Chapter 421 She Wanted To Take The Morrison Family Away

Allen looked into her eyes and coldly said, "Two hours later, your mother will meet a few reporters at the Crown Hotel."

"Why? What did Georgio force her to do?" Aryo became excited.

Thinking of Mrs. Morrison's expression when she spoke just now, she became even more worried.

Allen went forward and hugged her, "I guess she has something to announce herself."

At this time, the only thing he could do was to become Aryo's support. He knew that only family was Aryo's only weakness.

"Just now, she gave me a jewelry box and said that she wanted me to live a good life in the future. Allen, I have a bad feeling."

"I will send someone to protect her." Allen immediately ordered Martin.

After that, Aryo called the Morrison Family and found out that Mrs. Morrison was going to leave for a long time.

"What else has happened at home recently?"

The person who answered the call was the butler of the Morrison Family. He thought for a while and told her about the quarrel between Georgio and Mrs. Morrison yesterday, "Third miss, normally the eldest miss would say something to contradict the madam but it was not as excessive as yesterday..."

After Aryo hung up the phone, she immediately called Georgio and questioned, "You bullied my mother for so many years but you still refuse to stop? Let me tell you, if anything happens to my mother, I will definitely not let you off."

"I have already left Morrison Family, but you are still not willing to let me off!"

"Alright, I will snatch the Morrison Family over and let you know how to write the word regret!"

Georgio heard Aryo's warning and did not take it to heart. "You have always been indifferent to your mother. Now what? She is tired of being the Morrison Family's dog and went to complain to you?"

"I just like to bully her. What can you do to me?" Georgio pretended to be calm and said.

She knew better than anyone that if Mrs. Morrison really got into trouble because of her, not to mention Aryo, even Old Master Morrison would not let her go.

Adding Aryo, Old Master Morrison would very likely take everything from her.

But things had already developed to this stage, how could she admit defeat and beg for mercy from Aryo?

"Georgio, you forced me!"

Allen had already arranged to come and directly brought Arya to the Crown Hotel. He hoped that there was still time.

At this time, what he could do was do. That's all there is...

"This is all your fault! She had already married into the Morrison Family for so many years. Why are you not willing to admit her? You have forced her into a corner now..." Mr. Morrison's face turned green as he shouted angrily, "If she tells the reporters anything, no one will be able to bear the consequences!"

"Dad, what are you talking about? Could it be that she has something on our family?"

"Hurry up and stop her! Otherwise, our family will really be finished." Mr. Morrison ran out in a hurry.

It was just that he did not know where to find Mrs. Morrison.

At this moment, Mrs. Morrison was about to meet the reporters. Georgia saw how anxious Mr. Morrison was and frowned slightly, "What exactly will happen?"

The assistant stood on the side and was silent.

"If she wants to see the reporters, then let her see them. I don't believe that she can tell the reporter any secrets! For so many years, our Morrison Family has no place to let her down!"

She did not intend to stop Mrs. Morrison...

How much trouble could a mistress cause?

The news that Mrs. Morrison wanted to meet the reporters quickly spread. Allen thought that the people from Morrison Family would come to stop them, but they did not do so.

But even if they come to stop her, Allen would let Mrs. Morrison say everything she wanted to say.

Today, no one could stop her.

In Allen's opinion, only if Mrs. Morrison took this step, her relationship with Aryo would be alleviated. For Aryo, he was willing to do anything.

Mr. Morrison rushed to the hotel like crazy, but there was not enough time.

That afternoon at three o'clock, Mrs. Morrison and her good friend, Jone met with the reporters in the small meeting room in the side hall of the hotel.

Aryo, accompanied by Allen, arrived at the hotel but did not want to be recognized by the reporters. They opened a room near the meeting room.

Mrs. Morrison saw that so many reporters had come and was somewhat nervous.

Jone patted her hand, "They are all people I am familiar with in the newspaper. Don't worry and say it boldly. They will report the truth and testify for you."

The reporters would come here because of Modom Morrison's identity and Aryo. Although the news of Aryo raising evil spirits had been suppressed recently, she was a hot topic and no one wanted to miss the opportunity to report big news.

Mrs. Morrison took a deep breath and got up to say to the reporters, "Thank you very much for coming."

"I've been a single mother for years, and I know what it means to be a parent. In order to protect the image of a loving father that he painstakingly created, I kept this secret. However, because of my forbearance, I actually became the mistress that they spoke of?"

"I admit that I'm not a kind person. When I heard that Kimberly died, I also sighed that the heavens have eyes. But after all, she's already gone, there's no point in continuing to pursue the post. However, they hurt my daughter time and time again. I really can't continue to endure it."

"Aryo is the only legitimate daughter of the Morrison Family which is the truth!"

"I am not a Mistress! Neither my daughter is a mistress's daughter!"

At this moment, all the reporters were shocked by this secret.

Who would have thought that the Morrison Family would hide such a secret?

Moreover, it was revealed by the Morrison Family's modom in front of everyone.

She had endured it for so many years for her husband. Now, it was time to prove her and her daughter's innocence.

"Please believe everything I said today. Don't slander my daughter as a mistress's daughter anymore. It's really not easy for her to walk up to this day."

"All the evidence I brought out today is true and effective. I'm willing to answer all of your questions at any time."

"I also hope that you guys pay more attention to Aryo's film works and don't use such rumors to hurt her."

Following which, Astrid bowed to all the reporters.

Everything she said was so genuine and sincere that no one could doubt it.

It turned out that the Morrison Family had always kept such a secret...

"Modom Morrison, aren't you afraid that the Morrison Family will take revenge if you tell us about this now?"

Astrid's smile was bitter when she heard this question. "If it wasn't for my daughter, I might have brought this secret to my grave. I am standing here and saying everything means I am ready to destroy everything together! I can't be so selfish anymore. For my so-called love, I can't drag down my daughter's life."

"I hope that everyone can see Aryo's performance in the drama and not hurt her with an undeserved reputation. My daughter is not a mistress's daughter! She has always lived honorably and does not owe anyone."

When she finished speaking, Astrid's voice choked again.

"Thank you everyone. That's all I have to say." She put down the microphone and Jane who was beside her stepped forward to support her.

Below the stage, the reporters started discussing.

"I've been a single mother for years, and I know what it means to be a parent. In order to protect the image of a loving father that he painstakingly created, I kept this secret. However, because of my forbearance, I actually became the mistress that they spoke of?"

"But, Mom..."

"I've already decided that I've never done anything big in my life. I've been enduring the bullying and
pity of others. So I want to get some respect for our mother and daughter right now!"

Allen walked over from behind and helped Aryo up, "This is her wish."

Astrid wiped her tears and tightly held Allen's and Aryo's hands together. "Mom is very happy to see
you guys love each other. In the future, Aryo not only has husband to protect her, but also mother to
care about her."

"In this world, no one can separate us!"

Aryo's tears suddenly slid down and kept flowing...

"Don't cry. You are now a big star. You must pay attention to your image!"

Astrid smiled and patted her daughter's shoulder, "Now is the time to settle accounts with the Morrison
family. Giorgio did such an outrageous thing to you, so she does not deserve the authority of the
Morrison Group."

If she wanted to protect her daughter, she must snatch back the power.

Georgio was the daughter of a mistress, so she was not qualified to inherit the Morrison Family!

At this time, Jone walked in with Astrid's phone, "Old Master Morrison called and said he wants to see you guys."

"It's okay to meet them, but I won't go to the Morrison Family to find them. They should be the ones who come to see me now! I have suffered so much for the Morrison Family. It's not something that can be pacified with just a few words!"

When Jone heard Astrid say this, she felt happy for her from the bottom of her heart. Once a woman was truly strong, no one would be able to stop her.

When Aryo resolutely left the Morrison Family back then, she was just like Astrid today, resolute and calm.

Sometimes, after experiencing some painful things, one could truly be reborn from the ashes and break through this layer of obstruction. What awaited them was a brand new life.

After this press conference was broadcasted online, all the major media websites released the entire process of the interview. There were also many photos attached to it as evidence.

"What a shock! Aryo is not a "Mistress's" daughter!"

"The Morrison Family has been hiding a secret for decades!"

"In order to protect her daughter, the wife of a wealthy family spoke up."

These news drafts immediately swept across the Internet and television. These news drafts were also highly regarded on the Hot Search List.

At this moment, Georgio's husband rushed over after he saw the news. He happened to enter the office and witnessed this scene.

"What are you guys doing!"

The assistant quickly supported Georgio, "No..."

"I did not expect you guys to be in such a mood at this time!"

"You misunderstood. Nothing happened between CEO Morrison and me." The assistant explained weakly.

"Get lost!" Georgio's husband roared and took Georgio away.

In the elevator, he looked at Georgio and clenched his fists. Ever since Georgio married her, they had not had a normal day. Not only did this woman desire for power, but she was also so cruel. Now that everyone knew about the Morrison Family's matter, how could he go out to discuss business in the future?

In addition, Georgio was actually a mistress's daughter. In the future, would she still have a share of the Morrison Family's assets?

The pressure in his family was very heavy. He felt that Georgio was no longer suitable to be his wife.

A woman, who was heartless and ruthless, had no value at all. In addition to the relationship between Georgio and that assistant, their marriage had already come to an end.

Allen drove Aryo and Astrid back to the Orchid Court Villa.

"Take a rest with mom. I'll go prepare dinner." Allen gently patted Aryo's shoulder, "Don't cry anymore. In the future, you will only have happiness..."

"Yes." Aryo nodded and smiled. She took Astrid to change her clothes.

At this time, Astrid also had the time to visit Aryo and Allen's home. This world of two people made her see happiness and warmth. Although one of them was the CEO of the company and the other was a big

stor, they were no different from an ordinary couple when they closed the door. They even loved each other more and trusted each other more.

"Seeing you worry so happily, Mom is really grieved."

"Allen does love me very much. There are many things that I don't want to talk about, but he will prepare for me in advance. It is my luck that I can meet him." Arya smiled and said, "You will come and live with us in the future."

"This is your small world. How can I come and disturb you? Don't worry. Mom has other accommodations..." Astrid looked at her daughter and said emotionally, "When are you going to give me a little grandson or granddaughter?"

Astrid smiled and shook her head, "Stop joking with mom. Where's Allen?"

"He'll be here in a while. There are some things to take care of. Don't worry, he won't lose it." Arya stood beside her mother and smiled even more brightly.

"You, don't always bully him. Otherwise, the people of Jones Family will feel sorry for him."

"How could I bully him?"

The mother and daughter walked into the elevator together.

At the door of the private room, the waiter led the way for them.

"The other guests have arrived. Please come in."

Astrid and Aryo looked at each other. The smiles on the mother and daughter's faces gradually faded and they walked into the private room solemnly.

Eldritch sat on the main seat. His hand was holding the walking stick. There was a dignified expression on his face and there was not a trace of a smile on his face.

Mr. Morrison was next to him. He seemed to have not walked out from the shock during the day. He sat there in a dispirited manner. He did not have the slightest bit of spirit.

The Morrison Family brothers, on the other hand, were thinking about their own matters and kept their mouths shut.

As for Georgio, when she heard the sound of the door opening, she looked in the direction of the door. Her eyes were filled with hatred and unwillingness.

Just as Aryo had imagined, the person who could not accept the current situation the most was Georgio.

Astrid had a cold and arrogant expression as she walked in with Aryo. She did not even look at Mr. Morrison.

"Astrid oh..." Eldritch called out to her with a aged voice, carrying a kind of relief that had been suppressed for a long time, "I did not expect that you would keep hiding it from everyone. All these years, you have been wronged."

"Dad, I did not intend to ruin the Morrison Family's reputation. I was forced to do so because Aryo is my only daughter. I cannot watch helplessly as she is framed and bullied, and even have her life in danger..."

Astrid's answer was very direct. She only had one goal and that was to protect Aryo.

This was something that a mother would do.

Georgio looked into the private room. Aryo was calm and collected while the other two brothers stayed out of it. She said, "Okay, who are you two going to support?"

"Big Sister, I only want the family to live a good life. When Aryo left the house, the atmosphere in the house was already very heavy. You still don't know how to restrain yourself and cause trouble time and time again. Is the power you want that important?"

"You took the position of the company's vice president because you're the Eldest Miss of the Morrison Family. Other than this identity, you have nothing. But you can't recognize this, you don't know how to cherish it..." Gabriel looked away. "It's not that we want to force you away, you're giving up your family first."

Samuel shook his head. "The most important thing is that Third Sister never treated you as an enemy. However, you are not willing to let go of her even after she is married. You have to completely destroy her. This is the best result now."

When they saw that Georgio had today's result, they can't tell what it feels like, sorry, helpless...

The two of them kept silent. It was not because they did not dare to say it, but because they were concerned about their family relationship and did not want to say it.

Having lived together under the same roof for so many years, they knew very well what kind of person Georgio was. After the incident, other than her, there was no second suspect.

The reason why they chose to be cold was also because Georgio did heartless things first.

Georgio did not expect that now, everyone was actually helping Aryo!

She was completely abandoned...

"Go home and pack your things." Eldritch turned around and looked at his son. "You should be responsible for what you did. Running away is a cowardly act."

In this family, whose punishment should be the most severe, was another person, Mr. Morrison.

"Dad, I've been in pain too. I just don't have the courage to admit it. I know I've let them down."

"I'll leave too. I'm the one who doesn't deserve to stay."

"Okay. From today onwards, the Morrison Family doesn't have you and Georgio." Eldritch announced that the matter had already been decided.

With that, everything was over.

After saying that, Eldritch stood up a little weakly. He looked at Astrid and then looked at Aryo, "Maybe I am really old. Aryo, help me out."

Aryo looked at him and quietly walked over. The grandfather and granddaughter pair walked out of the hotel together.

Georgia looked into the private room. Arya was calm and collected while the other two brothers stayed out of it. She said, "Okay, who are you two going to support?"

"Somuel, you go back first. I will help you persuade your sister when I have time." Astrid said with a smile.

Gabriel, on the other hand, looked as if he couldn't stand the scene. He immediately pulled Somuel into the carriage.

"Auntie, you must remember!"

Among the three children of Morrison family, Georgio always hated Astrid, while Gabriel was neither respectful nor hostile. However, Somuel was different.

Somuel was only two years old when he lost his mother and all over his childhood, he thought Astrid was his real mother.

If it was not for Georgio's repetitive warnings, he would have called out Astrid as his mother long ago.

"This child. In comparison, Gabriel is always so calm..."

Arya smiled and held Astrid's arm, "Mom, let's go home!"

Being pulled by her daughter like this, even if she wanted to leave, she could not find a reason, so she could only be a light bulb in their world.

Allen escorted the mother and daughter home.

Astrid saw many photos of Arya acting in the room, as well as a lot of marks she made. She flipped through the script she knew how many times. For a moment, her heart ached and she sighed with emotion.

Her daughter was already so old. And there was a career of her own.

Aryo walked out of the bathroom while wiping her hair. Seeing Astrid staring at her picture in a daze, she smiled and walked over.

"What are you thinking about?"

"Nothing, are you hungry? Mom will cook supper for you."

"No need. Mom, take a good rest. Allen doesn't like to eat at night." Aryo smiled and held Astrid's hand.

"Why did you tell Samuel that you would help him persuade me?"

"I think it's not easy to have a thing that I like. Plus, Samuel has a stubborn temper. Who can stop what he wants to do?"

"I know this circle too well, so..." Aryo said quietly.

"Mom understands, but a child as old as him will only grow up when he touches a wall, right? Let him go. If he can succeed after leaving the Morrison Family's protection, it will be a good thing."

Aryo smiled. Astrid was right. Samuel would not give up easily. It was just that the entertainment circle was not a place where he could enter and leave whenever he wanted to. Besides, could Eldritch accept it?

Who would inherit the Morrison Family in the future?

The best way now was to let Samuel pursue his dream first. She would persuade Samuel to return to the Morrison Family when they had no other choice.

"Alright, I will tell Allen, but the Dohuo has its rules. Once he becomes a trainee, he must be responsible for his actions."

"Samuel, you go back first. I will help you persuade your sister when I have time." Astrid said with a smile.

"Do you have an appointment?"

Ezekiel couldn't help but let his imagination run wild when he heard her.

"Not really." Louiso blinked. "I haven't rested for a long time. I want to go out for shopping."

"Alone?"

"Yes." Louiso looked at the time sadly. At this time, who would accompany her shopping?

"I will go with you."

Louiso's eyes widened and she was stunned for a moment in disbelief. In the next second, she shook her head hurriedly, "No need. I do not want to be watched."

Ezekiel had just gotten up when he turned around and frowned at her. "You want to avoid me so much? Is it difficult to walk the streets with me? Or do you think that I am not as good as Aryo and want to get rid of me as soon as possible?"

"There is nothing to compare between you and Miss Aryo."

"Why do you not need to compare? Do you hate me that much?" Ezekiel said and took a step forward.

Louiso did not expect their conversation to develop in this direction. There was only one thought in her mind. Why did this man, who was already thirty years old, not have the steadiness of his peers?

The question was really childish...

"I want to go buy some daily necessities and watch a movie. If you go together, it will not be convenient."

"There's nothing inconvenient. I still have a hand that can help you carry things. In addition, I will disguise myself so that no one will recognize me."

Ten minutes later, Ezekiel put on his fake beard, put on his wig and glasses, and stood in front of Louiso.

"I will do this."

Louiso was still very worried. "What if a reporter recognizes you and writes nonsense in the newspaper tomorrow? What will you do?"

Ezekiel was silent.

"Then you can go by yourself." He took off his wig. He was in low spirits.

Seeing him like this, Louisa almost ran away. She could not understand why Ezekiel was so emotional.

A few minutes later, Allen received a very melancholic call.

"Where is Aryo?"

"Where did Monoger Jones hide our Aryo?"

"Could it be that he has already started his plan..."

Looking at the messages, she took a selfie at home and used Allen's account to send a message.

"She's fine."

After entering the group, Louisa learned that the Dohuo had arranged a new assistant for Aryo.

Initially, she thought that she would only take care of Ezekiel for a few days. When she entered the
group, she would naturally return to Aryo's side and become her assistant. But now, there was already
someone else in that position.

She was indeed just here to replace her for a period of time. The current result could be predicted.

However, she had an indescribable sense of loss...

"What are you thinking about?" Ezekiel called out to her from the side.

"I just found out that Miss Aryo has a new assistant. She doesn't need me here anymore. I should go
now." Louisa lowered her head and said with some disappointment.

"If you go, what should I do?" Ezekiel stood in front of her. "She has an assistant. I don't have an assistant. Why don't you stay and help me so that she can see how smart and capable you are? Let her regret replacing you."

Louisa was silent.

She did not care about the position of an assistant, but she was so happy to be able to be together with her idol every day. However, Aryo did not tell her about the matter of changing assistants.

She did not know that in Aryo's heart, she doesn't care about her at all.

That feeling of being ignored by others was really very uncomfortable.

"Forget it, you might say that you're not willing. I won't force you." After saying that, Ezekiel prepared to leave from the other side.

"Your hand..."

"You don't have to worry about it. You're not my assistant." Ezekiel answered cleanly.

Louisa frowned slightly. She thought for a while and said, "Okay, I will be your assistant."

"Okay, sign the contract!"

"What contract?"

"Of course I have to sign it to keep it. I'm ready."
