

Love Rats 35

Chapter 35

“Do you want to make one more mistake?” After a pause, Mrs. Walson’s voice took on a biting harshness as she narrowed her eyes and stared at Dominic, “Dominic, this is the last chance that Selena gives you, think twice before you open your mouth!”

Dominic was caught in a dilemma.

He loved Leah deeply, she had already suffered so much today and her reputation was tarnished, if he were to betray her, leaving her in disrepute, Dominic could not imagine how much pain and devastation Leah would suffer.

But Selena holds a huge lure of profit in her hands.

Even if Leah became an internationally renowned perfumer, she can’t match.

Even if he had heard with his own ears that Riddle’s shareholders intended for Leah to inherit the Riddle family, the twenty percent of shares in Selena’s hand, and the shares left behind by the previous Mrs. Riddle, the two combined, Leah would not have won in any case.

Between the woman he loves and a bright future, what should he choose?

As Dominic was caught in a dilemma, Leah was in a state of apprehension.

She felt Dominic’s wavering mood, her palms sweating, her heart cascading with doubt and unease.

She knew Dominic’s nature best, and his heart was now definitely under her control alone. As for the reason why he had become so perverse towards Selena, she had not found out yet.

But it was clear that Selena was now taking advantage of this, threatening Dominic to choose between the two of them. Leah doesn’t know his choice, the only thing she can be sure of is that to the one who is abandoned, something bad will definitely happen.

Leah secretly clenched her teeth, she knew that Dominic could not possibly love Selena, if it was usual, she was confident that Dominic would choose to take her side, but today’s Selena was too bizarre.

Just in case, Leah fished out her mobile phone and secretly sent out a text message.

Then, she turned around and looked at Dominic, tears shining in her eyes, “Mr. Walson, let go of me, you are Selena’s fiancé, you should care more about Selena. Her mother died early, and she had many misunderstandings about me and my mother over the years, in the future, please treat her well.”

When Dominic looked at Leah’s teary face, his heart was so intolerant that he wanted to take her into his arms and comfort her.

The thought that he might do something to hurt her later made his heart feel even more guilty.

Although he could have divorced Selena and married Leah immediately after getting those shares, such a wonderful girl had suffered tremendously after all.

When Selena saw this scene, the corners of her lips curled into cold smile, and her slender fingers touched the spot of her heart, with a soothing meaning.

There is always a reason why one person has moved on to another person that is unknown to the next person, so Selena is not qualified to censure the previous Selena for having a bad eye.

She just felt sorry for the real Selena.

If Dominic was truly devoted to Leah and unmoved by the temptation of profit, perhaps she could still hold this man in high regard for a point.
