### Chapter 391 The Old Master Wants To See You

Arya listened to her question and her eyes darkened.

"Have you said enough?"

"If you continue, I will make the word 'Morrison Family' hang on every entertainment post's 'Hot Search List'."

Georgia was stunned, "You dare!"

"Why wouldn't I dare? Originally I was planning to get rid of the news, but when you say so, I suddenly have the urge to change my mind."

"Regardless of whether I'm going to make a comeback or take a breath, I never thought of borrowing the reputation of the Morrison Family. Since I've come to this day, it proves that I don't need any background from a perfume family. Please don't call me to find a sense of presence. I don't want to hear your voice."

"Why don't you know your own limits after so many years?"

Arya was too lazy to continue and hung up the phone. However, there was a trace of deep emotion in her eyes.

She had buried her background deep in her heart. Why did those people come to torture her?

Could it be that Noble Miss, who came from the Morrison Family, was what she dreamed of?

"Miss Arya, are you alright?" Louisa was by her side with concern.

Arya shook her head and smiled. "I'm fine."

After so many years of wandering alone, she had long learned to hide her true feelings. Other than towards Allen, she wouldn't show her emotions to anyone else.

Thinking of him, Arya's somewhat troubled mood gradually calmed down and even had a trace of warmth.

She had once given up everything for love and was willing to give up everything. But now, she did not want to do that. She wanted to stand on the most dazzling stage in the world and be worthy of Allen.

So, she couldn't retreat.

Someone knocked on the door of the room. Louisa looked at the time. "It might be the crew. I will go and open the door."

Arya hugged him desperately. It was only now that she realized how important this man was to her. In the face of choices, she would only choose him.

"Allen..."

"I'm here."

"You are the most important person in the world to me." Arya's tears kept flowing.

"I know." Allen felt his heart ache. He wiped the tears from her eyes and hugged her tighter. "You are the most important person in the world to me."

Arya closed her eyes and slowly organized her thoughts.

Until they hugged for a long time, Allen slowly let go of her. "Let's go back. Tell me every word of your conversation."

"Okay."

Allen hugged Arya's shoulder. He did not like Eldritch very much.

Eldritch Morrison could be angry with him, but why did he bully Arya?

Even the elders of Morrison Family couldn't make Arya cry.

Allen comforted Arya for a long time before she calmed down. The two of them hugged each other and lay on the bed.

Night slowly fell.

"I have already coordinated with the production team. Your play today has been postponed, so let's rest for today."

Arya nestled in his arms and rested her head on his chest. She listened to his heartbeat and shook her head. "I have recovered. I can go and film after resting for a while."

"Okay, you can do whatever you want. No matter what you do, I will accompany you." Allen would not force her to do anything. After listening to her conversation with Old Master Morrison, he suddenly realized how much suffering and suffering Arya had suffered since she was young.

In the Morrison Family, she had endured so much pressure. Not only did the members of Morrison Family pressure her, but she also felt guilty in her heart.

Just thinking about it made his heart ache.

Louiso felt very uncomfortable when she saw Aryo feeling so uncomfortable.

"Miss Aryo, don't take it to heart. The company is already handling it. It should be very soon..."

Aryo smiled and shook her head, "It's nothing. What they said is also the truth."

The more she acted like this, the more worried Louiso was. Especially when it was almost the day of their public marriage announcement, "If such news is made, will it affect the opinion of the Jones family towards you?"

"No work arrangements in the morning, right? Prepare the car. I want to go to the Morrison Family."

She could not allow Georgio to bully her like this and ruin her life. If it was in the past, she could pretend that nothing had happened, but now it was different.

She was not alone. She would not give anyone the chance to criticize Allen.

"Then should we tell the boss?"

"Yes, but I will go first. I can't wait a minute."

Louiso immediately asked the driver to come over and send Aryo over. After that, she stayed in the hotel to deal with the reporters. When she saw Aryo get into the car and leave, her feelings were indescribably complicated.

Just like the Morrison Family, the Parker family's family environment was also very complicated. Everyone was scheming against each other. For their own benefits, they constantly hurt others.

Could it be that there was no kinship in such a family? Exactly how much power and money did one have to do such a ruthless thing to one's own family?

Aryo sat in the car and her mind was blank. She did not think of anything.

She knew very well why Georgio did this.

It was because Old Master Morrison came to look for her. So Georgio could not sit still.

She did not hesitate to expose the scandal of the Morrison Family to prevent Aryo from returning to the Morrison Family.

However, just as the car was halfway there, the driver received a call from Louiso. He immediately slowed down and parked the car by the roadside.

"What's wrong?" Aryo asked.

"Director Jones is on his way here. He will personally send you there."

Very quickly, Allen's car stopped in front of their car.

He opened the door and got out of the car. He said to Arya, "Let's go together and announce our marriage."

Arya's face did not show any expression, only indifference.

Her eyes were filled with a cold light, making people not dare to look her in the eye. Her aura was not as dangerous as Allen's, but it was filled with repression and determination.

She was not joking.

If Georgia did not listen to her warning, she would make Georgia regret it forever.

Aryo did not pay attention to Georgio anymore. She turned around and bowed to Old Master Morrison. "Those news will disappear soon. Grandfather, please rest assured that I have disturbed you today."

After saying that, Aryo turned around and walked out.

But...

"You quit the acting circle. I will let bygones be bygones!"

"Grandpa, you know I won't do that. I made it very clear yesterday." Aryo did not turn around. Her voice was a little low.

"If you leave today, I will never give you another chance. You will be like Georgio and will not be my granddaughter anymore!" Eldritch hit his walking stick hard. "Georgio is wrong, but it does not prove that you are right. If you do not show up in the entertainment circle, will today's situation happen?"

"Maybe you misunderstood. I never thought of making the Morrison Family lose face."

"The competitions that you are participating in right now, the advertisements that you are shooting are just making the Morrison Family lose face!" Just like Georgio, Eldritch didn't like actors at all.

"If you continue to misunderstand, I have no choice."

Eldritch's anger was provoked by Aryo again. "You can ignore my words, but you don't even want your biological parents?"

"Aryo, come back. We are family after all. What can't we sit down and talk about?" Mr. Morrison stood up and tried to persuade her.

Aryo shook her head.

There were some things that she could not turn back once she took the first step. Moreover, she did not want to return to the Morrison Family.

Just as Aryo was about to leave, Mrs. Morrison opened her mouth with a sob.

"I was the one who let her down. She hates me and would rather not have a mother like me..."

"If I were not in this world, perhaps the burden in her heart would not be so heavy." Mrs. Morrison covered her face and cried.

Mr. Morrison hurriedly comforted her, "Aryo will not think that way. Don't say that."

**The people of Morrison Family subconsciously wanted to stop them, but they were all stopped by the bodyguards Allen brought with him.**

**The bodyguards protected the couple as they walked out of the gate of Morrison Family!**

**The butler of Morrison Family and the servants could only watch helplessly as the domineering man took Arya away.**

**Old Master Morrison furiously knocked on his walking stick. He never thought that things would develop to this stage. From now on, not only did he lose a chance to save Arya, but he also left an insurmountable gap between them.**

**"Arya, why didn't you tell your family about such a big thing as getting married? Does the Jones Family know about your marriage?" Mr. Morrison shook his head in surprise.**

**Mrs. Morrison's expression, however, had returned to normal. She even revealed a mocking smile. "My daughter is better than me. She is more promising than me. She married a man who can protect her."**

**"In the future, you don't need to be treated like me."**

**"Astrid, what are you talking about?" Mr. Morrison pulled Mrs. Morrison back. "Don't say things like that to make things worse. Don't you think there aren't enough things?"**

**Mrs. Morrison ignored Mr. Morrison and walked into the bedroom with a cold smile.**

After so many years, for the first time in her life, she felt that she had straightened her back in front of the members of Morrison family. It was her daughter who let out a sigh of relief for her.

The younger siblings of Morrison Family all witnessed that scene just now.

Georgio's anger had already reached the extreme. Allen actually really worried Aryo?

Gabriel had no interest in these fights. On the other hand, Samuel who was beside him revealed an excited look, "Brother, I didn't see wrongly, did I? Is that really the CEO of the Dohuo Group?"

### **Chapter 396 Announce Marriage**

"Propose, propose!"

"Director Jones, quickly propose to Aryo!"

Everyone kept shouting and cheering. The entire scene was surrounded by the sound of blessings.

However, Allen only calmly took out their marriage certificates. "We are already married."

Since everyone was ready to hear their marriage announcement today, there was no harm in showing  
their marriage certificates one more time.

Allen's action stunned everyone. It was really unexpected that they were already husband and wife...

"Heavens, you guys have already gotten a marriage certificate?"

"Wow, this is so lucky. Luckily we did not bully Aryo. Otherwise, we would have suffered a lot!"

"The wife of the president!"

"There is actually a reporter who said that Director Jones can't marry Aryo. This is a slap in the face."

Reporter?

Allen's expression became a bit more serious. Today, he only announced his married relationship with Aryo to a small extent, mainly to tell the people of Morrison Family. Now, he should tell the whole world.

"Bieber, I'll treat everyone to dinner tonight. Aryo and I will leave first."

"Thank you, CEO Jones!"

Everyone in the crew cheered. This was President of Dohuo's treat, so of course they had to go.

After that, Aryo took the initiative to thank Jones, "Brother Jones, thank you for taking care of me during this period of time. I will treasure the book you gave me."

"It's fine as long as I can help you. There will be opportunities for cooperation in the future." Jones smiled.

"I will work hard."

If Aryo wanted to act with him again, she would need to work harder.

"I wish you and CEO Jones a long time."

"Thank you..."

During this period of time, she had really learned a lot from the filming crew. From this day onwards, she had to use her best condition to do well with Mrs. Jones.

"Aryo will be o member of the Jones Family after she marries you. She won't have anything to do with the Morrison Family in the future."

Allen said coldly, "But I don't want to see her suffer o little."

"Your public marriage is the best protection for her." Roul thought about the comments on the Skynet o few days ago. "Many reporters and passersby said that you would never get married."

"The Morrison Family is adding fuel to the fire." Allen snorted.

Roul stood up and said, "I will go to the meeting room and check it out. I will make sure nothing goes wrong."

"En." Allen waved his hand.

He wanted to do everything he could to protect Aryo, but when he encountered something like the Morrison Family... There's always something he can't do... However, one day, he would make the Morrison Family pay the price.

Half an hour later.

Aryo, who was dressed up, stood in front of the mirror. The dress she was wearing was both luxurious and noble. It was tailor-made for her by o high-end custom-made brand called WILLIY. With the beige skirt that accentuated her waist and the hollow design on her back, she looked like o fairy.

Moreover, the price of this dress was quite beautiful. It was not something that an ordinary actress could afford.

In addition to her diamond accessories and the high heels on her feet!

"Did Director Jones prepare all of these? He really pampered you too much." After Louisa heard the makeup artist's introduction, she could not help but sigh, "I'm afraid that even if you want the stars in the sky, Director Jones will take them off and give them to you."

"He knows that I don't like these things. I just want to tell the people outside." Aryo said with a faint smile.

"The Morrison Family is anxious to get rid of your relationship with you. They said that you were abandoned by the Morrison Family and will be kicked out of the entertainment circle in the future. But now that Director Jones has announced your marriage, it means that you are already a member of the Jones Family. Let's see how surprised those people are. They deserve to be slapped in the face."

The Morrison family should be very surprised to know this news.

"It's about time to leave." The makeup artist urged.

It had to be said that Aryo was the most beautiful person she had ever seen. Not only did she have outstanding looks, but she also had such a good body proportion. There were really not many female stars.

For this press conference, Raul had put a lot of thought into it.

The venue for this press conference was set at the five-story hotel closest to the Dohuo. It was the capital of the Blue Ocean. From the first floor to the third floor where the hall was located, every checkpoint had security personnel working together. No one who was not invited was allowed to enter.

"Quick, take a picture. Director Jones is going to refute the Morrison Family's statement."

"If Aryo is the Morrison Family's daughter, why would the Morrison Family make such a statement? Or is it that her mother is really a mistress?! The Morrison Family was forced to sacrifice Aryo to make such a statement."

The media were all guessing and looking forward to Allen giving a clearer answer.

"No matter what the story Aryo's mother and the Morrison Family have, it is a matter of the previous generation. I hope it does not involve Aryo. As the president of the Dohuo and Aryo's Exclusive Broker, I will pursue the responsibility of all the rumors. Once they are found, they will be severely punished."

The meeting hall was completely silent.

Allen's words were too shocking, and what the reporters did not expect was still going on.

"In the end... I will represent my wife, Aryo Morrison, to lodge a complaint against the Morrison Family." When Allen finished his sentence, he raised his left hand.

There was a wedding ring on his ring finger!

His voice lingered in the meeting hall for a long time.

"Wife?"

"Did I hear wrong?"

"They're married?"

The reporters seemed to have gone crazy. If it wasn't for the security guards controlling the scene, they would have rushed up to the stage to interview Allen.

This news was too explosive. Allen actually publicly announced that he and Aryo were husband and wife?

When did this happen?!

They were actually married!

"For the sake of the family's reputation, the Morrison Family made such a choice. I can't understand it. They are obviously related by blood, why wouldn't they admit it? This incident has already caused great harm to my wife. I can't allow this matter to continue. I will use legal means to make the Morrison Family pay the price."

### **Chapter 399 The Old Man Is Ill Again**

Aryo's eyes were already filled with tears after she finished speaking.

Her voice was a little choked. When she looked up again, there was a touched smile on her lips.

Many reporters were deeply moved by her words. No matter which industry it was, they would hope that their other half would unconditionally support them, especially a career like a female star that received attention from the outside world.

"Aryo, I wish you all good luck!"

"I wish you all happiness for a long time!"

"You must be happy!"

"Aryo, persist until the end. Let those gossipers go to hell!"

Aryo received everyone's blessings and held Allen's hand with a smile.

"Everyone, I hope everyone can report today's press conference well. I also hope that in the future, we can work together with Dohuo and make the atmosphere in the entertainment circle better and more sunny!"

Roul said in a timely manner, "After the press conference, there will be a banquet waiting for everyone in the conference room on the 8th floor of the hotel."

It was indeed the style of the Dohuo.

In such a high-end hotel, treating all the reporters in the city to a meal...

When the reporters heard this, they all became excited.

At this moment, the news of the press conference and the small video were uploaded online. Of course, this was all within Allen's expectations.

"Wow, I've finally waited!"

"They finally announced it? Boss Jones's expression was too cool! So passionate..."

"Aryo's figure is too good. As a woman, I am so ashamed."

"She actually announced her marriage directly. Those people from the Morrison Family are probably going crazy from anger! They thought that they could threaten Aryo. This is good. How painful is the slap on her face?"

"Regardless of whether Aryo is related to them by blood or not, releasing such a statement at this time is indeed going overboard."

"That's right. Our Aryo does not care about the position of Miss Morrison Family at all. She will just be Mrs. Jones!"

...

At this moment, the Morrison Family was completely silent.

Allen used the media advantage of the entertainment circle to quickly turn the situation around.

"Alright, stop arguing. The most important thing right now is the old man's health!"

Mr. Morrison shouted fiercely and looked anxiously at the closed door of the operating theater.

Mrs. Morrison looked at him indifferently. Her eyes were full of disappointment.

At this time, she was also worried about Old Master Morrison's health, but... because of this, could she allow Georgio to hurt Aryo again?

For so many years, why did she keep her head down?

Mrs. Morrison quietly sat by the side and did not speak anymore.

Georgio, on the other hand, arrogantly snorted. "If anything happens to Grandfather, I will not let you and your daughter off!"

After nearly two hours of surgery, the doctor walked out. The members of Morrison immediately surrounded him. Mr. Morrison quickly asked, "How is my father?"

"The patient is out of danger, but he needs to be observed for a period of time. He has been sent to the ward."

"That's good, that's good..."

"You guys must keep the word quiet and not let the patient get agitated again."

Mr. Morrison nodded. "Okay. We understand."

The group of people rushed to Old Master Morrison's ward. When they saw the pale old man on the bed, they felt very upset.

Old Master Morrison's secretary was the first to enter the ward. After Old Master Morrison opened his eyes, he forced himself to cough twice. "You stay. The rest of you go back first."

"Dad..."

"Grandpa, let me stay with you." Georgio said.

Eldritch closed his eyes and shook his head. "Secretary Gordon, stay. You can go back."

Secretary Gordon nodded and turned to Mr. Morrison and Georgio. "I will take good care of the chairman."

Since Old Master Morrison had said so, everyone would not stay. When the door closed, Old Master Morrison opened his eyes again.

"I know my body very well. From today onwards, Georgio will be in charge of the company for me. I want to know how she can manage the company."

"Yes."

"Also, get the family lawyer to come over. I want to make a will and pass everything in Morrison Family to Aryo. Only in this way can I be at ease." Old Master Morrison said sadly, "No matter how much Aryo

notes the Morrison Family and doesn't want to return to the Morrison Family, she is still my granddaughter. She is my most talented granddaughter!"

Only by giving the Morrison Family to Aryo could he swallow this anger.
