Chapter 141 Maria'S Scheme

Walter turned around and gave her a meaningful look when he heard her words.

He held the documents in his hands with his hands down. "I know."

Walter shook his head. He had seen Arya's strength. If the Aorai missed her, it would be a huge loss.

Maria was very happy when she saw him loosen his grip. She took advantage of the heat and said softly, "Actually, I have already found a reporter with evidence. He can prove that Arya has met Quentin in private. When these photos are exposed, Arya will have no chance. At that time, Director Carter will not blame you..."

"That's your problem. I don't need you to think for me." He could not stand Maria playing tricks behind his back. What was the use of winning fame and fortune like this?

Seeing him like this, Maria did not say anything. In fact, she still liked Walter in her heart. But he was too honest and did not know how to change things. He could not understand the painstaking effort she put in. that was why they broke up.

On the surface, it was calm and peaceful, but in their hearts, they were very dissatisfied with each other.

Maria watched Walter leave and anxiously dialed the reporter's number. "Make the composite photos more detailed and expose them as soon as possible."

She wanted to take advantage of this opportunity to prove Arya's reputation of sleeping with a man. Even if she made a comeback in the future, Melinda would lose the best opportunity to sign Arya.

The reporter agreed, "Don't worry, I will make you satisfied."

After the matter of the endorsement last time, in order to protect Clara's position, she used the rumors outside to add fuel to the fire. Furthermore, she bribed the Internet celebrity and the Internet trolls to fan the flames. If Arya entered the Aorai, not only would it affect her, but the former would also snatch the resources from her artistes. She absolutely could not let that kind of thing happen.

"What?" Luna frowned. Allen already knew the whole thing very well.

"Do you still have the reporter who refused to provide us with Quentin's picture? I suspect that he was bribed by Maria at a high price. Otherwise, he would not have suddenly refused to provide us with the photo. I think if he has an accomplice, we can give him a taste of his own medicine."

There were some things that Dahua could do, but it was better for Luna to do so.

Arya knew that Allen was already very concerned about her matter. So she also wanted to help.

When Luna heard this, she agreed very much. She immediately turned her phone over. "I remember that he has a friend who works at the newspaper. What's his name? I remember, remember this person, Evan."

"When I was negotiating with reporter Javier, I met him too."

"Okay, contact him as soon as possible. I want Maria know that if she does this behind the scenes, she will only harm herself in the end." Arya knew that these people were scheming in their hearts. She disdained to bicker with them, but she would definitely not allow them to bully her.

She would enter the Aorai, and it was a matter of course.

Arya and Allen had thought of this move together. If it was just Arya and Luna's strength, they wouldn't be able to do it so well.

But Allen only provided some information.

He stroked Arya's long hair and turned around to embrace her.

"When the news is exposed tomorrow, no one will doubt your strength. You deserve the Golden Spear Movie Festival prize."

Arya pouted. "Yes, it's all thanks to you, this mysterious manager. Otherwise, I would have been pushed into the abyss by Maria this time."

A stain that could never be erased would accompany Arya for the rest of her life.

Allen took out his phone and showed Arya a message, "Luna is afraid that you are worried and sent this anonymous message to my phone."

"This is..."

Arya turned her head to look. There was only one sentence, "Be careful of the Aorai's methods."

Chapter 144 Overturned Situation

At the same time, Maria also saw the news on the Internet in her office.

She originally thought that she would see Arya in a sorry state after being scolded by tens of thousands of people, but she never thought that the content inside would change.

"According to insiders in the industry, a certain female star with surname Z and the surname B have close relationship with Quentin. They have been to high-end hotels many times and even went overseas to travel together. And these exposed photos do not have the figure of female star with the surname M..."

"This news was leaked by the powerful manager in the industry, MRD."

There were also a large number of substantive photos attached.

Maria was very angry.

She directly dialed Javier's number, "You actually colluded with Arya and took my money, biting me back!"

"I really don't know how things became like this. I clearly sent it to the newspaper according to what you said. It must be them who took Arya's money."

"Director Jones, things went very smoothly." Martin reported.

Allen frowned. "Aorai has always had a good reputation in the industry. Although they have pointed the blame at Maria, Melinda will not do anything to her with her temper."

"Yes. According to information we have gathered, the third interview for the talent show in the Aorai will probably be held by Maria. At that time, Madam might be in danger."

Allen smiled mysteriously, "Don't worry about that. Arya will take good care of herself. What she wants to do will definitely be done. I believe that she has the ability. If she can't even pass Maria's trial, how will she walk in the future?"

"What the CEO said makes sense. Madam will definitely pass the test and become one of the three spots."

The Aorai Star Project had been running for four years. Every year, they would sign three new recruits. After signing the contract, they would use all of the company's resources to nurture them. The second years after signing the contract, there would definitely be a chance to participate in a major production film. No matter what the final result was, the Aorai would never be stingy with opportunities for new recruits.

This was the important reason why Melinda was able to lead the Aorai to where they were today.

She was not like the forces of other companies. She valued the potential of the actors the most. If not for Maria acting as the main judge, Allen was sure that Arya would have been able to break out of the encirclement. But now, it was not necessarily a bad thing.

He knew that his wife loved challenging things the most. If winning was too easy, she would find it boring.

"Is dinner ready?"

"Yes..."

Allen's phone rang. He nodded at Martin and picked it up. "Are you there?"

Arya's voice was a little out of breath. "Allen, what should we do? Luna is in trouble!"

"Calm down! Calm down! Tell me slowly." As he picked up the car keys and walked downstairs, he comforted Arya.

Chapter 146 Worthy Of His Suppor

Mr. White had been in the entertainment circle for a long time. Although he was surprised to see Allen send Arya over, he wasn't overly worried since Allen didn't reveal their relationship.

At most, he would hesitate when it came to the matter of getting involved.

Luna was brought out by Mr. White's men and was not injured. She quickly stood behind Arya and Allen.

She bent down and whispered to Arya, "I'm fine."

Arya's worried heart finally settled.

Mr. White's restless gaze wandered between Allen and Arya. The relation between these two was really curious.

"Director Jones, you and Miss Arya are..."

Allen's eyes suddenly darkened. He slammed the table and revealed a bit of sternness, "I have heard of Mr. White doing things for others before. I thought it was just some rumors. I didn't expect to have a deeper understanding today."

"Director Jones, I just want to get to know another friend."

Arya avoided Mr. White's eyes.

Allen stood up slowly, a threatening look in his eyes. "I hope this is the last time you will disturb Miss Arya. Although she is not an artiste signed by the Dahua, I will not allow anyone to touch her. Do you understand?"

His words were euphemistic, but the meaning was very clear.

Moving Arya was equivalent to going against the Dahua.

Mr. White had to weigh the pros and cons of these two sides and could not act rashly. Seeing Allen take Arya and Luna away, Mr. White clenched his right fist and slapped Javier in the face.

"Who do you think you are? How dare you scheme against me!"

"Mr. White, you misunderstand. I didn't know she knew Allen Jones."

Chapter 147 Night Of Walking

"You mean to kill Arya?"

“That’s not what I mean. It’s written clearly in the Star Plan’s regulations. Actors with bad acting skills and bad reputation will not be accepted. Do you think Arya could be innocent after getting involved in such a big storm?”

“But there is no evidence to prove that Arya and Quentin have an affair. I think there may be other secrets. Do you want to ask Director Carter?”

“I am the one who makes decisions here. I have said that Arya does not have the right so she does not have the right. Also, don’t tell anyone about this matter. Although Arya is not qualified to enter the Aorai, she can’t spread the news and obstruct her path. Do you understand?”

The staff could only nod and leave Maria’s place.

Although Maria’s words made sense, it was strange to remove Arya’s name just like that.

Coincidentally, the staff saw Walter and told him what had just happened, “Manager, did Sister Maria do the right thing? I keep feeling that it’s a little strange.”

“She has always been swift and decisive in her work. I think Director Carter should trust her judgment when she entrusted the selection of the Star Plan to her. Arya is indeed a hot topic female star. If such a person enters the Aorai, it might indeed affect the company’s atmosphere.” Walter thought about it and gave an explanation.

He already knew that if Arya submitted her resume, she would not pass the election. Maria could not tolerate her.

He also wanted to see who would be the last person to laugh if things continued like this. In this war, he would not help anyone. At the very last, Arya still dared to enter the Aorai. Her courage was commendable.

But he understood Maria’s temper. She would definitely bite Arya hard and not let her go.

“Alright then, I will go back and delete the files on the computer.” Although the staff felt that it was unfair, there was nothing they could do. The two most authoritative managers in the company said so. What was there to argue about?

“That’s not necessary. Just follow the normal procedure and do it. We are filtering according to the rules. It is fair to everyone who has submitted their resumes and wishes to enter the Aorai.”

The staff replied to Arya according to Walter’s words.

However, Allen received this news first because the mailbox Arya left when she submitted her resume was his.

“As expected...”

In addition, Arya was innocent and had been dragged into the storm. In such a predicament, she could still walk calmly until today. Other than appreciating her acting skills, Melinda also appreciated her character.

Seeing that they were having a lively conversation, Walter broke out in a sweat.

He did not know what Arya wanted to do, but he could not allow things to develop like this. Once Melinda found out that he was hiding the situation...

Thinking of this, Walter took the initiative to join their conversation.

"I still remember on Golden Spear Movie Festival, it was Director Carter who gave Arya the award."

The moment he intervened, Melinda nodded in satisfaction, "Indeed. After that storm, I believe that Arya's future path will be better."

Walter nodded to Melinda.

At this time, Mr. White was on Melinda's right. If they continued talking, it would inevitably make the KB company unhappy. Melinda smiled and withdrew her gaze, refocusing on the stage.

Only then did Arya realize that Walter did it on purpose.

He wanted to stop their conversation and stop her from approaching Melinda. Although she did not know why, she could not continue.

Doing this kind of situation too much would cause Melinda to feel disgusted.

Arya's phone vibrated. It was Allen's message.

"How's the progress?"

Arya replied with a disappointed expression and took a deep breath.

In this circle, it is not strange... but to label yourself as a villain is stared at Arya's face but could not let you watch me walk into the Aorai, and words completely shocked Walter. He never thought that Arya would be Maria insisted she really entered the Aorai, it would be hard with Arya. After Melinda came back and the show ended, they did not talk much. After that, the guests left one at Arya from afar and went to the parking lot go smoothly, he had to

On the way, Arya drank the ginger tea that Allen prepared.

"It is so cold today. If I knew it wouldn't work, I wouldn't have let you come." As he spoke, he more or less regretted it. "I see that you and Melinda are quite close. Don't you have a chance?"

"Not really." Arya rubbed the rim of the cup. "Melinda still has a gold manager under her. His name is Walter Torres. When I spoke to Melinda tonight, he stopped me. Later on, I found out that the resume you helped me to submit in Aorai, he and Maria erased it together."

"According to the time when my resume was returned, Melinda probably didn't know about it at all."

"Even if I told Melinda everything, under that kind of situation, she would not believe me 100% and give on her capable subordinate. I do not want to make the relationship stiffen. Maybe in the end, Walter will pour a bucket of dirty water on me."

Allen's expression was cold, "You're right."

He pulled Arya into his arms, "Don't worry, I will remember this person."

...

Not long after Arya and Allen returned, Melinda also returned home.

On the way, Melinda asked her secretary to find Arya's contact information. She unexpected discovered that Arya's resume was rejected after the preliminary selection of the star plan.

“Indeed. At that time, I might not have that much time at home. What should I do when I miss you?” Arya leaned against his chest and acted spoiled.

Allen gave a handsome smile. “Don’t worry. No matter what, as long as you say you miss me, I will immediately appear by your side. At the ends of the earth, there will be no wind or rain.”

“Really?”

“When have I ever lied to you...”

As he spoke, he kissed Arya’s lips and slowly went deeper.

If Arya's time of gathering decreased due to work, then he would take the initiative to approach her and be her firm backing.

Because he was more inseparable from her than she imagined.

Their marriage would only make them better together. They would support each other and would never leave each other for the rest of their lives.
