In the eyes of Arya, all of this was just a little trick that she had long imagined.

The reporters then pointed their cameras at Arya, "Please explain what just happened in the ward!"

Daniel walked in. Seeing the messy scene in the ward, he gave Arya a hard look. When did she become so careless?

He walked straight to Caroline's side and asked with concern, "Are you alright? You didn't hurt yourself, right?"

"I'm fine. It's just that Arya might have misunderstood me." Caroline had a wronged look on her face.

Even if Daniel didn't say anything, she didn't have the time to watch them show their affection.

Thus, Daniel's assistant snorted coldly. In the eyes of his subordinates, the future Mrs. Parker was Caroline, not Arya.

However, a silent storm was quietly approaching.

Not long after, the news of Arya making Caroline give up her role with the intention of visiting her while she was injured in the ward was once again front page now. Brilliant Entertainment immediately protected Caroline, and didn't care about Arya at all.
