Chapter 351 A Choice That He Could Not Refuse

The next morning, Raul and Serena took a plane to Australia first. Arya and Allen took the next flight and arrived at 8 PM.

Since the invited guests were all insiders, Raul allowed a few media reporters to be present. However, Raul had explicitly requested that the reporters only report the details of the wedding and follow the order of the wedding venue. They could not ruin his wedding just to write the news.

Of course, the reporters agreed one by one. Being able to interview him at the wedding was already a very good opportunity. Who would mess up their job?

The reporters arrived at Australia's wedding venue one after another. There was also a wedding ceremony organization responsible for the wedding ceremony. They were responsible for providing the cameramen and makeup artists for the wedding...

Arya had asked Luna to arrange this job for Stanley. He was wearing the uniform of this wedding ceremony organization. He was holding a camera in his hand. When he received the work arrangements, he was completely dumbfounded.

His job was to shoot Serena the entire time!

And he had already arrived at the wedding venue of Australia's castle and could not leave.

"What's wrong? Quickly go over there and help!" The person in charge urged Stanley.

"I..." Stanley held the camera in his hand. He was so stunned that he did not know what to say.

The person in charge shook his head when he saw Stanley's reaction. "No matter what grudges you had in the past, this is the wedding day. No matter what, you should put it down, right? Furthermore, Serena had promised to let you film under such circumstances. She told you not to hide and you can have a normal job."

"Isn't this the best choice for you?"

Stanley suddenly became silent. He thought of the two of them and asked, "Will Arya and Allen also come?"

Only the artistes themselves knew that they had to hide their real sorrows.

Serena, who was hiding in Raul's arms, could not help but cry.

Stanley stood in the middle of the staff wearing a black cap. After listening to Raul's words, he lowered
the brim of his hat. His heart was in turmoil and could not calm down for a long time.

"Well said!"

"I wish you all happiness for the rest of your lives!" Everyone stood up spontaneously and applauded the
newbies.

Someone noticed Allen and Arya holding hands as they walked over.

"The boss is here!"

"And Arya..."

Allen walked in slowly with his tall and straight body. He looked like an emperor. Arya, who was holding
his arm, was wearing a short silver-white dress. Along with her black hair, she looked like a celestial
being.

Allen wanted to go and greet Raul first, but when he saw their current condition and position, he frowned and took Arya to the guest seat.

"Director Jones, Raul said he was the most handsome man in Dahua!" Someone deliberately joked.

Allen and Arya sat down together and said calmly, "In Serena's eyes, he will always be, but in other people's eyes, he may not be..."

"Haha..."

Everyone clapped their hands and praised. It turned out that the people of Dahua were all so funny and humorous!

From Allen's reply, it was not hard to tell that he was in a good mood today.

"But now, only Director Jones is left alone in the upper echelons of Dahua, right?"

"Director Jones, where is the wedding venue for you and Arya? Why don't we hold it here too? We still want to come again!"

Chapter 353 Things Are Difficult To Control

At the romantic wedding venue, Raul and Serena walked side by side, stepping on the rose petals and walking in front of the bride.

When Arya saw this, she was happy for Serena from the bottom of her heart. It was just that their wedding venue did not have parents from both sides attending. It was more or less a pity.

At this time, on the other side of the ocean, a well-known blogger posted an article. The content was very extreme. It claimed that there was an unspoken rule within the Dahua that Skylar was allowed to act in the major production of "Memory Fragment."

They even said that Skylar was an out-and-out whore...

When the netizens saw such sharp words, they fell into discussion. Someone dug out the blogger's previous articles and status and discovered that this person was actually Arya's fan!

Some time ago, the reporters had once reported that Arya and Skylar did not get along. Because of the matter of the female lead of "Memory Fragment," there had been unhappiness. Now, this blogger's article ignited the argument between two artiste fans once again.

Skylar's fans were completely enraged.

"Our Skylar worked so hard that even Director Bieber approved of her acting skills. What are you clowns cursing at now?"

"It's Arya's fans again. Why is this Arya so troubled?"

"Do you think you can do whatever you want in the entertainment industry just because you're close to Director Jones? How shameless!"

"Isn't there anyone else in the Dahua?"

Arya's Fans Group also began to investigate the identity of the blogger. When she realized that her account had been stolen, Arya's fans immediately clarified it publicly, but Skylar's fans did not buy it at all!

One side insisted on getting an explanation, and in the end, it actually developed into a real battle!

Then very quickly, the news of Skylar's fans being hospitalized spread...

No one could tell whether these things were true or false, but if they allowed the situation to continue, then the one who would be harmed would only be the artiste they liked.

Arya had always been very easily blacklisted, so when Martin received the news, he immediately asked Public Relations Department to take care of it and try to control the situation. Then, he immediately dialed Allen's number to report.

Chapter 354 Be The Enemy

After Arya returned home, she immediately contacted Luna and the two of them investigated the real
identity of the blogger.

When Arya logged into Luna's account and entered the Fans Group, she did discover that the account
was in her Fans Group and the account owner immediately told everyone that her account was stolen.

However, within a day after her account was stolen, someone who claimed to be Arya's fan went to beat
a person up! Furthermore, he directly sent Skylar's fan into the hospital!

It was just that the fans who beat people had never appeared in the group before. No one knew that
there was such a character in the group...

Then, the matter was already very obvious.

Someone stole her fan account and then pretended to be her fan to "uphold justice" for her.

However, these things were far too far away. Because of Skylar's absence, the production team was
already paralyzed.

Because everything was exposed online, Skylar stood up for her fans and paid a high breach of contract
fee. She also wanted the Dahua to give a response. This way, the fans were very willing to buy it. Even
many passerby netizens stood up to support her.

But the Dahua and Arya were ruthlessly blackmailed...

Arya used Luna's account to speak in the Fans Group, "The matter is currently being dealt with. If you
have evidence, you can contact Luna at any time. Thank you everyone!"

"Arya? Is that you?"

"Wow, it must be Arya!"

The fans were very excited to see Arya again in the Fans Group! Everyone was very united. As long as Arya told them not to fight and wait, they would definitely be quiet.

"Because of some reasons, everyone has been wronged. But I don't want to see any of you get hurt!"

"Arya, we did not do those things. We were all slandered!" A fan said.

"I believe you!" These three words were the clearest response from Arya's side to her fans.

Chapter 355 Conference Disputes

No matter what doubts the outside world had about the way the Dahua was handled, the matter had already been handed over to the police. If there were any more criticisms, they could use the legal means to fight back.

After dealing with it like this, the Dahua would have the initiative.

All this time, Allen had always been a very swift and decisive person in the eyes of the directors of the Dahua. But this time, he was too indecisive. Could it be that what the media said was true?

He had now had a beauty in his arms and become a hero. For the sake of Arya, he did not care about the interests of the entire company!

Hence, the directors of Dahua requested to hold a temporary meeting!

Originally, this level of disturbance did not reach the stage where an emergency meeting was needed to deal with it. With Dahua's Public Relations Department's ability, they were completely capable of dealing with it. However, Xandra and her father had been trying to sow discord between the board of directors and Allen. In addition, ever since they signed Arya's contract, Allen had made many exceptions for her. That was why the directors had a lot of doubts and dissatisfaction towards Allen. They were worried that he would ruin Dahua's future for a woman.

Before Allen went out, he saw Arya's worried expression. It was completely different from her usual confident expression. She kept looking at him with hesitation.

"Are you worried?" Allen gently wrapped his arm around her waist and asked in a low voice.

"Yes, will the directors..."

"Your husband can settle this matter." Allen explained very seriously to Arya, "I am just enjoying the process of this game."

And he would always be the final winner. Arya firmly believed this. She knew that Allen's ability was unfathomable.

"But I remember you said that if someone bullied me, you would stand up for me?"

"Of course!" Arya looked up from his embrace, "I can always..."

Chapter 356 Reverse Situation

Allen leaned back in his chair and said indifferently, "Alright. Since everyone is here for the development of the company, then the matter will be easily resolved. I will give the order immediately to stop the development of the situation and change the direction of public opinion. I believe that everyone hopes for an outcome. They have placed their hopes on the future of Dahua. They won't leak the news at this time and drag the company back. Martin."

Martin immediately took out the prepared solution and sent it to the directors.

After seeing the solution, the directors felt that it was reasonable and correct. Their expressions eased up a lot.

However, when Mr. Biggs got the solution, his heart was beating fast!

Allen had said everything. The person who leaked the secret was the mole!

Once he told his daughter, their conspiracy would be exposed.

But if he did not say it, then this game of chess would be in vain!

"Mr. Biggs doesn't look too good. Do you have any objections to this plan?"

"No..." Mr. Biggs frantically flipped through the proposal and no longer raised his head.

"Since everyone agrees, then I will immediately send someone to resolve it, so everyone needs to supervise each other. Once someone leaks the contents of this proposal, don't blame me for being merciless." Allen warned everyone sternly.

After that, he walked out of the meeting room with a meaningful smile.

His expression really shocked all the directors. In fact, all the directors knew very well that the reason why Dahua could have today was because of Allen's deployment and control. As long as he did not lose his mind because of Arya, they had no reason to go against their CEO's wishes.

Chapter 357 Want The Script Of Memory Fragment

Allen's goal was definitely not to make the other party shut up.

He continued to ask Martin to cooperate with the police to investigate the identity of the false powder and continue to extract evidence.

Originally, according to Xandra's plan, Skylar should have already left the scene at this time. But now, she could only hide at home and did not even dare to leave the door!

Originally the person who was in a difficult situation, the actress who was being spurned by the entire internet should be Arya!

In the end, Skylar was like a joke. For the sake of fake fans, she refused to act and even offended the Dahua. Now, even her Brokerage Agency could not come up with any countermeasures. The company would very likely give up on her!

What she did was equivalent to cutting off her own path of stardom.

"You're the one who caused me to become like this!" Skylar shouted into the phone, "I want you to immediately delete all the evidence in your hands! I am no longer of any use to you!"

"I already said that Allen is not that easy to deal with. He is a born emperor. No one can escape his control."

"I admit defeat. I should not have placed my hope on you. If it was not to protect Arya, Allen could have stopped the whole thing with just one sentence. He has already seen through everything and is just enjoying the fun of playing tricks on you."

"Shut up!" Xandra also shouted, "You are still useful to me! I want the script of Memory Fragment. You immediately think of a way to get it for me."

"What?" Skylar was getting more and more unable to understand the actions of this madman.

"I founded a Brokerage Agency last month. Memory Fragment will be my first movie, and you will be the first artist I sign!" Xandra was still scheming.

"Don't even think about it!"

"Huh, you don't agree? Then I'll wait for your scandals to be reported! Anyway, I've lost too. Why don't I drag someone down to hell together?"

Skylar heard the sound of the phone being disconnected. She fell onto the sofa and screamed in pain, "Madman!"

Chapter 358 Your Role Has Been Changed

Arya seriously looked into Allen's eyes, "There is no need to talk about this between us."

She did not want to compete with Skylar for this role, but because of their scheme, it affected Allen's shooting of this movie. Arya would not watch them destroy Allen's dream.

Originally, Skylar's Brokerage Agency held a big and small attitude. They thought that if the fans and netizens had enough discussion, this matter could be fooled, but the Dahua would not give them the chance to escape responsibility!

Because the situation continued to ferment, the Dahua and Arya completely controlled the situation and stood on the moral high ground.

"What kind of Brokerage Agency, what kind of artiste is there? How laughable..." Luna sat in front of the television and watched Skylar's Brokerage Agency's Artist Director being interviewed live. She angrily spat, "They still say that they are willing to settle peacefully, Skylar will continue to act! Do they really think that they have the final say in everything?"

"The one who doesn't act is her. The one who continues to act is also her. She really has no position! Disgusting!"

"However, Arya... you have already read the script for two hours. Don't you need to take a break? Also, why did you ask me to reject the invitation for nearly two months of advertising and the fashion show invitation so that you can have some free time?" Luna thought about what Arya had instructed her to do and asked in surprise.

"Don't look anymore. Even if you look anymore, it will still be Skylar..."

Halfway through her words, Luna was stunned. No matter how slow her reaction was, she now somewhat knew what the couple was preparing to do.

It was just that Arya did not say anything, so she did not ask again.

Now that Skylar's scenes were about to be finalized, it would be a huge loss for the Dahua to replace her. For the actress who took over Skylar's role in the team, the outside world's pressure would be even greater!

What she could do was support Arya's decision unconditionally. She also believed that if Arya entered the group, she would definitely act better than Skylar!

"Continue watching the news. Tell me if there are any breakthrough developments."

Arya did not say much and continued to read the script.

Luna saw the draft and confirmed her thoughts. She immediately ran over to Arya and asked, "Did they really change? Is it you?"

Arya nodded, "It's me."

Furthermore, she was about to enter the cast.

Although Luna was a little mentally prepared, she was still very shocked.

"But if you go to the cast and crew directly now, won't you arouse the disgust and ridicule of the crew? Last time, I felt that the male lead, James, doesn't like you, and there are other supporting roles..."

"Don't worry, I will think of a way." Arya carried her luggage and said to Luna, "You should also quickly pack your things. For now, you must accompany me every day during this period of time, just in case."

"No problem. It's just that the boss is not going?"

"He is not going."

There were some things that she wanted to do personally, such as letting those who looked down on her witness her strength!

Luna looked at the time and immediately went back to prepare.

No wonder Arya would reject the recent schedule. For the sake of Allen, she did not hesitate to stop her advance into the international film industry. She knew better than anyone how important this movie was to Allen. She wanted to act!

Sooner or later, she would win the international award of movie queen. Now, she wanted to concentrate on this movie...

"Okay, I will unconditionally support you! This time, let those guys have a good look at what real acting is!" Luna immediately ran out and went back to pack her luggage.

Arya watched her leave and suddenly felt very emotional. Luna had been accompanying her since she was in Brilliant Entertainment and had to go through the hardships of her comeback step by step. Until now, she was about to become movie queen's assistant but she hadn't stop...

This movie was also the first time Arya had acted as the female lead after signing the contract with Dahua. No matter how much pressure there was, she had to act well!
