

Chapter 42 You are my boyfriend

Elena said a whole lot at once so that Caroline and Alston did not even have the opportunity to speak.

It was a process of self-analysis that even made her ache and choke up several times.

But she knew if she didn't do this, there must be endless trouble.

So, she did it.

These years, she was not happy, especially when facing Alston.

At this moment, looking at his ugly face, she even had an inexplicable feeling of pleasure.

After the conversation, Elena was much more relaxed, both physically and mentally.

And Alston was in silence. His world seemed to be shattered.

As for Caroline, her eyes were red from crying.

On this day, Elena had no more work and went straight back home.

When she returned, she found that Joey, who was supposed to be at work, was actually waiting for her at home.

Elena was puzzled, "You're done with the work at hand? You're back so early."

Joey nodded and sat down a bit towards her, "Elena, you have cried."

His somewhat distressed look made Elena stunned and laughed, "Ha, it's okay, this is called tactical crying, so they never dare to bother me again."

Joey hugged her at once, "Elena, I can see that you are not happy."

Because her smile looked bitter, Joey felt very unpleasant.

"No, I am happy." Elena collected herself and felt the peace inside, a feeling that she hadn't had for a long time.

She steadily pushed Joey away and looked at him straight in the eyes, "Joey, I want to ask you, what do you feel for me?"

This was too blunt, and Joey immediately blushed. Under the encouragement of Elena's eyes, he swallowed and said firmly: "Elena, I like you."

Elena smiled, this time really from the heart. She took the initiative to hug his waist, "Really good, Joey, from now on you are my boyfriend."

Hearing these words, Joey steeped in spirit, "Elena, I believe you said this after deep consideration."

"That's for sure." Elena nodded with certainty, this time, she was going to enjoy life.

The excited Joey was like a little gyroscope, "Elena, I've been wanting to say this for a long time. Your place is actually a bit monotonous, so let's set it up, like a home, okay?"

Elena thought of a thing, "Joey, those things in your room, you can throw away if you don't like them, I will buy you something new."

Joey didn't expect her to bring this up, laughed, took Elena's hand, and went to his room, "Let me show you!"

The original decorations have long since disappeared, replaced by a very warm arrangement, so that Elena found it very soothing, "Look at this. When did you start it? Have you long been planning this?"
