

LOVE OF A BILLIONAIRE

Chapter 11 Face to Face Confrontation

The next morning, Arya received a call from Luna.

“Now that the investors are looking for trouble with Daniel, Brilliant Entertainment’s reputation will not be as great as it once was. Also, due to public opinion, Caroline had to cancel a few of the programs she had arranged to record. Arya, you have endured through the first stage.”

It was hard to conceal the joy in Luna’s voice.

She had been by Arya’s side for a long time, and she could no longer bear to see the despicable methods of those people. They had brought their deaths upon themselves.

With regards to this result, Arya was very calm.

“What about that character?” She had no other choice but to do that. She hoped it wouldn’t affect Director Brown.

“That matter is yet to be decided.”

“Alright, Luna, you hide first. I think Daniel will definitely cause trouble for you.” Arya understood Daniel’s style of doing things better than anyone else.

She would no longer so silly as to be used as a pawn.

After Arya hung up the phone, she revealed a relaxed smile.

The man sitting opposite to her raised his sword-like eyebrows slightly and said, “If you need my help, feel free to ask.”

“Hmm..” Arya graciously nodded in agreement. After

last night, she no longer needed to think of him as an outsider.

Allen was very satisfied with her generosity and non-rejection.

“I’ll go to the company for a meeting later. Take care of yourself.”

Arya replied with a smile. They treated each other differently from others. These feelings of mutual affection revolved around them, brimming with a sense of happiness.

Arya looked at the time. It was about time for her to appear. Otherwise, how could she make things worse!

The key of this game must be in her hands. Let Daniel see how she turned the tide!

Just as Brilliant Entertainment was in a state of chaos and Daniel was crazy to find her, Arya took the initiative to appear in the company's main entrance.

She wore a neat cowboy dress and a simple ponytail. She looked very energetic as she walked into Daniel's office in high spirits.

Daniel's secretary was dumbfounded. "Miss Arya!"

Arya's expression remained the same. She sat on the sofa naturally and didn't take Daniel, who was beside her, seriously at all.

Daniel immediately roared in anger, "You still dare to come back? Look at what you've done!"

He threw today's newspaper on the table. The front page of the newspaper was all about Caroline buying

a role by a lot of money.

“Do you know how much money the company has invested on Caroline? Do you know how much the company will lose if we can’t clear her reputation?”

Arya purposely blinked her eyes. She acted as if she didn’t know anything, “Daniel, what are you talking about? Why can’t I understand at all?”

“Luna dared to show off her strength in front of me, and you still want to pretend to be stupid? Is it fun? If you have any ideas, you can tell me in advance. Why use such a method to deal with Caroline, me and the entire company?”

As Arya listened to these questions, she recalled that he had once argued with her over Caroline. At that time, she couldn’t understand this man’s heart! What he cared about and always wanted to protect was

Caroline!

“Daniel, I really don’t understand what you are saying. We are getting married soon. How can I harm you and the company? It won’t do me any good.” Arya feigned helplessness with a very innocent expression.

“Alright!” Daniel took a deep breath. He couldn’t tell if she was acting or not, “Then tell me, where have you been these past two days? Why couldn’t I find you after your identity was exposed?”

Daniel stared at Arya with a terrifying gaze, as if he was going to eat her.

“I...” Arya coughed twice. “There were so many reporters in the studio that day. I had to struggle to get rid of them. If I had come straight back to you, someone would have found out that you had something to do with it.”

“Really? But the things you have done had put me in trouble, you know?” He was angry but he didn’t dare to say anything harsh. He had used Arya many times over the years. He knew if Arya really turned against him, it would be a huge blow to the company.
