

Love Of A Billionaire

Chapter 52

Chapter 52 Who Could Have Such Great Ability?

As Daniel was yelling at Arya, the reporter of Star Arm suddenly shoved the microphone in front of him.

“Director Daniel, is what Arya said true? Has her next movie been discussed?”

Looking at the reporter who suddenly showed up in front of him, Daniel had released Arya’s hand. Arya took the lead before Daniel could say anything.

“It’s still in planning process but Director Daniel doesn’t want to publicize my comeback to the public so quickly. As you know, recently, there are some minor problems in Director Daniel’s private life. I am not in a position to say more. But I would like everyone to understand that even though I’m under contract with Brilliant Entertainment, I have my own special assistant and manager. Also, my travel and activities are done on by my own accordance, otherwise, it would be contrary to my contract with the company.”

With those few sentences, clear and thorough, were like a knife placed on Daniel’s throat.

There were nothing he could say. If he denied it, wouldn’t he be publically confirming he is freezing out Arya for Caroline’s sake?

Why is Arya so aggressive today! Could it be she can’t let go of their past relationship so she went to such lengths? That must be it.

Daniel thought in his heart. He let out a deep sigh. What does she want from him?

Anyway, he was already with Caroline. No matter what Arya did, he would never reconcile with her!

The reporters stopped Daniel. They were curious to know about the relationship between him and Caroline. Seeing the scene, the directors called the security guards over and surrounded Arya.

They were not going to let Arya go so easily.

“Your company has already accepted our money, it’s fine if you don’t want to continue with the advertisement. All you need to do is double the deposit and penalty fee. Also, give us a public apology! To say our product inferior, do you have any proof?”

“What kind of trouble can a retired celebrity cause?”

Watching the security guards surrounded Arya, Luna and Julia didn’t even think and rushed to protect Arya. As for the rest of Brilliant Entertainment’s employees and other staff, they were all blocked outside.

The director looked at each other, their expressions filled with naked lust, “There is still time for you to change your mind, you can get changed and take a few large-scale sexy photos. We can pretend nothing happened and we won’t need you to return the money.”

This was considered as taking ‘special care’ of Arya?

Just as he finished speaking, his phone rang.

“What? We didn’t, okay, okay, I will immediately, sorry!” He shivered then hung up the phone. He turned pale when he looked at Arya, like he’s seen a ghost.

He quickly said, “Forget it, just forget it. Let’s just say it’s our bad luck. Let’s go!”

Luna didn’t understand what he meant.

Daniel sent Star Arm’s reporter out and walked up to the director, “Director, we were in the wrong on this matter. We can negotiate, you see ...”

“Negotiate? Do you know who just called me? This woman’s backer is a big deal. We will drop the matter with her, but as for the penalty for breaking the contract, it will be high. You will need to pay for the damages, every single cent!”

Their luck must have been really bad, but to think to offend the Dahua Group ...

Who could have such great ability that with one phone call could make the other party stop whatever they were doing?

Luna elbowed Arya, “Could it be your Mr. Jones?”

Arya didn’t reply, but her gaze held the answer.

Did that man have to spoil her that much?

Apart from Allen Jones, no one would be able to help her like this. She hadn’t realized the man could be so effective in helping her and instantly solving her predicament.

The directors didn’t continue making things difficult for Arya, instead they targeted Daniel.
