Chapter 401 Invitation From Morrison Family

When Allen saw her expression, he knew that she was overthinking things again. He immediately said, "Don't think too much about it. Mom and Dad are traveling abroad. I'll take you to see them when I have the chance. As for Grandpa, he knows that I'm really worried, so he won't ask about it anymore."

"So, don't worry so much. As long as we are happy, they will definitely acknowledge you and bless us."

"I am just a little worried. After all, they have never shown themselves..." Aryo said curiously, "Are the people of the Jones Family that low key?"

"Yes. Actually, they all live according to their own thoughts. They live very casually and never care about what others think."

Thinking about her uncle she met last time, Aryo felt that what Allen said made sense.

Moreover, Allen had never lied to her.

Aryo nodded with a smile. "Then I can rest assured."

"As long as you are happy, nothing else is a problem." Allen gently kissed Aryo's forehead. "This time, the theme song of Memory Fragment needs a female lead singer. I think you should participate."

"I am not a professional singer. Last time, I wanted to cooperate with the organizers..." Aryo shook her head. "Monogee Jones, are you treating me as an all-rounded artist to save the company's expenses?"

"I think singing will not be difficult for you!" Allen said with a smile. The distance between the two of them was getting closer.

His eyes were filled with infatuation. In the next second, he picked Aryo up and said, "I think we should rest."

"Huh?"

"The night of our wedding..."

...

Aryo had a few days of rest after the shooting of the Memory Fragment. It just so happened that Allen said she could go and record the theme song, so she went to the company with Allen and sat in his office to read the score.

"There are no words for this song?"

"Come and try it." Allen looked at her lovingly.

Aryo frowned slightly and picked up her pen, "Is the company's funding really not enough..."

Allen was amused by her cute appearance. The two of them worked separately but were also accompanying each other. This might be the best way of love and marriage.

Both of them loved each other wholeheartedly and constantly worked hard for the future.

Mr. Morrison rushed over when he heard the noise and pushed them away, "What are you two arguing about? The house is already chaotic enough."

"She always talks about my mother. She's so cheap as her daughter. She even slandered my mother as a mistress. Why are you so shameless?" Georgio pointed at Mrs. Morrison and shouted.

"You..." Mr. Morrison's expression was very unnatural. He forcefully pulled Mrs. Morrison and said softly, "What's wrong now? If you have something on your mind, tell me. Don't say this in front of the child."

"Let go of me!" Mrs. Morrison's face was cold as she pushed Mr. Morrison away, "I was blind. I have lived in your lie for so many years and made my daughter suffer so much."

"What did you promise me? What kind of life do I have now? Do you deserve me?"

"Let me tell you, I've had enough. I won't tolerate it anymore. I won't watch them destroy my daughter's life! Don't blame me. If you want to blame someone, blame yourself for not keeping your word. "

With that, Mrs. Morrison ran out of the Morrison Family.

She wanted to meet Allen. There were some things she had to ask herself.

Mrs. Morrison waited for a long time in the Dohuo. Finally, she saw Allen and Arya come out together.

Originally, they wanted to go home to eat together, but Allen had a meeting at the last minute, so he sent Arya downstairs first. But as soon as he walked out of the company's main door, he saw Mrs. Morrison who had been waiting by the side for a long time.

He said softly to Arya, "She came to find you."

Aryo heard the sound and turned her head. She saw Mrs. Morrison by the side. She originally did not want to pay attention to it. But thinking about what had happened recently, she sighed, "Go back to work, I'll go and take a look."

Allen nodded and let Aryo go.

He respected her privacy, but after seeing them leave in the car, he dialed Raul's number, "Help me with the meeting. I have something to do at the last minute."

With that, he drove behind their car. Letting Aryo go alone, he was worried.

Mrs. Morrison originally had many things to say, but after seeing Aryo, she did not know how to speak. She sat beside Aryo in embarrassment. Seeing her driving, she could not help but feel a little touched in her heart.

For so many years, she did not seem to have taught Aryo anything. The thing she brought to Aryo was only endless pain.

Mr. Morrison rushed over when he heard the noise and pushed them away, "What are you two arguing about? The house is already chaotic enough."

Chapter 403 Let You Experience The Feeling Of Being A Star

Mrs. Morrison was stunned.

Georgio thought that she was ofroid. She laughed complacently, "Lost time it was just a small fight but this time it is ironclad. You seduced my father and caused my mother's death. The entire world will know about this!"

"Georgio, I can tolerate you insulting me like this but you bullied my daughter again and again. Okay, you are the one who wants to make things big. Don't regret it!"

Mrs. Morrison's chest heaved up and down. To her, this kind of ending was a kind of relief.

Georgio did not expect Mrs. Morrison to have such a reaction. Hearing these words, she became anxious, "Exploit clearly!"

Mrs. Morrison did not pay attention to her and returned to her room.

Since all of this was forced by them, don't blame her!

...

Because she was about to enter the group, Aryo started to pack her luggage and makeup.

Allen was by her side, accompanying her. He reluctantly held Aryo's hand, "Can I go back on my word now and not let you go?"

"Monogger Jones, this is the schedule you arranged for me." Aryo did not know whether to laugh or cry. "Furthermore, it was only a few months. I will be back very soon."

"But this time, the filming location is all in the mountains. I cannot go to see you at all times..." Allen held her tightly in his arms.

Aryo smiled and turned around to hug him, "I will take good care of myself. Louise has already gotten used to work. When Luno comes back, let her stay in the company. She is worried, so don't follow me around."

"I will call you every day."

"Okay..."

Aryo just replied and her lips were kissed by him.

Without her usual calmness, there was more impulsiveness and passion, as well as a bit of reluctance to part.

Aryo shyly replied to him, "Allen..."

In the next second, he did not allow her to hesitate and directly carried her into the bedroom.

After their wedding, they had never been apart for such a long time. They had to endure the pain of distance now...

"This is a ploy that you took for me. I will definitely do well and not let you down. This way, it is worthy of being your Mrs. Jones."

Allen hugged her even tighter. This kind of Aryo made him cherish her more. No matter how the world changed, he would not let go of her hand.

The two of them did not get out of bed. They were both exhausted from last night's entanglement.

Chapter 404 No Way Of Dealing With Her

Although Aryo was about to enter the filming crew and would not be able to return for a period of time, even though she had already left the Morrison Family and did not intend to return, she could not bear to watch Georgio make use of Mrs. Morrison again and again.

"I still have a trip to attend. I'll be leaving first." After saying that, Aryo stood up straight and ignored Georgio as she walked out of the restaurant.

Georgio sat there with an extremely ugly expression.

Regardless of whether it was before or now, she seemed to have no way of dealing with Aryo and always suffered in front of her.

It was precisely because of this feeling of defeat that she always wanted to win against Aryo... That hatred had long penetrated deep into her bones.

"Director Morrison, do you still want to continue?"

"What else do you want to continue? Everyone has left!" Georgio snorted angrily and prepared to leave with her people.

But before she walked out of the restaurant, a group of reporters rushed in and surrounded her. Soon, the microphone was raised in front of her.

The reporters shouted her name crazily and kept asking questions.

"Miss Morrison, I heard that you pushed your stepmother out of the Morrison Family many times. Moreover, in order to seize power, you exposed the hidden secrets of the Morrison Family for many years. Is that true?"

"Miss Morrison, someone said that you have always been jealous of Aryo. You two sisters don't get along. What do you think about this?"

"Miss Morrison, did you release those medicinal dirties online?"

"You guys..." Georgio was blocked and could not get out. She could only be surrounded by reporters.

Because she did not have the experience to deal with reporters, Georgio looked very embarrassed. She even scolded the reporters and did not look so elegant as before.

Outside the coffee shop, Arya sat in the car and witnessed the entire process. She raised the corner of her lips, "Louis, the reporter you found is very capable."

Louis smiled and said, "As long as you can help!"

If Georgio did not go too far this time, Arya would not treat her like this.

She wanted to use the reporters to make Arya lose face? Did she really have a headache?

Arya had been in the entertainment industry for so long. How could she lose out in this kind of place?

"She should be regretting it now, right? Now, she doesn't dare to be rude to Auntie anymore."

Once Georgio did something to Mrs. Morrison, there would be paparazzi taking photos with her. For the sake of the Morrison Group, she would not dare to act rashly.

Because Old Master Morrison would not hand the power over to someone who was entangled with reporters, Georgio would be very careful.

Although Arya was about to enter the filming crew and would not be able to return for a period of time, even though she had already left the Morrison Family and did not intend to return, she could not bear to watch Georgia make use of Mrs. Morrison again and again.

She was indeed not as smart as Aryo. She was not as likable as Aryo.

But so what?

She would not give up.

After Georgio sorted out her emotions, she rested in the room for a while. When the maid called her downstairs for dinner, she changed her clothes and walked out of the room.

Just as she walked to the corner, she heard the conversation between her two younger brothers.

"Did they really meet today?" The second son of Morrison family, Gabriel was studying low. He pushed his metal frame glasses and shook his head helplessly. "How long are they going to make a scene?"

The fourth son, Samuel leaned on the stairs next to him. "This is not going to end. Third Sister is getting more and more famous in the entertainment circle. Eldest Sister will always be jealous of her."

"How is she in the entertainment circle? Why do you care so much about her?"

"I envy her. She did something that we didn't dare to do. I heard that the male lead of her new play is Ezekiel. Wow, that's so cool."

"What are you jealous of? You want to be kicked out of your house too? Besides, filming isn't as simple as you think. Do you know how much suffering those actors are going to suffer?"

Gabriel rolled his eyes at him. "Learn your business management properly."

"Hmph, you don't know how to act at all. I've seen the videos posted online by Third Sister's fans. She's really talented in acting. She'll definitely become famous sooner or later. I'm her younger brother, so I must have talent too, right?"

"Idiot..." Gabriel pushed him away in disgust. "Solve it. You still think there aren't enough things at home. Please don't mention Aryo's name at home again. Let them be quiet."

"Did I mention it? Everyone clearly knows what is going on, but now you blame me? Her advertisements are broadcasted on television every day. If you have the ability, get the television station to book her!"

Samuel felt that the Morrison family was a dictatorship, admitting that Aryo was a tyrant. Is it that hard to be a good actor?

"I don't have time for you. I'll eat dinner in my room." Gabriel left after he finished speaking.

Georgio heard their conversation clearly at the corner.

Aryo went out to film?

Moreover, when the octors were outside, the conditions for them to film were tough. Then, it was reasonable to occasionally get injured or completely disappear.

If Aryo disappeared from this world, she would no longer be seen on television.

She was indeed not as smart as Arya. She was not as likable as Arya.

Chapter 406 She Will Be Late

Because of the director's lack of scruples, many of the supporting roles in the cost had a bad opinion of Aryo.

Even the female lead's two days of work had been delayed by a cold. The director had to urge her to work quickly for the sake of progress, causing her to faint at the film set in the end.

Everyone began to complain as well. They felt that Aryo loved to show off too much, causing their days to be very difficult.

"Is there a mistake? She already has such a good background, yet she is still so serious? Who is she showing off to?"

"My God, I've never seen anyone working so hard. Aren't you trying to trick us to death?"

"Only the director bought her account. I wonder how much money she took from the Dohuo!"

The rumors in the crew become more and more outrageous. Louiso heard those people gossiping behind her back and was very angry. She went back to discuss with Aryo.

"Miss Aryo, those people are talking behind their backs every day. If this continues, your situation will be very difficult. The boss is thousands of miles away and he can't make it in a short time. If something really happens..."

That director really does not know how to conduct himself. Isn't he making enemies for Aryo?

Aryo had always been focused on practicing and didn't want to drag the production team down. She didn't expect this level. After hearing Louiso's reminder, she was also moved.

"Louiso, don't worry. I know."

Louiso was even more worried. She only said 'I know'?

Because Louiso had never experienced the scene of Aryo subduing people's hearts. So it's not clear yet.

The next day, Aryo, who usually worked in the production crew, actually did not appear! Furthermore, she asked the makeup artist to wait for an hour.

The director's filming was not going smoothly. Just as he wanted to use Aryo as an example, he discovered that Aryo did not come at all.

"Where is she?"

"She hasn't come yet." Assistant Director said.

The director suddenly felt awkward. This time, even Aryo, who was most qualified to be a model worker, did not work hard anymore. He could only cough, "Alright, get your spirits up and do it again!"

The female actors looked at each other and smiled. This time, let's see how the director uses Aryo to talk about things.

After filming two scenes, Aryo finally arrived late and she had a tired look on her face.

The director saw this and went up to ask, "Aryo, why are you so late? Do you know that because of you, you have to work overtime tonight?"

Because of the director's lack of scruples, many of the supporting roles in the cast had a bad opinion of Arya.

The director walked over and looked at Aryo, "How is it? If you feel uncomfortable, go wash off the smell."

"I want to try. I can still hold on."

"Okay, all departments, get ready!"

All of a sudden, everyone went into acting mode, especially Aryo. She entered the scene in a second. In this scene, it was her first time meeting the second male lead. She caught sight of his money bag in the crowd, so she kept following him. She even stole his money in a remote place. After she was discovered, she still did not admit it.

During the entire process, she had to use vulgar and so many a lot of shameless words. Her actions were even more crude...

"Do you guys have a chance this morning? Why are you here?"

"I heard Aryo started filming. I come over to take a look. It was because this character was too ugly that I rejected the role! "

"I was curious about how she would act, so I come over to take a look."

On the surface, they were curious, but in reality, they were jealous. Why was Aryo so popular in the Dohuo? And Allen was such a good manager and husband!

Wasn't it just an out-dated movie queen who retired for a few years and made a comeback?

Could it be that she could become famous again?

"Get ready, let's begin!"

After hitting the board, Aryo smacked her lips and raised her head. Half of her face with the birthmark was revealed and she was ugly beyond the horizon. But she did not know it at all. She carried the broken wooden stick and walked into the market. She rubbed left and right, looking like a hooligan.

"Go away! Go away!"

The small businessmen did not like her and kept their fruits and money pouch.

Aryo spotted on the ground, "Boh, I don't want to talk to you!" Then she saw Mole Number Two walking towards her from afar.

He was wearing a long white robe with a long sword at his waist. It was obvious that he was the son of a wealthy family!

The corners of Aryo's mouth curled up as she rushed over. With three moves and two moves, she arrived beside Mole Number Two. Then, with a raise of her hand, she pulled away his money pouch.

Mole Number Two immediately noticed her and raised his hand to grab her wrist. "What are you doing? Return it to me!"

"I'll give it back to you. The thing in my hand is mine. Why should I return it?"

"You little rascal, quickly return the money pouch to me."

The little hoodlum shook her head, "I already said that this money bag is mine."

With that, the hooligan swaggered away. Mole Number Two couldn't catch up, so he had to give up.

Chapter 408 Allen Arrived

"Because of the rainstorm, the crew is resting." Aryo heard that Allen's side was very quiet and could not help but worry, "Where did you guys drive to? Is it also raining?"

Aryo remembered that the road they entered the mountain was full of mountain roads. This kind of weather should be very dangerous.

"On the way, but the road ahead was blocked. We are going to stay in a nearby hotel for a night. We will see the situation tomorrow."

But this way, the time he saw Aryo would be shortened by one night.

After Aryo heard that, she was even more worried, "Why don't you guys go back directly and come back when you have the chance next time."

"I want to do what I promised you. I will do my best to ensure my safety. Don't worry, you can go and film." Allen comforted her.

Aryo heard what Allen said, but she blamed herself in her heart. If she had not said that she missed him, he would not have let go of his work in the company. He especially rushed over to see her. Now, he was still stuck on the road by the heavy rain.

He must be very tired now...

"Then you must be careful! Tell me when you find a hotel to rest."

"Okay."

Martin listened to Allen and Aryo's conversation as he drove. Why did he feel that he had only brought Luno back to his hometown for a few days and that their CEO liked his wife more than a few percent?

Most importantly, he could be so cold to others, but he had given all of his gentleness to Aryo.

"Have you contacted the crew?"

"I've already called and asked. The director said that everything went smoothly. The storm did not affect the hotel on the mountain."

The hotel on the mountain?

In such a remote mountain area, how good could the hotel be? The treasure that he loved the most was right there...

"Miss Aryo, I think the rain is getting heavier. That mountain road is probably not easy to walk on. Are the boss and the rest still coming?" Louisa's voice became softer as she spoke.

She saw that Aryo had completely lost her spirit from earlier. Her entire person seemed very dejected.

"Miss Aryo, the Boss will come again in the future. The rain will definitely stop in a while. Don't worry."

Aryo sighed lightly, "Perhaps getting worried means you have to worry about another person at all times. No matter where he is, your heart will be hanging in the air. No matter how strong he is in other people's eyes, I still can't control myself to worry about him."

Louiso did not understand and nodded, "It should be because you guys like the relationship too much."

Chapter 409 They Rolled Down The Cliff Together

"Actually, I was a little worried when you recommended Aryo to me, but Ezekiel didn't pick Aryo as his supporting role back then."

"I was also worried that Aryo was an actress after all. She might have an idol burden. This role's style needed to be ugly, but I didn't expect Aryo to actually accept it. Furthermore, she performed exceptionally well."

"Every day, she was the first to arrive at the film set. When she arrived, she directly started practicing. Even the art teacher, who has been a martial arts instructor for many years, said that she has never seen such a serious actress."

"She even sacrificed a lot for the role..."

"Director Jones, Aryo is definitely a good actress. She must receive a better piece! Let her bloom on a better stage."

When Allen heard the director's praise, the corner of his mouth naturally curled up, as if he was the one being praised.

"I have been in the industry for so many years. There are very few actresses like Aryo who work hard."

"Indeed."

Allen only said a short word. But in his heart, he was proud of Aryo.

After ten minutes, Aryo put on her makeup, and her body still carried that disgusting stench.

Allen did not expect her to be this ugly. His wife had indeed sacrificed a lot for this movie!

Aryo raised her head and looked at Allen. She felt much more at ease.

"Aryo, prepare for the 33rd scene!"

Aryo walked to her seat and picked up the sword in her hand. She was ready.

However, no one noticed that the sword on the other side of the ground was a real sword that had been replaced!

This scene was a fight between Aryo and the mole lord...

During the process, the hooligans displayed extremely high talent and attracted the attention of the mole lord.

Although Aryo had come into contact with action scenes before, it was not easy to dress up like this and then perform sword dance movements.

Aryo looked in Allen's direction. The two of them looked at each other and Aryo suddenly had the courage.

As long as Allen was by her side, she would become fearless.

"Where's Ezekiel? Are you ready?"

At this moment, Ezekiel walked over in his costume. His face was still cold. He completely ignored the crew and walked to his seat.

Louiso looked at him from the side and then looked at Allen.

The two of them were indeed somewhat similar, mainly because of their aura.

One was overbearing, the other cold...

Chapter 410 A Disaster Star

Luno nodded as if she didn't understand. She hung up the phone.

No matter how she thought about it, she was still very worried. So she immediately contacted the reporters she knew and wanted to find out who the mastermind was.

At this time, there were hundreds of comments posted online.

"Arya was hit in the face by a knife when she was shooting. She was directly sent to the plastic surgery hospital!"

"Stop joking. She clearly broke her leg!"

"No way. It looks like she broke her face. The wound is very serious. The crew revealed that Arya's face was full of blood when she was sent to the hospital."

"No!"

There were people online who said that Aryo was a disaster star and would bring misfortune to others. There were even people who had accumulated hate from her debut to until now. All the bad things that had happened to the people around her had been dug up and made into a post.

There were even some bloggers who read fortunes online and publicly said that Aryo was a jinx. Her appearance was just like that. Anyone who approached her would be suppressed.

With such comments and those posts, there were really people who believed that Aryo was a jinx.

The artists in the same company as her would go downhill. The movies and dramas she participated in would encounter trouble, and the actors who acted with her would also meet with misfortune...

Most people did not believe these nonsense, of course, but in the current society, people would believe whatever strange things they said.

Aryo was a disaster star!

An actor who was crowned with this kind of reputation, could she still survive in the entertainment circle? How could there be a director who dared to use her? Not to mention the brand and investors...

Everyone wanted to have good luck, especially in entertainment circle. This kind of rumors would seriously hurt Aryo's career. If there were any problems with her work, everyone would think of her.

The person behind these rumors would not only destroy Aryo's star path, but also her entire life.

...

Allen was waiting outside the emergency room.

The scene of Aryo's injury lingered in his mind for a long time.

His heart did not calm down for a moment. He wished he could pull out the person behind him immediately.

The doctor walked out of the emergency room and said to Allen, "The male patient's wound has been sutured. There is no fracture. The female patient is still in a coma. There is a sprain on her left ankle. In addition, there is a possibility that her brain might be hit and there is a slight concussion. She needs to be observed for 24 hours."

Luna nodded as if she didn't understand. She hung up the phone.
