

Love Rats 33

Chapter 33

After Leah swore, she stared closely into Selena's eyes, her delicate face dripping with a trace of desolation, "Selena, can you forgive me now?"

Selena looked down at her slender fingers and smiled arrogantly, "I just said I wasn't angry anymore, but I didn't say I would forgive you."

Leah owed Selena a life and had long since lost the right to be forgiven.

Leah was not yet in that position to make her angry.

After hearing this, Leah seemed unable to bear the humiliation and aggravation any longer, her tears rolled down, yet she still maintained the posture of a lady, choking and saying, "I know, Selena, mum and I will leave now, and I will never go near Dominic and the Walson family again."

After saying that, she tightened her grip on Molly's arm and turned around to leave.

When Dominic saw that Leah was being bullied by Selena, his face turned grim and cold, he grabbed Leah's arm and looked at Selena with disgust, "Selena, enough! Leah has already apologized and swore, how much longer do you want to be aggressive?"

Selena tilted her head, her tone without a trace of temperature, "May I ask if it was me who forced Leah to leave with a knife? Or was it me who stole something from Leah by some despicable means? What made you shout out so justifiably that it was me who was being aggressive?"

Dominic's gloomy expression stiffened, he looked straight at Selena, his eyes were filled with coldness, "Once I thought you were slutty, but I never thought you were so vicious, Selena, you should stop, don't force me to completely disgust you!"

Selena looked at Dominic with a wry smile and asked calmly, "I'm vicious?"

Dominic was stunned as he met Selena's icy eyes.

Selena smiled faintly, "Because I didn't submit to you as much as I used to? Because I didn't stoop to your level and obey you? I didn't let Leah trap and bully me in silence as usual? I didn't put up with the humiliation of you two scum and whore flirting with each other? Didn't have the sense to accept your cynical, humiliating and abusive comments to your liking, so I became a vicious woman?"

Selena stared at Dominic, her expression full of mockery.

"Dominic, are you mistaken about something? I am the titled Miss Riddle, the next heir of the Riddle family, a shareholder of Olympus Group, and has a suitor who can spend 500 million to buy me a diamond, while you are just a young master of the Walson family, how dare you threaten me?"

Dominic's face turning steeply white at this.

He looked at Selena angrily, as if he could not imagine that Selena would actually embarrass him in public.

He wanted to retort and reprimand Selena, but when the words came to his lips, he realised that what Selena said was the truth.

The Riddle family only has two daughters, Selena and Leah. Leah is an illegitimate daughter, while Selena not only has the twenty percent share, but everything that the previous Mrs. Riddle left her.

Not only that, she has the backing of Olympus Group and a suitor with a mysterious identity and powerful background. The Walson family has many heirs, and he holds nothing but the title of eldest grandson.

In terms of social status, he was really no match for Selena.

That threat just now was just a subconscious slip of the tongue as he relied on Selena's devotion to him in the past. "Mr. Walson, you said you disgusted me." Selena's gaze was sneering and cold, "Do you think I care?"

Dominic's gaze was shadowy as he stared intently at Selena, as if he wanted to see some traces of disguise on her face.

But in the end, all he saw was coldness.

Dominic's fists clenched. Fiercely glaring at Selena, he gritted his teeth, "So you came here today to embarrass me, you didn't even think to agree to my request."
