

LOVE ME AGAIN MATE

Chapter 15

Jace

Ana quickly leaves the room and I curse going after her.

She was crazy about the idea of having a big family, I was not into it though. I only wanted one pup for the heir but since it was her dream, I was willing to support her. Then she lost the most important thing to her and it is entirely my fault.

Chase does not know and so is everyone, I will have to warn them later.

Her door is not closed. I hastily get in and spot her in front of her favorite window.

Approaching her, I gently hold her shoulders and turn her to me. Ana doesn't resist nor push me away. Rather, she buries her face in my chest and holds onto me so tightly like her life depends on it.

I can't change our past. But from now forward, I won't let any harm approach her or my son. No matter how difficult the situation is, I will always put their feelings first. Shi t is about to get crazy as I speak, and I don't know how to break it to her. I tried earlier but the thought of losing her was hard to endure.

Unlike two years ago, I will rather take my chances than succumb to the blackmail. The thought of going back to the dark place I just came from is stressing the hell out of me,

I will have to alert Dad.

Today at the training, everything was fine until I got an anonymous message reminding me of two years ago. This person claimed that I should let her go back to Canada or they rain trouble on my pack. They went further to threaten me with my son. They claimed that I will never see him if I don't do as told.

This is not what I had expected. I thought they will never appear again but here we are. I won't make the same mistakes as last time though.

I wordlessly kiss my mate's head as I soothingly rub her back. I can't hurt her again.

At this point, I don't know what to say or how to make her feel better. All I know is that I'm sorry and she's tired of hearing it. I can't give her back what she lost, and I will rather die than reject her again

Whoever this person is, I will find them and they will pay for the pain they caused us.

I gently lift her face and again, she allows me to see how much I broke her.

Ana is tired.

This sight pulls at my heart and I blame myself for being an incompetent mate.

I gently lower my lips to hers and she kisses me back immediately. She doesn't stop crying throughout the kiss and it brings tears to mine. This person will pay. If it's the last thing I have to do with my life, I will hunt them down and make them sorry.

Ana's hands start to roam all over my body and I'm forced to stop the kiss. I haven't forgotten how she got me reeled up in the kitchen and up to now, I am still feeling the effect of her words, Ana is a big tease, and she doesn't understand how greatly her simple actions affect me.

I used to hold myself from the beginning, but now that my wolf knows that she is ours, no amount of control will keep him from taking her. Does she want me? I still smell the faint scent of her arousal. I am glad I'm not the only one affected here.

I slightly pull away and all the answers I need are written all over her face. "Please, make love to me, Jace" she whispers, her lustful eyes pleadingly gazing at me. Her breaths are ragged and it's driving me crazy. The feelings I have been trying to push away are awakening and I don't think I will hold myself anymore.

"Are you sure baby, I will wait. I promise" I whisper to my wolf's displeasure. It will be difficult, but I can do anything for her. I didn't give her a deserving first time, and I want to make it up with her second and more to come.

H

Please" her lips tremble and I groan picking her up in my arms, she wraps her legs around my waist and her arms find their way around my neck. I can't bear to deny her anything.

Ana, baby, I want you to be sure, okay?" my mouth and body are completely in different sync. My body is screaming for me to take her while my mind is hesitant.

I sit down on the bed with her straddling me. Delicately, I caress her

cheek with my thumb and she just watches me with her soft lips, slightly parted. My eyes lustfully flicker at them and I want to taste them again. I knew they would be addicting.

Grabbing her face towards me, I press my mouth on hers in a hungry and demanding kiss. Ana parts her lips giving me a chance to deepen the kiss and I groan at the intense feeling this girl is making me feel. She has always been special to me.

I nudge my tongue against hers, exploring every corner of her mouth with great hunger, seeking her addicting delicious taste.

My thumbs tenderly stroke her cheeks while my fingers entangle themselves into her golden locks. I just can't get enough of her.

Her tongue sensually caresses mine and I groan when she bites on my lower lip. Damn, Ana.

The atmosphere becomes hotter, our breathing becomes erratic from the intensity rising between us.

She grinds on me and I can't help but grip her hips tighter, and pull her directly to the hard swell of my pants, making the both of us groan with need.

I know there is no turning back because the whole room is full of the sweet scent of her arousal, and it's driving me and my wolf completely crazy. I can't hold back even if I wanted to.

My lips find her neck and my teeth gently nip at her soft skin. My sensual tongue swirls at a specific spot where she'll one day bear my mark. Ana softly moans

my name as she roughly grips my hair when I repeatedly nibble on that special spot.

She keeps rolling her hips back and forth on my hardness, trying to find some friction to satiate her aching need. I groan as our hips move faster against each other. She aimlessly traces her fingers all over my body making me shudder under her electrifying touch.

Her hands slowly slide under my pants and boxers to grab my hardness. My muscles tense when she massages it with her slender fingers. It's intense and beautiful.

"Baby stop" I pant out. She doesn't realize what her innocent act is doing to me,

me to give her what she desires.

Dam n, sex y.

"Are you sure about this?" I ask again even though I know it's too late to turn back.

"Yes, I want this, please. I want you Jace" she eagerly answers.

I lay her gently on the bed and start trailing kisses from her neck down to the valley of her breasts.

Lifting her top, I take her left nipple in my mouth and gently bite and lick it, while I caress and pinch the other one between my fingers. She grips my hair tightly releasing soft sensual moans.

After doing the same to the right one, I trail kisses down her tummy kissing and licking her belly button, and no doubt she likes it. Ana raises herself on her elbows watching me with wonder, while she bites on her lower lip.

She is beautiful.

In one swift motion, I take off her sweatpants together with her panties and carelessly toss them on the floor.

Ana gasps and unconsciously arches her back when my face goes lower to her bare wetness. I inch closer to where she wants my mouth to be and she arches her back to meet my mouth, panting heavily.

She's sex y.

"Oh, my... Jace" I growl when she moans out my name in ecstasy. When I lick her sweet aching nub, she grips my hair harshly pressing my head more between her legs.

My pants are straining so much from her soft breaths, and moans especially when she calls out my name. My wolf already lost it and I'm barely holding him back. This is what I was made to do. To love and protect my mate.

"Jace please, I can't take it anymore. I want you" she begs pulling me forward.

Me neither baby.

My body is aching to feel the whole of her, and I waste no time taking off my remaining clothes together with her sweatshirt.

She watches my bare body in amazement. Ana gulps dryly when her eyes trail to my hardness which is leaking with precum and I smirk. She likes.

what she is seeing.

Lowering myself on her body, she gasps and inhales sharply when our bare bodies touch. The electric tingles from the mate bond make this moment more sensual and memorable.

I use my thumb to lightly stroke her flushed cheek as I stare into her beautiful eyes” Tell me when you feel uncomfortable okay” I gently whisper to her. Yes,” she mumbles biting her lip.

Dam n, hot.

After kissing her forehead, I slowly guide the tip of my manhood on her wet folds, gently rubbing it over her sensitive nub.

“Jace” she moans my name throwing her head back in ecstasy.

“Ready?” I whisper kissing her left cheek. I can’t believe this is about to happen. I waited all my life to make Ana mine and it’s thanks to the Moon goddess.

“Yes please” She quickly nods and I chuckle. So eager.

“I will be gentle, yeah?” I whisper.

I brace myself at her entrance and slowly enter her tight wetness. So dam n tight. My wolf growls in approval, appreciating the fact that only we, get to touch our mate.

I watch in amazement, at how she bravely takes every inch of me, softly panting as her long nails dig into my back.

The sight of her is utterly breathtaking.

“Are you okay?” I ask to make sure she is okay.

“Yes, please continue”

I start grinding softly into her, not wanting to harm her in any way. Her tight walls pulses around me and it makes my dick to twitch inside of her.

This is amazing. It’s more than I had imagined.

Ana is amazing. She always gives me reasons to love her even more.

She holds on to me tightly and I’m sure her nails are leaving marks on my back, but I don’t care. Everything about this girl drives me crazy.

And the sight of her writhing beneath me while she sings my name, is permanently imprinted in my mind.

“You feel so dam n good, baby” I whisper bringing my mouth to her

nipple, licking and biting on the puckered bud. I want to give her so much pleasure that she’ll keep coming for more.

“Jace.” she lifts her head to look at me “Please don’t hold back”

She wraps her arms around my neck bringing me closer to her soft lips Please” she whispers and takes my bottom lip between her teeth, gently biting on it. My twitches in response and we both groan.

The things she does to me.

I start thrusting harder and deeper and she keeps singing my name repeatedly.

The way she clenches around me makes it hard for me to hold it longer.

“Jace, I’m close” she pants out breathing heavily.

“Go ahead my love, cu m for me” I encourage her increasing my pace. Her hips jerk forward meeting my every thrust, and I feel her pulse around me. Ana’s hold on me tightens and it takes no time for her walls to clamp around me as she screams my name in pure bliss.

I deeply thrust into her and release with an intense grunt.

F u c k me. This is breathtaking.

Ana tiredly lays her head on the pillow, allowing her sweat-coated body to recover from the high.

She was made for me. I knew that from the moment I found her in the forest.

“Sleep baby” I mumble kissing her forehead and she does what she’s told.

She’s beautiful.

Goddess, I love her so much.
