

LOVE OF A BILLIONAIRE

Chapter 24 Who Are You to Decide?

“Luna, Daniel did it for the company. Well, the news said, you and Caroline are innocent, aren’t you, my fiancé?” Arya said in a cold tone while looking at Daniel.

“Yes, of course!” Daniel quickly sat beside Arya, “Arya, think of it this way, that you are my biggest support. I’m very lucky to be able to marry you.”

Arya sneered deep down as she kept a distance from him. She gave Luna a glance.

“Here is the contract Director Brown sent over. Arya already signed it, all that’s left is for CEO Parker to seal the deal.” Luna threw the contract onto the table in a domineering manner. Seeing this happen, Caroline gritted her teeth with hatred.

Daniel was stunned, “You are really going back to acting? Arya, I don’t agree with you on this.”

Arya said, “Oh really? What’s your reason? Are you afraid that I’ll steal Caroline’s limelight? I really want to know who is your fiancée and who is an outsider here.”

She casually looked at Caroline, but this made Daniel panic.

“Arya, stop joking around!” He put on a stern face.

“We are going to be married soon. If you go back to acting, doesn’t that mean you are giving me up? Are you sure that is what you want?”

Caroline added, “It’s only the second female lead. They clearly don’t think that highly of you. Arya, don’t let them take advantage of you. It’s better for you to refuse the role.”

According to Caroline, as long as Daniel was on her side, Arya would reject the role. After all, because of her, Daniel failed to keep his many promises to Arya. This time would not be an exception.

Even Luna could not stand their collaboration.

“CEO Parker, don’t forget you also signed Arya as an actress for the company. Aren’t you a bit biased doing this?”

Caroline snorted. “What do you know?” Then she on the other side of Arya, picked up the contract, “This kind of contract is one you don’t even like, right? The role doesn’t even match up with your status as the Best Actress. Arya, just tell them that you won’t ...”

“Are you my agent? Who are you to decide what work I take on!” Arya stood up. Sitting in between them was

making her sick.

She asked coldly that her voice echoed in the office, “Daniel, let me ask you straight, are you going to let me act in this film?”

Caroline retorted furiously, “You’re just jealous of me and want to overshadow me.”

“Miss Caroline, I am talking to my fiancée. If you say one more word, I’ll use my identity as the CEO’s wife of Brilliant Entertainment to kick you out!” Arya said in a cold office. She would not tolerate her attitude any longer.

“You ...” Caroline was shocked to being speechless. Arya never treated her like this before.

Daniel frowned as he saw Arya’s expression. Arya, in all these years with him, he has never seen her loose

her temper like that. This emotion made him feel very uncomfortable. This will not look good if he lets this continue. He picked up the contract paper from the table, "No need to say anymore, I will properly think over this matter and let you know my decision tomorrow at the earliest."

Evan Luna could not stand their collaboration.

"CEO Parkar, don't forget you also signed Arya as an actress for the company. Aren't you a bit biased doing this?"

Carolina snorted. "What do you know?" Then she on the other side on Arya, picked up the contract, "This kind of contract is one you don't even like, right? The role doesn't even match up with your status as the Best Actress. Arya, just tell them that you won't ..."

"Are you my agent? Who are you to decide what work

"Miss Carolina, I am talking to my fiancéa. If you say ona mora word, I'll usa my idantity as tha CEO's wifa of Brilliant Entartainmant to kick you out!" Arya said in a cold offica. Sha would not tolarata har attituda any longar.

Arya nodded in agreement.

“I’m not feeling well, so I’ll leave first!” Caroline said deliberately as she quickly walked out, looking extremely furious.

Daniel kept his eyes on Caroline’s back as she left. Arya saw the expression on his face. Why was that, she had not notice his eyes were already on someone else before?

Fortunately, she has woken up and was clear on what

she needed to do.

Getting this role was only the first action to take place.

In the past, she was used and taken advantage by others but now things have changed. She was not the naïve little girl she once was.

“You must be busy. I’ll be leaving too.” Arya did not want to stay in the same room as Daniel.

“Wait a moment” Daniel took out the cease of contract he had prepared, “About the rumors and exposure, I’ve never investigated it out of respect for you. But if you insist on taking this role, then let Luna go.”

He gave Arya an ultimatum, he had to control her.

Since the day Luna admitted she made his private life public online, Daniel wanted to get rid of her.

“Then ...” Arya gave an awkward expression as though she was put in a dilemma.
