

Love Of A Billionaire

Chapter 95

Chapter 95 Surprise

That night, Arya appeared at the hotel where the celebration banquet was held on time.

Not many big stars were invited. Although Arya was the main character, the real purpose of the celebration banquet was to introduce Davina. Arya was just a cover.

From the opening to the entrance, Arya's performance was elegant and graceful. In her elegance, there was a unique temperament.

She did not miss Daniel's meaningful gaze. She chose not to care about it and continued to chat with people around her.

Davina wanted to publicly announce that she was Arya's manager at this kind of occasion and caught Arya off guard. However, Arya had already prepared a 'surprise' for her and placed it in Davina's lounge. She believed that she had already seen it at this time.

Daniel did not know Arya's plan. He looked at the time and walked to the stage in the center, "Everyone, thank you very much for attending tonight's banquet. Actually, I have something else to share with everyone." He paused for a moment and smiled. "Everyone knows that my sister Davina is a gold medal manager. She had made many big stars famous. She had decided to return to support my career and become the director of Brilliant Entertainment. I will invite her to go on stage and meet everyone!"

Davina wore a beautiful long dress with a long tail. She lifted her chin proudly and walked to Daniel's side.

Her eyes looked around the entire scene and landed on Arya.

That gaze carried too many complicated emotions. Anyone who was looked at like that would feel uncomfortable, but Arya smiled very calmly.

"Sister..." Daniel saw that Davina did not move and reminded her softly in her ear.

Only then did Davina pick up the microphone, "Everyone, I will work in the Brilliant Entertainment in the future and hope to have the opportunity to cooperate with everyone. I also hope that everyone will support our company's artistes. They are all very outstanding..."

Listening to Davina's long speech, Daniel frowned.

This was difference from their plan. Seeing Davina step down the stage, he said a few simple words and chased after her, "Sister, what happened to you just now?"

"It was Arya who threatened me!"

Davina angrily turned her phone and showed Daniel a few photos.

"These are the packages that were sent to my lounge. I opened them and found three top entertainment companies that wanted to sign Arya and even CL Entertainment sent their invitation!"

"Could these be fake?" Daniel could not believe that Arya actually had such strength. It made CL, that level of Entertainment Company, throw out olive branches at her.

"I have looked at them carefully. They are all real. Arya is threatening us. If I say on stage that I want to be her manager, she will immediately jump out of the company. At that time, we will be the ones who will be ridiculed!"

The more Davina said, the angrier she got, "She is mocking us. She calculated that we will not dare to do anything to her! Heh, I did not expect that I would actually fall into her hands."

"Sis, calm down a bit..."

Of course I have to calm down! I still need to think about how to deal with Arya in the future. If she dares to provoke me, I must trample her under my feet. Don't say that she wants to come back, I will make her completely get out of the entertainment circle."

Daniel saw the viciousness in her eyes, "Then what should I do?"

Now both siblings realized that Arya was not easy to deal with. If they let their guard down like before, they would really be framed by her.

"You have to figure out Arya's true goals. Does she want Caroline to die or does she want you to die?"

After saying this, Davina angrily left with her handbag.

The trap that was set up was broken by Arya. He could not swallow this anger. Daniel was very angry in his heart. The Arya in his memory was very easy to manipulate. How could she...

"Let Arya come to the lounge!" Daniel ordered his assistant.

A few minutes later, Arya brought Luna in. "What is it?"

According to Arya's prediction, they had already seen the surprise, so they did not dare to publicly announce that Davina would become her manager in front of everyone.

"Are you asking me? You keep pressing us and want to see us make a fool of ourselves. Arya, how did you become so vicious!" Daniel took a deep breath and pointed at Luna and said, "Back then when she tarnished the company, I will let bygones be bygones on account of you, but now you insist on going against me!"

Hearing him say so much in one breath, Arya's face did not show any expression.

"I am only protecting my own interests. I do not want to become enemies with anyone. Think carefully, aren't you guys going to cut off my path first?"

"Then you cannot be so extreme. The reason why you are able to have today is all because of me!" Daniel slammed the door and shouted at them.

Arya smiled sarcastically and looked at him indifferently. "Yes, the reason why I can have today is all because of you."

Because he cheated and because he hit her when she was down, Arya was able to get a new life!

"I don't want to argue with you anymore. What happened in the past, I'll pretend it never happened. From now on, you listen to the company's arrangements and I won't interfere with you. However, Julia's matter..." Daniel paused for a moment. "You must change your manager!"

He could not allow Arya to obstruct their plans step by step.

"Julia cannot be my manager but you must let her leave the company safe and sound." Arya's tone was calm but it carried an aura that could not be underestimated.

"Okay, I promise." Daniel looked at Arya with a deep meaning, "You have changed. You have become terrifying and even very vicious."

"I am evil?" Arya admired his intelligence, "You should take a good look at the people around you. Your sister and Caroline, I can't compare to either of them. Why don't you guys praise Caroline in an occasion like tonight?"

"Caroline just returned to the country and is still having jet leg."

Daniel glared at Arya as if he was guarding against her.

"You don't need to look at me like this. I don't plan to do anything to her. I just feel that the Jinge Movie Festival is about to open and she can't sit still..." Arya stood up with a mocking look in her eyes, "Will she be anxious and do something special?"

"What do you mean? Compare to you, Caroline is pure and naïve. It is best if you do not speak carelessly. Otherwise, I don't care if you are an artist or not, I will still use my lawyer to sue you for slander!"

"I just want to remind you." Arya ignored Daniel's anger and left with Luna.

There were some things that needed to be said.

After Daniel watched her leave, his heart could not calm down for a long time.

How could the woman who had once followed him and looked up at him become so unfamiliar? He had always thought that Arya bullying Caroline like this was because of him. Now it seemed that Arya no longer had any feelings for him.

Davina's words lingered in his ears, "Arya hates you and wants to destroy you. If she continues to develop like this, the entire Brilliant Entertainment will be destroyed by her hands!"

He would never let that happen. Then, the only thing that could happen was to sacrifice Arya!
