

LOVE OF A BILLIONAIRE

Chapter 3 Beginning of Retaliation

As soon as Arya returned home, she began to pack her luggage. Tomorrow, she will move away.

She also knew that her actions today were too audacious. She had actually managed to get a stranger to marry her at the Civil Affairs Bureau! The man was non other than Allen Jones, the God of entertainment industry!

She didn't regret such a decision. The ones who should be regretting it, were the scum of man and his woman.

"Arya, it's Daniel. What are you doing? Open the door." Daniel Parker stood outside Arya's apartment door, shouting anxiously.

Arya had actually secretly changed the password on

her apartment's door. Was the matter between him and Caroline being discovered!?

"Why are you here?" Arya still maintained a calm attitude although she was burning with anger. It was not the time for her to have a showdown with him yet.

Daniel looked at her for a long time in confusion, but didn't find anything abnormal, thinking that she just didn't sleep well, so he went to the point and explained his purpose, "Caroline is injured, so you can go to the audition to help her tonight. When you get to the hotel, remember to wear a mask and you should get through easily."

"Sneak through?" Arya narrowed her eyes slightly. "The reporters should have received the news that Caroline is being hospitalized, right?"

Since Daniel wanted her to be Caroline's double, he

should first use his brain!

"I've already arranged for Caroline's agent to cooperate with you. Besides, Caroline was only injured because of you. You're too heartless not to help her save the situation!"

This role is very important to Caroline's future career. Otherwise, Daniel wouldn't have come here.

Only someone like his could say such shameless words. It was only now that Arya realized how terribly she had been tricked and used in the past, even running errands for Caroline.... So it turned out that her value to him was limited to this.

"Alright, I'll go." Arya suppressed her hatred and nodded in agreement.

Since he were so persistent on her going, she would

do well tonight and live up to his expectations.

"Remember to go to the audition on time and don't make any mistakes!" Daniel said while he stared at Arya.

He didn't notice her change and tuned to leave, anxious to comfort Caroline in hospital.

Arya calmly watched him leave. She firmly told herself in her heart that she would personally see them perish together with her own eyes!

After closing the door, she sat alone for a long time before she took out her phone and told her manager, Luna everything that had happened.

"No way, does he not have a brain? To have you audition on Caroline's behalf? Caroline's acting skills are too mediocre, isn't he afraid of being exposed?"

On the other side of the phone, Luna slammed the table in anger.

"I agree." Arya was incomparably calm as she looked at the photo that had been put away.

"You really want to go?" Luna understood Arya's personality. Once she has decided, no one would be able to stop her.

Arya lightly kicked away the feet. Her calm expression reflected in the mirror," Luna, I know you care about me, but there are some things I must do. Help me contact the television station's reporters and tell them that I have big news for them."

"In the past, I was foolish and naïve because I cared too much about the relationship between Daniel and myself, I trusted him too much. Since they dare to use

me again and again, they will pay the price."

Her words made her manager, Luna, very pleased. She had sincerely followed Arya and never left her. She had been waiting for this day to come when she would wake up.

"Don't worry, I'll always be on your side and support you!" Luna paused for a moment before asking, "However, what do you plan to do?"

"He dares me to audition for Caroline, but it's certain that I can't show my face. Then, I'll reveal my identity in public and use this as an opportunity to expose the unfair contract I signed with Brilliant Entertainment all those years ago."

"I understand. Go ahead and do what you want, you have my full support."
