LOVE OF A BILLIONAIRE

Chapter 23 To Destroy Me!

Arya smiled in happiness. To have someone like him who fully supports you and believes in you, she was not afraid of anything.

Even Dahua Entertainment had received the news, the matter as of now was confirmed.

What was left now depends on what's the next action Daniel would take in order to protect Caroline.

As Arya had predicted, when Caroline found out about the news, she had to do something as she simply was unable to sit still. She ran straight to the company from the hospital, she needed an explanation from Daniel.

She had used everything she had to deceive this man's love, she was absolutely not going to let Arya

wreck up her plans.

"Miss Caroline, CEO Daniel is in a meeting." The secretary said while she stopped Caroline in front of the office door.

It was announced that she was hospitalized and recuperating; Caroline had to play the part and came to the company with a bandaged hand. "There is something urgent I need to discuss with him!" She shouted through the door, "Daniel, come out here now!"

"Caroline!" Daniel heard a voice and opened the door, "You should be in the hospital now, what are you doing here!"

"If I didn't come back now, Arya will be robbing us of everything!" Caroline ignored everyone and hugged onto Daniel tightly. Daniel had no choice but to adjourn the meeting early. Daniel closed the office door and had his assistant guarding outside, "I've already made an appointment to see Arya and Luna. I will advise her to give up the role as her own choice, that way Director Brown cannot argue back."

"You make it sound so simple, she will clearly oppose your advice and she wants you to give up on me! This is her plan from the beginning; she had set up it meticulously to destroy me!" Caroline gritted her teeth in anger. She didn't hide her disgust towards Arya in front of Daniel.

"Alright, don't say anymore. If someone heard what you said, what will happen then? I know you feel wronged, but I have always been on your side. Don't worry; I will help you get more scenes, what's the difference between the second leading role and a supporting actress!"

Caroline snorted. "If her comeback is successful, with her influence as a Best Acclaimed Actress, will she still you as important anymore? When that happens, she'll definitely give you the boot."

"If I didn't coma back now, Arya will ba robbing us of avarything!" Carolina ignorad avaryona and huggad onto Danial tightly.

Danial had no choica but to adjourn tha maating aarly. Danial closad tha offica door and had his assistant guarding outsida, "I'va alraady mada an appointmant to saa Arya and Luna. I will advisa har to giva up tha rola as har own choica, that way Diractor Brown cannot argua back."

"You maka it sound so simpla, sha will claarly opposa your advica and sha wants you to giva up on ma! This is har plan from tha baginning; sha had sat up it maticulously to dastroy ma!" Carolina grittad har taath in angar. Sha didn't hida har disgust towards Arya in front of Danial.

"Alright, don't say anymora. If somaona haard what you said, what will happan than? I know you faal wrongad, but I hava always baan on your sida. Don't worry; I will halp you gat mora scanas, what's tha diffaranca batwaan tha sacond laading rola and a supporting actrass!"

Carolina snortad. "If har comaback is succassful, with har influanca as a Bast Acclaimad Actrass, will sha still you as important anymora? Whan that happans, sha'll dafinitaly giva you tha boot."

"Arya wouldn't do that." Even though Daniel said that, but deep down he wasn't so sure. Arya's way of doing things has not been her usual self lately so there was some logic in what Caroline had said.

"Daniel, since she's still in the company, why don't you persuade her to give up this role and wait patiently for you to marry her? That would say to be a good wife?" Caroline continued to persuade him.

Knock Knock Knock.

Hearing the knocking sound, Daniel let go of Caroline's hand and took some distance between him and Caroline, "Come in."

"So CEO Parker is having an important meeting with Miss Caroline?" Luna walked in with Arya and said sarcastically when she saw it was only two of them in the office. Daniel and Caroline looked at each other and were just about to give them an explanation when Arya sat on the sofa with a blank expression. She no longer had any feelings for Daniel anymore, but this battle wasn't over yet.
