### Chapter 1067 Shock!

At the sudden sight, almost everyone was infected at the first moment.

Even the audience who came looking for trouble had their hostility diminished in an instant.

girl woke up from her sleep, rubbed her eyes, and heard the noise coming from outside the door.

The girl hesitated for a moment, put on her dress, picked up the stuffed toy by the bed, and opened the door to go out.

The sound of the wind suddenly grew louder.

A few kerosene lamps were scattered sparsely in the dilapidated corridor, swaying slightly in the wind pouring down the stairs.

The girl stepped down the stairs, and her lonely footsteps sounded particularly clear in the peaceful night.

She walked step by step to the door, and then poked her head out of the darkness. Her black and white eyes stared closely at the resistance and violence taking place not far away.

She didn't say a word, even her eyes were quiet enough to make people feel distressed.

But even those who saw this scene through a screen could almost empathize with the child's fear and concern for her loved ones.

Even the audience who immediately criticized the protagonist upon her appearance were stunned.

It seems...not bad...

And when the father's struggle finally succeeded, Phoebe rushed out from the door, crying. At that moment, everyone who saw this scene couldn't help but feel their eyes welling up with tears.

"Damn it! It's already 10 o'clock, and both episodes **are over!**"

"I haven't even started cursing yet, how did it end?!"

"Wow, the immersion is so scary!"

"I didn't see the opening and ending theme songs, how did it end?!"

"I was so surprised that my hands were shaking. I have never had such a strong empathetic feeling before. I'm too excited. I need to calm down and then write a long review for Breaking Ground. It's so amazing!"

"Phoebe's acting is really amazing. I almost can't believe it. This is a drama, not her real experience!"

"Phoebe is too pitiful..."

**Meanwhile, the** critical audience turned around and dealt with their comments doubting Phoebe's acting **skills**.

Some deleted them, while others apologized. Weibo was lively for a while.

**Almost** ten minutes after Breaking Ground aired, her first wave of trending topics appeared on *Weibo*.
