

Love Of A Billionaire

Chapter 91

Chapter 91 Company Decision

Davina was about to say something when her phone ring. It was the company phone. When she heard the assistant finish, she was shocked, “I...”

“Sister Davina, the CEO is very angry because the filming of ‘Behind the Scenes’ this time has a very bad influence on the company. What he means is that you should go back to your country to rest for a while and give you a long vacation.”

“What!” Davina’s mind was blank. She never thought that this incident would affect her. “Where is the CEO? I will go and see him immediately!”

“No need. He has appointed someone else to replace you. You have gone too far this time. The CEO still does not know about your relationship with Caroline. If he knows, then... I’m afraid it won’t be as simple as a long vacation. If the company holds you accountable, you won’t be able to make a name for yourself in this circle.”

“Furthermore, this incident has caused the company to lose more than 100 million. I think you will be in debt if you don’t leave.”

In just a few minutes, Davina’s career that she had worked hard for many years was destroyed. She did not even have the chance to call the other party and beg for mercy. She was sentenced to death.

Her face was ashen. When she looked up again, her eyes filled with anger. “Daniel, it is all over. I was miserably harmed by that slut Arya.”

She used the company’s resources to pave the way for Caroline and tarnished Arya’s reputation. However, the Directing Team saw through it and affected the company’s image. After that, Arya relied on this episode to film a big fire. This unexpected result made the company’s upper echelons very unhappy. It was just that she was not willing to accept it.

Why was Arya able to step on her head so recklessly!

“Big sister, are you okay?” Daniel was a little afraid of her eyes.

“I want to go back. I want to go back!” Davina almost fell into madness. She walked back and forth in the room and kept muttering, “I want to completely destroy Arya. I want to use her and rise again!”

Davina herself was an agent. After she made a few celebrities famous, she stayed overseas to work. She absolutely could not let Arya come back.

“Sister, calm down.”

Daniel looked at Caroline and walked to Davina’s side. He advised softly, “This time we used Arya and already have a falling out with her. How could she agree to let you take her? Also, Julia is the spy we sent to her side.”

“Julia? Do you think she is still one of you?” Davian raised her head and stopped Daniel from continuing, “I have already decided. Since Arya wants to come back, I will make her come back. Then, when she is at her brightest time, I will completely destroy her! I want everyone to know that I am the one who made her famous!”

All of Davina’s plans were for her own sake.

But Caroline could not sit still. This way, she and Arya could not compare.

“Sister Davina, you are too excited now. Let’s sit down and think about it. Maybe there is a better way?” Once Arya was promoted by the company, she would lose all her position. She could not let that happen.

Davina knew Caroline’s thoughts too well. She snorted, “I fell to this stage because of you. You already have Daniel and become our family’s daughter-in-law. Do you still want to be a top female star? There is no such thing as a perfect match in this world!”

She picked up her handbag, slammed the door and left.

Caroline was very uncomfortable with these words. It was true that she already had Daniel, but so what? Crushing Arya and becoming the movie queen was still her dream.

“Caroline, don’t be angry. We will discuss this matter when we return home.” Daniel did not really support Davina’s idea but since things had come to this, he had no choice but to compromise. He could only slowly comfort Caroline.
