at Amanda, "You're right," he said, "Let them kneel down and beg me for mercy."

“However, add one more, let that girl named Chelsea accompany me for the night.”

“If it could satisfy me, I could let this matter go!”

Evelyn was stunned, she hadn't expected Levis to utter such a shameless remark.

She knew that things wouldn't end well tonight.

Seeing that Levis had agreed to her suggestion, Amanda continued to flatter and said, “Chelsea, you little bitch, hurry up and have Robin come over to apologize on his knees!”

Chapter 300 Let's Leave Hom

“Mr. Victor taking a liking to you is a blessing you've cultivated over eight lifetimes. Letting you spend the night with him, you've turned misfortune into a blessing!”

Chelsea was so angry that she was shaking all over, pointing at Levis and cursing, “He's nothing but a beast!”

“Amanda, if you like sleeping with beasts, then go sleep with them! If you do that, your ancestors' graves will be smoking!” Marissa was also extremely annoyed, her previous fear completely gone at this moment.

“Amanda, if you're willing to sleep with such a despicable creature, then go now! Our Chelsea is not for the likes of you!” Levis's face had turned ashen.

Chelsea and Marissa actually called him a beast in public.

Amanda hadn't expected that Chelsea and Marissa would actually call her a slut and Levis a beast. She rushed up to Chelsea, raising her hand to slap her.

Robin grabbed her wrist, “Do you want to die for trying to hurt Chelsea?”

He casually grabbed Amanda's hair and slammed it directly onto the table in front of him. There was a muffled “bang*.”

Amanda's heavily made-up cheek instantly contorted, and she fainted on the ground. A gasp of surprise came from the scene!

Chapter 306 Let's Leave Here

Annie watched this scene, almost screaming out loud.

Damn! This was too cool!

| just liked such a man who didn't consider the consequences!

Evelyn shook her head helplessly and stepped back to Robin's side.

However, it was quite satisfying!

Amanda deserved to be hit just for those disgraceful words she just said!

Levi had never imagined that Robin would strike twice, each time more ruthless than the last. This was simply a slap in his face.

To put it bluntly, he simply didn't take the young master of the Victor family seriously at all!

Chapter 307 You're Courting Death!

As soon as Robin uttered these words, the entire main hall of the palace district fell into silence.

An unknown individual from the lower strata of society.

At the film festival hosted by the Victor family, someone actually made outrageous threats against young master Levis, How ignorant one must have been to utter such arrogant words!

After a brief moment of horror, everyone began to look at Robin as if he were a madman.

The reason why the Victor family was able to rise rapidly within the last ten to twenty years, becoming a major power in Southeast Estya,

was... It was not just due to the overt connections and capital power.

It was rumored that it was also backed by the sinister sect, Poison Sect, from the Southeast Estya region.

This nobody named Robin.

Provoking the eldest young master of the Victor family openly in such an occasion, the consequences could be easily imagined. After a moment of silence, Levis laughed instead of getting angry, "Truly, those with nothing to lose have no fear!" "What this era didn't lack was fearless idiots like you, ignorant and unafraid."

Chapter 307 You're Courting Death!

"You losers at this level, you're nothing but lowlifes. It's not surprising that you would spout such nonsense."

"Kid, I told you, this is a society governed by law!"

"Based on your threat to me, you could be brought to justice."

"Finally, he died in prison without even realizing it, hahaha!"

Levis burst into wild laughter.

The group of investors and famous directors around him were also shaking their heads with a smile.

They looked at Robin with sympathy, their faces full of mockery.

The seductive women around Levis were even more exaggerated in their behavior.

Laughter was a flurry of white trembling, screaming and ceaselessly planting wild kisses on Levis's face.

The eldest heir of the top-tier family, Levis.

Eliminating a low-level poor kid was just a matter of a single sentence.

Crushing Robin was as simple as crushing an ant.

This extremely asymmetrical contest made the celebrities and beauties on the scene laugh and sigh.

"Oh, I remember a nobody named Fernando said something similar last night." Robin said indifferently, pulling out a wet wipe to clean his hands.

As a result, the Barker Group was no more, and Fernando committed suicide by jumping off a building. Chapter 307 You're Courting Death!

The scene immediately fell silent.

Everyone instinctively turned to look at Robin, who was nonchalantly wiping his palms with a wet wipe at that moment. The Barker Group, worth billions, was merely an ant in his eyes?

Moreover, it could be heard from his words.

Was the downfall of the Barker Group his doing?!

The group of investors and big directors who were originally mocking Robin immediately stopped laughing. Hesitated whether to keep a distance from Levis.

If Robin was indeed the mysterious man who single-handedly destroyed the Barker Group..

They were echoing Levis in mocking each other, which was simply courting death.

Annie cried out in surprise.

She speculated that Robin must have had a significant family background and heritage.

But never had they imagined, he was that mysterious young man from the legends!

Evelyn, on the other hand, was taken aback.

Just arrived at Farmere last night, I learned from the grapevine that something had happened to the Barker family, one of the five major tycoons in Odrar.

Legend has it that the man who destroyed the Barker family was an Chapter 307 You're Courting Death!

extremely mysterious figure.

Back then, Evelyn just couldn't associate this matter with Robin in any way.

Had someone else said this, she might not have believed it.

But coming from Robin, it would absolutely not be wrong!

Evelyn looked again at the indifferent and aloof expression on Robin's face, who was close at hand, as if he was talking about a trivial matter.

It seemed as if wiping out the colossal the Barker family was as casual as a sneeze.

Robyn also looked at Robin with a complex expression, feeling a mix of emotions in her heart. She had personally witnessed the horrific scene at Dreamland Bar last night.

That scene was too shocking.

Compared to the Barker family, what did this eldest young master of the Victor family in front of me count for?!"

After a brief moment of distraction, Levis sneered. "Kid, you're quite arrogant!" "You thought impersonating such a big shot could intimidate me!"

The celebrities and beauties at the scene finally recovered from their shock.

The glances towards Robin became even more mocking.

How could a big shot capable of wiping out the Barker family appear here?

Moreover, the admission tickets they held were just ordinary viewing area tickets given by Evelyn. If it weren't for Levis' explanation, I would have really been fooled by him.

Eugene picked himself up from the ground, angrily pointing at Robin, Mr. Victor, this kind of infuriating act serves a harsh lesson, to let him know who he shouldn't mess with!" The content is on [Read the latest chapter there!](#)

Forty bodyguards from Farmere Film Studios, armed with electric batons, surrounded us.

Marissa anxiously said, "Don't dawdle, hurry up and run with Chelsea."

Robin gave a faint laugh.

"How could Chelsea and I have left you here? Once we've dealt with things here, we'll leave together."

"Leave?" Levis sneered. "After making such a mess here, you still want to leave?"

Chapter 308

Chapter 308 You Are the One Who Started It

The meaning of Levis's statement was already very clear.

For Robin, Chelsea, and Marissa, a happy ending was impossible today.

Offended Mr. Victor, smashed the Victor family's venue.

Without paying a hefty price, how could one just up and leave?

In the end, still just a bottom—dweller.

Did not know the methods of the upper class.

One by one, they seemed gentle and tolerant.

Little did they know, behind them were bloodthirsty beasts.

Without a bit of animal instinct, how could one stand firm in the arena of fame and profit.

Destroying you, a lowly pauper, was simpler than crushing a stink bug.

Levis had prepared to use the bodyguards of the Victor family to

directly take control of Robin, Chelsea, and Marissa, and bring them to the back room for slow discipline. Evelyn stepped forward and said, "Levis, are you really going to make a big deal out of this?"

"I still advised you, it's better to keep things quiet for the sake of peace, otherwise..."

Before Evelyn could finish speaking, Levis angrily interrupted,

"Evelyn, don't think just because you're a popular star at Carmen. Pictures, you can boss me around?" "He was your friend, but that didn't mean I could tolerate his reckless behavior on my turf."

Evelyn said coldly, "Mr. Victor, you were the one who caused this situation."

Levis laughed, "Evelyn, are you trying to reason with me?"

"Let me tell you, here, I was the law!"

"Someone, drag this thug to the back for me!"

"Mr. Victor, why are you so angry? It's not a big deal, hahaha..."

Annie let out a provocative laugh, attracting the attention of everyone present.

Throughout the entire event, from start to finish, she had been observing Robin's reactions.

This man had always maintained an air of detachment.

Even, striking Eugene and critically hitting Amanda were as easy as lifting a feather.

Robin was indifferent to Levis's repeated threats and pressures.

It seemed as if the person Levis was about to move had nothing to do with him at all.

Evelyn even risked offending Levis in order to staunchly defend Robin.

It was evident how strong this man's mentality was.

Chapter 30 You Are The One Who Started

Annie became even more convinced that the man who single-handedly destroyed the Barker family was Robin. Clearly, her appearance was meant to add fuel to the fire.

She mischievously wanted to see how Robin would handle Levis's onslaught next.

If Levis had fallen into Robin's hands tonight, she would have thrown herself at this man without hesitation! "Annie, shut up!" Levis snorted coldly.

Annie shrugged, deliberately moving a few steps to one side of Robin, "Alright. I'll shut up, hahaha..." The bodyguards of the Victor family were eager to try.

As soon as Levis gave the order, they would immediately rush to Robin and his group, dragging them to the back room for a good beating.

Marissa was extremely nervous, pushing Robin and Chelsea to hurry up and leave.

Chelsea, on the other hand, held onto a terrified Marissa, finding Levis's ranting intuitively ridiculous. She had personally witnessed the scene at Dreamland Bar last night.

Robin dared to shoot and kill Rufus, Julio, and others in the face of Jackal Gang's many fierce fighters. The bunch of trash in front of me was far worse than the tough characters Wolf Brother used to deal with. "Marissa, don't be scared, Robin wasn't afraid of him at all!"

Chapter 308 You Are the One Who Started it

"A piece of trash who only knows how to swagger around with his father's money, what right does he have to provoke Robin!" Chelsea's words were particularly grating in the vast main hall of the palace area.

Levis and a host of celebrities were instantly stunned.

Take another look at Chelsea under the brilliant lights, with a face and figure like an angel.

Those eyes shimmered with a purity untouched by the mundane world.

Couldn't help but shake my head, and started to laugh. In addition to the unbeatable, there were also the shoeless and the naive in the world!

Levis burst into laughter, mocking with the entertainment mo uls m beside him, "Thebravéry of the poor cBniés rom ignorance, this saying is so true!"

Having said that, he pointed at the bodyguard team leader, Alton.

Elmer appeasingly shook his head, "No! Mr. Victor, what | mean is, why bother having your security personnel get involved?" "What do you mean?" Levis asked coldly, looking at Elmer with a stern voice.

Chapter 309

Chapter 309 Is He a Nut?

Upon hearing that Levis was going to involve the SWAT team in dealing with Robin, Evelyn was secretly taken aback. She had witnessed Robin’s power in the underworld.

But facing the official power institutions of Odrar, it was still unknown.

This was the home ground of the Victor family.

the Odrarian officials had already been very smoothly managed by them.

Evelyn was torn about whether or not to tell Leandro about what happened here.

In case Robin couldn't cope, Leandro could still maneuver in advance.

Annie, on the other hand, glanced at Robin out of the corner of her eye.

She wanted to see how Robin would react if the Farmere government's SWAT team intervened.

Two minutes later, thirty well-equipped SWAT team members marched in from outside the field with a brisk and orderly pace. After entering the main hall of the palace area, they stood in two rows in the middle of the main hall.

Levis and his group quickly stepped forward, “Captain Romero, you’ve worked hard! With you guys in charge of the security for this film

festival, we feel at ease.”

“However, a minor incident did occur here.”

“A few ruffians used some despicable methods to infiltrate our main hall in the palace district.” “Not only did they hit our Mr. Cook, but they also seriously injured our actress Amanda.” “Captain Romero, go ahead!”

At that moment, Elmer was standing in front of Chelsea and Robin, bossing around, “Chelsea, I tried to introduce you to Mr. Victor before, but you didn’t appreciate it!”

“If you regretted it now, I could plead for you in front of Mr. Victor, as long as you agreed to go to his villa tonight...”

With a crisp “pop”, a sudden noise echoed in the main hall of the palace area.

Robin slapped Elmer, sending him flying and landing heavily in front of Levis.

“You’re just like an ant! Dare to bluster again, and I’ll chop you up!”

The sudden turn of events left everyone greatly shocked.

Annie screamed as if her tail had been pinched.

Excitement radiated from her gaze as she looked at Robin.

This man truly did not disappoint me!

To openly take action under the watchful eyes of the SWAT team. what a badass character it takes to make such a move!

Evelyn, on the other hand, slightly furrowed her brows, the heart that had been hanging just now could be considered as having been put at

case. She knew Robin was not the reckless type.

Acting at this moment clearly indicated a—well-thought—out plan.

She looked at Levis, shaking her head in mockery.

The young master of the Victor family, seems to have taken a big fall today. Levis was slightly taken aback.

After confirming that it was Robin who made the move, he shook his head and shared a laugh with a few big directors beside him, "This guy is hopeless."

"Captain Romero, look, just look at how audacious this kid is, go ahead and take action."

Everyone in the main hall of the palace area turned to look at Robin.

At that moment, under the brilliant lights of the main hall, Robin was casually wiping his palms with a wet towel. It seemed as casual as swatting a mosquito.

"Was this kid crazy?"

"Under the very noses of the SWAT team, they were still so brazen, this was a blatant provocation!" "If you don't seek death, you won't die!"

"This person probably has never suffered a setback before!"

"He had no idea that there were many people in this world whom he absolutely dared not provoke!" The Victor family had been running a business in Farmere for many

years.

Had a very good relationship with the mayor of Farmere, Dennis.

This time, the Farmere Film Festival was held so grandly.

It was also to help Dennis build some political achievements and accumulate some political capital. The SWAT team, serving as the security guard for this film festival, naturally maintained order here.

Robin, in a defiant manner, struck Elmer in front of the SWAT team.

As the captain of the SWAT team, Forrest could not let him go! To everyone, Robin was as good as dead today!

Chapter 309 In Hea Nut?

Only thirty members of the SWAT team stood motionless in the center of the main hall. Forrest looked at the indifferent Robin under the brilliant lights and said indifferently, “Mr. Victor, I can’t catch him.” “What?” Levis and a group of celebrities thought they had heard

wrong.

“Captain Romero, what did you say?”

Forrest coldly said, “I couldn’t catch him!”

“Why?” Levis looked at the icy cold Forrest in confusion.

A host of bigwigs and actors in the entertainment industry were also puzzled.

Robin had already made a big move and openly challenged Levis and the SWAT team. Forrest actually said they couldn’t catch him, what was going on?

Chapter 310

Chapter 310 One Step Forward, I’ll Kill You The reason why Levis said this was merely to give himself a way out. Everyone understood that Forrest was indifferent to Levis’s proposal, clearly not taking him seriously.

Several entertainment industry veterans who had been around for a long time were by Levis’s side, their understanding of human nature had reached a certain height.

Forrest firmly refused Levis’s request not to arrest Robin.

However, he evaded by saying that he could only act if the city government issued an order, suggesting that there was more to the situation than meets the eye.

They subconsciously scrutinized Robin, involuntarily gasping in surprise. Faced with such a situation, most people would have been seared out of their wits.

At that time, the fact that Robin could remain so calm was definitely not something that a loser or a poor person at the bottom could show.

After the SWAT team entered the main hall of the temple area, Robin unhesitatingly hit Elmer.

This was not ordinary arrogance, but a display of confidence that came from believing one could control everything. Robin’s action at that time, not only slapped Levis in the face, but also served as a blatant warning to Forrest.

Chapter 310 One Step Forward, Kill You

Looking back at Forrest, the captain of the SWAT team, his gaze towards Robin was filled with awe.

These bigwigs in the entertainment industry felt somewhat uneasy.

It seemed like things were not that simple.

They were all old foxes in social situations, but at this moment, they were somewhat frightened.

They were considering that if they had joined the wrong team, it wouldn't be a good thing.

The light ones had their future completely ruined, while the severe ones suffered both personal and reputational damage! Annie, who was next to Robin, burst into laughter.

She was self-satisfied with her correct judgment.

Indeed, Robin was not simple.

She looked at Robin again, her eyes full of admiration.

A capable man, who doesn't show off or flaunt, doesn't mean he lacks background or strength, it just means his bottom line hasn't been touched yet.

Annie also carefully observed that, that night, Robin would not hesitate to step in whenever anyone touched Chelsea and Marissa.

And simply decisive, without any hesitation.

That arrogant and wild demeanor was simply driving people insane.

This man was arrogant and ruthless.

If there wasn't enough strength, it would be impossible to carry out

such an action.

Annie made up her mind, "I must find a way to enter this man's world."

From the first day she entered the entertainment industry, she had warned herself to find a strong backing. Now, she had finally found it.

Robyn, who was watching from afar, was bitterly smiling to herself.

She blamed herself for the despicable action she had taken before.

Looking at Robin standing next to Chelsea at that moment, he was extremely envious. Chelsea's innocence and honesty made Robyn feel ashamed of herself.

The one who | thought was smart, turned out to be the most ridiculous clown.

Robyn gave a bitter smile.

Look at how Levis was calling his father for help at that time.

Looking again at the indifferent and composed Robin, Robyn muttered to herself, "An ant trying to shake a tree, overestimating one's capabilities."

At that moment, it seemed as if she saw a replay of the scene of the Barker family's destruction from yesterday.

If Levis couldn't stop at this point, the Victor family was likely in great danger.

Captain Romero's attitude had already indicated that Robin was untouchable to him.

Chapter 110 One Strp Forward Fil

Since Forrest had said so, then even Dennis could not sway Robin.

However, Levis, the arrogant heir of a wealthy family, failed to understand the profound meaning behind it.

He thought that with his father Payne's arrival, he could settle things. with Robin.

Little did they know, what could Payne and Dennis do even if they came.

Unaware of their own ignorance, they were arrogant and overbearing, only to end up humiliating themselves in the end. At that time, Levis had already contacted his father Payne: "Dad, where are you now?"

"There was a person causing trouble here, I originally wanted to ask Captain Romero to handle this matter, he said he needed

instructions from Mr. Nunez to proceed."

What did this mean?

In the silent hall. Forrest's cold voice echoed, "Whoever dares to step forward will be executed on the spot!" Levis opened his mouth in shock, unable to comprehend what was going on.

Everyone in the main hall was also in a state of confusion.

“What happened?”

“Was this group of city government’s SWAT team here to help maintain order at the film festival?” “How could the gun have been pointed at the bodyguard of the Victor family?”

“Damn it, anyone who didn’t know would think it was Robin who brought them.”

Levis didn’t understand what was going on for quite a while.

“Captain Romero, what did you mean by this?”

Forrest said coldly, “It means nothing.”

“The meaning is, if anyone dares to lay a finger on Mr. Bruce, | will immediately order to shoot!”
