

Love Of A Billionaire

Chapter 76

Chapter 76 I'm Not Interested in being Popular with Her

She frowned and was constantly signaling Arya with her eyes. Brilliant Entertainment would be a laughing stock in the industry if Arya were to embarrass them in front of Jason.

Jason looked at Arya worriedly, "Do you need my assistance?"

When the time comes, it will come.

Arya had already anticipated Davina to have such a reaction. She said to Jason, "You've helped me a lot already. I can handle the rest. You can rest assured, I'll definitely take part in the show."

"Alright, I'll wait outside." Jason glanced at Davina meaningfully for a moment and left the conference room.

As soon as the door closed, Daniel raised his voice, "Arya, what is the meaning of this? Do you have to cause problems everywhere?"

Glaring at Arya and protecting Caroline behind him. "We are over. Even you said we can't go back to past. Why do you keep insist on going against Caroline? Are you so jealous that you can't stand to see her be better than you?"

"Jealous?"

Arya laughed and firmly said, "I'm just taking back what was rightfully mine. You can support Caroline all you want, I honestly could not care less. But clearly, by submitting a video of my audition was obvious fraud, you have violated my rights. To give you face, I didn't tell Jason about this."

"You!"

"I have done what I can but don't expect me to be Caroline's stepping stone forever."

"Daniel, I am not as good as her. Let's forget the whole thing and go home. I don't want to win an award for best actress anymore. I just want to be with you." Carline pulled Daniel while sobbing with a slight trace of jealousy in her eyes.

Daniel grinded his teeth in anger, "You don't have to worry, I ..."

"Enough!" Davina glared at Caroline fiercely. At this time, it could be clearly seen the magnanimity of her and Arya.

Arya already has the evidence of Caroline's audition video was fake. If this truth be told, Caroline may never have a place in the entertainment industry, not to mention, the company's reputation would be affected.

However, Caroline still unaware dire the situation was as she kept annoying Daniel. The situation back home was much worse because if Caroline's schemes. She didn't know whether Daniel made the correct choice to have chosen Caroline.

"Arya, you are, after all, also an artist under contract with Brilliant Entertainment. If you want to make a comeback, the company will not prevent you from doing so." Davina pulled out a chair to sit down.

Her tone suddenly became very gentle and continued, "The thing is the company is promoting Caroline. So this reality show is just a stepping stone for her to become popular. You've been in the industry much longer than her, so why not help each other to be more popular? What do you say? It's the best option for both of you to film together."

"I'm not interested in being popular with Caroline." Arya answered in calm manner, her gaze didn't even waver.

Arya knew after the many times they have used her, they could not be reasoned without any benefits. So she glanced at the furious Caroline beside her and said softly, "It's fine, I can agree to working with Caroline in the reality show but I have conditions."

Davina smiled that was not a smile, "Okay, tell me your condition."

"I'm just a retired actress who has been surpassed by the company for three years. I don't have a say in my schedules. So from now on, my manager and assistant will only listen to me. I will decide what advertisement and films, I will take on. If you agree to this, I will try to persuade Jason to let Caroline participate in the reality show."

As an artist, Arya was really courageous in negotiation these conditions with the company.

"If you don't accept these conditions then forget I said anything. I don't have anything to lose but can I say the same for you?"

Caroline always dreamed of the best actress title, but for such title, she needed popularity and acting skills. Her acting abilities can only be described as average but with her behind the scenes operation, she might have a fighting chance.

However, if she lost this opportunity to shoot the reality show, she might ...
